FEDERAL REGISTER

THE NATIONAL ARCHIVES — LITTERA SCRIPTA MANET — OF THE UNITED STATES — 1934

VOLUME 13 NUMBER 254

Washington, Thursday, December 30, 1948

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter III—Foreign and Territorial Compensation

Subchapter B—The Secretary of State

[Foreign Service Reg. S-51]

PART 325—ADDITIONAL COMPENSATION IN FOREIGN AREAS

Effective as of the beginning of the pay period which includes January 2, 1949, Part 325, Subchapter B, Chapter III, Title 5, Code of Federal Regulations, is prescribed as follows:

Sec.
325.1 Definitions.
325.2 Agencies covered.
325.3 Persons excluded.
325.4 Persons eligible.
325.5 Payment of foreign post differential.
325.6 Exclusion of differential from base compensation.
325.7 Differentials subject to income tax.
325.8 Effect on periodic pay increases.
325.9 Persons serving under contract.
325.10 Future revisions.
325.11 Designation of differential posts.
325.12 Non-differential posts.

AUTHORITY: §§ 325.1 to 325.12 issued under sec. 207, Pub. Law 491, 80th Cong., as amended by sec. 104, Pub. Law 862, 80th Cong., Part I, E. O. 10000, Sept. 16, 1948, 13 F. R. 5453.

§ 325.1 *Definitions.* As used in this part the following have the meanings indicated:

(a) "Section 207 of the act" means section 207 of the Independent Offices Appropriation Act, 1949, approved April 20, 1948, (Public Law 491, 80th Congress) as amended by section 104 of the Supplemental Independent Offices Appropriation Act, 1949, approved June 30, 1948 (Public Law 862, 80th Congress).

(b) "The Executive Order" means Executive Order No. 10,000, September 16, 1948.

(c) "Basic compensation" means the rate of compensation fixed by law for the position held by an individual, before any deduction is made and exclusive of additional compensation of any kind, such as overtime pay, night differential, holiday pay, and allowances.

(d) "Foreign post differential" means the additional compensation granted under Part I of the Executive Order.

This issue is divided into two parts, Part II of which contains a complete revision of Title 39, Chapter I, the regulations of the Post Office Department.

(e) "Differential post" means a place in a foreign area designated by the Secretary of State under section 102 of the Executive Order.

(f) "Contract" as used in § 325.9 means a legally binding document specifying, for an employee whose rate of basic compensation is fixed by statute, the compensation to be paid during his employment outside the continental United States or in Alaska. An employment agreement which does not include terms controlling payment of compensation due to service outside the continental United States or in Alaska is not a contract as here defined.

(g) "On assignment" or "on transfer" at a post of duty means officially occupying a position located at the post, geographically and organizationally, and having official headquarters at the post for travel and other administrative purposes.

(h) "On detail" at a post of duty means performing temporarily, at a post other than the post of regular assignment, duties which involve carrying out functions of the post to which detailed. An employee is not "on detail" to a post if he is there temporarily, in a travel status, performing duties in connection with the duties of his regular position at another post.

(i) "United States" when used in a geographical sense in § 325.4 includes Alaska, Hawaii, the possessions of the United States, the Trust Territory of the Pacific Islands, and the additional areas specified in § 326.1 of this subchapter.

§ 325.2 *Agencies covered.* Subject to section 207 of the act, Part I of the Executive Order, and the regulations in this part, every executive department, independent establishment, and wholly owned Government corporation shall pay a foreign post differential fixed under § 325.11 to each of its civilian employees whose basic compensation is fixed by statute and who is located, on assign-

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Division of the Federal Register, the National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1947.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

ment, transfer, or detail, at the post for which that differential has been fixed.

§ 325.3 *Persons excluded.* The regulations in this part do not apply to any person appointed under the Foreign Service Act of 1946, 60 Stat. 999.

§ 325.4 *Persons eligible.* In order to be eligible for foreign post differential an employee must be a citizen or national of the United States and the employing agency must determine that the employee is located at the post because of his employment by the United States. This includes, but is not necessarily limited to, United States citizens or nationals in the following groups:

(a) Those recruited or transferred from the United States, except in the case of the spouse of a person employed, stationed or resident in the area, where the agency concern determines that the spouse's presence there is primarily in order to be with such individual.

(b) Those transferred to the area from another foreign area under government orders.

(c) Those recruited locally who are not normally resident in the area and whose presence there at the time of recruitment is due to one of the following reasons:

(1) Temporary absence from residence in the United States for travel or study.

(2) Military service of the United States.

(3) Employment by other Federal agencies, U. S. firms, interests or organizations, international organizations in which the United States Government participates, or foreign governments, provided they were originally recruited from the United States, and their conditions of employment provide for their return transportation to the United States.

§ 325.5 *Payment of foreign post differential.* The following shall govern the payment of foreign post differential under the regulations in this part:

(a) Payments shall begin as of the date of arrival at the post on assignment, transfer, or detail, and shall stop as of the close of business on the date of departure from the post for separation, transfer, or detail, except that in the case of local recruitment such payments shall begin and stop as of the beginning and end of employment at the post.

(b) Payments to persons serving on a part-time basis shall be prorated to cover only those periods of time for which such persons receive basic compensation.

(c) Payment shall be made for all periods of sick leave and annual leave taken during the period covered by paragraph (a) of this section, and for transit time authorized for purposes of leave so taken.

(d) Payment shall not be made for any time for which an employee does not receive basic compensation.

§ 325.6 *Exclusion of differential from base compensation.* Foreign post differential shall not be included in the compensation base used in computing overtime pay, night differential, holiday pay, retirement deductions, or allowances.

§ 325.7 *Differentials subject to income tax.* It has been ruled that foreign post differentials are part of income for tax purposes and must be included in the base used in computing withholding tax.

§ 325.8 *Effect on periodic pay increases.* The addition of post differential to basic compensation shall not be construed as an "equivalent increase in compensation" for purposes of periodic within-grade salary advancements under the Classification Act of 1923 as amended.

§ 325.9 *Persons serving under contract.* Any other provisions of the regulations in this part to the contrary notwithstanding, any person who would otherwise be eligible to receive a foreign post differential under the regulations in this part shall, if he is serving under contract, be compensated according to the terms of such contract for the period thereof and shall, during such period, be ineligible to receive a differential.

§ 325.10 *Future revisions.* The Department of State will review the conditions at foreign posts at least annually. Each department or agency shall be responsible for currently reporting to the Department of State, Division of Foreign Service Personnel, the opening or closing of foreign posts and any changes in conditions at its foreign posts which might warrant an increase or reduction of the post differential. Reports of new posts or changed conditions and requests for redesignation of posts shall be submitted by letter, giving full identification of the post and other pertinent information, accompanied by two completed copies of Form DSP-36. The forms are obtainable from the Division of Central Services, Department of State.

§ 325.11 *Designation of differential posts.* The following places are designated as differential posts at which each eligible employee shall be paid additional compensation in the form of a foreign post differential in accordance with the regulations in this part:

(a) At the rate of 25 percent of basic compensation:

Accra, Gold Coast (West Africa).
Addis Ababa, Ethiopia.
Aden, Arabia.
Baghdad, Iraq.
Bangkok, Siam.
Basra, Iraq.
Batavia, Java.
Belgrade, Yugoslavia.
Belize, British Honduras.

[Foreign Service Reg. S-52]

PART 326—ADDITIONAL COMPENSATION FOR SERVICE IN TERRITORIES

Effective as of the beginning of the pay period which includes January 2, 1949, Part 326, Subchapter B, Chapter III, Title 5, Code of Federal Regulations, is prescribed as follows:

Sec.
326.1 Designation of additional areas as being within the scope of Part II of the Executive order.

§ 326.1 *Designation of additional areas as being within the scope of Part II of the Executive order.* In addition to Alaska, Hawaii, the possessions of the United States, and the Trust Territory of the Pacific Islands, the following areas are designated as being within the scope of the provisions of Part II of the Executive order:

(a) The Panama Canal Zone.

(b) Canton and Enderbury Islands in the Phoenix Group.

(Sec. 207, Pub. Law 491, 80th Cong., as amended by sec. 104, Pub. Law 862, 80th Cong.; sec. 201, E. O. 10000, dated September 16, 1948, 13 F. R. 5453)

Approved: December 23, 1948.

For the Secretary of State.

[SEAL] JOHN E. PEURIFOY,
Assistant Secretary.

[F. R. Doc. 48-11398; Filed, Dec. 29, 1948; 9:20 a. m.]

Subchapter C—Civil Service Commission

PART 350—TERRITORIAL POST DIFFERENTIALS AND TERRITORIAL COST-OF-LIVING ALLOWANCES

Sec.
350.1 Definitions.
350.2 Employees and agencies covered.
350.3 Exclusion of certain employees.
350.4 Areas covered.
350.5 Eligibility for territorial post differential.
350.6 Payment of territorial post differentials and territorial cost-of-living allowances.
350.7 Coordination of territorial post differentials and territorial cost-of-living allowances.
350.8 Periodic review.
350.9 Establishment of rates for additional places.
350.10 Places and rates at which territorial post differentials shall be paid.
350.11 Places and rates at which territorial cost-of-living allowances shall be paid.
350.12 Deductions from territorial cost-of-living allowances.
350.13 Inquiries.

AUTHORITY: §§ 350.1 to 350.13 issued under sec. 207, Pub. Law 491, 80th Cong., as amended by sec. 104, Pub. Law 862, 80th Cong.,

Part II, E. O. 10,000, dated Sept. 16, 1948, 13 F. R. 5453.

§ 350.1 *Definitions.* As used in this subchapter, the following terms have the meanings stated:

(a) "Section 207 of the act" means section 207 of the Independent Offices Appropriation Act, 1949, approved April 20, 1948 (Public Law 491, 80th Congress), as amended by section 104 of the Supplemental Independent Offices Appropriation Act, 1949, approved June 30, 1948 (Public Law 862, 80th Congress).

(b) "Rate of basic compensation" means the rate of compensation fixed by law for the position held by an individual, before any deductions and exclusive of additional compensation of any kind, such as overtime pay, night differential, or allowances.

(c) "Territories" means Alaska, Hawaii, the possessions of the United States, the Trust Territory of the Pacific Islands, and such additional areas located outside the continental United States as the Secretary of State shall designate as being within the scope of the provisions of Part II of Executive Order 10,000, as listed in Part 326 of this chapter.

(d) "Territorial post differential" is additional compensation payable, under authority of section 207 of the act, at territorial posts having conditions of environment which differ substantially from conditions of environment in the States and warrant additional compensation as a recruitment incentive.

(e) "Territorial cost-of-living allowance" is additional compensation payable, under authority of section 207 of the act, at territorial posts where living costs are substantially higher than in the District of Columbia.

(f) "On assignment" or "on transfer" at a post of duty means officially occupying a position located at the post, geographically and organizationally, and having official headquarters at the post for travel and other administrative purposes.

(g) "On detail" at a post of duty means performing temporarily, at a post other than the post of regular assignment, duties which involve carrying out functions of the post to which detailed. An employee is not "on detail" to a post if he is there temporarily, in a travel status, performing duties in connection with the duties of his regular position at another post.

(h) "Contract" means a legally binding document specifying, for an employee whose rate of basic compensation is fixed by statute, the compensation to be paid during his employment outside the continental United States or in Alaska. An employment agreement which does not include terms controlling payment of compensation due to service outside the continental United States or in Alaska is not a contract as here defined.

§ 350.2 *Employees and agencies covered.* Section 207 of the act, part II of Executive Order 10,000, and the regulations in this part apply to civilian employees of the United States Government whose rates of basic compensation are fixed by statute. They do not apply to employees in the Panama Canal Zone whose rates of basic compensation are fixed by statute, or to any other such groups of employees for whom additional compensation or salary differentials for service outside the continental United States or in Alaska are otherwise specifically authorized by law. Subject to the provisions of section 207 of the act, part II of Executive Order 10,000, and the regulations in this part, every executive department, independent establishment, and wholly owned Government corporation shall pay (a) a territorial post differential to each of its employees whose rate of basic compensation is fixed by statute, who is located at a place for which a territorial post differential has been established, and who is otherwise eligible to receive such payments, and (b) a territorial cost-of-living allowance to each of its employees whose rate of basic compensation is fixed by statute, who is located at a place for which a territorial cost-of-living allowance has been established, and who is otherwise eligible to receive such payments.

§ 350.3 *Exclusion of certain employees.* No territorial post differential or territorial cost-of-living allowance shall be paid to Governors of Territories as defined in the regulations in this part; to foreign service officers and foreign service reserve officers under the Department of State; or, during the period of his contract, to any employee serving under a contract, as defined in § 350.1 (h), on the effective date of the regulations in this part. Any employee serving under a contract shall be compensated according to the terms of such contract for the period thereof.

§ 350.4 *Areas covered.* The following areas are Territories which are subject to the regulations in this part.

Alaska (including all the Aleutian Islands east of longitude 167 degrees east of Greenwich).

Hawaii (including Ocean or Kure Island and Palmyra Island).

Puerto Rico.

Virgin Islands of the United States.

American Samoa (including the island of Tutuila, the Manua Islands, and all other islands of the Samoan group east of longitude 171 degrees west of Greenwich, together with Swains Island).

Guam.

Kingman Reef.

Johnston or Cornwallis Island, and Sand Island.

Midway Islands.

Wake Island.

Howland, Baker, and Jarvis Islands.

Navassa Island.

Swan Islands.

Canton and Enderbury Islands.

The Trust Territory of the Pacific Islands (which comprises the Caroline, Marshall, and Mariana Islands, except Guam).

Any small guano islands, rocks, or keys which, in pursuance of action taken under the Act of Congress, August 18, 1856, are considered as appertaining to the United States.

Any other islands to which the United States Government reserves claim, such as Christmas Island.

§ 350.5 *Eligibility for territorial post differential.* (a) In order that an employee be eligible to receive a territorial post differential, (1) he shall be a citizen or national of the United States, (2) his residence in the area to which the territorial post differential applies, at the time of receipt thereof, shall be fairly attributable to his employment by the United States, and (3) his residence in such area over an appropriate prior period of time must not be fairly attributable to reasons other than employment by the United States or by United States firms, interests, or organizations.

(b) Subject to the provisions of paragraph (a) of this section, the classes of persons eligible to receive territorial post differentials include but are not limited to:

(1) Persons recruited or transferred from outside the area to which the territorial post differential concerned is applicable, except that the department or agency concerned shall exclude from those eligible to receive a territorial post differential the spouse of an individual who is stationed, employed, or resident in such differential area when the department or agency determines that the spouse is there primarily to be near such individual.

(2) Persons employed in the area to which the territorial post differential concerned is applicable but (i) who were originally recruited from outside such area and have been in substantially continuous employment by other Federal agencies, contractors of Federal agencies, or international organizations in which the United States Government participates, and whose conditions of employment provide for their return transportation to places outside the territorial post differential area concerned, or (ii) who were at the time of employment temporarily present in the territorial post differential area concerned for purposes of travel or formal study and maintained residence outside such area during the period so present.

(3) Persons who are not normally residents of the area to which the territorial post differential concerned is applicable and who are discharged from the military service of the United States in such area to accept employment therein with an agency of the Federal Government.

(c) Eligibility to receive a territorial post differential of any person not included in a class enumerated in paragraph (b) of this section is to be determined by the department or agency concerned in accordance with the provisions of paragraph (a) of this section.

§ 350.6 *Payment of territorial post differentials and territorial cost-of-living allowances.* (a) Additional compensation paid under authority of section 207 of the act shall not exceed in any instance 25 percent of the rate of basic compensation.

(b) Payments of territorial post differentials and territorial cost-of-living allowances shall begin as of the date of arrival at the post of duty on assignment, transfer, or detail, and shall stop as of the close of business on the date of departure from the post of duty for separation, transfer, or detail, except that in the case of local recruitment such payments shall begin and stop as of the beginning and end of employment.

(c) Payments to persons serving on a part-time basis shall be prorated to cover only those periods of time for which such persons receive basic compensation.

(d) Payment shall be made for all periods of sick leave and annual leave taken during the period covered by paragraph (b) of this section and for transit time authorized for purposes of leave so taken.

(e) Payment shall not be made for any time for which an employee does not receive basic compensation.

(f) Neither a territorial post differential nor a territorial cost-of-living allowance shall be included in the base used in computing overtime pay, night differential, holiday pay, retirement deductions, or any other additional compensation, allowance, or pay differential.

(g) Payment of a territorial post differential or territorial cost-of-living allowance shall not be construed to be an "equivalent increase" in compensation within the meaning of section 7 (b) (1) of the Classification Act of 1923, as amended.

(h) Payments of territorial post differentials and territorial cost-of-living allowances represent "additional compensation properly includible in the gross income of the recipient for Federal income tax purposes." (Letter of Commissioner of Internal Revenue to Bureau of the Budget, August 26, 1948.)

§ 350.7 *Coordination of territorial post differentials and territorial cost-of-living allowances.* At any place for which both a territorial post differential and a territorial cost-of-living allowance have been established, each employee eligible to receive a territorial cost-of-living allowance shall receive the full territorial cost-of-living allowance otherwise payable to him under the regulations in this part. Any such employee who receives a territorial cost-of-living allowance which is less than 25 percent of his rate of basic compensation shall receive, in addition, any territorial post differential otherwise payable to him under these regulations, but only at such rate that his total additional compensation under the regulations in this part (including territorial cost-of-living allowance and territorial post differential) will not exceed 25 percent of his rate of basic compensation.

§ 350.8 *Periodic review.* The Commission will from time to time, but at least annually, review the places designated, the rates fixed, and the regulations in this part, which are prescribed for payment of territorial post differentials and territorial cost-of-living allowances, with a view to making such changes therein as will insure that payment of such additional compensation shall continue only during the continuance of conditions justifying such payment and shall not in any instance exceed the amount justified.

§ 350.9 *Establishment of rates for additional places.* Requests for the establishment of rates of territorial post differentials or territorial cost-of-living allowances for places for which such differentials or allowances have not been established by the regulations in this part should be submitted in writing to the Commission by the departments or agencies concerned.

§ 350.10 *Places and rates at which territorial post differentials shall be paid.* In accordance with the provisions of section 207 of the act and section 202 of Executive Order 10,000, and based on (a) extraordinarily difficult living conditions, (b) excessive physical hardship, or (c) notably unhealthful conditions, territorial post differentials are established at the following places and rates:

American Samoa (including the island of Tutuila, the Manua Islands, and all other islands of the Samoan group east of longitude 171° west of Greenwich, together with Swains Island): 25 percent of rate of basic compensation.

Guam: 25 percent of rate of basic compensation.

Johnston or Cornwallis Island, and Sand Island: 25 percent of rate of basic compensation.

Midway Islands: 25 percent of rate of basic compensation.

Wake Island: 25 percent of rate of basic compensation.

Swan Islands: 25 percent of rate of basic compensation.

Palmyra Island: 25 percent of rate of basic compensation.

Canton Island: 25 percent of rate of basic compensation.

The Trust Territory of the Pacific Islands (which comprises the Caroline, Marshall, and Mariana Islands, except Guam): 25 percent of rate of basic compensation.

§ 350.11 *Places and rates at which territorial cost-of-living allowances shall be paid.* In accordance with the provisions of section 207 of the act and section 205 of Executive Order 10,000, and in consideration of relative consumer price levels in the area and in the District of Columbia, and differences in goods and services available and the manner of living of persons employed in the area concerned in positions comparable to those of United States employees in the area, territorial cost-of-living allowances are established at the following places and rates:

Alaska (including all the Aleutian Islands east of longitude 167° east of Greenwich); 25 percent of rate of basic compensation.

Hawaii (excluding Ocean or Kure Island and Palmyra Island): 25 percent of rate of basic compensation.

Puerto Rico and Virgin Islands of the United States: 25 percent of rate of basic compensation.

§ 350.12 *Deductions from territorial cost-of-living allowances.* In accordance with the provisions of section 205 (b) (2) of Executive Order 10,000, deductions from territorial cost-of-living allowances of the following classes of employees shall be made at the following places and rates: None.

§ 350.13 *Inquiries.* Inquiries concerning the regulations in this part may be directed to the Field Section, Personnel Classification Division, Washington, D. C.

The regulations in this part shall be effective as of the close of business on January 1, 1949, or at the beginning of the pay period which includes January 1, 1949, or on any intermediate date between these two, as elected by each department or agency.

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] H. B. MITCHELL,
President.

[F. R. Doc. 48-11421; Filed, Dec. 29, 1948; 9:21 a. m.]

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices)

Subchapter A—Commodity Standards and Standard Container Regulations

PART 26—GRAIN STANDARDS

MISCELLANEOUS AMENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture by the United States Grain Standards Act, as amended (7 U. S. C. 1946 ed. 71–87), the regulations and standards promulgated under said act (7 CFR, Part 26, as amended) are hereby amended as follows:

1. Section 26.2 (a) is amended to read as follows:

(a) *The act.* The United States Grain Standards Act, approved August 11, 1916 (39 Stat. 482; 7 U. S. C. 71–87) as amended.

2. The phrase "Grain, Feed and Seed Branch" is deleted wherever it appears in Part 26, and the phrase "Grain Branch" is substituted in lieu thereof.

3. The words "as amended" are inserted after the phrase "Federal Food, Drug, and Cosmetic Act of June 25, 1938 (52 Stat. 1040; 21 U. S. C. 301–392)" wherever such phrase appears in Part 26.

4. The phrase "Food and Drugs Act (34 Stat. 768; 21 U. S. C. Chapter I)" is deleted wherever it appears in the several footnotes designated "1," relating respectively to the headnotes entitled "Official Grain Standards of the United States for Wheat" preceding § 26.101; "Official Grain Standards of the United States for Corn" preceding § 26.151; "Official Grain Standards of the United States for Barley" preceding § 26.201; "Official Grain Standards of the United States for Oats" preceding § 26.251; "Official Grain Standards of the United States for Feed Oats" preceding § 26.301; "Official Grain Standards of the United States for Mixed Feed Oats" preceding § 26.351; "Official Grain Standards of the United States for Rye" preceding § 26.401; "Official Grain Standards of the United States for Mixed Grain" preceding § 26.451; "Official Grain Standards of the United States for Flaxseed" preceding § 26.501; and "Official Grain Standards of the United States for Grain Sorghums" preceding § 26.551; and the phrase "Federal Food, Drug and Cosmetic Act" is substituted in lieu thereof.

5. The phrase "Bureau of Agricultural Economics" is deleted wherever it appears in §§ 26.121, 26.158, 26.219, 26.263, 26.308, 26.358, 26.409, 26.504 and 26.563, and the phrase "Agricultural Marketing Service" is substituted in lieu thereof.

6. The citation "(39 Stat. 482; 7 U. S. C. 71–87)" is deleted wherever it appears in §§ 26.151, 26.201, 26.401, 26.451, 26.501 and 26.551.

(Sec. 8, 39 Stat. 485; 7 U. S. C. 84)

Effective date. The foregoing amendments shall be effective upon publication in the FEDERAL REGISTER.

Since the foregoing amendments are merely formal, it is found upon good cause that notice and public procedure upon such amendments under section 4 of the Administrative Procedure Act (5

U. S. C. 1003) are impracticable and unnecessary, and good cause is found under said section for issuance of such amendments effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D. C., this 24th day of December 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48-11375; Filed, Dec. 29, 1948; 9:15 a. m.]

PART 27—COTTON CLASSIFICATION AND COTTON FIBER AND SPINNING TESTS

MISCELLANEOUS AMENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture by the United States Cotton Futures Act, as amended (26 U. S. C. 1920–1935) and the Act of April 7, 1941 (7 U. S. C. 473d) the regulations and standards relating to cotton classification (7 CFR, §§ 27.1–27.295, as amended), and the regulations for cotton fiber and spinning tests (7 CFR 1944 Supp. §§ 27.501–27.512) are hereby amended as follows:

1. The headnote to Part 27 is amended to read as set forth above.

2. Section 27.2 (a) is amended to read as follows:

(a) *The Act.* The United States Cotton Futures Act, approved August 11, 1916 (39 Stat. 476; 26 U. S. C. 1920–1935), as amended.

3. Wherever in the regulations in §§ 27.2 through 27.295, except in § 27.2 (a), a statutory and United States Code citation is given for any section of the United States Cotton Futures Act, such citation is deleted and wherever in said regulations, except in § 27.2 (a), reference is made to said act with the designation "as amended", such designation is deleted.

4. Wherever in the regulations in §§ 27.2–27.295 the words "Bureau" and "Chief of the Bureau" appear, they are deleted and the words "Administration" and "Administrator" are substituted in lieu thereof, respectively.

5. Section 27.94 is amended by deleting from paragraph (a) the obsolete phrase "As to all cotton futures contracts calling for delivery of cotton after July, 1944 and as to all cotton futures contracts in a form revised and adopted by a cotton future exchange subsequent to July 14, 1943", by capitalizing the first letter of the word "the" following the deleted material in said paragraph (a), by deleting the letter (a) as a paragraph designation, and by deleting obsolete paragraph (b).

6. Section 27.103 is amended by deleting the headnote "Official Cotton Standards" and substituting in lieu thereof the headnote "Availability of Forms of Official Standards".

7. The phrase "White cotton" is deleted as a headnote for § 27.151 and made a centerhead for §§ 27.151–27.159, inclusive, and §§ 27.151 (a), (b), (c), (d), (e), (f), (g), (h), and (i) are renumbered, respectively, as §§ 27.151, 27.152, 27.153, 27.154, 27.155, 27.156, 27.157, 27.158, and 27.159.

8. The phrase "Extra white cotton" is deleted as a headnote for § 27.152 and made a centerhead for §§ 27.160–27.166, inclusive, and §§ 27.152 (a), (b), (c), (d), (e), (f), and (g) are renumbered, respectively, as §§ 27.160, 27.161, 27.162, 27.163, 27.164, 27.165 and 27.166.

9. The phrase "Tinged cotton" is deleted as a headnote for § 27.153 and made a centerhead for §§ 27.167–27.171, inclusive, and §§ 27.153 (a), (b), (c), (d), and (e) are renumbered, respectively, as §§ 27.167, 27.168, 27.169, 27.170 and 27.171.

10. The phrase "Spotted cotton" is deleted as a headnote for § 27.154 and made a centerhead for §§ 27.172–27.176, inclusive, and §§ 27.154 (a), (b), (c), (d) and (e) are renumbered, respectively, as §§ 27.172, 27.173, 27.174, 27.175 and 27.176.

11. The phrase "Yellow stained cotton" is deleted as a headnote for §§ 27.155 and made a centerhead for §§ 27.177–27.179, inclusive, and §§ 27.155 (a), (b), and (c) are renumbered, respectively, as §§ 27.177, 27.178 and 27.179.

12. The phrase "Gray cotton" is deleted as a headnote for § 27.156 and made a centerhead for §§ 27.180–27.183, inclusive, and §§ 27.156 (a), (b), (c), and (d) are renumbered, respectively, as §§ 27.180, 27.181, 27.182, and 27.183.

13. Sections 27.157, 27.158, and 27.159 are renumbered, respectively, as §§ 27.184, 27.185 and 27.186.

14. Section 27.501 is amended to read as follows:

§ 27.501 *Authority.* The Administrator, Production and Marketing Administration, United States Department of Agriculture, is charged with the administration of the provisions of the Act of April 7, 1941 (55 Stat. 131; 7 U. S. C. 473d) and the regulations in §§ 27.501 through 27.512 and is authorized to issue such instructions as he may deem proper and necessary.

15. Wherever in the regulations in §§ 27.502 through 27.512 the phrase "Director of Distribution" appears, it is deleted and the word "Administrator" is substituted in lieu thereof.

(Sec. 13, 39 Stat. 480, 53 Stat. 214, sec. 3 (c), 50 Stat. 62; 26 U. S. C. 1928, 7 U. S. C. 473c)

Effective date. The foregoing amendments shall be effective upon their publication in the FEDERAL REGISTER.

Since the foregoing amendments are merely formal, it is found upon good cause that notice and public procedure with respect to such amendments under section 4 of the Administrative Procedure Act (5 U. S. C. 1946 ed. 1003) are impracticable and unnecessary, and good cause is found under said section for issuance of such amendments effective less than 30 days after their publication in the FEDERAL REGISTER.

Done at Washington, D. C. this 27th day of December, 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48-11366; Filed, Dec. 29, 1948; 9:12 a. m.]

Subchapter D—Warehouse Regulations

MISCELLANEOUS AMENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture by the United States Warehouse Act, as amended (7 U. S. C. 241–273), the regulations promulgated under said act for warehouses (7 CFR, Parts 101–151, as amended) are hereby amended as follows:

1. Section 101.2 (a), (c), (d), (e), (g), and (h) are amended to read, respectively, as follows:

§ 101.2 *Terms defined.* * * *

(a) *The act.* The United States Warehouse Act, approved August 11, 1916 (39 Stat. 486; 7 U. S. C. 241–273), as amended.

* * * * *

(c) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(d) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Designated representative.* The Administrator.

* * * * *

(g) *Department.* The United States Department of Agriculture.

(h) *Administration.* The Production and Marketing Administration of the Department.

2. Section 101.2 (r) is amended by deleting the phrase "regulation 9" and the parentheses enclosing the figures "§§ 101.75—101.85", but not such figures.

3. Section 101.49 is amended by deleting from the phrase "Cotton Futures Act of August 11, 1916 (39 Stat. 476; 26 U. S. C. 1090–1106), as amended," the figures "1090–1106" and substituting in lieu thereof the figures "1920–1935."

4. Section 101.57 is amended by changing the heading thereof to read "Duties of sampler, classifier and weigher."

5. Section 102.2 (d) and (f) are amended to read, respectively, as follows:

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(f) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated or may hereafter lawfully be delegated to act in his stead.

6. Section 102.2 (g) is amended by deleting therefrom the words "of Agriculture."

7. Section 102.2 (s) is amended by inserting the words "as amended" after the citation "(39 Stat. 482, 7 U. S. C. 71–87)."

8. Section 102.18 (d) is amended by deleting the designation "§ 102.80" and inserting in lieu thereof the designation "§§ 102.80–102.95."

9. Section 102.56 is amended by deleting the heading "Identity-preserved grain" and substituting in lieu thereof the heading "Identity-preserved grain; acceptance."

10. Section 102.103 is amended by deleting the citation "(49 Stat. 1491, 7 U. S. C., Sup., Chapter I)" and substituting in lieu thereof the citation "(49 Stat. 1491; 7 U. S. C. 1–17a), as amended."

11. Section 102.104 is amended by deleting the word "contracts" in the heading of the section and substituting in lieu thereof the word "markets."

12. Section 103.2 (c), (d), (f), and (g) are amended to read, respectively, as follows:

§ 103.2 *Terms defined.* * * *

(c) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(d) *Designated representative.* The Administrator.

* * * * *

(f) *Administration.* The Production and Marketing Administration of the Department.

(g) *Administrator.* The Administrator of the Administration, or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

13. Section 104.2 (a), (c), (d), (e) and (g) are amended to read, respectively, as follows:

§ 104.2 *Terms defined.* * * *

(a) *The act.* The United States Warehouse Act, approved August 11, 1916 (39 Stat. 486; 7 U. S. C. 241–274), as amended.

* * * * *

(c) *Secretary.* The Secretary of Agriculture of the United States, or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(d) *Designated representative.* The Administrator.

(e) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(g) *Administration.* The Production and Marketing Administration of the Department.

14. Section 104.68 is amended by deleting the figure "15" in the citation "9 U. S. C. 1–15" and substituting in lieu thereof the figure "14".

15. Section 105.2 (c), (d), (e), and (g) are amended to read, respectively, as follows:

§ 105.2 *Terms defined.* * * *

(c) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(d) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Designated representative.* The Administrator.

* * * * *

(g) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

16. Section 106.2 (b), (d), (e), (f), (g), and (h) are amended to read, respectively, as follows:

§ 106.2 *Terms defined.* * * *

(b) "The Act" means the United States Warehouse Act, approved August 11, 1916 (39 Stat. 486; 7 U. S. C. 241–273), as amended.

* * * * *

(d) "Department" means the United States Department of Agriculture.

(e) "Secretary" means the Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(f) "Administrator" means the Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(h) "Administration" means the Production and Marketing Administration of the Department.

17. Section 106.7 is amended to read as follows:

§ 106.7 *Suspension or revocation of warehouse licenses.* Pending investigation, the Secretary, or his designated representative, whenever he deems it necessary, may suspend a warehouseman's license temporarily without hearing. Upon written request and a satisfactory statement of reasons therefor submitted by a warehouseman, the Secretary, or his designated representative, may, without hearing suspend or revoke the license issued to such warehouseman. The Secretary, or his designated representative, may, after opportunity for hearing has been afforded in the manner prescribed in this section, cancel a license issued to a warehouseman when such warehouseman (a) is bankrupt or insolvent, (b) has parted in whole or in part with his control over the licensed warehouse, (c) is in process of dissolution or has been dissolved, (d) has ceased to conduct such licensed warehouse, or (e) has in any other manner become nonexistent or incompetent or incapacitated to conduct the business of the warehouse. Whenever any of the conditions mentioned in paragraphs (a) to (e) of this section shall come into existence it shall be the duty of the warehouseman to notify the Administrator immediately of the existing condition. Before a license is revoked for any violation of, or failure to comply with, any provision of the act or of the regulations in this part, or upon the ground that unreasonable or exorbitant charges have been made for services rendered, the warehouseman involved shall be furnished by the Secretary, or his designated representative, a written statement specifying the charges and shall be allowed a reasonable time within which he may answer the same in writing and apply for a hearing, an opportunity for which shall be afforded in accordance with § 106.80.

18. Section 106.69 is amended to read as follows:

§ 106.69 *Licenses; suspension or revocation.* Pending investigation, the Secretary, or his designated representative, may, whenever he deems necessary, suspend the license of an inspector or of a weigher temporarily without hearing. Upon a written request and a satisfactory statement of reasons therefor, submitted by the inspector or weigher, or when the inspector or weigher has ceased to perform such services at the warehouse, the Secretary, or his designated representative, may, without hearing, suspend or revoke the license issued to such inspector or weigher. The Secretary, or his designated representative, may, after opportunity for hearing, when possible, has been afforded in the manner prescribed in this section, suspend or revoke a license issued to an inspector or a weigher when such inspector or weigher has in any manner become incompetent or incapacitated to perform the duties of a licensed inspector or licensed weigher. As soon as it shall come to the attention of a warehouseman that any of the conditions mentioned in this section exist, it shall be his duty to notify the Administrator in writing." Before the license of any inspector or weigher is permanently suspended or revoked pursuant to section 12 of the act, such licensee shall be furnished by the Secretary or his designated representative, a written statement specifying the charges and shall be allowed a reasonable time within which he may answer the same in writing and apply for a hearing, an opportunity for which shall be afforded in accordance with § 106.80.

19. Wherever in the regulations in Part 106 the words "Office" and "Director" appear, they are deleted and the words "Administration" and "Administrator" are substituted in lieu thereof respectively.

20. Section 107.2 (d), (e), and (g) are amended to read as follows, respectively:

§ 107.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Administrator.* The Administrator of the Administration or any other officer or employee of that Administration to whom authority has heretofore lawfully been delegated, or to whom authority may hereafter lawfully be delegated, to act in his stead.

* * * * *

(g) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

21. Section 108.2 (a), (d), (e), and (h) are amended to read, respectively, as follows:

§ 108.2. *Terms defined.* * * *

(a) *Sirups.* Sugarcane sirup, maple sirup, or extracted honey, as defined in Service and Regulatory Announcement, Food, Drug and Cosmetic No. 2, Issued July 1944, by the Food and Drug Administration, Federal Security Agency.

* * * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or to whom authority may hereafter lawfully be delegated, to act in his stead.

(e) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or to whom authority may hereafter lawfully be delegated, to act in his stead.

* * * * *

(h) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

22. Sections 108.74a, 108.74b, and 108.75 are renumbered respectively as §§ 108.74, 108.75 and 108.76.

23. Section 109.2 (d), (e), (f), and (h) are amended to read, respectively, as follows:

§ 109.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Designated representative.* The Administrator.

(f) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(h) *Administration.* The Production and Marketing Administration of the Department.

24. Section 110.2 (d), (e), (f), and (h) are amended to read, respectively, as follows:

§ 110.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employe of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Designated representative.* The Administrator.

(f) *Administrator.* The Administrator of the Administration or any other officer or employe of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(h) *Administration.* The Production and Marketing Administration of the Department.

25. Section 111.2 (c), (d), and (f) are amended to read, respectively, as follows:

§ 111.2 *Terms defined.* * * *

(c) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(d) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(f) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

26. Section 111.80 is amended by deleting the figure "15" in the citation "9 U. S. C. 1–15" and substituting in lieu thereof the figure "14".

27. Section 112.2 (d), (e), (f), and (h) are amended to read, respectively, as follows:

§ 112.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(f) *Designated representative.* The Administrator.

* * * * *

(h) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

28. Section 113.2 (d), (e), and (g) are amended to read, respectively, as follows:

§ 113.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the United States Department of Agriculture to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully been delegated, to act in his stead.

* * * * *

(g) *Administration.* The Production and Marketing Administration of the United States Department of Agriculture.

29. Section 114.2 (d), (e), (f), and (h) are amended to read, respectively, as follows:

§ 114.2 *Terms defined.* * * *

(d) *Secretary.* The Secretary of Agriculture of the United States or any other officer or employee of the Department to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

(e) *Designated representative.* The Administrator.

(f) *Administrator.* The Administrator of the Administration or any other officer or employee of the Administration to whom authority has heretofore lawfully been delegated, or may hereafter lawfully be delegated, to act in his stead.

* * * * *

(h) *Administration.* The Production and Marketing Administration of the Department.

30. Sections 107.7 and 111.8 are amended by inserting the word "permanently" before the phrase "suspended, revoked, or canceled" in the fifth sentence in each of such sections.

31. Sections 101.64, 102.72, 103.64, 105.62, 107.71, 108.62, 109.67, 110.64, 111.76, 112.62, 113.68, and 114.67 are hereby amended by inserting the word "permanently" before the phrase "suspended or revoked" in the fifth sentence in each of such sections.

32. Sections 101.89, 102.99, 103.78, 104.72, 105.75, 106.80, 107.83, 108.73, 109.78, 110.75, 111.80, 112.73, 113.79, and 114.78 are amended to read as follows:

For the purpose of hearings under the act or the regulations in this part, except those relating to appeals or arbitrations, the licensee involved shall be allowed a reasonable time within which affidavits and other proper evidence may be submitted. If requested by the licensee within such time, an oral hearing, of which reasonable notice shall be given, shall be held before, and at a time and place fixed by an official authorized by the Secretary. The testimony of the witnesses at such oral hearing shall be upon oath or affirmation administered by the official before whom the hearing is held, when required by him. Such oral hearing may be adjourned by such official from time to time. After reasonable notice to all parties concerned, the deposition of any witness may be taken at a time and place and before a person designated for the purpose by the official before whom the hearing is held. Every written entry in the records of the Department made by an officer or employee thereof in the course of his official duty, which is relevant to the issue involved in a hearing, shall be admissible as prima facie evidence of the facts stated therein without the production of such officer or employee. Copies of all papers and all the evidence submitted or considered in such hearing shall be made a part of the records of the Department. At the end of the oral hearing, the parties shall be afforded an opportunity to file proposed findings of fact, conclusions of law, and orders, after which the official before whom the hearing is held shall prepare his report including his recommended findings of fact, conclusions of law, and

order, which shall be served upon the parties, who may file exceptions thereto within a time specified by such official. After the expiration of such time, such report together with any proposed findings of fact, conclusions of law, and orders, and exceptions filed by the parties shall be transmitted to the Secretary for consideration. Each party shall pay all expenses contracted by him in connection with any hearing under this section.

33. Wherever the words "Bureau," "Bureau of Agricultural Economics," and "Chief of the Bureau" appear in Parts 101 through 151, they are deleted and the words "Administration," "Production and Marketing Administration" and "Administrator" are substituted in lieu thereof, respectively.

34. Wherever in Parts 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114 and 151, except in §§ 101.2 (a), 102.2 (a), 103.2 (a), 104.2 (a), 105.2 (a), 106.2 (b), 107.2 (b), 108.2 (b), 109.2 (b), 110.2 (b), 111.2 (a), 112.2 (b), 113.2 (b) and 114.2 (b), a statutory and United States Code citation is given for a section of the United States Warehouse Act, such citation is deleted.

(Sec. 28, 39 Stat. 490; 7 U. S. C. 268)

Effective date. The foregoing amendments shall be effective upon their publication in the FEDERAL REGISTER.

Since the foregoing amendments are either formal or procedural, it is found upon good cause that notice and public procedure under section 4 of the Administrative Procedure Act (5 U. S. C. 1946 ed. 1003) are impracticable and unnecessary and good cause is found under said section for issuance of such amendments effective less than 30 days after their publication in the FEDERAL REGISTER.

Done at Washington, D. C. this 24th day of December 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48-11372; Filed, Dec. 29, 1948; 9:11 a. m.]

PART 201—FEDERAL SEED ACT REGULATIONS

MISCELLANEOUS AMENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture by the Federal Seed Act, as amended (7 U. S. C. 1551–1610), the rules, regulations, findings, orders, and determinations of the Secretary under the Federal Seed Act (7 CFR Cum. Supp. §§ 201.1–201.176, as amended) are hereby amended as follows:

1. Section 201.2 (a) is amended by adding the words "as amended" after the citation "(53 Stat. 1275; 7 U. S. C. 1551–1610)".

2. Section 201.2 (h) is amended as follows:

a. The phrase "Bluestem—Agropyron smithii Rydb." is deleted and the phrase "Wheatgrass, Western (Bluestem)—Agropyron smithii Rydb." is inserted in proper alphabetic order in the list of agriculture seeds in said paragraph.

b. The phrase "Vetch wollypod—Vicia dasycarpa Ten." is deleted and the phrase "Vetch, woollypod—Vicia dasycarpa Ten." is substituted in lieu thereof.

c. The phrase "(A. trachycaulum)" is added after the word "Hitchc" in the phrase "Wheatgrass, slender—Agropyron pauciflorum (Schwein.) Hitchc."

d. The phrase "Boiss. (B. hirta)" is added after the word "alba" in the phrase "Mustard, White—Brassica alba".

e. The phrase "(Sturt.) Bailey" is added after the word "everta" in the phrase "Popcorn—Zea mays everta".

f. The phrase "Rape, annual—Brassica napus var." is amended to read "Rape, annual—Brassica napus L. var."

g. The phrases "Rape, bird—Brassica campestris", "Rape, turnip—Brassica rapa var.", and "Sunflower (cultivated)—Helianthus annus" are amended to read respectively "Rape, bird—Brassica campestris L.", "Rape, turnip—Brassica rapa var. L." and "Sunflower (cultivated)—Helianthus annuus L."

3. Section 201.2 (i) is amended as follows:

a. The order of the phrases beginning "Bean, lima" and "Bean, horse or broad" in the list of vegetable seeds in said paragraph is reversed to place these phrases in proper alphabetical order.

b. The phrase "Fetticus—Corn salad—Valerianella locusta olitoria Poll—V. locusta (L.) Bettke" is deleted and the phrase "Corn salad—Fetticus—Valerianella locusta olitoria Pall.—V. locusta (L.) Bettke" is inserted in proper alphabetical order in the list of vegetable seeds in said paragraph.

c. The phrase "Taraxacum officinale)" is added after the letter "L." in the phrase "Dandelion—Leontodon taraxacum L."

d. The phrase "(Lour.) Rupr." is added after the word "pekinensis" in the phrase "Pe-tsai or Chinese cabbage—Brassica pekinensis."

e. The letter "L" is deleted from the phrase "Squash—Cucurbita sp. L."

4. Section 201.31 is amended as follows:

a. The phrase "Fetticus (corn salad) ____70" is deleted and the phrase "Corn salad (Fetticus)_____70" is inserted in proper alphabetical order in the list of vegetable seeds in said section.

b. The final letter "s" is deleted from the word "Mustards" in the phrase "Mustards, vegetable____ 75".

5. Section 201.60 is amended by deleting the figures ".2" and ".6" wherever they appear in said section and substituting in lieu thereof, respectively, the figures "0.2" and "0.6".

6. Wherever in §§ 201.1 through 201.176 the phrase "Assistant Administrator for Regulatory and Marketing Service work, Production and Marketing Administration" appears, it is deleted and the phrase "Administrator of the Production and Marketing Administration" is substituted in lieu thereof.

Effective date. The foregoing amendments shall be effective upon their publication in the FEDERAL REGISTER.

Since the foregoing amendments are merely formal, it is found upon good cause that notice and public procedure on such amendments under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) are impracticable and unnecessary and good cause is found under said section for issuance of such amendments effective less than 30 days after their publication in the FEDERAL REGISTER.

(Sec. 402, 53 Stat. 1285; 7 U. S. C. 1592)

Done at Washington, D. C., this 27th day of December 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Chapter IV—Federal Crop Insurance Corporation, Department of Agriculture

[Amdt. 1]

PART 417—TOBACCO CROP INSURANCE

REGULATIONS FOR CONTINUOUS CONTRACTS COVERING 1949 AND SUCCEEDING CROP YEARS

The Tobacco Crop Insurance Regulations for Continuous Contracts for the 1949 and Succeeding Crop Years (13 F. R. 6529) are hereby amended as follows:

1. Section 417.14 is amended by inserting the paragraph designation "(a)" immediately after the title of section 10 of the policy and by adding to the said section 10 the following new paragraph:

(b) In Hartford County, Connecticut and in Hampshire County, Massachusetts there shall be a reduction in the annual premium for each insurance unit on which the insured acreage is 15.0 acres or more.

This reduction is as follows:

Acres on unit:	*Amount of reduction (percent)*
15.0–24.9	2½
25.0–49.9	5
50.0 and up	10

2. Section 417.14 is further amended by adding to section 11 of the policy the following new paragraph:

(e) In Hartford County, Connecticut; Hampshire County, Massachusetts; Lancaster County, Pennsylvania; and Dane and Vernon Counties, Wisconsin, a discount of five percent shall be allowed on any earned annual premium which is paid in full on or before July 31 of the year in which the premium is earned if the insured has submitted to the Corporation at the county office his acreage report on or before this date.

(Sec. 506, 52 Stat. 73, sec. 2, 55 Stat. 255, sec. 7, 61 Stat. 719; 7 U. S. C. and Sup., 1506)

Adopted by the Board of Directors on December 14, 1948.

[SEAL] E. D. BERKAW,
Secretary,
Federal Crop Insurance Corporation.

Approved: December 24, 1948.

CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48-11374; Filed, Dec. 29, 1948; 9:12 a. m.]

Chapter VI—Soil Conservation Service, Department of Agriculture

REORGANIZATION AND REVISION OF REGULATIONS

In order to conform Chapter VI of Title 7 to the scope and style of the Code of Federal Regulations, 1949 Edition, as prescribed by the regulations of the Administrative Committee of the Federal Register and approved by the President October 12, 1948 (13 F. R. 5929), the codification of Subpart A, Part 600, Organization, Function and Procedure is hereby discontinued. Future amendments to description of organization will appear in the Notices section of the FEDERAL REGISTER.

The remaining text of Chapter VI is reorganized and revised, as set forth below.

PART 600—FUNCTION AND PROCEDURE

Sec.
600.1 Soil and water conservation.
600.2 Flood control.
600.3 Land conservation and utilization.
600.4 Rules and regulations for the protection of lands acquired under or transferred for administration under Title III.
600.5 Prohibited acts on lands acquired under or transferred to Title III.
600.6 Water conservation and utilization.
600.7 Appeals from administrative action.

AUTHORITY: §§ 600.1 to 600.7 issued under sec. 5, 49 Stat. 164, sec. 12, 60 Stat. 244; 16 U. S. C. 590a–590f; 50 Stat. 526; 7 U. S. C. 1011 (f).

§ 600.1 *Soil and water conservation—*(a) *Cooperation with Soil Conservation Districts.* (1) The Soil Conservation Service furnishes assistance to soil conservation districts in accordance with policies and procedures set out in "A Statement by the Secretary of Agriculture concerning Departmental cooperation with Soil Conservation Districts", dated September 21, 1940. Copies of that statement and forms and information relating to cooperation with districts may be obtained from the respective State Soil Conservationists.

(2) The Service, in accordance with the Secretary's statement, makes assistance available to a district pursuant to a supplemental memorandum of understanding between the district and the Service, after (i) the district has entered into a memorandum of understanding with the Department of Agriculture, (ii) the district has formulated a district program and work plan outlining how it will carry on its activities, and (iii) the Regional Conservator determines that the district program and work plan constitute a satisfactory basis for making assistance available, and that such assistance is available. The Service may also give the district certain preliminary assistance in connection with the formulation of the district's conservation program and work plan.

(3) Requests by district governing bodies for Service assistance may be submitted to the State Conservationist, with an explanation of the district's needs on the basis of its work plan. If the Regional Conservator determines that assistance is available, the State Conservationist furnishes copies of the form of supplemental memorandum of understanding to the district governing body for execution, after which he forwards them to the Regional Conservator for execution on behalf of the Service. A Service representative prepares and furnishes to the district a schedule of the specific assistance that the Service can make available for the remainder of the current fiscal year. Thereafter, schedules are made annually covering the period ending June 30 of the following year.

(4) Assistance to districts includes: (i) Technical services, together with clerical assistance, transportation, and other facilities required by staff technicians; (ii) field equipment; (iii) materials; (iv) labor.

(b) *Soil conservation research.* In cooperation with State Agricultural Experiment Stations, Federal Research Agencies, and interested organizations and persons, the Service conducts a practical research program designed to develop, refine and improve soil and water conservation practices in support of field operations. Small field stations and laboratories are maintained at selected locations for the purpose of conducting research on specific problems of immediate concern in the program of operations. Information regarding research work may be obtained from the Chief, or from the Assistant Chief in Charge of Research.

(c) *Other assistance.* The Service assists State and local educational agencies in the preparation of material for teaching soil conservation. It also assists organized groups and individuals in preparing informational material concerning soil and water conservation and in preparing and applying demonstrations of soil and water programs. Information regarding the availability of this assistance may be obtained from the Chief or from the respective Regional Conservators.

§ 600.2 *Flood control.* (a) The soil Conservation Service and the Forest Service have responsibility for carrying out on watersheds designated by Congress, the investigations of and measures for runoff and water flow retardation and soil erosion prevention provided for in the Flood Control Acts. Information regarding the areas for which the Soil Conservation Service is responsible for investigations may be obtained from the regional headquarters.

(b) The Soil Conservation Service and the Forest Service make preliminary examinations to determine whether watershed treatment programs appear to be justified and whether surveys of the watersheds should be made, and recommends to the Secretary the action that should be taken. Surveys are made upon designated areas after approval by the Secretary. Survey reports describe the watersheds, their condition, flood history, and flood damages, and outline remedial watershed measures, together with estimates of their benefits and costs. They are prepared by the regional headquarters and submitted to the central office for ultimate consideration by Congress.

(c) After watersheds have been authorized for operations, work is carried out primarily in cooperation with State and local agencies and organizations. Flood control work plans are prepared to provide water management patterns on a subwatershed basis; it also provides facts and characteristics on water problems and plans for abatement of flood damages for use in planning and coordinating flood control conservation farm plans and designs for water control measures. Procedures for cooperating with soil conservation districts in carrying out flood control operations are generally similar to those described in § 600.1.

§ 600.3 *Land conservation and utilization.* (a) Activities of the Service in carrying out the program under Title III of the Bankhead-Jones Farm Tenant Act (50 Stat. 525, as amended; 7 U. S. C. 1010–1013) include the retirement of lands which are submarginal or not primarily suitable for cultivation so as to correct maladjustments in land use. Such lands are acquired and developed by the Service in accordance with their physical capabilities, primarily for pasture, range, woodland or wildlife use. Project lands are administered either directly by the Service or by State agencies or local organizations under agreements or leases.

(b) This land is available for use by the public, under prescribed conditions, for grazing, haying, seed harvesting, timber harvesting, recreation and other purposes when determined to be suitable for such use by Regional Conservators upon the recommendation of Project Conservationists. Use permits are generally for periods of from one to ten years. Except for certain limited recreational and other special uses, an applicant must be a citizen of the United States or a person who has filed a declaration of intention to become a citizen, and preference is given to applicants living within or near the project area.

(c) In granting grazing permits, preference or priority will be given to qualified applicants on the bases of (1) dependency or supplemental grazing to establish and maintain a minimum operating unit, (2) applicant's ability to carry stock on private land under his control when not on Government land during approved grazing season, and (3) in certain areas, past use of project lands.

(d) Unless otherwise designated and posted, land and water within the projects is open to the public for hunting, fishing, and trapping, subject to Federal and State laws. Certain project lands have been made State game refuges by agreement with State game conservation agencies, or declared closed or controlled areas by the Chief of the Service for wildlife protection. In general, intensive recreational facilities are operated by concessionaires selected after competitive bidding, under agreements the maximum periods of which are 10 years. These agreements are executed by the Regional Conservators. Permits for the construction of recreational facilities in designated areas, may be obtained from Regional Conservators.

(e) Special use permits for harvesting woodland products may be issued to local applicants by Project Conservationists in amounts not exceeding $500 during one year. Regional Conservators may award contracts on the basis of competitive bidding for amounts in excess of $500.

(f) Rock, sand, gravel, clay, limestone and coal may be removed from project lands for roads, local improvement, public works, or domestic purposes upon application to and approval by Project Conservationists.

(g) Easements, licenses, and leases for the construction and maintenance of highways, power, telephone and telegraph lines, etc., may be obtained from Regional Conservators.

(h) Project lands may be exchanged with private owners or State agencies for other lands.

(i) The Secretary has promulgated rules and regulations for the protection of Title III lands, any violation of which is punishable.

(j) Information concerning the availability of project lands for use by the public, the conditions governing such use, the qualifications of applicants and fees charged for various use privileges, and forms of applications for use privileges are available at project, State or regional headquarters.

§ 600.4 *Rules and regulations for the protection of lands acquired under or transferred for administration under Title III*—(a) *Chief of Soil Conservation Service to issue instructions.* The Chief of the Soil Conservation Service and his designees are hereby authorized and directed to issue such instructions to the officers and employees of the Soil Conservation Service, or other employees of the Department of Agriculture who may have duties with respect to such lands, as may be necessary to enforce § 600.5.

§ 600.5 *Prohibited acts on lands acquired under or transferred to Title III*—(a) *On all lands.* The following acts are prohibited on all lands acquired under or transferred for administration under Title III of the Bankhead-Jones Farm Tenant Act:

(1) To graze or drive any livestock upon or across such lands without an agreement or permit.

(2) To graze or drive any livestock upon or across such lands in violation of the terms of an agreement or permit.

(3) To allow livestock to drift and graze upon such lands without an agreement or permit.

(4) To graze livestock in an area closed to grazing or to graze a particular class of livestock in an area closed to that class.

(5) To fail, refuse, or neglect to remove livestock grazed under an agreement or permit, upon receipt of notice that such livestock are to be removed because such lands are being injured by improper handling of such livestock.

(6) To tear, remove, or deface, willfully, any notice which the Department of Agriculture, or the non-Federal agency to which the lands have been entrusted for use and management, has placed on such lands.

(7) To destroy, molest, disturb, injure, or remove, or to go upon such lands with intent to destroy, molest, disturb, injure, or remove, property or appurtenances thereto, located on such lands, belonging to the United States or to the non-Federal agency to which the lands have been entrusted for use and management.

(8) To mutilate, deface, or destroy, to attempt to mutilate, deface, or destroy, or to go upon such lands with intent to mutilate, deface, or destroy, any objects of natural beauty or of scenic value located thereon.

(9) To occupy or in any way make use of such lands or appurtenances thereto or property located thereon without an agreement or a permit when such an agreement or permit is required.

(10) To occupy or use such lands or appurtenances thereto or property located thereon in a manner which violates the terms of an agreement or permit.

(11) To construct or maintain any kind of works, structures, fences, or enclosures, or to conduct any kind of business enterprise or carry on any kind of work, on such lands, without a permit.

(12) To have or leave camp refuse or debris of any description upon such lands in an exposed or insanitary condition, or to deposit in or near any stream, lake, reservoir, or other waters on such lands, substances which pollute or are likely to pollute the said streams, lake, reservoir, or waters.

(13) To set on fire or cause to be set on fire, willfully, recklessly, or negligently, any timber, brush, or grass on such lands, or to leave a camp fire on such lands without completely extinguishing it. However, this subparagraph shall not be construed to prohibit the kindling of such fires as may be authorized by permit.

(14) To throw or place a burning cigarette, cigar, match, pipe heel, or any ignited substance in any place where it may start a fire.

(15) To post, distribute or display any private notices or advertisements, excepting such as may be deemed necessary for the convenience and guidance of the public.

(16) To cut, kill, destroy, girdle, chip, box, or otherwise damage, or to remove any timber, posts, or other forest products, except as authorized by permit.

(17) To camp without a special permit on areas which are specifically excepted from such use.

(18) To occupy public camp grounds, cabins, lodges, and other recreational facilities established upon such lands, without an agreement or permit when such an agreement or permit is required.

(19) To discharge firearms in, over, or in the vicinity of public camp grounds, group camps, recreational grounds and areas, or over lakes or other bodies of water adjacent to or within such areas, or to expose any person or livestock anywhere on such lands to injury by the discharge of firearms: *Provided, however,* That hunting during authorized periods may be permitted, under specified conditions and restrictions, on designated portions of such lands and waters.

(20) To intimidate, threaten, assault, or otherwise interfere with any person on such lands while such person is engaged in the protection, improvement, or administration thereof.

(21) To go or be upon such lands or in or on the waters thereof with intent to hunt, catch, trap, disturb, or kill any kind of game or non-game animal, game or non-game bird or fish, or to take the eggs of any such bird, when posted against hunting, fishing, or trapping, or when in violation of the laws of the United States or any regulation made in pursuance thereof, or of the laws of the respective States in which such lands or waters are situated.

(b) *On lands in game or bird refuges, etc.* The following acts are prohibited on such lands acquired under or transferred for administration under Title III of the Bankhead-Jones Farm Tenant Act as are or may be embraced within the boundaries of a national game or bird refuge, preserve, sanctuary, or reservation, established by or under authority of an act of Congress; or embraced within the boundaries of any inviolate State game or bird refuge, preserve, sanctuary or reservation; or embraced within the boundaries of any established controlled hunting, fishing, or trapping area:

(1) To carry or have possession of firearms without permit.

(2) To hunt, trap, catch, disturb, or kill any kind of game or non-game animal, game or non-game bird, or to take on such lands the eggs of any such bird, or to fish, except when authorized by permit.

(c) *On lands in recreational areas.* The following acts are prohibited on such lands acquired under or transferred for administration under Title III of the Bankhead-Jones Farm Tenant Act as are or may be designated recreational areas by appropriate posting:

(1) To discharge firecrackers or fireworks of any kind, except with written permission.

(2) To operate gambling devices or conduct games of chance of any kind whatsoever, whether for merchandise, cash prizes, or prizes of any other kind.

(3) To conduct one's self in a disorderly or obnoxious manner.

(4) To permit any dog or cat to roam at large.

(5) To engage in or solicit business, except under a permit or a concession.

(6) To build a fire anywhere except in a designated fireplace.

(d) *Definitions.* As used in this section:

(1) "Agreement" or "permit", (i) in cases where lands have not been entrusted by the Secretary of Agriculture to a non-Federal agency for use and management, refer to an agreement or permit executed by the Secretary of Agriculture or his duly authorized representative, and, (ii) in cases where the lands have been entrusted by the Secretary of Agriculture to a non-Federal agency for use and management, they refer to an agreement or permit executed by such agency, or its duly authorized representative.

(2) "Notice", (i) in cases where lands have not been entrusted by the Secretary of Agriculture to a non-Federal agency for use and management, refers to a notice given by the Secretary of Agriculture or his duly authorized representa-

tive and (ii) in cases where the lands have been entrusted by the Secretary of Agriculture to a non-Federal agency for use and management, it refers to a notice given by such agency, or its duly authorized representative.

(e) *Penalty.* Under the terms of section 32 (f), Title III, of the Bankhead-Jones Farm Tenant Act, any violation of § 600.4, is punishable as prescribed in section 5388 of the Revised Statutes, as amended (18 U. S. C. 104).

§ 600.6 *Water conservation and utilization.* (a) The Service, within the limits of project authorizations issued pursuant to the Water Conservation and Utilization Acts, is carrying out functions in connection with the construction and development of water conservation and utilization projects in the 17 Western States. The Department of Agriculture participation is concerned with the acquisition, development, and settlement on a sound agricultural basis, of project lands, and includes technical guidance and advice to settlers thereon in agricultural matters.

(b) The Regional Conservator, when he determines that the acquisition of land is necessary, will have the land in question appraised on the basis of its normal earning capacity. Land will be acquired only at prices and with title satisfactory to the Secretary of Agriculture.

(c) Project Supervisors will determine the extent of land development to be carried out on acquired land, which work may be done either by contract after competitive bids have been received, or by force account, with the Service hiring the labor and purchasing the materials. Project lands and irrigation distribution systems in private ownership likewise may be developed or improved under contract with the owner upon his request to the Project Supervisor, who will furnish information regarding the conditions under which the work will be prosecuted. Contracts for development and improvement work, costing $5,000 or less when paid for in cash upon contract completion, and $500 or less when payments are made in installments, may be executed by Project Supervisors. Contracts under $20,000 may be executed by Regional Conservators; all others must be executed by the Chief.

(d) Acquired project lands will be sold, insofar as practicable, in family-size farm units, as determined by Regional Conservators. Prior to sale the land may be leased to qualified applicants upon application to the Project Supervisor. After the project lands have been developed and irrigation water is available, Regional Conservators will, except as to units to be sold to persons to whom commitments to purchase were made prior to September 11, 1946, and who have been approved by the Family Selection Committee, advertise the number of family-size farm units on projects which will be available for sale at any specified time. For a period of 90 days after such advertisement, preference will be given to qualified veterans of World War II as defined in the Surplus Property Act of 1944, (58 Stat. 765, as amended, 50 U. S. C., app. 1611–1646). Application forms, for showing the applicant's qualifications, and information concerning the purchase of project farms may be obtained from the respective Project Supervisors or Regional Conservators. Prospective tenants and purchasers must, insofar as practicable, be in need of a family-type farm; be citizens of the United States; have had previous experience in farming where the major portion of the family income was from the farm; have a satisfactory credit reputation; and own or be in a position to secure necessary equipment and livestock to operate the land for which application is being made. In addition, prospective purchasers must be free from permanent infectious diseases or disabilities that are likely to obstruct the fulfillment of their obligations incident to the purchase of the farm. Applicants will be considered and passed upon by a Family Selection Committee composed of seven persons residing in the community or county in which the project is located. The applicants will be notified of the action taken by the Family Selection Committee.

(e) Farm units will be sold for cash or credit, at prices determined by appraisal on the basis of the normal earning capacity of the land, with quitclaim deed. In the case of credit sales, a promissory note and real estate mortgage must be executed by the purchaser. Deed, promissory note, and mortgage forms may be inspected at the project or regional headquarters.

(f) With respect to lands acquired by the United States in connection with the water conservation and utilization programs, including real property under the jurisdiction of the Soil Conservation Service held in trust for any State rural rehabilitation corporation, the Regional Conservators will execute easements, leases, licenses, permits and other forms of contracts permitting the construction and maintenance of telephone lines, pipe lines, roads, irrigation and drainage ditches, and other rights-of-way (but not those power lines, licenses for which are required by law to be granted by the Federal Power Commission), and will execute, on behalf of the United States of America, all deeds or other instruments necessary in the sale of project lands or interests therein: *Provided, however,* That in the sale and conveyance of such property, mineral rights, including coal, oil, gas and fissionable materials, which are vested in or owned by the United States, either legally or equitably at the time of the sale, shall be reserved in accordance with the then current departmental policy with respect to such reservations.

§ 600.7 *Appeals from administrative action.* In the case of any administrative action taken or decision made pursuant to authority delegated by the Chief, any member of the public may make an appeal by filing with the officer who made the decision a written request for reconsideration thereof or a notice of appeal. A decision of such officer shall be final unless an appeal is taken therefrom within a reasonable length of time by the person aggrieved. The decision appealed from shall be reviewed by the immediate superior of the officer by whom the decision was made; that is, in the following order: By State Conservationists, Regional Conservators, and the Chief. Unless a written notice of appeal contains an acceptable reason for allowing a longer time for the preparation of the case, the appellant shall file immediately a statement setting forth in detail the respect in which the action or decision from which the appeal is being taken is contrary to or in conflict with the law, Departmental or Federal regulation, or the determined facts. Upon receipt of such statement the officer from whose decision or action the appeal is taken shall prepare a statement presenting the facts and considerations upon which the decision or action was taken. The appellant's statement, together with the officer's statement and all papers comprising the records of the case, shall be then transmitted to the officer to whom the appeal is taken, who will thereupon review the case and notify both the appellant and the officer of the decision.

Done at Washington, D. C., this 28th day of December 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 927—MILK IN NEW YORK METROPOLITAN MILK MARKETING AREA

ORDER, AMENDING THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN NEW YORK METROPOLITAN MILK MARKETING AREA

§ 927.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary to and in addition to the findings and determinations made in connection with the issuance of this order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. Upon the

basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions, and to insure the proper pricing of milk subject to the order. Orderly marketing of milk will be jeopardized by any delay beyond January 1, 1949, in the effective date of this order, as amended and as hereby further amended. The changes effected by this order, amending the order, as amended, do not require substantial or extensive preparation by persons affected prior to the effective date. The time intervening between the date of issuance of this order and its effective date affords persons affected a reasonable time to prepare for its effective date. In view of the foregoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication. (Section 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong. 60 Stat. 237.)

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended and as hereby further amended, which is marketed within the New York metropolitan milk marketing area, refused or failed to sign the marketing agreement regulating (in the same manner as the aforesaid order, as amended and as hereby further amended) the handling of milk in the said marketing area which was heretofore approved by the Secretary of Agriculture; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who, during September 1948 (said month having been determined to be a representative period), were engaged in the production of milk for sale in the said marketing area.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the New York metropolitan milk marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

Amend § 927.5 (a) (1) (ii) to read as follows:

(ii) The Class I–A price per hundredweight for each of the months of January through June 1949 shall be the 201–210 mile zone price per hundredweight established under Order No. 4 for Class I milk containing 3.7 percent butterfat for the Greater Boston marketing area, minus 19 cents.

Issued at Washington, D. C., this 24th day of December 1948, to be effective on and after the 1st day of January 1949.

(Sec. 10 (c), 48 Stat. 37, as amended, 58 Stat. 248; 7 U. S. C. 610 (c), sec. 102, 61 Stat. 951, 12 F. R. 4534; 3 CFR, 1947 Supp.)

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

AMENDMENT TO RULES AND REGULATIONS; CHANGES IN REPRESENTATION ON BARTLETT PEAR COMMODITY COMMITTEE

On October 6, 1948, notice was published in the FEDERAL REGISTER (13 F. R. 5836) with respect to the approval by the Secretary of Agriculture of the resolution adopted by the Control Committee, established under the marketing agreement, as amended, and Order No. 36, as amended (7 CFR, Cum. Supp., 936.1 et seq.), regulating the handling of fresh Bartlett pears, plums and Elberta peaches grown in the State of California, changing the representation of certain districts on the Bartlett Pear Commodity Committee, also established under said amended marketing agreement and Order. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. and Supp. 601 et seq.).

After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, it is hereby found and determined that the changed representation, as hereinafter set forth, is based, so far as practicable, upon the proportionate quantity of Bartlett pears shipped from the respective districts during the preceding three seasons (as such term is defined in the amended marketing agreement and order). The approval of such changed representation on the Bartlett Pear Commodity Committee is in accordance with the amended marketing agreement and order and will tend to effectuate the declared purposes of the Agricultural Marketing Agreement Act of 1937, as amended.

The changes in representation are hereby approved, effective 30 days after publication hereof in the FEDERAL REGISTER, and are reflected by the addition of the following new paragraph (d) to § 936.102 *Administrative bodies* of the rules and regulations (7 CFR, 1947 Supp., 936.100 et seq.):

§ 936.102 *Administrative bodies.*

* * *

(d) *Changes in the representation of certain districts on Bartlett Pear Commodity Committee.* The representation or membership on the Bartlett Pear Commodity Committee is changed to provide for:

(1) Three (3) members to represent the North Sacramento Valley District, Central Sacramento Valley District, Sacramento River District and Stockton District;

(2) Two (2) members to represent the Placer District;

(3) One (1) member to represent the Solano District;

(4) One (1) member to represent the Contra Costa District and Santa Clara District;

(5) One (1) member to represent the Lake District;

(6) One (1) member to represent the North Coast District and North Bay District;

(7) One (1) member to represent the Colfax District; and

(8) Two (2) members to represent the Eldorado District and all of the area not included in the North Sacramento Valley District, Central Sacramento Valley District, Colfax District, Placer District, Sacramento River District, Stockton District, Solano District, Contra Costa District, Santa Clara District, Lake District, North Coast District, and North Bay District.

(49 Stat. 755, 50 Stat. 246, secs. 2, 4, 61 Stat. 707, 710; 7 U. S. C. and Sups., 608c)

Done at Washington, D. C., this 24th day of December 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

DETERMINATION RELATIVE TO BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1948–1949 FISCAL YEAR

On November 23, 1948, notice of proposed rule making was published in the

FEDERAL REGISTER (13 F. R. 6884) regarding the budget of expenses and the fixing of the rate of assessment for the 1948–1949 fiscal year under Marketing Agreement No. 94, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or the State of Arizona. This regulatory program is effective pursuant to the Agricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, which were submitted by the Lemon Administrative Committee (established pursuant to the marketing agreement and order), it is hereby found and determined that:

§ 953.203 *Budget of expenses and rate of assessment for the 1948–1949 fiscal year.* (a) The expenses necessary to be incurred by the Lemon Administrative Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, for the maintenance and functioning, during the fiscal year beginning on November 1, 1948, and ending on October 31, 1949, both dates inclusive, of such committee will amount to $124,845, and the rate of assessment to be paid, in accordance with the aforesaid marketing agreement and order, by each handler who first handles lemons shall be one and one-half cents ($0.015) per box of lemons, or an equivalent quantity of lemons, handled by him as the first handler thereof during said fiscal year; and such rate of assessment is hereby approved as each such handler's pro rata share of the aforesaid expenses.

(b) The provisions hereof shall become effective at 12:01 a. m., P. s. t., January 24, 1949.

(c) As used in this section, the terms "handler," "handles," "box," "handled," and "lemons" shall have the same meaning as is given to each such term in said amended marketing agreement and order.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 7 CFR, Cum. Supp. 953.1 et seq.; 13 F. R. 766)

Done at Washington, D. C., this 24th day of December 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

PART 961—HANDLING OF MILK IN PHILADELPHIA, PA., MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND TO PROPOSED AMENDMENT TO ORDER, AS AMENDED

Correction

FEDERAL REGISTER Doc. No. 48–11284, appearing at page 8325 of the issue for Saturday, December 25, 1948, was inadvertently included in the Rules and Regulations section. This document should have appeared under the Proposed Rule Making section.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter II—Production and Marketing Administration (Packers and Stockyards Division)

PART 203—AUTHORIZATION FOR INSPECTION OF LIVESTOCK

NORTHWEST OKLAHOMA CATTLEMEN'S ASSOCIATION, INC.

The Northwest Oklahoma Cattlemen's Association, Inc., pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), has filed a written application with the Secretary of Agriculture for authority to act as an official livestock inspection agency with respect to livestock originating in or shipped from the counties of Beaver, Cimarron, Ellis, Dewey, Harper, Major, Roger-Mills, Texas, Woods and Woodward in the State of Oklahoma. It is found that the applicant is a duly organized livestock association of the State of Oklahoma, that branding and marking of livestock as a means of establishing ownership prevail by custom or statute in the said ten counties of said State of Oklahoma, that no other application of a similar nature has been filed with the Department of Agriculture, and that it is necessary to authorize the Northwest Oklahoma Cattlemen's Association, Inc. to charge and collect a reasonable and non-discriminatory fee at posted stockyards which are subject to the provisions of the act for the inspection of brands, marks, and other identifying characteristics of livestock originating in or shipped from the said ten counties in the State of Oklahoma for the purpose of determining the ownership of such livestock. Therefore, after consideration of such application and all data, views, and argument submitted as a result of the notice of proposed rule making in connection therewith, published in the FEDERAL REGISTER on November 25, 1948 (13 F. R. 6958), pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended, the following authorization is granted to become effective thirty days after publication in the FEDERAL REGISTER.

§ 203.14 *Northwest Oklahoma Cattlemen's Association, Inc.* The Northwest Oklahoma Cattlemen's Association, Inc. is hereby authorized, with respect to livestock originating in or shipped from the counties of Beaver, Cimarron, Ellis, Dewey, Harper, Major, Roger-Mills, Texas, Woods and Woodward in the State of Oklahoma, to charge and collect at those stockyards posted under the Packers and Stockyards Act, 1921, as amended, at which the said Northwest Oklahoma Cattlemen's Association, Inc. may register as a market agency to perform such inspection, reasonable and non-discriminatory fees for the inspection of brands, marks, and other identifying characteristics of livestock for the purpose of determining the ownership of such livestock. Such charges as are authorized to be made under this authorization shall be collected by the market agency or person receiving and disbursing the funds received from the sale of livestock with respect to the inspection of which such charge is made, and shall be paid by it to the said Northwest Oklahoma Cattlemen's Association, Inc. Such inspection, charges, and collection of fees shall be subject to the provisions of the Packers and Stockyards Act, 1921, as amended, and the regulations promulgated pursuant thereto. (42 Stat. 159, as amended; 7 U. S. C. 181 et seq.)

Done at Washington, D. C., this 24th day of December. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48–11368; Filed, Dec. 29, 1948; 9:07 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration

[Amdt. 1]

PART 570—GENERAL REGULATIONS OF THE WASHINGTON NATIONAL AIRPORT

DISCRIMINATION OR SEGREGATION

Acting pursuant to the authority vested in me by the act to provide for the Administration of Washington National Airport (54 Stat. 686–688), finding that compliance with the notice, procedures and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary and contrary to the public interest, since actual notice has been given and delay would permit continuance of the practices prohibited by this amendment, I hereby amend Part 570 of this chapter by adding a new § 570.28 to read as follows:

§ 570.28 *Discrimination or segregation.* In the operation of all facilities of the Washington National Airport, services shall be rendered without discrimination or segregation as to race, color or creed.

This amendment shall become effective immediately. (Sec. 2, 54 Stat. 688)

[SEAL] D. W. RENTZEL,
Administrator of Civil Aeronautics.

DECEMBER 27, 1948.

[F. R. Doc. 48–11400; Filed, Dec. 29, 1948; 9:41 a. m.]

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC DRUGS

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN- OR STREPTOMYCIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and 61 Stat. 11; 21 U. S. C., Sup. 357) the

regulations for tests and methods of assay of antibiotic drugs (12 F. R. 2215) and certification of batches of penicillin- or streptomycin-containing drugs (12 F. R. 2231; 13 F. R. 6015) are amended as indicated below:

1. Section 141.9 *Tablets buffered penicillin,* is amended by adding the following new paragraph:

(c) *Microorganism count.* Proceed as directed in § 141.21 (b).

2. Part 141 is amended by adding the following new section:

§ 141.33 *Buffered penicillin powder.* Proceed as directed in §§ 141.1 and 141.5 (a).

3. In § 146.27 *Tablets buffered penicillin,* paragraph (a) is amended to read:

(a) *Standards of identity, strength, quality, and purity.* Tablets buffered penicillin is tablets composed of sodium penicillin, calcium penicillin, potassium penicillin, or procaine penicillin and one or more suitable buffer substances in quantities sufficient to exert a buffering action, with or without the addition of one or more suitable and harmless diluents, binders, lubricants, colorings, and flavorings. The potency of each tablet is not less than 50,000 units, and if it is less than 100,000 units it is "unscored"; its moisture content is not more than 1.0%. If it is represented to be used for inhalation therapy its content of viable microorganisms is not more than 50 per gram. The sodium penicillin, calcium penicillin, and potassium penicillin used conform to the standards prescribed by § 146.24 (a), except subparagraphs (1), (2), (4), and (7) of § 146.24 (a), but its potency is not less than 300 units per milligram. The procaine penicillin used conforms to the requirements of § 146.44 (a), except subparagraphs (2) and (3) of § 146.44 (a). Each other substance, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

3. In § 146.27, subparagraph (2) (i) of paragraph (d) *Requests for certification; samples* is amended to read:

(i) The batch; average potency per tablet, average moisture, and the content of viable microorganisms if it is represented to be used for inhalation therapy.

4. In § 146.46 *Crystalline penicillin for inhalation therapy,* the first sentence of paragraph (b) *Packaging,* is amended to read as follows: "The immediate container of crystalline penicillin for inhalation therapy shall be a tight container as defined by the U. S. P.; its closure shall be one through which a hypodermic needle cannot be introduced; and the container shall be of such composition as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded."

5. In § 146.46 subparagraph (1) (iv) of paragraph (c) *Labeling,* is amended to read:

(iv) If it is packaged in combination with a container of a solvent, the statement "Warning—Not for Injection."

6. Part 146 is amended by adding the following new section:

§ 146.51 *Buffered penicillin powder*—(a) *Standards of identity, strength, quality, and purity.* Buffered penicillin powder is a dry mixture of crystalline penicillin and suitable buffer substances, with or without suitable and harmless diluents, colorings, and flavorings. Its moisture content is not more than 1.0%. The penicillin used conforms to the requirements of § 146.24 (a) for crystalline penicillin, except subparagraphs (2), (4), and (7) of § 146.24 (a). Each other substance used, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

(b) *Packaging.* In all cases the immediate container of buffered penicillin powder shall be a tight container as defined by the U. S. P. The composition of the immediate container shall be such as will not cause any change in the strength, quality, or purity of the contents beyond any limits therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded. Each immediate container shall contain not less than 600,000 units and each may be packaged in combination with a container of a suitable and harmless aqueous vehicle.

(c) *Labeling.* Each package of buffered penicillin powder shall bear on its label or labeling as hereinafter indicated the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark;

(ii) The number of units in the immediate container;

(iii) The name of each buffer substance used in making the batch;

(iv) The statement "Expiration date ----------," the blank being filled in with the date which is 18 months after the month during which the batch was certified; and

(v) The statement "Warning—Not for injection."

(2) On the outside wrapper or container:

(i) Unless it is intended solely for veterinary use and is conspicuously so labeled, the statement "Caution: To be dispensed only by or on the prescription of a ----------," the blank being filled in with the word "physician" or "dentist" or "veterinarian" or any combination of two or all of these words, as the case may be.

(ii) Unless it is intended solely for veterinary use and is so labeled, a reference specifically identifying a readily available medical publication containing directions and precautions (including contraindications and possible sensitization) adequate for the use of such buffered penicillin powder, or reference to a brochure or other printed matter containing such directions and precautions, and a statement that such brochure or printed matter will be sent on request.

(3) On the circular or other labeling within or attached to the package, if it is intended solely for veterinary use, directions and precautions adequate for the use of such buffered penicillin powder including:

(i) Clinical indications;

(ii) Dosage and administration;

(iii) Contraindications; and

(iv) Untoward effects that may accompany administration, including those for any buffer substance present.

If two or more such immediate containers are in such package the number of such circulars or other labeling shall not be less than the number of such containers.

(d) *Request for certification; samples.* (1) In addition to complying with the requirements of § 146.2, a person who requests certification of a batch of buffered penicillin powder shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark and (unless it was previously submitted) the date on which the latest assay of the penicillin used in making such batch was completed, the number of units in each immediate container, the quantity of each ingredient used in making the batch, the date on which the latest assay of the drug comprising such batch was completed, and a statement that each ingredient used in making the batch conforms to the requirements prescribed therefor, if any, by this section.

(2) Except as otherwise provided in subparagraph (4) of this paragraph, such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of:

(i) The batch; potency and moisture.

(ii) The penicillin used in making the batch; potency, toxicity, moisture, pH, penicillin K content (unless it is crystalline penicillin G), crystallinity, and heat stability, and the penicillin G content if it is crystalline penicillin G.

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch; one immediate container for each 5,000 immediate containers in the batch, but in no case less than 20 immediate containers or more than 100 immediate containers, collected by taking single immediate containers at such intervals throughout the entire time of packaging the batch that the quantities packaged during the intervals are approximately equal.

(ii) The penicillin used in making the batch; 10 packages containing approximately equal portions of not less than 60 mg. each, packaged in accordance with the requirements of § 146.24 (b).

(iii) In case of an initial request for certification, each buffer substance, diluent, coloring, or flavoring used in making the batch; one package of each containing approximately 5 gm.

(iv) In case of an initial request for the certification of a batch of buffered penicillin powder which is to be pack-

aged in combination with an aqueous vehicle, or when any change is made in the composition of such aqueous vehicle, 5 packages of the vehicle included in the combination.

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii) of this paragraph, is required if such result or sample has been previously submitted.

(e) *Fees.* The fee for the services rendered with respect to each batch of buffered penicillin powder under the regulations in this part shall be:

(1) $1.00 for each immediate container in the sample submitted in accordance with paragraph (d) (3) (i) of this section; $4.00 for each package in the samples submitted in accordance with paragraph (d) (3) (ii), (iii), and (iv) of this section; and

(2) If the Commissioner considers that investigations, other than examination of such immediate containers, are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

This order, which provides for modification of the standard for tablets buffered penicillin if they are represented to be used for inhalation therapy; modification of the packaging requirements for crystalline penicillin for inhalation thereapy; modification of the labeling requirements for crystalline penicillin for inhalation therapy, when it is not packaged with a container of solvent; and for a new penicillin product, buffered penicillin powder, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the penicillin industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry, and since it would be against public interest to delay providing for the modification of the standard for tablets buffered penicillin if they are represented to be used for inhalation therapy; modification of the packaging requirements for crystalline penicillin for inhalation therapy; modification of the labeling requirements for crystalline penicillin for inhalation therapy when it is not packaged with a container of solvent; and for a new penicillin product, buffered penicillin powder.

Dated: December 24, 1948.

(Sec. 3, 59 Stat. 463; 21 U. S. C. and Sup. 357)

[SEAL] J. DONALD KINGSLEY,
Acting Administrator.

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

Subchapter B—The Foreign Service

[Foreign Service Reg. S-50]

EDITORIAL CHANGES INCIDENT TO PUBLICATION OF CODE OF FEDERAL REGULATIONS, 1949 EDITION

Under authority contained in R. S. 161 and sections 302 and 1135, 60 Stat. 1001 and 1040 (5 U. S. C. 22, 22 U. S. C. 842, note to 801), and pursuant to Executive Order 9930 of February 4, 1948 (13 F. R. 519) governing the 1949 edition of the Code of Federal Regulations and to the Federal Register Regulations of October 12, 1948 (13 F. R. 5929), Subchapter B, Chapter I, Title 22 of the Code of Federal Regulations is hereby amended as follows:

1. The following sections of Subchapter B, Chapter I, Title 22 of the Code of Federal Regulations are excluded from the Code of Federal Regulations, 1949 Edition:

Sec.	Sec.	Sec.
101.525	102.102	102.800
101.530	102.104	102.802
101.560	102.305	102.803
101.565	102.404	102.804
101.581	102.410	102.806
101.585	102.502	102.808
101.590	102.515	102.810
101.595	102.520	102.811
101.830	102.545	102.813
101.840	102.622	102.815
101.845	102.636	102.817
101.855	102.661	102.818
101a.10	102.669	102.820
102.80	102.674	102.821
102.101	102.795	

104.1 to 104.9, inclusive
104.11 to 104.16, inclusive

112.1 to 112.7, inclusive
120.8

2. The following sections of Subchapter B, Chapter I, Title 22 of the Code of Federal Regulations are withdrawn from codification. Future amendments of this material will appear in the Notices section of the FEDERAL REGISTER:

Sec.	Sec.	Sec.
101.500	101.540	101.825
101.505	101.570	102.207
101.535	101.815	

3. Parts 84, 101 to 118, inclusive, and 120 to 122, inclusive, Chapter I, Title 22 of the Code of Federal Regulations are renumbered and redesignated as follows:

Part 101—Definitions.
Part 102—Protocol.
Part 103—Finance and Accounting.
Part 104—General Administrative Services.
Part 105—Personnel.
Part 106—Economic and Commercial Functions.
Part 107—Control of Nationals.
Part 108—Immigration Control.
Part 109—Protection and Welfare of Individuals.
Part 110—Protection and Relief of Seamen.
Part 111—Protection and Relief of Military Personnel.
Part 112—Law Enforcement.
Part 113—Transportation Controls.
Part 114—Import Controls.

4. The following sections of Subchapter B, Chapter I, Title 22 of the Code of Federal Regulations are renumbered and the headings amended as follows:

Old sec. No.	New sec. No.	New sec. heading
101.60	101.1	Foreign Service Office.
101.61	101.2	Mission.
101.62	101.3	Combined office.
101.63	101.4	Consular office.
101.75	101.5	Consular officer.
101.915	102.1	Customs courtesies for foreign representatives.
102.322	105.1	Bonding.
102.822	105.4	Retired Service personnel.
105.15	103.1	Tariff of United States Foreign Service fees.
105.16	103.2	No fee services.
105.17	103.3	Receipts for fees.
105.18	103.4	Refund of fees.
105.20	103.5	Fee stamps.
105.56	103.6	Claims.
106.3	104.1	Unofficial mail.
109.1	105.2	Assignment and commissioning of attachés.
109.2	105.3	Duties of attachés.
109.4	102.2	Visits of American Naval vessels.
109.5	102.3	Official calls between Naval officers and officers of the Foreign Service.
109.6	111.1	Services for the Navy.
109.7	109.2	Requests for Naval Force in foreign ports.
109.8	111.2	Relief of Coast Guard personnel.
109.10	113.14	Quarantine laws and regulations.
110.3	109.9	Legal services.
110.4	109.10	Agreements with local attorneys.
110.5	109.11	Notarial services.
110.6	112.1	Service of legal process.
113.1	109.13	Celebration of marriages.
113.2	109.14	Acting as official witness at marriage ceremony.
113.3	109.15	Certificate of witness to marriage.
113.4	109.16	Authentication of marriage and divorce documents.
113.5	109.17	Certification to marriage laws.
113.6	109.12	Registration of births.
113.7	109.18	Publication and reports on deaths.
113.8	109.19	Shipment of remains.
113.9	109.20	Personal estates of deceased Americans.
113.10	109.21	Consular functions in connection with wills.
113.11	109.22	Effects of Americans (other than seamen) dying on the high seas.
113.12	109.23	Disposition of estates on transfer of office.
113.13	109.24	Real property of deceased Americans.
113.14	109.25	American claimants to foreign estates and inheritances.
113.15	109.26	Estates of naturalized American citizens.
113.16	109.27	Duties of consular agents in connection with estates.
114.1	106.1	Protection of American interests.
114.2	106.2	Promotion of American interests.
114.3	106.3	Services for American businessmen and organizations.
114.4	106.4	Economic and commercial reporting.
115.1	114.1	Enforcement of import control laws and regulations.
115.2	114.2	Authority to require power of attorney for agent to sign invoices.
115.3	114.3	Certification of invoices.
115.4	114.4	Answering inquiries regarding Tariff Acts and Customs Regulations.
115.5	114.5	Furnishing samples to Collectors of Customs or appraising officers.
115.6	114.6	Assistance to Customs and Tariff Commission representatives.
116.1	113.1	Instructions relating to vessels and aircraft.
116.2	113.2	Instructions relating to vessel and aircraft documents.
117.1	113.3	Entry and clearance of vessels of the United States in foreign ports.
117.2	113.4	Entry and clearance of American-owned undocumented vessels in foreign ports.
117.3	113.5	Vessels and aircraft clearing from foreign ports for ports in the United States.
117.4	113.6	Reports on wrecked, lost or stranded vessels of the United States.
117.5	113.7	Consular jurisdiction over wrecked, lost or stranded vessels of the United States.

Old sec. No.	New sec. No.	New sec. heading
117.6	113.8	Consular functions in connection with wrecked, lost, or stranded vessels of the United States.
117.7	113.9	Surveys of American-owned vessels.
117.8	113.10	Bottomry bonds.
117.9	113.11	Transfers of vessels abroad to American ownership.
117.10	113.12	Transfers of American-owned vessels to aliens or to foreign registry.
117.11	113.13	Rights and duties of consular officers in connection with navigation.
118.1	110.1	Seamen defined.
118.2	110.2	Shipment of seamen.
118.3	110.3	Discharge of seamen.
118.4	110.4	General policy in discharge of seamen.
118.5	110.5	Wages of seamen.
118.6	110.6	Relief and repatriation of seamen.
118.7	110.7	Deceased seamen.
84.1	110.8	Complaints, disputes and offenses.
84.2	110.9	Complaints and disputes.
84.3	110.10	Desertion of seamen.
84.4	110.11	Crimes, mutiny and insubordination.
120.1	109.5	Reports on catastrophes abroad.
120.2	109.6	Reports on rescues at sea.
120.3	109.4	Services for distressed Americans.
120.5	109.3	Storage or safekeeping of private property.
120.6	109.7	Assistance to American Red Cross.
120.7	109.8	Presentation of Americans at foreign courts.
121.1	107.1	Nationality.
121.3	107.2	Registration.
121.2	107.3	Travel documents.
121.4	109.1	Protection of Americans abroad.
122.1	108.1	Enforcement of immigration controls abroad.
122.2	108.2	Diplomatic visas.

5. Any amendments of Subchapter B, Chapter I, Title 22 of the Code of Federal Regulations, issued hereafter by the Secretary of State, will conform to the part and section numbers and designations established by paragraphs 3 and 4 of this order.

6. This regulation will become effective immediately upon publication in the FEDERAL REGISTER.

Approved: December 21, 1948.

For the Secretary of State.

[SEAL] ROBERT A. LOVETT,
Acting Secretary of State.

[F. R. Doc. 48-11346; Filed, Dec. 29, 1948; 9:12 a. m.]

[Dept. Reg. 108.84]

PART 10—STUDY AND RESEARCH IN THE DEPARTMENT OF STATE

REVISION OF REGULATION

Under the authority contained in R. S. 161 (5 U. S. C. 22), and pursuant to the act of April 12, 1892, as amended, respecting literary and scientific collections accessible to investigators and students (20 U. S. C. 91), Part 10 of Title 22 of the Code of Federal Regulations is hereby superseded by the following regulation.

§ 10.1 *Definition.* The term records is construed in accordance with the act of July 7, 1943 (57 Stat. 380; 44 U. S. C. 366).

§ 10.2 *Availability of classified material.* Material bearing a security classification will not be made available outside the Department, except under the conditions outlined in the Security Regulations of the Department.

§ 10.3 *Use of records by officials of the United States Government other than officers of the Department of State.* Authorization for Government officials, other than officers of the Department of State, to use the records of the Department, except where the application is processed: (a) through liaison channels of the Division of Communications and Records, for civilian agencies of the Government; (b) through the Office of Libraries and Intelligence-Acquisition, for intelligence agencies; (c) through the Office of Controls, for security agencies; and (d) through the Legislative Counsel or Assistant Secretary of State—Administration, for Congressional committees and their staffs and for individual Congressmen; will be subject to such conditions as the chiefs of the appropriate policy divisions of the Department of State, in consultation with the Chief of the Division of Historical Policy Research and the Chief of the Division of Security, may deem it advisable to prescribe.

§ 10.4 *Use of records by persons who are not officials of the United States Government*—(a) *Records of the open period.* The records of the Department prior to January 1, 1923, with certain exceptions such as records relating to the citizenship of individuals, unsettled claims, and Foreign Service inspection and personnel records, are open for inspection by the general public at the National Archives, subject to its regulations. On January 1, 1949, and each year thereafter until January 1, 1955, this date will be automatically advanced one year.

(b) *Records of the restricted period.* Records of the Department between the open period and January 1, 1933 are restricted and are available for use under the following regulations:

(1) Applicants such as lawyers, publicists, and scholars must satisfy the Department that they are qualified to do research and that they have an important and definite use for the information desired.

(2) Applicants must confine their requests for material to specific subjects or particular papers. (Neither the Department nor the National Archives is in a position to assemble large quantities of papers for persons not officials of the United States Government.)

(3) Applicants must agree to utilize records made available to them subject to such conditions as the Department may find it necessary to prescribe.

(4) An application from an alien to consult the records of the Department under this regulation, except in the case of an alien visiting this Government under an international-exchange program administered by the United States, will be considered only if such an application is accompanied by a letter from the head of the embassy or legation at Washington of the country of which the alien is a citizen, subject, or national. Such a letter will show that the applicant is favorably known to the appropriate embassy or legation and that the mission is familiar with the applicant's work. The Department, however, reserves the right, without prejudice, to refuse permission to consult the original records to any alien applicant.

(5) Applications to consult restricted records will be referred to the Chief of the Division of Historical Policy Research, who will inform the applicants as to whether the desired records can be made available within security restrictions. The Division of Historical Policy Research will make any necessary arrangements for applicants to consult official files subject to such conditions as may be decided upon.

(c) *Records of the closed period.* Records of the Department of a date later than January 1, 1933, or such subsequent date as may be fixed by the Department, will normally be regarded as closed, and will be made available to persons who are not officials of the United States Government only in exceptional circumstances upon determination that the interests of national policy are served thereby.

(d) *Liberal interpretation of regulation.* It is the policy of the Department to make its records available to persons not officials of the United States Government as liberally as circumstances permit.

This regulation shall become effective upon publication in the FEDERAL REGISTER.

(R. S. sec. 161, No. 8, 27 Stat. 395, sec. 1, 31 Stat. 1039, sec. 1, 45 Stat. 531, sec. 4 (e), 53 Stat. 1433, sec. 3, 54 Stat. 1232; 5 U. S. C. 22, 20 U. S. C. 91)

Approved: December 23, 1948.

For the Secretary of State.

[SEAL] ROBERT A. LOVETT,
Acting Secretary of State.

[F. R. Doc. 48-11347; Filed, Dec. 29, 1948; 9:14 a. m.]

[Dept. Reg. 108.86]

PART 40—VISAS: DIPLOMATIC

The following amendment to Part 40 (former Part 60), Chapter I, Title 22, Code of Federal Regulations (Departmental Regulation 12, 10 F. R. 12679) is hereby prescribed:

Paragraph (c) of § 40.2 is amended to read as follows:

§ 40.2 *Officers authorized to grant diplomatic visas.* * * *

(c) The Chief and the Assistant Chiefs of the Visa Division of the Department of State, and the Chief and Assistant Chief of the Diplomatic Visa Section of the Visa Division are authorized to grant diplomatic and official visas to aliens who are diplomatic, or career consular officers of foreign governments, and to members of their immediate families, attendants, servants, and employees, who are in, and desire to reenter, the United States after a temporary absence therefrom. Any such visa shall be considered as having been granted to an alien who is classified as a nonimmigrant under section 3 (1) of the Immigration Act of 1924, as amended, unless otherwise specified in the visa.

The provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C., Sup. 1003) relative to proposed rule-making and delayed effective date

are inapplicable since this regulation involves foreign affairs functions.

(40 Stat. 559; 54 Stat. 673; 55 Stat. 252; 8 U. S. C. 451; 22 U. S. C. 223–227)

This regulation shall become effective immediately upon publication in the FEDERAL REGISTER.

Approved: December 23, 1948.

[SEAL] ROBERT A. LOVETT,
Acting Secretary of State.

Dated: December 17, 1948.

Recommended, in so far as the provisions of the Immigration Act of 1924 and the Alien Registration Act of 1940, are concerned:

TOM C. CLARK,
Attorney General.

[F. R. Doc. 48-11349; Filed, Dec. 29, 1948; 9:15 a. m.]

[Dept. Reg. 108.85]

PART 63 — VISAS: DOCUMENTATION OF ALIENS ENTERING THE UNITED STATES AS SEAMEN OR AIRMEN

REVOCATION OF REGULATIONS RELATING TO DOCUMENTATION REQUIRED OF ALIENS ENTERING THE UNITED STATES AS SEAMEN OR AIRMEN

Sections 63.51, 63.52, and 63.53 of Part 63, Chapter I, Title 22, Code of Federal Regulations (Departmental Regulation 108.19, 11 F. R. 10107), relating to documents required of aliens entering the United States as members of crews of, or as passengers on, aircraft, are hereby revoked.

This order shall become effective upon the date of its publication in the FEDERAL REGISTER. The provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) relative to proposed rule making and delayed effective date are inapplicable because this order relates to foreign-affairs functions.

(Sec. 24, 43 Stat. 166; 8 U. S. C. 222)

[SEAL] ROBERT A. LOVETT,
Acting Secretary of State.

DECEMBER 23, 1948.

Recommended, so far as the provisions of the Immigration Act of 1924 and the Alien Registration Act, 1940, are concerned:

TOM C. CLARK,
Attorney General.

DECEMBER 21, 1948.

TITLE 29—LABOR

Chapter X—National Mediation Board

EDITORIAL CHANGES INCIDENT TO PUBLICATION OF CODE OF FEDERAL REGULATIONS, 1949 EDITION

In order to conform Chapter X of Title 29 to the scope and style of the Code of Federal Regulations, 1949 Edition, as prescribed by the regulations of the Administrative Committee of the Federal Register and approved by the President effective October 12, 1948 (13 F. R. 5929), the following editorial changes are made, effective upon their publication in the FEDERAL REGISTER.

1. The codification of Part 1201, Organization, and Part 1207, Availability of Board's Records, is discontinued. Future amendments to this material will appear in the Notices section of the FEDERAL REGISTER.

2. Parts 1202 to 1206 are redesignated Parts 1201 to 1205, respectively, Part 1208 is redesignated Part 1206, and the sections in those parts are redesignated accordingly.

3. The headnote of former Part 1203, Functions, is changed to read "Part 1202, Rules of Procedure."

Approved for National Mediation Board.

[SEAL] ROBERT F. COLE,
Secretary.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

[Amdt. 5]

PART 604—SELECTIVE SERVICE OFFICERS

SIGNING OFFICIAL PAPERS

The Selective Service Regulations are hereby amended as follows:

Section 604.59 is amended to read as follows:

§ 604.59 *Signing official papers.* Official papers issued by a local board may be signed by the clerk of the local board if he is authorized to do so by resolution duly adopted by and entered in the minutes of the meetings of the local board; provided, that the chairman or a member of the local board must sign a particular paper when specifically required to do so by the Director of Selective Service. (Sec. 10, Pub. Law 759, 80th Cong.; E. O. 9979, July 20, 1948, 13 F. R. 4177)

The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

[SEAL] LEWIS B. HERSHEY,
Director of Selective Service.

DECEMBER 23, 1948.

[F. R. Doc. 48-11391; Filed, Dec. 29, 1948; 9:16 a. m.]

Chapter XXIII—War Assets Administration

REARRANGEMENT OF TEXT AND RENUMBERING OF TITLE, CHAPTER, AND SECTIONS

EDITORIAL NOTE: For the purpose of effecting a more logical arrangement of subject matter and more consistent system of numbering Title 32, Chapter XXIII, of the Code of Federal Regulations is renumbered as follows under Title 44, Chapter IV. Future amendments will conform to new designations.

Old sec. No.	New sec. No.	
8301.1 to 8301.20.	401.1 to 401.23.	Designation of disposal agencies, etc.; disposition of proceeds; and compliance.
8301.51	401.51	Assignment of surplus property.
8301.53	401.52	Forms for declaration of surplus.
8301.57	401.53	Approval of delegation to Department of State of authority to dispose of surplus aircraft.
8301.58	401.54	Forms for reporting acquisition, disposal, and inventory of surplus personal property.
8301.61	401.54	Postponement of responsibility of disposal agencies for care and handling of surplus personal property.
8301.62	401.55	Cessation of declarations of real and personal property by owning agencies to disposal agencies.
8311.51	401.101	Special accounts for refunds to purchasers.
8311.52	401.102	Financial reports by disposal agencies.
8311.53	401.103	Use of surplus property by disposal agencies.
8302.1 to 8302.21.	402.1 to 402.21.	Surplus personal property.
8321.52	402.101	Disposal of explosives and related products.
8305.1 to 8305.30.	403.1 to 403.30.	Surplus real property.
8305.56	403.51	Authorization to National Housing Agency to remove temporary housing.
8305.61	403.52	Forms for reporting acquisition, disposal, and inventory of surplus nonindustrial real property.
8305.65	403.53	Eligibility of public international organizations.
8305.66	403.54	Disposal of chapels.
8317.1 to 8317.14.	404.1 to 404.14.	Stock piling of strategic and critical materials.
8317.51	404.51	Report by Reconstruction Finance Corporation.
8317.54	404.52	Disposition of bauxite.
8317.55	404.53	Forms for reporting strategic materials.
8317.56	404.54	Direct sale of copper and lead scrap by owning agencies outside the continental limits of the United States.

Chapter XXIV—Department of State, Disposal of Surplus Property

REARRANGEMENT OF TEXT AND RENUMBERING OF REGULATIONS

EDITORIAL NOTE: For the purpose of effecting a more logical arrangement of subject matter and more consistent system of numbering, Title 32, Chapter XXIV, of the Code of Federal Regulations is renumbered as follows under Title 44, Chapter V. Future amendments will conform to new designations.

Part 8508 (Disposal of surplus property located in foreign areas) is redesignated Part 508.

Codification of Part 8501 is discontinued. Future amendments to the material will be carried in the Notices section.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 203—BRIDGE REGULATIONS

MISCELLANEOUS AMENDMENTS

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U. S. C. 499), §§ 203.70, 203.221, 203.241, 203.360, 203.365, 203.375, 203.376, 203.377, 203.433, 203.460, 203.470, 203.500, and 203.556 are hereby revoked, subparagraphs (a) (1)–(9) of § 203.200 are hereby renumbered paragraphs (a)–(i), subparagraph (10)

being revoked, subparagraphs (a) (1)–(7) of § 203.670 are hereby renumbered paragraphs (a)–(g), and subparagraphs (a) (1)–(7) of §203.675 are hereby renumbered paragraphs (a)–(g), paragraph (b) being revoked, and §§ 203.85, 203.115, 203.225, 203.227, 203.240, 203.245, 203.446, 203.555, 203.712, 203.714, and 203.770 are hereby amended, §§ 203.87, 203.89, and 203.560 are hereby prescribed, and certain changes are hereby made in cross-reference and other notes, as follows:

§ 203.85 *Sakonnet River, R. I.; State of Rhode Island Highway Bridge and New York, New Haven and Hartford Railroad Company bridge at Tiverton.* (a) The signal for opening the draw of each of these bridges shall be three short blasts of a whistle or horn. This signal shall be answered by one long blast of a whistle or horn on the bridge when the operation of opening is commenced, or, if the draw cannot be opened promptly, by three long blasts and in addition a red flag or ball by day and a red light by night shall be conspicuously displayed on the bridge.

(b) Except as otherwise provided in this section, the draws of the bridges shall be immediately opened, upon receiving the prescribed signal, at all times during the day or night for the passage of foreign vessels and "vessels of the United States" as defined in R. S. 4311 (46 U. S. C. 251) unable to pass under the closed draws.

(c) When a train which will entirely cross the railroad bridge before stopping has reached the distance signal of the bridge and is in motion toward the bridge, the train may continue across the bridge, but in no case, except as provided in paragraph (e) of this section, shall the opening of the bridge for a vessel be delayed more than four minutes after the signal is given.

(d) For all vessels or watercraft other than those described in paragraph (b) of this section which cannot pass the closed bridges, the draws shall, upon receiving the prescribed signal, be opened when two or more such vessels or other watercraft may be ready to pass through: *Provided,* That in no case shall the delay be more than 20 minutes.

(e) When the draw of either of the bridges shall have been open for 10 minutes or longer, it may be closed for the crossing of trains, cars, vehicles, or persons, if any be waiting to cross, and after being so closed for 10 minutes or for such shorter time as may be necessary for the trains, cars, vehicles, or persons to cross, it shall again be opened promptly for the passage of foreign vessels or "vessels of the United States," if there be any such desiring to pass. The length of time that a draw shall have been open shall be computed from the time that the drawspan is fully open, and the length of time that a draw has been closed shall be computed from the time that the drawspan ceases to move in closing.

(f) For every vessel that cannot pass the closed bridges the operation of the draw shall afford full horizontal and vertical clearance in the draw opening regardless of the size or requirements of the passing vessel.

(g) Trains, cars, vehicles, or persons shall not be stopped on any drawspan for the purpose of delaying the opening of the draw, nor shall any vessel or other watercraft be so handled or placed as to delay the opening or closing of any drawspan, but all passage over, under, or through a drawspan shall be prompt so as to reduce delays to water and land traffic to a minimum.

(h) The owner of or agency controlling each bridge shall maintain in good and efficient order the drawspan and the machinery and appliances for operating the same and for assisting vessels while passing through the draw. The owner of or agency controlling the bridge shall also provide and maintain at the drawspan such number of draw tenders or operators as may be necessary to open and close the same promptly; and shall also provide and maintain in good order on the bridge piers or fenders such fixtures as may be necessary to vessels in mooring or making fast while waiting for the drawspan to open.

§ 203.87 *Taunton River, Mass.; bridges.* (a) The signal for opening the draw of each of the drawbridges shall be three short blasts of a whistle or horn. This signal shall be answered by one long blast of a whistle or horn on the bridge when the operation of opening is commenced, or, if the draw cannot be opened promptly, by three long blasts and in addition a red flag or ball by day and a red light by night shall be conspicuously displayed on the bridge.

(b) Except as otherwise provided in this section, the draws of the bridges shall be immediately opened, upon receiving the prescribed signal, at all times during the day or night for the passage of foreign vessels and "vessels of the United States" as defined in R. S. 4311 (46 U. S. C. 251) unable to pass under the closed draws.

(c) When a train which will entirely cross a railroad bridge before stopping has reached the distance signal of the bridge and is in motion toward the bridge, the train may continue across the bridge, but in no case, except as provided in paragraph (f) of this section, shall the opening of the bridge for a vessel be delayed more than four minutes after the signal is given.

(d) Between 10:00 p. m. and 5:00 a. m. from May to October, inclusive, and between 6:00 p. m. and 6:00 a. m. from November to April, inclusive, the draw of the Bristol County highway bridge at Berkley shall be opened for the passage of all vessels which cannot pass the closed bridge upon notice given by telephone or otherwise to the operator at least 30 minutes in advance of the time the vessel desires to pass through the draw. The owner of or agency controlling the bridge shall provide arrangements whereby the draw tender can be reached by telephone or otherwise from the bridge, or through a public telephone exchange, and notice of such arrangements shall be kept conspicuously posted on the bridge.

(e) For all vessels or watercraft other than those described in paragraph (b) of this section which cannot pass the closed bridges, the draws shall, upon receiving the prescribed signal, be opened when two or more such vessels or other watercraft may be ready to pass through: *Provided,* That in no case shall the delay be more than 20 minutes.

(f) When the draw of any of the bridges shall have been open for 10 minutes or longer, it may be closed for the crossing of trains, cars, vehicles, or persons, if any be waiting to cross, and after being so closed for 10 minutes or for such shorter time as may be necessary for the trains, cars, vehicles, or persons to cross, it shall again be opened promptly for the passage of foreign vessels or "vessels of the United States," if there be any such desiring to pass. The length of time that a draw shall have been open shall be computed from the time that the drawspan is fully open, and the length of time that a draw has been closed shall be computed from the time that the drawspan ceases to move in closing.

(g) For every vessel that cannot pass the closed bridges the operation of the draw shall afford full horizontal and vertical clearance in the draw opening regardless of the size or requirements of the passing vessel.

(h) Trains, cars, vehicles, or persons shall not be stopped on any drawspan for the purpose of delaying the opening of the draw, nor shall any vessel or other watercraft be so handled or placed as to delay the opening or closing of any drawspan, but all passage over, under, or through a drawspan shall be prompt so as to reduce delays to water and land traffic to a minimum.

(i) The owner of or agency controlling each bridge shall maintain in good and efficient order the drawspan and the machinery and appliances for operating the same and for assisting vessels while passing through the draw. The owner of or agency controlling the bridge shall also provide and maintain at the drawspan such number of draw tenders or operators as may be necessary to open and close the same promptly; and shall also provide and maintain in good order on the bridge piers or fenders such fixtures as may be necessary to vessels in mooring or making fast while waiting for the drawspan to open.

§ 203.89 *Seekonk (Pawtucket) River, Providence, R. I.; bridges.* (a) The signal for opening the draw of each of the drawbridges shall be three short blasts of a whistle or horn. This signal shall be answered by one long blast of a whistle or horn on the bridge when the operation of opening is commenced, or, if the draw cannot be opened promptly, by three long blasts and in addition a red flag or ball by day and a red light by night shall be conspicuously displayed on the bridge.

(b) Except as otherwise provided in this section, the draws of the bridges shall be immediately opened, upon receiving the prescribed signal, at all times during the day or night for the passage of foreign vessels and "vessels of the United States" as defined in R. S. 4311 (46 U. S. C. 251) unable to pass under the closed draws.

(c) When a train which will entirely cross a railroad bridge before stopping has reached the distance signal of the bridge and is in motion toward the bridge,

the train may continue across the bridge, but in no case, except as provided in paragraph (f) of this section, shall the opening of the bridge for a vessel be delayed more than four minutes after the signal is given.

(d) Between 7:00 a. m. and 9:00 a. m. and between 4:00 p. m. and 6:00 p. m. daily the draws of the highway bridges (Washington Bridge and Red Bridge) shall be closed to all vessels except those drawing 10 feet or more of water at the time.

(e) For all vessels or watercraft other than those described in paragraph (b) of this section which cannot pass the closed bridges, the draws shall, upon receiving the prescribed signal, be opened when two or more such vessels or other watercraft may be ready to pass through: *Provided,* That in no case shall the delay be more than 20 minutes.

(f) When the draw of any of the bridges shall have been open for 10 minutes or longer, it may be closed for the crossing of trains, cars, vehicles, or persons, if any be waiting to cross, and after being so closed for 10 minutes or for such shorter time as may be necessary for the trains, cars, vehicles, or persons to cross, it shall again be opened promptly for the passage of foreign vessels or "vessels of the United States," if there be any such desiring to pass. The length of time that a draw shall have been open shall be computed from the time that the drawspan is fully open, and the length of time that a draw has been closed shall be computed from the time that the drawspan ceases to move in closing.

(g) For every vessel that cannot pass the closed bridges the operation of the draw shall afford full horizontal and vertical clearance in the draw opening regardless of the size or requirements of the passing vessel.

(h) Trains, cars, vehicles, or persons shall not be stopped on any drawspan for the purpose of delaying the opening of the draw, nor shall any vessel or other watercraft be so handled or placed as to delay the opening or closing of any drawspan, but all passage over, under or through a drawspan shall be prompt so as to reduce delays to water and land traffic to a minimum.

(i) The owner of or agency controlling each bridge shall maintain in good and efficient order the drawspan and the machinery and appliances for operating the same and for assisting vessels while passing through the draw. The owner of or agency controlling the bridge shall also provide and maintain at the drawspan such number of draw tenders or operators as may be necessary to open and close the same promptly; and shall also provide and maintain in good order on the bridge piers or fenders such fixtures as may be necessary to vessels in mooring or making fast while waiting for the drawspan to open.

§ 203.115 *Connecticut River, Conn.; bridges.* (a) The signal for opening the draw of each of the drawbridges shall be one long blast (of about five seconds' duration) of a whistle or horn. This signal shall be answered by one long blast of a whistle or horn on the bridge when the operation of opening is commenced, or, if the draw cannot be opened promptly, by a series of not less than four short, sharp blasts (each of not more than one second's duration) and in addition a red flag or ball by day and a red light by night shall be conspicuously displayed on the bridge.

* * * * *

(e) [Revoked.] * * *

Inland Waterway from Delaware River to Chesapeake Bay, Del. and Md. See § 207.100. (Eliminated and inserted preceding § 203.240.)

§ 203.225 *Navigable waters in the State of New Jersey; bridges where constant attendance of draw tenders is not required.* (a) The owners of or agencies controlling the bridges listed in paragraph (f) of this section will not be required to keep draw tenders in constant attendance.

(b) Whenever a vessel unable to pass under a closed bridge desires to pass through the draw, advance notice, as specified, of the time the opening is required shall be given to the authorized representative of the owner of or agency controlling the bridge.

(c) Upon receipt of such advance notice, the authorized representative of the owner of or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owners of or agencies controlling the bridges shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can easily be read at any time, a copy of the regulations in this section together with a notice stating exactly how the representative specified in paragraph (b) may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition, and the draws shall be opened and closed at intervals frequent enough to make certain that the machinery is in proper order for satisfactory operation.

(f) The bridges to which this section applies, and the regulations applicable in each case, are as follows:

Passaic River; Passaic and Bergen Counties highway bridge at West Eighth Street, Passaic. At least 24 hours' advance notice required.

Shrewsbury River (South Branch) at junction of Parker Creek and Oceanport Creek; Monmouth County Gooseneck Highway Bridge. During the period from November 1 to April 30, inclusive, at least four hours' advance notice required. At all other times the regulations contained in § 203.215 shall govern the operation of this bridge.

Oceanport Creek; New York and Long Branch Railroad Company bridge near Oceanport. At least four hours' advance notice required.

Tuckahoe River; New Jersey State Highway Department bridge at Tuckahoe. At least 24 hours' advance notice required.

Maurice River; New Jersey State Highway Department bridge at Main Street, Millville. At least 24 hours' advance notice required.

Manantico Creek; New Jersey State Highway Department bridge near Millville. At least 12 hours' advance notice required.

Cohansey River; New Jersey State Highway Department bridge at Broad Street, Bridgeton. At least 24 hours' advance notice required.

Alloway Creek; New Jersey State Highway Department bridge at Quinton. At least 24 hours' advance notice required.

Oldmans Creek; New Jersey State Highway Department bridge near Nortonville and Pennsylvania-Reading Seashore Lines railroad bridge near Pedricktown. At least 24 hours' advance notice required.

§ 203.227 *Delaware and Schuylkill Rivers, N. J. and Pa., in vicinity of Philadelphia and Bristol; bridges*—(a) *Signals.* When at any time during the day or night any vessel, tug, or other watercraft unable to pass under a closed drawbridge approaches it with the intention of passing through the draw, the signal for the draw to be opened shall be three blasts of a whistle or horn blown on the vessel or craft. If the draw is ready to be opened immediately when the signal is given on the vessel or craft, the signal shall be answered by two blasts of a whistle or horn blown on the bridge; if the draw is not ready to be opened immediately, the signal shall be answered by one blast of a whistle or horn blown on the bridge.

(b) *Opening the draw.* Upon hearing or perceiving the prescribed signal, the bridge tender shall immediately clear the drawspan and open the draw to its full extent for the passage of the vessel or other craft: *Provided:* That the draw of a railroad bridge need not be opened when there is a train in the bridge block approaching the bridge with the intention of crossing, nor within five minutes of the known time of passage of a scheduled passenger, mail, or express train; but in no event, except in case of breakdown of the operating machinery, shall the opening of the draw be delayed more than five minutes in the case of a highway bridge nor more than 10 minutes in the case of a railroad bridge: *And Provided further:* That the draw need not be opened for the passage of a tug or other craft equipped with a movable stack or mast which can readily be lowered so as to permit its passage under the closed draw, unless such craft has in tow a vessel which is unable to pass under the closed draw or by reason of stress of weather it is unsafe to lower such stack or mast.

(c) *Interference with operation.* Vehicles, streetcars, locomotives, and trains shall not be stopped on the drawspans, nor shall locomotives or trains be stopped in the bridge blocks of railroad bridges in such manner as to delay the operation of the draw, except in case of urgent necessity, nor shall vessels be moored to the bridge fenders or so maneuvered as to unnecessarily hinder or delay the closing of the draw, but all passages over, through, or under the bridges shall be prompt, to avoid delay to either land or water traffic.

(d) *Hinged stacks and masts.* Each tug, towboat, barge, and other small craft regularly and habitually navigating the Schuylkill River shall be subject to inspection and measurement by the District Engineer, Corps of Engineers, to determine the exact height above the water surface of its pilot or deckhouses when such vessel is in its ordinary trim; and the District Engineer is hereby empow-

cred to decide in each case whether or not the vessel shall be equipped with hinged or removable stacks, masts, and flagpoles which can be lowered to enable the vessel to pass under the closed draw of any or all of the bridges. If the District Engineer decides that such action should be taken, he shall notify the vessel owner and the bridge owner of his decision, specifying a reasonable time for making the alterations; and after the expiration of the time specified the draw need not be opened for the passage of such vessel unless it has in tow a vessel unable to pass under the closed draw or by reason of stress of weather it is unsafe to lower such stack or mast.

(e) *Operating machinery.* All drawbridges shall be equipped with adequate, quick-operating power machinery for opening and closing the draw, and this machinery shall at all times be kept in good and effective working condition and manned by competent operators.

(f) *Clearance gages.* The owners of each bridge shall provide and keep in good legible condition two board gages, painted white with black figures not less than six inches high, to indicate the headroom clearance under the closed span at all stages of the tide. These gages shall be so placed on the ends of the drawspan fenders that they will be plainly visible to the navigator of a vessel approaching the bridge either upstream or downstream.

Inland Waterway from Delaware River to Chesapeake Bay, Del. and Md. (Chesapeake and Delaware Canal). See § 207.100.

§ 203.240 *Navigable waters discharging into the Atlantic Ocean south of and including Chesapeake Bay and into the Gulf of Mexico (including the Lower Atchafalaya River, La.), except the Mississippi and its tributaries and outlets; bridges.* (a) * * *

NOTE: The special regulations contained in §§ 203.245 to 203.540 prescribed where local conditions require to govern the operation of certain bridges, supplement the general regulations contained in § 203.240.

§ 203.245 *Navigable waters discharging into the Atlantic Ocean south of and including Chesapeake Bay and into the Gulf of Mexico, except the Mississippi River and its tributaries and outlets; bridges where constant attendance of draw tenders is not required.* (a) The owners of or agencies controlling the bridges listed in paragraph (f) of this section will not be required to keep draw tenders in constant attendance.

(b) Whenever a vessel unable to pass under a closed bridge desires to pass through the draw, advance notice, as specified, of the time the opening is required shall be given to the authorized representative of the owner of or agency controlling the bridge.

(c) Upon receipt of such advance notice, the authorized representative of the owner of or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owners of or agencies controlling the bridges shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can easily be read at any time, a copy of the regulations in this section together with a notice stating exactly how the representative specified in paragraph (b) may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition, and the draws shall be opened and closed at intervals frequent enough to make certain the machinery is in proper order for satisfactory operation.

(f) The bridges to which this section applies, and the special regulations applicable in each case, are as follows:

Bush River, Md.; Pennsylvania Railroad Company bridge at Bush River. From October 1 to May 31, inclusive, and between 7:00 p. m. and 10:00 a. m. from June 1 to September 30, inclusive, at least three hours' advance notice required. Between 10:00 a. m. and 7:00 p. m. from June 1 to September 30, inclusive, the regulations contained in section 203.240 shall govern the operation of this bridge.

Chester River, Md.; Maryland State Roads Commission bridge at Crumpton. Between sunrise and sunset from November 1 to March 31, inclusive, at least six hours' advance notice required. Between sunset and sunrise during this period the draw need not be opened for the passage of vessels. From April 1 to October 31, inclusive, the regulations contained in § 203.240 shall govern the operation of this bridge.

Dorseys (College) Creek, Md.; bridges of the Maryland State Roads Commission and the Baltimore and Annapolis Railroad Company at Annapolis. At least five hours' advance notice required.

Hunting Creek, Md.; bridge of the County Commissioners of Caroline and Dorchester Counties near Choptank. At least 24 hours' advance notice required.

Marshyhope Creek, Md.; Maryland State Roads Commission bridge at Brookview. Between sunrise and sunset, at least six hours' advance notice required. Between sunset and sunrise the draw need not be opened for the passage of vessels.

Pocomoke River, Md.; Maryland State Roads Commission bridge at Snow Hill. At least five hours' advance notice required.

Onancock River, Warrington Branch, Va.; highway bridge at Onancock. At least three hours' advance notice required.

Cat Point Creek, Va.; Virginia Department of Highways bridge near Warsaw. At least four hours' advance notice required.

Elizabeth River, Western Branch, Va.; Virginia Department of Highways bridge at Hodges Ferry. At least eight hours' advance notice required.

Baines Creek, Va.; Atlantic Coast Line Railroad Company bridge at Portsmouth. At least 24 hours' advance notice required.

Nansemond River, Western Branch, Va.; Virginia Department of Highways bridge at Reids Ferry. At least eight hours' advance notice required.

Appomattox River, Va.; Seaboard Air Line Railroad Company bridge near Hopewell. Between 6:00 p. m. and 6:00 a. m., at least 30 minutes advance notice required. Between 6:00 a. m. and 6:00 p. m. the regulations contained in § 203.240 shall govern the operation of this bridge.

Scuppernong River, N. C.; North Carolina State Highway and Public Works Commission bridge at Creswell. At least 24 hours' advance notice required.

Pungo River, N. C.; North Carolina State Highway and Public Works Commission bridge at Leechville. At least 24 hours' advance notice required.

Pungo Creek, N. C.; North Carolina State Highway and Public Works Commission bridge near Ransomville. At least 24 hours' advance notice required.

South Creek, N. C.; bridge of North Carolina State Highway and Public Works Commission at Aurora and Atlantic Coast Line Railroad Company at Royal. At least 24 hours' advance notice required.

Bath Creek, N. C.; North Carolina State Highway and Public Works Commission bridge at Bath. At least 24 hours' advance notice required.

Tar River, N. C.; Atlantic Coast Line Railroad Company bridge at Greenville, and drawbridges upstream therefrom. At least 24 hours' advance notice required.

Neuse River, N. C.; North Carolina State Highway and Public Works Commission bridge at Maple Cypress Landing (Fort Barnwell). At least 12 hours' advance notice required.

Neuse River, N. C.; drawbridges upstream from North Carolina State Highway and Public Works Commission bridge at Maple Cypress Landing (Fort Barnwell). At least 24 hours' advance notice required.

Trent River, N. C.; Atlantic Coast Line Railroad Company bridge at Pollocksville, and drawbridges upstream therefrom. At least 24 hours' advance notice required.

Brices Creek, N. C.; North Carolina State Highway and Public Works Commission bridge near James City. At least 24 hours' advance notice required.

Contentnea Creek, N. C.; Atlantic Coast Line Railroad Company bridge at Grifton. At least 24 hours' advance notice required.

Pee Dee River, S. C.; South Carolina State Highway Department bridge near Georgetown (Pee Dee River drawspan of the Lafayette Bridge). At least 12 hours' advance notice required.

Pee Dee River, S. C.; Seaboard Air Line Railway Company bridge at Poston. At least 24 hours' advance notice required.

Black River, S. C.; South Carolina State Highway Department bridge near Georgetown. At least 12 hours' advance notice required. The owner of or agency controlling the bridge shall arrange for its representative to be reached at the same place that the representative for the Lafayette Bridge may be reached in order that one notice may suffice to secure the prompt opening of both bridges.

Santee and Congaree Rivers, S. C.; drawbridges upstream from South Carolina State Highway Department bridge near Lanes. At least 24 hours' advance notice required.

Cooper River, S. C.; Seaboard Air Line Railway Company bridge near Codesville. At least 24 hours' advance notice required: *Provided*, That a draw tender shall be placed in constant attendance on 10 days' notice in writing from the District Engineer, Corps of Engineers.

Church Creek, S. C.; South Carolina State Highway Department bridge between Johns Island and Wadmalaw Island. At least 24 hours' advance notice required.

Edisto River, S. C.; Seaboard Air Line Railway Company bridge near Fenwick. At least 24 hours' advance notice required.

Ashepoo River, S. C.; South Carolina State Highway Department bridge at Brickyard Ferry near Bennetts Point. At least 24 hours' advance notice required. Any vessel navigating Ashepoo River with the intention of making repeated trips shall notify the authorized representative of the owner of or agency controlling the bridge of the expected frequency of such trips. The bridge shall then be maintained in readiness to open promptly upon signal from the vessel without any further notice. Repeated trips shall be understood to mean trips not more than 24 hours' apart.

Ashepoo River, S. C.; Seaboard Air Line Railway Company bridge near Fenwick. At least 96 hours' advance notice required: *Provided*, That a draw tender shall be placed in constant attendance on 10 days' notice in

writing from the District Engineer, Corps of Engineers.

Combahee River, S. C.; bridges of Seaboard Air Line Railway Company near Wiggins and South Carolina State Highway Department near Sheldon. At least 12 hours' advance notice required.

North Wimbee Creek, S. C.; Seaboard Air Line Railway Company bridge near Lobeco. At least 24 hours' advance notice required.

Harbor River, a tidal estuary in St. Helena Sound, S. C.; South Carolina State Highway Department bridge on State Highway No. 285 at Hunting Island. At least 24 hours' advance notice required.

Battery Creek, S. C.; South Carolina State Highway Department bridge between Beaufort and Parris Island. At least 24 hours' advance notice required.

Broad River, S. C.; Seaboard Air Line Railway Company bridge near Whale Branch. At least 24 hours' advance notice required.

Richardson's Creek, Ga.; Chatham County highway bridge connecting Oatland Island and Whitemarsh Island near Thunderbolt. At least 24 hours' advance notice required.

Ogeechee River, Ga.; all drawbridges. At least 24 hours' advance notice required.

Altamaha River, Oconee River, and Ocmulgee River, Ga.; all drawbridges. At least 24 hours' advance notice required.

Broward River (Cedar Creek) and Clapboard Creek, Fla.; bridges on Heckscher Drive. At least 12 hours' advance notice required.

St. Johns River, Fla.; Florida East Coast Railway Company bridge at Cook's Ferry. At least eight hours' advance notice required.

Kissimmee River, Fla.; Seaboard Air Line Railway Company bridge near Fort Bassenger. At least 24 hours' advance notice required.

Caloosahatchee Canal, Fla.; Atlantic Coast Line Railroad Company bridge at Moore Haven. Between 10:00 p. m. and 6:00 a. m., the draw need not be opened for the passage of vessels. Between 6:00 a. m. and 10:00 p. m. the regulations in section 203.240 shall govern the operation of this bridge.

Orange River, Fla.; State Road Department of Florida bridge one mile above mouth near Fort Myers. At least 24 hours' advance notice required, except during a hurricane alert issued by the United States Weather Bureau affecting the area of the Caloosahatchee and Orange Rivers when a draw tender shall be constantly on duty and the bridge opened at any time for the passage of vessels giving the usual signal.

Miakka River, Fla.; highway and railroad drawbridges near Charlotte Beach. At least 36 hours' advance notice required.

Lemon Bay, Fla.; highway drawbridge near drawbridges near Charlotte Beach. At least 36 hours' advance notice required.

Palm River (Sixmile Creek), a tributary of McKay Bay near Tampa, Fla.; Atlantic Coast Line Railroad bridge about one mile above mouth. At least 12 hours' advance notice required. When such notice is given, the owner of or agency controlling the bridge shall keep a draw tender in constant attendance for a period of one hour beginning at the time of high tide at reference station Tampa, as published by the United States Coast and Geodetic Survey, occurring at any time between sunrise and sunset at latitude 28° north, as published by the United States Hydrographic Office. When a draw tender is in attendance at the bridge during such period, the bridge shall be opened for any vessel desiring passage whether or not it has given advance notice.

Coffee Pot Bayou, St. Petersburg, Fla.; highway bridge at foot of Poplar Street. At least one hour's advance notice required.

Suwannee River, Fla.; Atlantic Coast Line Railroad Company bridge at Old Town. At least five days' advance notice required.

Apalachicola River, Fla.; Louisville and Nashville Railroad Company bridge at River Junction. At least 24 hours' advance notice required: *Provided*, That operators shall be placed in attendance on the bridge when the stage of the river rises to 14 feet on the gage, and they shall be maintained thereon for the duration of all stages above 14 feet.

Flint River, Ga.; bridges of Seaboard Air Line Railway Company and Atlantic Coast Line Railroad Company at Bainbridge. At least 24 hours' advance notice required.

Chattahoochee River, Ga. and Ala.; bridges of Atlantic Coast Line Railroad Company at Alaga, Ala., Central of Georgia Railroad Company at Columbia, Ala., and Seaboard Air Line Railway Company near Omaha, Ga. At least six hours' advance notice required.

Choctawhatchee River, Fla.; State Road Department of Florida bridge on State Road No. 10 approximately 14 miles east of Freeport. At least 12 hours' advance notice required.

Three Mile Creek, Ala.; State of Alabama Highway Department bridge at Mobile. At least 12 hours' advance notice required.

Coosa River, Ala.; Seaboard Air Line Railway Company bridge at Lock. At least 24 hours' advance notice required.

Coosa River, Ala.; Louisville and Nashville Railroad Company bridge at Gadsden. At least six hours' advance notice required.

West Pearl River, La.; New Orleans and Northeastern Railroad Company bridge at Pearl River Station. At least six hours' advance notice required.

Bayou Lacombe, La.; Louisiana Department of Highways bridge at Lacombe. At least 48 hours' advance notice required.

Bayou Colyell, La.; Louisiana Department of Highways bridge near Port Vincent. At least 48 hours' advance notice required.

Bayou Lafourche, La.; Texas and New Orleans Railroad Company bridge at Lafourche. Between 5:00 p. m. and 8:00 a. m., at least 12 hours' advance notice required. Between 8:00 a. m. and 5:00 p. m. the regulations contained in section 203.240 shall govern the operation of this bridge.

Bayou Lafourche, La.; Louisiana Department of Highways bridge at Labadieville. At least 48 hours' advance notice required.

Bayou Lafourche, La.; bridges of Louisiana Department of Highways and Texas and Pacific Railway Company near Napoleonville. At least 24 hours' advance notice required.

Bayou Black, La.; Morgan's Louisiana and Texas Railroad and Steamship Company bridge at Southdown. At least 24 hours' advance notice required.

Bayou Grosse Tete, La.; The Texas and Pacific Railway Company bridge at Grosse Tete, and Louisiana Department of Highways bridge near Rosedale. At least 48 hours' advance notice required.

Bayou Teche, La.; Louisiana Department of Highways bridges at Ruth and at Breaux Bridge. At least 48 hours' advance notice required.

Bayou Teche, La.; Morgan's Louisiana and Texas Railroad and Steamship Company bridge at Breaux Bridge. At least 24 hours' advance notice required.

Stumpy Bayou, La.; Louisiana Department of Highways bridge near Weeks Island. At least six days' advance notice required.

Vermilion River, La.; Louisiana Department of Highways bridge near Lafayette. At least 48 hours' advance notice required.

Bayou Des Cannes, La.; Louisiana Department of Highways bridge near Evangeline. At least 48 hours' advance notice required.

Bayou Plaquemine Brule, La.; Texas and New Orleans Railroad Company bridge near Midland. At least 24 hours' advance notice required.

Bayou Nezpique, La.; Louisiana Department of Highways bridge near Jennings. At least 48 hours' advance notice required.

Bayou Choupique, La.; bridges of Louisiana Department of Highways near Calcasieu. At least 48 hours' advance notice required.

Bayou D'Inde, La.; Louisiana Department of Highways bridge. At least 48 hours' advance notice required.

Bayou D'Inde, La.; railroad bridge of Defense Plant Corporation, Cities Service Refining Corporation, Agent. At least 72 hours' advance notice required.

Contraband Bayou, La.; Police Jury of Calcasieu Parish highway bridge near Lake Charles. At least six hours' advance notice required.

Houston River, La.; Kansas City Southern Railway Company bridge near Lake Charles. At least 24 hours' advance notice required.

English Bayou, La.; Louisiana Department of Highways bridge near Lake Charles. At least 48 hours' advance notice required.

Sabine River, La. and Tex.; Texarkana and Fort Smith Railway Company bridge near Ruliff, Tex., and highway bridge between Starks, La., and Deweyville, Tex. At least 24 hours' advance notice required.

Cow Bayou, Tex.; Orange County highway bridges 7 and 17 miles, respectively, above the mouth near Orangefield. At least six hours' advance notice required.

Brays Bayou, Tex.; Harris County highway bridge at Broadway, Harrisburg. At least 12 hours' advance notice required.

Brazos River, Tex.; combination highway and railroad bridge between Freeport and Velasco. At least 24 hours' advance notice required.

Brazos River Diversion Channel, Tex.; highway bridge near Freeport. At least 12 hours' advance notice required.

§ 203.446 *New River; highway bridge at S. E. Sixth Avenue, Fort Lauderdale, Fla.* (a) During the period December 1 to April 30, both dates inclusive, the owner of or agency controlling this bridge will not be required to open the drawspan between the hours of 11:00 a. m. and 6:30 p. m., except on the hour and half-hour when the bridge shall be opened to allow all accumulated vessels to pass; *Provided*, That between the hours of 4:00 p. m. and 5:00 p. m. the drawspan shall be opened on the hour, half-hour, and quarter-hour to allow all accumulated vessels to pass.

(b) The draw shall be opened at any time to allow the passage of a tow or vessel in distress.

(c) The owner or agency controlling the bridge shall place a clock on each side of the drawspan at such location and of sufficient size to be seen at day or night by craft within 300 feet of the bridge. The time of opening shall be governed by this clock.

(d) The owner or agency controlling the bridge shall place signs, of a size and description designated by the District Engineer, at each side of the bridge and at intervals of ½, 1, 1½, and 2 miles above and below the bridge.

§ 203.555 *Mississippi River and its navigable tributaries and outlets, including the Atchafalaya River, La., above Grand Lake; bridges.* * * *

NOTE: The special regulations contained in §§ 203.560 to 203.635, inclusive, and § 203.665, prescribed where local conditions require to govern the operation of certain bridges, supplement the general regulations contained in § 203.555.

§ 203.560 *Mississippi River and its tributaries and outlets; bridges where constant attendance of draw tenders is not required.* (a) The owners of or agencies controlling the bridges listed in paragraph (f) of this section will not be required to keep draw tenders in constant attendance.

(b) Whenever a vessel unable to pass under a closed bridge desires to pass

through the draw, advance notice, as specified, of the time the opening is required shall be given to the authorized representative of the owner of or agency controlling the bridge.

(c) Upon receipt of such advance notice, the authorized representative of the owner of or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owners of or agencies controlling the bridges shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can easily be read at any time, a copy of the regulations in this section together with a notice stating exactly how the representative specified in paragraph (b) may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition, and the draws shall be opened and closed at intervals frequent enough to make certain that the machinery is in proper order for satisfactory operation.

(f) The bridges to which this section applies, and the special regulations applicable in each case, are as follows:

Tante Phine Pass, La.; Tide Water Associated Oil Company bridge near Venice. At least 24 hours' advance notice required.

Red River, La.; State of Louisiana Department of Highways bridge at Moncla. At least 48 hours' advance notice required.

Red River, La.; bridges of Louisiana and Arkansas Railway Company, Rapides Parish (highway), and Missouri Pacific Railroad Company at Alexandria. At least four hours' advance notice required.

Red River, La.; State of Louisiana Department of Highways bridges at Boyce, Grand Ecore, and Coushatta. At least 48 hours' advance notice required.

Red River, Ark.; Missouri Pacific Railroad Company bridge at Fulton. At least 24 hours' advance notice required.

Caddo Lake, La.; bridge of Kansas City, Shreveport and Gulf Railway Company, operated by Kansas City Southern Railway Company, near Mooringsport. At least 24 hours' advance notice required.

Tensas River, La.; State of Louisiana Department of Highways bridges at Clayton and near New Light. At least 48 hours' advance notice required.

Macon Bayou, La.; State of Louisiana Department of Highways bridge near Winnsboro. At least 48 hours' advance notice required.

Boeuf River, La.; State of Louisiana Department of Highways bridge near Macon. At least 48 hours' advance notice required.

Ouachita River, Ark.; St. Louis Southwestern Railway Lines bridge near Camden. At least 48 hours' advance notice required.

Yazoo River, Miss.; Columbus and Greenville Railroad Company bridge at Fort Loring. At least four hours' advance notice required.

Big Sunflower River, Miss.; Columbus and Greenville Railroad Company bridge near Baird. At least four hours' advance notice required.

Black River, Ark.; Missouri Pacific Railroad Company bridge at Paroquet. At least 24 hours' advance notice required; to be given to the station agent of the Missouri Pacific Railroad Company at Newport, Arkansas, or to the draw tender on duty at the bridge. Whenever any vessel passing through the bridge intends to return through it within 24 hours and informs the draw tender of the probable time of its return, the draw shall be opened promptly on signal for the passage of the vessel on the return trip without any further notice.

Missouri River, Neb. and Iowa; Dakota County bridge between Sioux City, Iowa, and South Sioux City, Neb. At least two hours' advance notice required.

Missouri River, S. D.; Chicago and North Western Railroad Company bridge at Pierre. At least four hours' advance notice required.

Osage River, Mo.; bridges of Missouri Pacific Railroad Company and Missouri State Highway Department near Osage City. At least 24 hours' advance notice required.

Wisconsin River, Wis.; all drawbridges. At least 48 hours' advance notice required.

Black River, Wis.; Chicago, Milwaukee, St. Paul and Pacific Railroad Company bridge at La Crosse. At least two hours' advance notice required.

Black River, Wis.; Wisconsin State Highway Commission bridge at North La Crosse. At least 24 hours' advance notice required.

§ 203.640 * * *

Duluth-Superior Harbor, Minn. and Wis. See § 207.400.

Keweenaw Waterway, Mich. See § 207.410 [Eliminated.]

§ 203.642 * * *

§ 203.712 *Tributaries of San Francisco Bay and San Pablo Bay, Calif.*—(a) *Mud Slough; Southern Pacific Company railroad bridge near Alviso.* At least 24 hours' advance notice required.

(b) *Newark Slough; Southern Pacific Company railroad bridge near Newark.* At least 24 hours' advance notice required. To be given to the Superintendent, Southern Pacific Company, Oakland Pier, Oakland, California.

(c) *San Leandro Bay; State of California highway bridge between Alameda and Bayfarm Island.* From 9:00 p. m. to 5:00 a. m. daily, the draw need not be opened for the passage of vessels.

(d) *Oakland Tidal Canal; Department of the Army highway and railroad bridge at Fruitvale Avenue.* All vessels, except motorboats without tow, are forbidden to approach within 300 feet of this bridge for the purpose of eventual passage through the draw except during slack water or when opposing the tidal flow. Vessels and barges shall not attempt passage through the draw while running with the tide, and the bridge will not be opened for vessels under such conditions.

(e) *Corte Madera Creek; Northwestern Pacific Railroad Company bridge and State of California highway bridge near Corte Madera.* At least 24 hours' advance notice required.

(f) *Novato Creek; State of California highway bridge near Ignacio.* At least 24 hours' advance notice required.

(g) *Petaluma Creek*—(1) *Northwestern Pacific Railroad Company bridge at Black Point.* The owner of or agency controlling this bridge need not keep a draw tender in constant attendance except when the draw is closed for the passage of railroad traffic. At all other times the draw may remain in full open position and unattended. During foggy weather a bell shall be tolled continuously when the draw is in open position.

(2) *City of Petaluma highway bridge at Washington Street, Petaluma.* At least six hours' advance notice required. To be given to the operator of the "D" Street Bridge, telephone Petaluma 191–R.

(h) *Sonoma Creek*—(1) *State of California highway bridge (Sears Point Cutoff Bridge).* At least four hours' advance notice required. To be given to the operator of the State of California highway bridge (Sears Point Cutoff Bridge) across Napa River at Vallejo.

(2) *Northwestern Pacific Railroad Company bridge at Wingo.* At least 24 hours' advance notice required.

(i) *Mare Island Strait, Napa River, and their tributaries*—(1) *Department of the Navy bridge (Mare Island Causeway) and State of California highway bridge (Sears Point Cutoff Bridge) at Vallejo.* From 7:00 a. m. to 8:00 a. m. and from 4:00 p. m. to 5:00 p. m. daily, except Saturdays, Sundays, and holidays, the draws need not be opened for the passage of vessels other than vessels owned, operated, or controlled by the United States.

(2) *Southern Pacific Company railroad bridge at Brazos.* The owner of or agency controlling this bridge need not keep a draw tender in constant attendance except when the draw is closed for the passage of railroad traffic. At all other times the draw may remain in full open position and unattended. During foggy weather a bell shall be tolled continuously when the draw is in open position.

(3) *Dutchman Slough; James Irvine Bridge.* At least 24 hours' advance notice required.

(4) *Devil Slough; Russ Investment Company highway bridge.* At least 24 hours' advance notice required.

§ 203.714 *San Joaquin River and its tributaries, Calif.*—(a) *San Joaquin River*—(1) *Stockton Port District railroad bridge between Rough and Ready Island and Stockton.* At least 12 hours' advance notice required. To be given to the Director of the Port, Stockton Port District, Stockton, California.

(2) *San Joaquin County highway bridge between Rough and Ready Island and Stockton.* At least 12 hours' advance notice required. To be given to the San Joaquin County Highway Department or to the County Surveyor at Stockton, California.

(3) *Atchison, Topeka and Santa Fe Railway Company bridge near Stockton.* At least 12 hours' advance notice required. To be given to the bridge owner's agent at Stockton, California.

(4) *State of California highway bridge (Garwood Bridge).* At least 12 hours' advance notice required. To be given to the Division of Highways Maintenance Superintendent, 1200 Wilson Way, Stockton, California.

(5) *San Joaquin County highway bridge (Brandt Bridge).* At least 12 hours' advance notice required. To be given to the County Surveyor of San Joaquin County, Stockton, California.

(6) *Southern Pacific Company railroad bridge, State of California highway bridges (Mossdale Bridges), and Western Pacific Railroad Company bridge, near Lathrop.* (i) The signal for opening at once all four of these bridges shall be the call signal described in § 203.710 (b) (1). The signal for opening certain of these bridges, and those bridges only, shall be as follows: For the

Southern Pacific Company railroad bridge, two long blasts followed by one short blast; for the highway bridges, two short blasts followed by one long blast; and for the Western Pacific Railroad Company bridge, one long blast followed by one short blast and one long blast.

NOTE: As used in these special regulations, the term "long blasts" means distinct blasts of a whistle or horn or calls through a megaphone of four seconds' duration, and the term "short blasts" means distinct blasts of a whistle or horn or calls through a megaphone of one second's duration.

(ii) For upstream passages through these bridges, except as provided in subparagraph (iii), at least 24 hours' advance notice required. To be given to the Chief Dispatcher of the Southern Pacific Company at Stockton, California, to the Highway Maintenance Superintendent of the Division of Highways, State of California, at Stockton, California, and to the Chief Dispatcher of the Western Pacific Railroad Company at Sacramento, California. For downstream passages through these bridges, the vessel operators shall notify the individual draw tenders at the time the upstream passages are being made.

(iii) During sand dredging seasons, when, in the opinion of the District Engineer, Corps of Engineers, the attendance of draw tenders is required between 8:30 a. m. and 4:30 p. m. from Monday to Saturday, inclusive, these bridges shall, on proper signal, be opened promptly for the passage of all vessels unable to pass under the closed bridges. Prompt opening between 8:30 a. m. and 4:30 p. m. without advance notice from Monday to Saturday, inclusive, will be directed by the District Engineer provided the operators of sand dredging barges give 15 days' written notice to him and at the same time furnish sufficient evidence that such openings without advance notice are necessary to take care of contemplated traffic.

(7) *Drawbridges above Paradise Dam.* At least seven days' advance notice required.

(a) *Burns Cutoff; San Joaquin County highway bridges (Jacobs Road and Upper Highway Bridges) between Roberts Island and Rough and Ready Island.* At least two days' advance notice required. To be given to the County Surveyor of San Joaquin County, Stockton, California.

(c) *Middle River*—(1) *Atchison, Topeka and Santa Fe Railway Company bridge.* The signal for opening this bridge shall be two long blasts followed by one short blast.

(2) *State of California highway bridge between Victoria Island and Drexler Tract.* At least 12 hours' advance notice required. To be given to the Division of Highways Maintenance Superintendent, 1200 Wilson Way, Stockton, California.

(3) *San Joaquin County highway bridge between Union Island and Drexler Tract, at Fish Camp Landing.* At least 24 hours' advance notice required. To be given to the County Surveyor of San Joaquin County, Stockton, California.

(4) *San Joaquin County highway bridge (Williams Bridge) between Union Island and Roberts Island.* At least two days' advance notice required. To be given to the County Surveyor of San Joaquin County, Stockton, California.

(d) *Mormon Channel; City of Stockton highway bridge (Washington Street Bridge), Atchison, Topeka and Santa Fe Railway Company bridge (Edison Street Bridge), and City of Stockton (Lincoln Street Bridge).* (1) The signal for opening at once all three of these bridges shall be the call signal described in § 203.710 (b) (1). The signal for opening any one of these bridges, and that bridge only, shall be as follows: For the Washington Street Bridge, two long blasts followed by one short blast; for the Edison Street Bridge, two short blasts followed by one long blast; and for the Lincoln Street Bridge, one long blast followed by one short blast and one long blast.

(2) At least 12 hours' advance notice required. To be given to the representative of the City of Stockton and to the railway company's agent at Stockton, California.

(e) *King Island Cut; San Joaquin County highway bridge between King Island and Bishop Tract.* At least 12 hours' advance notice required. To be given to the San Joaquin County Highway Department or to the County Surveyor at Stockton, California.

(f) *Honker Cut; San Joaquin County highway bridge between Empire Tract and King Island.* The owner of or agency controlling this bridge shall keep a draw tender in constant attendance from September to November, inclusive, during such other periods as crop movements may justify, and during periods when, in the opinion of the District Engineer, an emergency exists. In the event that the crop moving season is started earlier than September 1 or is extended later than November 30, the period for prompt opening of the bridge on proper signal shall be adjusted accordingly, provided the operators of vessels navigating this waterway give 15 days' written notice to the San Joaquin County Highway Department or to the County Surveyor at Stockton, California, that such an adjustment is necessary to take care of contemplated traffic. At all other times, at least 12 hours' advance notice required. To be given to the San Joaquin County Highway Department or to the County Surveyor at Stockton, California.

(g) *Little Potato Slough; State of California highway bridge at Terminous.* (1) The owner of or agency controlling this bridge shall keep a draw tender in constant attendance: (i) From 8:00 a. m. to 5:00 p. m. during the months of July to September, inclusive.

(ii) During periods when, in the opinion of the District Engineer, Corps of Engineers, an emergency exists; or during crop moving seasons when, in the opinion of the District Engineer, the attendance of a draw tender is required, provided the operators of vessels engaged in the crop moving operations give 15 days' written notice to the District Engineer and at the same time furnish sufficient evidence that such service is necessary to take care of the contemplated traffic. In the event that special periods are established by the District Engineer for the constant attendance of a draw tender during an emergency or a crop moving season, information concerning the hours and lengths of such periods will be published in local newspapers and in the "Notice to Mariners" issued by the United States Coast Guard.

(2) From 5:00 p. m. to 8:00 a. m. during the months of July to September, inclusive, when a draw tender is not in attendance, advance notice required; to be given to the draw tender verbally, or by telephone through the Lodi Exchange, before 4:00 p. m. At all other times, at least 12 hours' advance notice required; to be given to the Division of Highways Maintenance Superintendent, 1200 South Wilson Way, Stockton, California.

(h) *Mokelumne River, including North and South Forks* — (1) *Mokelumne River*—(i) *State of California highway bridge near East Isleton.* The owner of or agency controlling this bridge shall keep a draw tender in constant attendance from 9:00 a. m. to 5:00 p. m. throughout the year; and during periods when, in the opinion of the District Engineer, Corps of Engineers, an emergency exists, or during crop moving seasons when, in the opinion of the District Engineer, the attendance of a draw tender is required provided the operators of vessels engaged in the crop moving operations give 15 days' written notice to the District Engineer and at the same time furnish sufficient evidence that such service is necessary to take care of the contemplated traffic. In the event that special periods are established by the District Engineer for the constant attendance of a draw tender during an emergency or a crop moving season, information concerning the hours and lengths of such periods will be published in local newspapers and in the "Notice to Mariners" issued by the United States Coast Guard. When a draw tender is not in attendance, advance notice required; to be given to the draw tender verbally, or by telephone through the Isleton Exchange, before 4:00 p. m.

(ii) *Drawbridges above New Hope Landing.* At least two days' advance notice required.

(2) *North Fork; Sacramento and San Joaquin Counties Highway bridge (Millers Ferry Bridge).* At least 12 hours' advance notice required. To be given to the San Joaquin County Highway Superintendent or to the County Surveyor at Stockton, California.

(3) *South Fork; San Joaquin County highway bridge (New Hope Landing Bridge).* (i) The signal for opening this bridge shall be two long blasts followed by one short blast.

(ii) At least 12 hours' advance notice required. To be given to the San Joaquin County Highway Superintnedent or to the County Surveyor at Stockton, California.

(i) *Snodgrass Slough; Southern Pacific Company railroad bridge and Sacramento County highway bridge.* From 8:00 a. m. to 5:00 p. m., daily, at least 24 hours' advance notice required. From 5:00 p. m. to 8:00 a. m., the draws need not be opened for the passage of vessels except in cases of extreme emergency.

§ 203.759 * * *

Dalles Celilo Canal, Columbia River. See § 207.710.

§ 203.760 * * *

§ 203.770 *Willapa River and navigable tributaries, Wash.; bridges.* (a) When at any time during the day or night a vessel unable to pass under the closed drawspan of any of these bridges approaches it from a distance of over 1,000 feet, the person in command of such vessel shall cause to be sounded, when the vessel is at a distance of not less than 1,000 feet, the prescribed signal and shall repeat this signal until it is understood at the bridge.

* * * * *

(e) The following signals are prescribed for vessels wishing to have the draws opened: For the State highway bridge over Willapa River (North Fork) at Raymond, one long blast of a whistle followed quickly by one short blast and one long blast; for the Northern Pacific Railway Company bridge over Willapa River (South Fork) at Raymond, two long blasts of a whistle followed quickly by one short blast; for the State highway bridge over Willapa River (South Fork) at Raymond, two long blasts of a whistle followed quickly by two short blasts. These bridges shall also be opened for the passage of vessels or watercraft of any description propelled by other than steam power upon like signals given by whistle or trumpet or upon verbal request of the person or persons in charge of the vessels.

[SEAL] EDWARD F. WITSELL,
Major General,
The Adjutant General.

[F. R. Doc. 48-11390; Filed, Dec. 29, 1948; 9:16 a. m.]

PART 211—REAL ESTATE ACTIVITIES OF THE CORPS OF ENGINEERS IN CONNECTION WITH CIVIL WORKS PROJECTS

REVISION OF PART

The heading of Part 211 is changed to read as set out above, and the remainder of Part 211 is rescinded and the following substituted therefor:

REAL ESTATE; GENERAL

Sec.

211.1 Real estate defined.
211.2 Authority to acquire real estate.
211.3 Functions of the Chief of Engineers.
211.4 Acquisition of land.

TEMPORARY USE BY OTHERS OF CIVIL WORKS REAL ESTATE

211.5 Temporary use; how granted.
211.6 Rights which may be granted by the Secretary of the Army.
211.7 Rights which may be granted division and district engineers.
211.8 Limitation on rights which may be granted.
211.9 Applications for leases, easements, licenses and permits.

DISPOSAL OF REAL ESTATE ACQUIRED FOR CIVIL WORKS PURPOSES

211.10 Disposition of lands.
211.11 Sale of salvage of buildings, improvements, or crops.
211.12 Exchange of lands.
211.13 Approval of the Office, Chief of Engineers.

REAL ESTATE CLAIMS

211.14 Definition.
211.15 Statutory provisions.
211.16 Scope and application of Army Regulations.
211.17 Authority of Division Engineers to settle claims.
211.18 Action by claimant.
211.19 Place of filing claims.
211.20 Form of claim.
211.21 Evidence to be submitted by claimant.
211.22 Real estate claims officers.
211.23 Procedure.
211.24 Disposition of claims.

FEDERAL JURISDICTION OVER REAL ESTATE

211.25 General considerations in the acquiring of Federal jurisdiction.
211.26 Functions in acquiring Federal jurisdiction.
211.27 Methods of acquiring Federal jurisdiction.
211.28 Acceptance of jurisdiction.

AUTHORITY: §§ 211.1 to 211.28 issued under R. S. 161; 5 U. S. C. 22.

REAL ESTATE; GENERAL

§ 211.1 *Real estate defined.* The term "real estate" as used in this part includes land; buildings; piers and wharves; office and storage space; rights-of-way or easements, whether temporary or permanent; and any interests which may be acquired or held therein for the use or benefit of the United States by the Department of the Army or any branch thereof.

§ 211.2 *Authority to acquire real estate*—(a) *Congressional authority necessary.* No land shall be acquired on account of the United States except under a law authorizing such acquisition. (See R. S. 3736; 41 U. S. C. 14.)

(b) The authority of the Secretary of the Army to acquire real estate for river and harbor improvements, flood control projects and allied purposes, is based upon enactments of the Congress authorizing the particular projects and appropriating funds therefor. These enactments are generally termed Flood Control Acts and are passed following the submission by the Secretary of the Army of preliminary plans and surveys to the Congress for consideration and approval.

(c) *Local cooperation.* As a general rule in river and harbor and flood control projects, except channel improvements, channel rectifications, dam and reservoir, and certain other types of projects, local interests are required to provide without cost to the United States, all lands, easements and rights-of-way necessary for the construction of the projects.

§ 211.3 *Function of Chief of Engineers.* (a) The Chief of Engineers, under the authority of the Secretary of the Army, is charged with the responsibility for the acquisition, management and disposal of all real estate or interests therein required for use by the Department of the Army for river and harbor, flood control and allied purposes.

§ 211.4 *Acquisition of land.* (a) Real property and interests therein may be acquired by the Department of the Army by:

(1) Purchase.
(2) Condemnation.
(3) Transfer from other Government departments and agencies.
(4) Lease or similar instrument.
(5) Donation or gift.

(b) *Methods of acquisition*—(1) *Purchase.* It is the policy of the Department of the Army to secure title to lands, or the desired interest therein, by direct negotiation and purchase, where possible. Each tract of land to be acquired is approved by qualified appraisers for the purpose of determining the market value. Options for the purchase of land will not be negotiated containing reservations or exceptions by landowners or subject to outstanding rights in third parties which may interfere with the use of the land for which it is being acquired. In no case will an option be negotiated in which a vendor excepts or reserves the right to repurchase the property, or undertakes to convey subject to rights in a third party. Generally, landowners or tenants are authorized to reserve, or except from the sale, crops, timber, buildings and improvements with the right to remove same within a specified period, provided such buildings, etc., are not required for use by the Department of the Army. Land is acquired subject to public highways, roads, railroads, pipelines, and other utilities, and if it is determined that they interfere with the Government's use of the property, will be relocated or extinguished by contract between the Government and State, county or utility involved. If at any time in the course of acquisition by direct purchase, it becomes apparent that acquisition by such means will involve substantial delay or cannot be accomplished because of title defects which cannot be eliminated within a reasonable time, or because of failure to agree on the price to be paid, action is taken to acquire the land by condemnation.

(2) *Condemnation.* Condemnation of land is accomplished by the Secretary of the Army requesting the Attorney General to file a condemnation petition and procure an order from the court in the Federal Judicial District where the land is located, granting to the United States the right of immediate possession. The declaration of taking act (40 U. S. C. 258a-d) permits the Government to file a declaration of taking in conjunction with the condemnations proceedings, and provides that title to the property described therein vests immediately upon filing of the declaration in court and deposit of the Government's estimate of compensation, named in the declaration, in the registry of the court. The court may enter orders directing that all or part of the money deposited by the Government be paid to the owner of the land or other persons having an interest therein. This payment is without prejudice to the landowner's right to seek a higher value for his land in the trial of

the case before the court. Pending or during the trial under condemnation proceedings, negotiations may still be conducted with the landowner for the direct purchase of his property, and in the event an agreement is reached, action is taken to dismiss the land in question from the condemnation proceedings.

(3) *Transfer of land.* Transfer of land from other Government agencies to the Department of the Army is generally accomplished by obtaining a use permit, or if the land is desired permanently, then by transfer under applicable legislative authority. In the absence of such authority, a permit is obtained pending enactment of special legislation by the Congress. Public domain land under the Department of the Interior may be withdrawn and set aside for the use of the Department of the Army by Executive Order or a Public Land Order.

(4) *Lease.* The negotiation of leases for river and harbor and flood control purposes must be approved by the Chief of Engineers or his duly authorized representative.

TEMPORARY USE BY OTHERS OF CIVIL WORKS REAL ESTATE

§ 211.5 *Temporary use; how granted.* There are three methods by which the temporary use of real estate under the control of the Department of the Army may be granted: Lease, easement and licenses, or permit.

§ 211.6 *Rights which may be granted by the Secretary of the Army in river and harbor and flood control property—* (a) *Leases.* (1) The Secretary of the Army is authorized, whenever he shall deem it to be advantageous to the Government, to lease such real property under the control of his Department as is not surplus to the needs of the Department within the meaning of the Act of 3 October 1944 (58 Stat. 765), and is not for the time required for public use, to such lessee or lessees and upon such terms and conditions as in his judgment will promote the national defense or will be in the public interest. Each such lease shall be for a period not exceeding five years unless the Secretary of the Army shall determine that a longer period will promote the national defense or will be in the public interest. The Secretary of the Army may include, among other terms and conditions in the lease, a right of first refusal in the lessee to purchase the property in the event of the revocation of the lease in order to permit sale thereof by the Government, but this shall not be construed as authorizing the sale of any property unless the sale thereof is otherwise authorized by law. Each such lease shall contain a provision permitting the Secretary of the Army to revoke the lease at any time, unless he shall determine that the omission of such provision from the lease will promote the national defense or will be in the public interest. In any event each such lease shall be revocable by the Secretary of the Army during a national emergency declared by the President. Notwithstanding section 321 of the Act of 30 June 1932 (47 Stat. 412; 40 U. S. C. 303b), or any other provision of law, any such lease may provide for the maintenance, protection, repair, or restoration by the lessee, of the property leased or of the entire unit or installation where a substantial part thereof is leased, as a part or all of the consideration for the lease of such property. In the event utilities or services shall be furnished by the Department of the Army to the lessee in connection with any lease, payments for utilities or services so furnished may be covered into the Treasury to the credit of the appropriation or appropriations from which the costs of furnishing any such utilities or services to the lessee was paid. Except as otherwise hereinabove provided, any money rentals received by the Government directly under any such lease shall be deposited and covered into the Treasury as miscellaneous receipts. The authority herein granted shall not apply to oil, mineral, or phosphate lands (Act of 5 August 1947, 61 Stat. 774; 10 U. S. C. 1270).

(2) The Chief of Engineers, under the supervision of the Secretary of the Army, is authorized to construct, maintain, and operate public park and recreational facilities in reservoir areas under the control of the Department of the Army and to permit the construction, maintenance, and operation of such facilities. The Secretary of the Army is authorized to grant leases of lands, including structures or facilities thereon, in reservoir areas for such periods and upon such terms as he may deem reasonable: *Provided,* That leases to non-profit organizations may be granted at reduced or nominal rentals in recognition of the public service to be rendered in utilizing the leased premises: *Provided further,* That preference shall be given to Federal, State, or local governmental agencies, and licenses may be granted without monetary considerations to such agencies for the use of all or any portion of a reservoir area, when the Secretary of the Army determines such actions to be in the public interest, and for such periods of time and upon such conditions as he may find advisable. The water areas of all such reservoirs shall be open to the public use generally, without charge, for boating, swimming, bathing, fishing, and other recreational purposes, and ready access to and exit from such water areas along the shores of such reservoirs shall be maintained for general public use, when such use is determined by the Secretary of the Army not to be contrary to the public interest, all under such rules and regulations as the Secretary of the Army may deem necessary. No use of any area to which this section applies shall be permitted which is inconsistent with the laws for the protection of fish and game of the State in which such area is situated. All moneys received for leases or privileges shall be deposited in the Treasury of the United States as miscellaneous receipts. (Sec. 4, Act of 22 December 1944, 58 Stat. 887, 889, as amended by sec. 4, Act of 24 July 1946, 60 Stat. 641)

(b) *Easements.* The Secretary of the Army is authorized to grant easements for rights-of-way across real estate acquired for civil purposes as follows:

(1) *Poles and wires.* The Secretary of the Army may grant easements for rights-of-way, for periods not exceeding 50 years, for poles and lines for the transmission and distribution of electrical power, and for poles and lines for telephone and telegraph purposes, over lands under his jurisdiction, upon a finding that the same is not incompatible with the public interest (see Act 4 March 1911; 36 Stat. 1253; 43 U. S. C. 961). Form of easement is ENG Form 1360.

(2) *Pipe lines.* The Secretary of the Army may grant easements for rights-of-ways for gas, water, and sewer pipe lines across lands under his control provided that such grants will be in the public interest and will not substantially injure the interest of the United States in the property affected thereby (see Act 17 May 1926; 44 Stat. 562; 10 U. S. C. 1351). Form of easement is ENG Form 1361.

(3) *Other easements.* The Secretary of the Army is authorized and empowered, under such terms and conditions as are deemed advisable by him, to grant easements for rights-of-way over, across, in and upon acquired lands under his jurisdiction and control, and public lands permanently withdrawn or reserved for the use of the Department of the Army, to any State, political subdivision thereof, or municipality, or to any individual, partnership, or corporation of any State, Territory, or possession of the United States, for:

(1) Railroad tracks;
(2) Oil pipe lines;
(3) Substations for electric power transmission lines, telephone lines, and telegraph lines, and pumping stations for gas, water, sewer, and oil pipe lines;
(4) Canals;
(5) Ditches;
(6) Flumes;
(7) Tunnels;
(8) Dams and reservoirs in connection with fish and wildlife programs, fish hatcheries, and other fish-cultural improvements;
(9) Roads and streets;

Provided, That:

(a) Such rights-of-way shall be granted only upon a finding by the Secretary of the Army that the same will not be incompatible with the public interest.

(b) Such rights-of-way shall not include any more land than is reasonably necessary for the purpose for which granted.

(c) All or any part of such rights-of-way may be annulled and forfeited by the Secretary of the Army for failure to comply with the terms and conditions of the grant or for the nonuse for a period of two consecutive years or abandonment of rights granted. (See Act 24 July 1946, 60 Stat. 641.)

§ 211.7 *Rights which may be granted by division and district engineers—*(a) *Authority of division and district engineers.* Division engineers, the President of the Mississippi River Commission, and district engineers of districts to which real estate functions have been or may be assigned are authorized to lease, in the name of and by authority of the Secretary of the Army, lands of the United States and improvements thereon, acquired for reservoirs for navigation and flood control, subject to the prior approval of the Chief of Engineers. Recommendations of district engineers will be considered by division engineers and

the President of the Mississippi River Commission in granting leases and district engineers will administer the provisions of the leases, including the collection and deposit of payments.

§ 211.8 *Limitations on rights which may be granted*—(a) *Advertising.* It is the policy to grant leases to the highest responsible bidders after advertising, where competition is practicable. Advertising consists of the circularization of notices among former owners of the land, owners of adjacent lands, and others known to be interested and by the posting of notices in public places, and publication of notices in newspapers where such publication is deemed advisable. Exceptions have been made to this policy in favor of former owners in granting leases for agricultural and grazing purposes in reservoir areas.

(b) *Consideration.* The act of 5 August 1947 (61 Stat. 774; 10 U. S. C. 1270) provides that notwithstanding section 321 of the Act of 30 June 1932 (47 Stat. 412; 40 U. S. C. 303b) or any other provision of law, any such lease may provide for the maintenance, protection, repair, or restoration by the lessee, of the property leased or of the entire unit or installation where a substantial part thereof is leased, as a part or all of the consideration for the lease of such property. The consideration will be adequate but may consist of money and/or maintenance, protection, repair, or restoration by the lessee, of the property leased.

(c) *Consideration in easements and licenses.* In order to fully protect the interests of the United States, the Secretary of the Army will not, without substantial compensation grant to nongovernment agencies, for the purpose of private profit, valuable rights in Government property. A fair charge will be made for such privileges, the amount to be determined by all the circumstances surrounding the case, including an estimate as to what private interest in the vicinity would charge for a similar privilege.

§ 211.9 *Applications for leases, easements, licenses, and permits.* Applications for use of Civil Works property should be made to the district engineer of the district within the boundaries of which the real estate is located. The district engineer will determine whether the property will be required for public use during the period of the contemplated grant and whether the requested grant will interfere with any operations of the United States.

DISPOSAL OF REAL ESTATE ACQUIRED FOR CIVIL WORKS PURPOSES

§ 211.10 *Disposition of lands.* (a) Acts authorizing the Secretary of the Army to dispose of land acquired for the improvements of canals, rivers and harbors, or for flood control purposes are as follows:

(1) Section 7 of the act of Congress approved August 30, 1935 (49 Stat. 1048; 33 U. S. C. 558a) as extended by section 6 of the act approved August 18, 1941 (55 Stat. 650; 33 U. S. C. 701c–2, 77th Congress) authorizing sale of lands no longer needed for the purpose for which acquired.

§ 211.11 *Sale or salvage of buildings, improvements, or crops*—(a) *Authority of law.* When any property (except land) which has been heretofore or may be hereafter purchased or acquired for the improvement of rivers and harbors or for flood control work is no longer needed, or is no longer serviceable, it may be sold in such manner as the Secretary of the Army may direct and the proceeds credited to the appropriation for the work for which it was purchased or acquired. (Section 5, act of June 13, 1902 (32 Stat. 373; 33 U. S. C. 558), as extended by Section 3, act of March 1, 1917 (39 Stat. 450; 33 U. S. C. 701)).

(b) *Division Engineers.* Sales are conducted by the Division Engineers, Corps of Engineers.

(c) *Removal of Buildings, improvements, or crops other than by sale.* If the buildings, improvements, or crops cannot be sold, they may be salvaged or razed as a part of the work under the project if they are in the way of new construction or interfere with the efficient operation of the project.

§ 211.12 *Exchange of lands.* The Secretary of the Army is authorized to exchange lands acquired for river and harbor and flood control projects for privately-owned lands required for such purposes (Sec. 2 of the act of June 20, 1938 (52 Stat. 804; 33 U. S. C. 558b) as extended by sec. 3 of the act of August 11, 1939 (53 Stat. 1414, 33 U. S. C. 558b–1)).

§ 211.13 *Approval of the Office of the Chief of Engineers.* In any case in which it may be necessary or advisable in the execution of an authorized project to exchange real property of the Government for real property required for such project, the Chief of Engineers receives a directive from the Secretary of the Army, and effects the exchange through the Division Engineers, Corps of Engineers.

REAL ESTATE CLAIMS

§ 211.14 *Definition.* The term "real estate claims" refers to those demands for payment submitted by individuals, partnerships, associations or corporations, including states, territories, and political subdivisions thereof, for rent, damages, utilities, out-of-pocket expenses and other payments, arising under the terms and conditions, whether express or implied, of leases or other contracts for the use and occupancy of real estate by the Department of the Army or the Army, including right of entry permits, options to purchase, and other instruments sufficient to support a contractual relationship between the United States and property owner, or arising from the use and occupancy of real estate by the Department of the Army or the Army with the express or implied consent of the owner thereof in the absence of any formal lease or other contract therefor.

§ 211.15 *Statutory provisions.* (a) All claims and demands whatever against the Government, unless there is some special authority for the settlement thereof by the department concerned, shall be settled and adjusted in the General Accounting Office (See R. S., sec. 236, as amended by Act of 10 June 1921, 42 Stat. 24; 31 U. S. C. 71).

(b) *Meritorious Claims Act.* When there is filed in the General Accounting Office a claim or demand against the United States that may not lawfully be adjusted by the use of an appropriation theretofore made, but which claim or demand in the judgment of the Comptroller General of the United States contains such elements of legal liability or equity as to be deserving of the consideration of the Congress, he shall submit the same to the Congress, by a special report containing the material facts and his recommendations thereon (Act of 10 April 1928; c. 334, 45 Stat. 413; 31 U. S. C. 236).

(c) *Limitations of time on claims and demands under (a) and (b) of this section.* The Act of 9 October 1940 (54 Stat. 1061; 31 U. S. C. 71a) provides that every claim or demand (except a claim or demand by any State, Territory, possession or the District of Columbia) against the United States cognizable by the General Accounting Office under the Act of 10 June 1921 and the Act of 10 April 1928 will be forever barred unless such claim, bearing the signature and address of the claimant or of an authorized agent or attorney, will be received in said office within ten full years after the date such claim first accrued: *Provided, however,* That when such a claim of any person serving in the military or naval forces of the United States accrues in time of war, or when war intervenes within five years after its accrual, such claim may be presented within five years after peace is established. The Act further provides that whenever any claim barred by the preceding provision will be received in the General Accounting Office, it will be returned to the claimant, with a copy of this Act (Act of 9 October 1940) and such action will be a complete response without further communication.

(d) *Domestic Claims Act.* The Act of 3 July 1943 (57 Stat. 372; 31 U. S. C. 223b, 223c) as amended by the Act of 29 May 1945 (Public Law 67, 79th Congress) and as further amended by the Act of 28 June 1946 (Public Law 466, 79th Congress), provides for the payment of claims arising on or after 27 May 1941, for damage to or loss or destruction of property, real or personal, caused by military personnel or civilian employees of the Department of the Army or of the Army while acting within the scope of their employment or otherwise incident to noncombat activities of the Department of the Army or of the Army, including claims for damages to real property incident to the use and occupation thereof, whether under a lease, express or implied, or otherwise, and including claims of the foregoing categories arising out of civil works, provided they do not exceed $1,000. The act further provides that the damage to or loss or destruction of property shall not have been caused in whole or in part by any negligence or wrongful act on the part of the claimant, his agent or employee; that no claim shall be settled under the Act unless presented in writing within one year after the incident out of which such claim arises shall have occurred except that if the incident

occurs in time of war, or if war intervenes within one year after its occurrence, any claim may, on good cause shown, be presented within one year after peace is established. The Secretary of the Army is authorized to report such claims as exceed $1,000 to Congress for its consideration.

§ 211.16 *Scope and application of Army Regulations.* (a) AR (Army Regulations) 25–25 has been issued in furtherance of the Act of 3 July 1943. The regulations in this part, in keeping with the terms of the act, apply to claims for damages only. Paragraph 7 of AR 25–25 provides that claims for damages to real property incident to the use and occupancy thereof by the Government under a lease express or implied, or otherwise, are payable under these regulations even though legally enforceable against the Government as contract claims. However, if deemed preferable in the best interest of the Government claims payable under paragraph 7 may be processed to the General Accounting Office for direct settlement under sec. 236, Revised Statutes. Claims for rent of real property are not payable under AR 25–25.

(b) AR 100–64 has been issued in furtherance of Section 236, Revised Statutes, as amended by the Act of 10 June 1921; 42 Stat. 24, 31 U. S. C. 71. These regulations provide exclusive authority for the consideration and settlement of claims for rent and other payments of an express or implied contractual nature, and optional authority with AR 25–25 for settlement of damages, in excess of $1,000 arising out of the use and occupancy of real estate by the Department of the Army or the Army under an agreement expressed or implied. AR 100–64 applies to all claims for rent regardless of amount and for other payments of a contractual nature, for example, claims for electricity, heat, light, water, and other out-of-pocket expenses, repairs, etc., where such expenses are not included in the lease as a part of the rental consideration.

§ 211.17 *Authority of Division Engineers, Corps of Engineers, to settle claims.* (a) Authority has been delegated to Division Engineers, within the geographical limits of their respective jurisdictions, to approve or disapprove, in amounts not exceeding $1,000, any claim within the purview of the Act of 3 July 1943, as amended. Insofar as real estate claims are concerned this delegation of authority applies only to claims for damages incident to the use and occupancy of real property by the Department of the Army or the Army.

(b) Division Engineers have no authority to settle and make payment of claims for damages in excess of $1,000 or for rents or other payments of a contractual nature regardless of amount arising out of the use and occupation of real estate under an agreement, express or implied, or otherwise.

§ 211.18 *Action by claimant.* Real estate claims may be presented by the owner of the property or his duly authorized agent or legal representative. The word "owner", as so used, includes lessees, mortgagors, and conditional vendees, but does not include mortgagees, conditional vendors, and others having title for purposes of security only. The claim, if filed by an agent or legal representative, should show the title of the person signing and be accompanied by evidence of the appointment of such person as agent, executor, administrator, guardian, or other fiduciary.

§ 211.19 *Place of filing claims.* All real estate claims should be submitted to the United States Division Engineer in whose jurisdiction the claim arises.

§ 211.20 *Form of claim.* Claims should be submitted by presenting in triplicate a signed statement, giving the claimant's address, setting forth the amount of the claim, and, so far as possible, the detailed facts and circumstances giving rise to the claim, indicating and describing the property involved, the date or dates, and the nature and extent of the damage, loss or destruction claimed, and the agency or branch of the Department of the Army or Army using the property. Upon receipt of such a claim the Division Engineer will, where practicable or necessary, furnish the claimant with Department of the Army forms for a more formal presentation of his claim including instructions as to their use.

§ 211.21 *Evidence to be submitted by claimant.* (a) All claims must be substantiated by competent evidence. If the claim is for rent or other payment the claimant should furnish evidence as to the value of the property, income from the property if previously rented, or rental value of similar property in the vicinity. If the property is under a formal lease to the Government, the claimant should identify the lease and state the covenants of the lease upon which he predicates his claim. Where the claim is for damage to the property which has been or can be economically repaired the claimant should submit in triplicate an itemized signed statement or estimate of the cost of repairs and copies of itemized receipts, evidencing payment for any expenditures made in relation to the property for which reimbursement is claimed.

(b) In support of claims for damage to crops the claimant should submit a statement showing the number of acres, or other unit measure, of crops damaged, the normal yield per unit, the gross amount which would have been realized from normal yield, and an estimate of the further cost of cultivation, harvesting and marketing; if the crops are one which need not be planted each year, the diminution in value of the land beyond the damage to the current year's crop should also be stated. All such statements or estimates should, if possible, be by disinterested competent witnesses, preferably responsible dealers of the type of property damaged.

§ 211.22 *Real Estate Claims Officers.* In each Division Office the Division Engineer has appointed a Claims Officer or Assistant Claims Officers who have the duty and responsibility under the direction of the Division Real Estate Officer, to investigate all real estate claims. The activities and responsibilities of these Claims Officers are described more fully below under "Procedure".

§ 211.23 *Procedure.* Upon the receipt of any real estate claim it is submitted to a Claims Officer who investigates the matter and secures all evidence necessary for a full consideration of the claim and upon which a determination can be made as to the liability of the Government. For this purpose the Claims Officer is authorized and charged with the duty of securing sufficient evidence to establish with certainty the following general points:

(a) The nature of the claim.

(b) The interest of the claimant in the property and the interest that others may have in the property.

(c) Date and circumstances under which occupation of premises occurred and date of vacation. If under a lease, the lease number and date of lease.

(d) Inspection of the premises and determination of the amount of damages.

(e) If claim is for rental without formal lease or agreement, data as to the market and rental value of the property.

(f) Any other pertinent evidence the particular facts of the case require.

The above obligations of the Claims Officer does not relieve the claimant from the burden of proving his claim and it is the duty and obligation of the claimant to furnish such evidence within his particular knowledge as the Claim Officer may require.

Upon completion of his investigation the Claims Officer prepares a report setting forth completely but briefly the nature and amount of the claim, all pertinent facts necessary to determine the rights and liabilities of the claimant and the Government, and the Claims Officer's conclusions and recommendations as to allowance or disallowance of the claim in whole or in part and reasons therefor, including citations to any laws, statutes, or other decisions which it is believed will substantiate his recommendation.

§ 211.24 *Disposition of claims.* (a) Real estate claims for damages not exceeding $1,000 may be settled by the Division Engineer. If the Division Engineer allows the claim in toto it is transmitted to the local Disbursing Officer who transmits a check to claimant in payment of the claim. Where the claim is disallowed by the Division Engineer, in whole or in part, the claimant is so advised and in the event that he is unwilling to accept the decision of the Division Engineer, he may appeal within 30 days after receipt of such notice, through the Division Engineer's Office, to the Secretary of the Army. This appeal should state in full reasons for not acceptiing the Division Engineer's award.

(b) Claims for damages in excess of $1,000 arising out of the use and occupancy of real estate under an agreement, express or implied, or otherwise, are forwarded to the General Accounting Office for settlement.

(c) *Claims for rent or other payments.* Claims for rent or other payments of a contractual nature regardless of amount arising out of the use and occupancy of real estate under an agreement, express or implied, or otherwise, are forwarded to the General Accounting Office.

(d) *Mixed claims for rental and damages.* When a claim arising from the use and occupancy of real estate has been received, the elements of the claim are first determined. If the claim is for damages not in excess of $1,000 and rental, these elements are if practicable, separated and the damages settled under AR 25–25, otherwise the claims are forwarded to the General Accounting Office for direct settlement.

FEDERAL JURISDICTION OVER REAL ESTATE

§ 211.25 *General considerations in the acquiring of Federal jurisdiction*—(a) *Laws governing the acquisition of Federal jurisdiction*—(1) *Constitution of the United States.* By Article 1, Section 8, Clause 17, of the Constitution, Congress has the power to exercise exclusive legislation in all cases in the District of Columbia and to exercise like authority over all land acquired by the United States with the consent of the legislature of the State in which the land is located for the erection of forts, magazines, arsenals, dockyards, and other needful buildings.

(2) *Section 355, Revised Statutes of the United States.* Under this section as amended by the Acts of Congress approved 1 February 1940 (54 Stat. 19) and 9 October 1940 (54 Stat. 1083; 40 U. S. C. 255), jurisdiction over lands acquired by the Department of the Army does not vest until the Secretary of the Army has indicated acceptance of such jurisdiction by filing a notice of acceptance with the governor of the State or in such manner as may be prescribed by the laws of the State where the land is situated.

(3) *State laws.* The laws of the various States indicate the type of jurisdiction ceded or to be ceded, and prescribe the requirements, if any, to be complied with prior to the vesting of jurisdiction in the United States.

§ 211.26 *Functions in acquiring Federal jurisdiction*—(a) *The Division Engineer.* Upon determination that Federal jurisdiction is desired over a Civil Works Project, the Office of the Division Engineer concerned prepares such maps and descriptions of the lands involved as may be required and forwards them to the Office of the Chief of Engineers with any further information called for by the laws of the State where the lands are located.

(b) *Chief of Engineers.* All letters and other papers required to procure cessions of jurisdiction and all notices of acceptance are prepared in the Office of the Chief of Engineers.

§ 211.27 *Method of acquiring Federal jurisdiction.* Jurisdiction is acquired in accordance with the laws of the various States.

§ 211.28 *Acceptance of jurisdiction.* The jurisdiction ceded by the State laws, by deeds of cession and by the enactment of special legislation shall be accepted in accordance with section 355, Revised Statutes, as amended, in order to establish Federal jurisdiction. This is accomplished by a letter from the Secretary of the Army addressed to the Governor of the State concerned or by an indorsement on the deed of cession giving notice of such acceptance.

[SEAL] EDWARD F. WITSELL,
Major General,
The Adjutant General.

[F. R. Doc. 48–11378; Filed, Dec. 29, 1948; 9:15 a. m.]

TITLE 34—NATIONAL MILITARY ESTABLISHMENT

Chapter VI—Department of the Navy

REDESIGNATION AND REVISION OF REGULATIONS

Correction

In the document appearing in Part II of the issue for Tuesday, December 28, 1948, the signature and file line were inadvertently omitted. These should read: "W. John Kenney, *Acting Secretary of the Navy*" and "[F. R. Doc. 48–11311; Filed, Dec. 27, 1948; 8:46 a. m.]".

Chapter VII—Department of the Air Force

APPLICABILITY OF CERTAIN PORTIONS OF ARMY REGULATIONS TO THE DEPARTMENT OF THE AIR FORCE

Pending adoption of Air Force regulations the following parts of Chapter V—Department of the Army are applicable to the Department of the Air Force and are assigned numbers in this chapter as indicated in the following table:

Chapter V, Part No.		*Chapter VII, Part No.*
501	Employment of troops in aid of civil authorities	801
502	Relief assistance	802
503	Arrest and confinement of persons not subject to military law	803
505	Safeguarding technical information	805
506	Use of military telegraph lines	806
507	Manufacture of decorations	807
508	Competition with civilian bands	808
512	Prisoners	812
531	Bonds of accountable officers	831
533	Gratuity upon death	833
534	Military court fees	834
535	Payment of bills and accounts	835
536	Claims against the United States	836
537	Claims on behalf of the United States	837
538	Allotments of pay	838
554	Army exchanges	854
555	Motion picture service	855
557	Service clubs, hostesses and librarians	857
564	Enlisted Reserve Corps	864
571	Recruiting and induction for the Army of the United States	871
578	Decorations, medals, ribbons, and similar devices	878
580	Women's Army Corps	880
582	Discharge or separation from service	882
631	General transport regulations	931
633	Transportation of individuals	933

(Sec. 207f, Pub. Law 253, 80th Cong., 61 Stat. 502; 5 U. S. C. Sup. 626 (f); Transfer Order 1, Sept. 26, 1947, 32 CFR 1947 Sup. Chapter I)

L. L. JUDGE,
Colonel, U. S. Air Force,
Air Adjutant General.

Subchapter B—Aircraft

PART 821—USE OF AIR FORCE AIRCRAFT

TRANSFER AND REVISION OF REGULATIONS

The material contained in §§ 201.1, 201.3 to 201.10 inclusive, Chapter II of Subtitle B, Title 10, is hereby revised and transferred to Chapter VII, Title 34 and is redesignated Subchapter B, Part 821 as follows:

Sec.
821.1 Purpose.
821.2 Definition.
821.3 Passengers.
821.4 Additional authorizations.
821.5 Release from claim for injury or death.

AUTHORITY: §§ 821.1 to 821.5 issued under R. S. 161; 5 U. S. C. 22; E. O. 9886, Aug. 22, 1947, 3 CFR 1947 Sup.; Order, Secretary of Defense, Nov. 18, 1947, 12 F. R. 7941, 32 CFR 1947 Sup. Chapter I.

§ 821.1 *Purpose.* This part establishes precedence for personnel who may ride in Air Force aircraft. This part and its provisions are not applicable to aircraft operated by or for the Military Air Transport Service.

§ 821.2 *Definition.* The term "state officials" as used in § 821.3 (b) applies only to state governors, lieutenant governors, and adjutants general or persons specified by them in writing as being on National Guard or Federal business.

§ 821.3 *Passengers.* Commanding officers of Air Force bases may authorize the following personnel to ride as passengers in Air Force aircraft, as distinguished from Air National Guard aircraft, subject to conditions outlined below:

(a) *Reserve and National Guard.* Military personnel of the National Guard of the United States and the United States Air Force Reserve; Organized Reserve Corps, Department of the Army; Naval Reserve; Coast Guard Reserve and Marine Reserve may be authorized to ride as passengers in Air Force aircraft when:

(1) In uniform or civilian clothing upon presentation of orders issued by competent authority and proper identification.

(2) In uniform and upon presentation of proper identification only on a space available basis after all priority requirements have been satisfied.

(3) Military personnel of the Air National Guard and Organized Reserve of the United States Air Force Reserve, on local flights, upon presentation of proper identification.

(b) *State officials of National Guard.* State officials of the National Guard (see § 821.2) may be permitted to ride as passengers on Air Force aircraft provided:

(1) The necessity for air travel is connected directly with the National Guard or Federal activities.

(2) The flight is confined to the continental limits of the United States.

(3) Persons riding as passengers in Air Force aircraft in accordance with this authority will comply with the provisions of § 821.5 except when such persons are being transported in their capacity as military personnel of the National Military Establishment of the United States.

(c) *Reserve Officers Training Corps student.* Reserve Officers Training Corps students of the Army and the Air Force

at summer camps on regularly scheduled flights which do not involve special hazards, upon approval of Reserve Officers Training Corps camp commander. Upon approval of the Commanding General, Continental Air Command, in each case, commanding officers of Air Force bases may authorize flights of Air Force Reserve Officers Training Corps students during the school year, *Provided*, That:

(1) Aircraft is on a regular scheduled flight.

(2) Aircraft is not on an extended flight.

(3) Flights are not involved in special hazards, such as formation flying, instrument flying, night flying, bombing, gunnery, etc.

(4) Students are undergoing formal Reserve Officers Training Corps and academic training during a regular school term.

(5) Flights are not arranged for the personal convenience of the students.

(6) Students are in proper uniform.

(7) Students execute required waiver. (See § 821.5).

(d) *Civil Air Patrol.* Civil Air Patrol senior members are authorized to be carried as passengers in Air Force aircraft when engaged in the performance of official Civil Air Patrol duties, upon presentation of orders, and provided such transportation does not interfere with normal Air Force activities. Civil Air Patrol cadets participating in Civil Air Patrol activities when authorized by the Commanding General, headquarters and headquarters squadron, Civil Air Patrol, United States Air Force. Normally, flights will be of short orientation type not involving special hazard, and will be accomplished to permit Civil Air Patrol cadets to travel as passengers on routine training flights without additional expense to the Government.

(e) *Senior Scouts in the Air Scout Program.* Senior scouts of the Boy Scouts of America participating in Air Scout activities when authorized by the Commanding General, Continental Air Command. Normally, the flights will be of short orientation type not involving special hazard, and will be accomplished to permit travel as passengers on routine training flights without additional expense to the Government.

(f) *Retired personnel.* Retired personnel of the armed forces, on a space available basis, upon proper identification.

(g) *Congressional Medal of Honor personnel.* Persons holding the Congressional Medal of Honor may be transported on a space available basis, upon presentation of proper identification and valid authorization card issued by either the Departments of the Army or Navy.

(h) *Civilian employees.* Civilian employees of the National Military Establishment, other Government agencies, Government contractors, and technical advisers to military authorities, when engaged in activities for the National Military Establishment requiring their transportation by air or their presence aboard aircraft during flight, and upon presentation of orders issued by competent authority.

(i) *Dependents.* (1) Fathers, wives, mothers, or children over the age of 10, of military personnel holding currently effective aeronautical ratings and on flying status, when on flights which will not extend beyond the local flying area, in transport or other suitable type aircraft; these flights to be of a maximum of 1-hour duration; and not to exceed two flights per year for any one person.

(2) Dependents of military personnel, when such dependents are in a patient status and have been authorized admission to military hospitals, may be transported on air evacuation flights to the military hospital for which admission has been authorized. One adult dependent of the military individual concerned may be authorized to accompany a dependent child under 17 years of age while being evacuated by air.

(3) The transportation of military dependents in military aircraft other than those listed in subparagraphs (1) and (2) of this paragraph, is not authorized unless subject dependents are covered by competent orders.

§ 821.4 *Additional authorizations.* The transportation of individuals in the following categories is determined to be on matters of concern to the armed forces, and the commanders of major air commands are authorized to permit these individuals to travel in military aircraft.

(a) Accredited representatives of informational media (i. e., press, radio, news, etc.) on assignments to cover National Military Establishment activities. In addition, these representatives may be furnished transportation in the event of spot news stories of transcendent National interest for which commercial or charter facilities cannot be obtained.

(b) Inspection personnel of the Civil Aeronautics Administration when engaged in the examination of rated pilot personnel of the armed forces for civil pilot certificates or ratings.

§ 821.5 *Release from claim for injury or death.* With the exception of those listed in § 821.3 (a) (b) (f) and (h), all personnel outlined above, are required to execute the release shown below. In the case of minors, the release will be indorsed suitably by the parent or guardian. Persons specified in § 821.3 (i) (1) will, when practicable, be required to sign the release form.

Law 253, 80th Cong., 61 Stat. 502, 503, Pub. Law 460, 80th Cong., 62 Stat. 89; 10 U. S. C. 351, 352, 353, 369, 369a, 5 U. S. C. Sup. 626, 626c; Transfer Order 10, April 27, 1948, 13 F. R. 2428.

UNITED STATES AIR FORCE RESERVE

§ 861.1 *General.* The purpose of this part is to outline the personnel structure of the United States Air Force Reserve, and establish policies and standards for the maintenance of proficiency and for the appointment and promotion of officers below the grade of brigadier general of the United States Air Force Reserve.

§ 861.2 *Structure of the United States Air Force Reserve*—(a) *Organized Air Reserve.* The Organized Air Reserve consists of all personnel of the United States Air Force Reserve who are physically and professionally qualified for active duty and who are assigned to Table of Organization and Equipment units of the United States Air Force Reserve or who have a Mobilization-Day assignment within the United States Air Force Reserve program. (See § 861.8.)

(b) *Volunteer Air Reserve.* The Volunteer Air Reserve consists of personnel of the United States Air Force Reserve who are physically and professionally qualified for active duty, but who are not eligible for assignment in the Organized Air Reserve because of being over-age-in-grade or because of lack of vacancies in the Organized Air Reserve; and those individuals who for personal reasons do not participate in the Reserve training program to the extent required for assignment to the Organized Air Reserve. Officers of the Volunteer Air Reserve who maintain their proficiency in accordance with § 861.3 (c) will accrue credit for promotion purposes, but will not be eligible for promotion unless transferred to the Organized Air Reserve. However, they will be given Certificates of Capacity for promotion upon meeting the specifications required.

(c) *Inactive Air Reserve.* The Inactive Air Reserve is composed of personnel who do not maintain the required proficiency for the Organized Air Reserve or Volunteer Air Reserve and who are transferred by administrative action to the Inactive Air Reserve. No officer will remain assigned to the Inactive Air Reserve for a period in excess of five years. If, at the end of such period, an officer has failed to qualify for reassignment to the Organized Air Reserve or the Volunteer Air Reserve, his commission will be terminated; or if qualified, at his request, he may be transferred to the Honorary Air Reserve.

(d) *Honorary Air Reserve.* The Honorary Air Reserve consists of the United States Air Force Reserve personnel whose service has been honorable and:

(1) Who have reached the maximum age-in-grade for service in the Organized Air Reserve or the Volunteer Air Reserve, provided that they have completed a total of twenty years of service in any component or components of the Army of the United States and/or the United States Air Force, or

(2) Who, upon completion of a total of twenty years of service in any component of the Army of the United States and/or the United States Air Force, apply for transfer to the Honorary Air Reserve, or

(3) Who, having become physically disqualified, other than through their own misconduct, to perform the duties incident to the grade held by them, apply for transfer to the Honorary Air Reserve.

§ 861.3 *Maintenance of proficiency*—(a) *Means of maintaining proficiency.* Professional capability of officers of the United States Air Force Reserve will be maintained by:

(1) Extended active duty.

(2) Attendance at scheduled assemblies for instruction and training.

(3) Attendance at service and staff schools and at such other schools as may be available.

(4) Successful completion of Air Force extension courses.

(5) Participation in field training exercises.

(6) Active participation in military training or duty to include flying, administrative duties, instructional duties, duties as members of courts or boards, or other participation in military training or duties.

(b) *Required credits for officers of the Organized Air Reserve.* An officer of the Organized Air Reserve will be considered to have properly maintained his proficiency, provided he obtains an average of 225 credits (see § 861.7) annually during each three-year period. Accordingly, any officer of the Organized Air Reserve who, in any period of three consecutive years, fails to obtain a total of at least 675 credits (including 150 credits for attendance at field training) will be considered to have not properly maintained his proficiency and will be required to appear before a board of officers for the purpose of determining whether or not such officer should be relieved of assignment to the Organized Air Reserve. Officers of the United States Air Force Reserve thus relieved of assignment to the Organized Air Reserve will be assigned to the Volunteer Air Reserve or, if qualified, at their request may be assigned to the Honorary Air Reserve.

(c) *Required credits for officers of the Volunteer Air Reserve.* An officer of the Volunteer Air Reserve will be considered to have maintained his proficiency, provided he obtains 150 credits annually. Accordingly, any officer of the Volunteer Air Reserve who fails to thus maintain his proficiency will be required to appear before a board of officers for the purpose of determining whether or not he should be relieved of assignment in the Volunteer Air Reserve. Any officer thus relieved will, by administrative action, be transferred to the Inactive Air Reserve or if qualified at his request may be transferred to the Honorary Air Reserve.

(d) *Certificate of Capacity.* A Certificate of Capacity will be awarded when an officer meets the requirements for a promotion to a higher grade. (See § 861.5 (d) and (j).)

(e) *Efficiency report.* A periodic efficiency report will be rendered on each officer in the Organized Air Reserve as prescribed by Air Force Regulations.

§ 861.4 *Officers called to extended active duty.* Officers who are called to extended active duty for more than a period of one year will lose their United States Air Force Reserve Table of Organization and Equipment unit or Mobilization-Day assignment upon accepting such extended active-duty assignment. On completion of extended active duty such officers may be given an opportunity for reassignment in the grade for which qualified and for which a vacancy exists in the Organized Air Reserve, Volunteer Air Reserve, or Honorary Air Reserve.

§ 861.5 *Appointment and promotion.* The following provisions will govern appointment and promotion of officers of the United States Air Force Reserve:

(a) No individual will be commissioned prior to reaching his twenty-first birthday.

(b) Officers of the Honorary Air Reserve are not eligible for promotion.

(c) No officer will be initially appointed to a grade unless he shall be able to serve a minimum of two years in the grade to which appointed prior to reaching the maximum age-in-grade specified in § 861.7.

(d) No officer will be promoted unless he shall have attained the credits specified in (j) below. Attainment of such credits will be indicated by a Certificate of Capacity.

(e) No officer will be appointed, promoted, or assigned to a Table of Organization and Equipment unit or Mobilization-Day assignment unless a position vacancy exists either in the grade held by such officer at the time appointment, promotion, or assignment is made, or in a higher grade.

(f) Recommendations for promotion of officers will be made by promotion boards consisting of three officers, at least one of which shall be an officer of the United States Air Force. Such boards will be appointed by the Chief of Staff, United States Air Force, who may delegate this authority at his discretion. Officers will be considered by the boards in order of seniority. The Chief of Staff, United States Air Force, will notify an individual of his promotion.

(g) All members of promotion boards will be senior in permanent grade and temporary rank to officers being considered for promotion by such boards.

(h) No officer who has been considered and not recommended for promotion by a promotion board will be considered again by a promotion board composed of the same members or on which a member of the board which did not recommend him for promotion is sitting.

(i) The minimum periods of service-in-grade for promotion are as follows:

	Years
Second Lieutenant to First Lieutenant	2
First Lieutenant to Captain	3
Captain to Major	5
Major to Lieutenant Colonel	3
Lieutenant Colonel to Colonel	4

(j) Subject to the preceding provisions, officers may be promoted a grade higher than that held upon attaining the number of credits as follows:

(1) For promotion to first lieutenant, officer shall attain 500 credits while in the grade of second lieutenant.

(2) For promotion to captain, officer shall attain 800 credits while in the grade of first lieutenant.

(3) For promotion to major, officer shall attain 1500 credits while in the grade of captain.

(4) For promotion to lieutenant colonel, officer shall attain 1500 credits while in the grade of major.

(5) For promotion to colonel, officer shall attain 500 credits while in the grade of lieutenant colonel.

(k) The requirement for attainment of credits in (j) above may be waived in those cases where officers have clearly demonstrated qualifications by actual performance of duties of the higher grade for a minimum period of six months on active duty between December 7, 1941, and July 8, 1948. Subsequently the requirement for the attainment of credits may be waived in those cases where officers have clearly demonstrated qualifications by actual performance of duties of the higher grade for a specified period of time as follows:

	Months
Colonel	24
Lieutenant Colonel	18
Major	15
Captain	12
First Lieutenant	6

§ 861.6 *Seniority of rank.* For purposes of determining seniority the date of rank of an officer will be computed as follows:

(a) In the event an officer has no prior service in the grade to which appointed or in a higher grade or in an equivalent grade in another service of the armed forces, his date of rank will be the date on which he accepted the appointment.

(b) If an officer has, prior to his current appointment, completed active commissioned service in that grade or in a higher grade or an equivalent grade in another arm or service, his date of rank will precede that on which he is appointed by a period equal to the total length of service previously completed in that grade, a higher grade, or an equivalent grade in another service of the armed forces.

§ 861.7 *Maximum ages-in-grades for assignment to Table of Organization and Equipment units.* Effective January 1, 1951, the maximum ages-in-grades for officers of the Organized Air Reserve will be as follows:

	Lt.	Capt.	Maj.	Lt. Col.	Col.
Personnel assigned to tactical flying units and tactical headquarters below wing level	32	37	40	44	49
Other officers assigned to Table of Organization and Equipment units and all other officers in the Organized Air Reserve	34	41	48	55	60

(a) Officers who reach the maximum age-in-grade for tactical flying units and headquarters below wing level may be given an assignment to a command or staff position within the available vacancies in other type units, may be given an appropriate Mobilization-Day assignment (see § 861.9), or may be reassigned to or commissioned in Volunteer Air Reserve in the grade then held.

(b) Officers who reach the maximum age-in-grade for both tactical and nontactical assignments will be reassigned to or commissioned in the Volunteer Air Reserve or the Inactive Air Reserve, released from military service or, if qualified, reassigned to the Honorary Air Reserve.

(c) Reserve officers serving on active duty in the United States Air Force in any grade below commissioned officer will be assigned to the Volunteer Air Reserve.

§ 861.8 *Table of active and inactive duty credits.* For the purpose of counting credits accrued under this table "annual" shall be construed as meaning from the beginning to the end of a fiscal year. Credits will be awarded as follows:

(a) For attendance at each scheduled assembly for instruction and training—5 credits (maximum annual credit—250).

(b) For attendance at 15-day field training exercises or maneuvers—150 credits for completion of each field training period or a pro rata share for completion of any part thereof (maximum annual credit—150).

(c) For participation in tours of active duty or temporary duty, excluding field training, but including attendance at service schools—25 credits for each week of such duty or a pro rata share for completion of any part thereof (maximum annual credit—250).

(d) For successful completion of each extension course subcourse, the number of credits as specified for such subcourse will be awarded (maximum annual credit—260).

(e) For active participation in training or duty with troops to include flying, administrative duties, instructional duties, duty as a member of a court or board, and similar miscellaneous participation in military training or duties—1 credit for each hour of such duty or training; 1 credit for each hour of preparation by instructor, but not to exceed three times the number of hours required for actual instruction; 1 credit for each hour of flying time recorded pursuant to training directives; maximum daily credits—5 (maximum annual credit—250).

§ 861.9 *Mobilization assignment.* Mobilization assignment is duty for which a United States Air Force Reserve officer volunteers and is assigned on inactive duty status in anticipation of war or other National emergency. For the purpose of these instructions, assignment to a United States Air Force Reserve Table of Organization and Equipment unit is not considered an individual mobilization assignment, and United States Air Force Reserve officers presently holding such assignments may not be given a mobilization assignment unless relieved from assignment to the Table of Organization and Equipment unit. Mobilization assignments will take precedence over all other inactive duty assignments.

§ 861.10 *Training.* An individual having a mobilization assignment may be attached for training only to an appropriate unit or activity of the Regular Air Force, the Organized Air Reserve or the Air National Guard, subject to the approval of the State concerned. Whenever practicable, officers having mobilization assignments will accomplish inactive duty training with the unit or activity to which assigned. Officers having mobilization assignments to activities with which it is not practicable for them to participate in inactive duty training may be attached to activities or units for training with the consent of the major air command concerned. Normally, active duty training of officers having mobilization assignments will be accomplished with the unit or activity to which assigned. Subject to the availability of funds, individuals holding mobilization assignments will receive 15 days active duty training each fiscal year.

APPOINTMENT IN THE UNITED STATES AIR FORCE RESERVE OF PROFESSIONAL AND TECHNICAL SPECIALISTS

§ 861.16 *General.* The regulations of this part generally govern the appointment in the United States Air Force Reserve of such persons who may or may not have had prior military service, who possess technical knowledge or skills readily adaptable to one or more of the Military Occupational Specialties set forth below, in a grade commensurate with their professional qualifications and/or experience.

§ 861.17 *Persons eligible.* (a) Former personnel of the Armed Forces of the United States, persons without prior military service, and all members of the Air Force of the United States, except officers of the Regular component or civilian components on extended active duty are eligible. Officers of the Civilian Components may apply for appointment in a higher grade under the provisions of this part upon relief from active duty. Officers holding commissions in civilian components under the jurisdiction of the Department of the Army or Department of the Navy, may not apply for appointment in the United States Air Force Reserve under the provisions of this Regulation until after they have obtained a conditional resignation from their commissions.

(b) Persons residing in foreign countries not occupied by the armed forces of the United States are not eligible to apply for appointment under the provisions of this part. Persons residing in any other foreign country may apply provided that they can furnish an address within the continental limits of the United States to which mail will eventually reach them.

(c) Persons who are or have been conscientious objectors are not eligible to apply for appointment under the provisions of this part.

(d) Persons having a record of conviction by any type of military or civil court for other than a minor traffic vio-

lation are not eligible to apply for appointment under the provisions of this part. The Chief of Staff, United States Air Force, may grant a waiver in the case of other minor violations which are nonrecurrent and which are not considered prejudicial to performance of duty as an officer. No waivers for convictions involving moral turpitude or a felony will be considered. Any request for waiver under this paragraph must be submitted by the applicant through the air force or oversea commander as indicated in § 861.20 (b) to the Chief of Staff, United States Air Force, Washington 25, D. C., Attention: AFPMP-8, stating fully the circumstances of the case.

(e) Former officers or enlisted personnel of any of the armed forces who were discharged under other than honorable conditions or were relieved from active service solely by reason of unsatisfactory service are not eligible to apply for appointment under the provisions of this part.

(f) Females who have a dependent or dependents under 18 years of age or a child or children under 18 years of age are not eligible to apply for appointment under the provisions of this part. The fact that the applicant does not have legal custody of the child or children will not remove the disqualification.

§ 861.18 *Requirements*—(a) *Citizenship.* All applicants must be citizens of the United States. Applicants who are not citizens of the United States by birth must furnish evidence of citizenship. In the case of United States citizenship by naturalization, a certificate by an officer, notary public, or other person authorized by law to administer oaths, giving the following information will be satisfactory evidence:

I certify that I have this date seen the original certificate of Citizenship Number ------ (or certified copy of the court order establishing citizenship) stating that ---------- was admitted to
(Full name)
United States Citizenship by the Court of ---------- on ----------.
(County and State) (Date)
The following was named in the certificate as a minor child: ----------; age ------.
(Full name)

Under no circumstance will facsimiles or copies, photographic or otherwise, be made of naturalization certificates.

(b) *Age.* All applicants must have reached their twenty-first birthday and on the date of appointment must not have reached the age set forth below for the grade for which applying.

(1) All applicants except those applicants applying for Reserve commission as legal specialists:

Second lieutenant	28
First lieutenant	31
Captain	38
Major	45
Lieutenant colonel	52
Colonel	57

(Appointment of colonels is restricted by law to male individuals.)

(2) Applicants applying for Reserve commissions as legal specialists:

First lieutenant	28
Captain	32
Major	39
Lieutenant colonel	46
Colonel	50

(Appointment of colonels is restricted by law to male individuals.)

(c) *Physical requirements.* All applicants must be physically qualified for general service or general service with waiver.

(d) *Moral requirements.* All applicants must be possessed of high moral character and personal qualifications.

(e) *Specific requirements.* All applicants for appointment under the provisions of this part must meet the requirements specified in § 861.19 (a). Applications will not be accepted from persons who do not possess the qualifications required for the fields indicated.

§ 861.19 *Appointment*—(a) Qualifications. Individuals possessing the following professional and technical qualifications and otherwise qualified may apply for appointment:

(1) *Production inspection officer.* Applicant must possess a college degree in the field of mechanical, electrical, or chemical engineering with a minimum of two years' civilian experience in industrial design production.

(2) *Photographic equipment engineer.* Applicant must possess a college degree in engineering with a minimum of three years' experience in the design, manufacture, or repair of cameras, or in the manufacture of optical instruments. In exceptional cases, individuals, who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(3) *Aircraft inspection officer.* Applicant must possess a college degree in mechanical or aeronautical engineering with a minimum of two years' experience as a supervising inspector or production manager in civilian enterprise in the manufacture of automotive, aircraft, or other mechanical equipment.

(4) *Maintenance and repair officer (Airborne Signal Equipment).* Applicant must possess a college degree in electrical engineering with specialization in radio engineering and a minimum of one year's experience in the installation, maintenance, and repair of airborne signal equipment.

(5) *Safety officer, ground.* Applicant must possess a college degree in industrial, or other appropriate field of engineering with a minimum of one year's experience as a safety engineer. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(6) *Weather officer (meteorologist).* Applicant should possess a college degree with at least twenty semester hours in meteorology from an accredited college or university or be a college graduate with post graduate training in meteorology or aerological engineering. If an applicant has a minimum of two years of college training, practical professional experience in the meteorological field for a minimum period of three years may be substituted for the above educational requirements.

(7) *Comptroller specialist.* Applicant must possess a bachelor degree from an accredited college or university with a major in at least one of the following fields of business administration and supplemented by a minimum of one year's practical operating experience therein. A master degree with a major in one of the specified fields may be substituted for the one year of practical experience. In exceptional cases, individuals who have completed two years of college may substitute practical business experience in progressively responsible positions at the rate of one year of experience for one semester of college education.

Analytical (administrative, management, statistical, budget, cost, financial, market, etc.)
Accounting and/or auditing.
Statistics (general).
Management planning.
Management engineering.
Industrial planning and/or production control.
Budgetary control.
Public administration.

(8) *Intelligence production specialists.* Applicants must possess successful qualifying experience in the various fields of air intelligence or possess education or background indicating the ability to perform the duties of an air intelligence officer specialist. The fields of intelligence in which successful experience would be qualifying are: order of battle research, target research and analysis, photo or radar scope interpretation, prisoner of war interrogation, communications and electronics. The educations or brackground substitute for qualifying experience is possession of: a Ph. D. degree; or a master degree in engineering, architecture, electronics, political science, economics, history, psychology, geophysics, geopolitics, chemistry, forestry, botany, geography, modern languages, library science, sociology, education, journalism; or a bachelor degree with a major in engineering, architecture, law, geography, geology, photogrammetry, electronics, education; or, in addition to two years of college work, an ideomatic oral and written knowledge of the language, and knowledge of the physical characteristics, customs, and habits of one or more foreign countries; or, in addition to two years of college work, a thorough knowledge of the culture, economy, industry, transportation, political institutions, or agriculture of one or more foreign countries; or, in addition to two years of college work in engineering, a thorough knowledge of, and experience in, at least one type of major industrial or aeronautical field. (The number of persons to be commissioned as intelligence production specialists is limited; therefore, all applicants possessing the necessary qualifications will not necessarily receive commissions in the Air Reserve.)

(9) *Design and development officer.* Applicant must possess a college degree within one of the following or associated fields, with civilian experience to demonstrate that he has acquired a thorough knowledge of the physical and mathematical sciences underlying that field.

A minimum of one year's experience is required, and the applicant must be working in the field for which applying at the time of application.

Aeronautical engineer.
Jet, ramjet, rockets.
Rotary wing.
Compressibility.
Servo mechanisms and instrumentation.
Heat transfer.
Fluid mechanics.
Theory of probability.
Guided missiles.
Wind tunnel testing.
Airplane design.
Electronics.
Geophysics.
Engineering.
Nuclear physics.
Propulsion and thermodynamics.
Metallurgy.
Advance dynamics.
Basic physical sciences.

(10) *Production management specialist.* Applicant must possess a college degree in industrial or other appropriate field of engineering with a minimum executive experience of three years in manufacturing, commercial enterprise, or industrial management. Additional civilian experience may be considered instead of the college degree.

(11) *Armament officer.* Applicant must possess a college degree within one of the following fields with a minimum of two years' experience, and the applicant must be working or teaching in the field for which applying at the time of application. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

Mechanical engineering.
Chemical engineering.
Industrial engineering.
Metallurgical engineering.
Biology.
Physics.

Experience in the above fields must be in any one, or any combination of, the following activities: research, testing, and development; inspection of workmanship, materials, and equipment; teaching at college level; administration and management; design of plants and equipment; technical sales and service; or consulting engineering. Federal employees possessing two years' minimum experience as armament technicians with the National Military Establishment may apply for appointment.

(12) *Special investigations officer.* Applicants must possess a degree from an accredited college or university supplemented by a minimum of two years' qualifying progressive experience in recognized investigative fields. The fields of investigation in which successful experience would be qualifying are: experience in military or Federal, State or municipal investigative agency conducting law enforcement type investigations; experience in military or a civilian intelligence investigation agency; experience in accounting and bankruptcy investigations. Applicants with degrees in law or accounting preferred. In exceptional cases, individuals who have completed two years of college may substitute practical experience in investigation fields listed above, at the rate of one year of experience for one semester of college education.

(13) *Special investigations technical officer.* Applicants must possess at least a bachelor degree in the engineering or physical science field and a minimum of two years' experience in any one of the fields listed below. For appointment to grades higher than first lieutenant, applicant must possess successful qualifying experience in technical phases of investigative work and preferably experience in a recognized scientific crime detection laboratory. Candidates for commissions in this category would include specialists in the following fields:

Fingerprint identification.
Firearms identification.
Investigative photography.
Serology.
Document, handwriting, and related sciences.
Toxicology.
Analytical chemistry.
Spectrography.
Microscopy and photomicrograph.
Petrography.
Electrical and sound engineering.

Experience in the above specialties must be in connection with their application to investigative activity. (The number of persons to be commissioned in this category is limited. Therefore, all applicants possessing enough necessary qualifications will not necessarily receive commissions in the Air Reserve.)

(14) *Air installation officer.* Applicant must possess a college degree in architecture; architectural, structural, civil, mechanical, industrial, or electrical engineering; city management or planning; industrial management; with a minimum of three years' executive or technical experience in one or more of the following fields; city manager, airport manager, real estate manager, industrial manager, utilities manager, buildings and ground superintendent, architect, building contractor, or construction, civil, or industrial engineer. A college degree in engineering, other than those enumerated above, may be considered. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(15) *Legal specialists.* For appointment as first lieutenant, applicant must be a graduate of an approved law school with a professional degree and be admitted to practice before the highest court of a State or Territory or of the District of Columbia and be in good standing at the bar. For appointment in grades above that of first lieutenant, applicants must possess all of the qualifications specified above for first lieutenant and have had additional professional experience which may include Governmental, judicial, teaching, military legal experience and private practice, as follows: for captain, 4 years; for major, 8 years; for lieutenant colonel, 12 years; and for colonel, 16 years. Appointments in the grades of lieutenant colonel and colonel will be limited to those applicants who, in addition to the years of experience, have shown unequivocal prominence or ability in their professional field. Waivers of requirements on professional experience may be granted where demonstrated military experience justifies such waivers.

(16) *Industrial planning specialist.* Applicant must possess a college degree in industrial or other appropriate field of engineering with a minimum of three years' experience of a management control and programming nature with industrial concerns or Governmental agencies. This experience must demonstrate the applicant's qualifications to recommend basic policies and procedures to implement major industrial programs. Experience in production schedules, manufacturing controls, and estimating manufacturing potential is desirable. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(17) *Industrial specialist.* Applicant must possess a college degree in industrial or other appropriate field of engineering with a minimum of three years' experience of the operational phases of industry, such as production engineering, process engineering, metallurgy, manufacturing methods, tools design, etc. The experience must be of a nature to demonstrate a thorough understanding of the technical fields in which the applicant claims specialty and of his ability to deal with the solution of important problems arising in these fields. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(18) *Industrial planning economist.* Applicant must possess a college degree with major study in economics or statistics and possess a minimum of three years' experience in economic or statistical research with industrial concerns, Governmental agencies, private organizations, or educational institutions. The experience must be of a responsible and planning nature in order to indicate the applicant's ability to establish the scope of the economic problem, develop methods for obtaining solutions, and for integrating the results of these studies with parallel work being conducted in industrial fields. Routine statistical and information gathering work are not considered applicable in this field. The work performed in fulfilling the experience requirement must be on a high professional level. In exceptional cases, individuals who have completed two years of college may substitute practical experience in responsible positions at the rate of one year of experience for one semester of college education.

(19) *Public information officer.* Applicant must possess a college degree with a major in public relations, journalism, radio, advertising, motion picture production, photography, or closely related fields, with a minimum of three years of civilian experience in one or more of these fields. In exceptional cases, individuals who have completed two years of college may substitute practical experi-

ence in responsible positions at the rate of one year of experience for one semester of college education.

(20) *Human resources research specialist.* Applicant must possess a graduate degree from an accredited college or university in one or more of the following fields: psychology, education, educational tests and measurements, human engineering, statistics, sociology, economics, psychophysiology or personnel management, or a bachelor degree in one of these fields plus three years of teaching, research, or practical experience. A college degree in related fields other than those listed above may be considered. In exceptional cases, individuals who have completed at least two years of college may receive credit for additional college training, provided he has sufficient research experience or practical experience which may be substituted on the basis of one year of experience for one semester of college training.

(b) *Grades in which appointed.* For direct appointment in the United States Air Force Reserve, applicants must possess the minimum qualifications indicated in the fields listed in (a) above. Grades in which appointed will be determined on the basis of technical skill and experience, except legal specialists, as follows: A minimum of 3 years for first lieutenants; 7 years for captain; 14 years for major; 19 years for lieutenant colonel and 25 years for colonel. Possession of a doctor degree in any of the fields will be considered as equivalent to three years of professional experience. For appointment in the grade of lieutenant colonel and colonel, applicant must have held an administrative or supervisory position in the field for ten or more years, except legal specialists. Applicants are required to demonstrate that their experience has been of such quality and scope that they possess competence on a level of responsibility, skill, and knowledge appropriate to the grade for which recommended.

§ 861.20 *Method of application*—(a) *Forms.* Interested individuals may obtain blank forms at any installation, recruiting stations, Air National Guard, Air Reserve unit, Reserve training center, or by writing to the air force or oversea commander having jurisdiction over the area in which they reside. In assembling the application prior to forwarding, the applicable requirements listed below will be used as a check list to insure that all necessary information and papers have been included, thus precluding delays which will result from the return of incomplete applications. The following documents properly completed constitute the application and allied papers.

(1) Air Force Form 24, "Application for Appointment in the United States Air Force Reserve," in triplicate. WD AGO Form 170 "Application for Appointment and Statement of Preferences for Reserve Officers," may be used for this purpose pending availability of Air Force Form 24, but in no case later than 30 June 1949. Plain sheets of paper, attached to the application, may be used for inclusion of additional information for which there is insufficient space on the application form. When WD AGO Form 170 is used, item 34 thereof, must contain the following statement by the applicant. "I am not now nor have I ever been a conscientious objector," and "I am not (am) now and have not (have) been a member of any foreign or domestic organization, association, movement, group, or combination of persons advocating a subversive policy or seeking to alter the form of government of the United States by unconstitutional means.".

(2) Original or photostat copy of honorable discharge certificate, or certificate of service, when applicable.

(3) Completed WD AGO Form 63 or 64 (Physical Examination). (See § 861.66.)

(4) WD AGO Form 643A, "Personal History Statement," in duplicate.

(5) Documentary evidence of educational level.

(6) A recent photograph of the applicant, head and shoulders type, not less than 3 by 5 inches (legal specialists).

(7) A certificate from proper authority showing admission to practice and standing at the bar (legal specialists).

(8) An affidavit from the applicant containing a statement of his full time or part time legal experience. Legal experience may include Governmental, judicial, teaching, military legal experience, and private practice. If applicant has practiced law, he should include a list of the more important cases that he has handled, showing the nature of each, and a general statement of the character of his practice; if he has taught law, the subjects which he teaches or has taught; if he has held a judicial office, the extent of the jurisdiction of his course; and if he has had Governmental or military legal experience, a description of his position and rating (legal specialists).

(9) Any other documents or information the applicant may desire to submit as evidence of his qualifications for appointment under the provisions of this part.

(b) *Channels of communication.* Applications and allied papers will be forwarded as follows:

(1) Personnel on active duty as warrant officers or officers or enlisted personnel—through channels to the commanding general of the air force having jurisdiction over the air force area in which applicant is stationed, or if stationed overseas, to the Commanding General, Far East Air Forces, United States Air Forces in Europe, Alaskan Air Command, Pacific Air Command, or Caribbean Air Command, as appropriate.

(2) Personnel on inactive duty—members of the United States Air Force Reserve assigned to Reserve units—to the commanding general of the air force having jurisdiction over the air force area in which applicant resides, as indicated in § 861.23, through their immediate commanding officers.

(3) All others—direct to the commanding general of the air force having jurisdiction over the air force area in which applicant resides; or if applicant resides in a foreign country occupied by the armed forces of the United States, to the appropriate oversea commander indicated in (1) above.

§ 861.21 *Physical examinations.* An applicant for appointment who has undergone a physical examination under Air Force supervision within the preceding ninety days will submit a copy thereof with the application for appointment. An applicant for appointment who has not undergone or satisfactorily passed a physical examination under Air Force supervision within ninety days of date of application is required to undergo a final type physical examination less (except when otherwise indicated) serology, chest X-ray, electrocardiogram, audiogram determination, microscopic urinalysis, and lens correction. The report of physical examination may be accomplished and signed by a medical officer of any component of the armed forces of the United States, whether he is on active or inactive duty status. In the absence of such medical officer, the report of physical examination may be accomplished and signed by any reputable doctor of medicine, without expense to the Government. An applicant for appointment who is drawing a pension, disability allowance, disability compensation, or retired pay from the Government of the United States is required to undergo a physical examination as indicated in (b) above, regardless of the period of time since latest physical examination.

§ 861.22 *Action on completed application.* The applications of applicants who do not meet the initial requirements for consideration for appointment under the provisions of this Regulation will be returned to the applicant setting forth the reason the application cannot be accepted. The applications and allied papers of those applicants who meet the initial requirements will be forwarded to an examining board established in each air force area. The applicant will be notified of time and place of appearance before the board for interview. Applicants not in the active military service must provide for travel, quarters, and meals at their own expense. Applicants will be so scheduled that, as far as practicable, no one will have to spend more than one day at the place of examination. Upon completion of action by the board, the application and allied papers will be forwarded to the Chief of Staff, United States Air Force for final decision regarding appointment. Each applicant will ultimately be notified by the Chief of Staff, United States Air Force, of his appointment or nonselection.

§ 861.23 *Addresses of area served.* Addresses of area served are as follows:

Address and area responsibility

Commanding General, First Air Force, Fort Slocum, N. Y.: Maine, Michigan, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, West Virginia, Kentucky, Ohio, and District of Columbia.

Commanding General, Fourteenth Air Force, Orlando Air Force Base, Orlando, Fla.: Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Louisiana, Texas, Oklahoma, and New Mexico.

Commanding General, Tenth Air Force, Fort Benjamin Harrison, Indianapolis, Ind.: Wisconsin, Illinois, Missouri, Iowa, Minnesota, North Dakota, Nebraska, Kansas, Wyoming, Colorado, and Indiana.

Commanding General, Fourth Air Force, Hamilton Air Force Base, Hamilton Field, Calif.: Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, and Washington.

AIR FORCE OFFICER CANDIDATE SCHOOL

§ 861.31 *Purpose and mission.* The purpose of this Regulation is to outline the policy and procedures for selection of personnel for appointment as commissioned officers in the United States Air Force Reserve through attendance at the Air Force Officer Candidate School. Its mission is to provide an opportunity for each individual to attain the highest degree of professional recognition consistent with his ability, to develop the necessary officer personnel required to accomplish the mission of the Air Force, to maintain the high standard of leadership, and to afford the youth of the Nation the opportunity of military service as a commissioned officer.

§ 861.32 *Information.* Detailed information with respect to the Air Force Officer Candidate School program, application blanks, and instructions for execution of application blanks, etc., may be obtained from:

(a) Any Air Force Aviation Cadet—Officer Candidate Examining Board.

(b) Any Air Force base.

(c) Any Army and Air Force recruiting station.

(d) Chief of Staff, United States Air Force, Washington 25, D. C.

§ 861.33 *Definitions.* The following definitions are prescribed for this part.

(a) "An Applicant" is any person who has submitted his application as prescribed in this part.

(b) "Processed Applicant" is one who has completed the appropriate examining procedures.

(c) "A Selected Applicant" is one who has been selected to attend a specific Air Force Officer Candidate School class.

(d) "A Rejected Applicant" is one whose application has been rejected.

(e) "A Candidate" is a selected applicant who is actually in an Air Force Officer Candidate School class.

§ 861.34 *Requirements*—(a) *Eligibility.* The following are eligible to apply for appointment to the Air Force Officer Candidate School and must meet the prescribed requirements:

(1) Enlisted members and warrant officer of the Regular Air Force of the United States.

(2) Former enlisted personnel, warrant officers, and flight officers who served honorably during World War II and have been returned to civilian status.

(3) Civilians.

(b) *Age.* Applicants must be at least 20 years and 6 months of age and must not be older than 26 years and 6 months on date of enrollment in a class for which selected. No waivers for age will be granted.

(c) *Citizenship.* Each applicant must be a citizen of the United States. Applicants who are not citizens of the United States by birth must provide documentary evidence of citizenship. In the case of citizenship by naturalization or adoption, a form of certificate by an officer may be submitted as set forth in § 861.18 (a). Under no circumstances will copies, photographic or otherwise, of naturalization certificates be made.

(d) *Mental requirements.* Each applicant must attain an equal or higher grade than the predetermined passing grade in such mental or aptitude examinations as may be prescribed by the Chief of Staff, United States Air Force.

(e) *Educational requirements.* Each applicant must present a transcript of credits equaling one-half the normal required credits (two years) leading to a degree from an accredited college or university or be able to pass an examination which will measure the equivalent thereof. (Personnel who possess the required college credits will be exempt from taking this examination.)

(f) *Moral requirements.* Each applicant must be of high moral character and must possess personal qualifications.

(g) *Physical requirements.* All applicants will be required to have a complete final-type physical examination.

(h) *General requirements.* Applicant must possess such other general qualifications as may be prescribed by the Chief of Staff, United States Air Force.

(i) *Application.* Application will be limited to those personnel who are stationed or reside within the territorial limits of the United States, to include the zone of the interior, Hawaii, Alaska, and Puerto Rico.

(j) *Agreement to active duty.* Each applicant must agree to serve on active duty for a minimum of three years, if commissioned, unless sooner relieved by a competent authority.

(k) *Basic training.* No prior military service is required of applicants. However, it is mandatory that all persons shall have completed basic training or its equivalent prior to attending the Air Force Officer Candidate School. Equivalency of basic training will be in accordance with the current regulations governing enlistment.

(l) *Certificates of eligibility.* Individuals who have successfully completed two years of college, along with the Elementary Course, Senior Division, Air Reserve Officers Training Corps, may be exempt from basic training provided they have met the established requirements of the college and Air Reserve Officers Training Program and possess a certificate of eligibility for entrance to the Air Force Officer Candidate School awarded by the professor of military science and tactics. These certificates are valid for two years.

§ 861.35 *Ineligibles.* The following persons will not be eligible for selection or appointments, and their applications will not be accepted:

(a) Those who have been, or presently are, conscientious objectors.

(b) Those who have a record of conviction by any type of court-martial or by any civil court for other than a minor traffic violation. Request for waiver may be submitted to the Chief of Staff, United States Air Force, in the case of a minor violation which is nonrecurrent and which is not considered prejudicial to performance of duty as an officer. No waiver involving moral turpitude will be granted.

(c) Those who have been separated from the service under other than honorable conditions.

(d) Those who have held, or now are holding, a commission in any component of the armed service.

(e) Those who are drawing a pension disability allowance, disability compensation, or retired pay from the Government of the United States.

§ 861.36 *Application*—(a) *Forms and documents.* Applications for Air Force Officer Candidate School must be submitted on Air Force Form 160 (Officer Candidate School Application). Each application will be accompanied by a birth certificate, transcript of college or university credits where applicable, documentary evidence of citizenship if by naturalization or adoption, as outlined in § 861.34 (c), and a supplemental statement in triplicate containing the following statements:

(1) "I do (do not) desire basic training." (See § 861.34 (k).)

(2) "If I am enlisted in or promoted to the third enlisted grade under the authority contained in paragraph 18, Air Force Regulation 53–2, for the specific purpose of attending Air Force Officer Candidate School and fail to complete the prescribed training for any reason, I hereby request voluntary reduction from the third enlisted grade to the exact grade held at the time of my enlistment in or promotion to the third grade as provided above unless sooner reduced by competent authority."

(3) "I agree to serve for three years on active duty if commissioned." (Of individuals who apply under the separate additional quota established for the Air National Guard and the Air Force Reserve, may submit the statement, "I agree to serve on active duty for at least six months unless sooner relieved by competent authority and to participate in inactive duty training for at least three years if commissioned.")

(4) "I have (have not) previously applied for Air Force Officer Candidate School."

(5) "I am (am not) a member of the (Air National Guard), (Officer Reserve Corps), (Air Force Enlisted Reserve)."

(6) "I am (am not) a conscientious objector; I have (have not) been a conscientious objector."

(7) "I am (am not) drawing a pension, disability allowance, disability compensation, or retired pay from the Government of the United States."

(8) "I have (have not) been and I am (am not) now a commissioned officer in one or more components of the armed forces."

(9) "I am not (am) now and have not (have) been a member of any foreign or domestic organization, association, movement, group, or combination of persons advocating a subversive policy or seeking to alter the form of Government of the United States by unconstitutional means."

(b) *To whom forwarded.* Applications and allied papers will be forwarded by individuals in the following manner:

(1) Application and allied papers of enlisted personnel will be forwarded to

the commanding officer of the Air Force base or installation to which the applicant is assigned, for appropriate remarks and recommendations.

(2) Individuals applying under the separate additional quota established for the Air National Guard and Air Force Reserve will forward application and allied papers through military channels to the Chief of Staff, United States Air Force, with appropriate remarks and recommendations.

(3) Application and allied papers of former enlisted personnel, warrant officers, and flight officers may be submitted to any Aviation Cadet—Officer Candidate Examining Board or to the Chief of Staff, United States Air Force.

(4) Application and allied papers of civilians may be submitted to an Aviation Cadet—Officer Candidate Examining Board or to the Chief of Staff, United States Air Force.

§ 861.37 *Examinations.* Unless otherwise prescribed by the Chief of Staff, United States Air Force, each applicant for the Air Force Officer Candidate School will be given examinations as follows:

(a) All applicants will be required to have a complete final-type physical examination. No waiver for physical disqualification will be granted.

(b) Applicants who do not present documentary evidence of one-half the required credits that normally lead to a baccalaureate degree from any accredited college or university will be required to take the Aviation Cadet Educational Examination. The numerical score obtained in the Aviation Cadet Educational Examination will be used in computing the final composite score in the manner prescribed by the Chief of Staff, United States Air Force. Failure to attain the passing score or better in the Aviation Cadet Educational Examination will preclude further examination of the applicant by the board. Applicants who present documentary evidence of one-half or more of the prescribed credits normally leading to a baccalaureate degree from an accredited college or university will be exempt from taking the Aviation Cadet Educational Examination. Numerical credits for computing final composite score will be based on the number of years applicant has attended accredited colleges or universities, as prescribed by the Chief of Staff, United States Air Force.

(c) All Air Force Officer Candidate School applicants will be administered the Officer Candidate Test Battery.

(d) The tests and examinations contained in (b) and (c) above, will be transposed into individual numerical scores for each test and combined, the sum of which will be the final composite score, in the manner prescribed by the Chief of Staff, United States Air Force. Upon successful completion of the examinations, the president of the borad will so advise the applicant, and the applicant will return to his duty station or place of residence to await notice of selection or rejection for a specific class.

§ 861.38 *Selection.* Selections for Air Force Officer Candidate classes will be made on a competitive basis from those qualified applicants on the eligible list who attain the highest composite scores in the examinations prescribed in § 861.37.

§ 861.39 *Rejection.* Qualified applicants on the eligible list who are not selected will be notified that they did not attain a sufficiently high composite score for section to a specific class. When qualified applicants are not selected for a specific class, applications and allied papers, excluding the Officer Candidate Test Battery and Aviation Cadet Educational Examination, will be returned to the applicant with the notice of nonselection. Qualified applicants who are not selected for a specific class may reapply for future classes, without prejudice, if they so desire. Reapplication will necessitate complete processing.

§ 861.40 *Grades and enlistments of selected applicants.* Civilians will be authorized to enlist in the third grade with the reservations outlined in § 861.36 (a) for the purpose of attendance to the Air Force Officer Candidate School. Each applicant will be notified by the Chief of Staff, United States Air Force, of selection and authorized to enlist at the nearest recruiting station or Air Force base in sufficient time to permit travel to the Air Force Officer Candidate School or to basic training center. Selected civilian applicants are required to enlist for a period of three years. Officer candidates will not be permitted to reside off base while attending basic training centers or Air Force Officer Candidate School. Government quarters for dependents are not available at the school.

§ 861.41 *Relief from duty.* Candidates may be relieved from attendance at the Air Force Officer Candidate School or the military indoctrination course for disciplinary reasons, disqualifying physical defects, academic deficiencies, deficiencies in leadership, or upon their own request.

§ 861.42 *Disposition of nongraduates.* All nongraduating candidates from the Air Force Officer Candidate School who were not on active duty at the time of application will be discharged for the convenience of the Government. Candidates may be retained for the next class in the Air Force Officer Candidate School or the military indoctrination course, who fail to complete the course through no fault of his own or who failed, but whose record is such that he may reasonably be expected to overcome his deficiency by joining the next class, provided he desires to be retained for such purpose.

§ 861.43 *Appointments in the Air Force Reserve.* Officer candidates who successfully complete the prescribed course of training will be commissioned as second lieutenants in the United States Air Force Reserve. All graduates who were selected under the separate additional quota and who did not elect to serve on active duty for three years will serve a minimum of six months of active duty as Air Reserve Officers unless sooner relieved for the convenience of the Government. During the six months of active duty, it is the responsibility of the individual to initiate application for appointment and Federal recognition as an Air National Guard officer. Application will be submitted on WD NGB Form 62 (Application for Federal Recognition as a National Guard Officer and Warrant Officer for Appointment in the National Guard of the United States), in triplicate, through appropriate channels. Immediately prior to the termination of the prescribed course of training, completion of which normally qualifies an officer candidate for appointment as second lieutenant, a board of officers will consider the physical, moral, educational, and professional qualifications of each officer candidate due to complete his training. Officer candidates recommended to be commissioned as second lieutenants in the Air Force Reserve, by the board, will be so commissioned in the manner prescribed by the Secretary of the Air Force. An officer candidate will be discharged from the service upon being commissioned a second lieutenant in the Air Force Reserve. Graduates, except those who were selected under the separate additional quota established for the Air National Guard and Air Force Reserve will be required to sign voluntary service statements that they will remain on active duty for a period of three years unless sooner relieved by competent authority. The Commandant, Air Force Officer Candidate School, will issue orders placing each officer on initial active duty at such station as directed by the Chief of Staff, United States Air Force.

VOLUNTARY CALL TO EXTENDED ACTIVE DUTY

§ 861.51 *General.* Voluntary calls or recalls to extended duty will be utilized by the Department of the Air Force to maintain the officer strength necessary to accomplish its assigned mission. Tours of duty will be on a voluntary basis for the duration of three years unless sooner relieved for the convenience of the Government. The duration of a normal tour of extended active duty shall be computed as commencing on the first day of the month following the date of reporting on active duty and shall be completed when the officer has served the prescribed tour which will not be shortened by considering the officer's accrued leave.

§ 861.52 *Eligibility.* To be eligible for extended active duty, the applicant must: (a) Hold a commission in the United States Air Force Reserve or Air National Guard of the United States (Not applicable to warrant officers desiring extended active duty in the grade of their temporary existing appointments inasmuch as there are no provisions of law for warrant officers in the United States Air Force Reserve).

(b) Agree to accept active duty in a grade not higher than the grade in which the applicant served in the Army of the United States or Air Force of the United States immediately prior to processing for relief from active duty, except that newly commissioned officers may be called to active duty in the grade in which appointed.

(c) Agree to accept any general downgrade readjustments in the same man-

ner as all officers on extended active duty.

(d) Possess two years of college or the equivalent thereof.

§ 861.53 *Officers not subject to recall.* Officers will not be called to extended active duty for the sole purpose of:

(a) Reclassification.

(b) Trial by courts-martial.

(c) Appearance as a witness in a military trial.

(d) Completion of a project left unfinished at the time of relief from active duty, or assignment to a project or activity of a temporary nature.

(e) Rectifying an error committed during a previous tour of active duty.

(f) Appearance before a Retiring Board.

§ 861.54 *Application.* All applications for extended active duty from officers on inactive status will be submitted on Air Force Form 125 to the Chief of Staff, United States Air Force, Attention: AFPMP–8D, Washington 25, D. C. Air National Guard officers will forward their applications through their State (Territory or Possession) adjutant general who will indicate approval or disapproval in their forwarding indorsement.

§ 861.55 *Physical qualifications.* All officers recalled to extended active duty must be found physically qualified for general service or general service with a waiver. Upon reporting to the first duty station, each officer will undergo a final-type physical examination unless one within three months of the date of entry on active duty is of record.

§ 861.56 *Orders.* Orders calling or recalling officers to extended active duty will be issued by the Department of the Air Force, and whenever practicable, will be issued 14 days or more in advance of the active duty date. Officers will be ordered to duty in a temporary Air Force of the United States (AFUS) grade as Air Force of the United States officers and not United States Air Force Reserve officers, and will not be entitled to the lump-sum payment authorized by Public Law 97, 77th Congress, (sec. 6, 55 Stat. 240; 10 U. S. C. 300a), however, officers' commissions in the United States Air Force Reserve remain in effect. Effective date of duty is the date the officer is to depart from his home in compliance with orders. Air National Guard officers will obtain clearance of Federal property or State funds for which they are responsible. Travel by private automobile is authorized for all personnel who are recalled to extended active duty.

§ 861.57 *Date of rank*—(a) *Recomputation of date of rank of officers recalled to active duty.* The date of rank of officers recalled to active duty will be recomputed in accordance with section 127a of the National Defense Act as amended (sec. 51, 41 Stat. 785, sec. 5, 43 Stat. 1078 and 56 Stat. 1050; 10 U. S. C. 511).

(b) *Absence without leave.* A Reserve officer who is ordered to active duty and who is absent without leave during a part or the whole of the period for which ordered to active duty, is not entitled to count the time absent without leave in placing rank.

(c) *Credit as National Guard officers.* Reserve officers who are entitled to credit for relative rank for service as officers of the National Guard under sections 94, 97, and 99, National Defense Act, as amended (secs. 94, 97, 99, 39 Stat. 206, 207; sec. 5, 42 Stat. 1035; secs. 2, 3, 44 Stat. 674; 32 U. S. C. 63, 64, 65), should submit request therefor to the Chief of Staff, United States Air Force, Attention: AFPMP–8D, Washington 25, D. C., through military channels, including the major air command and the Chief of the National Guard Bureau. Such requests should specify the claimant's full name; his grade, section, and serial number in the United States Air Force Reserve; the dates (day, month, and year) of duty, the nature of duty and where performed, and the State in which claimant served as a National Guard officer with his grade and organization at the time the service was rendered.

INACTIVE DUTY TRAINING PAY AND ALLOWANCES

§ 861.61 *Policy*—(a) *Priorities.* United States Air Force Reserve personnel assigned to the Organized Air Reserve will be eligible to receive inactive duty training pay and will be paid, on a quarterly basis, to the extent provided for by appropriations and in accordance with the following priorities:

(1) Individuals who have a mobilization assignment.

(2) Individuals who have an assignment to a United States Air Force Reserve Table of Organization and Equipment unit.

(b) *Active duty.* Inactive duty training pay will not accrue to individuals while on active duty.

(c) *Training period.* Only one training period or unit training assembly per calendar day will be authorized for pay purposes.

§ 861.62 *Definitions*—(a) *Mobilization assignment.* Duty for which an individual volunteers and is assigned by competent authority on inactive duty status in anticipation of war or other National emergency and for which it is anticipated the individual will be called to active duty in the event of mobilization.

(b) *Table of Organization and Equipment unit assignment.* Duty within an authorized United States Air Force Reserve Table of Organization and Equipment unit for which an individual volunteers and to which he is assigned on inactive duty status in anticipation of war or other National emergency.

(c) *Training period.* A duly authorized period of instruction or other appropriate duty for pay purposes of at least two hours' duration performed by an individual with a mobilization assignment.

(d) *Unit training assembly.* A duly authorized and scheduled period of instruction or other appropriate duty for pay purposes of at least two hours' duration conducted by a United States Air Force Reserve Table of Organization and Equipment unit.

(e) *Competent authority.* Chief of Staff, United States Air Force, and commanding generals, major air commands, or subordinate commanders as delegated.

§ 861.63 *Inactive duty training pay*—(a) *Mobilization assignments.*

(1) Not more than 48 training periods per fiscal year will be authorized personnel with a mobilization assignment for inactive duty training pay purposes.

(2) In order to qualify for inactive duty training pay personnel holding mobilization assignments will attend a minimum of eight training periods per quarter per fiscal year.

(3) Rated personnel with other than aircrew assignments will not be considered to have participated in a training period by virtue of individual flight training activities.

(4) Rated personnel with aircrew assignments will not be considered to have participated in a training period by virtue of flight activities unless such training is authorized by competent authority and accomplished with the organization to which assigned or with a similar organization.

(b) *United States Air Force Reserve Table of Organization and Equipment unit assignment.* (1) Table of Organization and Equipment units will be authorized unit training assemblies for pay purposes as follows:

(i) Class A units specifically designated for prompt mobilization by the Department of the Air Force will be authorized a maximum of 48 unit training assemblies in each fiscal year of which not less than two or more than six will be conducted in any calendar month. The minimum of two periods per month may be waived for the months in which a unit is scheduled for active duty training.

(ii) Class A units not specifically designated for prompt mobilization and class B units will be authorized a maximum of 24 unit training assemblies in each fiscal year of which not less than one or more than three will be conducted in any calendar month. The minimum of one period per month may be waived for the month in which a unit is scheduled for active duty training.

(iii) Class C units will be authorized a maximum of 12 unit training assemblies in each fiscal year of which not less than two or more than four will be conducted in any fiscal quarter.

(2) In addition to the other requirements listed in this directive personnel of Table of Organization and Equipment units will qualify for inactive duty pay, not including additional pay for flight training, when at least 60 per cent of the officer strength and 60 per cent of the enlisted strength assigned as of the date of such assembly, attend an authorized unit training assembly. (Personnel absent on military orders are excluded from the assigned strength.)

(3) Additional pay for flight training will be authorized upon publication of appropriate orders required by law and when an individual accomplishes the required minimum flight training through:

(i) Participation in prescribed individual flight training.

(ii) Participation in an authorized unit flight training mission which is conducted to maintain unit flying pro-

ficiency. (If the minimum of 60 per cent of the assigned officer strength and 60 per cent of the assigned enlisted strength participate in such a mission, credit may also be given for a unit training assembly.)

(c) *Administrative function pay.* Administrative function pay will accrue on a day-to-day basis and is payable only for periods during which the payee is in an inactive duty training pay status. In addition to other inactive duty training pay, commanding officers of the United States Air Force Reserve Table of Organization and Equipment units having administrative functions connected therewith shall receive pay on a quarterly basis within the limitation of appropriations, but not to exceed the following amounts:

(1) All class A units—not to exceed $240.000 annually and to accrue at the rate of $20.00 per month.

(2) All class B units—not to exceed $120.00 annually and to accrue at the rate of $10.00 per month.

(3) All class C units—not to exceed $60.00 annually and to accrue at the rate of $5.00 per month.

§ 861.64 *Inactive duty training without pay.* When authorized by competent authority, personnel assigned to the Organized Air Reserve may participate in inactive duty training without pay. When such training is performed, personnel shall be entitled to transportation to and from such duty, with subsistence en route, and during the performance of such duty, shall be furnished subsistence and quarters in kind or commutation thereof. Authorization for this training will be limited by allotments of funds from Headquarters, United States Air Force for this specific purpose.

§ 861.65 *Volunteer training without remuneration.* Nothing in this part shall be interpreted to limit the amount of individual or unit training that may be authorized or voluntarily conducted without pay or reimbursement of any kind.

[SEAL] L. L. JUDGE,
Colonel, U. S. Air Force,
Air Adjutant General.

TITLE 41—PUBLIC CONTRACTS

Chapter I—Bureau of Federal Supply, Department of the Treasury

REVISION OF CHAPTER

[NOTE: The codification of sections heretofore numbered 1.1–1.5, 2.1–2.13, 3.1–3.7, 5.1–5.7, 10.1–10.4, 11.1–11.3, 11.100–11.105, 13.1–13.4, 20.1–20.7, 33.1–33.107, 35.1–35.9, 36.1–36.8 and 37.1–37.3 is discontinued. Future amendments to descriptions of organization, delegations of authority and public information procedure will appear in the Notices section of the FEDERAL REGISTER.]

The regulations in this chapter are revised to read as follows:

Part
1 General.
2 Procedures.
3 Directed procurement.
4 Standard contracts.
5 Surplus personal property.

PART 1—GENERAL

Sec.
1.1 Executive agencies.
1.2 Continental United States.
1.3 Businessmen cautioned.

AUTHORITY: §§ 1.1 to 1.3 issued under sec. 1, E. O. 6166, June 10, 1933; 5 U. S. C. 132 note.

§ 1.1 *Executive agencies.* The term "Executive agencies," as used in this chapter, means departments, boards, commissions and other establishments, except Government corporations, in the Executive Branch of the United States, and includes the District of Columbia Government to the extent authorized by the acts of July 1, 1918, February 27, 1929 and June 28, 1944, as amended (40 Stat. 672, 45 Stat. 1341, 58 Stat. 531; 40 U. S. C. 110, 41 U. S. C. 7a, D. C. Code, Supp., 1–241).

§ 1.2 *Continental United States.* The term "continental United States," as used in this chapter, means the area comprising the forty-eight States and the District of Columbia.

§ 1.3 *Businessmen cautioned.* Those selling supplies to or buying surplus supplies from Executive agencies are cautioned that the transactions may be invalidated if made contrary to the regulations in this chapter.

PART 2—PROCEDURES

Sec.
2.1 Forfeited distilled spirits.
2.2 Tort claims.

CONTRACTS

2.3 Invitations for bids.
2.4 Awards.
2.5 Protests of awards.
2.6 Disputes.
2.7 Term contracts.

AUTHORITY: §§ 2.1 to 2.7 issued under sec. 1, E. O. 6166, June 10, 1933; 5 U. S. C. 132 note.

§ 2.1 *Forfeited distilled spirits.* In the disposal under section 2805 (a) of the Internal Revenue Code of forfeited distilled spirits, wine and malt beverages as a gift to eleemosynary institutions for medicinal purposes, institutions are required to establish eligibility and needs by filing with the Director, Bureau of Federal Supply, Washington, D. C., Bureau of Federal Supply Form TS 735 Rev., "Affidavit on Behalf of Eleemosynary Institution." Eligible institutions are placed on a mailing list to receive circulars of available distilled spirits and from time to time request transfers of distilled spirits listed in the circulars. No special form or request for transfer is prescribed.

§ 2.2 *Tort claims.* Procedures for the settlement of tort claims arising from actions of Treasury Department employees are published in 31 CFR Part 3.

CONTRACTS

§ 2.3 *Invitations for bids.* Bids are solicited for the procurement of supplies and services and the disposition of surplus supplies through public notices posted or published and invitations for bids sent to suppliers and purchasers believed qualified and interested, within such limits as the public interest requires. Invitations for bids are issued by both the Washington Office and the several field offices. Those wishing to receive invitations for bids should apply separately to each office as desired. Before being placed on the mailing list to receive pertinent invitations for bids, Bureau of Federal Supply Form TS 705 (Revised), "Mailing List Application" must be filed. Copies are available at all offices.

§ 2.4 *Awards.* Contracts are awarded to the lowest responsible bidder offering to furnish supplies and services and to the highest responsible bidder offering to purchase surplus supplies in the absence of special security or other public interest factors. A Board of Review of Bidders' Responsibility appointed by the Director, Bureau of Federal Supply considers referred questions of bidders' responsibility arising in connection with the award of contracts by the Washington Office. Contracts are signed by authorized contracting officers in Washington, D. C., and the field, upon the recommendations of purchasing and sales officers and their supervisors. Standard Government contract forms are used as applicable (§§ 4.11–4.27 of this chapter). For foreign relief contracts, Bureau of Federal Supply Form No. 818 and Contract Terms No. 7, dated March 7, 1946, as revised from time to time, are used. For strategic and critical materials purchase contracts, Bureau of Federal Supply Form TS–SCM 1 is used. Copies of these forms are available at the Washington Office and of the standard Government forms at all offices.

§ 2.5 *Protests of awards.* Protests of awards of contracts should be in writing and filed with the head of the local field office or the Deputy Director, Purchase Branch, Bureau of Federal Supply, Washington, D. C., or the Assistant Director, Strategic and Critical Materials, Bureau of Federal Supply, Washington, D. C., depending on the program and place of award. No special forms are needed, but the protester should indicate the nature of his interest in the matter. On awards made in Washington, D. C., not involving strategic and critical materials, hearings will be arranged on request, in Washington, D. C., before a committee composed of the Deputy Director, Purchase Branch, a member of the Legal Division, the Chief, Contract Division and the Chief, Purchase Section concerned. Recommendations of this committee will be made to the Director, Bureau of Federal Supply.

§ 2.6 *Disputes.* All questions and disputes with respect to contract performance, payment and procedure should be referred to the contracting officer concerned, through an inspector if available at the premises, in the absence of special instructions or notice received in particular cases. Determinations of the contracting officer are ordinarily reviewable, in the manner prescribed by the contract, by the Secretary of the Treasury or such representative as he may designate from time to time. No special forms are required to submit questions,

disputes and claims, or appeals from determinations thereon. However, claims for amounts due deceased contractors must be filed on Standard Form No. 1055 (Revised), "Claim Against the United States for Amounts Due in the Case of a Decedent."

§ 2.7 *Term contracts.* Where contracts are made by contracting officers of the Bureau of Federal Supply with contractors to furnish supplies and services as required by Executive agencies during specified periods, frequently referred to as contracts composing the Federal Supply Schedule, purchase orders are placed directly with contractors by ordering Executive agencies which have been informed of such contracts. Ordering offices make payments directly to the contractor and, in the first instance, determine whether performance is in accordance with contract requirements. In the event the contractor offers defective supplies, they may accept or reject them, make price adjustments or seek replacements, or terminate purchase orders, purchase from other sources and charge the contractor with any resulting excess costs. All disputes concerning questions of fact arising under the contract which cannot satisfactorily be settled between the ordering office and the contractor and all notices filed by the contractor that a delay in the time of performance was due to an excusable cause preventing assessment of excess costs under the provisions of the contract must be referred to the contracting officer of the Bureau of Federal Supply for consideration. His determinations are reviewable by the Secretary of the Treasury as in other contracts (§ 2.6 of this chapter). In order that the Bureau of Federal Supply may properly supervise operations of the contracts and ascertain the suitability of the contractor for further awards, ordering offices are required to report to the Bureau of Federal Supply, Washington, D. C., the details concerning all material instances of unsatisfactory performance by a contractor, whether or not adequately adjusted and settled.

PART 3—DIRECTED PROCUREMENT

SUBPART A—SUPPLIES AND SERVICES

Sec.
3.1 Term contracts.
3.2 Stock items.
3.3 Lubricating oil.
3.4 Vehicle identification tags.
3.5 Special supplies.

SUBPART B—PURCHASE SPECIFICATIONS

3.11 Federal Specifications.
3.12 Inappropriate parts of Federal Specifications.
3.13 Proposed revision of Federal Specifications.

SUBPART C—SHIPMENT OF SUPPLIES

3.21 Routing.

SUBPART D—PREFERENCE FOR DOMESTIC PRODUCTS

3.31 Purchase of domestic products; favoring differential.
3.32 Duty; unreasonable cost.
3.33 Saving provision.

AUTHORITY: §§ 3.1 to 3.33 issued under sec. 1, E. O. 6166, June 10, 1933; 5 U. S. C. 132 note.

SUBPART A—SUPPLIES AND SERVICES

§ 3.1 *Term contracts.* Executive agencies shall procure needed supplies and services as provided under term contracts awarded by the Bureau of Federal Supply. (Further information concerning these contracts may be obtained from any office of the Bureau of Federal Supply, and see § 2.7 of this chapter.)

§ 3.2 *Stock items.* Executive agencies, within continental United States and Alaska, shall procure needed supplies as listed in the national Stock Catalog of the Bureau of Federal Supply, except as exempted by the Director, Bureau of Federal Supply. (Further information concerning these stock items and exemptions granted may be obtained from any office of the Bureau of Federal Supply.)

§ 3.3 *Lubricating oil.* Executive agencies, within continental United States, shall procure needed lubricating oil as provided under term contracts awarded by the Navy Department, except as exempted by the Director, Bureau of Federal Supply. (Further information concerning these contracts and exemptions granted may be obtained from any office of the Bureau of Federal Supply.)

§ 3.4 *Vehicle identification tags.* Executive departments and establishments shall procure required Government identification tags for motor vehicles used outside the District of Columbia from the Department of Corrections, District of Columbia Government.

§ 3.5 *Special supplies.* Executive agencies, within continental United States, shall procure as needed the following supplies from the Bureau of Federal Supply:

(a) *Construction machinery.* Heavy construction machinery, in the following categories, and major attachments therefor, except for the National Military Establishment and the Economic Cooperation Administration: asphalt mixers and pavers, portable compressors, concrete mixers and pavers, portable conveyors, portable cranes, portable crushers, ditching machines, portable engines and power units, motor graders, portable power hoists, power shovels, road rollers, scrapers and dump wagons, snow plows, sweepers, wheel and track-laying tractors and allied equipment, and well-drilling machines.

(b) *Fans.* (1) Electric fans, except shipboard fans for the Coast Guard, the Navy Department and the U. S. Maritime Commission.

(2) "Electric fan" means any propeller type fan designed for desk, pedestal, wall bracket, ceiling, or portable window mounting. It includes such fans whether completely assembled or assembled in knocked down form. It does not include any centrifugal fan or blower, propeller type attic fan, industrial propeller type exhaust fan or any fan which is a functional part of any equipment or device having a primary use other than ventilation.

(c) *Filing cabinets.* Letter size and cap size steel upright filing cabinets.

(d) *Household furniture.* Household and quarters furniture, where the purchase exceeds $100.

(e) *IBM control panels.* Additional control panels for use with electric accounting machines of the International Business Machines Corporation, above the standard number furnished by the corporation with the machine.

(f) *Motor vehicles.* Motor-propelled vehicles for the carriage of passengers and freight, including passenger automobiles, station wagons, ambulances, buses, motorcycles, motor scooters, carry-alls, trucks, truck-tractors, trailers, etc., except for the National Military Establishment.

(g) *Office furniture.* Steel office desks, tables and storage cabinets, except for the National Military Establishment.

(h) *Paper and paperboard.* (1) Paper and paperboard, except for the following:

(i) Needs of the National Military Establishment and the U. S. Maritime Commission;

(ii) Distinctive paper for United States securities;

(iii) Quarterly requirements of less than 100 reams or 500 pounds;

(iv) Items obtained from the Government Printing Office as listed in its bulletins entitled "Standard Forms and Miscellaneous Supplies Catalog" and "Blank Paper and Envelopes";

(v) Items obtained from surplus property inventories of Federal disposal agencies;

(vi) Items required for scientific, laboratory or research work.

(2) "Paper and paperboard" mean all types of paper and paperboard listed in the Standard Commodity Classification, Volume I, May 1943, as items 14 5000 to 14 5319, 14 5330 to 14 5459, 14 5490 to 14 5524, 14 5529 to 14 5531, 14 5539 to 14 5540, 14 5560 to 14 5599, 14 5800 to 14 7900 and 14 7990.

(i) *Refrigerators.* Domestic mechanical refrigerators, except for the Housing and Home Finance Agency, National Military Establishment, Panama Canal, Public Health Service and U. S. Maritime Commission.

SUBPART B—PURCHASE SPECIFICATIONS

§ 3.11 *Federal Specifications.* Executive agencies, in procuring supplies within continental United States, shall use applicable Federal Specifications promulgated by the Director, Bureau of Federal Supply, except as otherwise authorized. (All published Federal Specifications and a Federal Specifications Index are available at the Government Printing Office, Washington, D. C.)

§ 3.12 *Inappropriate parts of Federal Specifications.* Executive agencies may disregard portions of Federal Specifications believed for administrative reasons to be inappropriate to meet their particular or essential needs.

§ 3.13 *Proposed revision of Federal Specifications.* When a revision, in whole or in part, of a Federal Specification has been approved by a Technical Committee of the Federal Specifications Board and is circulated by the Bureau of Federal Supply to Executive agencies for comment, Executive agencies may disregard in the original Federal Specification the whole or the part, as the case may be, proposed to be revised.

SUBPART C—SHIPMENT OF SUPPLIES

§ 3.21 *Routing.* Executive agencies, except the Post Office Department, the Department of Agriculture, the National Military Establishment and the District of Columbia Government, shall obtain from the Bureau of Federal Supply, Washington, D. C., routing orders to cover the shipment of their supplies consisting of two or more carloads moving under a Government bill of lading within continental United States from one point of origin to one destination, in the absence of an emergency or waiver granted by the Director, Bureau of Federal Supply.

SUBPART D—PREFERENCE FOR DOMESTIC PRODUCTS

§ 3.31 *Purchase of domestic products; favoring differential.* In applying the exception contained in title III, section 2, of the so-called Buy-American Act of March 3, 1933 (47 Stat. 1520; 41 U. S. C. 10a), which permits purchase of products of foreign origin if the cost of domestic products is unreasonable, the following differentials shall be applied by Executive departments and independent establishments in favor of domestic products to be delivered in continental United States:

(a) Where the cost of the foreign product exceeds $100, a differential of 25%;

(b) Where the cost of the foreign product is $100 or less, a differential of 100%.

§ 3.32 *Duty; unreasonable cost.* When the cost is enhanced by duty paid the United States, the differential shall be 25% or 100%, as the case may be, of the cost exclusive of duty. The cost of the domestic product is unreasonable whenever it exceeds the cost of the foreign product including duty plus the amount of the differential.

§ 3.33 *Saving provision.* Nothing in this subpart prejudices the authority of any Executive department or independent establishment to reject a bid for a domestic product as unreasonable, or to negotiate for a lower price, for any reason other than the comparative cost of a foreign product.

PART 4—STANDARD CONTRACTS

SUBPART A—PRESCRIBED FORMS

Sec.
4.1 Forms to be used.
4.2 Use in foreign countries.
4.3 Additional stipulations and instructions.
4.4 Printing specifications.
4.5 Prior authorizations.

SUBPART B—CONTENT OF FORMS

4.11 Lease.
4.12 Instructions to bidders; construction and supplies.
4.13 Construction contract.
4.14 Bid bond; construction or supply.
4.15 Performance bond; construction or supply.
4.16 Payment bond; construction.
4.17 Performance bond; construction or supply; corporate co-surety.
4.18 Payment bond; construction; corporate co-surety.
4.19 Invitation for bids; supply.
4.20 Form of bid; supply.
4.21 Supply contract; formal.
4.22 Short form contract.
4.23 Annual bid bond; supplies.
4.24 Annual performance bond; supplies.
4.25 Telephone service contract.
4.26 Instructions to bidders; coal.
4.27 Purchase conditions; coal.

SUBPART C—SPECIAL STANDARD CONTRACT PROVISIONS

4.31 Labor and material reports; construction contracts.

AUTHORITY: §§ 4.1 to 4.31 issued under sec. 1, E. O. 6166, June 10, 1933; 5 U. S. C. 132 note.

SUBPART A—PRESCRIBED FORMS

§ 4.1 *Forms to be used.* Except as otherwise authorized, the following standard forms shall be used without deviation by all Executive agencies for or in connection with every formal contract of the kinds specified that may be entered into by them:

(a) *Leases.* U. S. Standard Form No. 2 (Revised), approved by the Secretary of the Treasury May 6, 1935—for leases of real property where the Government is lessee.

(b) *Construction or supply contracts.* (1) U. S. Standard Form No. 22, approved by the Acting Secretary of the Treasury July 13, 1939—in connection with contracts for construction or supplies.

(2) Standard Form No. 24, approved by the President November 19, 1926—where bid bonds are required in connection with contracts for construction or supplies.

(3) U. S. Standard Form No. 25 (Revised), approved by the Secretary of the Treasury September 16, 1935, or U. S. Standard Forms Nos. 25–B, 25–B1, and 25–B3, approved by the Secretary of the Treasury May 29, 1941—where performance bonds are required in connection with contracts for construction or supplies.

(c) *Construction contracts.* (1) U. S. Standard Form No. 23–Rev., approved by the Secretary of the Treasury, Revised April 3, 1942—for fixed-price contracts for the construction or repair of public buildings or works.

(2) U. S. Standard Form No. 25–A, approved by the Secretary of the Treasury September 16, 1935, or U. S. Standard Forms Nos. 25–C, 25–C1, and 25–C3, approved by the Secretary of the Treasury May 29, 1941—whenever a payment bond under the Act of August 24, 1935, 49 Stat. 793, is required.

(d) *Supply contracts, except coal.* The following forms, for or in connection with fixed-price contracts for the procurement of supplies, except coal:

(1) Standard Forms Nos. 30 and 31, approved by the President June 10, 1927, and U. S. Standard Form No. 32 (Revised), approved by the Secretary of the Treasury June 18, 1935; or

(2) U. S. Standard Form 33 (Revised), approved by the Secrtary of the Treasury January 17, 1939.

(3) Standard Form No. 36, approved by the President June 10, 1927.

(4) U. S. Standard Form No. 34 (Revised), approved by the Secretary of the Treasury February 19, 1937, and U. S. Standard Form No. 35 (Revised), approved by the Secretary of the Treasury May 10, 1937—may be used in lieu of Standard Form No. 24 and U. S. Standard Form No. 25, respectively, where bid or performance bonds are required.

(e) *Contracts for coal.*[1] The following forms, for or in connection with contracts for the procurement of coal within continental United States, except coal for marine use:

(1) The forms referred to in paragraph (d) (2) and (3) of this section, except that when Standard Form No. 43 is used with U. S. Standard Form 33 (Revised) the following paragraph shall be added to Form 33:

Standard Form No. 43 (Standard Government Purchase Conditions for Coal), is a part of this bid. Paragraph 4 of above Conditions of U. S. Standard Form 33 (Revised) is hereby deleted, and paragraph 6 "Delays" of Standard Form No. 43 shall apply.

(2) The forms referred to in paragraph (b) (2) and (3) of this section, or those referred to in paragraph (d) (4) of this section, where bid or performance bonds are required.

(3) Standard Forms Nos. 42 and 43, approved by the President March 1, 1929, omitting paragraph 3 of Form No. 43, entitled "Wage scales"—except that the use of these forms shall be optional for contracts for 300 tons or less, for delivery in less than carload lots, or for coal for emergency use or testing purposes.

(f) *Contracts for telephone service.* U. S. Standard Form No. 40 (Revised), approved by the Secretary of the Treasury September 10, 1937—for contracts for telephone service within the United States, except in the District of Columbia, and except for contracts entered into by the National Military Establishment and Coast Guard, and contracts covering the requirements of two or more agencies entered into by the Bureau of Federal Supply.

§ 4.2 *Use in foreign countries.* The forms prescribed are not required to be used in foreign countries.

§ 4.3 *Additional stipulations and instructions.* Additional stipulations or instructions deemed necessary but not inconsistent with the provisions of the forms prescribed may be incorporated in the specifications, schedules, or other accompanying papers.

§ 4.4 *Printing specifications.* Specifications currently in use by the Government Printing Office for the printing of the forms prescribed, and as to the paper and ink to be used, shall remain effective except as authorized by the Director, Bureau of Federal Supply.

§ 4.5 *Prior authorizations.* All presently effective authorizations for deviations from the forms prescribed, or for the use of existing stocks of earlier forms,

---

[1] Use of Standard Forms Nos. 30 and 31, in conjunction with Standard Form No. 41, approved by the President March 1, 1929, is understood to have been discontinued generally. If occasion for their use should arise, request for authorization should be submitted to the Director, Bureau of Federal Supply.

whether such authorizations were issued by the Director of the Bureau of the Budget, by the Secretary of the Treasury, or by the Director, Bureau of Federal Supply, shall remain in effect until modified or revoked.

SUBPART B—CONTENT OF FORMS

§ 4.11 *Lease.*

U. S. Standard Form No. 2 (Revised)
Approved by the Secretary of the Treasury
May 6, 1935

LEASE

BETWEEN

AND

THE UNITED STATES OF AMERICA

1. This lease, made and entered into this _____ day of _____, in the year one thousand nine hundred and _____ by and between _____ whose address is _____ for _____ heirs, executors, administrators, successors, and assigns, hereinafter called the Lessor, and The United States of America, hereinafter called the Government:

Witnesseth: The parties hereto for the considerations hereinafter mentioned covenant and agree as follows:

2. The Lessor hereby leases to the Government the following described premises, viz:

---

to be used exclusively for the following purposes (see instruction No. 3):

---

3. To have and to hold the said premises with their appurtenances for the term beginning and ending with _____

---

4. The Government shall not assign this lease in any event, and shall not sublet the demised premises except to a desirable tenant, and for a similar purpose, and will not permit the use of said premises by anyone other than the Government, such sublessee, and the agents and servants of the Government, or of such sublessee.

5. This lease may, at the option of the Government, be renewed from year to year at a rental of _____ and otherwise upon the terms and conditions herein specified, provided notice be given in writing to the Lessor at least _____ days before this lease or any renewal thereof would otherwise expire: Provided that no renewal thereof shall extend the period of occupancy of the premises beyond the _____ day of _____.

6. The Lessor shall furnish to the Government, during the occupancy of said premises, under the terms of this lease, as part of the rental consideration, the following:

---

7. The Government shall pay the Lessor for the premises rent at the following rate:

Payment shall be made at the end of each _____.

8. The Government shall have the right, during the existence of this lease, to make alterations, attach fixtures, and erect additions, structures, or signs, in or upon the premises hereby leased (provided such alterations, additions, structures, or signs shall not be detrimental to or inconsistent with the rights granted to other tenants on the property or in the building in which said premises are located); which fixtures, additions, or structures so placed in or upon or attached to the said premises shall be and remain the property of the Government and may be removed therefrom by the Government prior to the termination of this lease, and the Government, if required by the Lessor, shall, before the expiration of this lease or renewal thereof, restore the premises to the same condition as that existing at the time of entering upon the same under this lease, reasonable and ordinary wear and tear and damages by the elements or by circumstances over which the Government has no control, excepted: Provided, however, that if the Lessor requires such restoration, the Lessor shall give written notice thereof to the Government _____ days before the termination of the lease.

9. The Lessor shall, unless herein specified to the contrary, maintain the said premises in good repair and tenantable condition during the continuance of this lease, except in case of damage arising from the act or the negligence of the Government's agents or employees. For the purpose of so maintaining the premises, the Lessor reserves the right at reasonable times to enter and inspect the premises and to make any necessary repairs thereto.

10. If the said premises be destroyed by fire or other casualty this lease shall immediately terminate. In case of partial destruction or damage, so as to render the premises untenantable, either party may terminate the lease by giving written notice to the other within fifteen days thereafter, and if so terminated no rent shall accrue to the Lessor after such partial destruction or damage.

11. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefit to arise therefrom. Nothing, however, herein contained shall be construed to extend to any incorporated company, if the lease be for the general benefit of such corporation or company.

In witness whereof, the parties hereto have hereunto subscribed their names as of the date first above written.

(Address)

(If Lessor is a corporation, the following certificate shall be executed by the secretary or assistant secretary.)

I, _____, certify that I am the _____ Secretary of the corporation named as Lessor in the attached lease; that _____, who signed said lease on behalf of the Lessor, was then _____ of said corporation; that said lease was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

[CORPORATE SEAL] _____

INSTRUCTIONS TO BE OBSERVED IN EXECUTING LEASE

1. This standard form of lease shall be used whenever the Government is the lessee of real property; except that when the total consideration does not exceed $100 and the term of the lease does not exceed 1 year the use of this form is optional. In all cases where the rental to be paid exceeds $2,000 per annum the annual rental shall not exceed 15 per centum of the fair market value of the rented premises at the date of lease. Alterations, improvements, and repairs of the rented premises by the Government shall not exceed 25 per centum of the amount of the rent for the first year of the rental term or for the rental term if less than 1 year.

2. The lease shall be dated and the full name and address of the lessor clearly written in paragraph 1.

3. The premises shall be fully described, and, in case of rooms, the floor and room number of each room given. The language inserted at the end of article 2 of the lease should specify only the general nature of the use, that is, "office quarters," "storage space," etc.

4. Whenever the lease is executed by an attorney, agent, or trustee on behalf of the lessor, two authenticated copies of his power of attorney, or other evidence to act on behalf of the lessor, shall accompany the lease.

5. When the lessor is a partnership, the names of the partners composing the firm shall be stated in the body of the lease. The lease shall be signed with the partnership name, followed by the name of the partner signing the same.

6. Where the lessor is a corporation, the lease shall be signed with the corporate name, followed by the signature and title of the officer or other person signing the lease on its behalf, duly attested, and, if requested by the Government, evidence of his authority so to act shall be furnished.

7. Under paragraph 6 of the lease insert necessary facilities to be furnished, such as heat, light, janitor service, etc.

8. There shall be no deviation from this form without prior authorization by the Director of Procurement, except—

(a) Paragraph 3 may be drafted to cover a monthly tenancy or other period less than a year.

(b) In paragraph 5, if a renewal for a specified period other than a year, or for a period optional with the Government is desired, the phrase "from year to year" shall be deleted and proper substitution made. If the right of renewal is not desired or cannot be secured paragraph 5 may be deleted.

(c) Paragraph 6 may be deleted if the owner is not to furnish additional facilities.

(d) If the premises are suitable without alterations, etc., paragraph 8 may be deleted.

(e) Paragraph 9 provides that the lessor shall, *"unless herein specified* to the contrary, maintain the said premises in good repair, etc." A modification or elimination of this requirement would not therefore be a deviation.

(f) In case the premises consist of unimproved land, paragraph 10 may be deleted.

(g) When executing leases covering premises in foreign countries, departure from the standard form is permissible to the extent necessary to conform to local laws, customs, or practices.

(h) Additional provisions, relating to the particular subject matter mutually agreed upon, may be inserted, if not in conflict with the standard provisions, including a mutual right to terminate the lease upon a stated number of days' notice, but to permit only the lessor so to terminate would be a deviation requiring approval as above provided.

9. When deletions or other alterations are permitted specific notation thereof shall be entered in the blank space following paragraph 11 before signing.

10. If the property leased is located in a State requiring the recording of leases in order to protect the tenant's rights, care should be taken to comply with all such statutory requirements.

§ 4.12 *Instructions to bidders; construction and supplies.*

U. S. Standard Form No. 22
Approved by the Acting Secretary of the Treasury
July 13, 1939

INSTRUCTIONS TO BIDDERS

(CONSTRUCTION AND SUPPLIES)

1. *Preparation of bids.* Unless otherwise directed in the invitation, bids shall be submitted in triplicate. Forms furnished, or copies thereof, shall be used, and strict compliance with the requirements of the invitation, these instructions, and the instructions printed on the forms is necessary. Special care should be exercised in the preparation of bids. Bidders must make their own estimates of the facilities and difficulties attending the performance of the proposed contract, including local conditions, uncertainty of weather, and all other contingencies. All designations and prices shall be fully and clearly set forth. Copies of the bids shall be identical. The proper blank spaces in the bid and guaranty forms shall be suitably filled in.

2. *Labor and material not to be furnished by the Government.* The Government will not furnish any labor, material, or supplies unless specifically provided for in the contract.

3. *Signature to bids.* Each bid must give the full business address of the bidder and be signed by him with his usual signature. Bids by partnerships must furnish the full names of all partners and must be signed with the partnership name by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the person signing. Bids by corporations must be signed with the legal name of the corporation, followed by the name of the State of incorporation and by the signature and designation of the president, secretary, or other person authorized to bind it in the matter. The name of each person signing shall also be typed or printed below the signature. A bid by a person who affixes to his signature the word "president," "secretary," "agent," or other designation, without disclosing his principal, may be held to be the bid of the individual signing. When requested by the Government, satisfactory evidence of the authority of the officer signing in behalf of the corporation shall be furnished.

4. *Bids for all or part.* Where bids are not qualified by specific limitations, the Government reserves the right of awarding all or any of the items according to its best interests. Unless otherwise required in the specifications, bids for supplies shall be submitted in accordance with the numbered item or items given in the schedule.

5. *Alternative bids.* Alternative bids will not be considered unless called for.

6. *Specifications and schedules.* The specifications, conditions, schedules, and drawings which form the basis of any bid will be considered as a part thereof and will form a part of the contract. Copies of these papers, together with a copy of the standard contract form, including authorized additions or deletions, if any, will be furnished to or made available for the inspection of bidders by the office indicated in the advertisement or invitation.

7. *Corrections.* Erasures or other changes in the bids must be explained or noted over the signature of the bidder.

8. *Guaranty.* Where security is required to insure the execution of contract and bond for performance of the service, no bid will be considered unless it is so guaranteed. The bidder, at his option, may furnish a guaranty bond or certified check, or may deposit, in accordance with Treasury Department regulations, bonds or notes of the United States (at par value) as security in the amount required: *Provided*, That where not in conflict with the law, the bidder may be limited to the option of furnishing a certified check or bonds or notes of the United States when the amount of the security does not exceed $1,000, notice of such requirement to be given in the invitation to bidders.

In case security is in the form of a certified check or bonds or notes of the United States, the Government may make such disposition of the same as will accomplish the purpose for which submitted. Certified checks may be held uncollected at the bidder's risk. Certified checks, or the amount thereof, and bonds or notes of the United States deposited by unsuccessful bidders will be returned as soon as practicable after the opening.

9. *Bonds.* The bond of any surety company authorized by the Secretary of the Treasury to do business, or of two responsible individual sureties, will be accepted as security for any bid or contract. See the instructions at the end of the applicable standard form bond with respect to the qualifications and sufficiency of sureties and the manner in which bonds should be executed.

10. *Marking and mailing bids.* Bids with their guaranties, must be securely sealed in suitable envelopes, addressed and marked on the outside as required by the invitation.

11. *Time for receiving bids.* Bids received prior to the time of opening will be securely kept, unopened. The officer whose duty it is to open them will decide when the specified time has arrived, and no bid received thereafter will be considered, except that when a bid arrives by mail after the time fixed for opening, but before award is made, and it is shown to the satisfaction of the officer authorized to make the award that the nonarrival on time was due solely to delay in the mails for which the bidder was not responsible, such bid will be received and considered. No responsibility will attach to an officer for the premature opening of a bid not properly addressed and identified. Unless specifically authorized, telegraphic bids will not be considered, but modifications by telegraph of bids already submitted will be considered if received prior to the hour set for opening.

12. *Withdrawal of bids.* Bids may be withdrawn on written or telegraphic request received from bidders prior to the time fixed for opening. Negligence on the part of the bidder in preparing the bid confers no right for the withdrawal of the bid after it has been opened.

13. *Bidders present.* At the time fixed for the opening of bids, their contents will be made public for the information of bidders and others properly interested, who may be present either in person or by representative.

14. *Award or rejection of bids.* The contract will be awarded to the lowest responsible bidder complying with conditions of the invitation for bids, provided his bid is reasonable and it is to the interest of the United States to accept it. The bidder to whom the award is made will be notified at the earliest possible date. The United States, however, reserves the right to reject any and all bids and to waive any informality in bids received whenever such rejection or waiver is in the interest of the United States. It also reserves the right to reject the bid of a bidder who has previously failed to perform properly or complete on time contracts of a similar nature, or a bid of a bidder who is not in a position to perform the contract.

15. *Time of performance.* When not otherwise specified, the bidder must state the least number of calendar days (counting Sundays and holidays) after date of receipt of notice to proceed, in which he will commence performance, and the number of calendar days (counting Sundays and holidays) after the date of receipt of notice to proceed in which he will complete. In stating time the bidder should make due allowance for probable difficulties which may be encountered.

16. *Bidders interested in more than one bid.* If more than one bid be offered by any one party, by or in the name of his or their clerk, partner, or other person, all such bids may be rejected. This shall not prevent a bidder from submitting alternative bids when called for, nor from quoting different prices on different qualities of material or different conditions of delivery. A party who has quoted prices on materials to a bidder is not thereby disqualified from quoting prices to other bidders or from submitting a bid directly for the materials or work.

17. *Errors in bid.* Bidders or their authorized agents are expected to examine the maps, drawings, specifications, circulars, schedule, and all other instructions pertaining to the work, which will be open to their inspection. Failure to do so will be at the bidder's own risk, and he cannot secure relief on the plea of error in the bid. In case of error in the extension of prices the unit price will govern.

18. *Dealer or manufacturer.* In bids for supplies or manufactured articles, bidders will state whether they are manufacturers of or regular dealers in the articles. If practicable to do so, bidders who are not manufacturers will give the name of the manufacturer from whom the articles are to be obtained, including catalog references.

19. *Samples.* When samples are required, they must be submitted by the bidder so as to reach the office designated prior to the hour set for opening the bids. Samples shall be furnished free of expense to the Government, properly marked for identification, and accompanied by a list when there is more than one sample. The Government reserves the right to mutilate or destroy any sample submitted whenever it may be considered necessary to do so for the purpose of testing. Samples not so mutilated or destroyed, when no longer required to be retained in connection with the award or delivery of supplies, will be returned, at the bidder's expense, if such return is requested in the bid.

20. *Contract and bond.* The bidder to whom award is made must, when required, enter into written contract on the standard Government form, with satisfactory security in the amount required, within the period specified or, if no period be specified, within 10 days after the prescribed forms are presented to him for signature.

(These instructions are not to be incorporated in the contract.)

§ 4.13 *Construction contract.*

U. S. Standard Form No. 23—Rev.
Approved by the Secretary of the Treasury
Revised April 3, 1942

Contract No. _____

CONTRACT

(CONSTRUCTION)

_____
(Contractor)

_____
(Department)

Contract for _____ Amount, $_____

Place _____

CONTRACT FOR CONSTRUCTION

This contract, entered into this _____ day of _____, 19____, by The United States of America, hereinafter called the Government, represented by the contracting officer executing this contract, and _____
_____
a corporation organized and existing under the laws of the State of _____
a partnership consisting of _____
_____
an individual trading as _____
of the city of _____ in the State of _____ hereinafter called the contractor, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Statement of work.* The contractor shall furnish the materials, and perform the work for _____
_____
_____
for the consideration of _____
_____
in strict accordance with the specifications,

schedules, and drawings, all of which are made a part hereof and designated as follows:

The work shall be commenced _____ and shall be completed _____

ART. 2. *Specifications and drawings.* The contractor shall keep on the work a copy of the drawings and specifications and shall at all times give the contracting officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In any case of discrepancy in the figures, drawings, or specifications, the matter shall be immediately submitted to the contracting officer, without whose decision said discrepancy shall not be adjusted by the contractor, save only at his own risk and expense. The contracting officer shall furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ART. 3. *Changes.* The contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings and/or specifications of this contract and within the general scope thereof. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. No change involving an estimated increase or decrease of more than Five Hundred Dollars shall be ordered unless approved in writing by the head of the department or his duly authorized representative. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered: *Provided, however,* That the contracting officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the head of the department or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in article 15 hereof. But nothing provided in this article shall excuse the contractor from proceeding with the prosecution of the work so changed.

ART. 4. *Changed conditions.* Should the contractor encounter, or the Government discover, during the progress of the work subsurface and/or latent conditions at the site materially differing from those shown on the drawings or indicated in the specifications, or unknown conditions of an unusual nature differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the plans and specifications, the attention of the contracting officer shall be called immediately to such conditions before they are disturbed. The contracting officer shall thereupon promptly investigate the conditions, and if he finds that they do so materially differ the contract shall, with the written approval of the head of the department or his duly authorized representative, be modified to provide for any increase or decrease of cost and/or difference in time resulting from such conditions.

ART. 5. *Extras.* Except as otherwise herein provided, no charge for any extra work or material will be allowed unless the same has been ordered in writing by the contracting officer and the price stated in such order.

ART. 6. *Inspection.* (a) All material and workmanship (if not othrwise designated by the specifications) shall be subject to inspection, examination, and test by Government inspectors at any and all times during manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. The Government shall have the right to reject defective material and workmanship or require its correction. Rejected workmanship shall be satisfactorily corrected and rejected material shall be satisfactorily replaced with proper material without charge therefor, and the contractor shall promptly segregate and remove the rejected material from the premises. If the contractor fails to proceed at once with the replacement of rejected material and/or the correction of defective workmanship the Government may, by contract or otherwise, replace such material and/or correct such workmanship and charge the cost thereof to the contractor, or may terminate the right of the contractor to proceed as provided in article 9 of this contract, the contractor and surety being liable for any damage to the same extent as provided in said article 9 for terminations thereunder.

(b) The contractor shall furnish promptly without additional charge, all reasonable facilities, labor, and materials necessary for the safe and convenient inspection and test that may be required by the inspectors. All inspection and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be as described in the specifications. The contractor shall be charged with any additional cost of inspection when material and workmanship is not ready at the time inspection is required by the contractor.

(c) Should it be considered necessary or advisable by the Government at any time before final acceptance of the entire work to make an examination of work already completed, by removing or tearing out same, the contractor shall on request promptly furnish all necessary facilities, labor, and material. If such work is found to be defective in any material respect, due to fault of the contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the actual cost of labor and material necessarily involved in the examination and replacement, plus 15 percent, shall be allowed the contractor and he shall, in addition, if completion of the work has been delayed thereby, be granted a suitable extension of time on account of the additional work involved.

(d) Inspection of material and finished articles to be incorporated in the work at the site shall be made at the place of production, manufacture, or shipment, whenever the quantity justifies it, unless otherwise stated in the specifications; and such inspection and acceptance, unless otherwise stated in the specifications, shall be final, except as regards latent defects, departures from specific requirements of the contract and the specifications and drawings made a part thereof, damage or loss in transit, fraud, or such gross mistakes as amount to fraud. Subject to the requirements contained in the preceding sentence, the inspection of material and workmanship for final acceptance as a whole or in part shall be made at the site.

ART. 7. *Materials and workmanship.* Unless otherwise specifically provided for in the specifications, all workmanship, equipment, materials, and articles incorporated in the work covered by this contract are to be of the best grade of their respective kinds for the purpose. Where equipment, materials, or articles are referred to in the specifications as "equal to" any particular standard, the contracting officer shall decide the question of equality. The contractor shall furnish to the contracting officer for his approval the name of the manufacturer of machinery, mechanical and other equipment which he contemplates incorporating in the work, together with their performance capacities and other pertinent information. When required by the specifications, or when called for by the contracting officer, the contractor shall furnish the contracting officer for approval full information concerning the materials or articles which he contemplates incorporating in the work. Samples of materials shall be submitted for approval when so directed. Machinery, equipment, materials, and articles installed or used without such approval shall be at the risk of subsequent rejection. The contracting officer may require the contractor to remove from the work such employee as the contracting officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the contracting officer to be contrary to the public interest.

ART. 8. *Superintendence by contractor.* The contractor shall give his personal superintendence to the work or have a competent foreman or superintendent, satisfactory to the contracting officer, on the work at all times during progress, with authority to act for him.

ART. 9. *Delays—Damages.* If the contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in article 1, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby. If the contractor's right to proceed is so terminated, the Government may take possession of and utilize in completing the work such materials, appliances, and plant as may be on the site of the work and necessary therefor. If the Government does not terminate the right of the contractor to proceed, the contractor shall continue the work, in which event it will be impossible to determine the actual damages for the delay and in lieu thereof the contractor shall pay to the Government as fixed, agreed, and liquidated damages for each calendar day of delay until the work is completed or accepted the amount as set forth in the specifications or accompanying papers and the contractor and his sureties shall be liable for the amount thereof: *Provided,* That the right of the contractor to proceed shall not be terminated or the contractor charged with liquidated damages because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God, or of the public enemy, acts of the Government, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes, if the contractor shall within 10 days from the beginning of any such delay (unless the contracting officer, with the approval of the head of the department or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract) notify the contracting officer in writing of the causes of delay, who shall ascertain the facts and the extent of the delay and extend the time for completing the work when in his judgment the findings of fact justify such an extension, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal, within 30 days, by the contractor to the head of the department concerned or his duly authorized representative, whose decision on such appeal as to the facts

of delay and the extension of time for completing the work shall be final and conclusive on the parties hereto.

ART. 10. *Permits and responsibility for work.* The contractor shall, without additional expense to the Government, obtain all required licenses and permits and be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of the work, and shall be responsible for all materials delivered and work performed until completion and final acceptance. Upon completion of the contract the work shall be delivered complete and undamaged.

ART. 11. *Eight-hour law—Overtime compensation—Convict labor.*—(a) No laborer or mechanic doing any part of the work contemplated by this contract, in the employ of the contractor or any subcontractor contracting for any part of said work contemplated, shall be required or permitted to work more than eight hours in any one calendar day upon such work at the site thereof, except upon the condition that compensation is paid to such laborer or mechanic in accordance with the provisions of this article. The wages of every laborer and mechanic employed by the contractor or any subcontractor engaged in the performance of this contract shall be computed on a basic day rate of eight hours per day and work in excess of eight hours per day is permitted only upon the condition that every such laborer and mechanic shall be compensated for all hours worked in excess of eight hours per day at not less than one and one-half times the basic rate of pay. For each violation of the requirements of this article a penalty of five dollars shall be imposed upon the contractor for each laborer or mechanic for every calendar day in which such employee is required or permitted to labor more than eight hours upon said work without receiving compensation computed in accordance with this article, and all penalties thus imposed shall be withheld for the use and benefit of the Government: *Provided*, That this stipulation shall be subject in all respects to the exceptions and provisions of U. S. Code, title 40, sections 321, 324, 325, 325a, and 326, relating to hours of labor and compensation for overtime.

(b) The contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

ART. 12. *Covenant against contingent fees.* The contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to terminate the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business.

ART. 13. *Other contracts.* The Government may award other contracts for additional work, and the contractor shall fully cooperate with such other contractors and carefully fit his own work to that provided under other contracts as may be directed by the contracting officer. The contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor.

ART. 14. *Officials not to benefit.* No Member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

ART. 15. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact arising under this contract shall be decided by the contracting officer subject to written appeal by the contractor within 30 days to the head of the department concerned or his duly authorized representative, whose decisions shall be final and conclusive upon the parties thereto. In the meantime the contractor shall diligently proceed with the work as directed.

ART. 16. *Payments to contractors.* (a) Unless otherwise provided in the specifications, partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable, on estimates made and approved by the contracting officer. In preparing estimates the material delivered on the site and preparatory work done may be taken into consideration.

(b) In making such partial payments there shall be retained 10 percent on the estimated amount until final completion and acceptance of all work covered by the contract: *Provided, however*, That the contracting officer, at any time after 50 percent of the work has been completed, if he finds that satisfactory progress is being made, may make any of the remaining partial payments in full: *And provided further*, That on completion and acceptance of each separate building, vessel, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made in full, including retained percentages thereon, less authorized deductions.

(c) All material and work covered by partial payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the contractor from the sole responsibility for all materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Government to require the fulfillment of all of the terms of the contract.

(d) Upon completion and acceptance of all work required hereunder, the amount due the contractor under this contract will be paid upon the presentation of a properly executed and duly certified voucher therefor, after the contractor shall have furnished the Government with a release, if required, of all claims against the Government arising under and by virtue of this contract, other than such claims, if any, as may be specifically excepted by the contractor from the operation of the release in stated amounts to be set forth therein.

ART. 17. *Rate of wages.* (In accordance with the act of August 30, 1935, 49 Stat. 1011, as amended by the act of June 15, 1940, 54 Stat. 399 (U. S. Code, title 40, secs. 276a and 276a–1), this article shall apply if the contract is in excess of $2,000 in amount and is for the construction, alteration, and/or repair, including painting and decorating, of a public building or public work within the geographical limits of the States of the Union, the Territory of Alaska, the Territory of Hawaii, or the District of Columbia.)

(a) The contractor or his subcontractor shall pay all mechanics and laborers employed directly upon the site of the work, unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the specifications, regardless of any contractual relationship which may be alleged to exist between the contractor or subcontractor and such laborers and mechanics; and the scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work. The contracting officer shall have the right to withhold from the contractor so much of accrued payments as may be considered necessary by the contracting officer to pay to laborers and mechanics employed by the contractor or any subcontractor on the work the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and the rates of wages received by such laborers and mechanics and not refunded to the contractor, subcontractors, or their agents.

(b) In the event it is found by the contracting officer that any laborer or mechanic employed by the contractor or any subcontractor directly on the site of the work covered by the contract has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid as aforesaid, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been a failure to pay said required wages and prosecute the work to completion by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess costs occasioned the Government thereby.

(c) The regulations of the Secretary of Labor, referred to in article 19 hereof, allow certain "permissible deductions" from the wages required by this article to be paid.

ART. 18. *Domestic preference.* In the performance of the work covered by this contract the contractor, subcontractors, material men or suppliers shall use only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States. The foregoing provision shall not apply to such articles, materials, or supplies of the class or kind to be used or such articles, materials, or supplies from which they are manufactured, as are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality, or to such articles, materials, or supplies as may be excepted by the head of the department under the proviso of title III, section 3, of the act of March 3, 1933, 47 Stat. 1520 (U. S. Code, title 41, sec. 10b).

ART. 19. *Nonrebate of wages.* The contractor shall comply with the regulations of the Secretary of Labor pursuant to the act of June 13, 1934, 48 Stat. 948 (U. S. Code, title 40, secs. 276b and 276c), and any amendments or modifications thereof, shall cause appropriate provisions to be inserted in subcontracts to insure compliance therewith by all subcontractors subject thereto, and shall be responsible for the submission of affidavits required of subcontractors thereunder, except as the Secretary of Labor may specifically provide for reasonable limitations, variations, tolerances, and exemptions from the requirements thereof.

ART. 20. *Additional security.* Should any surety upon any bond furnished in connection with this contract become unacceptable to the Government, or if any such surety shall fail to furnish reports as to his financial condition from time to time as requested by the Government, the contractor must promptly furnish such additional security as may be required from time to time to protect the interests of the Government or of persons supplying labor or materials in the prosecution of the work contemplated by the contract.

ART. 21. *Definitions.* (a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person authorized to act for him other than the contracting officer.

(b) The term "contracting officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 22. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA,
By _____
_____
(Official title)
_____
_____
(Contractor)
_____
(Business address)

Two witnesses:
_____
_____

I, _____, certify that I am the _____ secretary of the corporation named as contractor herein; that _____ who signed this contract on behalf of the contractor, was then _____ of said corporation; that said contract was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

[CORPORATE SEAL] _____

I hereby certify that, to the best of my knowledge and belief, based upon observation and inquiry, _____, who signed this contract for the _____ had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

_____
(Contracting officer)

This contract is authorized by the acts of
_____
_____

DIRECTIONS FOR PREPARATION OF CONTRACT

1. This form shall be used for every formal contract, except contracts on a cost-plus basis, for the construction or repair of public buildings or works, but its use will not be required in foreign countries.

2. There shall be no deviation from this standard contract form, except as provided for in these directions, as required or authorized by law, or as authorized by the Director of Procurement. Where interlineations, deletions, additions, or other alterations are permitted, specific notation of those made shall be entered in the blank space following the article entitled "Alterations" before signing. This article is not to be construed as general authority to deviate from the standard form. Deletion of the descriptive matter not applicable in the preamble need not be noted in the article entitled "Alterations."

3. The blank space of article 1 is intended for the insertion of a statement of the work to be done, together with place of performance, or for the enumeration of papers which contain the necessary data.

4. If it is deemed necessary to include an article on patents, the Invitation to Bidders shall so state and the following article be used:

ARTICLE ___. *Patents.* The contractor shall hold and save the Government, its officers, agents, servants, and employees, harmless from liability of any nature or kind, including costs and expenses, for or on account of any patented or unpatented invention, article, or appliance manufactured or used in the performance of this contract, including their use by the Government.

Where any patent or patents are to be excepted from the operation of this article, such exceptions will be specifically stated, by reference to the patent number, date of issue and name of patentee, in a proviso to be added to the article.

5. Where only one payment is contemplated, upon completion of the contract, all except paragraph (*d*) of article 16, "Payments to Contractor," must be stricken out.

6. If approval of the contract is required before it shall become binding, the following article must be added:

ARTICLE ___. *Approval.* This contract shall be subject to the written approval of _____ and shall not be binding until so approved.

Contracts subject to approval are not valid until approved by the authority designated to approve them, and the contractor's copy will not be delivered, nor any distribution made, until such approval. All changes and deletions must have been made before the contract is forwarded for approval.

7. The number of executed copies and of certified copies, designation of disbursing officer, statement of appropriation, amount of bond, designation of place of inspection, as well as other administrative details, shall be as directed by the department to which the contract pertains.

8. All blank spaces must be filled in or ruled out. The contract must be dated, and the bond must bear the same or subsequent date.

9. An officer of a corporation, a member of a partnership, or an agent signing for the principal, shall place his signature and title after the word "By" under the name of the principal. A contract executed by an attorney or agent on behalf of the contractor shall be accompanied by two authenticated copies of his power of attorney, or other evidence of his authority to act on behalf of the contractor.

10. If the contractor is a corporation, one of the certificates following the signatures of the parties must be executed. If the contract is signed by the secretary of the corporation, then the first certificate must be executed by some other officer of the corporation under the corporate seal, or the second certificate executed by the contracting officer. In lieu of either of the foregoing certificates there may be attached to the contract copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

11. The full name and business address of the contractor must be inserted, and the contract signed with his usual signature. Typewrite or print name under all signatures to contract and bond.

12. The contracting officer must fill in the citation of the act authorizing the contract as indicated at the end of the last page of the contract, or equivalent information must be furnished elsewhere in the contract.

13. The Invitation, Bid, Acceptance, and Instructions to Bidders are not to be incorporated in the contract.

14. The specifications should include a paragraph stating the amount of liquidated damages that will be paid by the contractor for each calendar day of delay, as indicated in article 9 of the contract. If time is not of the essence of the contract the words "No liquidated damages" or an equivalent phrase should be inserted on the reverse side of Standard Form No. 20. So much of the language in article 9 as relates to liquidated damages shall then be deleted.

15. Additional contract provisions and instructions, deemed necessary for the particular work, not inconsistent with the standard forms nor involving questions of policy, may be incorporated in the specifications or other accompanying papers.

§ 4.14 *Bid bond; construction or supply.*

Standard Form No. 24
Approved by the President Nov. 19, 1926

STANDARD GOVERNMENT FORM OF BID BOND

(CONSTRUCTION OR SUPPLY)

Know all men by these presents, that we,
_____
_____
(See instructions 4, 5, and 7)
as principal, and _____
_____
(See instructions 2, 3, 4, and 7)
_____ as surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ _____ dollars lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal has submitted the accompanying bid, dated _____, 19____, for _____
_____
_____
_____
_____

Now, therefore, if the principal shall not withdraw said bid within the period specified therein after the opening of the same, or, if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of said bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required work and/or supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no effect, otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

INSTRUCTIONS

1. This form shall be used for construction work or the furnishing of supplies, whenever a bond is required.

2. The surety on the bond for any bid or for the performance of the contract may be any corporation authorized by the Secretary of the Treasury to act as surety, or two responsible individual sureties. Individual sureties shall justify in sums aggregating not less than double the penalty of the bond.

3. A firm, as such, will not be accepted as a surety, nor a partner for copartners or for a firm of which he is a member. Stockholders of a corporate principal may be accepted as sureties provided their qualifications as such are independent of their stock holdings therein. Sureties, if individuals shall be citizens of the United States, except that sureties on bonds executed in any foreign country, the Canal Zone, the Philippine Islands, Puerto Rico, Hawaii, Alaska, or any possession of the United States, for the performance of contracts entered into in these places, need not be citizens of the United States, but if not citizens of the United States shall be domiciled in the place where the contract is to be performed.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine, Massachusetts, or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signature of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. If the principal or surety is a corporation, the name of the State in which incorporated shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appear following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form attached thereto. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. Each individual surety shall justify, under oath, according to the form appearing on the bond, before a United States commissioner, a clerk of a United States court, a notary public, or some other officer having authority to administer oaths generally. If the officer has an official seal it shall be affixed, otherwise the proper certificate as to his official character shall be furnished. Where citizenship is not required, as provided in paragraph 3 of these Instructions, the affidavit may be amended accordingly.

10. The certificate of sufficiency shall be signed by an officer of a bank or trust company, or by a judge or clerk of a court of record, a United States district attorney or commissioner, a postmaster, a collector or deputy collector of internal revenue, or any other officer of the United States acceptable to the department or establishment concerned.

11. The date of the bond must not be prior to the date of the instrument for which it is given.

§ 4.15 *Performance bond; construction or supply.*

U. S. Standard Form No. 25 (Revised)
Approved by the Secretary of the Treasury
Sept. 16, 1935

PERFORMANCE BOND

(CONSTRUCTION OR SUPPLY)

Know all men by these presents, that we, ----

(See Instructions 4, 5, and 7)

as principal, and ----

(See Instructions 2, 3, 4, and 7)

as surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of ---- ---- dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated ----, 19----, for ----

---

Now therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term of said contract and any extensions thereof that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said contract that may hereafter be made, notice of which modifications to the surety being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

INSTRUCTIONS

1. This form, for the protection of persons supplying labor and material, shall be used in connection with all contracts exceeding two thousand dollars in amount, for the construction, alteration, or repair of any public building or public work of the United States. There shall be no deviation from this form except as authorized by the Director of Procurement.

2. The surety on the bond may be any corporation authorized by the Secretary of the Treasury to act as surety, or two responsible individual sureties. Each individual surety shall justify in a sum not less than the penalty of the bond.

3. A firm, as such, will not be accepted as a surety, nor a partner for copartners or for a firm of which he is a member. Stockholders of a corporate principal may be accepted as sureties provided their qualifications as such are independent of their stock holdings therein. Sureties, if individuals, shall be citizens of the United States, except that sureties on bonds executed in any foreign country, the Canal Zone, the Philippine Islands, Puerto Rico, Hawaii, Alaska, or any possession of the United States, for the performance of contracts entered into in these places, need not be citizens of the United States, but if not citizens of the United States shall be domiciled in the place where the contract is to be performed.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signature of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. If the principal or surety is a corporation, the name of the State in which incorporated shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appear following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form attached thereto. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. Each individual surety shall justify, under oath, according to the form appearing on the bond, before a United States commissioner, a clerk of a United States court, a notary public, or some other officer having authority to administer oaths generally. If the officer has an official seal it shall be affixed, otherwise the proper certificate as to his official character shall be furnished. Where citizenship is not required, as provided in paragraph 3 of these Instructions, the affidavit may be amended accordingly.

10. Each certificate of sufficiency shall be signed by an officer of a bank or trust company, a judge or clerk of a court of record, a United States district attorney or commissioner, a postmaster, a collector or deputy collector of internal revenue, or any other officer of the United States acceptable to the department or establishment concerned.

Further certificates as to the financial qualification of the sureties may be required from time to time; which certificates must be based on the personal investigation of the certifying officers at the time of the making thereof, and not upon prior certificates.

11. The date of this bond must not be prior to the date of the contract in connection with which it is given.

§ 4.17 *Performance bond; construction or supply; corporate co-surety.*

The rate of premium on this bond is _____ per thousand.

Total amount of premium charged, $_____

(The above to be filled in by corporate surety.)

INSTRUCTIONS

1. This form shall be used for construction work or the furnishing of supplies, whenever a performance bond is required and two or more corporate sureties authorized by the Secretary of the Treasury to act as surety, each limiting its liability to a portion only of the total penalty, are to execute the bond. There shall be no deviation from this form except as authorized by the Director of Procurement.

2. The letter, such as F, L, or Q, applicable to the last surety listed in the schedule must be inserted in the second printed line of the obligating clause of the bond. In cases involving only two sureties the word "to" following "Surety A" should be changed to "and" by interlineation, and the word "inclusive" should be struck out.

3. The continuation sheets to sheets 1 and 3 of the form are to be used for continuation of the schedule of sureties and for execution by sureties where more than 6 sureties are to execute the bond. Where more than 17 sureties are to execute the bond letters consecutively following the letter Q should be inserted in the left-hand column of the schedule of sureties on the second continuation sheet to sheet 1, either by striking out the letters G to Q and inserting the proper letters on a printed continuation sheet or by typing a new continuation sheet or sheets.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signture of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. The name of the State in which each surety is incorporated and the State of incorporation of the principal, if a corporation, shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appear following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form set forth below. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certfied by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. The date of the bond must not be prior to the date of the instrument for which it is given.

CERTIFICATE AS TO CORPORATE PRINCIPAL

I, _____, certify that I am the _____ secretary of the corporation named as principal in the within bond; that _____, who signed the said bond on behalf of the principal, was then _____ of said corporation; that I know his signature, and his signature thereto is genuine; and that said bond was duly signed, sealed, and attested for and in behalf of said corporation by authority of its governing body.

The rate of premium on this bond is _____ per thousand.

Total amount of premium charged, $_____.

(The above to be filled in by corporate surety.)

INSTRUCTIONS

1. This form, for the protection of persons supplying labor and material for construction work, shall be used whenever a payment bond under the act of August 24, 1935, is required and two or more corporate sureties authorized by the Secretary of the Treasury to act as surety, each limiting its liability to a portion only of the total penalty, are to execute the bond. There shall be no deviation from this form except as authorized by the Director of Procurement.

2. The letter, such as F, L, or Q, applicable to the last surety listed in the schedule must be inserted in the second printed line of the obligating clause of the bond. In cases involving only two sureties the word "to" following "Surety A" should be changed to "and" by interlineation, and the word "inclusive" should be struck out.

3. The continuation sheets to sheets 1 and 3 of the form are to be used for continuation of the schedule of sureties and for execution by sureties where more than 6 sureties are to execute the bond. Where more than 17 sureties are to execute the bond letters consecutively following the letter Q should be inserted in the left-hand column of the schedule of sureties on the second continuation sheet to sheet 1, either by striking out the letters G to Q and inserting the proper letters on a printed continuation sheet or by typing a new continuation sheet or sheets.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signature of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. The name of the State in which each surety is incorporated and the State of incorporation of the principal, if a corporation, shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appeal following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form set forth below. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. The date of the bond must not be prior to the date of the instrument for which it is given.

CONTRACT FOR SUPPLIES

This contract, entered into this ---------- day of ----------, 19----, by The United States of America, hereinafter called the Government, represented by the contracting officer executing this contract, and ----------, a corporation organized and existing under the laws of the State of ----------, a partnership consisting of ----------, an individual trading as ----------, of the city of ----------, in the State of ---------- hereinafter called the contractor, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Scope of this contract.* The contractor shall furnish and deliver ----------, for the consideration stated ----------, in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof and designated as follows: ----------

Deliveries shall be made as follows: ----------

ART. 2. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. No change involving an estimated increase or decrease of more than Five Hundred Dollars shall be ordered unless approved in writing by the head of the department or his duly authorized representative. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered, provided, however, that the contracting officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the head of the department or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in Article 12 hereof. But nothing provided in this article shall excuse the contractor from proceeding with the contract as changed.

ART. 3. *Extras.* Except as otherwise herein provided, no charge for extras will be allowed unless the same have been ordered in writing by the contracting officer and the price stated in such order.

ART. 4. *Inspection.* (a) All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Rejected artdicles, and/or articles requiring correction, shall be removed by and at the expense of the contractor promptly after notice so to do. If the contractor fails to promptly remove such articles and to proceed promptly with the replacement and/or correction thereof, the Government may, by contract or otherwise, replace and/or correct such articles and charge to the contractor the excess cost occasioned the Government thereby, or the Government may terminate the right of the contractor to proceed as provided in Article 5 (or in the article entitled "Delays—Liquidated Damages", quoted in paragraph 5 of the Directions, if it is substituted for Article 5) of this contract, the contractor and surety being liable for any damage to the same extent as provided in said Article 5 (or in said substitute article) for terminations thereunder.

(b) If inspection and test, whether preliminary or final, is made on the premises of the contractor or subcontractor, the contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspections and tests required by the inspectors in the performance of their duty. All inspections and tests by the Government shall be performed in such a manner as not to unduly delay the work. Special and performance tests shall be as described in the specifications. The Government reserves the right to charge to the contractor any additional cost of inspection and test when articles are not ready at the time inspection is requested by the contractor.

(c) Final inspection and acceptance of materials and finished articles will be made after delivery, unless otherwise stated. If final inspection is made at a point other than the premises of the contractor or a subcontractor, it shall be at the expense of the Government except for the value of samples used in case of rejection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and ac-

ceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Government for such materials or supplies as are not in accordance with the specifications. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

ART. 5. *Delays—Damages.* If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay In such event, the Government may purchase similar materials or supplies in the open market or secure the manufacture and delivery of the materials and supplies by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby: *Provided,* That the contractor shall not be charged with any excess cost occasioned the Government by the purchase of materials or supplies in the open market or under other contracts when the delay of the contractor in making deliveries is due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God or of the public enemy, acts of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and delays of a subcontractor due to such causes unless the contracting officer shall determine that the materials or supplies to be furnished under the subcontract are procurable in the open market, if the contractor shall notify the contracting officer in writing of the cause of any such delay, within 10 days from the beginning thereof, or within such further period as the contracting officer shall, with the approval of the head of the department or his duly authorized representative, prior to the date of final settlement of the contract, grant for the giving of such notice. The contracting officer shall then ascertain the facts and extent of delay, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal within 30 days by the contractor to the head of the department concerned or his duly authorized representative, whose decision on such appeal as to the facts of delay shall be final and conclusive on the parties hereto.

ART. 6. *Responsibility for supplies tendered.* The contractor shall be responsible for the articles or materials covered by this contract until they are delivered at the designated point, but the contractor shall bear all risk on rejected articles or materials after notice of rejection. Where final inspection is at point of origin but delivery by contractor is at some other point, the contractor's responsibility shall continue until delivery is accomplished.

ART. 7. *Increase or decrease.* Unless otherwise specified, any variation in the quantities herein called for, not exceeding 10 percent, will be accepted as a compliance with the contract, when caused by conditions of loading, shipping, packing, or allowances in manufacturing processes, and payments shall be adjusted accordingly.

ART. 8. *Payments.* The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

ART 9. *Additional security.* Should any surety upon the bond for the performance of this contract become unacceptable to the Government, or if any such surety shall fail to furnish reports as to his financial condition from time to time as requested by the Government, the contractor must promptly furnish such additional security as may be required from time to time to protect the interests of the Government and of persons supplying labor or materials in the prosecution of the work contemplated by the contract.

ART. 10. *Officials not to benefit.* No member of or delegate to Congress or resident commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

ART. 11. *Covenant against contingent fees.* The contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business.

ART. 12. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact arising under this contract shall be decided by the contracting officer, subject to written appeal by the contractor within 30 days to the head of the department concerned or his duly authorized representative, whose decision shall be final and conclusive upon the parties hereto. In the meantime the contractor shall diligently proceed with performance.

ART. 13. *Domestic articles.* Unless the head of the department or independent establishment concerned shall determine it to be inconsistent with the public interest, or the cost to be unreasonable, only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States shall be delivered pursuant to this contract, except as noted in the specifications and/or other papers hereto attached. The provisions of this article shall not apply with respect to articles, materials, or supplies for use outside the United States, or if articles, materials, or supplies of the class or kind to be used, or the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

ART. 14. *Definitions.* (a) The term "head of the department" as used herein shall mean the head or any assistant head of the executive department or independent establishment involved, and the term "his duly authorized representative" shall mean any person authorized to act for him other than the contracting officer.

(b) The term "contracting officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 15. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto: _____

_____

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

_____

(Business address)

Two witnesses:

_____

_____

I, _____, certify that I am the _____ Secretary of the corporation named as contractor herein; that _____, who signed this contract on behalf of the contractor, was then _____ of said corporation; that said contract was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

[CORPORATE SEAL] _____

I hereby certify that, to the best of my knowledge and belief, based upon observation and inquiry, _____, who signed this contract for the _____, had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

_____

(Contracting Officer)

DIRECTIONS FOR PREPARATION OF CONTRACT

1. This form or U. S. Standard Form No. 33 shall be used whenever a formal contract is entered into for the procurement of supplies and manufactured articles, whether stock or special, except coal, but their use will not be required in foreign countries.

2. There shall be no deviation from this standard contract form, except as provided for in these Directions, and except as authorized by the Director of Procurement. Where interlineations, deletions, additions, or other alterations are permitted, specific notations of the same shall be entered in the blank space following the article entitled "Alterations" before signing. This article is not to be construed as general authority to deviate from the standard form. Deletion of the descriptive matter not applicable in the preamble need not be noted in the article entitled "Alterations."

3. The blank space of Article 1 is intended for the insertion of a statement of supplies to be furnished or work done, together with time and place of performance and price, or for the enumeration of papers which contain the necessary data.

4. If it is deemed necessary to include an article on patents the Invitation to Bidders shall so state and the following article be used:

ART. —. *Patents.* The contractor shall hold and save the Government, its officers, agents, servants, and employees, harmless from liability of any nature or kind, including costs and expenses, for or on account of any patented or unpatented invention, article, or appliance manufactured or used in the performance of this contract, including their use by the Government.

Where any patent or patents are to be excepted from the operation of this article, such exceptions will be specifically stated, by reference to the patent number, date of issue, and name of patentee, in a proviso to be added to the article.

5. If it is deemed necessary to provide for liquidated damages for delay, the following

article shall be substituted for article 5 and prospective bidders so advised:

ART. ___. *Delays—Liquidated damages.* If the contractor refuses or fails to make delivery of the materials or supplies within the time specified in Article 1, or any extension thereof, the actual damage to the Government for the delay will be impossible to determine, and in lieu thereof the contractor shall pay to the Government, as fixed, agreed, and liquidated damages for each calendar day of delay in making delivery, the amount as set forth in the specifications or accompanying papers, and the contractor and his sureties shall be liable for the amount thereof: *Provided, however,* That the Government reserves the right to terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay, and to purchase similar materials or supplies in the open market or secure the manufacture and delivery thereof by contract or otherwise, charging against the contractor and his sureties any excess cost occasioned the Government thereby, together with liquidated damages accruing until such time as the Government may reasonably procure similar material or supplies elsewhere: *Provided further,* That the contractor shall not be charged with liquidated damages or any excess cost when the delay in delivery is due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God or the public enemy, acts of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and delays of a subcontractor due to such causes unless the contracting officer shall determine that the materials or supplies to be furnished under the subcontract are procurable in the open market, if the contractor shall notify the contracting officer in writing of the cause of any such delay, within 10 days from the beginning thereof, or within such further period as the contracting officer shall, with the approval of the head of the department or his duly authorized representative, prior to the date of final settlement of the contract, grant for the giving of such notice. The contracting officer shall then ascertain the facts and extent of the delay and extend the time for making delivery when in his judgment the findings of fact justify such an extension, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal, within 30 days, by the contractor to the head of the department concerned or his duly authorized representative, whose decision on such appeal as to the facts of delay and the extension of time for making delivery shall be final and conclusive on the parties hereto.

6. If approval of the contract is required before it shall become binding, the following article must be added:

ART. ___. *Approval.* This contract shall be subject to the written approval of _____ _____ and shall not be binding until so approved.

(Contracts subject to approval are not valid until approved by the authority designated to approve them, and the contractor's copy will not be delivered, nor any distribution made, until such approval. All changes and deletions must have been made before the contract is forwarded for approval.)

7. The number of executed copies and of certified copies, designation of disbursing officer, statement of appropriations, amount of bond, designation of place of inspection, as well as other administrative details, shall be as directed by the department to which the contract pertains.

8. All blank spaces must be filled in or ruled out. The contract must be dated, and the bond must bear the same or subsequent date.

9. An officer of a corporation, a member of a partnership, or an agent signing for the principal, shall place his signature and title after the word "By" under the name of the principal. A contract executed by an attorney or agent on behalf of the contractor shall be accompanied by two authenticated copies of his power of attorney, or other evidence of his authority to act on behalf of the contractor.

10. If the contractor is a corporation, one of the certificates following the signatures of the parties must be executed. If the contract is signed by the secretary of the corporation, then the first certificate must be executed by some other officer of the corporation under the corporate seal, or the second certificate executed by the contracting officer. In lieu of either of the foregoing certificates there may be attached to the contract copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

11. The full name and business address of the contractor must be inserted, and the contract signed with his usual signature. Typewrite or print name under all signatures to contract and bond.

12. If it is definitely known that final acceptance cannot be accomplished within 10 or 20 days from date of delivery, due to necessity for tests or analyses which cannot be accomplished within that time, delete from U. S. Standard Form 31, before issuance, the discount provision relating to 10 calendar days or to both 10 and 20 calendar days. The provision relating to discounts may also be deleted when funds do not become available so that payment may be made within such time limits.

13. When the contract is for technical material to be specially manufactured, the following article may be used:

ART. ___. No subcontract shall be made by the contractor with any other party for furnishing any of the completed or substantially completed articles, spare part, or work herein contracted for without the written approval of the contracting officer.

14. Additional contract provisions and instructions deemed necessary for the particular work, not inconsistent with the standard forms nor involving questions of policy, may be incorporated in the specifications or other accompanying papers.

ACCEPTANCE BY THE GOVERNMENT

_____
(Date)
Accepted as to items numbered _____
_____
_____
Name _____
Title _____

CONDITIONS

1. The Government reserves the right to reject any or all bids, to waive any informality in bids and, unless otherwise specified by the Government or by the bidder, to accept any item in the bid. In case of error in the extension of prices in the bid, the unit prices will govern.

2. Time, in connection with discount offered, will be computed from date of the delivery of the supplies to carrier when final inspection and acceptance are at point of origin, or from date of delivery at destination or port of embarkation when final inspection and acceptance are at those points, or from date correct bill or voucher properly certified by the contractor is received if the latter date is later than the date of delivery.

3. In case of default of the contractor, the Government may procure the articles or services from other sources and hold the contractor responsible for any excess cost occasioned thereby: *Provided,* That if public necessity requires the use of materials or supplies not conforming to the specifications they may be accepted and payment therefor shall be made at a proper reduction in price.

4. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay. In such event, the Government may purchase similar materials or supplies in the open market or secure the manufacture and delivery of the materials and supplies by contract or otherwise, and the contractor and his sureties (if any) shall be liable to the Government for any excess cost occasioned the Government thereby: *Provided*, That the contractor shall not be charged with any excess cost occasioned the Government by the purchase of materials or supplies in the open market or under other contracts when the delay of the contractor in making deliveries is due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God or of the public enemy, acts of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and delays of a subcontractor due to such causes unless the contracting officer shall determine that the materials or supplies to be furnished under the subcontract are procurable in the open market, if the contractor shall notify the contracting officer in writing of the cause of any such delay, within 10 days from the beginning thereof, or within such further period as the contracting officer shall, with the approval of the head of the department or his duly authorized representative, prior to the date of final settlement of the contract, grant for the giving of such notice. The contracting officer shall then ascertain the facts and extent of delay, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal within 30 days by the contractor to the head of the department concerned or his duly authorized representative, whose decision on such appeal as to the facts of delay shall be final and conclusive, on the parties hereto. As used herein "head of the department" means the head or any assistant head of the executive department or independent establishment involved, and "his duly authorized representative" means any person authorized to act for him other than the contracting officer; and the term "contracting officer" shall include his duly appointed successor or his authorized representative.

5. No Member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom unless it be made with a corporation for its general benefit.

6. Prices bid herein include any Federal tax heretofore imposed by the Congress which is applicable to the material on this bid. If any sales tax, processing tax, adjustment charge, or other taxes or charges are imposed or changed by the Congress after the date set for the opening of this bid, and made applicable directly upon the production, manufacture, or sale of the supplies covered by this bid, and are paid by the contractor on the articles or supplies herein contracted for, then the prices named in this bid will be increased or decreased accordingly, and any amount due the contractor as a result of such change will be charged to the Government and entered on vouchers (or invoices) as separate items.

7. Unless otherwise specified by the bidder, it is understood and agreed that only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States shall be delivered pursuant to a contract awarded as a result of this bid.

INSTRUCTIONS TO BIDDERS

1. Samples of items, when required, must be furnished, free of expense, prior to the opening of bids, and, if not destroyed, will, upon request, be returned at the bidder's expense.

2. Prices should be stated in units of quantity specified, with packing included.

3. Time of proposed delivery must be stated in definite terms. If time varies for different items the bidder shall so state.

4. Envelops containing bids must be sealed and marked on the upper left-hand corner with the name and address of the bidder and the date and hour of opening, and addressed as instructed.

5. For further instructions read U. S. Standard Form 22 (Instructions to Bidders).

INSTRUCTIONS TO CONTRACTING OFFICERS

1. If shipment is made by Government bill of lading, observe consolidated classification requirements so as to secure the lowest rate applicable.

2. Although this form meets the requirements of a formal contract (R. S. 3744), if the execution of a formal contract with bond is contemplated U. S. Standard Forms 31 and 32 should be used.

3. If there is not sufficient space on the schedule to list all of the items, insert at the bottom of the schedule "Continued on _____ sheets of U. S. Standard Form 36", and use that form also.

4. If it is definitely known that final acceptance cannot be accomplished within 10 or 20 days from date of delivery due to necessity for tests or analyses which cannot be accomplished within that time, delete, before issuance, the discount provision relating to 10 calendar days or to both 10 and 20 calendar days. The provision relating to discounts may also be deleted when funds do not become available so that payment may be made within such time limits.

5. If the contract is likely to involve patent liability, the article on patents as contained in U. S. Standard Form 32 should be used.

6. If the contract provides for liquidated damages, the above Condition No. 4 should be deleted and there should be substituted therefor the article entitled "Delays—Liquidated Damages", quoted in Paragraph 5 of the directions on page 6, U. S. Standard Form 32, modified as follows: Delete "in Article 1", line 2, and if no bond is required, delete "and his sureties", lines 6 and 10; add the last sentence (definitions) of the above Condition No. 4.

§ 4.23 *Annual bid bond; supplies.*

U. S. Standard Form No. 34 (Revised)
Approved by the Secretary of the Treasury
February 19, 1937.

ANNUAL BID BOND

(SUPPLIES)

Know all men by these presents, that we, _____
(See Instructions 4, 5, and 7)
as principal, and _____
_____
_____
(See Instructions 2, 3, 4, and 7)
as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in such penal sum or sums, lawful money of the United States, as shall be sufficient to indemnify the Government in case of the default of the said principal as hereinafter set forth, for the payment of which sum or sums well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal contemplates submitting bids from time to time during the fiscal year ending June 30, 19___, to the _____
_____
for furnishing materials and supplies to the Government, and desires that all such bids submitted for opening during said fiscal year be covered by a single bond instead of by a separate Bid Bond for each bid:

Now, therefore, if the principal shall not withdraw any such bid within the period specified therein after the opening of the same, or, if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government, in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of any bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required materials and supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no effect, otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____ 19___, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

INSTRUCTIONS

1. This form may be used in connection with the procurement of supplies, in lieu of Standard Form No. 24 (Bid Bond). There shall be no deviation from this form except as authorized by the Director of Procurement.

2. The surety on the bond for any bid or for the performance of the contract may be any corporation authorized by the Secretary of the Treasury to act as surety, or two responsible individual sureties. If the bond is executed by individual sureties, the department or establishment concerned shall determine the sufficiency thereof.

3. A firm, as such, will not be accepted as a surety, nor a partner for copartners or for a firm of which he is a member. Stockholders of a corporate principal may be accepted as sureties provided their qualifications as such are independent of their stock holdings therein. Sureties, if individuals, shall be citizens of the United States, except that sureties on bonds executed in any foreign country, the Canal Zone, the Philippine Islands, Puerto Rico, Hawaii, Alaska, or any possession of the United States, for the performance of contracts entered into in these places, need not be citizens of the United States, but if not citizens of the United States shall be domiciled in the place where the contract is to be performed.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signature of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. If the principal or surety is a corporation, the name of the State in which incorporated shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appear following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form attached thereto. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. Each individual surety shall justify, under oath, according to the form appearing on the bond, before a United States commissioner, a clerk of a United States court, a notary public, or some other officer having authority to administer oaths generally. If the officer has an official seal it shall be affixed, otherwise the proper certificate as to his official character shall be furnished. Where citizenship is not required, as provided in paragraph 3 of these Instructions, the affidavit may be amended accordingly.

10. Each certificate of sufficiency shall be signed by an officer of a bank or trust company, a judge or clerk of a court of record, a United States district attorney or commissioner, a postmaster, a collector or deputy collector of internal revenue, or any other officer of the United States acceptable to the department or establishment concerned.

Further certificates as to the financial qualification of the sureties may be required from time to time; which certificates must be based on the personal investigation of the certifying officers at the time of the making thereof, and not upon prior certificates.

§ 4.24 *Annual performance bond; supplies.*

U. S. Standard Form No. 35 (Revised)
Approved by the Secretary of the Treasury,
May 10, 1937

ANNUAL PERFORMANCE BOND

(SUPPLIES)

Know all men by these presents, that we _____
(See Instructions 4, 5, and 7)
_____
as Principal, and _____
_____
(See Instructions 2, 3, 4, and 7)
as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal contemplates entering into contracts from time to time during the fiscal year ending June 30, 19__, with the Government represented by _____
_____
for furnishing materials and supplies to the Government, and desires that all such contracts be covered by one bond instead of by a separate performance bond for each contract:

Now, therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of any and all such contracts so entered into during the original term thereof and any extensions that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of any and all duly authorized modifications of such contract that may hereafter be made, notice of which modifications to the surety being hereby waived, then this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____ 19__, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

INSTRUCTIONS

1. This form may be used in connection with the procurement of supplies, in lieu of Standard Form No. 25 (Performance Bond). There shall be no deviation from this form except as authorized by the Director of Procurement.

2. The surety on the bond for any bid or for the performance of the contract may be any corporation authorized by the Secretary of the Treasury to act as surety, or two responsible individual sureties. Each individual surety shall justify in a sum not less than the penalty of the bond.

3. A firm, as such, will not be accepted as a surety, nor a partner for copartners or for a firm of which he is a member. Stockholders of a corporate principal may be accepted as sureties provided their qualifications as such are independent of their stock holdings therein. Sureties, if individuals, shall be citizens of the United States, except that sureties on bonds executed in any foreign country, the Canal Zone, the Philippine Islands, Puerto Rico, Hawaii, Alaska, or any possession of the United States, for the performance of contracts entered into in these places, need not be citizens of the United States, but if not citizens of the United States shall be domiciled in the place where the contract is to be performed.

4. The name, including full Christian name, and residence of each individual party to the bond shall be inserted in the body thereof, and each such party shall sign the bond with his usual signature on the line opposite the scroll seal, and if signed in Maine or New Hampshire, an adhesive seal shall be affixed opposite the signature.

5. If the principals are partners, their individual names shall appear in the body of the bond, with the recital that they are partners composing a firm, naming it, and all the members of the firm shall execute the bond as individuals.

6. The signature of a witness shall appear in the appropriate place, attesting the signature of each individual party to the bond.

7. If the principal or surety is a corporation, the name of the State in which incorporated shall be inserted in the appropriate place in the body of the bond, and said instrument shall be executed and attested under the corporate seal as indicated in the form. If the corporation has no corporate seal the fact shall be stated, in which case a scroll or adhesive seal shall appear following the corporate name.

8. The official character and authority of the person or persons executing the bond for the principal, if a corporation, shall be certified by the secretary or assistant secretary, according to the form attached thereto. In lieu of such certificate there may be attached to the bond copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

9. Each individual surety shall justify, under oath, according to the form appearing on the bond, before a United States commissioner, a clerk of a United States court, a notary public, or some other officer having authority to administer oaths generally. If the officer has an official seal it shall be affixed, otherwise the proper certificate as to his official character shall be furnished. Where citizenship is not required, as provided in paragraph 3 of these Instructions, the affidavit may be amended accordingly.

10. Each certificate of sufficiency shall be signed by an officer of a bank or trust company, a judge or clerk of a court of record, a United States district attorney or commissioner, a postmaster, a collector or deputy collector of internal revenue, or any other officer of the United States acceptable to the department or establishment concerned.

Further certificates as to the financial qualification of the sureties may be required from time to time; which certificates must be based on the personal investigation of the certifying officers at the time of the making thereof, and not upon prior certificates.

Supplements Contract No. _____, executed _____, 19____, under Telephone No. _____.

The United States of America, by the undersigned, its duly authorized agent, requests, and the contractor agrees to furnish, the service above specified and toll service in connection therewith, subject to the following terms and conditions:

TERMS AND CONDITIONS

This contract is subject to all rates, charges, rules, practices (including the practice as established by the contractor and applicable to its other customers for determining charges or credits for fractional parts of a billing month), or requirements which may be lawfully established. Recognition is given to the fact that the United States Government fiscal year ends on June 30. The whole or any part of this contract may be terminated, subject to any charges applicable thereto, at any time upon ten days' written notice by either party to the other. Payment hereunder shall be contingent upon the availability of appropriations therefor, and shall not be made in advance of service rendered.

The United States, and all officers and agents thereof, shall be held harmless by the contractor from and against all demands of any nature or kind for or on account of the use of any patented article, combination, or process which may affect the services rendered, including any telephone facilities furnished and used by the United States under this contract.

The contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

No Member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

INSTRUCTIONS

1. *General.* (a) This form will be used, with the exception of the Army, Navy, and Coast Guard, in ordering telephone service within the United States except in the District of Columbia.

(b) Original of form and copies as required will be prepared and executed on behalf of the United States. If form covers orders in connection with existing service, such as additions, discontinuances, changes, etc., the number and date of execution of the existing contract which the new form supplements or affects and the existing telephone number will be entered in the spaces provided.

(c) The telephone company receiving the form will, upon completion of the work involved, fill in spaces indicated and return all copies, signed by its authorized agent, with the exception of one copy which the telephone company will retain for its files.

2. *Exchange service.* (a) Every quantity of exchange service with which a specific charge is associated by the contractor shall appear as a separate item in the contract.

(b) The wording of each item shall fully identify the service quantity for which a charge is made. Contracts including unit quantities shall specify the number of units of each kind and the charge per unit.

(c) Each contract charge shall be so specified as to clearly show whether it is a monthly charge, or a nonrecurring charge such as a service connection, installation or other flat charge.

(d) Where any supplementary addition to, discontinuance of, or change in any existing service is required by the subscriber, the additional, discontinued or changed item or items shall be covered by a supplemental agreement executed on a separate Standard Form No. 40.

3. *Abbreviated wording.* In making the contract, the words used to identify service to be rendered may be abbreviated, but—

(a) Service quantities which according to the tariffs of the contractor are subject to different individual charges shall not be consolidated into one item, and

(b) No specification necessary to full identification and checking of any charge shall be omitted.

4. *Toll service.* Charges for toll service shall not be set forth in this contract, but such charges shall be quoted at any time on request of the subscriber or any representative thereof, so as to indicate clearly in each case—

(1) Type of call to be handled.
(2) Initial rate and period.
(3) Overtime rate and period.
(4) Hours, if limited, within which the quoted rates apply.

No error in any such quotations shall affect the billing and payment of the correct charges for any service rendered.

5. *Authority for changes in charges and general changes.* If changes are approved or ordered by any legally constituted authority having jurisdiction, or otherwise lawfully established by the contractor, which affect the charges for exchange service, or any of the terms of an existing contract or of these instructions, the subscriber shall be notified thereof by the contractor promptly in writing, and requested to prepare and forward to the contractor signed Standard Form No. 40, covering the change involved. The notice of the contractor shall state the telephone involved, the authority for the change, the date effective, the charge or provision of the contract or instructions affected, and the new charge or requirement.

6. *Duration of contract.* Where the term of the contract is to be limited to the fiscal year, the words "and thereafter until further notice", appearing at the top of the form, should be deleted.

§ 4.26 *Instructions to bidders; coal.*

Standard Form No. 42
Approved by the President Mar. 1, 1929

STANDARD GOVERNMENT INSTRUCTIONS TO BIDDERS

(COAL)

(For all other supplies use Standard Form No. 22)

1. *Preparation of bids.* Unless otherwise directed in the invitation, bids shall be submitted in triplicate. Forms furnished, or copies thereof, shall be used, and strict compliance is necessary with the requirements of the invitation, these instructions, and the instructions printed on the forms. Special care should be exercised in the preparation of bids. All information on coal offered and prices shall be fully and clearly set forth. Copies of the bids shall be identical. The proper blank spaces in the bid forms shall be suitably filled in.

2. *Signature to bids.* Each bid must give the full business address of the bidder and be signed by him with his usual signature. Bids by partnerships must be signed with the partnership name by one of the members of the partnership, or by an authorized representative, followed by the signature and designation of the person signing. Bids by corporations must be signed with the name of the corporation, followed by the signature and designation of the president, secretary, or other person authorized to bind it in the matter. The names of all persons signing shall also be typed or printed below the signature. A bid by a person who affixes to his signature the word "president," "secretary," "agent," or other designation, without disclosing his principal, may be held to be the bid of the individual signing. When requested by the Government, satisfactory evidence of the authority of the officer signing in behalf of the corporation shall be furnished.

3. *Bid for all or part.* Bids will be considered on definite quantities less than those specified in the Schedules. The Government reserves the right of awarding all or any of the items bid upon according to its best interests. Award will not be made for less tonnage offered under any item, unless acceptable to the bidder.

4. *Alternative bids.* Alternative bids will not be considered unless called for.

5. *Standard purchase conditions and schedules.* The Standard Government Purchase Conditions and the Schedules which form the basis of any bid will be considered as a part thereof and will form a part of the contract.

6. *Correction.* Erasures or other changes in the bids must be explained or noted over the signature of the bidder.

7. *Marking and mailing bids.* Bids, with their guaranties, if any, must be securely sealed in suitable envelopes, addressed and marked on the outside as required by the invitation.

8. *Time for receiving bids.* Bids received prior to the time of opening will be securely kept, unopened. The officer whose duty it is to open them will decide when the specified time has arrived, and no bid received thereafter will be considered, except that when a bid arrives by mail after the time fixed for opening, but before award is made, and it is shown to the satisfaction of the officer authorized to make the award that the nonarrival on time was due solely to delay in the mails for which the bidder was not responsible, such bid will be received and considered. No responsibility will attach to an officer for the premature opening of a bid not properly addressed and identified. Unless specifically authorized, telegraphic bids will not be considered, but modifications by telegraph of bids already submitted will be considered if received prior to the hour set for opening.

9. *Withdrawal of bids.* Bids may be withdrawn on written or telegraphic request received from bidders prior to the time fixed for opening. Negligence on the part of the bidder in preparing the bid confers no right for the withdrawal of the bid after it has been opened.

10. *Bidders present.* At the time fixed for the opening of bids, their contents will be made public for the information of bidders and others properly interested, who may be present either in person or by representative.

11. *Award or rejection of bids.* The award will be made with reasonable promptness and by written notice to that responsible bidder whose bid, complying with the Standard Purchase Conditions for Coal and the requirements of the Schedules, will be most advantageous to the Government, price and other factors considered. In determining price, consideration will be given to transportation costs, including land-grant freight allowances, if any. Consideration will also be given to quality of coal as indicated by records in the possession of the Government and to results obtained with the same or similar coals which indicate whether the coal possesses physical or chemical characteristics that would make it a satisfactory or unsatis-

factory fuel. The Government, however, reserves the right to reject any and all bids and to waive any informality in bids received whenever such rejection or waiver is in the interest of the Government. It also reserves the right to reject the bid of a bidder who has previously failed to perform properly or complete on time contracts of a similar nature, or a bid of a bidder who is not in position to perform the contract.

12. *Bidders interested in more than one bid.* If more than one bid be offered by any one party, by or in the name of his or their clerk, partner, or other person, all such bids may be rejected. (Sec. 3722 R. S.) This shall not prevent a bidder from proceeding under paragraph 4 hereof, nor from quoting different prices on different coals. A party who has quoted prices on coal to a bidder is not thereby disqualified from quoting prices to other bidders, or from submitting a bid directly on the same coal.

13. *Errors in bid.* Bidders or their authorized agents are expected to examine the Standard Government Purchase Conditions for Coal and the Schedules, and all other instructions pertaining to the purchase. Failure to do so will be at the bidder's own risk, and he can not secure relief on the plea of error in the bid. In case of error in the extension of prices, the unit price will govern.

14. *Preference for domestic coal.* Preference will be given to coal of domestic production, conditions of quality and price, including duty, being equal.

15. *Operator or agent.* Bids will be considered from only bona fide coal mine or dock owners or operators, or their authorized sales agents, when deliveries are to be made in carload lots.

(The following paragraphs, 16 and 17, shall apply only when purchases may be made subject to analytical tests, as will be set forth in the schedules.)

16. *Required analyses.* The bidder is required to specify, for the coal he proposes to furnish, the analytical constituents called for in the Schedules, and they must be within the respective limits, if any, which may be set forth therein.

17. *Consideration of analyses in award.* In addition to the factors mentioned in paragraph 11, the analytical constituents set forth by the bidder will also be considered in the award, and may subject the bid to rejection if records in the possession of the Government indicate that they can not be maintained.

(The following paragraphs shall apply only when guaranties are required with bid.)

18. *Guaranty.* Where security is required to insure the execution of contract and bond for performance of the service, no bid will be considered unless it is so guaranteed. The bidder, at his option, may furnish a guaranty bond, a certified check, or deposit, in accordance with Treasury Department regulations, United States bonds (at par value) as security in the amount required: *Provided,* That where not in conflict with the law, the bidder may be limited to the option of furnishing a certified check or United States bonds when the amount of the security does not exceed $1,000, notice of such requirement to be given in the invitation for bids. In case security is in the form of a certified check, or United States bonds, the Government may make such disposition of the same as will accomplish the purpose for which submitted. Certified checks may be held uncollected at the bidder's risk. Certified checks, or the amount thereof, and United States bonds of unsuccessful bidders will be returned as soon as practicable after the opening.

19. *Sufficiency of guarantors and sureties.* The bond of any surety company, authorized by the Secretary of the Treasury to do business, or of two responsibile individual sureties, will be accepted as security for any bid or contract. Individual guarantors or sureties must make the affidavit appearing on the bond as to their sufficiency and furnish the certificate of a judge or clerk of a court of record, a United States district attorney or commissioner, a postmaster, a collector or deputy collector of internal revenue, or an officer of a bank or trust company. Individual sureties shall justify in sums aggregating not less than double the penalty of the bond.

20. *Restrictions as to guarantors and sureties.* A firm, as such, will not be accepted as a guarantor or surety, nor a partner for copartners or for a firm of which he is a member. Stockholders of a corporation may be accepted as guarantors or sureties, provided their qualifications as such are not dependent upon their stock holdings therein. Guarantors and sureties, if individuals, must be citizens of the United States, except that sureties on bonds executed in any foreign country, the Canal Zone, the Philippine Islands, Porto Rico, Hawaii, Alaska, or any possession of the United States, for the performance of contracts entered into in these places, need not be citizens of the United States, but if not citizens of the United States must be domiciled in the place where the contract is to be performed.

21. *Seals on bonds.* When the principal, a guarantor, or a surety is an individual, his signature to a guaranty or bond shall have affixed to it an adhesive or scroll seal. If executed in Maine, Massachusetts, or New Hampshire, adhesive seal is required. Corporate seals shall be affixed by corporations, whether principals or sureties.

22. *Contract and bond.* The bidder to whom award is made must, when required, enter into written contract on the Standard Government Form for coal, with satisfactory security in the amount required, within the period specified, or if no period be specified, within ten days after the prescribed forms are presented to him for signature.

(These instructions are not to be incorporated in the contract.)

§ 4.27 *Purchase conditions; coal.*

Standard Form No. 43
Approved by the President Mar. 1, 1929

STANDARD GOVERNMENT PURCHASE CONDITIONS

(COAL)

1. *Size and preparation.* Coal shall be of the size or sizes specified; shall be so prepared as to be reasonably free from slate, bone, sulphur, dirt, and fine coal, and shall be of such grade or quality as will be suitable for the particular requirements.

2. *Unit of purchase.* The unit of purchase shall be the net ton of 2,000 pounds, unless otherwise stated in the Schedules.

3. *Wage scales.* The contract price specified herein for the coal is based upon the wage scales in effect with mine employees on the date of opening of bids, and any increase or decrease in the cost of production of said coal caused by changes in such wage scales shall correspondingly increase or decrease the contract price of coal on any tonnage mined and shipped thereafter not in arrears at the time the change in wage scales becomes effective: *Provided, however,* That in event of any such increase in cost of production due to increase in wage scales, the claim shall be presented within 60 days and supported by the affidavit of the superintendent or corresponding officer of the mine or mines from which the coal was produced and by report of a certified public accountant showing the cost of mining the coal before the increase in the wage scales, the amount of the increase in the wage scales after the date of the opening of bids, and the amount of such increase applicable to the coal delivered under this contract after the date of such increase. The books of the contractor shall be so kept as to show the foregoing facts and shall be open to inspection by an authorized officer or employee of the Government. No increase over the contract price shall be allowed unless the claim is so presented and the books of the contractor are so kept. In the event of a decrease in cost of production due to decrease in the wage scales, the decrease in the contract price shall be computed on the basis of the affidavit or affidavits of the superintendent or other corresponding officer of the mine or mines from which the coal was produced or upon other evidence. When there has been no change in the wage scales during the production of the contract coal, the contractor shall so certify on invoices or vouchers submitted for payment.

4. *Freight charges.* The purchase price of coal, if inclusive of freight charges from point of shipment named herein, is based upon the freight rate in effect on date of opening of bids, and any increase or decrease in said freight rate shall correspondingly increase or decrease the purchase price of the coal on any tonnage shipped thereafter.

5. *Deliveries.* The contractor shall make deliveries throughout the contract period as set forth in the Schedules. The Government shall have the right, however, to require deliveries, upon reasonable notice, at other times within the contract period in order to meet changed conditions as to storage facilities, weather, transportation, or actual requirements. When necessary to meet unloading conditions the Government shall have the right to require that shipments be made in the type or types of transportation equipment which it may specify and to reject shipments proffered in other types of equipment. When each shipment is made the contractor shall promptly notify the Government as to the date of shipment, name of mine from which shipped, and car initials and number.

6. *Delays.* If for any reason the contractor is delayed in making delivery on the date required of coal purchased f. o. b. point of shipment, or in making shipment sufficiently in advance to ordinarily permit delivery on the date required of coal purchased other than f. o. b. point of shipment, or if the contractor has knowledge that he will be unable to accomplish delivery or make shipment, as the case may be, he shall notify the Government immediately as to actual or contemplated delay, and as to the extent thereof, and the Government may suspend further shipments or deliveries or such part or parts thereof as to which there has been or the contractor has stated that there will be a delay. Upon receipt of such notice, or in the absence thereof, upon knowledge of actual delay in making delivery or shipment, as the case may be, the Government may purchase coal in the open market or secure coal by contract or otherwise and the contractor and his sureties shall be liable to the Government for any excess costs occasioned the Government thereby:

(a) *Provided, however,* That only in the event that the contractor shall have given immediate notice thereof he shall not be liable when the delay is due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including but not restricted to acts of God, acts of the Government, acts of the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, accidents at the mine, interruptions to transportation, or shortage of rail or water transportation equipment;

(b) *Provided further,* That the contractor shall within ten days from the beginning of any delay notify the contracting officer in writing as to the cause of delay, who shall ascertain the facts and the extent of the delay, and his findings of facts thereon shall be final and conclusive on the parties hereto, subject only to appeal, within 30 days, by the contractor to the head of the department concerned, whose decision on such appeal as to the facts of delay shall be final and conclusive on the parties hereto.

7. *Mines.*—Coal from mines other than those stated in the Schedules shall not be

furnished unless authorized by the Government in writing.

8. *Weights.*—For coal purchased f. o. b. point of origin or shipment, and shipped in carload lots, and for coal purchased f. o. b. destination and shipped in carload lots or delivered by barge or scow, settlement shall be based upon railroad weights for delivery by rail or upon certifications furnished by the contractor of railroad weights of cars making up cargo for delivery by barge or scow. For coal purchased under conditions which do not admit of railroad weights, settlement shall be based upon weights as determined by prevailing commercial practice.

9. *Inspection.*—All coal will, in so far as practicable, be inspected at the point of delivery shown in the contract. If coal is bought at dealer's place of business or at mines, inspection will be completed at that point, provided that the quantity and rate of delivery of coal will warrant the Government in making inspection at the dealer's place of business or at mines, otherwise inspection will be made at destination, whether the coal is bought f. o. b. mines or destination. Coal shipped on Government bill of lading becomes Government property at the time and place of shipment, but subject to inspection as provided herein.

10. *Additional security.* Should the surety upon any bond that is furnished for the performance of this contract become unacceptable to the Government, the contractor must promptly furnish such additional security as may be required from time to time to protect the interests of the Government.

11. *Officials not to benefit.* No Member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

12. *Covenant against contingent fees.* The contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business.

13. *Convict labor.* The contractor shall not employ in the performance of this contract any person undergoing sentence of imprisonment at hard labor.

14. *Unsatisfactory coal.* If coal of three or more consecutive deliveries, or of deliveries aggregating 10 per cent or more of the contracted quantity, proves to be unsatisfactory in the use for which it may have been purchased, although all other conditions of the contract have been met by the contractor, the Government may, at its option:

(a) Decline to accept additional coal from the mine or mines named herein and authorize the contractor in writing to supply coal from other mines producing coal of a quality contemplated to meet the requirements of the contract, or

(b) Terminate the contract without liability to either party.

15. *Payments.* The contractor shall be paid upon the submission of properly certified invoices or vouchers at prices stipulated herein for coal delivered and accepted. Unless otherwise specified, payments will be made on deliveries accepted by the Government when the amount due on such deliveries so warrants: *Provided,* That when requested by the contractor payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 per cent of the total amount of the contract. When samples are taken, as provided in paragraph 16, 10 per cent of the amount due may be withheld pending the outcome of the analyses of the samples.

(The following paragraph shall apply only when purchases may be subject to analytical tests as will be set forth in the schedules.)

16. *Sampling.* All coal may be regularly and continuously sampled, or only part or parts thereof may be sampled, as the Government may elect, and in the latter event the analysis of a sample or samples shall be used as representing only the tonnage actually sampled. The collecting and preparing of samples shall be in accordance with Technical Paper No. 133 of the United States Bureau of Mines or any revision thereof. The contractor may be present at the taking of samples, but the Government shall be under no obligation to notify the contractor to be present. Samples shall be analyzed by the United States Bureau of Mines and the analysis shall be final and conclusive on the parties hereto. Coal not sampled and coal sampled and found by analysis not to show a percentage of ash 2 per cent or more in excess of the ash content specified by the contractor, shall be accepted and paid for at the contract price. If, however, the percentage of ash is shown by analysis to be 2 per cent or more in excess of the ash content specified by the contractor, the Government may, at its option:

(a) Exercise its right to reject the coal, and require that all or any part thereof shall be removed by and at the expense of the contractor promptly after notification of rejection; or

(b) Retain the coal, in which event a reduction in price shall be computed by multiplying the value of the coal (as determined by the contract price if it is purchased for delivery at destination, or otherwise as determined by the contract price plus freight charges by common carrier to destination) by the difference between the percentage of ash by analysis and the percentage of ash specified by the contractor. The resultant product computed to the nearest cent, shall then be deducted from the contract price.

Provided, however, That should the analyses of samples representing three or more deliveries, or of deliveries aggregating 10 per cent or more of the contracted quantity, show the coal to be in any way inferior to contract requirements, the Government may, at its option:

(a) Decline to accept additional coal from the mine or mines named herein and authorize the contractor in writing to supply coal from other mines producing coal of a quality contemplated to meet the limits specified by the contractor; or

(b) Decline to accept additional coal from the mine or mines named herein or subsequently authorized and purchase coal in the open market, in which event the contractor and his sureties shall be liable to the Government for any excess costs occasioned thereby.

(These purchase conditions are to be incorporated in the contract.)

SUBPART C—SPECIAL STANDARD CONTRACT PROVISIONS

§ 4.31 *Labor and material reports; construction contracts.* Executive agencies not operating under arrangement with the Department of Labor to furnish such statistics directly to it shall request prospective contractors on Government construction work exceeding $2,000 to be performed in continental United States to agree to include in the contract the following labor and material report provision recommended by the Department of Labor.

The contractor will report monthly, and will cause all subcontractors to report in like manner, within five days after the close of each calendar month, on forms to be furnished by the Department of Labor, the number of persons on their respective pay rolls, the aggregate amount of such pay rolls, the man-hours worked, and the total expenditures for materials. He shall furnish to the Department of Labor the names and addresses of all subcontractors on the work at the earliest date practicable. The foregoing is applicable only to work at the site of the construction project.

PART 5—SURPLUS PERSONAL PROPERTY

Sec.

5.1 Report and disposal.
5.2 General clearance.
5.3 Special commodity clearances.

AUTHORITY: §§ 5.1 to 5.3 issued under E. O. 6166, June 10, 1933; 5 U. S. C. 132 note.

§ 5.1 *Report and disposal.* Materials, supplies and equipment located outside the District of Columbia which are surplus to the needs of any Executive department or establishment and which have not been declared surplus to a disposal agency by July 1, 1948, shall be reported to the Bureau of Federal Supply and may not be disposed of outside the Government until clearance has been received from the Bureau of Federal Supply, except as otherwise authorized.

§ 5.2 *General clearance.* The following surplus materials, supplies and equipment, except narcotics not containing opium, located outside the District of Columbia need not be reported to the Bureau of Federal Supply and may be disposed of by holding Executive departments and establishments in accordance with law:

(a) Perishables;

(b) Property dangerous to public health or safety;

(c) Property having an acquisition value of $500 or less and consisting of an item or group of identical items normally constituting a single line entry on the declaration form, but excluding typewriting machines and items of the type included in the national Stock Catalog of the Bureau of Federal Supply (§ 3.2 of this chapter) or appearing in the Federal Supply Schedule (§ 2.7 of this chapter) or readily interchangeable with such items because serving the same purpose;

(d) Unserviceable property, including scrap and salvage, except typewriting machines.

§ 5.3 *Special commodity clearances.* The following surplus materials, supplies and equipment located outside the District of Columbia need not be reported to the Bureau of Federal Supply and may be disposed of by holding Executive departments and establishments in accordance with law after finding no need therefor by other Executive departments and establishments:

(a) Animals;

(b) Arms, ammunition and implements of war (as listed in the proclama-

tion effective at the time under the Neutrality Act (Sec. 12 (i), 54 Stat. 11, as amended; 22 U. S. C. 452 (i));

(c) Bedding, used;
(d) Boats and vessels;
(e) Clothing, used;
(f) Farm machinery and equipment;
(g) Gravel;
(h) Medical supplies and equipment, except narcotics not containing opium;
(i) Sand;
(j) Tents;
(k) Timber.

[SEAL] CLIFTON E. MACK,
Director,
Bureau of Federal Supply.

Approved: December 24, 1948.

JOHN S. GRAHAM,
Acting Secretary of the Treasury.

Chapter III—Committee on Purchase of Blind-Made Products

PART 302—PROCEDURES

EDITORIAL CHANGES INCIDENT TO PUBLICATION OF CODE OF FEDERAL REGULATIONS, 1949 EDITION

1. Codification has been discontinued of sections heretofore numbered 302.1–302.5, relating to organization, delegations of authority, and public information procedure, and future amendments thereto will appear in the Notices section of the FEDERAL REGISTER.

2. The part is redesignated "Procedures," and §§ 302.101–302.103 are renumbered §§ 302.1–302.3, respectively.

Dated: December 23, 1948.

[SEAL] ROBT. LEFEVRE,
Secretary, Committee on Purchases of Blind-made Products.

[F. R. Doc. 48-11362; Filed, Dec. 29, 1948; 8:48 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of The Interior

PART 2—RECORDS AND TESTIMONY

PART 2A—TESTIMONY OF EMPLOYEES AND USE OF BOOKS, RECORDS, AND FILES IN JUDICIAL AND ADMINISTRATIVE PROCEEDINGS

MISCELLANEOUS AMENDMENTS

1. Section 2.6, reading as follows, is added to Part 2:

§ 2.6 *Compulsory process.* If the production of any record of the Department is sought by compulsory process, the record shall not be disclosed unless the person whose general duties include the responsibility for the custody of the record or the Secretary determines that such disclosure will not be prejudicial to the interests of the Government. If the person responsible for the custody of the record concludes that the record should not be produced, he shall immediately report the matter to the Secretary for a determination, and he shall appear in answer to the process and respectfully decline to produce the record on the ground that the disclosure, pending the receipt of instructions from the Secretary, is prohibited by this regulation.

2. Section 2.20, reading as follows, is added to Part 2:

§ 2.20 *Testimony of employees.* (a) An officer or employee of the Department shall not testify in any judicial or administrative proceeding concerning matters related to the business of the Government or the contents of official records without the written permission of the head of the bureau or office, or his designee, or of the Secretary. If the head of a bureau or office, or his designee, concludes that permission should be withheld, he shall report the matter immediately to the Secretary for a determination, and the officer or employee shall appear in answer to process and respectfully decline to testify, pending the receipt of instructions from the Secretary, on the ground that testimony is prohibited by this part.

(b) An affidavit must be submitted by a private litigant, or his attorney, setting forth the interest of the litigant and the information with respect to which the testimony of an officer or employee is desired before permission to testify will be granted. Permission to testify will be limited to the information set forth in the affidavit, or to such portions thereof as may be deemed proper.

3. The heading of Part 2 is revised to read "Records and Testimony".

Sections 2.1 to 2.6, inclusive, shall appear under the centerhead "Availability of Official Records".

Section 2.20 shall appear under the centerhead "Testimony of Employees".

4. Part 2a is revoked.

(R. S. 161; 5 U. S. C. 22)

J. A. KRUG,
Secretary of the Interior.

TITLE 45—PUBLIC WELFARE

Chapter I—Office of Education, Federal Security Agency

CHANGES INCIDENT TO PREPARATION OF CODE OF FEDERAL REGULATIONS, 1949 EDITION

In order to conform Chapter I of Title 45 to the scope and style of the Code of Federal Regulations, 1949 Edition, as prescribed by the regulations of the Administrative Committee of the Federal Register and approved by the President effective October 12, 1948 (13 F. R. 5929), the following changes are made, effective upon their publication in the FEDERAL REGISTER.

1. In Part 101, §§ 101.1 to 101.11 and §§ 101.16 to 101.19 are deleted, and §§ 101.12 to 101.15 are redesignated §§ 101.1 to 101.4, respectively.

2. A new Part 102, "Vocational Education; Policies Applying to Use of Federal Funds," superseding Part 103, is added as set forth below.

3. Part 104, "Education and Training of War Workers," and Part 105, "Loans to College Students in Accelerated Programs," are deleted.

PART 102—VOCATIONAL EDUCATION; POLICIES APPLYING TO USE OF FEDERAL FUNDS

ADMINISTRATIVE RELATIONSHIPS UNDER THE FEDERAL VOCATIONAL EDUCATION ACTS

BASIC PROVISIONS AND POLICIES

Sec.
102.1 Purpose of vocational education.
102.2 Further development of vocational education.
102.3 Education of less than college grade.
102.4 Public supervision or control.
102.5 Application of vocational education terminology to vocational guidance.

STATE AND FEDERAL RELATIONSHIPS

102.10 The State plan: an agreement between a State board for vocational education and the Office of Education.
102.11 Responsibility of the Federal Government under the vocational education acts.
102.12 Responsibility of the State under the vocational education acts.
102.13 Working relationship between the Office of Education and a State board for vocational education.
102.14 Responsibility for custody and use of Federal funds.
102.15 Fiscal procedures.
102.16 State reports.
102.17 Vocational education workers in States not Federal employees.
102.18 Federally aided programs to be administered without discrimination.
102.19 Determining source of matching funds.

ADMINISTRATION OF VOCATIONAL EDUCATION

102.25 State program of administration.
102.26 State administrative staff.
102.27 Reimbursement for salary and travel expenses.
102.28 State-wide basis for matching.
102.29 Matching purposes.
102.30 Prorating of funds.

USE OF FEDERAL FUNDS FOR TRAVEL

102.31 Responsibility.
102.32 Members of the State board.

Sec.
102.33 Executive officer.
102.34 State director and other members of administrative staff.
102.35 Members of representative State advisory committees.
102.36 Local directors.
102.37 State supervisors, State teacher trainers, and other members of their staffs.
102.38 Local supervisors and teacher trainers.
102.39 Teachers of short, intensive, technical courses.
102.40 Consultants.
102.41 College teachers of technical subject matter.
102.42 Vocational teachers and counselors.
102.43 Teachers attending State conferences.
102.44 Student teachers.

FURTHER USE OF FEDERAL FUNDS

102.45 Conditions necessary for reimbursement.
102.46 Other considerations for reimbursement.
102.47 Research, studies, and investigations.
102.48 Professional courses for administrators.

SUPERVISION OF VOCATIONAL EDUCATION

102.55 State program of supervision.
102.56 State supervisory staff.
102.57 Local program of supervision.
102.58 Qualifications of supervisors.
102.59 Supervision of nonreimbursable instruction.
102.60 Studies and research by supervisory staff.

TEACHER TRAINING

102.65 Teacher training.
102.66 Complete program for training vocational teachers.
102.67 State program of teacher training.
102.68 Teacher-training staff.
102.69 Reimbursable teacher-training courses.
102.70 Designation of teacher-training institutions or agencies.
102.71 Basis of reimbursement of salaries of teacher trainers.
102.72 Use of teacher-training funds for payments to graduate students.
102.73 Qualifications of teacher-trainers.
102.74 Improvement of teachers.
102.75 Director of teacher-training.
102.76 Reimbursement for supervising teacher's salary.
102.77 Apprentice teachers.

VOCATIONAL INSTRUCTION

102.85 Persons for whom vocational education is intended.
102.86 Vocational instruction defined.
102.87 Safety instruction.
102.88 Responsibility for nonvocational instruction.
102.89 Schools or classes defined.
102.90 Composition of classes.
102.91 Standards for plant, equipment, and maintenance.
102.92 Utilization of privately owned plant and equipment.
102.93 Equipment and supplies for vocational instruction.
102.94 Vocational instruction conducted by eleemosynary institutions.
102.95 Vocational instruction conducted by penal and correctional institutions.
102.96 Organizations of vocational students.
102.97 Training and work-experience training for out-of-school youths.

AGRICULTURAL EDUCATION

PURPOSE OF VOCATIONAL EDUCATION IN AGRICULTURE

Sec.
102.105 Purpose.
102.106 Vocational instruction in agriculture.
102.107 Complete program of vocational education in agriculture.
102.108 Requirements for instruction.
102.109 All-day classes.
102.110 Day-unit classes.
102.111 Young farmer classes.
102.112 Adult farmer classes.
102.113 Directed or supervised practice.
102.114 Employment of teachers.
102.115 Short, intensive technical courses.
102.116 Designation of teacher-training institutions.

DISTRIBUTIVE OCCUPATIONS EDUCATION

DEFINITION

102.125 Distributive occupations defined.
102.126 Distributive occupations subjects defined.
102.127 Entrance into distributive occupations classes.
102.128 Definition of employment.

DISTRIBUTIVE OCCUPATIONS CLASSES

102.129 Evening classes.
102.130 Part-time classes.
102.131 Nature of instruction and composition of classes.
102.132 Classes conducted in stores.
102.133 Reimbursement for coordinating activities.

HOME ECONOMICS EDUCATION

102.134 Purpose of vocational education in home economics.
102.135 Essential characteristics of homemaking education programs.
102.136 Organization of local programs.
102.137 In-school and out-of-school groups.
102.138 Reimbursable activities for homemaking teachers.
102.139 Institutions designated to prepare teachers.

TRADE AND INDUSTRIAL EDUCATION

DESCRIPTION

102.155 Purposes of education for trades and industry.
102.156 Trade and industrial pursuits.
102.157 Trade and industrial subjects.
102.158 Representative advisory committees.
102.159 Local supervision.
102.160 Teachers.
162.161 Plant and equipment.
102.162 Groups served.
102.163 Training for service occupations.
102.164 Supervisory and foreman training.
102.165 Training for apprentices.

EVENING CLASSES

102.170 Definition.
102.171 Age of admission.
102.172 Instruction supplemental to employment.
102.173 Reimbursement of evening classes from part-time funds.

PART-TIME CLASSES

102.174 Explanation.
102.175 Part-time trade extension classes.
102.176 Part-time trade preparatory classes.
102.177 Part-time general continuation classes.
102.178 General continuation school programs.
102.179 Exemption certificates and standards.
102.180 Age of admission.
102.181 Time requirements for Smith-Hughes part-time classes.

ALL-DAY TRADE COURSES

102.182 Definition.
102.183 Types of all-day trade training.
102.184 Essential characteristics.
102.185 Related subjects reimbursed in all-day trade classes.
102.186 Unit trade course.
102.187 General industrial course.
102.188 Practical work on a useful or productive basis defined.
102.189 Plan for coordination.

STANDARDS AND SAFEGUARDS FOR INDUSTRIAL-PLANT TRAINING

102.205 Explanation.

SPECIAL STANDARDS AND SAFEGUARDS

102.206 Section A; when the use of Federal funds is justified.
102.207 Section B; when the use of Federal funds is not justified.

VOCATIONAL GUIDANCE

102.215 Explanation.
102.216 Purpose of vocational guidance.
102.217 Use of George-Barden funds for vocational guidance.
102.218 Essential vocational guidance services.
102.219 Duties and qualifications of vocational guidance personnel.

AUTHORITY: §§ 102.1 to 102.219 issued under 39 Stat. 929, 60 Stat. 777; 20 U. S. C. 11–30.

ADMINISTRATIVE RELATIONSHIPS UNDER THE FEDERAL VOCATIONAL EDUCATION ACTS

BASIC PROVISIONS AND POLICIES

§ 102.1 *Purpose of vocational education.* (a) The purpose of vocational education is to provide training to develop skills, abilities, understandings, attitudes, working habits, and appreciations, and to impart knowledge and information needed by workers to enter and make progress in employment on a useful and productive basis. Vocational education is an integral part of the total education program. It makes a contribution toward the development of good citizens, including their health, social, civic, cultural, and economic interests.

(b) The controlling purpose of vocational education, as stated in the Smith-Hughes Act, is "to fit for useful employment." The needs of two distinct groups of people were recognized by stating that the education provided shall be designed to meet the needs of persons over 14 years of age who are preparing for, or who have entered upon, the work of various occupations. Vocational education is intended to meet the training needs of persons who are preparing for employment and to supplement or extend training for those who are employed. These training opportunities should not be restricted to young persons who are enrolled in the regular day schools but should be extended to serve all out-of-school youth and adults, both employed and unemployed, who are in need of the kinds of training which can be provided best in organized classes.

§ 102.2 *Further development of vocational education.* (a) The Office of Education will keep in mind one fundamental idea in considering all questions involving the use of George-Barden funds. This idea is that these funds were intended primarily "for the further development of vocational education." There is ample evidence to support this. Not only do the words "further development" appear in the title to the act, but the reports of discussions in congres-

sional committees which recommended the bill for passage confirm this conception. In the report of the House Committee on Education, appears this statement: "The purpose of this bill is to stimulate the extension of the program of vocational education in communities that are not now adequately served with such programs and to encourage the establishment of vocational education programs in areas not now served by such programs * * *." Another part of the report concludes by saying: "It is expected that the additional funds made available through the provisions of this bill will serve to increase materially and steadily the vocational education program. It is further expected that these funds will gradually increase the amount of State and local funds that will become available for vocational education."

(b) The George-Barden Act states in section 3 (b) that "the funds appropriated * * * may be used for assisting the several States and Territories * * * for securing necessary educational information and data as a basis for the proper development of programs of vocational education and vocational guidance." This clearly indicates both the possibility and the desirability of experimental work in new types of classes, new methods of instruction, and new ways of training people for useful employment. The Office of Education wishes to encourage the States to provide for educational experiments which may result in the further development of vocational education including the improvement of that which is already in operation. If Federal funds are to be used for such experiments, they must necessarily be limited by fixed provisions of the Federal acts but otherwise the States may depart from established practices and usual standards. Before doing this, however, each State will be expected to submit as a part of its State plan, or as an amendment to its plan, an outline of the experimental work to be carried on, with information regarding the purpose of the experiment, the procedures to be followed, and the methods to be used in evaluating the results.

(c) The chief characteristic of the George-Barden Act as contrasted with previous vocational education legislation is flexibility. Some of the specific limitations on the use of funds were omitted from this act and provisions were included to allow for new phases of work. It is quite evident that Congress believed the States would use the money provided with discretion and understanding to attain the purposes intended. When a decision must be made regarding the use of George-Barden funds this question should always be asked: Will this use of funds serve to further develop vocational education rather than merely relieve a State or local school system of expenditures which it has been making? Unless the answer is in the affirmative the weight of the evidence should be regarded as against reimbursement. The Office of Education will take this position in applying its intrpretations and policies.

§ 102.3 *Education of less than college grade.* One of the conditions of the Smith-Hughes Act is that the funds provided for vocational instruction may be used only for education which is "of less than college grade." A program of vocational education is considered to be of less than college grade when all of the following conditions are met:

(a) The objective is to provide training which will be advantageous in entering or continuing in employment in specific occupations or fields of work.

(b) Admission is based upon the ability of pupils to profit by the instruction offered rather than upon the possession of secondary school credits required for college entrance.

(c) The instruction offered is based upon the needs of workers in the occupation for which training is given.

(d) The instruction is terminal in nature and not a part of a course which is to be continued in a college or other higher institution.

(e) The instruction does not lead to a baccalaureate degree and is not organized to conform to the requirements of a course which does lead to such a degree.

§ 102.4 *Public supervision or control.* (a) One guiding principle of the vocational education acts—and it cannot be too strongly emphasized that this principle applies to every phase of activity under these acts—is "that such education shall be given in schools or classes under public supervision or control."

(b) A school or class is considered to be under public supervision or control, within the requirements of the Federal vocational education acts when it meets all of the following criteria:

(1) It is organized and operated under the direction of a State or local board responsible for expenditure of public-school funds for vocational education in the State or community.

(2) The teachers are paid from public funds in the same way as other public-school teachers employed by the State or local board responsible for vocational education are paid.

(3) Officials on the staff of a State or local board responsible for vocational education have full charge of:

(i) Selection, salaries, and length of term of the teachers.

(ii) Qualifications and admission of the pupils.

(iii) Content and organization of all courses and curricula.

§ 102.5 *Application of vocational education terminology to vocational guidance.* In all instances, the words teacher, instruction, and teacher training as used in these policies may be taken to include in their meaning counselor, counseling, and counselor training, respectively, except in statements dealing specifically with programs of agricultural, distributive, home economics, and trade and industrial education.

STATE AND FEDERAL RELATIONSHIPS

§ 102.10 *The State plan: an agreement between a State board for vocational education and the Office of Education.* (a) Each State is required, under the terms of the Federal Vocational Education Acts, to submit a plan for the vocational education program for which it expects to use Federal funds. This plan, when approved by the Commissioner of Education, becomes a contract between the State and the Federal Government. The plan for a State is initiated by that State and is reviewed by the Office of Education only as it applies to the use of Federal funds in that State. When a provision is included in a State plan for any phase of work in which Federal reimbursement may be involved, such provision shall conform to the Federal acts and the official policies of the Office of Education. Disapproval of any provision does not mean that a State may not adopt or use that provision in its State program; it means that Federal funds may be used only for work covered by the parts of the plan which are approved.

(b) Two basic considerations should be kept in mind when a State staff undertakes the writing of its plan: (1) The plan is in part a contract between the State and the Federal Government. In this respect certain definite information is required by the statutes. In providing this information the State boards for vocational education describe the conditions under which they will use Federal vocational education funds. (2) The plan is in every other respect a description of what the State expects to do—its program developed by the State to meet its own purposes and conditions. It is set forth in language which clearly implements the underlying policies of the State and suggests means to be used in carrying them out in relation to vocational education.

(c) The description of the program referred to in Paragraph (b) (2) of this section is included in a State plan for the following reasons: (1) It supplies the background against which interpretation is made as to specific compliance with the acts; (2) it serves as a basis of understanding between the State and Federal offices in the work which they carry out cooperatively; and (3) the State benefits by the processes involved in analyzing its situation and in reducing its plan to an orderly sequence.

(d) Within this setting each State may build at will. In addition, any State may, and many do, enlarge this setting by planning State and local vocational activities for which Federal funds are not used. In the latter case, sound principles suggest that the total structure—reimbursed and unreimbursable activities—have unity and harmony. Only those nonreimbursable activities which are necessary to fulfill the purpose stated in the preceding paragraphs need be written into the plan.

(e) In preparing their State plans for vocational education, States are requested to follow a topical outline supplied by the Office of Education. This outline serves as a criterion for the comprehensiveness of a State plan and facilitates the comparison of the provisions of the plan with the Federal vocational education acts and policies.

§ 102.11 *Responsibility of the Federal Government under the vocational education acts.* In the promotion, development, and operation of programs of vocational education the States have the primary responsibility. The Office of

Education, as the Federal agency in the cooperative arrangement for the national program, does not organize or operate vocational schools or classes. It does, however, have certain responsibilities related to vocational education which are assigned to it by the several Federal acts. Among these responsibilities are the following:

(a) Cooperating with State boards in the administration of the acts.

(b) Examining plans submitted by State boards and approving such plans if in accord with the provisions and purposes of the acts.

(c) Making, or causing to have made, studies, investigations, and reports for the purpose of assisting the States in the establishment of vocational schools and classes, in providing instruction in commerce and commercial pursuits and in the several vocational fields for which Federal funds have been made available.

(d) Certifying to the Secretary of the Treasury annually each State which has accepted the provisions of the Federal acts and complied with them, together with amounts which each State is entitled to receive.

(e) Ascertaining annually whether the several States are using, or are prepared to use, the money received by them in accordance with the provisions of the acts.

(f) Adopting rules and regulations and making interpretations relating to the administration of the Federal case.

(g) Making an annual report to Congress on the administration of the acts including information as to the expenditure of money allotted to each State and the work done with it.

§ 102.12 *Responsibility of the State under the vocational education acts.* (a) In order to participate in the benefits of the funds provided by the Federal acts, the State, through its legislative authority, must have accepted the provisions of the acts; appointed its State treasurer as custodian of the vocational education funds allotted to the State; and designated or created a State board of not less than three members having all necessary power to cooperate with the Office of Education in the administration of the Federal acts.

(b) The State Board for Vocational Education is the State agency which is responsible for carrying out the provisions of the Federal acts in the State and for the expenditure of Federal funds which are allotted to it. In caring for these responsibilities the State board will, through its executive officer and staff, perform the following duties:

(1) Prepare plans giving information about the kinds of vocational education for which the State expects to use Federal funds and submit these plans to the Office of Education for approval.

(2) Maintain State programs of administration, supervision, and teacher training.

(3) Provide for the promotion and development of vocational education and for the use of Federal funds.

(4) Make annual reports to the Office of Education on the work done and the receipts and expenditures of Federal funds.

§ 102.13 *Working relationship between the Office of Education and a State board for vocational education.* (a) Each State is responsible for the operation of vocational programs within its borders, and for the use of the Federal funds apportioned to it. In carrying out the legal responsibility imposed on it by the Smith-Hughes Act to "ascertain whether the several States are using, or are prepared to use, the money received by them in accordance with the provisions of this act," the Office of Education will deal with a State board through its authorized representative only, and not with individual schools or institutions. In accordance with the requirements of the Federal acts it is necessary for the Office of Education to secure information regarding the use of the Federal money allotted to a State. This information will be secured in a number of ways including:

(1) Audits of the State accounts of Federal funds and of State and local funds used for matching.

(2) Examinations of reports submitted by State boards to the Office of Education.

(3) Visits to vocational schools, classes, and teacher training institutions.

(4) Studies conducted by representatives of State boards in cooperation with the Office of Education.

(b) All arrangements and agreements of any kind, relating to the operation of Federally aided programs of vocational education or the use of Federal vocational education funds, between the Office of Education and the State board or its agents must be in writing in order that there may be mutual understanding and a record available for reference.

(c) The Office of Education reserves the right to visit from time to time schools and classes in which Federal vocational education funds or matching funds are used. Visits to such schools and classes will be made under arrangements with representatives of the State board.

(d) The Office of Education has a responsibility for assisting the members of the State staffs by cooperating in planning their work and in helping to train people to perform it. This cooperation may include giving assistance to teachers, to schools, or to institutions. When such assistance is given the purpose is not to take over any of the responsibilities which belong to members of the State staff, but only to demonstrate the application of new ideas or the use of new procedures. In no instance may the agents of the Office of Education assume responsibility for any part of the operation of a State or local vocational education program.

§ 102.14 *Responsibility for custody and use of Federal funds.* (a) The State treasurer is responsible for the proper custody of all Federal vocational education funds placed in his care; for the disbursement of these funds upon requisitions of the State board; and for accounting for the receipt and expenditure of these funds and for the interest earned on them. He is required by the terms of the act of acceptance to honor requisitions issued by the State board. Whether or not these requisitions are properly signed and duly executed is, of course, a matter that he will decide before honoring them. The purposes for which Federal vocational education funds will be used as reimbursement will be determined by the State board in conformity with the provisions of the Federal acts and their interpretations by the Office of Education. Neither the State treasurer nor any other State official or employee, except through the authority of the State board, has any responsibility for or control over the purposes for which such Federal funds may be expended.

(b) The Comptroller General ruled that when grant-in-aid funds are paid over to the State, legal title to such funds vests in the State. However, the money so paid to the State is held by it for the particular uses specified in the Federal vocational education acts and not as general funds of the State.

§ 102.15 *Fiscal procedures*—(a) *Certification of a State.* Certification of a State by the Office of Education to the Secretary of the Treasury for the money to which the State is entitled will be made for any given fiscal year after:

(1) The plan submitted by the State has been approved by the Commissioner of Education.

(2) The annual financial and statistical reports have received a preliminary review in the Office of Education; or, in the case of funds payable to the States at the beginning of the fiscal year, a tentative report of expenditures for the previous fiscal year has been received by the Office of Education.

(3) An examination of the special reports of representatives of the Office of Education indicates that the program of vocational education for the fiscal year, preceding that for which certification is considered, was carried on in good faith and in accordance with the Federal acts and the State plan; or evidence is submitted to show that the State will be able to carry out the plan during the current fiscal year.

(b) *Delay in qualifying.* Delay of a State to qualify fully for certification under the conditions stated above will not result in any loss of funds providing it does qualify before the first day of January. Such delay will, however, postpone the receipt of the funds to which it may become entitled since certification by the Office of Education is the factor determining when payments to the State shall begin. The Smith-Hughes Act requires that the Office of Education certify on or before January 1, of each year, "each State which has accepted the provisions of this Act and complied therewith" as set forth above. In practice it will make certification as soon after July 1, as the conditions above set forth are met, in order that the Federal moneys allotted to a State may be sent as early in the year as possible.

(c) *Certificate modification.* The Office of Education reserves the right, at any time during the fiscal year, to modify the original certificate to a State if further audits show that such modifications should be made and to notify the Secretary of the Treasury that further payments to a State should be withheld if

there is evidence that the State is not using the Federal funds in accordance with the terms of the acts.

(d) *Interest on Federal funds.* Interest earned on Federal funds paid to a State belongs to the United States Government. It is the duty of the Office of Education and the State board for vocational education to check on the interest received on the funds by the State pending their disbursement for the purposes of the program. The Office of Education, therefore, requires that the State board submit on or before the first day of September, as a part of its annual report, a statement from the State treasurer showing the amounts of Federal funds received by him under the several appropriations during the year covered by the report and, also, the amount of interest earned on such funds during that year. Payment of the interest earned must be made to the Treasurer of the United States.

(e) *Unexpended balances.* Unexpended balances remaining in each or all of the several Federal funds in the State treasury are accounted for under the provision of section 15 of the Smith-Hughes Act which states "that whenever any portion of the fund annually allotted to any State has not been expended for the purpose provided for in this Act, a sum equal to such portion shall be deducted * * * from the next succeeding annual allotment from such fund to such State."

(f) *Procedure.* As the act specifies, the procedure to be followed in the disposition of unused funds is to allow the unexpended balances in each or all of the several funds to remain in the State treasury. In the work of accounting, they are regarded as a part of the next year's allotment due the State on the State's share of the appropriations made or authorized. This procedure makes it unnecessary to transfer unexpended balances from the State to the Federal treasury at the end of each fiscal year and then retransfer such balances as a part of the allotment due the State for the ensuing year.

§ 102.16 *State reports.* (a) The Smith-Hughes Act, in section 8, requires that each State shall make an annual report to the Office of Education, on or before September 1 of each year, on the work done and the receipts and expenditures of money. Other sections of this act place upon the Office of Education the duty of reviewing carefully the disbursement by the State boards of the moneys received by them. These sections authorize the Office of Education to require such reports as may be necessary to discharge this duty. The George-Barden Act places upon the States and upon the Office of Education the same requirements for reports as the Smith-Hughes Act.

(b) Each of the vocational education acts sets up conditions and limitations governing the distribution of funds for each of the several purposes, and specifies definite matching provisions. Hence, annual State reports to the Office of Education must show the expenditures for each of the several purposes provided for in the Smith-Hughes Act and the George-Barden Act, respectively, and must show, also, that the Federal vocational education funds expended in the State have been matched by total State and local funds as required in each of the Federal acts.

(c) The Office of Education also requires that each State board shall, with its other annual reports, submit a descriptive account of the progress of vocational education within the State. An outline for this report is provided but much latitude is given to the States as to its content. Its purposes are to inform the Office of Education about matters which do not appear in the financial or other annual reports and to give information of value to the Office of Education in making up the descriptive part of its annual report to Congress.

(d) From time to time there is need for information regarding the programs of vocational education within the States which cannot be secured from the annual reports. When, in the judgment of the Office of Education, this need is sufficiently important, special reports will be requested from the States. These special reports will supplement the regular reports and will usually be requested at less frequent intervals.

(e) The Office of Education provides the State boards with forms which, when filled out, set forth the financial and other accounting required to enable the Office of Education to discharge its responsibility in approving reimbursements under the vocational education acts.

(f) It will be necessary for the reporting and accounting in the administration of the vocational education acts on the Federal, State, and local levels to be based upon the Federal Government's fiscal year, which begins on the 1st day of July and ends on the 30th day of June. This applies to all such matters as allotments, reimbursements, approval of work, reports, school statistics, and financial statements.

§ 102.17 *Vocational education workers in States not Federal employees.* Vocational directors, supervisors, teacher trainers, and teachers are employees of the board of education or institution by which they have been appointed. They are not Federal employees even though reimbursement may be made from Federal funds for a part of their salaries. They are subject to the regulations prescribed by the employing boards and work under the direction and supervision of these boards. Any departure from the conditions which apply to the duties of other educational workers should be made because of the nature of the vocational work to be done and not because of possible reimbursement from Federal funds.

§ 102.18 *Federally aided programs to be administered without discrimination.* In the expenditure of Federal funds and in the administration of federally aided programs of vocational education there shall be no discrimination because of race, creed, or color.

§ 102.19 *Determining source of matching funds.* (a) Both the Smith-Hughes and George-Barden Acts require that for each dollar of Federal money used in a State, a dollar of State or local money, or both, must be expended for the same purpose. Expenditures from Federal funds and from State or local funds used for matching purposes must be under public supervision or control. Both the Office of Education and the State board must be assured that these requirements are not violated either in letter or in spirit. These safeguards were placed in the acts to prevent the use of Federal funds for instruction maintained by private funds. One main purpose of the Federal legislation was to encourage the States and local communities to support vocational education in a large degree by public taxation.

(b) It was clearly the intent of Congress that training in vocational subjects was to be offered as a part of the public-school system which is usually considered as free education. The conditions of the Smith-Hughes and George-Barden Acts are not met when the funds used are derived from tuition charged for courses in vocational education to students who are otherwise eligible for free public education in the State. In no event could students, enrolled in classes receiving Federal reimbursement, be charged a higher rate of tuition than students enrolled in nonreimbursed courses under the same board of education.

ADMINISTRATION OF VOCATIONAL EDUCATION

§ 102.25 *State program of administration.* (a) The George-Barden Act states that the funds made available may be used "for assisting the several States and Territories * * * in the maintenance of adequate programs of administration * * *." The term administration as used in this bulletin refers to the activities which are needed for the promotion, organization, coordination, and general direction of a progam consisting of the several fields of vocational education, in accordance with legal provisions and the policies of a State board for vocational education.

(b) The costs of maintenance of a program of administration on the State level is held to include travel expenses of members of the State board for vocational education, and of members of State advisory committees; salary and necessary travel expenses of the executive officer of the State board, and of the State director of vocational education; salaries and necessary travel expenses of other members of the administrative staff both professional and clerical; communication; supplies; printing; rental of space; light; heat; and janitor service. Charges for rental of space, light, heat, and janitor service shall be restricted to payments for such items in buildings which are not publicly owned. These expenses may be reimbursed only when suitable space is not available in publicly owned buildings. The costs of maintenance of a program of administration on the local level is limited to the salary and necessary travel expenses of a local director of vocational education.

(c) George-Barden funds may be used as reimbursement for the costs of maintenance of programs of administration on the State or local level in accordance with the policies stated above, provided that the State submits as a part of its

State plan a proposal for the use of such funds, with full information as to the duties and qualifications of State and local directors and of other members of the State administrative staff who are on the professional level. The reimbursement allowed will be prorated among the several funds made available by the George-Barden Act. No reimbursement will be approved for equipment used for administrative purposes. Smith-Hughes funds may not be used to reimburse any part of the cost of maintaining a program of administration on either the State or local level.

§ 102.26 *State administrative staff.* (a) The administrative staff of a State board is usually made up of an executive officer, a State director, and such other persons as are needed for the promotion, organization, coordination, and direction of the total vocational education program, and of the several fields of vocational education in the State. The staff may include, in addition to those directly concerned with administering the program, others who engage in activities necessary for administration, such as research, editorial, public relations, fiscal, statistical, and clerical.

(b) The Office of Education recognizes the State board's responsibility for designating the positions on its staff, delineating the responsibilities of each position, and determining the relationships and accountability of staff members.

§ 102.27 *Reimbursement for salary and travel expenses*—(a) *Executive officer.* The State plan may provide for the use of George-Barden funds as reimbursement for salary and necessary travel expenses of the executive officer of the board. The basis for reimbursement of his salary shall be the portion of the total employed time of this official which he devotes to the administration of the State program of vocational education. Reimbursement for travel is limited to that necessary in the administration of vocational education. No Federal reimbursement may be used to increase the salary for the position to which an executive officer was elected or appointed, beyond the amount set by the State constitution or by State law. The qualifications and duties of an executive officer, as such, are determined by the State.

(b) *State director.* The State plan may provide for the use of George-Barden funds as reimbursement for the salary and necessary travel expenses of a State director of vocational education, the amount to be prorated among the several funds appropriated on a basis to be determined by the State board. If the funds are to be used for these purposes, the State plan shall include information regarding the duties and the professional and technical qualifications required, including experience in vocational education. Even though the salary and travel expenses of a State director are not to be reimbursed from Federal funds, it is desirable that the minimum qualifications for the position be stated in the State plan.

(c) *Local director.* A local director of vocational education is a person who is directly responsible for the development of a local program which includes two or more fields of vocational education for which Federal funds are used, and the coordination of the work of the local supervisors in these fields.

(d) *Local director's salary.* The State plan may provide for the use of George-Barden funds as reimbursement for the salary and necessary travel expenses of a local director providing he meets the minimum qualifications for such a local director as given in the State plan. These minimum qualifications should cover:

(1) Practical work experience in one or more of the occupational fields in which he is to direct training.

(2) Teaching experience in a vocational field meeting standards of the State plan.

(3) Supervisory experience in a program of vocational education meeting standards of the State plan.

(4) Technical and professional education which includes a study of the philosophy and administration of vocational education.

(e) *Reimbursement.* The reimbursement allowed will be prorated among the George-Barden funds available for the several fields served on a basis to be determined by the State board.

§ 102.28 *State-wide basis for matching.* (a) Any expenditures from the funds made available to a State under either the Smith-Hughes or George-Barden Acts must be matched by an equal expenditure from State or local funds, or both, for the same purpose. This matching may be on a State-wide rather than a local basis. If the total net expenditures—i. e., the total reimbursable expenditures after deducting all reimbursements allowed—from State and local funds for a given purpose are equal to the Federal funds used in the State as reimbursement for that purpose, the matching condition will be satisfied. It is not necessary that Federal reimbursement be made for all schools and classes in which the State or local expenditures are used for matching. Only the totals for the State are considered.

(b) In order that State and local expenditures may be used to match Federal funds it is necessary that such expenditures be made only for work which meets all of the conditions essential for Federal reimbursement that are set up in the State plan. That is, all State and local expenditures used to match Federal funds must be for work which is reimbursable from Federal funds. This will require that each school, class, or other vocational education activity in which the State or local expenditures are used for matching Federal funds, must meet the same standards, must receive the same direction and supervision, and must furnish the same reports that would be necessary if Federal reimbursement were provided for that school, class, or activity. It will be necessary, also, to include in the reports to the Office of Education the same information regarding work done and expenditures made that would be furnished if Federal reimbursement had been made.

§ 102.29 *Matching purposes.* (a) Both the Smith-Hughes and George-Barden Acts make provisions for funds which may be used only for specified purposes. One condition for the use of these funds is that each dollar of Federal money used must be matched by a dollar of State or local funds, or both, expended for the same purpose. In the use and matching of Federal funds a "purpose" is considered to include all activities and items for which funds, provided under a separate Federal appropriation or a part of such an appropriation which is limited to specific uses, may be expended.

(b) The Federal acts provide for funds which are to be used in certain fields of vocational education but they also set up special conditions which limit expenditures from some of the appropriations to certain phases of the work. For example, the Smith-Hughes Act appropriates money for the training of vocational teachers, but it also provides that a State must use at least 20 percent and may not use more than 60 percent of its allotmant of this money for training teachers in any one of the fields of agriculture, home economics, and trades and industry if the Federal funds for the salaries of teachers in that field are to be used. Thus this appropriation really provides funds for three purposes. Both acts provide funds for trade and industrial education, but one-third of the allotment of such funds to a State is restricted to use in part-time education. This means that each act sets up two purposes in this field of work. The several "purposes" and the allowable items of expenditures included in them, are not the same for the two acts.

(c) Under the provisions of the Smith-Hughes Act, the purposes for which Federal and matching funds may be used are:

(1) Salaries of teachers, supervisors, or directors of agricultural subjects.

(2) Salaries of teachers of trade and industrial subjects in all-day and evening schools or classes.

(3) Salaries of teachers of trade and industrial subjects in part-time schools or classes.

(4) Salaries of teachers of home-economics subjects in all-day and evening schools or classes.

(5) Salaries of teachers of home-economics subjects in part-time schools or classes.

(6) Maintenance of training of teachers, supervisors, or directors of agricultural subjects.

(7) Maintenance of training of teachers of trade and industrial subjects.

(8) Maintenance of training of teachers of home-economics subjects.

(d) Under the George-Barden Act, the matching purposes are:

(1) Vocational education in agriculture.

(2) Vocational education in home economics.

(3) Vocational education in trades and industry in part-time schools and classes.

(4) Vocational education in trades and industry in schools and classes other than part-time.

(5) Vocational education in distributive occupations.

§ 102.30 *Prorating of funds.* In reimbursing from George-Barden funds for the cost of State and local programs of administration and of vocational guidance, for which no specific appropriations are authorized, it will be necessary to prorate the payments among the several funds which are provided. Section 6 of the George-Barden Act states that the several funds appropriated may be used for the salary and necessary travel expenses of a State director "on a prorated basis determined by the State board." The same principle applies to other situations where these funds are to be prorated. In selecting the bases for prorating, the State board may consider several possible plans, such as:

(a) On the basis of the time given to each of the several vocational fields served.

(b) On the basis of the portion of the total Federal vocational funds which are available for use in each of the several vocational fields served.

(c) On the basis of the actual expenditures from Federal funds for the several vocational fields within the State.

USE OF FEDERAL FUNDS FOR TRAVEL

§ 102.31 *Responsibility.* (a) The State board is responsible for seeing that Federal funds expended as reimbursement for the necessary travel expenses of its executive officer, State and local directors, State and local supervisors, teacher trainers, teachers, and other vocational education personnel are expended only for the promotion and operation of the State program for vocational education. If Federal funds are to be used for such purposes, each State will, in its plan (1) define "necessary travel expenses"; (2) list the specific kinds of travel for which Federal reimbursement may be made; and (3) set up policies to govern the use of such funds for travel.

(b) The provisions of the Federal acts and the policies of the Office of Education relating to approval of the use of Federal vocational education funds for travel are summarized below:

§ 102.32 *Members of the State board.* George-Barden funds may be used to reimburse for the necessary travel expenses of members of the State board for vocational education in attending official meetings of the board. Payments for the travel of State board members shall be prorated among the several funds made available by the George-Barden Act. Smith-Hughes funds may not be used for such expenses.

§ 102.33 *Executive officer.* The travel expenses of the executive officer of the State board which are necessary in the administration of vocational education may be reimbursed if prorated among the several funds made available by the George-Barden Act. Smith-Hughes funds may not be used for such expenses.

§ 102.34 *State director and other members of administrative staff.* George-Barden funds may be used to reimburse for the travel expenses of a State director of vocational education which are necessary in the administration of vocational education. Reimbursement from George-Barden funds may also be made for the travel expenses of other members of the staff of the State board, when necessary in the administration of the State program. Reimbursement for the travel expenses of the State director and of members of the supporting staff shall be prorated among the several funds made available by the George-Barden Act. Smith-Hughes funds may not be used for such expenses.

§ 102.35 *Members of representative State advisory committees.* George-Barden funds may be used to pay the necessary travel expenses of members of representative State advisory committees when attending meetings, officially called by the State board for vocational education, to assist in the formulation of policies and to render consulting service to the State board and its staff in order that the interests of the vocational program may be adequately safeguarded. It will be possible to use these funds to reimburse for travel to official meetings of: (i) A State advisory committee for all phases of vocational education, and (ii) a State advisory committee for each of the major fields of vocational education—agriculture, distributive occupations, home economics, trades and industry, and vocational guidance. Payments for the travel of the committee for all phases of vocational education and for the committee for vocational guidance shall be prorated among the several funds provided by the act. Smith-Hughes funds may not be used for such expenses.

§ 102.36 *Local directors.* Reimbursement may be made for the travel expenses of local directors of vocational education when necessary in the administration of local programs of vocational education if provision is made in the State plan for the qualifications and duties of such local directors. The reimbursement shall be prorated among the several funds made available by the George-Barden Act for the vocational fields in which the local director promotes and directs training. Smith-Hughes funds may not be used for such travel.

§ 102.37 *State supervisors, State teacher trainers, and other members of their staffs.* The necessary travel expenses of a State supervisor and other members of State supervisory staffs, and of State teacher trainers and other members of State teacher-training staffs, when on official business approved by the State board may be reimbursed as follows:

(a) In agricultural, home economics, and trade and industrial education reimbursement may be made from (1) Smith-Hughes teacher-training funds for the necessary travel expenses in the performance of teacher-training activities, including the teacher-training phases of State supervision, (2) George-Barden funds.

(b) In distributive occupations reimbursement may be made only from George-Barden funds provided for that special field.

(c) In vocational guidance reimbursement may be made for the travel of State counselor trainers and State supervisors from George-Barden funds only, the payment being prorated among the several funds available.

§ 102.38 *Local supervisors and teacher trainers.* The necessary travel expenses of local supervisors and teacher trainers may be reimbursed from Smith-Hughes teacher-training funds and from George-Barden funds if provisions for such travel are included in the State plan, under the conditions which apply to travel for State supervisors and teacher trainers in § 102.37.

§ 102.39 *Teachers of short, intensive, technical courses.* When short, intensive, technical courses are conducted for teachers employed in the fields of agriculture, home economics, and trades and industry the necessary travel expenses of the persons conducting such courses may be reimbursed from either Smith-Hughes teacher-training funds or George-Barden funds. The travel expenses of teachers of such courses in the field of distributive occupations or vocational guidance may be reimbursed from George-Barden funds only. In the case of vocational guidance, the reimbursement shall be prorated among the several funds made available by the George-Barden Act.

§ 102.40 *Consultants.* When a State board for vocational education calls a work conference on problems of teacher or counselor training, or program development, reimbursement may be made for the necessary travel expenses of consultants who are recognized authorities in their field of work and who assist in the conference. Reimbursement may be made from Smith-Hughes teacher-training funds or from George-Barden funds for the travel expenses of persons in the fields of agriculture, home economics, or trades and industry, and from George-Barden funds only for the travel expenses of persons in the field of distributive occupations or vocational guidance. In the case of vocational guidance the reimbursement shall be prorated among the several funds made available by the George-Barden Act.

§ 102.41 *College teachers of technical subject matter.* When resident college teachers of technical subject-matter courses, within the State, are requested by an authorized representative of the State board for vocational education to visit schools and communities for the purpose of studying and working on problems which confront vocational instructors in the effective teaching of a specific occupation, reimbursement may be made for their necessary travel expenses. The travel expenses of college teachers who assist with work in the fields of agriculture, home economics, and trades and industry may be reimbursed from either Smith-Hughes teacher-training funds or George-Barden funds. For those working in the fields of distributive occupations or vocational guidance reimbursement may be made from George-Barden funds only. In the case of vocational guidance the reimbursement shall be prorated among the several funds made available by the George-Barden Act.

§ 102.42 *Vocational teachers and counselors.* (a) Reimbursement may be

made from George-Barden funds for the necessary travel expenses of vocational teachers and counselors in the following situations, subject to the approval of the local school authorities:

(1) In a given service area:

(i) In surveying the needs of the area for further development of the program.

(ii) In visiting prospective students—all-day, evening, or part-time.

(iii) In visiting farms and homes to advise on and evaluate supervised farming programs or home projects.

(iv) In coordinating the school instruction with the needs of employment.

(v) In other activities necessary in promoting and developing the vocational program.

(2) Where one teacher or counselor serves two or more centers.

(3) For attendance at professional or other meetings approved by the State board.

(b) The same conditions apply to reimbursement for the necessary travel expenses of apprentice teachers who may be employed as vocational instructors. In the case of reimbursement for the travel expenses of vocational counselors, the reimbursement shall be prorated among the several funds made available by the George-Barden Act.

§ 102.43 *Teachers attending State conferences.* When the State board for vocational education calls a conference for the improvement of teachers or counselors in service, reimbursement may be made for the necessary travel expenses of qualified teachers in attendance if they are employed in a vocational program meeting the standards of the State plan. Reimbursement may be made for the necessary travel expenses of teachers employed in the fields of agriculture, home economics, and trades and industry from either Smith-Hughes teacher-training funds or George-Barden funds. For those in the field of distributive occupations or vocational guidance, reimbursement may be made from George-Barden funds only. Reimbursement for the expenses of those in vocational guidance shall be prorated among the several funds made available by the George-Barden Act.

§ 102.44 *Student teachers.* Where prospective teachers of vocational subjects or counselors enrolled in a teacher-training program are sent to serve as student teachers under approved vocational teachers in approved vocational schools or classes in communities so located as to require transportation expense, reimbursement may be made from Federal funds for the costs of transportation made necessary by this activity. The conditions under which reimbursement will be allowed shall be stated in the State plan. Reimbursement may be made for the necessary travel expenses of teachers employed in the fields of agriculture, home economics, and trades and industry from either Smith-Hughes teacher-training funds or George-Barden funds. For those in the field of distributive occupations or vocational guidance, reimbursement may be made from George-Barden funds only. Reimbursement for the expenses of those in vocational guidance shall be prorated among the several funds made available by the George-Barden Act.

FURTHER USE OF FEDERAL FUNDS

§ 102.45 *Conditions necessary for reimbursement.* When Federal funds are used to reimburse schools and classes for vocational education, the following facts shall be established:

(a) Schools and classes are legally qualified to receive funds under the terms of the Federal acts.

(b) Work reimbursed has been conducted in accordance with all provisions of the State plan.

(c) Expenditures for which reimbursement is made have already been made for the purposes claimed and in accordance with the provisions in the State plan.

(d) Supervision by the State board is maintained in accordance with the State plan.

(e) Federal vocational education funds are not used to reimburse for expenditures from any other Federal funds.

§ 102.46 *Other considerations for reimbursement.* In addition to the conditions necessary for reimbursement, there are other factors to be considered by representatives of State boards before passing on claims for reimbursement.

(a) Reimbursement from Federal funds for the salaries of employees of State or local boards or institutions must be based upon the salaries paid by such boards or institutions. Reimbursement may be made for any portion of the salary that is deducted or withheld as the employee's contribution under a plan of retirement. No reimbursement may be made, however, for expenditures made by a State, a local school system, or an institution as its contribution to such a retirement plan, or for the costs of operating such a plan.

(b) Reimbursement from Federal funds may be made for salaries paid to employees of State or local boards or institutions who have been engaged in reimbursable vocational education activities and who are on sabbatical leave, provided:

(1) The State board approves the reimbursement only as the provisions for such leave conform to a policy of the employing board or institution which applies also to other employees of similar rank or grade.

(2) Adequate arrangements are made for the maintenance of the work usually carried on by the person on leave.

(3) The amount of reimbursement allowed will be based on the prorated portion of the employee's time that was given to reimbursable vocational education duties during the period in which the leave was earned.

Reimbursement may also be provided for the salary of a substitute if one is employed to carry on the work of the person on sabbatical leave.

(c) Reimbursement from Federal funds may be made for salaries paid to employees of State or local boards or institutions who have been engaged in reimbursable vocational education activities, and who have been granted leave with pay in order that they may secure additional necessary training. Such reimbursement may be made only if the State board approves and the provisions for such leave conform to a policy of the employing board or institution which applies to other employees of similar rank or grade.

§ 102.47 *Research, studies, and investigations.* (a) The George-Barden Act provides that the funds made available under the several authorizations may be used by the several States and Territories for securing necessary educational information and data as a basis for the proper development of programs of vocational education and vocational guidance. This is understood by the Office of Education to provide for research activities that will function directly in the furtherance of any or all of the fields of vocational education, as follows:

(1) Gathering data and other factual information which will be of asistance in planning and operating vocational education programs.

(2) Conducting studies dealing with the needs for vocational education, the methods and materials used, and the results obtained from vocational instruction.

(b) George-Barden funds may be used as reimbursement for the cost of research conducted as a part of State programs of administration, supervision, and teacher training in the several fields of vocational education, including vocational guidance. Smith-Hughes teacher-training funds may be used as reimbursement for the costs of research in agricultural education, home-economics education, and trade and industrial education under the same conditions that apply to George-Barden funds.

(c) In order to use Federal funds for research the State shall provide in its plan the qualifications of the persons who are to conduct it. The items for which reimbursement may be made are the same as those which may be included in State programs of administration, supervision, or teacher training. The Office of Education should be kept informed of research projects undertaken in all fields of vocational education and supplied with reports on such research projects completed.

§ 102.48 *Professional courses for administrators.* The salaries and necessary travel expenses of teachers of special professional courses in the philosophy, principles, and practices of vocational education for school administrators and for directors of vocational education may be reimbursed from Federal funds when authorized by the State board. Reimbursement for such costs shall be prorated among the several funds made available by the George-Barden Act.

SUPERVISION OF VOCATIONAL EDUCATION

§ 102.55 *State program of supervision.* (a) The term "supervision" as used in this bulletin includes the activities which are needed in the promotion, development, maintenance, and improvement of instruction in a given vocational field. These activities will be of various kinds such as: Assisting in the planning of State and local programs; assisting teachers in improving methods of in-

struction; helping in the planning and preparation of instructional material; securing facilities and conditions which are conducive to effective training; and evaluating the results of the instruction given. Much of the work of supervision is, in reality, on-the-job teacher training given to individual teachers as the needs are recognized.

(b) The costs of maintenance of a program of supervision on the State level include the salaries and necessary travel expenses of State supervisors, the salaries and necessary travel expenses of other members of the State supervisory staff, communication, supplies, printing, and when suitable space is not available in publicly owned buildings, rental of space, light, heat, and janitor service. Only those supervisors who are employed by, paid by, and responsible to the State board, are considered to be on the State level. All other supervisors are regarded as being on the local level.

(c) Smith-Hughes teacher-training funds may be used as reimbursement for the costs of maintenance of the teacher-training phases of supervision on the State level in the fields of agriculture, home economics, and trades and industry.

(d) Smith-Hughes funds appropriated for the salaries of teachers, supervisors, and directors of agricultural subjects may be used as reimbursement for the salaries only of State agricultural supervisors.

(e) George-Barden funds made available for education in agriculture, distributive occupations, home economics, and trades and industry may be used to reimburse for the costs of maintenance of supervision in those fields. These funds may also be used as reimbursement for the costs of supervision of vocational guidance, with the amounts so used being prorated among the several funds.

(f) If any Federal funds are to be used as reimbursement for the maintenance of supervision on the State level the State will submit in its plan its proposals for such use with full information as to the duties and qualifications of State supervisors and of other members of the State staff who are on the professional level.

§ 102.56 *State supervisory staff.* A supervisory staff may include the State supervisor and those professional and clerical workers who are required for and used in the promotion of vocational education and the maintenance and improvement of instruction in a given vocational field. Such a staff may include assistant supervisors, research workers, specialists in distinct phases of work such as adult education, clerks, stenographers, and others who are engaged in work that is essential to supervision.

§ 102.57 *Local program of supervision.* (a) The duties of a local supervisor of vocational education will be essentially the same as those of a State supervisor except that they are confined to a local area. Unless a supervisor is employed by, paid by, and responsible to the State board, he is considered to be on the local level. The costs of maintenance of a program of supervision on the local level are restricted to salaries and necessary travel expenses of local supervisors.

(b) Smith-Hughes funds appropriated for the salaries of teachers, supervisors, and directors of agricultural subjects may be used as reimbursement for salaries only of local agricultural supervisors. Smith-Hughes teacher-training funds may be used as reimbursement for the salaries and necessary travel expenses of local supervisors of agriculture, home economics, and trades and industry for the teacher-training phases of local supervision.

(c) George-Barden funds appropriated for education in agriculture, distributive occupations, home economics, and trades and industry may be used to reimburse the salaries and necessary travel expenses of local supervisors in these fields. These funds may also be used to reimburse the salaries and necessary travel expenses of local supervisors of vocational guidance, with the amounts so used being prorated among the several funds.

§ 102.58 *Qualifications of supervisors.* If Federal funds are to be used to reimburse the salaries of State or local supervisors it will be necessary for a State to make provisions in its plans for such positions and to state the minimum qualifications approved by the State board.

§ 102.59 *Supervision of nonreimbursable instruction.* The first obligation of a State board is to provide the supervision needed by classes and programs operating under the standards of the State plan. When adequate provision has been made for the supervision of instruction in reimbursable classes, State and local supervisors, for whose services Federal funds are used, may devote a portion of their time, in the course of their regular work, in giving assistance to nonreimbursable classes in their respective fields, having or working toward vocational objectives.

§ 102.60 *Studies and research by supervisory staff.* (a) Smith-Hughes teacher-training funds may be used to reimburse the costs of studies and research carried on as parts of the supervisory programs in the fields of agriculture, home economics, and trades and industry. Funds provided under the several authorizations of the George-Barden Act may be used as reimbursement for such work in the three fields mentioned and also in distributive occupations. George-Barden funds may also be used as reimbursement for the cost of studies and research as a part of a supervisory program in vocational guidance if amounts are prorated among the several funds provided by the act. Reimbursable items are those which are allowable in other phases of supervisory programs. If Federal funds are to be used by a State to reimburse the cost of studies and research, provision for such use must be made in the State plan with information as to the qualifications of the personnel to be used.

TEACHER TRAINING

§ 102.65 *Teacher training.* (a) One of the essential features of a good program of vocational education is an adequate supply of competent teachers. This was recognized in the Smith-Hughes Act which provided specific funds for the training of teachers and required that in order to use the money provided for the salaries of vocational teachers, a State must expend a specified amount for the training of teachers. The George-Barden Act does not make a separate authorization of funds for this purpose, but it does state that the funds made available for the several vocational fields may be used for assisting the States and Territories in maintaining adequate programs of teacher training.

(b) Teacher training as used in this bulletin includes those activities needed for assisting teachers or prospective teachers to secure the professional knowledge, abilities, understandings, and appreciations which will enable them to qualify for professional employment or advancement in teaching vocational subjects.

§ 102.66 *Complete program for training vocational teachers.* A complete program for training vocational teachers should include administrative arrangements for six functions. They should:

(a) Provide facilities for the recruitment, counseling, selection, and preemployment training of vocational teachers.

(b) Develop instructional aids for teachers in service.

(c) Provide continuing educational opportunities for teachers in service.

(d) Follow up resident teacher training through field contacts for the purpose of checking the effectiveness of all units of instruction, thus leading to the improvement of the teacher-training program.

(e) Improve college teaching (professional and technical) based upon the objectives for vocational education in the State and upon the abilities needed by teachers of vocational courses.

(f) Conduct research and studies making direct contributions to the development of the program in vocational education of the State.

§ 102.67 *State program of teacher training.* (a) The costs of maintenance of a program of teacher training on the State level is held to include the salaries and necessary travel expenses of teacher trainers and other members of the teacher-training staff both professional and clerical, communication, supplies, printing, rental of space, light, heat, and janitor service. Charges for rental of space, and for light, heat, and janitor service shall be restricted to payments for such items in buildings which are not publicly owned. These expenses may be included only when suitable space is not available in publicly owned buildings. Teacher-training work conducted by institutions approved by the State board is considered to be on the State level. The cost of maintenance of a program of teacher training on the local level is limited to the salaries and necessary travel expenses of local teacher trainers.

(b) Smith-Hughes teacher-training funds may be used to reimburse the costs of training vocational teachers in the fields of agriculture, home economics, and trades and industry under the con-

ditions stated in the preceding paragraphs.

(c) George-Barden funds may be used to reimburse the costs of training vocational teachers in the fields of agriculture, distributive occupations, home economics, and trades and industry, and the costs of training vocational counselors. In reimbursing the costs of training vocational counselors the amounts paid shall be prorated among the several funds available on a basis to be determined by the State board. The items for which reimbursement may be made are the same as those allowable from Smith-Hughes funds.

(d) It will also be possible to reimburse the costs of instructional equipment in those States in which the State board shall decide that George-Barden funds may be used for such equipment for reimbursable teacher-training courses.

(e) If Federal funds, either Smith-Hughes teacher-training or George-Barden, are to be used as reimbursement for the costs of maintenance of programs of teacher training, the State board must indicate in the State plan its responsibility for supervising and working with teacher-training institutions in developing and maintaining programs of such character and efficiency as are needed to provide an adequate supply of vocational teachers. It must also indicate in the State plan its proposals for the use of such funds, with full information as to the items of expenditure to be included and the duties and qualifications of teacher trainers and other members of the teacher training staff on the professional level.

§ 102.68 *Teacher-training staff.* A teacher-training staff includes those professional and clerical workers who are required for and used in the following teacher-training activities:

(a) Teaching reimbursable educational courses which are organized to provide preemployment training for persons preparing to teach vocational subjects.

(b) Supervising student teachers.

(c) Providing in-service training in the professional field to improve the work of employed vocational teachers.

(d) Conducting follow-up on the work done in teacher-training courses.

(e) Developing instructional material and aids for the use of vocational teachers.

(f) Conducting studies and research dealing with the selection, training, and work of vocational teachers, and work done in vocational courses.

(g) Conducting short, intensive technical courses for qualified teachers and supervisors.

(h) Coordinating the work of the members of the teacher-training staff.

§ 102.69 *Reimbursable teacher-training courses.* (a) The purpose of teacher-training work for which Federal funds may be used is to develop and increase ability and knowledge in the professional phases of teaching vocational subjects. Under the terms of the Smith-Hughes Act, such training may be given only to persons who are occupationally competent, or who are acquiring such competency, in the occupational field in which they are preparing to teach. Federal reimbursement may be provided, from either Smith-Hughes teacher-training funds or George-Barden funds, for the costs of only those professional education courses planned to meet the special needs of teachers of vocational subjects, and then only when the enrollment in such courses is confined to vocational teachers or those preparing to become vocational teachers. The following are examples of reimbursable teacher-training courses: Administrative relationships in guidance; curriculum development in home economics; supervision of trade and industrial education; coordination of distributive occupations; supervised student teaching; counseling techniques; special methods in supervised farming practice; methods of trade analysis; organization of vocational agriculture departments; and principles of vocational education.

(b) It will not be permissible to reimburse from Federal funds for the cost of instruction of teachers or prospective teachers in any of the following courses:

(1) Technical subject-matter courses. Exception — short intensive courses planned for qualified teachers or supervisors.

(2) Courses conducted to supply occupational experience or contact needed by prospective teachers.

(3) Professional education courses which are nonvocational in nature and are generally required for the certification of teachers in the State.

(4) Elective professional education courses which are nonvocational in nature and are planned to meet the needs of nonvocational teachers.

§ 102.70 *Designation of teacher-training institutions or agencies.* (a) The Smith-Hughes Act, in section 12, provides that the training of vocational teachers shall be carried on under the supervision of the State board. It is quite evident that this is a State rather than a local matter. The State board is responsible for the designation of the agencies which are to train teachers as well as for the supervision of their teacher-training work. Such training is usually given in one or both of two ways:

(1) By teacher-training programs or courses given in schools or classes under public supervision or control.

(2) By teacher-training instruction given by representatives of the State board or of a local board in charge of vocational education.

(b) Before designating an institution or agency to conduct teacher training the State board will necessarily determine that:

(1) The institution or agency has the facilities and the personnel to provide the training needed.

(2) Qualified persons will enroll for the training offered.

(3) The proposed plan provides adequate training for teachers.

(4) The number of teachers trained under this plan meets the probable needs of the State, or of the area of the State that is to be served.

(c) The State board may approve the teacher-training work done by an institution, public or private, in one or more fields even though no Federal reimbursement is provided. Approval of the work of an institution is an indication that it meets the standards of the State plan, but such approval does not necessarily mean that Federal funds are to be used as reimbursement. In any case the teacher-training work of an approved institution should receive the same supervision and meet the same standards that would be expected if Federal reimbursement were allowed. Reimbursement may be allowed only for work which is under public supervision or control.

§ 102.71 *Basis of reimbursement of salaries of teacher trainers.* (a) Reimbursement is to be based on the percentage of time which the individual, whose salary is reimbursed, devoted to approved vocational courses and assignments.

(b) It is necessary that the State plan set forth the factors that will be taken into consideration in computing the reimbursement that may be allowed on salaries of teacher trainers. Such factors should include: (1) The recognized load in hours per week of a faculty member giving full time to teaching in the institution; (2) teacher-training courses which may be reimbursed; and (3) assignments in vocational education, other than classroom instruction, such as (i) research in vocational education, (ii) itinerant teacher training, (iii) preparation of teaching material, (iv) follow-up of beginning teachers, and (v) supervising student teachers.

§ 102.72 *Use of teacher-training funds for payments to graduate students.* Federal funds available for the training of vocational teachers may be used to reimburse salaries, only, paid to graduate students, who do not meet the qualifications of teacher trainers as set up in the State plan, for time devoted to clerical or statistical service provided that:

(a) The amount is not in excess of that which would be paid by the institution to any other individual with similar qualifications for such services.

(b) The clerical or statistical service is not in connection with a problem or study which the individual is doing for college credit or to meet the requirements for an advanced degree.

(c) The service performed is for the department and is under the direction of the teacher-training staff.

§ 102.73 *Qualifications of teacher-trainers.* (a) Smith-Hughes teacher-training funds and George-Barden funds may be used as reimbursement for the salaries and necessary travel expenses of teacher trainers who meet the minimum qualifications for the several types of teacher-training positions which are included in the State plan.

(b) The checking of the qualifications of candidates for teacher-training positions against the standards established in the State plan should be the joint responsibility of an authorized representative of the State board for vocational education and of the teacher-training institution. This will insure that persons whose salaries are to be reimbursed from Federal funds meet the required qualifications and the approval of the State board.

§ 102.74 *Improvement of teachers.* (a) The use of Federal funds for the improvement of teachers in service may include:

(1) Salaries and necessary travel expenses of itinerant teacher trainers.

(2) Salaries and necessary travel expenses of teacher trainers conducting "off-campus" courses.

(3) Salaries and necessary travel expenses of resident teacher trainers who teach courses during the regular and summer sessions.

(4) Salaries and necessary travel expenses of instructors of short, intensive technical courses under the following conditions:

(i) The instructor has had suitable preparation and experience in the field of the short, intensive technical course to be reimbursed.

(ii) Such course enrolls only qualified vocational teachers and supervisors.

(iii) The subject matter in such technical course is of immediate value to the teachers and supervisors enrolled.

(iv) The course is authorized by the State board.

(v) The course is not a regular course of a designated teacher-training institution.

(5) Necessary travel expenses of consultants who are recognized authorities in the fields covered by vocational education, when they assist in work conferences dealing with teacher or counselor training or program development.

(6) Necessary travel expenses of resident college teachers of technical subject matter courses when visiting communities and schools within the State, at the request of an authorized representative of the State board, for the purpose of studying and working on problems which confront vocational instructors in effective teaching of a specific occupation.

(b) Reimbursement for services in fields of agriculture, home economics, and trades and industry, as outlined in the above six paragraphs, may be made from either Smith-Hughes teacher-training funds or from George-Barden funds. Reimbursements for such services in distributive occupations and in vocational guidance may be made from George-Barden funds only. The reimbursement will be paid from the funds provided for the field in which the service is given. In vocational guidance the reimbursement shall be prorated among the several funds made available by the George-Barden Act.

§ 102.75 *Director of teacher-training.* George-Barden funds may be used for the maintenance of a position, the duties of which are to direct and coordinate teacher-training programs in two or more fields of vocational education. Costs of maintenance of such position shall be prorated among the several fields of vocational education for which the director has responsibilities, provided that such director is qualified as a teacher trainer in one of the fields of vocational education. The duties and qualifications of such position shall be set forth in the State plan and shall include the direction of all the reimbursed teacher-training programs in the institution.

§ 102.76 *Reimbursement for supervising teacher's salary.* It is important that institutions or agencies which train teachers provide for student teaching experience in a normal teaching situation. The prospective teachers should have ample opportunity to apply, under the supervision of a competent teacher, the principles and practices which have been taught to them. This will require the services of a competent vocational teacher who will serve both as a teacher trainer and as a teacher of the class in which the prospective teacher secures his teaching experience. In such instances it will be possible to provide reimbursement from Federal funds for both phases of his work and his salary should be prorated between them. When Smith-Hughes funds are used, reimbursement may be made both from the teacher-training funds and from the fund for the salaries of teachers, with the teacher-training reimbursement being paid to the teacher-training institution or agency, and the salary reimbursement to the authorities in charge of the class where the student teaching is being provided. Where George-Barden reimbursement is provided the payments will come from the appropriate fund with the prorated portions charged to the proper functions.

§ 102.77 *Apprentice teachers.* (a) An apprentice teacher is a person far enough advanced in vocational experience and in technical and professional training to be certificated as a vocational teacher for a temporary or apprentice period, in order to secure teaching experience as a part of his teacher-training work. Reimbursement may be made from Smith-Hughes funds for the salary, and from George-Barden funds for the salary and necessary travel expenses of such apprentice teacher under the following conditions:

(1) He shall give full time to the duties of the apprentice-teaching position throughout an entire quarter, semester, or school year. During such period the apprentice teacher may not enroll in a teacher-training institution for more credit courses, other than the apprentice-teaching course, than are allowed regular teachers in the school in which he is employed.

(2) He shall be under the immediate supervision of a carefully selected supervising teacher who is qualified in the special vocational field in which the apprentice teacher is employed.

(b) In general, not more than two apprentice teachers should be assigned to any one supervising teacher for a given period. During the period for which he is employed it is advisable that he reside in the community in which he teaches. Reimbursement for the salary and necessary travel expenses of apprentice teachers shall be made to the employing board.

VOCATIONAL INSTRUCTION

§ 102.85 *Persons for whom vocational education is intended.* (a) The fact should be emphasized that schools and classes are fostered under the vocational education acts for the purpose of giving vocational training to individuals to the end that they may be effectively prepared to enter or advance in profitable employment. Admission to any vocational class should be based upon evidence that the applicant can benefit by the instruction to be given in that class, and that he possesses the qualifications required for the successful utilization of the training in that given type of work.

(b) The extent of the general education which a person has secured frequently has little bearing on the work to be done in a given occupation. The completion of a certain amount of academic training is not, in itself, a satisfactory method of selecting persons to be trained. Entrance to a vocational class should be based, principally, upon three factors:

(1) The desire of the applicant for the vocational training offered;

(2) His probable ability to benefit by the instruction to be given; and

(3) His chances of securing employment in the occupation after he has secured the training, or his need for training in the occupation in which he is already employed.

§ 102.86 *Vocational instruction defined.* (a) The purpose of vocational education is to assist persons in securing the abilities, information, attitudes, and understandings which will enable them to enter employment in a given occupation or field of work, or to make advancement in that occupation after they have entered it. One of the problems encountered in planning a vocational program is that of determining the content of the training courses to be offered and of deciding which instruction is to be considered as vocational and which is not. The three statements which follow will often be helpful in making this decision:

(1) The instruction in question will provide for the development of the needed ability or skill and the acquisition of information or knowledge which will be a definite asset to a worker in this occupation.

(2) The possession of this ability or skill, information or knowledge will be of more value to a worker in this occupation than to a person who is not a worker in this occupation.

(3) The possession of this ability or skill, information or knowledge will, under ordinary conditions, be an asset to all workers in this occupation on the level for which training is to be offered.

If all three of the above statements apply to the instruction in question it would seem that it is vocational. If any of them are not true then there is much doubt as to its inclusion as a part of the training program.

(b) Provision should be made not only for the manipulative and technical phases of training but for other instruction which will enable the worker to keep pace with changing conditions and help him to advance in his occupation. Such instruction should include those aspects of mathematics, science, hygiene, drawing, economics, law, art, and other subjects as may be applied specifically to the occupation for which a person is being trained. None of these subjects in their entirety can be considered as vocational, but those special parts of these subjects that contribute to the occupa-

tional ability or knowledge of a worker may be so considered and included in the reimbursed program.

§ 102.87 *Safety instruction.* In most of the occupations for which training is provided in vocational courses, there are certain occupational hazards which are encountered in the work to be done. Effective vocational training will be so planned and taught that these hazards are recognized and means taken by which the students may avoid their dangers. This means that in the teaching of any manipulative job the correct method of working will be emphasized, so that pupils will not acquire unsafe working practices. Insistence must be placed on the correct usage of all tools, equipment, and protective devices. Just as these hazards are inherent in the occupations, so must safety instruction be an essential part of the training. It will be much more difficult to break unsafe working habits than to teach the safe methods when instruction is first given.

§ 102.88 *Responsibility for nonvocational instruction.* (a) Section 9 of the Smith-Hughes Act states that "The cost of instruction supplementary to the instruction in agricultural and in trade, home economics, and industrial subjects provided for in this Act, necessary to build a well-rounded course of training, shall be borne by the State and local communities, and no part of the cost thereof shall be borne out of the appropriations herein made."

(b) The purpose of vocational education is to provide training to develop skills, abilities, attitudes, understandings, working habits, and appreciations, and to impart knowledge and information needed by workers in specific occupations. There is full recognition of the need of all workers for instruction in other phases of education—those which train for citizenship, leisure time activities, health and physical development, and all other essentials of a complete education. Each of these is necessary and no one of them should be considered as a substitute for any other. Although vocational education funds may not be used as reimbursement for any part of the cost of providing instruction in nonvocational subjects, there should be close cooperation among all educational workers so that the instruction given in vocational courses may be rounded by properly integrated nonvocational instruction.

§ 102.89 *Schools or classes defined.* (a) Sections 10, 11, and 12 of the Smith-Hughes Act provide that the Federal money appropriated may be used only for education given in "schools or classes." In order to assure a common understanding these terms, as used in this bulletin, are defined.

(b) A school is an administrative organization which includes one or more classes. Reimbursement from Federal funds may be given to a school but only because of instruction which has been provided in the classes of that school. The classes, not the school, provide the basis for the reimbursement. If they do not meet the standards set in the State plan, no reimbursement may be given to the school.

(c) A class is a group of persons meeting a given number of times for vocational instruction. The instruction for the group should be planned to meet the needs of the persons enrolled and there should be a reasonable continuity of participation on the part of members of the class. The States shall set their own minimum and maximum standards for the number of persons to be enrolled, the number of planned instructional periods, and the attendance of students, but in setting any such standards full consideration should be given to justification of the use of public funds for very small groups or for classes that meet for a few sessions only. Consideration shall be given also to the pupil-teacher ratio necessary for effective instruction.

(d) Nothing in the above statements should be construed as restricting in any way instruction given on an individual basis to persons who enroll and participate in a series of planned instructional periods. Provision for individual instruction for class members is a most necessary part of effective instruction. Furthermore, it is a means of extending the instruction given to members of an organized group; in other words, a follow-up of group instruction. Unorganized single contacts with individuals cannot, however, make up a program of vocational instruction.

(e) There is no doubt that many vocational teachers must respond to occasional calls for individual assistance from local homemakers, farmers, businessmen, and other workers in the community who are not or have not been enrolled in the vocational program. This type of activity, which is not organized and systematic instruction, should be considered as incidental to the work for which the teachers are employed. Calls for such assistance may well serve as a basis for the organizing of a class in which the needs of a number of people may be served. When used as such it should be recognized as an important part of the promotion of a program and time allowed for it.

§ 102.90 *Composition of classes.* No reimbursement may be allowed for classes which enroll both vocational and nonvocational pupils. Vocational pupils are those enrolled in a course or program in which all have a common vocational objective whether in vocational classes of less than college grade or in professional courses for persons preparing to teach or engaged in teaching vocational courses.

§ 102.91 *Standards for plant, equipment, and maintenance.* The responsibility for establishing standards for plant, equipment, and maintenance rests with State boards and the standards shall be incorporated in the State plan. State boards are responsible for determining that the plant and equipment of any school or class are adequate to carry out the purposes for which the school is established, and that the amount expended for maintenance is sufficient to insure attainment of standards of work prescribed in the State plan.

§ 102.92 *Utilization of privately owned plant and equipment.* In some situations the facilities needed for certain types of vocational training are not available in the public school and conditions do not justify the expenditure of funds for their purchase. If the needed facilities are available for instructional use in a privately owned plant, place of business, home, or on a farm, it is permissible for the schools to use them and secure reimbursement from Federal funds, provided that a bona fide vocational training program, which is at all times under public supervision or control, is conducted therein. Standards which apply to training programs operated in industrial plants are given in the Trade and Industrial Education Section of this bulletin.

§ 102.93 *Equipment and supplies for vocational instruction.* (a) The George-Barden Act provides that the funds made available under the four authorizations may be used to reimburse the purchase or rental of equipment and supplies for vocational instruction. This is interpreted to mean vocational instruction in reimbursable courses.

(b) Equipment for vocational instruction is taken to mean any physical object which may be expected to last with reasonable care and use for more than 1 year and which is used by vocational teachers and teacher trainers in instructing, or by their students in learning, in an instructional situation in the classroom, laboratory, shop, or field. After June 30, 1951, not more than 10 percent of the amount received by a State under the several authorizations of the act may be used for the purchase or acquisition of equipment. By acquisition is meant procurement by rental, lease, gift, or other means. Reference books and other permanent reference materials provided for the use of vocational classes are considered as vocational equipment for which Federal reimbursement may be allowed. George-Barden funds may not, however, be used to relieve a State local community or individual of responsibility for supplying textbooks which are required for each student.

(c) "Supplies" for vocational instruction is taken to mean material which is consumed by use during a period of 1 year or less, and which is used exclusively by vocational teachers and teacher trainers in instructing, and by their students in learning, in an instructional situation in the classroom, laboratory, shop, or field. The cost of magazines and bulletins used for instructional purposes may be reimbursed as supplies.

(d) Federal funds may not be used to reimburse expenditures for supplies that have been purchased by teachers or students; nor may Federal funds be used to reimburse for the purchase of supplies to be made into equipment or products to be sold, or to be used by pupils, teachers, or other persons for individual, family, school, or business purposes, except for supplies made into equipment for vocational instruction. In such cases the material used shall be considered as equipment.

(e) Federal funds provided by the Smith-Hughes Act may not be used for

the purchase or rental of equipment of any kind, or for any instructional supplies other than for the training of teachers.

(f) Federal funds may not be used for the following purposes: The purchase or rental of equipment for administration or supervision; the purchase, erection, preservation, or repair of buildings; the purchase or rental of grounds; or for equipment and supplies used in the operation or maintenance of a school plant.

§ 102.94 *Vocational instruction conducted by eleemosynary institutions.* Federal funds may be used to reimburse an eleemosynary institution for vocational instruction that meets the standards of the State plan and that is organized and conducted by the board in charge of the institution, when the institution is recognized by State law as a part of the public-school system and shares in the distribution of funds provided for public education.

When the institution is not a part of the public-school system, it may not be reimbursed for courses offered by it. This does not preclude residents of such institutions from attending vocational classes conducted by public-school authorities either in or out of eleemosynary institutions.

§ 102.95 *Vocational instruction conducted by penal and correctional institutions.* In order that such institution may be eligible to receive Federal reimbursement for training courses, the following conditions will be necessary:

(a) The institution as a whole must be under the supervision or control of the State or local board responsible for vocational education.

(b) All courses for which Federal funds are used must meet the minimum standards for such work as set up in the State plan.

(c) The teachers must be employed by and responsible to the State board for vocational education or a local public board of education.

§ 102.96 *Organizations of vocational students.* The George-Barden Act, in the section making an appropriation for the field of agriculture, provides "* * * for vocational education in agriculture, including supervision by the vocational agriculture teachers of the activities, related to vocational education in agriculture, of the Future Farmers of America and the New Farmers of America * * *." Student organizations such as the Future Farmers of America and the New Farmers of America offer opportunities to youth for valuable experiences in learning to work on problems which affect their occupational lives. The decision as to whether such groups are to be organized should be determined by State or local boards of education.

§ 102.97 *Training and work-experience training for out-of-school youths.* (a) Expenditures for work-experience programs are subject to the same conditions as expenditures made under section 3 (a), paragraphs (1), (2), (3), and (4) of the George-Barden Act.

(b) Two general types of training seem to be suitable for serving the needs recognized in the act. These are:

(1) Training in organized classes for groups of out-of-school youths who are legally employed, or are unemployed, provided that the instruction is planned to increase civic or vocational competency. This training may or may not be related to the work experience of the youths.

(2) Work-experience training for out-of-school youths legally employed on projects or jobs initiated or approved by the school authorities who provide instruction and supervision of instruction for the training aspects of the projects or jobs.

AGRICULTURAL EDUCATION

PURPOSE OF VOCATIONAL EDUCATION IN AGRICULTURE

§ 102.105 *Purpose.* (a) The purpose of vocational education in agriculture is to increase proficiency in farming on the part of those now engaged in farming and of prospective farmers.

(b) The major objectives of vocational education in agriculture are to develop effective ability to:

(1) Make a beginning and advance in farming.

(2) Produce farm commodities efficiently.

(3) Market farm products advantageously.

(4) Conserve soil and other natural resources.

(5) Manage a farm business.

(6) Maintain a favorable environment.

§ 102.106 *Vocational instruction in agriculture.* Instruction is provided for four recognized groups: (a) Students who are enrolled in all-day classes and who are preparing for farming; (b) students who are enrolled in day-unit classes and are preparing for farming; (c) out-of-school young men who are enrolled in young farmer classes (part-time) to develop ability to establish themselves in farming; and (d) adult farmers who are enrolled in adult farmer classes (evening) to improve themselves in specific farming occupations. These four groups should be recognized by States when developing plans, policies, and programs for vocational education in agriculture.

§ 102.107 *Complete program of vocational education in agriculture.* The complete program consists of: (a) Classes for in-school youth (all-day or day-unit), (b) classes for out-of-school young farmers, and (c) classes for adult farmers.

§ 102.108 *Requirements for instruction.* (a) The Federal vocational education acts contain two mandatory provisions which are peculiar to instruction in vocational education in agriculture. They are:

(1) The instruction must be designed to meet the needs of persons over 14 years of age who are preparing for farming or who are engaged in farming.

(2) Provision must be made for at least 6 months of supervised practice in agriculture each year.

(b) These two conditions apply to all-day, day-unit, young farmer, and adult farmer classes for which Federal reimbursement is allowed.

§ 102.109 *All-day classes.* (a) An all-day class is one which is organized in a secondary school for pupils who wish to secure systematic instruction in agriculture. The characteristics which experience has shown to be essential in securing the kind of training intended by the Federal acts include the following:

(1) The instruction deals with practical farm problems.

(2) Instructors are qualified in agriculture by both special training and practical experience.

(3) Sufficient school time is provided to allow for:

(i) Class, laboratory, and farm-shop instruction.

(ii) Studies and observations in the field.

(b) Future Farmers of America and New Farmers of America are generally accepted as parts of the instructional program.

(c) It is recommended that each State board for vocational education provide in its State plan for a course in vocational agriculture covering all years of the high school, allowing local boards of education to make suitable time provisions for all-day classes. Examples of acceptable plans for minimum time provisions which may be included in the State plan follow:

(1) *Plan A.* Two consecutive 60-minute periods of instruction, 5 days per week, for 1 year; and one 60-minute period of instruction, 5 days per week, for the other years.

(2) *Plan B.* Two consecutive 60-minute periods of instruction, 2 days per week, and one 60-minute period, 3 days per week, for each class, each year.

(3) *Plan C.* Two consecutive 45-minute periods of instruction per day, 5 days per week, for each class, each year.

(4) *Plan D.* Sixty minutes of instruction per day, 5 days per week, for each class, each year, provided, that there is in operation a program of systematic group instruction for out-of-school young farmers and for adult farmers for not less than a total of 72 clock-hours during the year.

(5) *Plan E.* Thirty clock-hours of scheduled class instruction in agriculture during each school month for each class.

§ 102.110 *Day-unit classes.* (a) A day-unit class is one that is planned to meet the needs of youth desiring agricultural instruction as a foundation for farming, but who are not classified or enrolled in a grade that is served by an all-day program in that school. Day-unit classes may be planned on a circuit so that one teacher may serve more than one school. Some of the essential characteristics in the operation of such a class follow:

(1) The instruction is organized in unit courses in agriculture directly related to the farming programs of the students.

(2) The instructor is qualified in agriculture by both special training and practical experience.

(3) Sufficient periods per week are provided to allow for the instruction needed in the various units taught.

(b) Future Farmers of America or New Farmers of America activities are generally accepted as parts of the instructional program.

(c) A day-unit class shall meet for at least 90 consecutive minutes per class period per week throughout the regular school year and not less than 1 year of instruction in vocational agriculture shall be offered.

§ 102.111 *Young farmer classes.* (a) Young farmer classes are designed to meet the needs of young men who are establishing themselves in farming occupations. The instruction in these classes is so planned that it will serve youth who are legally out of school and who may or may not have had previous instruction in vocational agriculture. It is essential that the program be flexible enough to meet the instructional needs of such individuals with varying educational attainments and farming experience. The following conditions are regarded as essential to the successful operation of such classes:

(1) The instruction is designed to meet the needs of young men 16 years of age or older who are not yet definitely established in farming.

(2) The instruction deals with problems of individuals in becoming established in farming.

(3) Related instruction is provided for individuals when they need it to make progress in their training programs.

(4) Systematic instruction is provided on a seasonal basis during each year and planned for a period of years.

(b) Classes of this type shall provide for supervised farm practice by each individual. There shall be not less than 15 meetings of such class each year for at least 2 years or the program of instruction shall be planned for and conducted over the entire 12-month span of the year for a total of not less than 80 hours.

§ 102.112 *Adult farmer classes.* (a) Adult farmer classes are planned to assist adult farmers by developing their ability to solve their specific farming problems. In order that the instruction may be systematic and effective, it should be so planned that the work done in 1 year will show definite relationship to that offered in previous years, as well as that planned for succeeding years. Instruction in adult farmer classes should be:

(1) Planned to assist established farmers in solving their farming problems.

(2) Flexible enough so that it may be adjusted to meet emergency farm problems.

(3) So organized that the work of each meeting of the class will have a definite relationship to the course as a whole.

(4) Organized on a seasonal basis.

(b) There shall be not less than 10 meetings totaling at least 20 hours, over a period of not less than 2 weeks in any 1 year.

§ 102.113 *Directed or supervised practice.* (a) All students enrolled in agriculture classes are required under the act to do at least 6 months' directed or supervised practice in agriculture per year. No choice can be made or discretion exercised by the Office of Education or the States in dealing with this mandatory provision of section 10 of the organic act.

(b) This mandatory provision is interpreted to mean that all-day and day-unit students will develop individual farming programs either on their home farms or other farms under the direction of the local teacher of vocational agriculture to make a beginning in farming. Young farmers will develop farming activities that will lead to their establishment in farming. Adult farmers will be encouraged to adopt new or improved practices on their farms.

(c) It is recommended that in developing effective supervised farming programs instruction and assistance be provided for students on all of their important farming activities. This requires that provisions be made for the teachers of vocational agriculture to visit farms of students throughout the year. Therefore, satisfactory transportation arrangements shall be made for the teacher.

§ 102.114 *Employment of teachers.* (a) In view of the fact that the Smith-Hughes Act requires that schools offering instruction in agriculture "* * * shall provide for directed or supervised practice in agriculture, * * * for at least six months per year, * * *" and that farming is a year-round activity, a school shall provide such direction or supervision by a qualified vocational teacher on a 12-months' basis unless the State board can show that there is a specified period of time within which students of vocational agriculture have no farming activities to be supervised.

§ 102.115 *Short, intensive technical courses.* In addition to the general conditions applying to short, intensive technical courses for employed teachers, in the case of agriculture teachers such courses shall be organized for not less than 18 clock-hours of systematic instruction.

§ 102.116 *Designation of teacher-training institutions.* (a) It is common practice of the States to designate the land-grant colleges of agriculture for training teachers of vocational agriculture. These institutions normally can supply the number of teachers of agriculture needed in a State.

(b) In giving recognition or approval to additional teacher-training institutions in agriculture, two facts should be clearly established.

(1) That, under normal conditions, there is a need for additional teachers.

(2) That the facilities and the staffs for the technical and professional instruction are at least equal to those of the designated State college of agriculture.

(c) It has been the practice to recognize institutions for training teachers of vocational agriculture in addition to the land-grant colleges of agriculture only when the State board for vocational education makes provisions in its plan for determining that the additional institutions offer instruction equivalent to that of the State college of agriculture.

Distributive Occupations Education

Definition

§ 102.125 *Distributive occupations defined.* Distributive occupations are those followed by workers directly engaged in merchandising activities, or in contact with buyers and sellers when:

(a) Distributing to consumers, retailers, jobbers, wholesalers, and others the products of farm and industry, or selling services.

(b) Managing, operating, or conducting a retail, wholesale, or service business.

§ 102.126 *Distributive occupations subjects defined.* (a) Distributive occupations subjects under the provisions of the George-Barden Act, are vocational subjects taught in part-time and evening schools and classes to persons engaged in distributive occupations, or, under certain conditions, to those who are preparing to enter distributive occupations. Such subjects are those which:

(1) Increase the skill, knowledge, and ability of workers already employed in a specific distributive occupation.

(2) Prepare workers in a distributive occupation for changing to a related kind of work in another distributive occupation or for promotion to positions of a higher occupational level.

(3) Prepare workers employed in non-distributive occupations for entrance upon and success in a distributive occupation.

(b) Vocational distributive occupations subjects increase the skill, technical knowledge, occupational information, understanding, morale, appreciation, or judgment of workers in a distributive occupation.

(c) Reimbursement may be made from funds appropriated for distributive occupations subjects for the salary of an evening or part-time teacher of bookkeeping, arithmetic, typewriting, handwriting, or other clerical subjects only when he is teaching such aspects of these subjects as are supplemental to the daily employment of workers in distributive occupations; for example, bookkeeping for retail grocers, retail meat dealers, or for other specific kinds of businesses; handwriting and arithmetic for salespeople or other store workers; or typewriting for proprietors and managers of small businesses.

§ 102.127 *Entrance into distributive occupations classes.* Entrance into classes, either evening or part-time, giving instruction in distributive occupations subjects must be confined to persons who are 16 years of age or over and who are employed. Those who enroll in part-time cooperative, part-time extension, or evening extension classes must be employed in distributive occupations, while those who enroll in part-time preparatory classes must have entered upon employment but not necessarily in distributive occupations.

§ 102.128 *Definition of employment.* (a) Employment as used in this section is understood to mean that persons enrolled in distributive occupations classes—

(1) Are lawfully employed in a distributive occupation. This includes persons employed by parents or relatives.

(2) Have been lawfully employed in a distributive occupation, but are temporarily without employment.

(3) Have been given definite promise of employment, or who can give satisfactory evidence of going into business for themselves.

(b) Enrollees must receive the going rate of pay of the distributive business in which they are employed or participate in the earnings of the business in lieu of a wage or salary. In the latter case, working for a living in a family business will be accepted as satisfactorily meeting the requirement. Cooperative part-time students will receive, for the time employed, a monetary wage comparable to that paid to other beginning employees performing similar duties.

DISTRIBUTIVE OCCUPATIONS CLASSES

§ 102.129 *Evening classes.* Evening schools or classes are those which conform to the following requirements:

(a) The students are employed in a distributive occupation.

(b) Instruction is supplemental to the daily employment of the students.

(c) The class meets during the nonworking hours of the students. Thus the class can be held at any hour of the day or night, depending on the employment schedule of the workers enrolled.

§ 102.130 *Part-time classes.* Part-time schools or classes are those which provide instruction designed to enlarge the vocational intelligence of workers 16 years of age or over who have entered upon employment. Such schools must be so organized as to permit workers who are qualified for admission to spend part of their time during the day, week, month, or year in employment, and part of the time in school. Such schools or classes may be of the following types:

(a) *Part-time extension.* Part-time extension classes are of two kinds:

(1) Classes for the instruction of any group of regularly employed distributive workers who can attend a part-time school during the regular working time for only a few hours a week over a period of usually several weeks.

(2) Short, intensive courses organized for special groups of distributive workers who can leave their regular employment to attend classes for a substantial portion of the time over a period of only a few days.

(b) *Part-time cooperative.* (1) Part-time cooperative classes are organized and conducted on a school-and-employment schedule, which combines vocational instruction with occupational experience in the kind of job in which the trainee expects to become a full-time worker. Persons shall be regarded as employed workers eligible for enrollment in a part-time cooperative class, provided they spend as much time during the school year in regular employment as in school. A State plan should provide that the employment of such persons shall be at least one-half of the usual working week of the occupation in which they are employed and in no case shall this employment be for less than 15 hours per week. The total hours spent per week in school and at work must conform to State and Federal laws governing hours of employment. The required weekly working time of the cooperative student may include work done on Saturdays and holidays during the school year.

(2) The amount of vocational instruction required should be based on the length of the cooperative program and the amount of such training already completed in the all-day school. The following suggested plans take into account these two factors:

(i) Plan A: In a cooperative part-time program covering two school years, an average of at least one regular class period a day is devoted to vocational instruction.

(ii) Plan B: In a cooperative part-time program covering only one school year, an average of at least two regular class periods a day is devoted to vocational instruction.

(iii) Plan C: In a cooperative part-time program for persons who have completed a minimum of two high-school units of credit in such subjects as retail bookkeeping, business arithmetic, business economics, salesmanship, merchandise studies, retailing and advertising, under vocationally competent instructors in the all-day school, an average of one regular class period a day is devoted to vocational instruction for the school year in a given community. Only the vocational instruction given during the year in which the cooperative program operates is reimbursable.

(c) *Part-time preparatory.* (1) Part-time preparatory classes are those which are organized for workers who have left the full-time school and have entered upon employment in other than a distributive occupation. The instruction offered in these part-time preparatory classes is of an occupational changing nature which has for its purpose the training of nondistributive workers for successful entrance into distributive occupations. After this change in employment, the training of these workers should be continued through part-time extension classes or evening extension classes.

(2) If a State wishes to make provision in its State plan for part-time preparatory classes for workers employed in nondistributive occupations, it is recommended that the following conditions be included in the provision:

(i) There is a definite opportunity for employment upon completion of the training without displacing regular workers.

(ii) Enrollees have given satisfactory evidence of intention to enter the distributive occupation for which they desire training.

(iii) Enrollees will be able to profit by the instruction.

(iv) Such classes are organized with the advice of a representative local advisory committee.

(3) Preparatory distributive training for nondistributive workers may not be reimbursed if conducted in evening classes. Evening classes are limited by the terms of the George-Barden and Smith-Hughes Acts to providing instruction which is supplemental to the daily employment.

§ 102.131 *Nature of instruction and composition of classes.* (a) In general, the most effective vocational instruction can be given in classes composed entirely of workers employed in the same occupation. Hence, in cities, and elsewhere when possible, separate classes should be organized for each group of distributive workers engaged in selling similar kinds of merchandise or employed in similar kinds of businesses.

(b) Subjects which present information valuable to workers in several distributive occupations may be taught to classes composed of workers from a variety of distributive occupations. Pertinent aspects of bacteriology, for instance, may be taught to those who sell food products in food stores, restaurants, and drug stores; textiles to people who sell apparel and dry goods in various kinds of stores; record keeping to proprietors and managers of various kinds of small businesses; human relations training and job instruction training to supervisors and department heads in any or all businesses; principles of selling to personnel who sell a wide range of goods and services in various kinds of businesses.

§ 102.132 *Classes conducted in stores.* (a) Reimbursement may be made for the salary of a teacher of a part-time or evening class conducted in a certain store for retail store employees of whom all or nearly all are from that store, provided the class is under public supervision or control and the training service is available to workers in other stores in the community. Moreover, the class composed of employees from a single store will follow a course of study approved by the local school authorities. A teacher may not be paid from Federal vocational education funds to give the employees of a single store induction training and instruction in systems, policies, and practices peculiar to that store.

(b) The reason for conducting a class in a store for the employees of that store is not to provide training for the benefit of one store to the exclusion of other stores, nor to use public funds to take over the training program of a specific store. The justifiable reason for conducting a class in a given store for the employees of that store is to meet the convenience of the workers and to increase the effectiveness of instruction. It is not only inconvenient but frequently impossible, especially in a part-time class meeting during the working hours of the employees, for such a class to be held in a school, or other place remote from the store.

§ 102.133 *Reimbursement for coordinating activities.* (a) Reimbursement may be made from George-Barden funds for the time spent in coordinating activities by a part-time or evening teacher of distributive occupations subjects. Coordination of the instruction with job experience is necessary for efficient instruction in either part-time or evening classes. Such coordination involves visiting students on the job, conferring with store supervisors or employers to determine students training needs, making

analyses of the duties of workers to be trained, and preparing course outlines and selecting instructional materials.

(b) The purpose of coordinating activities is to insure that initial instruction is vocationally effective, and to enable teachers to make continuous adjustments in instructional content to the changing or emerging needs of distributive workers. Consequently, coordinating activities may precede the actual organization of a class as well as continue during the conduct of the class.

(c) George-Barden distributive occupations funds may be used also to reimburse the salary and travel of a person who devotes full time to coordinating activities.

HOME ECONOMICS EDUCATION

§ 102.134 *Purpose of vocational education in home economics.* The controlling purpose of vocational education is "to fit for useful employment," hence it follows that the controlling purpose of vocational education in home economics, as provided for by the vocational education acts, is to prepare for the responsibilities and activities involved in homemaking and in achieving family well-being. The general objective of vocational education in home economics is to provide instruction which will enable families to improve the quality of their family life through the more efficient development and utilization of human and material resources. Vocational programs, therefore, need to provide for instruction in all of the following aspects of home living and homemaking:

(a) Selection and purchase of goods and services for the home.

(b) Maintenance of satisfactory personal and family relationships.

(c) Selection, preparation, serving, conservation, and storage of food for the family.

(d) Selection, care, renovation, and construction of clothing.

(e) Care and guidance of children.

(f) Selection and care of the house and of its furnishings.

(g) Selection, use, and conservation of home equipment.

(h) Maintenance of health and home safety.

(i) Home care of the sick, and first aid.

(j) Consumer responsibility and relationships.

(k) Selection and provision of educational, recreational, and occupational experiences for family members.

(l) The interrelation of the family and the community.

§ 102.135 *Essential characteristics of homemaking education programs.* Experience has shown that the following general characteristics are essential in a vocational program in homemaking education for the satisfactory achievement of the purpose set forth above:

(a) The curriculum is concerned with fundamental values and problems in the several aspects of home living and homemaking, and deals with these in such a way as to develop needed skills, understandings, attitudes, and appreciations.

(b) Problems studied are derived from the needs and concerns of individuals and families served, taking into consideration their maturity and experience.

(c) The individuals reached through the program are sufficiently mature to develop a realization of the importance of homemaking and increasingly assume managerial responsibilities in the home.

(d) The total program is sufficiently intensive and extensive to enable the individual served in developing abilities necessary for effective participation in homemaking and in community activities affecting the home.

(e) The program includes a sufficient variety of experiences to give students actual learning experiences in all of the major phases of homemaking.

(f) Over a period of years the program in any one center meets the homemaking needs of the in-school and out-of-school youth and adults taking into account other educational opportunities which the home, the school, and the community provide.

(g) There is good community understanding and increasing participation in the program.

(h) Administrative relationships and arrangements, including provisions for space and equipment are of a kind that facilitate maximum development of the program.

(i) Continuous evaluation of the program is carried on and is used as a basis for changes in the program.

§ 102.136 *Organization of local programs.* (a) States will outline in their respective State plans proposals for organization of homemaking education programs to meet the needs of in-school and out-of-school groups. They will also indicate other specific provisions for developing programs to fit State and local needs that assist in attaining the purposes of homemaking education, and in maintaining the essential characteristics of a homemaking education program.

§ 102.137 *In-school and out-of-school groups.* A homemaking education program that adequately serves the community, provides instruction for both in-school and out-of-school groups.

(a) *In-school youth.* (1) Each program in homemaking education for in-school groups shall include instruction in the several aspects of homemaking.

(2) When George-Barden funds are used the minimum time for each class shall be in any 1 year not less than that required for a full unit of credit for other school subjects in the local school. The program shall be available for not less than 2 years.

(3) When Smith-Hughes funds are used the specific daily time requirements of that law shall be met. This is 15 hours per week for home economics instruction, except in cities under 25,000 population, in which case the time given to home economics may not be less than one-half of the time per week for which the school is in session.

(b) *Out-of-school youth and adults.* (1) The reimbursable time in the teacher's schedule includes:

(i) Time for instruction.

(ii) Time for directing home and community experiences of enrollees through home and community visits.

(iii) Time for promotion and organization of the program.

(2) The part-time programs reimbursed from Smith-Hughes funds shall be organized for a minimum of 144 clock-hours, to meet the requirements of the act. This time requirement may be met when one class is organized and conducted for 144 hours during 1 year or by a combination of short units offered during 1 year when (1) the total time for all of the units in the combination is 144 hours, (2) the instruction given in any unit of the combination is not a repetition of that given in any other unit, (3) the time of meeting for the various units is so scheduled that all may be taken by one individual, and (4) the content of the various units are so planned that all may be taken with profit by the enrollees.

§ 102.138 *Reimbursable activities for homemaking teachers.* (a) It is permissible to reimburse from Federal funds for time spent by home economics teachers in carrying the following responsibilities:

(1) Teaching vocational classes in homemaking education for high-school pupils, or elementary-school pupils over 14 years of age, including supervision of their directed home experiences, and direction of their activities in the Future Homemakers of America or the New Homemakers of America, and teaching older youth and adults.

(2) Holding conferences in regularly scheduled school periods with individual pupils on directed experiences in home and community.

(3) Making studies of local home conditions, and making other community contacts or follow-up of students needed for adequate program planning and development.

(4) Working beyond the school year, for such periods of time as the State and the local board may designate for services directly connected with the vocational program in homemaking education in the public schools.

(5) Promoting and organizing classes for out-of-school youth and adults.

(6) Directing a child development laboratory that is an integral part of a vocational program in homemaking education.

(b) When adequate attention has been given to those of the above items that a community considers essential parts of its basic program, reimbursement may be made for a reasonable amount of time in the teacher's schedule (not more than 20 percent) for the development and correlation with homemaking education of such work as nutrition education in connection with the school lunch; assistance to elementary teachers on programs of education for home living; and assistance to programs of home-living education on the secondary school level.

§ 102.139 *Institutions designated to prepare teachers.* (a) All institutions designated for the preparation of vocational teachers within a State shall maintain characteristics requisite for effective pre-service teacher education and meet such other minimum standards, as may be outlined by the State board for vocational education. Each State may desig-

nate approved institutions other than those reimbursed from Federal funds.

(b) Factors that determine the choice of institutions to be designated for teacher training include: The number of qualified homemaking teachers needed to supply the schools; educational standards of the institution; the extent to which the home-economics department has and can maintain the characteristics listed above, and the geographical location in relation to other designated institutions and to density of population.

TRADE AND INDUSTRIAL EDUCATION

DESCRIPTION

§ 102.155 *Purposes of education for trades and industry.* (a) The major objectives of trade and industrial education are:

(1) To provide instruction of an extension or supplemental type for the further development of performance skills, technical knowledge, related industrial information, safety, and job judgment for persons already employed in trade and industrial pursuits.

(2) To provide instruction of a preparatory type in the development of basic manipulative skills, safety judgment, technical knowledge, and related industrial information for the purpose of fitting persons for useful employment in trade and industrial pursuits.

(b) These objectives are attained through various types of programs. Each program is specific in purpose and is designed to serve the training needs of individual industrial workers.

§ 102.156 *Trade and industrial pursuits.* Training programs may be organized to provide instruction in:

(a) Any industrial pursuit, skilled or semiskilled trade, craft, or occupation which directly functions in the designing, producing, processing, assembling, maintaining, servicing, or repairing of any manufactured product.

(b) Any service trade or occupation which is not classified as agricultural, business, professional, or homemaking.

(c) Other occupations which are usually considered as technical and in which workers such as nurses, bakers, laboratory assistants, draftsmen, and technicians are employed.

§ 102.157 *Trade and industrial subjects.* Instruction for trade and industrial pursuits may include instruction in any subject which is planned to assist an individual in developing manipulative skills, safety practices, trade morale, and trade judgment and give him technical knowledge or related industrial information essential to employment in the occupation for which training is given.

§ 102.158 *Representative advisory committees.* (a) The objectives of instruction offered in the field of trade and industrial education are to increase the knowledge and skills of those already engaged in specific trades or occupations and to prepare prospective workers for useful employment. Employer and employee groups should, therefore, be consulted by school authorities regarding the establishment and operation of training programs so that the instruction may be organized to meet these objectives. Advisory committees composed of representatives of both employees and employers should be organized by State and local boards to secure the counsel and advice needed.

(b) Several types of representative committee organizations may be used, depending upon the program planned or in operation. A general committee is an over-all representative group for a total program. A craft committee is a group concerned with training in a particular craft or trade. An industry committee advises on problems regarding a whole industry.

§ 102.159 *Local supervision.* Local programs of trade and industrial education, to be fully effective, should be under the direction of a qualified supervisor. The supervisor should be qualified by training, experience, and education in the field of trade and industrial education. The supervisor's responsibilities should include: Instructional activities, with particular attention to the professional improvement of teachers in service; inspectional activities, primarily for the purpose of discovering those points on which the local teachers need help and assistance; promotional activities, with special reference to the further development of vocational education, particularly in evening and part-time classes and in selecting and training teachers for these classes. The responsibilities should include the maintenance of cooperative relationships with management-labor groups and other organizations in the community.

§ 102.160 *Teachers.* Teachers should be selected primarily on the basis of trade or occupational knowledge and experience plus their potential ability to teach. Teachers meeting these qualifications will, of necessity, be selected from the trade or occupational field for which they are employed to teach. Both pre-service and in-service teacher training are necessary for effective teaching.

§ 102.161 *Plant and equipment.* (a) In order to provide effective instruction, State boards will determine that the plant and equipment of any school or class are adequate to carry out the purposes for which the school is established.

(b) Instructional equipment and tools should be of the type most effectively used in industry for the trade or occupation for which training is offered. The equipment should be adequate for satisfactory instruction in at least the fundamentals of all essential processes involved in the occupation.

(c) This equipment should be installed in space that is adequate and properly lighted, heated, and ventilated to insure safe and efficient operations. Standards for basic equipment requirements, adequate working space, safe working conditions, and general tool and toolroom facilities should be established with the counsel and advice of representative advisory committees and conform to occupational standards.

(d) Space for related subjects classrooms, laboratories, drafting rooms, audio-visual aid facilities, as well as for the storage of supplies and projects, semi-finished and completed, should be considered in planning shop layouts.

§ 102.162 *Groups served.* (a) Instruction in trade and industrial education is provided for four general groups:

(1) Journeymen and other industrial workers who need extension instruction in industrial subjects, related or supplemental.

(2) Apprentices and other learners who need instruction in trade and industrial subjects.

(3) Out-of-school youth who need training and experience, coordinated by public-school authorities, to fit them for useful employment.

(4) In-school youth and adults who have selected an occupation and who need training for entrance into a trade and industrial pursuit.

(b) Such instruction may be offered in evening and part-time classes for those who have left school and entered upon employment and in all-day classes for in-school youth and adults.

§ 102.163 *Training for service occupations.* Training may be given for persons employed in service occupations which are trade and industrial in nature.

§ 102.164 *Supervisory and foreman training.* (a) Training may be given in either part-time or evening classes for administrative, supervisory and foreman personnel in the trade and industrial field.

(b) The training of conference leaders for industrial or service organization is an important part of this program.

§ 102.165 *Training for apprentices.* (a) It is possible to provide in either part-time or evening classes for the training of apprentices. The term "apprentice" as used in this bulletin means a person who is being trained through working experience and organized instruction in a skilled or semi-skilled industrial occupation in one of the following ways:

(1) Under the apprenticeship law of the State in which he is employed.

(2) Under a written agreement registered with a State Apprenticeship Council or with the Federal Committee on Apprenticeship.

(3) Under an apprenticeship plan which is operated by an agency of the United States Government.

(4) Under an apprenticeship agreement with an employer, a group of employers, or a group of employees which provides for not less than 4,000 hours of reasonably continuous employment with an approved schedule of work experience and at least 144 hours per year of related instruction.

(b) Instruction given to apprentices, whether in evening or part-time classes, is considered to be trade extension education.

EVENING CLASSES

§ 102.170 *Definition.* Evening classes are those which are conducted for workers—male and female—during their nonworking hours. These classes are usually held during the evening but they may be held at any time that is convenient for those enrolled. The instruction may be conducted in any location in which adequate instructional facilities are available.

§ 102.171 *Age of admission.* The Federal acts provide that evening classes for workers in trade and industrial pursuits shall fix the minimum age of entrance at 16 years.

§ 102.172 *Instruction supplemental to employment.* (a) The instruction given in evening trade and industrial classes shall, under the provisions of the Federal acts, be confined to that which is supplementary to the daily employment of the workers enrolled.

(b) To be considered supplementary to the daily employment, the instruction must be such as will increase the skill or knowledge of the worker in the trade or industrial pursuit in which he is employed or has been employed. This may improve his ability in the work that he is doing; help him to keep abreast of technological and economic changes in his occupation; or assist him to qualify for advancement in the field of work in which he is engaged. It may include manipulative and technical instruction as well as safety, first aid, State and Federal labor laws, and the socio-economic problems of his occupation.

§ 102.173 *Reimbursement of evening classes from part-time funds.* (a) Classes which meet the evening school requirements and which operate for at least 144 hours per year may be reimbursed from the part-time portion of the Smith-Hughes fund. Evening classes may be reimbursed from George-Barden part-time funds and do not require 144 hours of annual operation. This provision permitting evening classes to be reimbursed as part-time classes was made to enable States, if necessary, to meet the provisions of the Smith-Hughes and George-Barden Acts which require that at least one-third of the sum appropriated to any State for trade and industrial education shall, if expended, be applied to part-time schools or classes. The use of part-time funds for evening classes does not modify the standards for evening industrial schools.

(b) The only evening classes in trade and industrial subjects which may be reimbursed from part-time funds are those in which the instruction is supplementary to the daily employment of the persons enrolled. It will not be possible to give trade preparatory or general continuation training in evening classes reimbursed from Federal funds.

PART-TIME CLASSES

§ 102.174 *Explanation.* (a) Section 11 of the Smith-Hughes Act requires "* * * that at least one-third of the sum appropriated to any State for the salaries of teachers of trade, home economics, and industrial subjects shall, if expended, be applied to part-time schools or classes for workers over fourteen years of age who have entered upon employment * * *." The act also states that "* * * such subjects in a part-time school or class may mean any subject given to enlarge the civic or vocational intelligence of such workers over fourteen and less than eighteen years of age; * * *." The law further states that "* * * such part-time schools or classes shall provide for not less than one hundred and forty-four hours of classroom instruction per year; * * *."

(b) Section 7 of the George-Barden Act states that "* * * the provisions of Section 11 of the Smith-Hughes Vocational Education Act, requiring at least one-third of the sum appropriated to any State to be expended for part-time schools or classes shall be held to include any part-time day-school classes for workers sixteen years of age and over, * * *." It further states that "* * * such moneys as are provided under authority of this Act for trade and industrial subjects * * * may be expended for part-time classes operated for less than one hundred and forty-four hours per year; * * *."

(c) Part-time classes are those which are conducted for workers, male and female, during the usual working hours of the occupations in which they are employed. Part-time classes are of three general kinds as described in §§ 102.173–102.175.

§ 102.175 *Part-time trade extension classes.* (a) Trade extension instruction is that which is given to employed workers for the purpose of increasing or extending their skill and knowledge in the trade or occupation in which they are or have been engaged. Classes offering related instruction for apprentices, for workers in skilled and in semiskilled and other occupations, and classes providing instruction designed to increase or extend the knowledge or skills of workers in trade and industrial pursuits or occupations, would be considered trade extension.

(b) One special form of part-time trade extension education is that offered in cooperative classes. Cooperative classes are organized to provide alternate periods of work and attendance at school. The members in any given class or group are employed in the same trade or industrial occupation. Work and attendance at school may be on alternate half days or weeks, or longer periods of time. In all cases the hours at work must equal or exceed the hours spent in school during the regular school year and shall not be less than an average of 15 hours per week.

§ 102.176 *Part-time trade preparatory classes.* Trade preparatory instruction, offered in part-time classes, is that given to workers who have left the full-time school for the purpose of fitting themselves for useful employment in trades, occupations, or fields of industry, other than those in which they are or have been employed. This is an occupational "changing" type of instruction which serves to prepare for entrance into a new occupation. Trade preparatory training may be offered to a number of groups in different trade and industrial occupations, but in all cases the instruction being given to a particular group is confined to a single occupation. After the change in employment, such training may be followed by trade extension instruction.

§ 102.177 *Part-time general continuation classes.* (a) General continuation instruction is that which is given to employed persons for the purpose of enlarging their civic or vocational intelligence. This type of instruction was intended originally to meet educational needs required to satisfy State compulsory education laws for out-of-school youth which could not be met in part-time trade extension or trade preparatory classes. It is now used also for workers above the compulsory school age who are employed in a wide range of occupations. Instruction in general continuation classes need not be confined to the trade or industrial pursuits but may cover any subject relative to civic or vocational needs, offered in segregated classes to workers who return to the school during their usual working hours.

§ 102.178 *General continuation school programs.* General continuation school programs are of two types:

(a) *Type A: Other than cooperative.* This is a type of instruction given to extend the civic or vocational intelligence of young workers who did not have an opportunity to complete their education before they entered employment. It is possible to offer instruction which will enable young workers to meet changing conditions in their vocations or to meet more effectively their citizenship or worker requirements. Young workers, who have just left the full-time school and have secured their first job, are in special need of help to assist them in making proper employment and social adjustments to enable them to bridge the broad gap between regular full-time school attendance and full-time paid employment in industry or business.

(b) *Type B: cooperative (diversified occupations).* The objective of cooperative training is to provide vocational training through cooperation of the school and industrial and business establishments for groups of youth, 16 years of age and over, whose individual employment objectives may differ and whose cooperative agreements provide for legal employment, systematic training on the job, and supplementary instruction in the school. Such instruction is widely used to provide training opportunities for high-school boys and girls. The term "student learner" refers to persons enrolled in this type of class. This designation was made in collaboration with the Wage and Hour and Public Contracts Divisions of the United States Department of Labor in order to avoid confusion with the terms "apprentice" and "learners" for which wage and hour regulations had already been issued. Training of this type is especially adaptable to the smaller communities. To classify as Type B the following conditions shall be met:

(1) Students enrolled shall be at least 16 years of age and legally employed under agreement (preferably written) between the schools and employer. Such employment shall be in conformity with Federal, State, and local employment regulations. In occupations considered as interstate commerce, such employment shall be at least at the minimum wage, except when an exemption certificate is secured from the Wage Determination and Exemption Branch of the Wage and Hour Division, United States Department of Labor, permitting em-

ployment at a subminimum wage. In certain occupations, declared hazardous by the United States Department of Labor under the Fair Labor Standards Act, student learners must be 18 years of age.

(2) Student learners should be employed for at least half of the usual working week of the occupation in which they are employed, and in no case shall this employment be for less than 15 hours per week. The time at work shall equal or exceed the time in clock-hours devoted to school instruction throughout the year. In no case shall the time at school and the time at work be such as to violate legal employment regulations.

(3) Occupations included shall be those which offer real chances for training and advancement in the occupation selected by the student as a vocation.

(4) Provisions shall be made for adequate coordination and supervision. In order that the training at work and in school may be properly correlated, sufficient time shall be provided for the coordinators to visit employers and student learners on the job.

(5) The amount of related vocational instruction required shall be based on the length of the cooperative program and the amount of vocational training already completed in the all-day school. The following suggested plans take into account these two factors:

(i) For a cooperative part-time program covering two school years, an average of at least one regular class period a day is devoted to related vocational instruction in which the enrollment is limited to this group, and taught by the coordinator.

(ii) In a cooperative part-time program covering only one school year, an average of at least two regular class periods a day is devoted to related vocational instruction in which enrollment is limited to this group and taught by the coordinator.

(6) All instruction should be organized and conducted with the advice and counsel of a representative advisory committee composed of employers and employees.

(7) The local school authorities should provide adequate instructional materials for the related vocational classes to make the instruction effective. Individual study guides which meet at least the minimum needs for technical and other related instruction should be made for each student enrolled.

(8) All cooperative part-time student-learners shall receive a monetary wage at a rate commensurate with wages paid other employees doing similar work. Such wage rates shall be in conformity with Federal and State wage regulations.

§ 102.179 *Exemption certificates and standards.* The Office of Education and the Wage and Hour and Public Contracts Divisions of the United States Department of Labor have agreed upon certain regulations regarding exemption certificates and standards for student-learners employed under this type of training program. Copies of these regulations and standards may be secured from either of the agencies mentioned.

§ 102.180 *Age of admission.* (a) Enrollment in classes reimbursed from funds appropriated under the Smith-Hughes Act shall be limited to workers over 14 years of age. Part-time classes may be conducted for persons over 14 years of age, without upper age limit, provided that the instruction given is designed to meet the needs of workers over 14 and less than 18 years of age.

(b) Enrollment in part-time classes reimbursed from funds appropriated under the George-Barden Act is limited to workers 16 years of age and over.

(c) Enrollment in all cooperative part-time classes shall be restricted to persons 16 years of age or over, if employment is connected with interstate commerce, in order to comply with Federal employment regulations under the "Fair Labor Standards Act of 1938." In some occupations declared to be hazardous by the United States Department of Labor, learners must be 18 years of age.

§ 102.181 *Time requirements for Smith-Hughes part-time classes.* (a) The Smith-Hughes Act requirement "not less than one hundred and forty-four hours of classroom instruction per year" is met only when 144 hours (of 60 minutes each) of instruction is given in 1 year so that such instruction may profitably be taken by one individual without repeating any part of the work. This reference to the required time defines the minimum yearly educational opportunity which a community shall offer to an individual worker rather than the period of attendance required of any one person, or the period of employment of teachers.

(b) This time requirement may be met when one class is organized and conducted for 144 hours during 1 year. It may also be met by a combination of short units offered during 1 year when the following conditions exist:

(1) The total time for all the units in the combination shall be at least 144 hours.

(2) The instruction given in any unit of the 144-hour combination shall not be a repetition of that given in any other unit of the same combination.

(3) The time of meeting for the various units making up the 144-hour combination shall be so scheduled that all may be taken by one individual.

(4) The content of the various units in any 144-hour combination shall be so planned that all may be taken with profit by one individual.

ALL-DAY TRADE COURSES

§ 102.182 *Definition.* All-day trade training is given to persons regularly enrolled in a full-time school who have selected a trade or industrial pursuit, and who wish to be prepared for useful employment in that pursuit. The training given is comprehensive and includes instruction in manipulative processes and also in those technical and other related subjects which are needed by the skilled and competent worker.

§ 102.183 *Types of all-day trade training*—(a) *Type A.* This type of all-day trade training is one in which the pupils devote one-half of the school day—not less than three consecutive clock-hours—to practical work on a useful or productive basis, with additional time given to instruction in segregated classes in the necessary technical and other related subjects. The instruction in related subjects shall have direct functioning value in the trade or occupation for which training is being given. Training of this kind may be given only in schools which offer instruction extending over at least 9 months per year and 30 hours per week. Reimbursement may be made from either Smith-Hughes or George-Barden funds.

(b) *Type B.* This type of training differs from the type A only in the provisions for instruction in related subjects. In a type-B course, the related instruction is not given in segregated classes but by the shop teacher incidental to the shop work. The half day is not to be divided into definite periods for teaching related subjects, but such instruction shall be given as the needs for it arise in the shop work. The school shall be in session at least 30 hours per week and 9 months per year. Reimbursement may be made from either Smith-Hughes or George-Barden funds.

(c) *Type C.* This is a special type of all-day preemployment trade training which may be organized for persons over 18 years of age or for those 14 years of age or over who have legally left the full-time school. Such training may be offered for any length of time. The George-Barden Act specifically states that such a class may be operated for less than 9 months per year, for less than 30 hours per week, and without the requirement that a minimum of 50 percent of the school time must be given to shop work on a useful or productive basis. Type-C training may be reimbursed from George-Barden funds only. This provision of the George-Barden Act makes it possible to take care of such different situations as follow:

(1) A demand for training single-purpose operators. Intensive training can be given to equip learners with the basic skills, technical knowledge, and related industrial information which will enable them to get a job, hold it, and advance in the industrial occupation without regard to attendance 30 hours per week during a 9 months school year.

(2) Training opportunity to meet the special needs of persons over 18 years of age who wish brief intensive preparation for entrance at the beginning level into industrial employment. Such training will be less comprehensive and complete than that given in all-day trade preparatory courses.

(3) Intensive courses operated 6 to 8 hours per day for relatively short periods of time and organized to prepare trainees for entrance into employment where the special job requirements are of such nature that the equivalent of such training would enable those trained to enter industry and meet definitely explicit job requirements. Preparation for specific jobs that require special testing or inspectional skills, as well as production skills, could be included when justified by local employment opportunities.

§ 102.184 *Essential characteristics*—(a) *Age of admission.* While a minimum entrance age of 14 is required in the vocational education acts, the actual age

of entrance into an all-day trade-training course should be fixed locally either at this minimum or at such a point above this minimum as will insure that those completing this training will be legally employable and mature enough to be accepted as workers in the occupation for which training is offered. Admission should be restricted to those who are physically able and mentally competent to profit by the instruction.

(b) *Admission into type-C.* Age of admission into type-C training courses is limited to persons over 18 years of age or those over 14 years of age who have legally left the full-time school.

(c) *Minimum length of term for types A and B.* Section 11 of the Smith-Hughes Act requires that instruction in all-day trade preparatory schools shall extend over a period of not less than 9 months per year. This means that such schools shall be in session during 9 months of 4 weeks each, regardless of the calendar months, allowing for only such holidays as are commonly observed by the regular public schools.

(d) *Weekly time requirements for types A and B.* Provision must be made for not less than 30 hours per week of instruction, at least 50 percent of which shall be given to practical work or a useful or productive basis.

(e) *Time requirements in cities of less than 25,000.* The Smith-Hughes Act provides that for cities of less than 25,000 population, the State board for vocational education may, in order to meet the particular needs in such cities, secure the approval of the Commissioner of Education to modify the conditions as to length of course and hours of instruction per week. There is no provision permitting a school to devote less than half of the school day to practical work on a useful or productive basis. In cities and towns of less than 25,000 population, where a school is in session for less than the time stated in the act, a trade course offered in that school may meet the lower time requirements of months and hours per week. If the school is in session for the time mentioned in section 11, there may be no reduction in the hours per week and months per year for the trade course. In any case the requirement of half of the time for practical work will apply.

§ 102.185 *Related subjects reimbursed in all-day trade classes.* (a) Cost of instruction other than that for the half time given to practical work on a useful or productive basis may also be reimbursed from Federal funds if such instruction is taught in segregated classes and the instruction is related to the shop instruction in subjects which have a direct functioning value and a definite application to the trade or occupation for which the training is organized.

(b) Machine shop mathematics, blueprint reading for carpenters, science for cosmetologists, design for garment workers, or elementary nutrition for cooks and bakers are typical illustrations of reimbursable related subjects which are specifically adapted to each trade. In the trade of printing, such subjects as English for printers, art, layout and measurement as applied to the trade may be offered. Related subjects courses are an addition to and an extension of the instruction given in the shop. Related subjects may be taught by the shop instructor. When other than shop instructors are utilized, the State plan shall specify qualifications which assure that such instructors have sufficient experience in and knowledge of the occupation to teach such specific subjects effectively.

§ 102.186 *Unit trade course.* The term "unit trade course" is used to designate instruction organized for persons in full-time school attendance preparing for advantageous entrance into a specific trade or industrial pursuit. This training is given to segregated groups of individuals who have definitely selected the occupation for which the course is organized, who can profit by the instruction, and expect to use the knowledge and skill gained in earning a living. Unit courses are based solely upon instruction for a particular trade or occupation.

§ 102.187 *General industrial course.* (a) A general industrial course may be organized to give specific preparation for a single occupation under an occupationally competent instructor in a group where shop instruction in several closely allied trades is conducted simultaneously. This designation is particularly adapted to the small community as an alternative to establishing unit trade courses. Instruction might be given in such allied trowel trades as bricklaying, plastering, and cement finishing. Each student enrolled should receive shop and related instruction as nearly like that of a unit trade course as possible, and may receive instruction in a single trade or in the occupation as practiced locally.

(b) A general industrial course may be organized to give preparation for one or more production jobs that do not fall into the trade classification. This instruction should be furnished by a teacher who is occupationally competent in the field for which the job training is to be provided. The instruction is organized for a group who are preparing for one or more types of closely allied production jobs. A general industrial course of this type is intended to prepare workers for employment in an industry in which entrance depends on ability in a variety of production skills peculiar to that industry so that prospective workers will be able to take their places in the industry as assemblers of small parts, punch press operators, coil winders, drill press operators with jigs and fixtures, inspectors or similar positions. They may receive training in such processes as soldering, spot welding, drilling, forming, polishing, riveting, assembling, and similar production operations. General industrial courses will be organized to meet the standards of type A or of type B day trade training.

§ 102.188 *Practical work on a useful or productive basis defined.* Instruction in practical work is considered to be "on a useful or productive basis" when it consists of organized, systematic training in the processes and operations involved and selected with regard to the suitability, quality, quantity and production methods customarily observed in the trade or industrial pursuit for which the training is being given. The work projects are those which have real training value and are comparable to the ordinary practices found in industrial establishments, with due regard to the quality of work done, the time needed for its performance, and the methods of work used.

§ 102.189 *Plan for coordination.* Smith-Hughes and George-Barden funds for trades and industry may be used for the reimbursement of the salaries of coordinators of evening, part-time, and all-day trade-training programs. Provisions which stipulate the plan of coordination, the duties, and the qualifications of the coordinators for each type of class shall be set forth in the State plan.

STANDARDS AND SAFEGUARDS FOR INDUSTRIAL-PLANT TRAINING

§ 102.205 *Explanation.* (a) Section 8 (a) of the George-Barden Act provides that "No part of the appropriations made under authority of this act shall be expended in industrial-plant training programs, except such industrial-plant training be bona fide vocational training and not a device to utilize the services of vocational trainees for private profit."

(b) Workers in vocational education realize that the public schools cannot possibly provide all of the kinds of equipment and the variety of working experiences which are needed for adequate training in many occupations. Such equipment and experience are, however, often available in local industrial plants and may be used for training purposes. It is, however, sometimes difficult to decide whether courses in such private plants are operated for the benefit of the persons who are to be trained, or as a source of cheap labor for the plant in which the training is conducted. In 1936 a special committee representing labor, employers, and vocational education considered the problems connected with this kind of training and recommended to the Commissioner of Education a set of special standards and safeguards stating conditions under which a public-school system may or may not be justified in establishing training programs within private industrial plants during working hours. Insofar as the use of Federal vocational education funds is involved, these standards and safeguards were, on February 1, 1936, approved as official policies of the Office of Education.

SPECIAL STANDARDS AND SAFEGUARDS

§ 102.206 *Section A; when the use of Federal funds is justified.* The use of Federal funds is justified when the school system is enabled to provide training in the public interest and that of those being trained, which it could not otherwise provide for want of the equipment and supplies available in the plant, providing the following requirements are met:

(a) The program must be under public supervision or control, as evidenced by:

(1) The fact that the local school officials have furnished satisfactory proof to the State officials that:

(i) The training is organized and maintained in response to public need.

(ii) The interest of the persons enrolled in the training program is the chief consideration.

(iii) The program is generally recognized as a part of the public-school work of that community.

(iv) The determination of matters such as the selection, qualifications, and salaries of teachers; content and length of courses; admission of students; supervision of instruction, and all other details of the training program are vested in officially designated school officials who recognize and admit their responsibility.

(2) The fact that the teachers engaged in training in the industrial plant are being paid by the same procedure and through the same sources as such teachers would be paid if teaching in public-school buildings.

(b) There must be a definitely organized plan of instruction which shall include the technical knowledge and related industrial information, based on the standard practices of the trade or occupation, to insure adequate knowledge and mastery of the machines or operations, and orientation of the worker.

(1) Every State which is either operating or contemplating establishing training at public expense in industrial education should have a State Advisory Committee composed of equal representation of outstanding representatives of employers and outstanding representatives of labor to advise the State Board for Vocational Education on all matters relative to such training in industrial education.

(2) In addition, where possible, it is strongly urged that the whole program, rates of pay, etc., should be worked out by a local representative committee. Such a local representative committee should be appointed by the school authorities to advise on all phases of the program. The committee should include at least three employers, not more than one of whom represents the industry or plant affected, and at least three representatives of labor, not more than one of whom represents the industry involved.

(3) The training courses should be in general harmony with the time customarily given by industry to breaking in for pay-roll jobs, such as are to be covered in the training program, making allowance for the extra time needed to teach functioning related subjects. The training program should be checked against actual job requirements in the plant, and any accepted time standards for training for such jobs, before approval is given.

(4) Training at public expense should stop with the completion of the learning state—the formation of automatic habits of correct procedure.

(c) The program must meet all of the remaining requirements of the State plan, as attested by a sworn statement from an administrative official of the school organization to the effect that all conditions set up in the State plan have been met.

(d) Where plant employees, such as mechanics or other qualified skilled workers, are used as instructors, there must be a definite division of duties between instruction and plant activities, by definite time periods. In no case may any portion of the time of a plant foreman or supervisor, during his regular working day, be reimbursed from Federal vocational education funds because of his having devoted such time to the giving of instruction.

(e) Persons are to be paid as instructors only in case they are working with a group of persons who are in a recognized learning status and for whom a regularly organized plan of instruction, as defined in paragraph 2 preceding, is given.

(f) A full statement of each instructor's qualifications must be kept on file in the State office, as evidence that such teacher meets the requirements of the State plan.

(g) Evidence should be on file in the State office to show that the work has been adequately supervised.

§ 102.207 *Section B: when the use of Federal funds is not justified.* The use of Federal funds is not justified when the conditions set up in § 102.206 cannot be met. In addition, Federal funds should not be used in connection with training programs possessing one or more of the following characteristics, for the reasons stated in connection with each:

(a) Where the training program is for the purpose of the initial training or breaking in, for a specific plant, of workers not previously employed in the industry no matter whether the demand for training the new workers arises from plant migration or relocations, labor turn-over, or replacements.

Comment: An employer should expect to invest in the training of his workers, the same as in bricks and mortar, machines, and tools in any community where he locates his plant and expects to make a profit. Since the cost of initial breaking in of factory operatives has always been carried by industry as a legitimate part of the cost of production, it follows that Federal funds should not be used in this connection, as it would be subsidizing industrial production, which would be contrary to the purposes of the National Vocational Education Acts.

(b) Where training is confined to manipulative operations and processes, with no provision for teaching the technical knowledge and related industrial information, based on the standard practices of the trade or occupation, to insure adequate knowledge and mastery of the machines or operations, and orientation of the worker.. Hence, training for specialized machine tending, where only physical dexterity and speedy muscular coordination are required for the worker to hold his own in the production line, should be treated as the responsibility of the industries requiring this training, to be carried out at their expense at the time of actual placement.

Comment: The purpose of vocational education at public expense is not to serve the industry as such, but to benefit the individual worker by providing a plan of instruction which will insure not only initial employment assets but will enable the worker to keep pace with changing conditions and eventually advance in the occupation.

(c) Where training is confined to a single operation, to develop high-production speed, extended over the period of time necessary to bring the operative to full piece-rate ability.

Comment: Routine drill to develop high-production speed and dexterity is a legitimate charge against the industry rather than against public funds, hence the comments given under paragraph (b) of this section apply here.

(d) Where plant foremen, mechanics, or skilled workers are paid from public funds for giving casual instruction on the job incidental to the regular run of production.

Comment: If such a program were financed from public funds, it would be a use of public money to pay an assistant to the foreman to discharge his instructing or his inspecting responsibility for which he is paid by the company, as foreman, to discharge. Hence, in such a case, the use of public funds would be a violation of the purposes of the National Vocational Education Acts.

(e) Where a disproportionate amount of time is spent on manipulative training, in comparison with related technical subjects, in a standard production industry, where it cannot be justified by a check against the actual job requirements of the industry, any accepted time standards for training for such jobs, or legitimate training objectives.

Comment: If such a program is not actually a phase of paragraph (d) of this section, where the use of public funds would result in subsidizing industrial production, it would result in the exploitation of workers, which is contrary to the purposes of the national acts.

(f) Where the training period is far in excess of that customarily given by the industry itself for pay-roll jobs, where it cannot be justified by a check against the actual job requirements of the industry, any accepted time standards for training for such jobs, or legitimate training objectives.

Comment: Such a program would result in an exploitation of workers, which is contrary to the purposes of the national acts, and the use of public funds would discredit vocational education for inefficiency and excessive cost.

(g) Where the training is extended over long periods of time on regular production work, without pay or at reduced pay.

Comment: Not only would this type of program exploit the workers, which is contrary to the purposes of the national acts, but the use of public funds for it would discredit vocational education as subsidizing industrial production, which also is contrary to the purposes of the national acts.

(h) Where an investigation of the program itself discloses that the objectives and the operation are such as to result in subsidizing industrial production, rather than in providing training for the workers' benefit.

Comment: The use of public funds for such a program would be in violation of the purposes of the national acts.

(i) Where those to receive the training are required to sign an agreement which, in effect, seeks to enable an employer to evade or violate some State or Federal law.

Comment: Such an agreement is not in accord with public interest or that of the individuals being trained, hence it is not in harmony with the purposes of the national acts.

VOCATIONAL GUIDANCE

§ 102.215 *Explanation.* It is recognized that the selection of the persons to be trained and their vocational adjustment are among the requirements for a successful program of vocational education and that a vocational guidance program is necessary for modern selection and adjustment methods. It follows, therefore, that a program of vocational guidance is an essential factor in a vocational education program.

§ 102.216 *Purpose of vocational guidance.* (a) The purpose of the vocational guidance program is to provide individuals with the information and skills needed to make wise decisions in matters affecting vocational adjustment. The vocational guidance program is designed to result in efficiency in education and training, both for the individual and the school, and to improve the chances of the individual for progress and satisfaction in his occupation. It provides the individual with cumulative evidence about his abilities, interests, and aptitudes. It provides, also, comprehensive information about occupations, training, and employment opportunities. It sets up means for aiding his placement and adjustment in his chosen work, and particularly provides for counseling.

(b) The program is a part of the total educational program but not identical with any other element in it. Guidance services are not a new form of instruction in the accepted sense of classroom activities. They aid the school in its instructional program and render assistance essential to effective administration and supervision. They do not recruit for any phase of education or training, but aid the individual to make an educational plan which will lead to an attainable vocational objective from the standpoint of enlightened self-interest and understanding.

§ 102.217 *Use of George-Barden funds for vocational guidance.* (a) All reimbursements for the several phases of the vocational guidance program shall be made from George-Barden funds. It is permissible to use the funds appropriated under the several authorizations of section 3 (a) of the George-Barden Act to provide the following services:

(1) The maintenance of a program of supervision in vocational guidance.

(2) The maintenance of a program of training vocational counselors.

(3) The salaries and necessary travel expenses of vocational counselors on the secondary and adult levels, and the purchase of instructional equipment and supplies for use in such counseling.

(b) The costs of these services may be reimbursed on a prorated basis from the funds appropriated under the several authorizations made in section 3 (a) of the act, under the conditions which follow:

(1) In developing a State plan for the use of funds for State and local programs, adequate provision will first be made for State supervision and for the training of vocational counselors, with the research necessary in each. Funds may be used, therefore, for reimbursement on the local level only after the program at the State level has been adequately financed.

(2) Counselor training courses may be reimbursed from Federal funds for classes composed of: (i) Persons enrolled in a program qualifying for vocational counseling; (ii) persons enrolled in a program qualifying for vocational teaching; and (iii) teachers, counselors, supervisors, or directors of vocational education or vocational guidance.

(3) The State plan shall set up standards and conditions for reimbursing the salaries and travel expenses of vocational counselors. These standards shall include the duties and qualifications of the vocational counselor and safeguards to insure that the vocational guidance program serves a school or group of schools maintaining a vocational course or courses.

§ 102.218 *Essential vocational guidance services.* (a) Services essential in a program of vocational guidance are as follows: (1) Providing the individual with cumulative evidence about his abilities, interests, and aptitudes; (2) providing for comprehensive and factual information about educational and occupational opportunities, specific training, and employment opportunities; (3) providing means for aiding in the placement and adjustment in the next step of the individual's career; and (4) providing for the counseling of individuals.

(b) The professional worker who provides guidance services is the counselor. To do the work adequately, the counselor needs specific personal characteristics; wide experience in education and employment; a group of professional knowledges, skills, and understandings secured under competent instruction; the support of fellow workers who understand the objectives in the program; and the physical facilities essential to program activities. In carrying out guidance services, a counselor will have three kinds of responsibilities: (1) Counseling the individual and performing the basic functions which underlie counseling; (2) providing leadership and assistance to the school staff in guidance matters; and (3) accumulating and interpreting data from the guidance program for use of the school staff in planning the evolving school program.

§ 102.219 *Duties and qualifications of vocational guidance personnel.* The activities of a vocational guidance program serve to determine the duties of the positions. The duties of a position should determine the qualifications for that position.

[SEAL] RALL I. GRIGSBY,
Acting Commissioner of Education.

Approved: December 28, 1948.

OSCAR R. EWING,
Federal Security Administrator.

[F. R. Doc. 48-11484; Filed, Dec. 29, 1948; 10:49 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

MISCELLANEOUS AMENDMENTS

The following substantive provisions are added to the conformation of Title 50—Wildlife (13 F. R. 7432).

Subchapter A—General Provisions

PART 1—DEFINITIONS

Sec.
1.1 Meaning of terms.
1.2 Department.
1.3 Service.
1.4 Secretary.
1.5 Director.
1.6 Regional Director.
1.7 Wildlife.
1.8 Take.
1.9 Person.
1.10 Big-game animals.
1.11 Fur animals.
1.12 Game birds.

AUTHORITY: §§ 1.1 to 1.12 issued under R. S. § 161; 5. U. S. C. 22.

§ 1.1 *Meaning of terms.* As used in this subchapter, unless the context otherwise requires, terms shall have the meaning ascribed in this part.

§ 1.2 *Department.* "Department" means the Department of the Interior of the United States.

§ 1.3 *Service.* "Service" means the Fish and Wildlife Service of the Department of the Interior.

§ 1.4 *Secretary.* "Secretary" means the Secretary of the Interior of the United States.

§ 1.5 *Director.* "Director" means the Director of the Fish and Wildlife Service, United States Department of the Interior.

§ 1.6 *Regional Director.* "Regional Director" means any of the Regional Directors of the Fish and Wildlife Service, United States Department of the Interior, having administrative direction over the geographical area involved.

§ 1.7 *Wildlife.* "Wildlife" means wild mammals, wild birds and their nests and eggs, including big-game animals, fur animals, and game birds, as defined in this part, and crustacea, mollusca, fishes, reptiles, amphibians, and their eggs.

§ 1.8 *Take.* "Take" shall have the meaning ascribed by applicable Federal laws and otherwise means to molest, pursue, hunt, shoot, kill, trap, catch, capture, collect, or remove, or attempt to molest, pursue, hunt, shoot, kill, trap, catch, capture, collect, or remove by any means or in any manner.

§ 1.9 *Person.* "Person" includes the plural or singular, as the case demands, of individuals, clubs, associations, partnerships, or corporations.

§ 1.10 *Big-game animals.* "Big-game animals" are buffalo, moose, caribou, elk, deer, bighorns or mountain sheep, mountain goats, antelope, bear, and peccary.

§ 1.11 *Fur animals.* "Fur animals" are beavers, nutrias, martens, otters, minks, muskrats, raccoons, opossums,

and all other animals whose pelts are usable for fur.

§ 1.12 *Game birds.* "Game birds" are all migratory and upland game birds.

Subchapter C—Management of Wildlife Conservation Areas

PART 16—DEFINITIONS

Sec.
16.1 Meaning of terms.
16.2 Wildlife conservation area.
16.3 Fish cultural station.
16.4 Game range.
16.5 National wildlife refuge.
16.6 Cooperative refuge.
16.7 Wildlife management area.
16.8 Research refuge.
16.9 Federal Aid area.
16.10 Administrative site.
16.11 Experimental station.
16.12 Officer in charge.
16.13 Big-game animals.

AUTHORITY: §§ 16.1 to 16.13 issued under R. S. 161; 5 U. S. C. 22.

§ 16.1 *Meaning of terms.* As used in this subchapter, unless the context otherwise requires, terms shall have the meanings ascribed in this part.

§ 16.2 *Wildlife conservation area.* "Wildlife conservation area" or "area" shall mean any land, water, or land and water area owned or controlled by the United States that is administered by the Fish and Wildlife Service for the direct or indirect benefit of wildlife.

§ 16.3 *Fish cultural station.* "Fish cultural station" or "station" shall mean any fish cultural station, fishery laboratory, aquarium, or any area or facility at which fish culture, fish spawning, or fish management are conducted, under the administration of the Secretary and supervised by the Service.

§ 16.4 *Game range.* "Game range" is any area of public land administered jointly by the Service and the Bureau of Land Management of the Department primarily for the protection of big-game and upland game species under the terms of an Executive or Public Land Order establishing such area.

§ 16.5 *National wildlife refuge.* "National wildlife refuge" or "refuge" means any refuge, preserve, range, reservation, or breeding ground for wild animals and birds under the administration of the Secretary of the Interior and supervised by the Fish and Wildlife Service.

§ 16.6 *Cooperative refuge.* "Cooperative refuge" means any area transferred to the Department under authority of the Act of August 14, 1946 (60 Stat. 1080), which is administered by the Service.

§ 16.7 *Wildlife management area.* "Wildlife management area" means any area owned or controlled by the United States that is managed and administered by the Conservation Department of the State in which such area is located under the terms of a permit, license, lease, or agreement entered into by/or with the Fish and Wildlife Service.

§ 16.8 *Research refuge.* "Research refuge" means any refuge that is managed and administered by the Service for the primary purpose of conducting scientific investigations and research.

§ 16.9 *Federal Aid area.* "Federal Aid area" means any area of public land that is made available to the State in which the land is situated in connection with the Federal Aid to Wildlife Restoration Act of September 2, 1937 (50 Stat. 917; 16 U. S. C. 669).

§ 16.10 *Administrative site.* "Administrative site means any area owned or controlled by the United States and used by the Service for headquarters, office, service, or other administrative purposes.

§ 16.11 *Experimental station.* "Experimental station" means any area owned or controlled by the United States and used by the Service to conduct wildlife experiments.

§ 16.12 *Officer in charge.* Refuge manager, United States reservation protector, superintendent, district supervisor, fish culturist in charge, deputy, or the authorized representative of any such officer responsible for the management of any wildlife conservation area.

§ 16.13 *Big-game animals.* "Big-game animals" are as defined in § 1.10 of this chapter and for the purposes of this subchapter shall include wild burros, wild horses, and Texas longhorns.

C. 22. 18 U. S. C. sec. 41. sec. 10. 45 Stat. 1224; 16 U. S. C. 715i. sec. 401, 49 Stat. 383; 16 U. S. C. 715a. sec. 4, 60 Stat. 1080; 16 U. S. C. 664. secs. 3, 5, 6, & 7, 43 Stat. 650; 16 U. S. C. 723, 725, and 726. Sec. 5, 45 Stat. 448; 16 U. S. C. 690d. 46 Stat. 371.

SUBPART A—PROTECTION OF WILDLIFE

§ 18.1 *Policy.* The wildlife conservation areas administered by the Fish and Wildlife Service have been acquired or are controlled by the Department of the Interior under a number of statutory authorities, many of which were enacted to meet more effectively the obligations of the United States under the treaties with Great Britain and Mexico, but all of which are for the fundamental purpose of developing a nationwide program of wildlife conservation and rehabilitation. These lands are therefore dedicated to the protection of all species of wildlife found thereon and for the further purposes of restoring, developing, and preserving wildlife habitat, perpetuating typical cross sections of wildlife habitat in major ecological areas and managing areas so as to secure maximum production of wildlife for distribution, dispersal, and utilization. The regulations in this subchapter are thus formulated to effectuate these purposes so as to allow reasonable utiliza-

tion of the wildlife conservation areas consistent with these primary objectives.

SUBPART B—PROHIBITED ACTS

§ 18.11 *Hunting.* The hunting or taking of any game birds or game mammals is prohibited on all wildlife conservation areas except that hunting may be permitted within such areas and under such conditions as the Director may determine to be consistent with the management of such wildlife conservation area.

§ 18.12 *Fishing.* Fishing is prohibited on all wildlife conservation areas except on areas designated by Federal statutes and on other areas where the Director determines fishing to be consistent with the purposes for which such areas were established.

§ 18.13 *Trapping.* The trapping of any bird or mammal is prohibited on all wildlife conservation areas except as provided in this part and except on such areas where the Director determines trapping to be consistent with the purposes for which such areas were established.

§ 18.14 *Firearms.* Carrying, possessing, or discharging firearms on any wildlife conservation area is not permitted except as follows:

(a) The officer in charge and other employees of the Department of the Interior designated to conduct predator or rodent control activities and Federal or State officials engaged in law enforcement may carry and use firearms on areas in the performance of official duties;

(b) Persons authorized by permit of the Secretary, countersigned by the Director, to take specimens of wildlife for scientific purposes on any area may use firearms when necessary in collecting such specimens;

(c) The Director may authorize the Regional Directors and officers in charge to issue permits to possess or use firearms on areas for such special purposes as the Director may specify;

(d) Persons crossing any area may carry or transport unloaded, dismantled, or cased firearms over regularly established routes of travel;

(e) Firearms may be used on areas designated by the Director as open to public hunting.

§ 18.15 *Fires.* On all wildlife conservation areas persons are prohibited from (a) setting on fire or causing to be set on fire any timber, brush, grass, or other inflammable material except as authorized by the officer in charge or at locations designated for that purpose within public-use areas; (b) building a campfire in such manner that it is likely to spread or be difficult to extinguish; (c) leaving a campfire unattended or not completely extinguished; or (d) throwing or placing a burning cigarette, match, or any other ignited substance in any place where it may start a fire, or discharging any kind of fireworks on any part of such areas.

§ 18.16 *Disorderly conduct.* Disturbance of the peace or other disorderly conduct is prohibited at all times on all wildlife conservation areas, and no intoxicated person will be permitted to enter or be upon any area for any purpose.

§ 18.17 *Destruction of property.* The destruction, injury, defacement, removal, or disturbance, in any manner, of any building, notice, sign, signboard, equipment, fence, post, road, trail, dike, dike embankment, dam, bridge, fireplace, grate, table, bench, camp equipment, or any other public property of any kind; or of any tree, flower, vegetation, rock, or soil; or of any animal, bird, fish, aquatic plants and animals or other form of wildlife; or of any eggs of any animals or of any nest, den, or lair of any wildlife on all wildlife conservation areas is prohibited except as may otherwise be authorized in this subchapter.

§ 18.18 *Trespassing.* The entering, occupying, using, or being upon any wildlife conservation area or facility thereon is prohibited except as may otherwise be authorized in this subchapter.

§ 18.19 *Dumping.* The dumping of garbage, refuse, or other debris except at points designated by the officer in charge, or the draining or dumping of oil, acids, or poisons in, or otherwise polluting any waters, water holes, or streams within any wildlife conservation area is prohibited except by specific authorization of the Director.

§ 18.20 *Advertising.* Unless special written permission is granted by the officer in charge, private notices or advertisements may not be posted, distributed, or displayed within the boundaries of any wildlife conservation area, except that this prohibition shall not apply to names, addresses, and business designations of a permanent nature regularly carried on trucks, business automobiles, or other vehicles.

§ 18.21 *Gambling.* Gambling in any form or the operation of gambling devices, whether for merchandise or otherwise, is prohibited on all wildlife conservation areas.

TRESPASSING DOMESTIC ANIMALS

§ 18.31 *Trespass prohibited.* The ranging or the running at large of cattle, dogs, or other domestic animals upon any wildlife conservation area, or the entry of such animals upon an area for any purpose, except as specifically authorized in this subchapter, is not permitted.

§ 18.32 *Impoundment authorized.* Domestic animals trespassing on a wildlife conservation area may be impounded by the officer in charge.

§ 18.33 *Disposition of impounded animals; State laws.* Impounded animals shall be disposed of in accordance with State statutes so far as the same may be applicable. In the absence of applicable State statutes the animals shall be disposed of in accordance with the provisions of §§ 18.34 to 18.40.

§ 18.34 *Disposition of impounded animals; notifying owners.* If the owner of an impounded animal is known, prompt written notice of the impounding will be served upon him, and in the event of his failure to remove the impounded animal within five days from delivery of such notice, it will be sold or otherwise disposed of as prescribed in §§ 18.35 to 18.40. If the owner is unknown, no sale or other disposiiton of the animal shall be made until at least fifteen days have elapsed from the date that a notice of the impounding is first published in a newspaper of general circulation in the county in which the trespass occurs and posted at the county courthouse.

§ 18.35 *Disposition of impounded animals; advertising.* Regional Directors and officers in charge of areas may order the publication of notices of disposition of impounded animals in newspapers by direct transmittal to the publisher of the standard form of advertising order approved by the Comptroller General. The notice shall state when and where the animal was impounded; shall describe it by brand or earmark, or both, or, in the absence of such distinguishing marks, by such other means as are necessary reasonably to identify such animal; shall specify the time and place it will be offered at public sale to the highest bidder in default of redemption by the owner on or before that date; and shall reserve the right of the official conducting the sale to reject any and all bids received.

§ 18.36 *Disposition of impounded animals; redemption by owner.* Prior to the public sale of impounded animals the owner may redeem the animal by submitting proof of ownership and paying all trespass and impounding costs as provided in § 18.39.

§ 18.37 *Disposition of impounded animals; certificate of sale.* Upon the sale of any impounded animal in accordance with the provisions of this subpart, the Regional Director, or his authorized representative, shall issue a certificate of sale.

§ 18.38 *Disposition of impounded animals; unsold animals.* If an animal impounded under the provisions of this subpart is offered at public sale and no bid is received, or if the highest bid received is in an amount less than the amount of the claim of the United States or of the officer's appraised value of the animal, whichever is the lesser amount, such animal may, in the discretion of the officer, be sold at private sale for the highest amount obtainable, or be condemned and destroyed or converted to the use of the United States if of value for that purpose.

§ 18.39 *Trespass and impoundment costs.* In determining the claim of the Government in all livestock trespasses on wildlife conservation areas, the value of the forage consumed will be computed at the daily, monthly, or yearly commercial rates prevailing in the locality for the class of livestock found in trespass. In addition, the claim shall include damages to Government property injured or destroyed by trespassing domestic animals, the expenses incurred in impounding, sale, or other disposition of such animals, and the pro rata salary of officers for the time spent and the expenses

incurred in and about the investigations, reports, and final determination of the case.

§ 18.40 *Unsatisfied claims.* When the amount received in the sale of an impounded animal, either at auction or at private sale, or when the appraised value of the animal in case it is converted to the use of the Government, is insufficient to meet the amount of the Government's claim, or when it is necessary to destroy the impounded animal without benefit to the Government, the facts shall be fully reported to the Director for appropriate action to obtain full satisfaction of the Government's claim.

SUBPART C—ACCESS; TEMPORARY USE

ACCESS

§ 18.51 *Access to areas.* Entry to any wildlife conservation area shall be only under appropriate permit issued for the purpose unless otherwise provided in this subchapter.

§ 18.52 *Access to headquarters.* A permit is not required for admission to the headquarters of the officer in charge when the usual line of travel is followed.

§ 18.53 *Access when escorted.* A permit is not required for access to any part of a wildlife conservation area by a person when accompanied by the officer in charge or his designated representative.

§ 18.54 *Access by Interior Department employees.* A permit is not required for access to any part of an area by an employee of the Department of the Interior while on official business.

TEMPORARY USE

§ 18.61 *Temporary use.* A permit is not required for entry and temporary use for recreational or other appropriate purposes of a camp site or other area specifically designated for the use of the public by the Director, the Regional Director, or the officer in charge under such conditions as may be prescribed by such official or officer.

§ 18.62 *Temporary shelter.* A permit is not required for access to any area for temporary shelter or temporary protection.

ROUTES OF TRAVEL

§ 18.71 *Routes of travel.* Whenever fishing, hunting, or other use of any area is permitted, persons entering the area for these purposes shall follow such routes of travel as are designated by the officer in charge or by appropriate posting.

MOTOR VEHICLE OPERATION

§ 18.81 *Safety.* Automobiles and other motor-propelled vehicles entering a wildlife conservation area shall be mechanically safe and in good operating condition and shall be so operated as to be under safe control at all times.

§ 18.82 *Routes of travel.* Motor vehicles operating in any area shall be confined to highways, roads, campgrounds, and parking areas designated for travel and public use.

§ 18.83 *Speed limits.* The speed of any vehicle shall be kept within such limits as may be necessary to avoid accidents, or injury to wild animals or birds on the area. The speed of automobiles and other motor-propelled vehicles, except cars used by Government officials in case of emergency or in law enforcement work on the area, is limited to thirty-five miles an hour on all roads, highways, and designated routes within the area except at specific points so designated where a different limit may be determined by the officer in charge.

§ 18.84 *State motoring laws.* The operation of motor-propelled vehicles within an area shall conform to the laws of the State in which the area is located governing the operation of such vehicles except where further restricted by or under this subchapter.

§ 18.85 *Traffic signs.* Drivers of all vehicles shall comply with directions of all official traffic signs and with the personal direction of the officer in charge or his authorized representatives when directing traffic within an area on any special occasion or under congested traffic conditions.

§ 18.86 *Drunken drivers.* No person who is under the influence of intoxicating liquor shall operate or drive a motor-propelled vehicle of any kind on any road or highway or in any other part of an area.

§ 18.87 *Traffic violations; penalties.* Any violation of traffic regulations within an area shall invalidate the original permission accorded the offender to enter the area, and he shall remove his vehicle from and personally leave the area as directed by the officer in charge, or his authorized representatives, and the offender's presence on the area shall be deemed a continuing trespass for the purpose of enforcement of the provisions of this section and will subject him to ejection from the area or to arrest and prosecution, or both, and each violation shall constitute a separate offense.

SUBPART D—OFFICIAL OPERATIONS

§ 18.101 *Official operations excepted.* The provisions of this subchapter shall not be construed to forbid or interfere with official operations within wildlife conservation areas by employees or agents of any agency of the Government for the use of which the areas or parts thereof have also been appropriated or designated.

§ 18.102 *Enforcement of State laws.* An officer, deputy, or conservation agent who is authorized to enforce the criminal, game, or fish laws of any State may, without permit, enter any wildlife conservation area in his State while in the pursuit of his official duties; provided that such officer or agent shall notify the officer in charge of the circumstances requiring such entry.

SUBPART E—ECONOMIC UTILIZATION OF RESOURCES

§ 18.111 *Permits authorized.* Permits to graze livestock, to harvest hay or stock feed, to remove timber, firewood, or other spontaneous products of the soil, or shell, sand, earth, or gravel, to occupy or cultivate areas, to erect or occupy residences or other buildings, to engage in or solicit any business, or to make any other use of or to enjoy any other privilege in connection with a wildlife conservation area that the Director may find to be not inconsistent with its objects may be issued by the Director, the Regional Director, or the officer in charge upon such terms as the Director may determine to be in the public interest.

§ 18.112 *Rates of charge.* Permits may be issued in compliance with applicable provisions of law only at such rates of charge, if any, as may be determined by the Director to be commensurate with the value of the privilege granted, having due regard to the prevailing market prices in the vicinity.

§ 18.113 *Cooperative farming.* Whenever the Director determines it to be advantageous to the United States, he may authorize the Regional Director or the officer in charge to enter into cooperative agreements with officials, organizations, associations, and individuals for the cultivation of land of the United States within wildlife conservation areas. Such agreements may provide for the leaving of specified acreages of grain, hay, other feed, or cover for wildlife on the area as consideration for such agreements, or may provide for the harvesting and delivery to the officer in charge of certain percentages of the harvested crops to be stored and used for feeding wildlife, or for a combination of both methods as the occasion may require.

§ 18.114 *Harvesting spontaneous products.* Hay, grass, and seeds growing without cultivation may be harvested under cooperative agreements with persons whereby certain percentages of the harvested crops will be stored and used for feeding wildlife or for the purpose of planting crops of benefit to wildlife.

SUBPART F—SURPLUS ANIMALS AND PRODUCTS

§ 18.131 *Disposition of animals and products.* Wildlife, including longhorned cattle, wild burros, and wild horses, surplus to a wildlife conservation area's needs and requirements, or the disposal of which is essential to the maintenance of a balanced wildlife population and management program may be sold or otherwise disposed of in accordance with the applicable provisions of §§ 18.141 to 18.161, as the Director may determine to be in the public interest; provided that in the discretion of the Director surplus wildlife may be exchanged for like or other species, or may be donated or loaned to State, county, city, or municipal zoos, parks, or game preserves and ranges, or to private institutions for propagation, restocking, or exhibition. The recipients shall pay any expense incident to the capture, crating, removal, and transportation of such animals as the Director may require.

BIG-GAME ANIMALS

§ 18.141 *Determination of surpluses.* The Director shall from time to time determine the number of surplus big-game animals, not including wild burros and wild horses, in the respective herds

on fenced portions of wildlife conservation areas and the terms and conditions of the disposition of such animals, and thereafter shall announce them for sale for propagation, restocking, exhibition, or food.

§ 18.142 *Live sales.* In the sale of surplus big-game animals, preference shall be given to applications to purchase them alive for propagation, restocking, or exhibition.

§ 18.143 *Transfers within Federal Services.* Surplus big-game animals not disposed of under §§ 18.141 and 18.142 may be transferred to an Indian Agency or to other Federal agency on application therefor by such agency for restocking, propagation, or food, said agency to pay all expenses incident to the capturing or butchering of the animals and their removal and transportation.

§ 18.144 *Substandard animals.* Substandard animals, carcasses of animals accidentally killed or injured, and hides, heads, horns, or other parts of such animals may be disposed of at public or private sale under the direction of the Director at the best prices obtainable.

§ 18.145 *Wild burros and wild horses.* Surplus wild burros and wild horses existing on wildlife conservation areas may be disposed of by private or public sale at the best prices obtainable, or if no market is reasonably available, they may be otherwise disposed of at the direction of the Director.

FUR ANIMALS

§ 18.151 *Determination of surpluses.* The Director shall from time to time determine the number of surplus fur animals on wildlife conservation areas and, within the limits of authorization by law, the terms and conditions of the disposition of such animals.

§ 18.152 *Trapping by Service employees.* Under the direction of the Director and subject to such conditions as may be prescribed by him, surplus fur animals may be taken by employees of the Service in their official capacity.

§ 18.153 *Share and fee trapping.* Under the direction of the Director and subject to such conditions as may be prescribed by him, surplus fur animals may be taken under permit issued by the Director, Regional Director, or officer in charge, upon such terms and at such rates of charge or at such division of the pelts or carcasses as may be determined by the Director to be commensurate with the value of the operation or privilege granted, having due regard to prevailing market values and trapping conditions.

§ 18.154 *General public trapping.* Under the direction of the Director and subject to such conditions as may be prescribed by him, surplus fur animals may be taken by public trapping under permit issued by the officer in charge, such trapping to be at such rates of charge, if any, as the Director may determine to be commensurate with the value of the privilege granted, having due regard to prevailing market value and trapping conditions.

§ 18.155 *Piece-work trapping.* In accordance with regulations governing the employment of persons, trappers may be employed for the purpose of taking of fur animals on wildlife conservation areas on the basis of a fee for each fur animal trapped or on such other basis as the Director may consider to be equitable. The amount of the fee to be paid trappers for each species and classification of fur animals shall be determined by the Director.

§ 18.156 *Trapping permits.* Any person exercising the privilege of trapping within a wildlife conservation area shall be in possession of such valid trapping permit issued by the Service as may be required pursuant to this subchapter. He shall carry such permit or evidence thereof on his person while trapping, and when requested to do so, shall exhibit the same to any officer or employee of the Department authorized to enforce the game and fish laws of the United States.

§ 18.157 *Qualification of trappers.* Prior to the issuance of a permit for trapping on any wildlife conservation area each applicant shall secure and possess a valid resident trapping license issued by the State in which the area is located.

§ 18.158 *Disposition of furs.* The disposition or sale of fur animals and the pelts or carcasses thereof accruing to the United States may be made upon such lawful terms and conditions as the Director shall determine to be for the best interests of the United States or for the advancement of knowledge and the dissemination of information regarding wildlife, including but not limited to sale in the open market, exchange for animals of the same or other kinds, and gifts or loans to public or private institutions for exhibition or propagation, or they may be used by the Service for wildlife management and research purposes.

§ 18.159 *Prohibited methods and acts.* Except as otherwise authorized in this subchapter, the possession or use within the boundaries of a wildlife conservation area of any trap or other device that does not comply with the requirements of the laws and regulations of the State wherein the area lies, or of a spear or any other similar device, by means of which fur animals may be taken, is prohibited. Unless specially authorized by permit, no person shall hunt fur animals with a gun or with the aid of a dog, or disturb or molest any muskrat house, beaver house, beaver dam, or fur-animal den, or set a trap within three feet of any muskrat house or feeding house or fur-animal den or within one hundred feet of any beaver house or beaver dam. No person shall run a trap line or visit traps between sunset and one-half hour before sunrise.

§ 18.160 *Trapped birds and mammals.* Birds and mammals other than those authorized to be trapped that are found alive in the traps of the permittee shall be immediately liberated. Birds and mammals other than those authorized to be trapped that are found dead or mortally injured in the traps shall be immediately turned over to the officer in charge or his representative.

§ 18.161 *Forfeiture of trapping privileges.* Failure of any person trapping on an area to comply with any of the provisions, conditions, restrictions, or requirements of the regulations in this subchapter, or the violation by him of any provision of Federal laws or regulations applicable to wildlife, not only will render such person liable to prosecution under the law, but also will be sufficient cause for removing him from the area and for refusing him further trapping privileges on such area or any other use or privilege on any such area for which a permit may be required.

SUBPART G—EXHIBITION AND REVOCATION OF PERMITS

§ 18.181 *Exhibition of permits.* The holder of a permit authorizing him to be upon an area shall exhibit it at any reasonable time upon request of any officer or employee of the Department engaged in the administration or enforcement of laws or regulations applicable to the area and shall furnish such further reasonable information concerning his identification as may be required by such officer or employee.

§ 18.182 *Revocation of permits.* If advantageous to the United States, a permit may be terminated at any time by agreement between the issuing officer and the permittee; it may be revoked by the Regional Director for noncompliance with the terms thereof or of the regulations in this subchapter, for nonuse, or for violation of any law, regulation, or order applicable to the area, or for violation of any State or Federal law protecting wildlife or the nests or eggs of wildlife; and it is at all times subject to discretionary revocation by the Director.

SUBPART H—PENALTIES

§ 18.191 *Penalties.* Failure of any person to comply with any of the provisions, conditions, restrictions, or requirements of the regulations in this subchapter, or the violation of any provision of Federal laws or regulations applicable to wildlife, not only will render such person liable to prosecution under the law, but shall also be sufficient cause for denying him any use or privilege for which a permit may be required on any such area, and if a permittee, shall be sufficient cause to invalidate the original permission or to refuse him further use or privilege for which a permit may be required.

Dated: December 22, 1948.

J. A. KRUG,
Secretary of the Interior.

Subchapter G—Alaska Aquatic Mammals Other Than Whales

ADMINISTRATION OF PRIBILOF ISLANDS; PROTECTION OF ALASKA SEA LIONS

Parts 141 and 142 of Subchapter G of Chapter I, Title 50 (13 F. R. 7433), Code

of Federal Regulations, are issued as follows:

PART 141—ADMINISTRATION OF THE PRIBILOF ISLANDS

SUBPART A—PROTECTION OF FUR SEALS

Sec.
141.1 Visits to seal rookeries.
141.2 Observation restricted.
141.3 Special restrictions; St. Paul Island.
141.4 Penalties.
141.5 Dogs prohibited.

SUBPART B—LANDING AND USE OF LIQUOR

141.26 Purposes for which liquor may be used.
141.27 Making by natives prohibited.
141.28 Landing of liquor.

AUTHORITY: §§ 141.1 to 141.5 issued under secs. 6, 17, 58 Stat. 102, 104; 16 U. S. C. 631f, 631q. §§ 141.26 to 141.28 issued under secs. 8, 17, 58 Stat. 102, 104; 16 U. S. C. 631h, 631q.

SUBPART A—PROTECTION OF FUR SEALS

§ 141.1 *Visits to seal rookeries.* Persons lawfully landing on any of the Pribilof Islands, whether to remain temporarily or otherwise, must confine themselves to their lawful activities, and any visiting of rookeries or hauling grounds of seals or sea lions must first be authorized by the Department's agents-in-charge.

§ 141.2 *Observation restricted.* In order that persons authorized or permitted to land may have an opportunity to observe the seal life, the Department's agents-in-charge will provide escorts, at convenient times, to accompany interested persons to proper observation points. No side digressions from the designated observation points will be permitted, and there will be no visiting of rookeries except under such escorts. On St. Paul Island the usual observation point for persons temporarily present shall be what are commonly known as "Observation Rocks" at Gorbatch rookery.

§ 141.3 *Special restrictions; St. Paul Island.* Persons authorized to land at St. Paul Island, whether to remain temporarily or otherwise, are required except under circumstances specifically authorized by the Department's agent-in-charge, to remain on that portion of the island in and about the village of St. Paul which is bounded by the shore line, including that of the salt lagoon and its outlet, and two straight lines running approximately as follows: The first from the shore at Black Bluffs to the southerly portion of the salt lagoon, passing to the eastward of the natives' cemetery, the natives' wells, and the by-products plant; the second to cut across the isthmus at Zolotoi Sands. The land lines as described will be indicated by notices posted at suitable intervals.

§ 141.4 *Penalties.* Any person willfully violating the regulations in this subpart will be regarded as a trespasser and will be required to leave the islands at the first opportunity, and will be subject to such other action as may be deemed appropriate pursuant to law.

§ 141.5 *Dogs prohibited.* In order to prevent molestation of the fur-seal and fox herds, the landing of any dogs at the Pribilof Islands is prohibited.

SUBPART B—LANDING AND USE OF LIQUOR

§ 141.26 *Purposes for which liquor may be used.* The giving of intoxicating liquors to the natives of the Probilof Islands, except as medicine and in religious ceremonies, is prohibited under all circumstances. When in the opinion of the official physician on either island it is necessary to administer an alcoholic liquor as a medicine, he shall in each case make a permanent public record thereof, stating the kind and amount required, the name of the patient, and the nature of the disease or condition requiring such treatment.

§ 141.27 *Making by natives prohibited.* The making of "quass" or other alcoholic drink by the natives is prohibited. Natives who, after due warning, continue to make or use such liquors will be properly disciplined. The agents are authorized to withhold from such natives all supplies from which quass or other intoxicating beverages can be made.

§ 141.28 *Landing liquor.* No alcohol or alcoholic liquor of any kind shall be landed on the Pribilof Islands except by permission of the General Manager of the Pribilof Islands, Fish and Wildlife Service.

PART 142—PROTECTION OF ALASKAN SEA LIONS

§ 142.1 *Purposes for which sea lions may be taken.* The killing of sea lions in the Territory of Alaska, or in any of the waters of Alaska over which the United States has jurisdiction, is permitted as follows:

(a) By natives for food or clothing, and by miners or explorers when in need of food.

(b) By anyone in the necessary protection of property or while such animals are destroying salmon or other food fish.

(c) Under permits issued by the Secretary of the Interior authorizing the taking of specimens for scientific purposes. (48 Stat. 976; 16 U. S. C. 659)

Date: December 24, 1948.

J. A. KRUG,
Secretary of the Interior.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 26]

PROPOSED AMENDMENTS OF OFFICIAL GRAIN STANDARDS

WHEAT AND OATS

Notice is hereby given in accordance with section 4 (a) of the Administrative Procedure Act (5 U. S. C. 1003 (a)) that the Secretary of Agriculture pursuant to the United States Grain Standards Act, as amended (7 U. S. C. 1946 ed. 71–87) is considering amending the Official Grain Standards of the United States for Wheat (7 CFR 26.101–26.121, as amended), the Official Grain Standards of the United States for Corn (7 CFR 26.151–26.158, as amended), the Official Grain Standards of the United States for Oats (7 CFR 26.251–26.263, as amended) and the Official Grain Standards of the United States for Soybeans (7 CFR Cum. Supp. 26.601–26.610) in the following respects:

1. It is proposed to amend § 26.103, "Hard Red Spring Wheat; grade requirements", by deleting footnote reference 2 at grade 4 and related footnote 2 and by inserting in lieu thereof a footnote reference 2 at grades "No. 1 Heavy", "No. 1", and "No. 2", and a new footnote 2 reading as follows:

[2] The wheat in grades No. 1 Heavy and No. 1 of this class may contain not more than 7 percent, and the wheat in grade No. 2 of this class may contain not more than 10 percent, of shrunken and/or broken kernels of grain and other matter that will pass through a 20-gage metal sieve with slotted perforations 0.064 inch wide by ⅜ inch long.

2. It is proposed to amend § 26.106, "Durum Wheat and Red Durum Wheat; grade requirements", by deleting footnote reference 3 at grade 4 and related footnote 3 and by inserting in lieu thereof a footnote reference 3 at grades "No. 1", "No. 2", and "No. 3", and a new footnote 3 reading as follows:

[3] The wheat in grades No. 1 and No. 2 of each of these classes may contain not more than either (a) 7 percent of shrunken and/or broken kernels of grain and other matter that will pass through a 20-gage metal sieve with slotted perforations 0.064 inch wide by ⅜ inch long, or (b) 10 percent of all such material that will pass through said sieve together with the broken kernels of grain of any size which remain on said sieve; and the wheat in grade No. 3 of each of these classes may contain not more than either (a) 10 percent of shrunken and/or broken kernels of grain and other matter that will pass through said sieve, or (b) 15 percent of all such material that will pass through said sieve together with the broken kernels of grain of any size which remain on said sieve.

3. It is proposed to amend § 26.108, "Hard Red Winter Wheat; grade requirements", § 26.110 "Soft Red Winter Wheat; grade requirements", and § 26.112, "White Wheat; grade requirements", by deleting in each section footnote reference 1 at grade 4 and related footnote 1 and by inserting in lieu thereof in each section a footnote reference 1 at grades "No. 1", "No. 2", and "No. 3" and a new footnote 1 reading as follows:

[1] The wheat in grades No. 1 and No. 2 of this class may contain not more than 7 percent, and the wheat in grade No. 3 of this class may contain not more than 10 percent, of shrunken and/or broken kernels of grain and other matter that will pass through a 20-gage metal sieve with slotted perforations 0.064 inch wide by ⅜ inch long.

4. It is proposed to amend § 26.257, "Special grade; cereal oats", by deleting the word "cereal" wherever it appears therein and substituting in lieu thereof the word "thin".

5. It is proposed to amend §§ 26.158 (c) and 26.610 (c) by deleting therefrom the word "air" and substituting in lieu thereof the word "water".

Any person who wishes to submit written data, views, or arguments concerning the foregoing proposed amendments may do so by filing them with the Administrator, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. within 7 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C. this 24th day of December 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 48–11367; Filed, Dec. 29, 1948; 9:07 a. m.]

[7 CFR, Part 975]

HANDLING OF MILK IN CLEVELAND, OHIO, MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND TO A PROPOSED AMENDMENT TO THE ORDER, AS AMENDED

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders (7 CFR, Supps., 900, 1 et. seq.; 12 F. R. 1159, 4904), a public hearing was held at Cleveland, Ohio, on December 7, 1948, upon a proposed amendment to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area.

Preliminary statement. The proposed amendment considered at the hearing was submitted by the Milk Producers Federation of Cleveland.

The material issues presented at such hearing were as follows:

(1) The establishment of price levels below which the Class I prices would not be permitted to decline during the next few months prior to April 1, 1949.

(2) The need for emergency action which warrants immediate effectuation of a revision in the order.

Findings and conclusions. The following findings and conclusions on the material issues are based upon evidence introduced at the hearing:

(1) The price of Class I milk, except sweet or sour cream and mixtures of cream and milk (or skim milk), should not be less than $4.80 per hundredweight from the effective date of this amendment through February 1949. For the month of March 1949, the price for corresponding Class I milk products should be not less than $4.58. A "floor" price should not be placed on sweet or sour cream, or any mixture of cream and milk (or skim milk), in Class I milk for such months.

Under the present pricing provisions of the order the prices for Class I milk are determined by adding specified dollar and cent differentials to a "basic formula price". For most months, and particularly in recent months, the basic formula price has been the monthly average price paid farmers for milk by 18 selected manufacturing plants named in the order. Prices paid for milk by such manufacturing plants show a sharp decline since July. This decline has resulted in a corresponding decline in the minimum prices of Class I milk under the order. Such decline has occurred at a time of the year when both farm prices for the fluid milk market and for condensery milk could be expected to increase seasonally. It was proposed that the minimum price of milk for Class I use except in cream and cream products in fluid form, be fixed at $5.25 per hundredweight until April 1, 1949 and that milk for the latter products be priced with a floor 15 cents per hundredweight less, or $5.10.

Data in the record for 1940–1947 show increases in condensery prices each year between July and the fall months. Conversely, prices in the fall months of 1948 have declined over 25 percent from the July level. This contraseasonal movement of milk prices, occurring at a time of the year when production costs normally increase, has caused considerable uncertainty as to price movements and levels in the next few months in the milkshed supplying the Cleveland marketing area.

Voluntary premiums, exclusive of bonuses for extra quality or quantity production of milk, have been paid in addition to the minimum prices by most handlers since August, 1948. Such premiums averaged $0.33, $0.36, and $0.25 per hundredweight on the milk affected, in the months of August, September, and October respectively. They were paid on 77–80 percent of the producer milk received by handlers during such months. It appears that such premiums will be continued for November and December and have been offered mainly as an inducement to greater milk production in the fall and winter months of

the year, even though total supplies at pool plants have been larger in the fall of 1948 than for the corresponding months a year earlier.

The record indicates that conditions are generally more favorable to milk production in the milkshed this fall as compared with a year ago. There has been a substantial decline in protein feed prices recently. However, beef cattle and hog prices remain relatively high as compared with milk prices. The testimony indicated that with the relatively high prices for beef, farmers will curtail or even liquidate dairy herds. Also, in spite of a decrease in protein feed prices, with the harvesting of 1948 feed crops and the availability of record quantities of feed per animal, milk production costs are being maintained at relatively high levels as compared with recent milk price movements by current wage levels for farm labor, and recent increases in farm machinery prices. Also, hay prices are slightly above the level of a year ago. The favorable ratio shown between milk prices and feed prices for recent months follows a long period characterized by an unfavorable ratio. It appears unlikely that further declines of substantial nature in feed prices will occur during the coming winter months. The record indicates a strengthening of feed prices in the last few weeks. The decline in the Class I price which has occurred endangers the more favorable ratio of the last few months. A further decrease at this time conceivably could destroy rapidly the advantage recently gained and tend to discourage future milk deliveries to Cleveland.

There has been a substantial increase in the amount of milk received from producers in recent months as compared with the corresponding period of 1947. From January through October producer receipts increased more than 6.6 percent over the same 10 months period in 1947. On the other hand, sales of milk in fluid form decreased about .4 percent. Producer numbers in October 1948 were about 25 percent higher than in the previous October. From these data, it appears that at the producer price levels in effect substantial gains in milk production relative to fluid milk needs have been made this year. However, from data presented on milk and cream receipts from other sources, it is apparent that the amount of producer milk has not been sufficient to meet the Class I requirements of all handlers this year.

In view of the increases which have occurred in milk deliveries in relation to the same periods last year and in relation to sales of Class I milk, it is not considered appropriate to increase prices to the level proposed. Rather, a further contraseasonal decline through the operation of the current formula should be prevented by providing a minimum Class I price (except cream and cream products in fluid form) of $4.80 for the coming months of January and February 1949. This is approximately the average price as shown by the record to have been paid by the manufacturing plants for the period October 1–15, 1948, plus the Class I differential of $1.15. In order to mitigate the possibility of a contraseasonal price situation as the spring production season approaches, it is concluded that such minimum Class I price should be maintained at a somewhat lower level for March 1949 (22 cents per hundredweight less).

There is a substantial quantity of milk produced for manufacturing purposes in and near the Cleveland supply area. It is generally accepted in the market that over a period of time market prices must maintain a reasonable relationship to manufacturing milk prices. If manufactured milk prices become established on a somewhat lower level it is to the best interest of the Cleveland market at this time to make an adjustment to a lower level gradually, as production normally tends to increase. At this time it is impossible to determine whether the recent drop in condensery prices and the general weakening of wholesale prices of dairy products represents a general decline in the level of prices or a temporary maladjustment in such prices. Even if it is a decline in the level of prices, it is not felt under the present situation with respect to production cost factors that a drastic contraseasonal movement of prices should prevail.

In view of the above-stated facts, it appears reasonable, however, that prices during January and February 1949 should not fall below the $4.80 level for Class I milk (except cream and cream products in fluid form). While costs have remained relatively high, nevertheless, the historical relationship between manufacturing milk prices and prices to producers in the Cleveland market indicates that a higher price than proposed herein could result in uneconomical marketing response. Such Class I price in March 1949 should not decrease more than 22 cents from the corresponding price in January. Producers will be assured of a gradual adjustment to a lower level of prices in early 1949 if such level then prevails. The establishment of fixed minimum prices for Class I milk, except sweet or sour cream and mixtures of cream and milk (or skim milk), through March 1949 is necessary to assure an adequate supply of pure and wholesome milk for the Cleveland market. It is also particularly important to the maintenance of present herds for future supplies, is necessary to promote orderly marketing, and is in the public interest.

It was proposed also that milk utilized for cream and for mixtures of cream and milk (or skim milk), in Class I milk be priced during the same period in relation to other Class I milk at the price differential provided by § 975.6 (b) (1) of the order. However, because of the substantial difference between the price of cream made from producer milk and the price of cream available from outside sources that would be caused currently from such a "floor" and because of the nature of cream handling in the Cleveland market, it is not considered appropriate to establish at this time a fixed minimum price on milk for such use. On the other hand, with the low percentage of producer milk so utilized the fixing of a specified price level for milk for such use would have only minor effect on the uniform price.

(2) An emergency exists which requires that action be taken promptly to amend the order, as amended, to effectuate the findings and conclusions set forth above without allowing time for a recommended decision by the Assistant Administrator, Production and Marketing Administration, and the filing of exceptions thereto. The due and timely execution of the functions of the Secretary of Agriculture under the Act imperatively and unavoidably requires the omission of such recommended decision and the filing of exceptions thereto. The testimony shows that under the prevailing conditions the decline in the Class I price is now seriously threatening the supply of milk for the marketing area. Any further delay in effectuating the needed changes in the order, as amended, would seriously threaten an adequate supply of pure and wholesome milk for the Cleveland market, and would be contrary to the public interest.

(3) *General.* (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity, specified in the marketing agreement upon which a hearing has been held; and

(c) The prices calculated to give milk produced for sale in the said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest.

Rulings on proposed findings and conclusions. Written arguments and proposed findings and conclusions submitted on behalf of interested persons were considered, along with the evidence in the record, in making the findings and reaching the conclusions herein set forth. To the extent that the proposed findings and conclusions differ from the findings and conclusions contained herein, the specific or implied requests to make such findings are denied because of the reasons stated in support of the findings and conclusions in this decision.

Determination of representative period. The month of September 1948 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area, in the manner set forth in the attached amending order is approved or favored by pro-

ducers who during such representative period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as amended.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled "Order Amending the Order, As Amended, Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area" and "Marketing Agreement Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the attached order amending the order, as amended, which will be published with the decision.

This decision filed at Washington, D. C., this 24th day of December 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order,[1] *Amending the Order, as Amended, Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area*

§ 975.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary to and in addition to the findings and determinations made in connection with the issuance of this order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders (7 CFR, Supps., 900.1 et seq.), a public hearings was held December 7, 1948, upon a proposed amendment to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to §§ 2 and 8e of the act are not reasonable in view of the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Cleveland, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 975.6 (b) (1) and substitute therefor the following:

(1) Add to the basic formula price the following amount for the delivery period indicated: May and June, $0.85; September, October, November, December, January, and February, $1.15; and all others, $1.00: *Provided,* That in no event shall the price for Class I milk (other than that described in the second proviso of this subparagraph) be lower than $4.80 from the effective date of this amendment through February 1949; and not lower than $4.58 for the delivery period of March 1949: *And provided further,* That the minimum price of sweet or sour cream, or of any mixture of cream and milk (or skim milk), in Class I milk shall be the price computed pursuant to this subparagraph prior to the application of the above proviso, less 15 cents.

[F. R. Doc. 48-11373; Filed, Dec. 29, 1948; 9:15 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended governing proceedings to formulate marketing agreements and orders have been met.

Bureau of Entomology and Plant Quarantine

[7 CFR, Part 301]

NOTICE OF PROPOSED AMENDMENT OF REGULATIONS SUPPLEMENTAL TO QUARANTINE NO. 58 RELATING TO PUERTO RICAN FRUITS AND VEGETABLES

PREFLIGHT INSPECTION IN PUERTO RICO OF AIRCRAFT, CARGO, ETC.

Notice is hereby given under section 4 (a) of the Administrative Procedure Act (5 U. S. C. 1003 (a)) that the Secretary of Agriculture of the United States, pursuant to section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161), proposed to amend the regulations supplemental to quarantine No. 58 relating to Puerto Rican fruits and vegetables (7 CFR Cum. Supp. 301.58–1 through 301.58–14) by adding thereto a new section reading as follows:

§ 301.58–15 *Special provisions for preflight inspection in Puerto Rico of aircraft, cargo, etc.* Notwithstanding any other provisions in the regulations in this part, any aircraft proceeding from Puerto Rico to or through any other Territory, State, or District of the United States, and its cargo and stores, and the baggage and other personal belongings of its passengers and crew members, may at the discretion of an inspector, be inspected as provided in this section immediately prior to the departure of such aircraft from Puerto Rico, in lieu of inspection at port of debarkation, and the provisions of §§ 301.58–4 and 301.58–6 through 301.58–12 shall not apply to such aircraft, cargo, stores, baggage, and personal belongings which are so inspected. When such aircraft, cargo, stores, baggage, and personal belongings have been so inspected and found free of articles or insects, the movement of which is prohibited by § 301.58 and the regulations in this part, the inspector shall issue a certificate to that effect for delivery to the aircraft commander as evidence for later presentation at the port of debarkation that such inspection has been made. Any aircraft found upon such preflight inspection to contain or to be contaminated with any articles or injurious insects, the movement of which is prohibited by § 301.58 and the regulations in this part, shall be disinfected by the person in charge or in possession of such aircraft, under the supervision of an inspector and in manner prescribed by him, before it will qualify for such a certificate. When in the judgment of the inspector a hazard of spread of injurious insects is presented in the movement of aircraft to be given preflight inspection, disinfection of such aircraft, by the inspector or, under his supervision, by the person in charge or possession of the aircraft, may be required by the inspector before the aircraft will qualify for such a certificate. Articles authorized movement in § 301.58–3 must be inspected and certified, or otherwise approved by the inspector for movement, before being taken aboard any aircraft as cargo, stores, baggage, or otherwise, when such aircraft is to be given preflight inspection, and must in other respects comply with the requirements of §§ 301.58–3 and 301.58–5 except in so far as contrary provision is made in this section.

The purpose of the amendment will be to authorize the preflight inspection and certification at the port of embarkation in Puerto Rico of aircraft proceeding to other Territories, States, or Districts of the United States, and the cargo, etc. of

such aircraft, and otherwise to facilitate compliance by operators of aircraft so inspected with the requirements of the regulations supplemental to quarantine No. 58 relating to Puerto Rican fruits and vegetables. At the present time, the regulations in this part permit inspection and clearance of aircraft only at the port of debarkation outside of Puerto Rico.

All persons who desire to submit written data, views, or arguments in connection with this proposal should file them with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, Washington 25, D. C., within 10 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 24th day of December 1948. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

NOTICES

DEPARTMENT OF THE TREASURY

United States Coast Guard

[CGFR 48-71]

DESCRIPTION OF ORGANIZATION AND FUNCTIONS

SECTION 1. *Authority and functions*—(a) *Authority.* Pursuant to the act of January 28, 1915, (38 Stat. 800; 14 U. S. C. 1), as amended, the Coast Guard is constituted a military service and at all times constitutes a branch of the land and naval forces of the United States, operating under the Treasury Department in time of peace and as a part of the Navy in time of war, or whenever the President shall so direct.

(b) *Functions.* The functions of the Coast Guard embrace in general terms maritime law enforcement, saving and protecting life and property, safeguarding navigation on the high seas and navigable waters of the United States, and readiness for military operations.

SEC. 2. *General organization* — (a) *Basic organization.* The Coast Guard basic organization pattern reflects an assignment of military and administrative authority and responsibility among Coast Guard Headquarters, the District Offices, and individual units in the field. Duties of the Coast Guard are in most instances actually performed by individual operating units such as ships; aircraft; air, light, radio, and lifeboat stations; captain of the port offices; marine inspection offices; and individual logistics units such as recruiting, receiving, and training stations; repair yards; and electronic repair shops. A district office provides central direction and coordination of the performance of duties by individual field units located within the geographical limits of the district. Headquarters plans, supervises, and coordinates the activities of the several districts and gives immediate direction to specific units in the field where such units report directly to Headquarters although located within the geographical limits of a particular district.

(b) *Chain of command.* The chain of administrative and military command ordinarily runs from the Commandant to the District Commander, and in turn from the District Commander through the Group (or Section) Commander if there be one to the commanding officer or officer in charge of a particular operating or logistics unit. In the case of units reporting directly to Headquarters, the chain of command runs directly from the Commandant to the commanding officer of the unit.

(c) *Administrative staffs.* Administrative staffs are provided to assist the Commandant and the District Commanders in discharging their responsibilities. Any authority which these officers have is derived from the Commandant or the District Commander.

SEC. 3. *Central Organization*—(a) *Commandant.* The commandant, U. S. Coast Guard, acts as chief of the Coast Guard and is charged with the administration of the Coast Guard. His authority is derived from statutes, regulations issued pursuant thereto, executive orders, and proclamations which cover the finality of decisions made by him. The Commandant is appointed by the President, by and with the advice and consent of the Senate, for a period of 4 years, and may be reappointed for further periods of 4 years each. He is selected from the active list of line officers not below the grade of commander.

(b) *Assistant Commandant.* The Assistant Commandant performs duties as prescribed by the Commandant and acts as Commandant during the absence or disability of that officer or in the event there is a vacancy in the Office of the Commandant. The Assistant Commandant, upon recommendation of the Commandant, is appointed by the President, by and with the advice and consent of the Senate, for a period of 4 years, unless sooner relieved by the President. He is selected from the active list of line officers not below the grade of commander.

(c) (1) *Headquarters.* The central office of the Coast Guard, officially designated Headquarters, U. S. Coast Guard, is located at 1300 E Street NW., Washington 25, D. C. The Headquarters organization consists of the Commandant's immediate office and the following operational and logistic offices: Office of Engineering; Office of Finance and Supply; Office of Merchant Marine Safety; Office of Operations; and Office of Personnel.

(2) *Office of Commandant.* The immediate Office of the Commandant consists of the Assistant Commandant, a Planning and Control Staff, a Coordinator of Interdepartmental and International Affairs, a Chief Examiner, and the following divisions: Public Information Division; Headquarters Administration Division; Intelligence and Law Enforcement Division; Inspection Division; and Legal Division. The Planning and Control Staff plans programs, policies and legislation, and determines the personnel and financial requirements, and the facilities for the Service. The head of the staff is the Chief, Planning and Control Staff, who is appointed by the Commandant from the active list of line officers. The Planning and Control Staff consists of: Administrative Management Division; Budget Division; and Program Planning Division.

(3) *Office of Engineering.* The Office of Engineering directs those logistical activities of the Service that are of an engineering character including the design, construction, repair, maintenance, and alteration of vessels, aircraft, aids to navigation, shore establishments, machinery, electronic equipment, and utilities. This office is headed by the Engineer-in-Chief, who is appointed by the President, by and with the advice and consent of the Senate, for a period of 4 years and who may be reappointed for further periods of 4 years each. The Engineer-in-Chief is selected from the active list of engineering officers not below the grade of commander. It consists of the following divisions all of which, as implied by their names, perform immediate duties in furtherance of the general responsibilities of the Chief of the Office: Aeronautical Engineering Division; Civil Engineering Division; Electronics Engineering Division; Naval Engineering Division; Testing and Development Division.

(4) *Office of Finance and Supply.* The Office of Finance and Supply directs those logistic functions of the Service that relate to the disbursement of funds and the maintenance of accounts, and to the procurement, storage, and distribution of equipment, supplies and services. This office is headed by the Chief, Office of Finance and Supply, who is appointed by the Commandant from the active list of line officers. It consists of the following divisions, all of which is implied by their names, perform immediate duties in furtherance of the general responsibilities of the Chief of the Office: Accounting Division; Supply Division.

(5) *Office of Merchant Marine Safety.* The Office of Merchant Marine Safety directs the program for prevention of marine casualties, including the inspection of merchant vessels to insure compliance with established standards, approval of vessel plans and equipment, and the development and application of standards for merchant marine personnel. This office is headed by the Chief, Office of Merchant Marine Safety, who is appointed by the Commandant from the active list of line officers. It con-

sists of the following divisions, all of which, as implied by their names, perform immediate duties in furtherance of the general responsibilities of the chief of the office: Merchant Vessel Personnel Division; Merchant Marine Technical Division; Merchant Vessel Inspection Division.

(6) *Office of Operations.* The Office of Operations directs those operations of the Service which involve the saving of life and property, law enforcement and general patrol functions, including search and rescue; aid to vessels in distress; flood relief; distress, safety, and other communications; and ocean stations; supervises the aids to navigation program; and provides for the operational readiness of the Service. This office is headed by the Chief, Office of Operations, who is appointed by the Commandant from the active list of line officers. It consists of the following divisions, all of which, as implied by their names, perform immediate duties in furtherance of the general responsibilities of the chief of the Office: Aids to Navigation Division; Aviation Division; Communications Division; Floating Units Division; Ordnance, Gunnery, and Readiness Division; Shore Units Division.

(7) *Office of Personnel.* The Office of Personnel directs those logistic functions of the Service that are of a personnel character including the procurement, training, assignment, and separation of personnel; the provision of medical and morale services and the administration of the Coast Guard Reserve and the Coast Guard Auxiliary programs. This office is headed by the Chief, Office of Personnel, who is appointed by the Commandant from the active list of line officers. It consists of the following divisions, all of which, as implied by their names, perform immediate duties in furtherance of the general responsibilities of the chief of the office: Civilian Personnel Division; Enlisted Personnel Division; Medical Division; Military Morale Division; Officer Personnel Division; Reserve and Auxiliary Division; Training and Procurement Division.

(d) *Intra- and Inter-Agency Committees*—(1) *Search and Rescue Agency.* The Search and Rescue Agency, which was established during the war at the request of the Joint Chiefs of Staff, functions under the Coast Guard with the Commandant acting as the Head, assisted by a board of representatives from the Air Force, Army, and Navy. Routine administration is carried out under the immediate supervision of the Executive Assistant to the Head. The Search and Rescue Agency is charged with conducting joint studies and assembling and disseminating information with respect to search and rescue equipment, methods and facilities.

(2) *Merchant Marine Council.* (i) The Merchant Marine Council is a deliberative body which considers proposed merchant marine regulations, type approvals of equipment, and such other matters as the Commandant may refer to it, conducts public hearings when so directed by the Commandant and generally provides a forum where problems concerning the public and maritime industry may be considered. The Council is a body to advise the Commandant as to policy matters and it has no operating responsibility or authority.

(ii) The members of the Merchant Marine Council are the Commandant; Chief, Office of Merchant Marine Safety, Chairman; Assistant Chief, Office of Merchant Marine Safety, Vice-Chairman; Chiefs of Divisions of the Office of Merchant Marine Safety; and such additional officials as the Commandant may designate. The Chief, Office of Merchant Marine Safety, shall provide a secretariat for the Merchant Marine Council from the personnel assigned to his office. The Chief Counsel, U. S. Coast Guard is the legal adviser for the Merchant Marine Council.

(iii) Those members of the Council who are assigned to duty at Coast Guard Headquarters constitute a Committee of the Council. The Committee reviews proposed regulations and type approvals to be considered by the Council, prepares the agenda for regular sessions of the Council, and considers other matters referred to it by the Commandant.

(iv) The Merchant Marine Council is assisted by panels of consultants selected for their ability in particular phases of the merchant marine industry. Panel members are appointed by the Commandant upon the recommendation of the Merchant Marine Council or Committee of the Council. Each panel has a chairman who is designated by the Commandant. The meetings are held at the request of the Merchant Marine Council, upon the initiative of the chairman of the panel, or at the request of the panel members. Panels may also be invited to participate in Merchant Marine Council discussion. The panels may furnish the Council with recommendations concerning maritime matters upon request from the Council or upon their own initiative.

SEC. 4. *Field organization*—(a) *General description.* The United States, its territories and possessions, are divided into Coast Guard Districts which are identified by a number. The central office for each district is known as the Coast Guard District Office. The various Coast Guard vessels and shore units come under the cognizance of the district in which geographically located, except for certain special units discussed in section 4 F.

(b) *Coast Guard districts and offices.* The Coast Guard districts comprise the areas indicated and have offices as specified in the table as follows:

COAST GUARD DISTRICT AND ADDRESS OF COAST GUARD DISTRICT OFFICE

Coast Guard district	Comprises	Address of Coast Guard district office
First	Maine; New Hampshire; Vermont except the countries of Orleans, Franklin, Grand Isle, Chittenden, and Addison; Massachusetts; Rhode Island; all U. S. Naval reservations on shore in Newfoundland.	1400 Customhouse, Boston 13, Mass.
Second	West Virginia; Kentucky; Tennessee; Oklahoma; Kansas; Nebraska; North Dakota; South Dakota; Iowa; Missouri; Pennsylvania south of latitude 41° N. and west of longitude 79° W; those parts of Ohio and Indiana south of latitude 41° N.; Illinois, except that part north of latitude 41° N. and east of longitude 90° W; Wisconsin south of latitude 46°20′ N. and west of longitude 90° W.; Minnesota south of latitude 46°20′ N.; and those parts of Arkansas, Mississippi, and Alabama north of latitude 34° N.	232 Old Customhouse, 8th and Olive Sts., St. Louis 1, Mo.
Third	The counties of Orleans, Franklin, Grand Isle, Chittenden, and Addison in Vermont; Connecticut; New York, except that part north of latitude 42° N. and west of longitude 74°39′ W.; New Jersey; Pennsylvania east of longitude 79° W.; Delaware, including Fenwick Island.	42 Broadway, New York 4, N. Y.
Fifth	Maryland, Virginia, North Carolina, and the District of Columbia.	Box 540, New Post Office Bldg., Norfolk 1, Va.
Seventh	South Carolina and Georgia; Florida, except that part west of the Apalachicola River; Panama Canal Zone; all of the island possessions of the United States pertaining to Puerto Rico and Virgin Islands; and all United States naval reservations in the islands of the West Indies and on the north coast of South America.	P. O. Box 378, Coconut Grove Station, Miami 33, Fla. (Dinner Key.)
Eighth	Texas and Louisiana; those parts of Alabama, Mississippi, and Arkansas south of latitude 34° N.; and that part of Florida west of the Apalachicola River.	P. O. Box 282, New Orleans 9, La. (Customhouse).
Ninth	Michigan; New York north of latitude 42° N. and west of longitude 74°39′ W.; Pennsylvania north of latitude 41° N. and west of longitude 79° W.; those parts of Ohio and Indiana north of latitude 41° N.; Illinois north of latitude 41° N. and east of longitude 90° W.; Wisconsin, except that part south of latitude 46°20′ N. and west of longitude 90° W.; and Minnesota north of latitude 46°20′ N.	1700 Keith Bldg., Cleveland 15, Ohio.
Eleventh	New Mexico and Arizona; Clark County in Nevada; and the southern part of California comprising the counties of Santa Barbara, Kern and San Bernardino, and all counties south thereof.	706 Times Bldg., Long Beach 2, Calif.
Twelfth	Colorado and Utah; Nevada, except Clark County; and the northern part of California comprising the counties of San Luis Obispo, Kings, Tulare, and Inyo, and all counties north thereof.	907 Appraisers Bldg., 630 Sansome St., San Francisco 26, Calif.
Thirteenth	Washington, Oregon, Idaho, Montana, Wyoming, and the Territory of Alaska.	New World Life Bldg., 618 Second Ave., Seattle 4, Wash.,
Fourteenth	Territory of Hawaii; and the Pacific Islands belonging to the United States west of longitude 140° W. and south of latitude 42° N.	P. O. Box 4010, Honolulu, T. H. (Federal Building).

(c) *District Organization*—(1) *District Commander.* The head of each Coast Guard district, with headquarters as indicated above, is officially designated as "Commander, _____ Coast Guard District." The district commander is also the captain of the port for the ports and adjacent navigable waters of the United States within the bounds of his district. Final authority for the performance within the confines of his district of the Coast Guard responsibilities

and activities listed in Section 1 B is delegated to the district commander by the Commandant.

(2) *Chief of Staff.* The chief of staff performs duties as prescribed by the district commander and acts as district commander during the absence or disability of that officer, or in the event there is a vacancy in the office of the district commander.

(3) *District Office.* The immediate office of the district commander consists of the chief of staff, the director of the auxiliary, and the intelligence and law enforcement officer. In addition to the district commander's immediate office, the district office organization consists of the following operational and logistic divisions: Engineering Division; Finance and Supply Division; Operations Division; Merchant Marine Safety Division; and Personnel Division. The subdivisional organization of the district office parallels that of Headquarters.

(4) *Obtaining information.* Requests for services of operating units for the enforcement of law, patrol of regattas or marine parades, rescue of persons or property, etc., and for general information concerning Coast Guard functions, should be made to the appropriate district commander.

(d) *Marine inspection offices*—(1) *Location.* For purposes of administering the marine inspection activities, local marine inspection offices are established within the several Coast Guard districts. Each such office is responsible for inspectional activities within the adjacent geographical area. The location of these offices and the Coast Guard district in which located are specified as follows:

COAST GUARD DISTRICT, MARINE INSPECTION OFFICE, AND ADDRESS

Marine Inspection Office and Address

First Coast Guard District

Boston: 447 Commercial Street, Boston, Mass.
Portland: 76 Pearl Street, Portland 3, Maine.
Providence: 409 Federal Building, Providence 3, R. I.

Second Coast Guard District

St. Louis: 216 Old Customhouse, St. Louis 1, Mo.
Cairo: 425–427 New Post Office Building, Cairo, Ill.
Cincinnati: 748 Federal Building, Fifth and Main Streets, Cincinnati 2, Ohio.
Dubuque: 301 Post Office and Court House Building, Dubuque, Iowa.
Louisville: 606 Federal Building, Louisville 2, Ky.
Memphis: 322 Customhouse, Memphis 3, Tenn.
Nashville: 1018 Stahlman Building, Nashville 3, Tenn.
Pittsburgh: 1215 Park Building, Pittsburgh 22, Pa.
Point Pleasant: Post Office Building, Point Pleasant, W. Va.

Third Coast Guard District

New York: 42 Broadway, New York 4, N. Y.
Albany: 313 Federal Building, Albany 1, N. Y.
New London: 302 New Post Office Building, New London, Conn.
Philadelphia: 801 Customhouse, Second and Chestnut Streets, Philadelphia 6, Pa.

Fifth Coast Guard District

Norfolk: 204 Customhouse, Norfolk 1, Va.
Baltimore: 209 Chamber of Commerce Building, Baltimore, Md.

Seventh Coast Guard District

Miami: 501 Professional Building, Miami 32, Fla.
Charleston: 32 Customhouse, Charleston 3, S. C.
Jacksonville: 210 Federal Building, Jacksonville 1, Fla.
San Juan: Federal Building, San Juan, P. R.
Savannah: 205 Customhouse, Savannah 12, Ga.
Tampa: 406 Federal Building, Tampa 2, Fla.

Eighth Coast Guard District

New Orleans: 311 Customhouse, New Orleans 16, La.
Corpus Christi: 919 Jones Building, Corpus Christi, Tex.
Galveston: 232 Customhouse, Seventeenth Street and Avenue B, Galveston, Tex.
Houston: 310 Appraisers Store Building, 7300 Wingate Street, Houston 11, Tex.
Mobile: Federal Building, St. Louis and Michaels Streets, Mobile 2, Ala.
Port Arthur: 410 Bluestein Building, Port Arthur, Tex.

Ninth Coast Guard District

Cleveland: 1600 Keith Building, Cleveland 15, Ohio.
Buffalo: 440 Federal Building, Buffalo 3, N. Y.
Chicago: Customhouse, 610 Canal Street, Chicago 7, Ill.
Detroit: 430 Federal Building, Detroit 26, Mich.
Duluth: 311 Federal Building, Duluth 2, Minn.
Ludington: National Bank Building, Ludington, Mich.
Milwaukee: 533 Federal Building, Milwaukee 2, Wis.
Oswego: 205 Federal Building, Oswego, N. Y.
St. Ignace: Municipal Building, 396 North State Street, Saint Ignace, Mich.
Toledo: 402 Courthouse and Customhouse, Toledo 2, Ohio.

Eleventh Coast Guard District

Long Beach: 1119 Times Building, Long Beach 2, Calif.

Twelfth Coast Guard District

San Francisco: 227 Appraisers Building, 630 Sansome Street, San Francisco, Calif.

Thirteenth Coast Guard District

Seattle: New World Life Building, Seattle 4, Wash.
Ketchikan: Federal Building, Ketchikan, Alaska.
Portland: 1005 Failing Building, Portland 4, Oreg.

Fourteenth Coast Guard District

Honolulu: 210 Federal Building, Honolulu, T. H.

(2) *Functions.* Each local marine inspection office is headed by an Officer in Charge, Marine Inspection, designated by the Commandant of the Coast Guard, who is responsible for the immediate direction of the marine inspection functions consisting of factory and shipyard inspections, inspection of vessels in order to determine that they comply with the applicable laws, rules, and regulations relating to safe construction, equipment, manning, and operation and that they are in a seaworthy condition for the services in which they are operated; the investigation of marine casualties and accidents and acts of negligence, incompetence, and misconduct committed by merchant vessel personnel; and the licensing, certificating, shipment and discharge of seamen; and the enforcement of vessel inspection, navigation, and seamen's laws in general in the areas over which he has jurisdiction. Final authority for the performance of these functions is vested in the officer in charge, marine inspection. He is also delegated authority to prescribe distinctive lights for ferryboats operated by different companies. Upon appeal, his decisions may be reviewed by the district commander, and may be further appealed to and reviewed by the Commandant.

(3) *Obtaining services or information.* (i) Requests for performance of such functions and for information as to legal requirements with which vessels must comply should be made to the appropriate marine inspection office. (ii) Matters of general information or interest to the maritime industry are published in the monthly publication, "The Proceedings of the Merchant Marine Council" which may be obtained from the Commandant, U. S. Coast Guard, Washington 25, D. C.

(e) *Boards of Marine Investigation.* A Board of Marine Investigation is appointed by the Commandant to investigate a marine casualty whenever, as a result of an investigating officer's report or for any other reason, it appears that such casualty is a major marine casualty and that further investigation would tend to promote safety of life and property at sea and would be in the public interest. A marine casualty is considered a major marine casualty whenever serious damage is indicated, or there has been loss of life or serious injury either to crew or passengers, or the circumstances or unusual conditions relating thereto are of such nature that proper investigation cannot be accomplished solely by an investigating officer. The function of such a board is to determine the cause of a particular casualty, i.e., whether due to failure of matériél or negligence of personnel, and to recommend what further action should be taken by the Coast Guard. Such boards do not have authority to order remedial or punitive action. They have power to administer oaths, summon witnesses, require persons having knowledge of the casualty to answer questionnaires, and to require the production of books, papers, documents, or any other evidence. The composition of such boards is three or more officers of the Coast Guard, usually the district commander and the officer in charge, marine inspection within whose jurisdiction the casualty occurred or was reported and one other officer. However, the Commandant may designate any three officers instead of the aforementioned.

(f) *Other district facilities*—(1) *Types.* For the purpose of discharging the various Coast Guard duties and responsibilities other than those pertaining to marine inspection, the several districts maintain and operate numerous

floating and shore facilities of various types. These include operating units such as ships; aircraft; air, light, radio, and lifeboat stations; captain of the port offices; and logistics units such as recruiting and receiving stations; repair yards; and electronic repair shops. Each of these units is headed by a commanding officer or an officer in charge to whom is delegated final authority for the performance of the law enforcement, patrol of regattas or marine parades, and search and rescue functions coming within the scope of his activities. The commanding officers or officers in charge of certain units also are Representatives of the Captain of the Port.

(2) *Obtaining services or information.* Requests for the services of operating units for the enforcement of laws, search and rescue operations, and like operations within the capabilities of the unit may be made to the commanding officer of the local unit. However, conditions may prevent his acting on such request in which case request should be made to the appropriate district commander. Local operating units are usually listed in local telephone directories.

(g) *Group and Section Commanders.* (1) Several of the district facilities, described in paragraph (f), located in close proximity to each other are occasionally organized as a group, with the head of a group having the title of Group Commander. The group commander is responsible to the district commander for the operations and activities of the Group. The commanding officers and officers in charge of the individual units making up the group are under the direction of the group commander.

(2) Outside the continental United States, all of the district facilities in a given geographic area may be organized into a section with the head of the section, the Section Commander, being responsible for the operations of all units in the section. The section is used only in those cases where a part of a district is separated from the rest of the district to an unusual extent, usually by great distance from the district office. There are presently three sections with Headquarters at Ketchikan, Alaska; San Juan, P. R.; and Guam, comprising Coast Guard activities in Alaska, the Caribbean, and Western Pacific Ocean, respectively.

(h) *Headquarters facilities.* (1) Certain logistics facilities, although within the geographical limits of the several districts, are directly under the cognizance of Headquarters. The major of these are: Coast Guard Academy, New London, Connecticut; Coast Guard Yard, Baltimore, Maryland; Coast Guard Supply Depot, Jersey City, New Jersey; Coast Guard Supply Depot, Alameda, California; Aircraft Repair and Supply Base, Elizabeth City, North Carolina; Coast Guard Training Station, Groton, Connecticut, and the various Examiner Offices. Several Merchant Marine Details located in foreign ports are likewise responsible to Headquarters. The location and address of a Headquarters' facility may be obtained from the Commandant or any Coast Guard district commander.

(2) *Examiner Offices.* Examiner offices are charged with conducting hearings in the adjudication of cases arising under Title 46 USC 239. The examiners assigned to these offices are appointed pursuant to the Administrative Procedures Act and are designated by the Commandant to hold required hearings. The examiners are under the administrative control of the Commandant and are responsible for the conduct of hearings and for the rendering of decisions upon completion of such hearings.

Dated: December 23, 1948.

[SEAL] MERLIN O'NEILL,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

Land Use District No. 32

T. 9 N., R. 3 E.	
Sec. 33, Lot 1	21.08
Total	14,177.73

Whereas no part of the land use district involved is under lease or permit to non-Indians, and

Whereas the Shoshone-Arapahoe Tribes of Indians of the Wind River Reservation require additional grazing lands to support their expanded livestock industry, and

Whereas the Superintendent of the Wind River Reservation and the Commissioner of Indian Affairs have recommended the restoration of the undisposed-of, ceded lands located within the aforesaid land use districts.

Now, therefore, by virtue of authority vested in the Secretary of the Interior by section 5 of the act of July 27, 1939 (53 Stat. 1128-1130), I hereby find that restoration to tribal ownership of the lands described above, which are classified as undisposed-of, ceded lands of the Wind River Reservation, Wyoming, and which total 14,177.73 acres more or less,

will be in the tribal interest, and they are hereby restored to tribal ownership for the use and benefit of the Shoshone-Arapahoe Tribes of Indians of the Wind River Reservation, Wyoming, and are added to and made a part of the existing Wind River Reservation, subject to any valid existing rights, and reserves. None of these lands are within any reclamation project.

WILLIAM E. WARNE,
Assistant Secretary of the Interior.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

CLEVELAND, OHIO, MILK MARKETING AREA

ORDER DIRECTING REFERENDUM; DESIGNATION OF AGENT

Order of the Secretary of Agriculture directing that a referendum be conducted among the producers supplying milk to the Cleveland, Ohio, marketing area; and designation of an agent to conduct such referendum.

Pursuant to section 8c (19) of Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, it is hereby directed that a referendum be conducted among the producers who, during the month of September 1948, which has been determined to be a representative period, were engaged in the production of milk for sale in the Cleveland, Ohio, marketing area to determine whether such producers favor the issuance of the proposed order contained in the decision issued simultaneously herewith.[1]

Howard G. Eisaman is hereby designated agent to conduct such referendum in accordance with the instructions contained in Form Dr-14 and any other supplementary instructions that may be issued by the Director or Acting Director of the Dairy Branch, Production and Marketing Administration; and such referendum shall be completed on or before the 20th day from the date set forth herein below.

Done at Washington, D. C., this 24th day of December 1948.

CHARLES F. BRANNAN,
Secretary of Agriculture.

FEDERAL POWER COMMISSION

[Dockets Nos. G-854, G-962]

ATLANTIC SEABOARD CORP.

ORDER POSTPONING HEARING IN REOPENED PROCEEDINGS

DECEMBER 23, 1948.

In the matters of Atlantic Seaboard Corporation, Virginia Gas Transmission Corporation, Docket No. G-854; and, Tennessee Gas Transmission Company, Docket No. G-962.

On September 29, 1948, the Commission reopened the above-entitled proceedings for the purpose of affording the applicant, Tennessee Gas Transmission Company (Tennessee Company), opportunity to submit, at further hearings, additional evidence in support of its amended application in Docket No. G-962 for a certificate of public convenience and necessity. The September 29, 1948 order provided that the further hearings in these proceedings be commenced on January 5, 1949.

Upon motion of the Tennessee Company, filed October 21, 1948, and pursuant to the Commission's order of October 22, 1948, further hearings were held from November 3 to November 10, 1948, for the purpose of receiving additional evidence in support of issuance of a certificate authorizing construction and operation of the so-called "G-962-A facilities," a part of the over-all facilities applied for in Docket No. G-962. In its October 21, 1948 motion the Tennessee Company proposed that the further hearing in respect to the other facilities covered by its application in Docket No. G-962, the so-called "G-962-B facilities," be deferred until January 5, 1949.

On December 7, 1948, the Commission entered an order issuing a certificate authorizing the G-962-A facilities, exclusive of the proposed 238.3 miles of 26-inch new pipeline from northeastern Kentucky into Columbiana County, Ohio. Decision regarding the new pipeline into Ohio was deferred until the further hearings scheduled for January 5, 1949.

On December 17, 1948, the Tennessee Company moved that the January 5, 1949 hearing be postponed to early in April of 1949. The Company stated that in order to make the showing required by the Commission's September 29, 1948 order, it must enter into additional gas supply contracts; that although its contract negotiations for additional supply "are well advanced," the time remaining before January 5, 1949 is insufficient for the Company to conclude these contracts and to prepare the necessary evidence for presentation at the scheduled hearing; and requested that said hearing be postponed to early April 1949.

It is appropriate that the hearings scheduled to commence on January 5, 1949, be postponed to a date and place to be fixed by further order of the Commission, giving not less than 15 days' notice of the time and place of hearing. This will permit, if future developments so warrant, reconvening the hearing prior to April 1949.

The Commission orders:

Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Natural Gas Act, as amended, particularly sections 7, 15 and 16 thereof, and the Commission's rules of practice and procedure, the further hearings scheduled to commence on January 5, 1949, be and the same are hereby postponed to a date and place to be fixed by further order of the Commission upon not less than 15 days' notice.

Date of issuance: December 23, 1948.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 48-11379; Filed, Dec. 29, 1948; 9:15 a. m.]

[Docket No. IT-5829]

ARKANSAS POWER & LIGHT CO.

ORDER SETTING ORAL ARGUMENT

DECEMBER 23, 1948.

On April 16, 1948, Arkansas Power & Light Company ("Respondent") filed a motion in this proceeding requesting *inter alia*, that it be afforded an opportunity to present oral argument on the Presiding Examiner's report. One June 15, 1948, the Commission entered an order whereby, *inter alia*, it was provided that oral argument should be held before the Commission at a time and place to be fixed by notice to the parties and staff counsel. On November 15, 1948, the Presiding Examiner's report was filed in this matter; and on December 9 and 15, 1948, exceptions thereto were filed by Interventors Arkansas Public Service Commission, National Association of Railroad and Utilities Commissioners, and Electric Power & Light Corporation, by Respondent and by the Commission's staff.

The Commission orders:

This proceeding is set for oral argument before the Commission commencing on January 10, 1949, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: December 24, 1948.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 48-11380; Filed, Dec. 29, 1948; 9:16 a. m.]

[Docket No. G-1153]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF APPLICATION

DECEMBER 22, 1948.

Notice is hereby given that on November 19, 1948, Mississippi River Fuel Corporation (Applicant), a Delaware corporation having its principal place of business at St. Louis, Missouri, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct, install and operate certain natural-gas transmission facilities described as follows:

Transmission Line No. 2[1]

(1) Seven (7) new compressor stations and additions to three (3) existing compressor stations, together with necessary appurtenances and equipment, having

[1] See F. R. Doc. 48-11373, under Department of Agriculture in the Proposed Rule Making section, *supra*.

[1] Authorized at Docket Nos. G-713 and G-863.

approximate horsepower and locations as follows:

Station	H. P.	Location
1	[1] 5,000	Near Perryville, Ouachita Parish, La.
2	5,000	Near Crossett, Ashley County, Ark.
3	12,000	Near Glendale, Lincoln County, Ark.
4	5,000	Near Sherrill, Jefferson County, Ark.
5	[1] 9,000	Near West Point, White County, Ark.
6	5,000	Near Diaz, Jackson County, Ark.
7	9,000	Near Biggers, Randolph County, Ark.
8	4,000	Near Neelyville, Butler County, Ark.
9	[1] 6,000	Near Fredericktown, Madison County, Mo.
10	5,000	Near Prairie du Rocher, Randolph County, Ill.
	65,000	

[1] In addition to horsepower authorized at Docket No. G-863.

(2) Regulating and metering stations to be located where necessary.

Transmission Line No. 3

(3) (a) Approximately 205.5 miles of 26-inch O. D. natural gas transmission pipeline, and 7.5 miles of 12-inch O. D. pipeline for river crossings, together with appurtenances thereto, extending from a point of interconnection at Applicant's proposed Line No. 3 Compressor Station No. 7, near Freeburg, Illinois, to Natural Gas Pipe Line Company of America's Compressor Station No. 10 in Henry County, Illinois.

(b) *Alternate proposal.* Approximately 235.5 miles of 26-inch O. D. natural gas transmission pipeline and 7.5 miles of 12-inch pipeline for river crossings, together with appurtenances thereto, extending from a point of interconnection at Applicant's proposed Line No. 3 Compressor Station No. 7, near Freeburg, Illinois, to a point near Joliet, Illinois.

(4) Approximately 434.5 miles of 26-inch O. D. natural gas transmission pipeline, and 52.5 miles of 12-inch pipeline for river crossings, together with appurtenances thereto, extending from a point in the vicinity of Farmerville, Union Parish, Louisiana, to Applicant's proposed Line No. 3 Compressor Station No. 7.

(5) (a) Nine (9) new compressor stations, together with necessary appurtenances and equipment, having approximate horsepower and locations as follows:

Station	H. P.	Location
1	11,000	Near Farmerville, Union Parish, La.
2	14,400	Near Monticello, Drew County, Ark.
3	14,400	Near St. Charles, Arkansas County, Ark.
4	14,440	Near Earle, Crittenden County, Ark.
5	14,400	Near Kennett, Dunklin County, Mo.
6	14,400	Near Cape Girardeau, Girardeau County, Mo.
7	14,400	Near Freeburg, St. Clair County, Ill.
8	14,400	Near Nortonville, Morgan County, Ill.
9	14,400	Near Fairview, Fulton County, Ill.
	126,200	

Station	H. P.	Location
1 to 7	Same as above	
8	14,400	Near Thomasville, Montgomery County, Ill.
9	14,400	Near Bloomington, McLean County, Ill.

(6) Approximately 17 miles of 22-inch O. D. natural gas transmission pipeline connecting Applicant's Line No. 2 at a point near Columbia, Illinois, with Applicant's proposed Line No. 3 Compressor Station No. 7 near Belleville, Illinois.

(7) Regulating and metering stations at the inter-connections between main transmission lines.

The application states that Applicant proposes to construct the above-described facilities in two steps, as follows:

Step 1. (a) In this step Applicant proposes separately to operate the complete loop authorized at Docket Nos. G-713 and G-863 (referred to above as Transmission Line No. 2) and to install on such separate line the new compressor stations and additional compressor units totaling 65,000 H.P. described in paragraph (1) above. This separate line will operate at approximately 700 lbs. discharge pressure and will connect with Applicant's Alton Line at its Columbia Measuring Station near Columbia, Illinois.

(b) The facilities described in paragraph (6) above will then be constructed. The Compressor Station No. 7, described in paragraph (5) above, will initially have installed 4,800 horsepower compressor facilities.

(c) From the Line No. 3 Compressor Station No. 7 Applicant will then construct the pipe-line facilities described in paragraphs (2) and (3), above.

Step 2. Immediately upon the completion of construction of the facilities proposed in Step 1, or whenever the necessary pipe therefor is available but not later than such a time as will permit completion in 1954, Applicant proposes to construct the facilities described in paragraphs (4), (5) and (7), above.

The application states that upon the completion of the facilities proposed in Step 1, Applicant will have available for its existing market area approximately 316,000 Mcf and for communities in northern Illinois approximately 100,000 Mcf of gas per day. Applicant contemplates that with present arrangements for the procurement of pipe and other facilities, Step 1 can be started in the summer of 1951 and can be completed by November 1, 1951.

The application further recites that upon the completion of both the Step 1 and Step 2 construction, Applicant's transmission system will then consist of three main lines, two of which will serve the St. Louis, Missouri, Metropolitan area and the third of which will serve the northern part of Illinois. The proposed Transmission Line No. 3, extending from Louisiana into northern Illinois, will have a sales capacity of 350,000 Mcf per day at its northern terminus. The total sales capacity of Applicant's three main transmission lines will then be 766,000 Mcf per day.

The estimated total over-all capital cost of the proposed facilities is $89,902,250. In the event the alternate facilities will be constructed, the cost is estimated at $91,933,680. Applicant's plans for financing the proposed project have not been definitely evolved. Present tentative plans are to finance by additions to debt and issuance of capital stock.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of section 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Mississippi River Fuel Corporation is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 and 1.10, whichever is applicable, of the rules of practice and procedure.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-1159]

UNITED NATURAL GAS CO.

ORDER INSTITUTING RATE INVESTIGATION

DECEMBER 20, 1948.

United Natural Gas Company (United Natural) owns and operates a natural-gas transmission pipeline system located in the States of Pennsylvania and Ohio, and by such operations is engaged in the transportation and sale of natural gas in interstate commerce for resale for ultimate public consumption, subject to the jurisdiction of the Commission, and is, therefore, a "natural-gas company" within the meaning of the Natural Gas Act, as heretofore found by the Commission in its order of March 30, 1943, in Docket No. G-328 (3 FPC 959).

By letter of June 12, 1947, the Commission advised United Natural as follows:

"The Commission has directed that an informal investigation be made of the interstate wholesale rates (including rate structure), the accounts, and the operations of United Natural Gas Company. This action is in accordance with the policy of the Commission to make a field examination from time to time, of the rates, subject to its jurisdiction, of natural gas companies as defined in the Natural Gas Act."

By the same letter the Commission also advised United Natural that the informal investigation would commence on or about June 23, 1947. The informal investigation did commence on June 23,

1947, and since then has been continuously in progress.

By letters of October 27 and November 24, 1948, the Public Service Commission of the State of New York has advised this Commission that the Iroquois Gas Corporation (Iroquois), which company is supplied with over 80 percent of its gas requirements by United Natural, an affiliate, proposes to increase its rates for gas to consumers of the State of New York and that such consumers, together with certain communities have an interest in the rates proposed to be charged by Iroquois. The Public Service Commission of the State of New York therefore requests this Commission to institute such action as may be necessary to fix just and reasonable rates for the gas supplied by United Natural to Iroquois.

On the basis of data presently available to the Commission as a result of such informal investigation, and the advice of the Public Service Commission of the State of New York, the rates, charges, services or classifications for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission by United Natural may be unjust, unreasonable, unduly discriminatory or preferential.

The Commission further finds:

It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that a formal investigation now be instituted by the Commission into and concerning any rate, charge, service or classification, demanded, observed, charged or collected by United Natural Gas Company, for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission, and any rule, regulation, practice or contract affecting such rate, charge, service or classification.

The Commission, on its own motion, *orders:*

A formal investigation be and it hereby is instituted for the purpose of enabling the Commission:

(A) To determine whether any rate, charge, service or classification demanded, observed, charged or collected by United Natural Gas Company for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission or any rule, regulation, practice or contract affecting such rate, charge, service, or classification, is unjust, unreasonable, unduly discriminatory or preferential.

(B) If, after hearing, it shall find that any of such rates, charges, services, classifications, rules, regulations, practices or contracts are unjust, unreasonable, unduly discriminatory or preferential, to determine and fix by appropriate order or orders, just, reasonable, nondiscriminatory or non-preferential rates, charges, services, classifications, rules, regulations, practices or contracts to be thereafter observed and in force.

Date of issuance: December 21, 1948.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 71-2]

MISSISSIPPI POWER & LIGHT CO.

NOTICE OF FILING OF PROPOSALS FOR THE DISPOSITION OF ADJUSTMENTS RELATING TO GAS PLANT

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 23rd day of December A. D. 1948.

Notice is hereby given that Mississippi Power & Light Company ("Mississippi") an electric and gas utility subsidiary of Electric Power & Light Corporation ("Electric") which is a registered holding company subsidiary of Electric Bond and Share Company ("Bond and Share"), also a registered holding company, has filed studies, and amendments thereto, relative to the original cost and reclassification of its gas plant accounts as of December 31, 1936, including proposals for the disposition of adjustments relating to gas plant pursuant to Rule U-27 of the general rules and regulations promulgated under the Public Utility Holding Company Act of 1935.

Notice is further given that any interested person may, not later than January 7, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law raised by said proposals intended to be controverted, or may request that he be notified should the Commission order a hearing thereon. Any such request should be addressed as follows: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after January 7, 1949, the Commission may take such action as may be deemed appropriate with respect to the matters herein concerned.

All interested persons are referred to said studies which are on file in the offices of the Commission for a statement of the adjustments therein proposed, which are summarized as follows:

Mississippi filed its original cost and reclassification studies of its gas plant, on February 24, 1947, in accordance with Plant Instruction 2-D of the Uniform System of Accounts recommended by the National Association of Railroad and Utilities Commissioners for gas companies (which system of accounts has been made applicable by Rule U-27). Prior to the filing of such studies for its gas plant, Mississippi had disposed of a total of $9,452,080.53 of inflationary items included in its gas and electric plant accounts in Account 107—Plant Adjustments—pursuant to orders of the Federal Power Commission, and had put into effect a plan for amortization of the

excess of acquisition cost of its electric properties over the original cost thereof. Pursuant to an order of this Commission, dated August 21, 1944, Mississippi established a contingency reserve in the amount of $120,000.00, by a charge to earned surplus, to be available for the disposition of capitalized intra-system profits contained in its gas plant accounts. In compliance with the order of this Commission, Mississippi also began accruals, on January 1, 1944, through charges to Account 537—Miscellaneous Amortization and concurrent credits to Account 252—Reserve for Amortization of Utility Plant Acquisition Adjustments, of an amount during each calendar year of not less than one-fifteenth of $404,000.00 or $26,933.33 in order to provide for the disposition of the then estimated amount of gas plant acquisition adjustments.

The staff of the Commission has made a field examination and has filed its report in connection therewith, copies of which report were submitted to the Company. Mississippi has amended its studies so as to give effect to the recommendations contained in the staff's report and now proposes to classify the amount of $462,771.70 in Account 108.5—Gas Plant Acquisition Adjustments, instead of the $404,000.00 previously estimated and an additional amount of $47,465.36 in Account 107—Plant Adjustments (over and above the amounts previously reclassified to Account 107 and disposed of pursuant to orders of this Commission and the Federal Power Commission).

Mississippi proposes that the annual charges of $26,933.33 to Account 537—Miscellaneous Amortization with concurrent credits to Account 252—Reserve for Amortization of Utility Plant Acquisition Adjustments be continued for a longer period than the fifteen years ordered by this Commission on August 21, 1944, such additional period to be that required to accumulate a total of $462,771.70 in the reserve, rather than the amount of $404,000.00 which was previously covered by the Commission's order.

Mississippi further proposes to dispose of the balance of $47,465.36, pending disposition in Account 107, by a charge of $10,270.14 to Account 271—Earned Surplus, and $37,195.22 to Account 250—Reserve for Depreciation of Gas Plant.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 48-11382; Filed, Dec. 29, 1948; 9:16 a. m.]

[File No. 70-2012]

THE SOUTHERN CO., AND MISSISSIPPI POWER CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 23d day of December 1948.

The Southern Company ("Southern"), a registered holding company and a wholly owned subsidiary of The Commonwealth & Southern Corporation, also a registered holding company and Mississippi Power Company ("Mississippi"), a direct public utility subsidiary of Southern, having filed a joint application-declaration and amendments thereto pursuant to sections 6 (a), 7, 9 (a), 10 and 12 (f) of the Public Utility Holding Company Act of 1935 (the act) and Rule U-43 promulgated thereunder with respect to the following proposed transactions:

Mississippi proposes to issue and sell an aggregate of $1,000,000 principal amount of new First Mortgage Bonds, 3⅛% series, due 1978, to be dated as of April 1, 1948, and to be issued under and secured by Mississippi's present indenture dated as of September 1, 1941, as supplemented by indentures dated as of September 1, 1946, August 1, 1947, and April 1, 1948. The bonds will be sold for cash at private sale to institutional investors at 98.58% of the principal amount thereof, plus accrued interest from October 1, 1948, to the date of delivery. Mississippi also proposes, prior to the issuance of the bonds, to issue and sell to Southern, and Southern proposes to purchase from Mississippi, 50,000 additional shares of the authorized but unissued common stock without par value of Mississippi, for $1,000,000. The proceeds from the sale of the new bonds and common stock of Mississippi will be used by the company to provide a portion of the funds required by Mississippi for the construction or acquisition of property additions to its utility plant.

The said joint application-declaration having been filed on December 2, 1948 and an amendment thereto having been filed on December 22, 1948 and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to such joint application-declaration, as amended, within the period specified in said notice or otherwise and not having ordered a hearing thereon; and

The Commission finding with respect to said joint application-declaration as amended that the requirements of the application provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application-declaration as amended be granted and permitted to become effective:

It is ordered, pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24 that the said joint application-declaration as amended be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 48-11383; Filed, Dec. 29, 1948; 9:16 a. m.]

[File Nos. 59-11, 59-17, 54-25]

THE UNITED LIGHT AND RAILWAYS CO., ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 24th day of December A. D. 1948.

In the matter of the United Light and Railways Company, American Light & Traction Company, et al., File Nos. 59-11, 59-17, 54-25.

Notice is hereby given that the United Light and Railways Company ("Railways"), a registered holding company, has filed with this Commission an application-declaration pursuant to the Public Utility Holding Company Act of 1935 (act) and the rules and regulations promulgated thereunder, with respect to a proposed offer to its stockholders of the right to purchase shares of common stock of American Light & Traction Company (American Light) owned by Railways, and with respect to the application of the net proceeds to the pro rata payment of outstanding bank loans.

Notice is further given that any interested person may, not later than January 10, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held with respect to said application-declaration, stating the nature of his interest, the reasons for such request and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert or may in writing request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after January 10, 1949, such application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

On December 30, 1947, the Commission entered an order approving a plan filed pursuant to the provisions of section 11 (e) of the act by Railways and American Light, which plan provides, among other things, that Railways, by two separate sales, shall offer to its common stockholders the right to purchase all of the common stock of American Light owned by Railways at $12 per share (or such lower price as may be fixed by the board of directors of Railways) on the basis of one share of American Light common stock for each five shares of Railways common stock owned. The plan further provides that the other terms and conditions of such offer shall be submitted to the Commission for its approval and that such terms shall include such provisions, if any, as may be appropriate to protect the interests of stockholders of Railways who fail to ex-

ercise their rights to purchase American Light stock.

Pursuant to the provisions of the plan, Railways has filed an application-declaration for approval of the terms and conditions upon which Railways proposes to offer its common stockholders the right to purchase 634,667 shares of common stock of American Light representing approximately one-half the aggregate number of shares presently owned by Railways. Railways proposes, in accordance with the plan, to apply the net proceeds from this offering, estimated to be approximately $7,600,000, towards the payment of its bank notes issued under a Loan Agreement dated November 24, 1945, as amended, estimated to be outstanding as of December 31, 1948, in the amount of approximately $12,250,000.

Railways proposes to issue to its common stockholders of record as of the close of business on or about January 24, 1949, transferable warrants entitling them to purchase shares of common stock of American Light at $12 per share on the basis of one share of American Light common stock for each five shares of Railways' common stock owned on the record date. One right will attach to each share of common stock of Railways outstanding on the record date.

The exercise of five rights will be required to purchase one share of American Light common stock. No fractions of shares of common stock of American Light will be issued. Rights to purchase less than one share may be used in combination with similar rights representing in the aggregate the right to purchase one or more whole shares. The warrants will be mailed on or about February 3, 1949, and the subscription period will expire on the twentieth day following the date of such mailing.

The application-declaration states that it will be possible to purchase and sell the warrants through the usual investment channels and that it is contemplated that arrangements will be made for their admission to trading on the New York Curb Exchange. It is further stated that Railways proposes to enter into an arrangement under which the Bankers Trust Company, New York, will handle orders to buy or sell the warrants which will contain forms for use in this connection. The terms and conditions of this arrangement will be filed herein by amendment. The filing states that the warrants will be void unless received by the agent on or before the expiration date.

Under the provisions of the plan it was contemplated that the two rights offerings of American Light common stock owned by Railways were to have been consummated as soon as practicable after the prior preferred stock of Railways had been called for redemption and it was further contemplated that said rights offerings would be consummated prior to December 31, 1948. The plan further contained provisions to the effect that the outstanding prior preferred stock of Railways would be retired with the proceeds from the issuance of $28,500,000 principal amount of serial notes or other obligations. The application-declaration states that consummation of the plan has been delayed by litigation with respect to the Commission's order of December 30, 1947, that the preparation of the necessary audit and registration statement in connection with an offering of the serial notes at competitive bidding will require a substantial amount of time, and that in order to avoid any further delay in the consummation of the plan it is proposed that the first offering of American Light common stock be made prior to the redemption of the prior preferred stock of Railways. The application-declaration contains a representation that promptly upon consummation of the sale of the aforesaid $28,500,000 principal amount of debt obligations, and prior to or contemporaneously with the second rights offering by Railways of the common stock of American Light, Railways will redeem all of its outstanding prior preferred stocks at the applicable redemption prices. The application-declaration represents that the proposed procedure will not be detrimental to the interests of the prior preferred stockholders of Railways and will not materially affect the value of the securities held by them. In support of this proposal, the filing points out that the plan provides that the Commission may extend the time within which any transaction contemplated by the plan must be consummated and may authorize such other changes as may be necessary to insure expeditious consummation of the plan in a feasible manner.

The application-declaration requests that the Commission enter an order on or before January 14, 1948 and that said order contain appropriate recitals conforming to the requirements of Supplement R and sections 371 and 1808 (f) of the Internal Revenue Code, as amended.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

THE UNITED LIGHT AND RAILWAYS CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 22d day of December A. D. 1948.

The United Light and Railways Company (Railways), a registered holding company, having filed a declaration pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 regarding the following transaction:

By Order dated December 8, 1947, the Commission permitted to become effective a declaration relating to the renewal by Railways of 2% unsecured promissory notes theretofore issued in the principal amount of $25,000,000 on December 10, 1945, pursuant to the terms of a Loan Agreement, and maturing on December 10, 1947. Said order provided for the renewal, at the option of the company, of the outstanding notes upon the terms and conditions contained in the Loan Agreement for an additional period expiring December 31, 1948, thereafter for a second additional period expiring December 31, 1949, and thereafter for a third additional period expiring December 10, 1950, each such renewal being subject to the further approval of this Commission. As at November 29, 1948 said notes were outstanding in the amount of $15,052,832. The subject declaration requests authority to renew said notes for an additional period expiring December 31, 1949.

Said declaration having been filed on December 1, 1948, and notice thereof having been given in the manner and form prescribed by Rule U-23 promulgated under said act, and the Commission not having received a request for a hearing within the time specified in said notice or otherwise, and not having ordered a hearing with respect to said declaration; and

Declarant having requested acceleration of the entry of an order with respect to said declaration and that such order become effective forthwith; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and the rules and regulations thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest that said declaration be permitted to become effective forthwith:

It is ordered, pursuant to Rule U-23 and the applicable provisions of the Public Utility Holding Company Act of 1935 and that the said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 48-11342; Filed, Dec. 29, 1948; 8:47 a. m.]

[File No. 70-2018]

ENGINEERS PUBLIC SERVICE CO. (INC.)

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 22nd day of December A. D. 1948.

Notice is hereby given that a declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Engineers Public Service Company (Incorporated), ("Engineers"), a registered holding company incorporated under the laws of the State of Delaware. Declarant has designated section 7 of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than January 10, 1949 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration, which he desires to controvert, or may request

that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after January 10, 1949, said declaration, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file with this Commission for a statement of the transaction therein proposed which may be summarized as follows:

Engineers proposes to issue to Irving Trust Company a short-term promissory note in the principal amount of $850,000, dated January 27, 1949, which note will mature nine months from the issue date and will bear interest at 2¼% per annum. The declaration states that the proceeds of said note and $50,000 of cash will be used to pay off a note in the principal amount of $900,000 now held by Irving Trust Company and maturing January 27, 1949. Engineers, which owns 162,612 shares of the common stock of Virginia Electric and Power Company, contemplates the payment of the proposed note prior to the maturity date thereof by use of the proceeds of the sale of a part of such shares.

It is represented by Engineers that the proposed transaction is not subject to the jurisdiction of any State commission or Federal commission other than this Commission and that the expenses, consisting of counsel fees, in connection with the proposed transaction will amount to $200.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 48-11343; Filed, Dec. 29, 1948; 8:47 a. m.]

TENNESSEE VALLEY AUTHORITY

AGENCY ORGANIZATION

FUNCTIONS AND DELEGATIONS

The following material pertaining to the organization of the Tennessee Valley Authority supersedes that previously published in 18 CFR, 1946 Supp., Parts 300 and 301.

Organization. The Tennessee Valley Authority, created by the Tennessee Valley Authority Act (48 Stat. 58, 16 U. S. C., sec. 831 et seq.), is a corporate instrumentality of the Federal Government, operating primarily on a regional basis, and as such functions as a closely integrated entity. The basic organization is established by the Board of Directors. This basic organization, including a description of the functions and delegations, is as follows:

Board of Directors. The Board of Directors is the governing body in which all powers are vested by statute. The Board establishes general policies and programs; reviews and appraises progress and results; approves individual actions and projects of major importance or which otherwise require Board approval, the annual program and budget, and actions involving important external relations; and establishes the basic organization through which programs and policies are executed. The General Counsel is responsible for advising the Board on legal matters and serves as Secretary to the Corporation.

Office of the General Manager. The Office of the General Manager is the principal administrative office. The General Manager is responsible for directing, coordinating, and executing programs, policies, and decisions adopted by the Board, subject to such controls as the Board may from time to time establish; for bringing before the Board matters requiring its consideration or approval; for submitting information and recommendations on TVA affairs to the Board; for directing and organizing TVA activities and approving delegations to the divisions and major staff appointments; for assisting the Board in presenting the budget to the Bureau of the Budget and Congress; and for performing duties otherwise appropriate to the administration of TVA.

The Office of the General Manager includes the Budget Staff, Information Staff, and Washington Staff, which aid the General Manager in expediting, coordinating, and disposing of current business, with particular reference to preparation of the budget and official reports, public information, and liaison with Congress and Federal agencies.

Assistance to the General Manager and the several offices and divisions in management services is provided by the Divisions of Personnel, Finance, Law, and Property and Supply.

Division of Personnel. The Division of Personnel advises and assists in the development, administration, and appraisal of policies and standards in the fields of selection, classification, compensation, and training of personnel; employee relations; organization; administrative relations; educational relations, and related aspects of personnel administration.

Division of Finance. The Division of Finance advises and assists in the development, administration, and appraisal of policies relating to finances, accounting, and auditing.

Division of Law. The Division of Law handles all legal problems which arise in connection with the business of TVA and advises and assists on legislative matters relating to TVA activities and on negotiations to which TVA is a party.

Division of Property and Supply. The Division of Property and Supply develops, administers, and appraises policies relating to the acquisition, transfer, and disposal of real and personal property; and to the provision of transportation and office services, and analysis of office methods.

Office of the Chief Engineer. The Office of the Chief Engineer, including the Divisions of Water Control Planning, Design, and Construction, develops and executes an integrated plan of water control in the Tennessee River and its tributaries; plans, designs and constructs reservoirs, dams, locks, hydro and steam generating facilities and other structures required for TVA's water control program; directs the integrated control of water operations of the reservoir system for all purposes; and provides other engineering, architectural, and construction services as required.

Division of Water Control Planning. The Division of Water Control Planning collects and makes available topographic, hydraulic, geologic, sanitary and related data for the planning, design, construction and operation of dams, locks, flood control facilities, hydro and steam generating stations, and other structures for TVA's water control program; plans and makes recommendations, on the basis of engineering investigations and surveys, concerning the location, magnitude, and feasibility of projects required in TVA's integrated program of river control; and prepares and issues instructions subject to review by the Chief Engineer regulating the impounding and release of water at the various dams to assure optimum use of the river and reservoir system in accordance with requirements of the TVA Act and the Board policies.

Division of Design. The Division of Design prepares complete technical designs and specifications for dams, reservoirs, locks, powerhouses and switchyards, steam generating stations, and highway and railroad relocations, including materials, machinery, and equipment, on the basis of planning reports, studies, or recommendations of the Division of Water Control Planning; designs other physical facilities on the basis of requests of other divisions; and inspects and tests materials and equipment for construction.

Division of Construction. The Division of Construction, upon the basis of an integrated plan of water control and in accordance with approved designs, constructs dams, locks, reservoirs, power plants, and other structures as may be assigned.

Office of the Manager of Power. The Office of the Manager of Power, including the Divisions of Power Utilization, Power Engineering and Construction, and Power Operations, formulates and recommends engineering and other plans, policies, and programs, and executes plans and programs, relating to the generation, transmission, and utilization of electric power which is developed incident to TVA's integrated water control program; and operates water control facilities at completed dams as directed by the Chief Engineer.

Division of Power Utilization. The Division of Power Utilization is responsible for matters relating to the marketing of surplus power and its effective use for the economic development of the region and for purposes of national defense.

Division of Power Engineering and Construction. The Division of Power Engineering and Construction is responsible for matters relating to the planning, design, and construction of transmission, substation, and other related structures and facilities required for the disposal of surplus power.

Division of Power Operations. The Division of Power Operations is responsible for matters relating to the operation, improvement, and maintenance of TVA's power system and of facilities for

the impounding and release of water at the various dams.

Office of the Chief Conservation Engineer. The Office of the Chief Conservation Engineer including the Divisions of Agricultural Relations, Forestry Relations, and Chemical Engineering, formulates, recommends, and carries out or coordinates programs of research in chemistry, engineering, and metallurgy related to utilization of agricultural, mineral, and forest resources, and for national defense; designs and operates chemical plants for fertilizer production and national defense; formulates, recommends, and carries out or coordinates programs for the development of agriculture, forestry, conservation of fish and wildlife, watershed protection, and the improved agricultural use of natural resources, including the development, testing, and demonstration of new and improved forms of fertilizer; and develops and demonstrates improved equipment and engineering practices for the farm and farm home.

Division of Agricultural Relations. The Division of Agricultural Relations formulates and recommends objectives, policies, and plans, and executes approved proposals aimed at improving the use of the agricultural resources of the Tennessee Valley, including the control and use of water on the land, and at improving and protecting the fertility of the soil.

Division of Forestry Relations. The Division of Forestry Relations formulates and recommends objectives, plans, policies, and programs, and executes or coordinates approved policies and programs relating to forestry, fish and wildlife development, reforestation, watershed protection, and forest products utilization.

Division of Chemical Engineering. The Division of Chemical Engineering formulates, recommends, and carries out or coordinates programs of research in chemistry, engineering, and metallurgy related to utilization of regional resources for industrial development and national defense; designs and operates chemical plants for fertilizer production, for development of fertilizer processes on a plant-scale basis and for national defense; and performs laboratory research to improve the utilization of agricultural, mineral, and forest resources through development of industrial processes.

Office of the Manager of Reservoir and Community Relations. The Office of the Manager of Reservoir and Community Relations, including the Divisions of Regional Studies, Health and Safety, and Reservoir Properties, recommends TVA policies, and executes or coordinates plans relating to development of effective navigation use of the Tennessee River and to the general industrial and commercial growth of the region, including the economic possibilities of business enterprises; and cooperates with appropriate agencies in matters relating to the administration, finances, and physical development of communities affected by the TVA program, and the development of recreational resources. It formulates, recommends and executes or coordinates plans for use of reservoirs and reservoir lands and for the administration of village properties; and for the health and safety of employees and the public affected by TVA activities.

Division of Regional Studies. The Division of Regional Studies makes studies, prepares reports, and initiates and coordinates relationships with States, local governments, and other agencies in matters of business and industrial development; navigation and transportation; community planning; governmental administration and finance; and recreation in the Tennessee Valley region.

Division of Health and Safety. The Division of Health and Safety formulates and recommends plans and policies and executes or coordinates plans and programs relating to health and safety of employees and of the public affected by TVA activities, and advises and assists the Manager of Reservoir and Community Relations in the development and coordination of policies and programs involving the integration of public health and safety activities in the region with other aspects of reservoir and community relations.

Division of Reservoir Properties. The Division of Reservoir Properties administers and maintains TVA reservoir properties and facilities and arranges for their use to further regional programs of resource development in accordance with TVA policies. It seeks the advice of other divisions as required. The division assists the Manager of Reservoir and Community Relations in the development of programs and policies relating to administration, operation, use and development of reservoir property, and assists in furthering public understanding of TVA programs.

Delegations of authority. The Tennessee Valley Authority is a corporation and exercises its powers in accordance with accepted corporate procedure and the provisions of the Tennessee Valley Authority Act (48 Stat. 58, 16 U. S. C., sec. 831 et seq.). TVA exercises no quasi-judicial or quasi-legislative functions, and no licensing functions other than those relating to obstructions in the Tennessee River System affecting navigation or flood control. See 18 CFR 301.2. The Board of Directors retains ultimate authority and authorizes or approves all activities and projects, the annual program and budget, and actions involving important external relations. No comprehensive delegations of final authority are made to subordinate units of the integrated organization; however, for the purpose of doing business with TVA, the nature of the operations for which the various offices and divisions are responsible is indicated in the preceding paragraphs.

Presidential powers. The following powers vested by statute in the President are exercised or administered by TVA:

(a) *Powers exercised on behalf of the President or pursuant to delegation.* By Executive Order No. 6161, dated June 8, 1933, the President, in accordance with the provisions of sections 22 and 23 of the Tennessee Valley Authority Act of 1933, authorized and directed the Board of Directors of the Tennessee Valley Authority to make such surveys, general plans, studies, experiments, and demonstrations as may be necessary and suitable to aid the proper use, conservation, and development of the natural resources of the Tennessee River drainage basin, and of such adjoining territory as may be related to or materially affected by the development consequent to said act, and to promote the general welfare of the citizens of said area; within the limits of appropriations made therefor by Congress.

(b) *Final action taken by TVA which is subject to Presidential approval.* (1) Section 4 (k) (c) of the Tennessee Valley Authority Act of 1933 provides that transfer of real property authorized by subsections (a) or (c) of section 4 (k), excepting leases for terms less than twenty years, must be approved by the President if the property to be conveyed exceeds $500 in value.

(2) Section 14 of the Tennessee Valley Authority Act of 1933 provides that the findings of the Board of Directors of the cost and book value of any dams, steam plants or other similar improvements constructed and turned over to the Board for control and management, and the allocation of that cost to flood control, navigation, fertilizer, national defense and development of power, shall become final when approved by the President.

Information, submittals and requests. Inquiries for information, as well as submittals or requests, may be directed to the office or division concerned in the subject matter, as indicated in the description of the organization in the preceding paragraphs; or the inquiry, request or submittal may be directed in writing to "Tennessee Valley Authority, Knoxville, Tennessee." Requests for general information concerning TVA should be directed to "Director of Information, Tennessee Valley Authority, Knoxville, Tennessee." Requests for approval of obstructions in the Tennessee River System affecting navigation or flood control pursuant to section 26a of the TVA Act should be submitted in accordance with the procedures set out in 18 CFR 301.2.

Location of offices and field offices. Except as is otherwise indicated below, the headquarters of the various offices and divisions of TVA are located in Knoxville, Tennessee. Field offices have been established at various locations for the administration of programs and for the convenience of the public in conducting business with TVA. The Office of the Manager of Power has its headquarters in Chattanooga, Tennessee, and has five districts with offices located at Knoxville, Nashville, and Jackson, Tennessee; Wilson Dam, Alabama; and Tupelo, Mississippi. The Division of Reservoir Properties has seven branches with offices located at Knoxville, Chattanooga, Paris, Norris, and Elizabethton, Tennessee; and Wilson Dam and Guntersville, Alabama. The headquarters of the Division of Chemical Engineering is located at Wilson Dam, Alabama; the headquarters of the Division of Forestry Relations is located at Norris, Tennessee; and the headquarters of the Division of Health

and Safety is located at Chattanooga, Tennessee.

Issued this 21st day of December, 1948.

TENNESSEE VALLEY AUTHORITY,
[SEAL] GEORGE F. GANT,
General Manager.

AUTHORITY: 40 Stat. 411, 55 Stat. 839, Pub. Laws 322, 671, 79th Cong., 60 Stat. 50, 925; 50 U. S. C. and Supp. App. 1, 616, E. O. 9193, July 6, 1942, 3 CFR, Cum. Supp., E. O. 9567, June 8, 1945, 3 CFR, 1945 Supp., E. O. 9788, Oct. 14, 1946, 11 F. R. 11981.

[Vesting Order 12456]

KARL LUDWIG KOLB AND GERTRUDE KOLB

In re: Personal property owned by Karl Ludwig Kolb and Gertrude Kolb. D-28-8748, D-28-8748-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Karl Ludwig Kolb and Gertrude Kolb, whose last known address is Ballstadt near Lehrberg/Mittelfranken, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: Personal property described in Exhibit A attached hereto and by reference made a part hereof, and presently stored with Hahn Bros. Fireproof Warehouses, Inc., 108-120 West 107th Street, New York 25, New York, Lot No. 20497, subject to any and all liens of said Hahn Bros. Fireproof Warehouses, Inc., for accrued and unpaid storage charges,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Karl Ludwig Kolb and Gertrude Kolb, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on November 30, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

EXHIBIT A

DESCRIPTION OF GOODS

1. Four large chinese cedar chests, machine-carved, top and sides.
2. Three small Chinese cedar chests, machine-carved, top and sides.
3. One motion-picture projector in case.
4. One large electric mixing machine, with parts.
5. Five medium-sized Oriental throw-rugs.
6. Two large rugs.
7. Bedroom furniture, couch, settee, mattresses, two mahogany-finish dressers, chairs, tables, etc.
8. One Hotpoint refrigerator.
9. One Zenith radio, console model.
10. Five barrels containing chinaware, pottery, glassware, vases, lamps, figurines, etc.
11. Books, Chinese trinkets, jewelry, wooden statuettes, tapestries, bronze articles and other miscellaneous goods of smaller value.

[Vesting Order 12587]

HERMAN BASCH & CO., INC., AND THORER & CO.

In re: Shares of capital stock of Herman Basch & Co. Inc., secret formulae and processes, and contract interest of Thorer & Co.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Thorer & Co. is a partnership, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Leipzig, Germany, and is a national of a designated enemy country (Germany);

2. That 1,250 shares of $100 par value common stock of Herman Basch & Co., Inc., a corporation organized and doing business under the laws of the State of New Jersey and a business enterprise within the United States, evidenced by the certificates listed below, registered in the names of the persons listed below, in the amounts appearing opposite said names, together with all declared and unpaid dividends thereon, are beneficially owned by Thorer & Co., the aforesaid national of a designated enemy country (Germany),

Certificate No.	Name	Number of shares
59	Ernest Nauen	100
63	Curt Mahler	504
86	do	24
88	do	32
69	Fred A. Klein	24
70	do	24
71	do	24
75	Paul Wm. Vort	100
76	do	100
77	do	100
78	do	100
83	do	28
84	do	90

3. That 36 shares of $100 par value common stock of said Herman Basch & Co., Inc., being part of the shares evidenced by certificate number 60 for 96 shares registered in the name of Ernest Nauen, together with all declared and unpaid dividends thereon, and 156 of such shares, being part of the shares evidenced by certificate number 81 for 178 shares registered in the name of Paul Wm. Vort and Julian H. Basch, Trustees u/w of Fred Basch, deceased, together with all declared and unpaid dividends thereon, are beneficially owned by the aforesaid Thorer & Co.;

4. That the 1,250 shares described in subparagraph 2 hereof and the 36 shares and the 156 shares described in subparagraph 3 hereof comprise 72.1 per cent of the issued and outstanding capital stock of said Herman Basch & Co., Inc. and are evidence of control of said business enterprise;

5. That the property described as follows:

a. All right, title and interest of Thorer & Co., Leipzig, Germany, in and to certain secret formulae and processes, oral or written, for the dressing and dyeing of raw fur skins which said secret formulae and processes are used by Herman Basch & Co., Inc., New Jersey,

b. All interests and rights (including damages for breach of the agreement hereinafter described together with the right to sue therefor) created in Thorer & Co., Leipzig, Germany, by virtue of an agreement dated February 18, 1939 (including all modifications thereof and supplements thereto, if any) by and between Fred Basch, Paul W. Vortrefflich, Ernest Nauen, Fred A. Klein, George S. Ward, Theodore W. Koch, James A. Stevenson and Thorer & Co., Leipzig, Germany, which agreement relates among other things to an option on 375 shares of the capital stock of Althor, Incorporated,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Thorer & Co., the aforesaid national of a designated enemy country (Germany),

and it is hereby determined:

6. That Herman Basch & Co., Inc., is controlled by or acting for, or on behalf of a designated enemy country (Germany) or persons within such country, and is a national of a designated enemy country (Germany);

7. That to the extent that the person named in subparagraph 1 hereof and said Herman Basch & Co., Inc., are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the 1,442 shares of $100 par value capital stock of Herman Basch & Co., Inc., described in

subparagraphs 2 and 3 hereof, together with all declared and unpaid dividends thereon, and the property described in subparagraph 5 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States, and

The direction, management, supervision and control of Herman Basch & Co., Inc., and of all property of any nature whatsoever situated in the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, Herman Basch & Co., Inc., is hereby undertaken, to the extent deemed necessary or advisable from time to time. This order shall not be deemed to limit the power to vary the extent of or terminate such direction, management, supervision or control.

The terms "national," "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington D. C., on December 22, 1948.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Deputy Director,
Office of Alien Property.

[Return Order 224]

WILHELM HANSEN MUSIK-FORLAG

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant and Claim No., Notice of Intention To Return Published, and Property

Wilhelm Hansen Musik-Forlag, Gothersgade 9-11, Copenhagen K. Denmark, Claim No. 31039, November 24, 1948 (13 F. R. 6948), property to the extent owned by claimant immediately prior to the vesting thereof, described in Vesting Order No. 3995 (9 F. R. 1370, November 4, 1944), relating to compositions exploited by Associated Music Publishers under contracts with the claimant dated November 25, 1933 and February 4, 1935, including royalties pertaining thereto in the amount of $8185.80.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on December 17, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 48-11353; Filed, Dec. 29, 1948; 8:49 a. m.]

[Return Order 232]

FUEL REFINING CORPORATION

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant and Claim No., Notice of Intention To Return Published, and Property

Fuel Refining Corp., 225 West 34th Street, New York, N. Y., Claim No. 904, November 20, 1948 (13 F. R. 6876), property described in Vesting Order No. 201 (8 F. R. 625, January 16, 1943) relating to United States Letters Patent Nos. 1,603,793, 1,619,535, 1,829,608, 2,043,945, 2,049,272, 2,082,215, 2,108,610, and in Vesting Order No. 664 (8 F. R. 4989, April 17, 1943) relating to United States Letters Patent No. 1,577,487, and in Vesting Order No. 671 (8 F. R. 5004, April 17, 1943) relating to United States Letters Patent Nos. 2,158,666, 2,159,359, 2,195,466, 2,199,513. This return shall not be deemed to include the rights of any licensees under the above patents.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on December 20, 1948.

For the Attorney General.

DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 48-11354; Filed, Dec. 29, 1948; 8:49 a. m.]

[Return Order 233]

ARTHUR FISCH

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant and Claim No., Notice of Intention To Return Published, and Property

Arthur Fisch, Toronto, Canada, Claim No. 1943, November 19, 1948 (13 F. R. 6829), Property described in Vesting Order No. 201 (8 F. R. 625, January 16, 1943) relating to United States Letters Patent No. 2,150,057. This return shall not be deemed to include the rights of any licensees under the above patent.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on December 20, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General.
Director, Office of Alien Property.

[F. R. Doc. 48-11355; Filed, Dec. 29, 1948; 8:50 a. m.]

[Return Order 237]

THEODORE HERBERT CARTER

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, be returned, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant and Claim No., Notice of Intention To Return Published, and Property

[F. R. Doc. 48-11358; Filed, Dec. 29, 1948; 8:51 a. m.]

[Vesting Order 12501]

EIICHI KISHIDA ET AL.

In re: Stock in International Enterprises, Limited, owned by Eiichi Kishida and others. D-39-1073-D-1, D-39-15615-D-3, D-39-15463-D-1, D-39-19126-D-1, F-39-4050-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Eiichi Kishida, Kazuhiko Ogata, Umekichi Koyamatsu and Tomoichi Oto, each of whose last known address is Japan, are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows: Sixty (60) shares of $20 par value common capital stock of International Enterprises, Limited, P. O. Box 2, Honolulu 10, T. H., a corporation organized under the laws of the Territory of Hawaii, evidenced by certificate number 984 for fifty (50) shares registered in the name of Eiichi Kishida, and certificate number 1194 for ten (10) shares registered in the name of Kazuhiko Ogata, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Eiichi Kishida and Kazuhiko Ogata, the aforesaid nationals of a designated enemy country (Japan);

3. That the property described as follows: One hundred (100) shares of partially paid $20 par value common capital stock of the aforesaid International Enterprises, Limited, P. O. Box 2, Honolulu 10, T. H., of which fifty (50) shares each, are registered in the names of and are owned by Umekichi Koyamatsu and Tomoichi Oto, together with all declared and unpaid dividends thereon, subject, however, to any and all lawful liens of said International Enterprises, Limited, against the aforesaid shares of stock,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Umekichi Koyamatsu and Tomoichi Oto, the aforesaid nationals of a designated enemy country (Japan);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 3, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 48-11404; Filed, Dec. 29, 1948; 9:17 a. m.]

[Vesting Order 12507]

YARAKU SAIKI

In re: Stock owned by Yaraku Saiki. D-39-845-D-1, F-39-2552-C-2, F-39-2552-D-2.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Yaraku Saiki, whose last known address is Kojira-mura, Kuga-gun, Yamaguchi-ken, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: Five (5) shares of $20 par value common capital stock of National Mortgage & Finance Company, Limited, 1030 Smith Street, Honolulu, T. H., a corporation organized under the laws of the Territory of Hawaii, evidenced by certificate number 15, registered in the name of Yaraku Saiki, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 3, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 12510]

G. ARITA

In re: Cash and securities owned by G. Arita, also known as Gentaro Arita.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That G. Arita, also known as Gentaro Arita, whose last known address is Seimontori, Ashiya-machi, Onga-gun, Fukuoka-ken, Japan, is a resident of Japan, and a national of a designated enemy country (Japan);

2. That the property described as follows:

a. Cash in the sum of $2,503.81 presently in the possession of the Treasury Department of the United States in Trust Fund Account Symbol 158-915, "Deposits, Funds of Civilian Internees and Prisoners of War," and any and all rights to demand, enforce and collect the same, and

b. Five (5) shares of $10 par value common capital stock of The Hawaii Mutual Supply Company, Limited, 528 Kinoole Street, Hilo, Hawaii, T. H., a corporation organized under the laws of the Territory of Hawaii, evidenced by certificate number 866, registered in the name of G. Arita, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 6, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 12524]

ERNA CLEMENT LOERKE

In re: Debt owing to Erna Clement Loerke. F-28-18798-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Erna Clement Loerke, whose last known address is Belichers St 10, Berline S.W. 61, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Erna Clement Loerke, by R. E. Anderson & Company, Incorporated, 400 Fidelity Building, Tacoma, Washington, in the amount of $229.03 as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 15, 1948.

For the Attorney General.

[Vesting Order 12545]

MAERSK LINE

In re: Debt owing to Maersk Line. F-39-4654-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Maersk Line, the last know address of which is Kobe, Japan, is a corporation, partnership, association or other business organization, organized under the laws of Japan, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Kobe, Japan, and is a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Maersk Line, by Panama Railroad Company, Balboa Heights, Canal Zone, in the amount of $275.60, as of December 31, 1945, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 16, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 48-11413; Filed, Dec. 29, 1948; 9:18 a. m.]

[Vesting Order 12548]

WILLIE O. L. PRIOR

In re: Bank account owned by Willie O. L. Prior. F-28-23596-A-1/E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Willie O. L. Prior, whose last known address is Bielefeld, i/W, Kiskerstr. 10, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of The New York Trust Company, 100 Broadway, New York, New York, arising out of a checking account, entitled William M. Wherry, special blocked checking No. 2, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Willie O. L. Prior, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on December 16, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

AUTHORITY: §§ 1.1 to 1.33 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

ESTABLISHMENT; OFFICERS

§ 1.1 *Post offices and post roads.* The Congress shall have power * * * to establish Post Offices and post Roads; * * * and to make all days which shall be necessary and proper for carrying into execution the foregoing powers, * * * (Constitution, art. 1, sec. 8)

§ 1.2 *Post Office Department and Postmaster General.* There shall be at the seat of government an executive department to be known as the "Post Office Department," and a Postmaster General, who shall be the head thereof, and who shall be appointed by the President, by and with the advice and consent of the Senate, and who may be removed in the same manner; and the term of the Postmaster General shall be for and during the term of the President by whom he is appointed, and for one month thereafter, unless sooner removed. (R. S. 388; 5 U. S. C. 361)

§ 1.3 *Authority to appoint officers.* Authority to appoint the following-named officers may be found in the laws cited:

First Assistant Postmaster General, 5 U. S. C. 363.

Second Assistant Postmaster General, 5 U. S. C. 363.

Third Assistant Postmaster General, 5 U. S. C. 363.

Fourth Assistant Postmaster General, Sec. 1, 26 Stat. 944, sec. 6, 38 Stat. 1049; 5 U. S. C. 42a, 363.

Solicitor for the Post Office Department, 5 U. S. C. 364.

Chief Inspector, act of July 5, 1884 (23 Stat. 156), 5 U. S. C. 42a, and subsequent appropriation acts.

Purchasing Agent for the Post Office Department, 5 U. S. C. 366.

Comptroller, Bureau of Accounts, Post Office Department, 31 U. S. C. 45.

Director of Parcel Post, 5 U. S. C. 364a.

Other officers and employees, annual appropriation acts.

§ 1.4 *Department officers as post-office inspectors.* The Postmaster General may employ, when the service requires it, the Assistant Postmasters General and superintendents in his department as post-office inspectors; and he may allow them therefor not exceeding the amount expended by them as necessary traveling expenses while so employed. (R. S. 4017, 4019, as amended; 39 U. S. C. 697)

§ 1.5 *Acting officers*—(a) *Of departments.* In case of the death, resignation, absence, or sickness of the head of any department, the first or sole assistant thereof shall, unless otherwise directed by the President, as provided by paragraph (c) of this section, perform the duties of such head until a successor is appointed, or such absence or sickness shall cease. (R. S. 177; 5 U. S. C. 4)

(b) *Of bureaus.* In case of the death, resignation, absence, or sickness of the chief of any bureau, or of any officer thereof, whose appointment is not vested in the head of the department, the assistant or deputy of such chief or of such officer, or if there be none, then the chief clerk of such bureau, shall, unless otherwise directed by the President, as provided by paragraph (c) of this section, perform the duties of such chief or of such officer until a successor is appointed or such absence or sickness shall cease. (R. S. 178; 5 U. S. C. 5)

(c) *Named by President.* In any of the cases mentioned in paragraphs (a) and (b) of this section the President may, in his discretion, authorize and direct the head of any other department or any other officer in either department, whose appointment is vested in the President, by and with the advice and consent of the Senate, to perform the duties of the vacant office until a successor is appointed, or the sickness or absence of the incumbent shall cease. (R. S. 179; 5 U. S. C. 6)

(d) *Temporary appointments.* A vacancy occasioned by death or resignation must not be temporarily filled under the provisions of paragraphs (a), (b), and (c) of this section for a longer period than 30 days. (R. S. 180, as amended; 5 U. S. C. 7)

(e) *Succession as Acting Postmaster General.* Pursuant to the authority conferred by paragraph (c) of this section: The Second Assistant Postmaster General is authorized and directed to perform the duties of the Postmaster General whenever and so long as he and the First Assistant Postmaster General shall both be absent or sick; and the Third Assistant Postmaster General is authorized and directed to perform the duties of Postmaster General whenever and so long as he and the First and Second Assistant Postmasters General shall be absent or sick. And the Fourth Assistant Postmaster General is authorized and directed to perform the duties of Postmaster General whenever and so long as he and the First, Second, and Third Assistant Postmasters General shall all be absent or sick.

DUTIES OF THE POSTMASTER GENERAL

§ 1.6 *General duties of Postmaster General*—(a) *Authorization.* It shall be the duty of the Postmaster General:

(1) To establish and discontinue post offices.

(2) To instruct all persons in the Postal Service with reference to their duties.

(3) To decide on the forms of all official papers, except as otherwise provided by law.

(4) To enforce the prompt rendition of returns relative to accounts.

(5) To control, according to law, and subject to the settlement of the General Accounting Office, all expenses incident to the service of the department.

(6) To superintend the disposal of the moneys of the department.

(7) To * * * issue warrants to cover money into the Treasury; and to pay out the same.

(8) To superintend generally the business of the department and execute all laws relative to the Postal Service. (R. S. 396, as amended; 5 U. S. C. 369)

NOTE: As to other duties of the Postmaster General, see 39 U. S. C. 751, et seq. (as member of board of trustees, Postal Savings System): 5 U. S. C. 124–132 (as to administration of post office buildings); 40 U. S. C. 267, 341, 344 (as to the approval of plans and the selection of sites for public buildings); 5 U. S. C. 134 (as to joint authority with Secretary of the Treasury to make regulations governing shipments of valuables by executive departments, etc.); 17 U. S. C. 33 (as to authority respecting enforcing regulations to prevent certain importations); 20 U. S. C. 41, 45 (as member of Smithsonian Institution); 3 U. S. C. 21 (as to succession of Presidency).

(b) *Delegation of authority.* The head of any department may delegate to subordinate officials (1) the power vested in him by law to take final action on matters pertaining to the employment, direction, and general administration of personnel under his department; * * * (Sec. 12, 60 Stat. 809; 5 U. S. C. 22a)

§ 1.7 *Official seal.* The Postmaster General shall keep the seal adopted for his department, which shall be affixed to all commissions of postmasters and others, and used to authenticate all transcripts and copies which may be required from his department. (R. S. 395; 5 U. S. C. 362)

REGULATIONS

§ 1.8 *Regulations*—(a) *Making of.* The head of each department is authorized to prescribe regulations, not inconsistent with law, for the government of his department, the conduct of its officers and clerks, the distribution and performance of its business, and the custody, use, and preservation of the records, papers, and property appertaining to it. (R. S. 161; 5 U. S. C. 22)

(b) *Promulgation of.* All regulations or amendments thereof shall be promulgated by the Postmaster General and duly entered of record in the journal.

(c) *Distribution of business.* The business of the department is distributed among its several officers as hereinafter provided.

ORGANIZATION OF THE DEPARTMENT

§ 1.9 *Office of Postmaster General*—(a) *Matters assigned to.* The Postmaster General assigns to his office: The superintendence and government of the department, and the appointment of the officers, clerks, and employees; the general direction of the Postal Service in all its branches, the management of its finances, and disbursement of appropriations; the appointment of postmasters of the fourth class; the submission of cases to the President relating to appointments to be made by him; the determination of appeals from the action of the several Assistant Postmasters General; the promulgation of rules and regulations; the consideration of claims for damage done to persons or property by or

through the operation of the Post Office Department and claims of postmasters for credit or reimbursement for losses by fire, burglary, or other unavoidable casualty; the issuance of all orders requiring the formal approval of the Postmaster General; the custody of the official seal; and the performance of all special duties enjoined by law upon the Postmaster General. (See § 1.6)

(b) *Officers attached to.* The Executive Assistant to the Postmaster General, the Special Assistants to the Postmaster General, the Director of Budget and Administrative Planning, the Commissioner of the Budget, the Commissioner of Administrative Planning, the Chief Clerk and Director of Personnel of the Post Office Department, the Solicitor, and the Purchasing Agent shall be attached to the Office of the Postmaster General. (See § 1.6.)

(c) *Postmaster General's Staff.* The Postmaster General's Staff shall consist of the First Assistant Postmaster General, Chairman, the Second Assistant Postmaster General, the Third Assistant Postmaster General, the Fourth Assistant Postmaster General, the Comptroller, the Chief Inspector, the Executive Assistant to the Postmaster General, the Chief Clerk and Director of Personnel, and the Director of Budget and Administrative Planning. Meetings of the Staff shall be held upon order of the Postmaster General, call by the Chairman, or by request of any member of the Staff. In the absence of any member of the Staff his principal assistant shall act in his place, and in the absence of the Chairman the ranking Assistant Postmaster General shall serve in this position. The Staff may request the attendance at meetings of other officials or employees of the Department. The Staff is charged with the following functions:

To coordinate the activities of the several bureaus and offices of the Postal Establishment; to recommend to the Postmaster General any action to be taken for the more effective handling of postal business; to consider and approve the issuance of all orders, regulations, and instructions for conduct of the Postal Establishment; to consider and recommend to the Postmaster General action to be taken on all requests for performance of any nonpostal service; to consider and recommend to the Postmaster General action to be taken on orders issued by other governmental agencies which affect the Postal Establishment; to coordinate the activities of the Department in meeting wartime emergencies; to consider and recommend to the Postmaster General action to be taken on all requests for cooperation of the Postal Establishment in activities resulting from a state of war, and to perform such other functions as the Postmaster General may direct.

(d) *Executive Assistant.* The Executive Assistant to the Postmaster General shall perform such duties as may be assigned to him from time to time by the Postmaster General. He shall also serve as a member of the Postmaster General's Staff.

(e) *Special Assistants.* The Special Assistants to the Postmaster General shall perform such duties as may be assigned to them from time to time by the Postmaster General.

(f) *Office of Budget and Administrative Planning*—(1) *Organization and functions.* The Office of Budget and Administrative Planning shall be supervised by the Director, who, together with the Commissioner of the Budget and the Commissioner of Administrative Planning, shall be directly responsible to the Postmaster General. This office is charged with the budgeting and the administrative and management planning activities for the Post Office Department. The various bureaus and offices of the Department will deal with the Office of Budget and Administrative Planning on all budgetary accounting matters, on new activities and procedures, and on proposed changes in operating and management procedures. The Office of Budget and Administrative Planning will be the channel through which all such matters in the first instance will be coordinated for the consideration of the Postmaster General. In connection with the performance of all the functions of the Office of Budget and Administrative Planning the officials thereof shall use, insofar as practicable, the personnel and other facilities of the various Bureaus and Offices of the Postal Establishment, particularly those of the Bureau of the Chief Inspector and the Bureau of Accounts.

(2) *Director.* The Director of Budget and Administrative Planning is charged with the following duties:

To supervise and coordinate the work of the Commissioner of the Budget and the Commissioner of Administrative Planning; in cooperation with the Commissioner of Administrative Planning, to devise improvements and changes in all operations of the Postal Establishment as may be desirable because of changing economic conditions or changes in business practices and management; to advise with and assist the departmental official in charge of legislative matters; to attend and participate in hearings before the Bureau of the Budget, appropriations committees, and other committees of Congress; to maintain a check on the execution of the budget program and general operations of the Postal Establishment; to prepare the material for annual and special public, or confidential, reports; to prepare long range financial and operating plans for the Postal Establishment; to serve as a member of the Postmaster General's Staff; and to perform such other duties as the Postmaster General may direct.

(3) *Commissioner of the Budget.* The Commissioner of the Budget is charged with the following duties:

To act as Budget Officer of the Department; to make recommendations to the Postmaster General as to policies and forecasts of volume of business upon which to base budget estimates; to advise all bureaus and offices as to policies and work load estimates to be used as the basis for budget estimates, and assist in the preparation thereof; to revise budget estimates as the Postmaster General may direct; to submit budget estimates to the Bureau of the Budget and attend and participate in hearings before the Bureau of the Budget and appropriations committees of Congress; to prescribe financial and operating reports for the information of the Postmaster General and Director of Budget and Administrative Planning; to prepare comments and recommendations as to the effect of proposed legislation on financial operations of the Department; to devise procedures for financial reimbursement for services rendered to other governmental agencies; to act as Liaison Officer with the Bureau of the Budget and the Treasury Department in the execution of Executive Order 8512, and with the General Accounting Office in all matters of policy and major changes in financial operations; and to perform such other duties as the Postmaster General may direct.

(4) *Commissioner of Administrative Planning.* The Commissioner of Administrative Planning is charged with the following duties:

To plan, supervise, and conduct studies of administrative procedures and organization; to keep informed of the scope and major findings of the management, operations, planning, and research studies conducted by the bureaus and offices, and to recommend studies to be conducted by the bureaus and offices; to prepare comments and recommendations as to effect of proposed legislation on administrative procedures of the Department; to review and make recommendations in respect of all orders and regulations before they are acted upon by the Postmaster General; to study, plan, and devise the simplification of postal laws, regulations, and instructions; to devise ways of making instruction data and material available to officials in charge of schools of instruction for postal personnel; to make recommendations to the Postmaster General on all requests from other governmental agencies for nonpostal services, and to devise procedures for such work; in cooperation with the Director of Budget and Administrative Planning to devise, plan, and make recommendations for improvements in postal service as may be desirable because of changing economic conditions or changes in business practices and management; to study and make recommendations with respect to suggestions made by postal personnel for improvements in the Postal Service; and to perform such other duties as the Postmaster General may direct.

(g) *Chief Clerk and Director of Personnel*—(1) *Personnel duties.* The Chief Clerk and Director of Personnel is charged with the responsibility for personnel administration and the management functions of the Department. He coordinates and exercises control over position classification, recruitment, selection, placement, training, promotions, discipline, efficiency ratings, leave administration, employee relations, health and safety, and other personnel matters. He is chairman of the Board of Appeals for the hearing of employee grievances throughout the Postal Establishment, and is also chairman of the Loyalty Board of the Postal Establishment. He represents the Department in its relations with the Civil Service Commission, the Federal Personnel Council, and with other agencies where personnel functions are concerned. He also serves as a

member of the Postmaster General's Staff.

(2) *Other administrative duties.* The Chief Clerk and Director of Personnel is also charged with the administrative management and control of activities and operating services at the departmental level, including the printing and binding required in the Department and the field service; the receipt and inspection of supplies for the Department and the field service delivered in Washington; the care and maintenance of public property located in the Department building; the preparation and certification of pay rolls; the compilation, publication, and distribution of the Official Postal Guide and other postal publications not otherwise provided for; the preparation of estimates for and control of expenditures from appropriations covering printing and binding, contingent and miscellaneous expenses, travel expenses of the Postmaster General and Assistant Postmasters General, and salaries, Office of the Postmaster General; the custody of the journals, order books, correspondence, and files. The Chief Clerk and Director of Personnel is the Security Officer, the Clearance Officer, and the Surplus Property Officer for the Department and the field service.

(3) *Safety Director.* The duties of the Safety Director are set forth as follows and apply to the departmental and field services and he shall function through the responsible bureaus and offices of the Department:

Maintain staff supervision and direction of the safety organization and program; establish and maintain policies and procedures relating to accident prevention, fire prevention and protection and the control of occupational hazards resulting in injury and disease; establish standards and methods to effectuate the safety policies and procedures; develop standards and specifications for safety organizations and programs; analyze and determine aptness of the accident prevention, fire prevention and protection and occupational hazards control programs prepared by each bureau and office in relation to the accident and occupational hazards experience and other needs of each of the bureaus and offices; correlate all safety programs with the established standards of the Department and coordinate these programs with the safety program of the Postal Establishment; make periodic evaluations of the progress and effectiveness of the safety program and organization of the bureaus and offices and initiate remedial action where indicated; establish procedures to insure the proper integration and application of safety engineering techniques and practices in: operations, methods, and lay-out planning—buildings, facilities, and equipment designs and specifications—training activities—instruction and operating manuals; provide technical assistance on accident prevention, occupational hygiene engineering, sanitation, fire protection and prevention; establish and maintain a complete program for the development and training of safety personnel; establish standard uniform accident report forms and procedures for accident investigation, reporting, and analysis; develop and maintain such analyses, trends, and forecasts as are essential to provide the Postmaster General, bureau heads, and supervisory personnel with periodic reports on the accident and occupational hazards experience and the attendant costs; establish effective media for currently informing supervisory personnel on all aspects of the Department's safety problems and progress of the programs; establish criteria and standards for the preparation, selection, and utilization of visual-aids and educational literature; establish service requirements for the use of personal protective equipment, appliances, and materials; correlate the safety program with the Department's public information program.

(h) *Solicitor for the Post Office Department*—(1) *Duties.* The Solicitor is charged with the duty of giving opinions to the Postmaster General and the heads of the several bureaus and offices of the department upon all questions of law arising upon the interpretation and construction of laws (including the proposed compromise of liabilities to the United States, and the remission of fines, penalties, and forfeitures under the statutes), proposed legislation affecting the Post Office Department and Postal Service, treaties, conventions, and regulations, or otherwise, in the course of business in the Postal Service, and the compilation of such opinions for publications; with analyzing all proposed legislation affecting the Post Office Department and the Postal Service for the Postmaster General and recommending the course of action which the Department should take thereon, and, as the Postmaster General's liaison officer on proposed legislation with the Congress, representing the Department at Congressional hearings; with the editing and, where necessary, the drafting of any bills presented to the Congress by the Post Office Department; with the preparation of all reports on contemplated legislation, and Congressional bills (both general and private relief), requested of the Department by Congressional committees and the Bureau of the Budget; with keeping the Postmaster General and the heads of the several bureaus and offices of the Department informed regarding legislation in which the Post Office Department is interested; with the maintenance of suitable records of legislation affecting the Post Office Department and Postal Service; with the duty of assisting in the defense of cases against the United States arising out of the transportation of the mails, and in other matters affecting the postal revenues, including suits in the Federal courts involving claims of the railroads and other contractors for the carriage of the mails; the representation of the Postmaster General and the preparation and presentation of the Department's cases in proceedings before the Interstate Commerce Commission for the determination by the Commission of the basis for adjustment of railroad mail pay and the fixing of fair and reasonable rates for the transportation of the mails and for services in connection therewith by railroads and urban and interurban electric railway common carriers, and in other matters of petition by the Postmaster General to the Commission; with the representation of the Postmaster General and the preparation and presentation of the Department's cases in proceedings before the Civil Aeronautics Board for the determination by that Board of the basis for adjustment of airplane mail pay and the fixing of fair and reasonable rates for the transportation of mail by airplanes, helicopters, or otherwise, and for services in connection therewith, and in other matters of petition by the Postmaster General to the Civil Aeronautics Board; with the representation of the Postmaster General in hearings before the Department on orders changing the mode of transporting periodical mail matter in connection with reviews of such orders by the Court of Appeals of the District of Columbia; with the consideration and submission (with advice) to the Postmaster General of claims for damage done to persons or property by or through the operation of the Post Office Department, and of all claims of postmasters for losses by fire, burglary, or other unavoidable casualty; with the giving of advice, when desired, in the preparation of correspondence with the Department of Justice and other departments, including the Court of Claims, involving questions of law or relating to prosecutions or suits affecting or arising out of the Postal Service, and with assisting when desired in the prosecution or defense of such cases, and the maintenance of suitable records of all opinions and decisions rendered affecting the Post Office Department and the Postal Service; with the consideration of applications for pardon for crimes committed against the postal laws which may be referred to the department; with the preparation and submission (with advice) to the Postmaster General of all appeals to him from the heads of the bureaus and offices of the department depending upon questions of law; with the determining of questions as to the delivery of mail the ownership of which is in dispute; with the supervision of all proceedings before the department, arising out of the enforcement of the postal fraud, lottery and fictitious statutes, and with the making of recommendations to the Postmaster General relative to the issuance of orders pursuant to the provisions of such laws; with the consideration of the mailability of matter under 18 U. S. C. 871, 1302, 1461, 1463, 1714, 1715, 1717, and 1718; with determining the legal acceptability of securities offered by banks to secure postal savings deposits; with the examining and, when necessary, the drafting of all contracts of the department; with the handling of cases arising from the application of the private express statutes (Government monopoly of carrying letters); with the legal work incident to the enforcement of those provisions of the espionage law which concern the Post Office Department; with correlating the responsibilities, the rights and the respective spheres of action of Federal and State governments under Motor Vehicle Safety Responsibility laws; with the determination of questions involving the construction of lease contracts with landlords and cancellation of leases; with the determination of questions involving interdepart-

mental legal relations between the Post Office Department and other departments; with the consideration of alleged extortion letters; with the determination of all questions of the Post Office Department arising under the Administrative Procedure Act, and with the preparation of material for publication in the FEDERAL REGISTER; with the receipt of suggestions for changes in the Postal Laws and Regulations; editing of all proposed amendments and with the responsibility of seeing that the Postal Laws and Regulations are amended in accordance with legislation; with the examining, prior to publication, and, where necessary, the drafting of all contemplated instructions of the several bureaus and offices of the department which, in any respect, purport to interpret or construe a law or laws affecting the Post Office Department and Postal Service; and with such other like duties as may from time to time be required by the Postmaster General.

(2) *Regulations for admission of attorneys to practice before Department.* The Solicitor for the Post Office Department is hereby authorized to issue regulations governing the admission of attorneys to practice before this Department; to maintain a roll of those admitted pursuant to such regulations; to issue rules governing such practice; and to prescribe rules governing disbarment proceedings and to conduct hearings on such charges. If he shall find sufficient cause, he shall issue an order of disbarment.

(3) *Assistants and assignment of duties.* The Associate Solicitors, the Assistant Solicitors, and the attorneys for the Post Office Department are assigned to the office of the Solicitor. The Associate Solicitors, as delegated by the Solicitor, shall have general supervision of the work of the office under the Solicitor and in his absence shall discharge the duties regularly devolving upon that officer; and in the absence of the Solicitor and the Associate Solicitors, the Assistant Solicitors and the attorneys in the order of their standing shall act in their stead. The duties of the personnel of the Solicitor's Office shall be such as are assigned by the Solicitor.

(i) *Purchasing Agent for the Post Office Department.* The Purchasing Agent for the Post Office Department is assigned, under the direction and control of the Postmaster General, the supervision of the purchase of all supplies; and all purchases of supplies of every nature and character, whether under contract or not, either for the Post Office Department proper or for any branch of the Postal Service, shall be made by the Purchasing Agent: *Provided, however,* That the bureau officer controlling an appropriation may authorize postmasters and other postal officials to purchase supplies chargeable to that appropriation, subject to the approval of the Purchasing Agent in each instance.

§ 1.10 *First Assistant Postmaster General.* (a) To the First Assistant Postmaster General is assigned the general management of post offices and instruction of postmasters; all matters relating to the establishment, discontinuance, and changes of names of post offices, classified and contract stations and branches, and rural stations; the changes of sites of offices of the fourth class; the selection and preparation for nomination of postmasters at post offices of the first, second, and third classes, and the appointment of postmasters at offices of the fourth class; the bonding and commissioning of postmasters; the preparation of budget estimates; and the control and disbursement of the appropriations for the office of the First Assistant Postmaster General; the designation of Army mail clerks and assistant Army mail clerks; the authorization of allowances for clerk and city and village carrier hire, car fare and bicycle hire, and other expenses connected with post offices; the conduct of the city delivery, village delivery, rural delivery, and special-delivery services; and the treatment of all unmailable and undeliverable mail matter. He also serves as Chairman of the Postmaster General's Staff.

(b) Three Deputies First Assistant Postmaster General, of equal rank, will assist the First Assistant Postmaster General in the general supervision and administration of the affairs of the Bureau; act in the absence of the First Assistant Postmaster General, and perform such specific duties as may be assigned.

(c) The Division of Budget and Administrative Services under the supervision of a director will develop budget programs designed to assure the provision of adequate funds for normal postal operation and necessary expansion of the Postal Service to meet population growth and community development; prepare all budget estimates and serve as budget control officer for the Bureau, coordinating the Bureau's budget affairs with those of the Department's Commissioner of the Budget and the Bureau of the Budget; determine and maintain the accounting procedure necessary to control disbursements and reflect the status of appropriations at all times; control authorizations and the granting of allowances for miscellaneous service items at first- and second-class post offices, such as telephone and telegraph, cleaning and travel expenses, medical supplies for first aid units, etc., and the separating of mails and unusual conditions at fourth-class post offices; and will prepare and keep necessary journals and records and make annual adjustments of salaries of postmasters, and engage in such other activities affecting the work of the Bureau as may be assigned.

(d) The Division of Post Office Clerical Service; under the supervision of a Director, is charged with the organization and management and maintenance, and hours of service at post offices of the first, second and third class; the establishment, organization and management, maintenance and hours of service, change of name and discontinuance of classified and contract stations and branches; the authorization of Army mail clerks and assistant Army mail clerks, and the supervision of the performance of their official duties; the authorization of assistant postmasters, supervisors, clerks, watchmen, messengers, mail handlers, printers, mechanics and skilled laborers, cleaners, janitors and telephone operators, elevator conductors and firemen in post offices, paid from the appropriations of the First Assistant Postmaster General, including the fixing of the quotas of necessary employees in all such post offices, stations and branches. The authorization and granting of all allowances for assistant postmasters, supervisors and clerk hire at all post offices. The supervision of the treatment of all undeliverable and unmailable mail matter sent to dead-letter and dead parcel-post branches for disposition; the enforcement of the prompt sending and examination of such matter according to the regulations; the correcting of errors of postmasters connected with the nondelivery of mail matter sent to dead-letter and dead parcel-post branches, and the investigation by correspondence and otherwise of complaints made with reference thereto; the examination and forwarding or return of all such matter which has failed of delivery; the inspection and return to country of origin of undeliverable foreign matter; the recording and restoration of letters and parcels which contain valuable enclosures; care and disposition of money, negotiable papers and other valuable articles found in undeliverable matter; and correspondence both foreign and domestic, relating to these subjects. The authorization of official sealing and postmarking machines, and the authorization of postmarking dies in post offices, not including the cancellation marks.

(e) The Division of City Delivery Service; under the supervision of a Director, is charged with the establishment, location, organization and management, maintenance, hours of service, and conduct of city, village, special and parcel-post delivery service, including collection service; mounted and foot delivery and collection; bicycle and automotive service; the conduct and management of the Detroit River Postal Service including contract for boat. The authorization of city delivery supervisors, city delivery and village carriers, parcel post and collection carriers and special delivery messengers, and the fixing of quotas of such employees in all post offices. The authorization and granting of all allowances for city delivery, village delivery, special delivery hire and car fare and bicycle allowances, including allowances for vehicle hire in connection with village delivery service, and all other matters pertaining to delivery and collection service, except rural delivery service.

(f) The Division of Post Office Personnel; under the supervision of a Director, is charged with the appointment, promotion, transfer, change in grade and status, disciplining, removal, and salaries of assistant postmasters, supervisors, clerks, watchmen, messengers and mail handlers, printers, mechanics and skilled laborers, clerks in third-class offices, city delivery, village and special delivery carriers and messengers; also cleaners, janitors, telephone operators, firemen and elevator conductors, paid from the appropriations of the First Assistant Postmaster General; the maintenance of all records pertaining thereto and the enforcement and interpretation of all Post Office Department and civil service rules

and regulations and Comptroller General decisions concerning their salary and employment, including the maintenance of quotas as fixed by the service directors.

(g) The Division of Postmasters; under the supervision of a Director, is charged with the preparation of cases for the establishment, change of name, and discontinuance of post offices; the selection and preparation for nomination of postmasters at post offices of the first, second, and third classes, and the appointment of postmasters at offices of the fourth class; the keeping of a record of the appointment of postmasters; the obtaining, recording, and filing of bonds and oaths of office and issuance of postmasters' commissions; the consideration of charges and complaints against postmasters; all service matters in connection with fourth-class post offices; and the regulation of hours of business and changes of sites of post offices of the fourth class.

(h) The Division of Rural Delivery Service; under the supervision of a Director, is charged with consideration of all matters pertaining to the rural delivery service; the establishment, extension, consolidation and discontinuance of rural routes; the appointment, transfer, reinstatement, assignment, disciplining and removal of rural carriers; the maintenance and conduct of the service and the maintenance of all necessary records concerning the rural carriers and the correct mileage of all rural routes; the interpretation and enforcement of the Postal Laws and Regulations and civil service rules and regulations and Comptroller General decisions pertaining to the employment and salaries and allowances for the conduct of rural delivery carriers and the rural delivery service.

(i) All post offices in the United States, its territories, and possessions are field branches of the Post Office Department, and of the Bureau of the First Assistant Postmaster General. Each post office is under the general supervision of a postmaster and is charged with providing postal facilities and administering the postal affairs to the communities they serve. Postmasters receive complaints regarding mishandling or mistreating of the mails and loss or nondelivery thereof and all requests for information on purely local postal matters, sending to the Post Office Department such of the complaints and inquiries as they may deem necessary. Complaints involving the conduct of a postmaster should be directed to the First Assistant Postmaster General. Complaints should be in writing, complete as to detail, and on the prescribed form when available.

(j) Historical and statistical records of public interest pertaining to the Postal Service are on file in the Bureau of the First Assistant Postmaster General, Washington 25, D. C., and are available at that place to all persons properly or directly concerned.

(k) Detailed instructions on procedure are available in the current issue of the United States Official Postal Guide, Part I for domestic mail, and Part II for foreign mail, and in the current issue of the Manual of Instructions for Postal Personnel. There is also available a list of post offices by classes which is published annually and a list of post offices showing post office receipts and salaries of postmasters which is published annually. The Postal Laws and Regulations also outline procedures and statutes governing the conduct of the Postal Service. The Postal Bulletin issued twice weekly is an informative publication on procedure and policy. The annual report of the First Assistant Postmaster General to the Postmaster General contains information concerning the operation of the Bureau of the First Assistant Postmaster General and the field service under its control. These publications are available at all post offices or may be secured from the Government Printing Office, Washington 25, D. C.

§ 1.11 *Second Assistant Postmaster General*—(a) *Duties.* The Second Assistant Postmaster General is charged with the responsibility and authority for administering all matters relating to the transportation of the domestic and international mails by means of railroads, electric and cable cars, steamships, steamboats, mail messengers, star routes and air mail routes, routing of such mails and distribution thereof, management of the international postal service, and supervision of the personnel, accounting, budgetary, and other administrative services of the postal transportation bureau. He also serves as a member of the Postmaster General's Staff.

(b) *Under Second Assistant Postmaster General.* The Under Second Assistant Postmaster General is charged with the coordination and general supervision of the activities of the bureau, aiding and assisting in the formulation of plans and policies, and acting as head of the bureau during the absences of the Second Assistant Postmaster General.

(c) *Deputy Second Assistant Postmaster General in charge of Surface Postal Transport.* The Deputy Second Assistant Postmaster General in charge of Surface Postal Transport, aided by a Director of Transportation and a Director of the Divisions of Personnel and Facilities, is charged with the authorization and management of the transportation of mails on railroads, electric cars, steamboats on inland routes, steamship and steamboat routes between the United States and its territories; the authorization of side and transfer service required in the transportation of the mails; the determination of the necessity for the establishment of new or additional service, and the necessity for changing authorizations and car space to meet service needs in accordance with rates and regulations of the Interstate Commerce Commission; the general management of mail service on highway post office routes and authorization for new routes or additional service on existing routes; the investigation of cases of delinquencies in service and determination as to fines or penalties to be imposed and the amounts thereof; the collaboration with the Solicitor and the Interstate Commerce Commission for the purpose of issuing rules and regulations concerning transportation of the mails and fixing rates for the carriage of mail on railroads and electric cars; the distribution, routing and dispatch of all mails other than those postmasters are authorized to distribute and dispatch; the instruction of postmasters relative to the distribution, routing and dispatch of surface domestic mails; devising plans, specifications and changes in railway post office cars and highway post office vehicles; the collaboration with the Third Assistant Postmaster General in arranging for the routing and protection of valuable registered mail; passing upon requests for increases or decreases of field personnel assigned to railway post office lines, highway post office routes, transfer offices, administrative offices (except those assigned to Air Postal Transport), terminal railway post offices and air mail field offices; the preparation of advertisements inviting proposals for transportation of mails on star routes including those operating in territories and possessions of the United States; the drafting of orders awarding such service and the preparation of contracts; issuing authorizations for mail messenger service; the investigation of delinquencies and determination as to fines and penalties against contractors; and all matters relating to the operation of these services; the preparation of regulations for the government of postal transport personnel assigned to railway post offices, highway post offices, terminal railway post offices, air mail field post offices and transfer offices, and in administrative offices (except those assigned to the Air Postal Transport); handling all matters relating to the appointment, transfer, promotion, seniority, reduction, removal, and all other personnel actions affecting such employees; supervision of preparation of schemes and schedules and awarding of contracts for printing of same, except air mail schedules and schemes; the distribution of pouches, sacks and locks used in the transportation of the mails, other than those used exclusively in the city and rural delivery services; the designation of mail bag depositories; the determination of proper travel allowances to be paid officers and employees of the Surface Postal Transport system; arranging for terminal railway post office quarters on the basis of investigations by the Chief Inspector, and preparation of leases relating thereto; arranging for incidental services such as telephones, heat, light and water and negotiating for such services; handling requisitions for supplies and equipment used by the Surface Postal Transport service; issuing instructions regarding the admissibility to the mails of matter liable to damage the mails or injure the personnel, and regarding preparation and packing where admissible; determination of and issuing instructions regarding the packing of other parcel post matter necessary to withstand ordinary handling in transit.

(1) *Field divisions of Railway Mail Service.* The Railway Mail Service is divided into fifteen field divisions, each in charge of a general superintendent. The locations of the general superintendents' offices and the area under the jurisdiction of each are shown below:

Division	Jurisdictional area	Office location
First	Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut.	Post Office Bldg., Boston 9, Mass.
Second	New York, New Jersey, Delaware, the Eastern Shore of Maryland, Accomack and Northampton Counties, Va.	General Post Office Bldg., 31st St. and 8th Ave., New York 1, N. Y.
Third	District of Columbia, Maryland, North Carolina, Virginia, and West Virginia (except the peninsula of Maryland and Virginia).	City Post Office Bldg., Washington 25, D. C.
Fourth	Alabama, Florida, Georgia, South Carolina, Tennessee, Puerto Rico, and Virgin Islands.	Federal Annex, Atlanta 4, Ga.
Fifth	Ohio, Indiana, and Kentucky	Post Office Annex, Liberty and Dalton Sts., Cincinnati 35, Ohio.
Sixth	Illinois and Iowa	Main Post Office Bldg., Chicago 7, Ill.
Seventh	Kansas and Missouri	Post Office Bldg., St. Louis 3, Mo.
Eighth	Arizona, California, Guam, Hawaii, Nevada, Samoa, and Utah.	Post Office Bldg., San Francisco 1, Calif.
Ninth	Lower Peninsula of Michigan, the main line of the New York Central R. R. between New York, N. Y., and Chicago, Ill., and collateral lines that may be designated.	Post Office Bldg., Cleveland 1, Ohio.
Tenth	Northern Peninsula of Michigan, Minnesota, North Dakota, South Dakota, and Wisconsin.	Post Office Bldg., St. Paul 1, Minn.
Eleventh	New Mexico, Oklahoma, and Texas	Post Office Bldg., Fort Worth 1, Tex.
Twelfth	Arkansas, Louisiana, and Mississippi	Post Office Bldg., New Orleans 6, La.
Thirteenth	Alaska, Idaho, Montana, Oregon, and Washington	Post Office Bldg., Seattle 11, Wash.
Fourteenth	Nebraska, Colorado, and Wyoming	Post Office Bldg., Omaha 1, Nebr.
Fifteenth	Pennsylvania and main line of Erie R. R. west of Salamanca, N. Y., main lines of the Baltimore & Ohio R. R. and Pennsylvania R. R. system west of Pittsburgh, Pa., and such collateral lines as may be designated.	Federal Bldg., Pittsburgh 19, Pa.

(2) *General superintendent.* The general superintendent shall supervise the operation of the service and employees assigned to his division; see that the Postal Laws and Regulations and all departmental orders are complied with; prepare schemes of distribution and schedules for use as guides to the correct dispatch of the mails; prepare semimonthly pay sheets and quarterly pay rolls showing the names of the employees and the amounts of salaries and travel allowances to be paid by checks issued by postmasters at division headquarters of the Railway Mail Service; make investigations ordered by the department, and of irregularities occurring within his territory, except losses, taking corrective action when necessary, and report upon all essential matters to the Deputy Second Assistant Postmaster General in charge of surface Postal Transport.

(d) *Deputy Second Assistant Postmaster General in charge of Air Postal Transport.* The Deputy Second Assistant Postmaster General in charge of Air Postal Transport, aided by a Director of Domestic Air Postal Transport and a Director of Foreign Air Postal Transport, is charged with the authorization and management of the transportation of mails by aircraft; the preparation and issuance of orders authorizing changing, modifying, altering, and suspending service; the selection and control of schedules; the preparation and issuance of orders requiring air carriers to change, alter, modify, and operate additional schedules for the carriage of air mails; preparation and issuance of statements of official distances between points served for the carriage of air mails; the preparation and issuance of rules and regulations covering the transportation of mails by air carriers; the analysis of reports of nonperformance of service, violation of rules and regulations, and irregularities in the handling of air mail; the investigation and the determination of fines and penalties to be assessed against air carriers for violation of rules and regulations, nonperformance of service, and irregularities in the handling of air mails; the preparation and issuance of instructions to postmasters and field officers concerning the distribution and dispatch of domestic air mails as well as the distribution and dispatch of foreign air mails in accordance with the policies of the International Postal Service, and the operation and conduct of the Air Postal Transport service; the computation and maintenance of records of the volume of air mail dispatched by post offices and other postal units; the publication and distribution of official schedules, schemes, and pouching instructions for use in the distribution, routing, and dispatch of air mails; the examination of flight reports for operating irregularities; the determination of performance of service by carriers; the allocation of mails between competing carriers; the examination of inspection reports submitted by field officials; the administration and general management of field service personnel; the supervision of the distribution, routing, and dispatch of domestic air mails by personnel assigned to air mail fields; the requisitioning of and furnishing of supplies, equipment, furniture, and fixtures for field offices; the preparation and issuance of instructions governing the handling of air mail cachets and first flight covers in the domestic service; the conducting of promotional air mail activities; the examination and analysis of proposals for new air mail routes; the determination of future needs for air mail service; the collaboration with the Solicitor in the preparation and presentation of the Department's cases in proceedings before the Civil Aeronautics Board; the determination of needs for new and additional quarters at airports for the distribution and handling of air mail; the preparation of plans and specifications for quarters at air ports, and the negotiation of leases therefore; the preparation of commissions authorizing free air travel directed by the Postmaster General; and in general the supervision and management of the operation of the Air Postal Transport service, the facilities used and useful therefor and the services connected therewith. Attends meetings of and acts as the Post Office Department's voting member of the Air Coordinating Committee and assumes such research and analysis work as may devolve upon the Department's representative by reason of such membership.

(1) *Field divisions of Air Postal Transport.* There are five regional air mail districts, each with a superintendent in charge, further described as follows:

Regional area	Jurisdictional area	Office location
Eastern	Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, West Virginia, Trans-atlantic services.	General Post Office Bldg., New York 1, N. Y.
Central	Colorado, Illinois, Indiana, Iowa, Michigan, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, Wyoming.	U. S. Courthouse, Chicago 4, Ill.
Western	Arizona, California, Idaho, Washington, Montana, Nevada, Oregon, Utah, Hawaii, Alaska, Trans-pacific area.	180 New Montgomery St., San Francisco 5, Calif.
Southwestern	Arkansas, Kansas, Louisiana, Missouri, Mississippi, New Mexico, Oklahoma, Texas, Central and South Americas and Caribbean area jointly with Southeastern regional area.	Post Office Bldg., Fort Worth 1, Tex.
Southeastern	Alabama, Florida, Georgia, Kentucky, North Carolina, South Carolina, Tennessee, Virginia, Central and South Americas and Caribbean area jointly with Southwestern regional area.	618 Atlanta Natl Bldg., 50 Whitehall St., Atlanta 4, Ga.

(2) *Regional Superintendents.* Regional Superintendents, Air Postal Transport, have general supervision over the air mail service in their areas. They are responsible for seeing that proper service is rendered by carriers; for coordinating air mail activities between post offices, air mail fields, and railway post offices; for making regular air mail inspections at post offices which are stop points on air mail routes and at air mail fields and other special inspections as conditions require; for issuing dispatch schedules for the routing of air mail and diverting air mail from its regular routing when necessary because of weather, operations, or volume requirements; for checking flight reports submitted by carriers; for assisting post offices in handing souvenir mail when air mail service is inaugurated at a new point; for surveying proposed new routes; for rendering reports of accidents to planes carrying mail; for acting as representatives of the Second Assistant Postmaster General before Chambers of Commerce, service clubs, etc., when such is required; for investigating mail failures and other irregularities on the part of the carriers and submitting reports of same to the Second Assistant Postmaster General, Division of Air Postal Transport, Washington 25, D. C., with appropriate recommendation of action to be taken.

(e) *Deputy Second Assistant Postmaster General in Charge of International Postal Service.* The Deputy Second Assistant Postmaster General in charge of International Postal Service, aided by a Director of International Postal Service, is charged with the arrangement and management of details connected with the exchange of mails with foreign countries by surface and air, including

the creation and promulgation of all matters of policy relating to the international mails, the classification, rates and other conditions applicable thereto, both by surface and air, and including the ocean transportation of mails from the United States and of other mails the United States is obligated to convey; the investigation and determination of fines and deductions against steamship companies for delinquencies in service or failures to safeguard the international mails while in their custody; negotiating with foreign postal administrations of postal conventions and agreements (except those relating to the money-order system) and the arrangement of all details in connection with the putting into effect of the provisions thereof; representing the Universal Postal Union at United Nations meetings; the preparation and issuance of instructions to postmasters in regard to the international postal service (except those issued by the Air Postal Transport), including the compilation and editing of Part II of the Official Postal Guide; the consideration and preparation of replies to inquiries relating to the international postal service (except those intended for the Chief Inspector); the consideration and disposal of applications for the return to senders of, or change of address on, articles contained in the mails exchanged with foreign countries; the compilation of general statistics of international mails (except those to be compiled by the Air Postal Transport); the translation of letters and documents in foreign languages received by the Department (except those intended for the Third Assistant Postmaster General or Chief Inspector); the administrative determination of the balances due from or to foreign countries on account of intermediary maritime and land transit of international mails as well as the preparation of instructions to govern the collection of the transit statistics on which these balances are based; the management of all international registry, insurance, and collect-on-delivery services and all instructions and correspondence in relation thereto, except that assigned to the Third Assistant Postmaster General (Division of Money Orders) and that assigned to the Chief Inspector under § 1.14, and § 44.1 of this chapter, the examination and authorization for payment of indemnity claims for international mail and of certain claims for refund of postage paid on international mails for which no service was rendered (except as provided in § 114.11 of this chapter); the supervision of the sea post service, the Navy Mail Service, and international parcel post service; the adjustment of air mail postage rates and air mail transportation rates to foreign countries; and preparation of general correspondence with foreign postal administrations, the postal service and the general public relating to the international postal service (except that assigned to the Third Assistant Postmaster General and the Chief Inspector).

(f) *Deputy Second Assistant Postmaster General in charge of Administrative Services.* The Deputy Second Assistant Postmaster General in charge of Administrative Services, aided by a Director of Budget and Accounting, a Director of Systems and Procedures, a Director of Verification, and a Director of Records, is charged with verification of all authorizations and claims for the transportation of mail; passing upon claims of railroads for side and transfer service required of them in connection with the transportation of the mails; examining evidence of the performance of those services and passing upon the application of the requirements and rates fixed by the Interstate Commerce Commission governing service on railroad and electric car routes, and by the Civil Aeronautics Board governing service on domestic and foreign air mail routes; maintaining contact with and attending hearings before the Interstate Commerce Commission; preparing statements of accounts of the carriers for payment (except for mail-messenger service), preparation of orders of fines and deductions in cases of delinquencies in service, maintenance of bookkeeping records which form the basis of administrative audit of all claims for payment for transportation of mails; the stating of accounts for payment and the preparation and certification of vouchers and journals authorizing payment to carriers for the transportation of mails; the verification of accounts covering miscellaneous expenditures of the Surface Postal Transport; the administrative audit of travel expense accounts for personnel of the bureau; performing cost studies; the review, analysis, revision, establishment and discontinuance of systems and procedures for the conduct of the work of the postal transport system, at Washington, D. C., and in the field, in the interests of economy, practicability, and efficiency; recommendation of changes in existing laws and new legislation to meet the requirements of the service; preparation of estimates of appropriations necessary for the conduct of the postal transport system as a whole, and justifications in support thereof; presentation of such estimates to the Bureau of the Budget and committees of Congress; the control of all financial obligations of the postal transport system; preparation of reports on budget and fiscal matters and furnishing such other data as might be required by the Bureau of the Budget and committees of Congress.

(g) *Information.* (1) Requests for information concerning any matters under the jurisdiction of the Second Assistant Postmaster General may be directed to local postmasters or to any of the field officials listed in this section. Requests for information which can not be obtained satisfactorily in the field may be addressed to the Second Assistant Postmaster General, Washington 25, D. C.

(2) Detailed information concerning postal matters is available to the public in the current issue of the U. S. Official Postal Guide, Part I for domestic mail and Part II for foreign mail; the Postal Laws and Regulations, as amended; the Postal Bulletin, issued twice weekly; and in the annual reports of the Postmaster General. These publications may be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

(h) *Official records.* Official records of public interest pertaining to service actions or request for service actions are on file in the Bureau of the Second Assistant Postmaster General, Washington 25, D. C. and, with the exception of those held confidential, are available at that place to all persons properly and directly concerned.

§ 1.12 *Third Assistant Postmaster General*—(a) *Duties.* The Third Assistant Postmaster General is charged with the general supervision of the financial operations of the Postal Service; the supervision of the Postal Savings System and of the sale of United States Savings bonds at post offices; the supervision, through the Government agencies, of the manufacture of all postage stamps, postal cards and stamped envelopes, and migratory-bird hunting stamps, and their distribution; the distribution of internal-revenue stamps, and United States Savings stamps for sale in post offices and the accounting therefor; the determination in complicated cases of responsibility for shortages of any kind in postmasters' accounts; and the preparation of the Postmaster General's reports to Congress in cases involving loss of Government funds or stamped paper through embezzlement or otherwise; the general conduct of the money-order and the postal-note systems; the classification of domestic mail matter and supervision of the collection of postage thereon, including the use of precanceled stamps and the acceptance of matter without stamps affixed as metered and nonmetered mail; the supervision of the use of the penalty, franking and other domestic free mail privileges authorized by law; the enforcement of the laws relative to the limit of weight and size of domestic mail; the granting of authority to refund postage charges on domestic mail in excess of the lawful amounts; the supervision of, and issuance of instructions pertaining to, the inclusion of any advertisements, slogans, pictures, and insignia in the cancellation portion of any postmarking device or equipment, including postage meters, used by the postal service or the public; the administration of the laws governing second-class matter; the supervision and management of the domestic registry system and the domestic insurance and collect-on-delivery services; general supervision of investigations of methods designed to improve the Parcel Post Service, and its adequacy and adaptability for handling mailable articles. He also serves as a member of the Postmaster General's Staff.

The officers and divisions of the Bureau shall perform duties as follows:

(b) *Deputies Third Assistant Postmaster General.* The two Deputies Third Assistant Postmaster General, of equal rank, are assistants to the Third Assistant Postmaster General, one being in charge of the Division of Finance, the Division of Postal Savings, and the Division of Stamps, and the other in charge of the Division of Money Orders, the Division of Letter and Miscellaneous Mail, the Division of Newspaper and Periodical Mail, the Division of Registered Mails, and the Division of Parcel Post, and each deputy exercises administrative responsibility for decisions in his assigned Divisions in all matters under the jurisdic-

tion of the Third Assistant Postmaster General.

(c) *Special Administrative Aide.* The Special Administrative Aide to the Third Assistant Postmaster General and serving directly under him is budgetary control officer for the Bureau appropriations, selects, assigns, and allocates Bureau personnel, acts as technical adviser to the Third Assistant Postmaster General, and performs such planning and research assignments involving policies, practices and activities within the Bureau's jurisdiction as may be required by the Third Assistant Postmaster General.

(d) *Division of Finance.* The Division of Finance, under the supervision of the superintendent, who is also the Disbursing Officer for the Post Office Department, is charged with gathering and distributing funds derived from the collection of the revenues of the Postal Service for the purpose of meeting the obligations of the service when and where payable; supervision of the handling and remitting of funds by postmasters; covering postal moneys into the Treasury of the United States; receiving moneys coming directly to the department; paying indebtedness not settled by postmasters; handling matters affecting the postal revenues; the regulation of box-rent rates and deposits for keys of lock boxes in post offices; the payment of all salaries to all officers, clerks, and employees of the department; the making of all payments for rent of departmental buildings, contingent expenses, printing and binding, and such other expenditures as may be authorized; the sale of post route and rural delivery maps, and the keeping of accounts of expenditures.

(e) *Division of Postal Savings.* The Division of Postal Savings, under the supervision of the superintendent, is charged with the general direction of postal-savings, United States savings-bond, and savings-stamp business at post offices, the administrative examination of postal-savings, savings-bond, and savings-stamp accounts, the preparation of correspondence, and the keeping of records of accounts pertaining thereto.

(f) *Division of Stamps.* The Division of Stamps, under the supervision of the superintendent, is charged with the general supervision of the production of postage stamp paper, migratory-bird hunting stamps; the examination, verification, and adjustment of the accounts of contractors for these supplies; the disposition of requisitions for stamped-paper supplies including international reply coupons, the distribution of such supplies, the keeping of accounts of stamped paper issued to postmasters and on hand in post offices, and the audit and disposition of reports and inventories regarding the same; the distribution of United States savings stamps to postmasters; the distribution of internal-revenue stamps for sale through the postal service and the accounting therefor; the adjustment of cases of loss, miscarriage, or detention of stamped supplies in transit; the receipt, examination, and disposition of stamped paper, internal-revenue, migratory-bird hunting, and United States savings stamps and international reply coupons sent by postmasters to the Department for redemption, and the certification of credits in favor of postmasters therefor; the consideration of cases relating to the counterfeiting or imitating of United States postage stamps; the operation of the Philatelic Agency and the Philatelic Exhibition Room, and consideration of general philatelic matters; the rendition of international reply coupon accounts to the countries of origin and certification of balances due or collectible to the General Accounting Office.

(g) *Division of Money Orders.* The Division of Money Orders, under the supervision of the superintendent, is charged with the general direction of the postal money-order system, both domestic and international, the postal-note system, and the preparation of conventions for the exchange of money orders with foreign countries.

(h) *Division of Letter and Miscellaneous Mail.* The Division of Letter and Miscellaneous Mail, under the supervision of the superintendent, is charged with the consideration of all questions relating to the classification of matter, excepting that of the second class, admissible to the mails, intended or deposited for mailing, and determination of the rates of postage thereon; the limit of weight and size of mail; the admissibility of meat and meat-food products under the Meat Inspection Act and of nursery stock, etc., under the Plant Quarantine and Terminal Inspection Acts; and of the dead bodies, or parts thereof, of any wild animals or birds, or the eggs of any such birds, under the laws pertaining to their shipment; the requirements as to the name and address of the sender on mail and the addressing thereof; the use of pre-canceled stamps and business reply cards and envelopes; the mailing without stamps affixed of metered and nonmetered matter; the supervision of the use of the penalty, franking, and other domestic free mail privileges authorized by law; the supervision of the collection of postage; the granting of authority to refund postage charges on domestic ordinary mail in excess of the lawful amounts; the verification and allowance of claims for credit by postmasters for postage-due stamps affixed to undeliverable matter; the supervision of, and issuance of instructions pertaining to, the inclusion of any advertisements, slogans, pictures, and insignia in the cancellation portion of any post-marking device or equipment including postage meters, used by the Postal Service or the public; and supervision of post-office-owned stamp vending machines.

(i) *Division of Newspaper and Periodical Mail.* The Division of Newspaper and Periodical Mail, under the supervision of the superintendent, is charged with the consideration of all questions relating to the admissibility of newspapers and periodical publications to the second class of mail and the administration of the laws and regulations governing their acceptance as such, including the consideration of applications for their original entry and applications for the reentry or additional entry thereof as second-class matter; the consideration of the revocation of second-class mail privileges of publications not conforming to the requirements; the determination of questions pertaining to the preparation, wrapping, addressing, weighing, newspaper treatment, and exceptional dispatch of publications of the second class, and the permissible additions to and inclosures therein and other related matters; the application of the various rates of postage prescribed for mailings of publications of the second class, according to their character, and the supervision of the collection of, and accounting for, such postage; the administrative examination of postmasters' quarterly statements of second-class postage collected and the receipts issued to publishers therefor; the certification to the General Accounting Office of the amount of second-class postage for which each postmaster is accountable; the granting of authority to refund postage paid thereon in excess of the lawful amounts; the examination of sworn statements of ownership, management, and circulation required to be filed by publishers of publications admitted as second-class matter in the mails, and the consideration of questions arising therefrom; the registration of news agents; the registration of magazines and periodical publications issued in raised characters or on sound-reproduction records for the blind; the determination of the acceptability of free circulation publications at special postage rates provided therefor.

(j) *Division of Registered Mails.* (1) The Division of Registered Mails, under the supervision of the superintendent, is charged with the management of the domestic registry system and the domestic insurance and collect-on-delivery features of the postal service and the issuance of all instructions and correspondence in relation thereto, except that assigned to the Chief Inspector under § 1.14, and §§ 44.1 and 44.2 of this chapter; the issuance of instructions concerning receipts or certificates of mailing for domestic ordinary, registered, insured, and collect-on-delivery mail; the authorization of all domestic rotary-lock, brass-lock, lead-seal, and exceptional exchanges and dispatches of registered mail; the authorization of refunds of postage on domestic registered, insured, and collect-on-delivery mail; the recovery and disposition of domestic indemnities found to have been improperly paid; the supervision of the adjustment by postmasters of claims involving domestic insured and collect-on-delivery mail; and the adjustment of indemnity claims for domestic registered mail and such claims for domestic insured and collect-on-delivery mail as are not adjusted by postmasters.

(2) Except such claims as are reserved for adjustment by the Department, the postmasters at Central Accounting Post Offices for the States or sections in which insured and collect-on-delivery articles are mailed are authorized to pay limited indemnity claims, not to exceed $200, arising from the loss or rifling of, or damage to, insured and unregistered collect-on-delivery articles, and exchanged within and between the continental United States (including Alaska), Guam, Hawaii, Pago Pago, Samoa, Puerto Rico, and the Virgin Islands. Below is a list of Central Accounting Post Offices with territory served:

Central-accounting post offices	*Territory served*
Birmingham, Ala	Alabama.
Seattle, Wash	Alaska.
Phoenix, Ariz	Arizona.
Little Rock, Ark	Arkansas.

Milwaukee, Wis	Wisconsin.
Cheyenne, Wyo	Wyoming.

(3) Except such claims as are reserved for adjustment by the Department, the postmaster at Washington, D. C., is authorized to pay limited indemnity claims, not to exceed $200, arising from the loss or rifling of, or damage to, insured and unregistered collect-on-delivery articles mailed at Washington, D. C.

(4) Claims involving both insured and c. o. d. parcels mailed at post offices in Alaska are, upon completion, sent to the postmaster at Seattle, Washington.

(5) Claims for indemnity involving parcels mailed at or addressed to post offices in Hawaii are, upon completion, sent to the postmaster at Honolulu, if the payee is located in Hawaii; but if the payee is located elsewhere in the United States, the claim papers are sent to the postmaster at San Francisco, California.

(6) Claims for indemnity involving parcels mailed at or addressed to post offices in Puerto Rico are, upon completion, sent to the postmaster at San Juan, Puerto Rico, if payment is to be made in Puerto Rico. If payment is to be made elsewhere in the United States, the claim papers are sent to the postmaster at New York, N. Y.

(7) Claims for indemnity involving parcels mailed at or addressed to post offices in the Virgin Islands are, upon completion, sent to the postmaster at San Juan, Puerto Rico, if the payees are located in the Virgin Islands or Puerto Rico, but if payment is to be made elsewhere in the United States, the claims for indemnity are sent to the postmaster at New York, N. Y.

(8) Claims for indemnity involving parcels mailed at Washington, D. C., are, upon completion, sent to the postmaster at Washington, D. C.

(9) Information regarding the registration of valuable mail matter, insurance of parcels, and sending of articles collect-on-delivery, to domestic destinations, fees and limits of indemnity, and the advantages to be derived from the use of each of the services may be obtained at any post office or station or branch thereof.

(10) Information concerning certificates of mailing of domestic ordinary mail of any class, or additional receipts, or certificates of mailing of any domestic ordinary, registered, insured, or collect-on-delivery mail, may be obtained at any post office or station or branch thereof. Requests for such receipts or certificates of mailing may be made at the offices at which the articles are mailed.

(11) Applications for the registration of mail may be made at a post office, branch, or station, or to a city, village, or rural delivery carrier.

Mail intended for registration should never be placed in a street letter box or an ordinary mail drop. It must be presented for registration and a receipt obtained at the time showing, in addition to such other particulars as may be required by the Department, the number of the article, the amount of registry fee paid, the class of postage paid, the amount of surcharge, if any, paid, and any fees paid for special services, such as return receipt, restricted delivery, special delivery, and the postmark showing date and place of registration.

(12) At the time of mailing, or after mailing, of a domestic registered article, the sender may make request for a return receipt showing to whom and when the article was delivered, or, at the time of mailing only, the sender may make request for a return receipt showing to whom, when and the address where the mail was delivered, upon payment of the prescribed fee.

(13) The sender may restrict the delivery of registered mail by indorsing each such article on the address side "Deliver to Addressee Only," or "Deliver to the Addressee or Order," or with words of similar import, upon payment of the required fee.

(14) When the sender of registered mail desires to reclaim or recall it at any time before delivery, application may be made to the mailing postmaster.

(15) Requests for firm registration records by patrons who customarily present an average of three or more articles for registration at one time and for firm mailing books by patrons who customarily mail an average of three or more insured or c. o. d. parcels at one time may be made at any post office.

(16) Requests for information as to the proper method of packing and wrapping of articles intended for registration, insurance, or collection-on-delivery, may be made at any post office, or station or branch thereof.

(17) Requests for information regarding the sending of inquiries for domestic registered, insured, or c. o. d. mail and the charges therefor, if any, may be obtained at any post office.

(18) Requests for insurance of parcels may be made at a post office, or branch or station, or to a rural carrier. Matter intended for insurance may be left in a rural patron's mail box for collection, provided sufficient stamps are affixed for postage and fee, or money therefor is left in the box, and the article is properly packed and marked "Insured." A note should be left in the rural box stating contents and what part of the stamps or money represents the insurance fee.

(19) Requests that articles be sent collect-on-delivery may be made at a post office, or station or branch, or to a rural carrier. Matter intended for collection on delivery may be left in a rural patron's box for collection, provided sufficient stamps are affixed for postage and fee, or money therefor is left in the box, and the article is properly packed and marked "c. o. d." A c. o. d. tag must be properly filled in and attached to the article. A note should be left in the rural mail box stating the contents of the article if other than first class matter, and what part of the stamps or money represents the c. o. d. fee.

(20) At the time of mailing, and upon payment of the required fee, the sender may request restriction in delivery of an insured or c. o. d. parcel by indorsing each such article on the address side "Deliver to Addressee Only," or "Deliver to the Addressee or Order," or with words of similar import.

(21) Requests for information regarding the use of multiple forms providing in one operation, by carbon process, address labels, firm mailing and post office records, and in the case of c. o. d. mail, labels to be affixed over the corresponding portions of the official c. o. d. tags, and for information concerning the use of recapitulation sheets in conjunction with these multiple forms, may be made at any post office.

(22) The sender may, upon the payment of the required fee, request that the amount originally stated as due him on delivery of a c. o. d. parcel be increased (not to exceed $200), decreased, or canceled, or the parcel delivered to a new addressee at the office where it is held.

(23) When the sender of a c. o. d. parcel is advised by the addressee that it has not been received, and a sufficient length of time has elapsed from the date of mailing for the parcel to have been received at the office of address in the usual course of the mails and delivered to the addressee, inquiry may be made at the mailing post office or branch or station thereof. However, if such advice is dated at least ten days from the date on which the parcel should have reached the office of address and been delivered to the addressee, claim for indemnity may be filed.

(24) When the sender of a c. o. d. parcel is advised that it was received by the addressee with all or a part of the contents missing or damaged, claim for indemnity may be made without preliminary inquiry.

(25) When the sender of a c. o. d. parcel fails to receive a c. o. d. money order at the expiration of at least fifteen days following the date of mailing, in addition to the time limit for retention specified by the sender, or the parcel itself is not returned as undelivered at the expiration of a similar period, inquiry may be made at the mailing post office or branch or station thereof for the parcel.

(26) Written complaints concerning the disposition or delay (as distinguished from loss or rifling of, or damage to), domestic registered mail, including that exchanged with the Canal Zone, and applications for indemnity on account of the loss or rifling of, or damage to, domestic registered mail, including that exchanged with the Canal Zone, may be made at any post office.

(27) Information concerning refunds of postage paid on domestic registered, insured and collect-on-delivery mail may be obtained at any post office. Request for refunds of any postage paid on domestic registered, insured, or collect-on-delivery mail for which service was not rendered, or was collected in excess of the lawful rate, may be made in writing at the office where mailed.

(28) Applications for indemnity for lost, rifled, or damaged domestic registered, insured, or collect-on-delivery mail may be made by the public to the postmaster at any post office.

(29) Request for information concerning the status of claims involving domestic registered mail should be addressed to the Third Assistant Postmaster General, Division of Registered Mails, Washington 25, D. C. Requests for reports of the status of claims involving domestic insured or collect-on-delivery mail should be addressed to the designated paying postmaster.

(k) *Division of Parcel Post.* The Division of Parcel Post, under the supervision of the director, is charged with the general direction of investigations of methods designed to improve the Parcel Post Service, and the study and analysis of data, information, and suggestions pertaining to this service.

§ 1.13 *Fourth Assistant Postmaster General*—(a) *Duties.* To the Fourth Assistant Postmaster General are assigned the duties of representing the Postmaster General on the Joint Departmental Committee, administering the details of public building programs authorized by Congress outside of the District of Columbia; the authorization of allowances for rent, light, and fuel, and the consideration of general engineering problems affecting the activities of the Postal Service; the custody and distribution of equipment and supplies for the Postal Service; the administration and operation of Government-owned post-office buildings, appointment and discipline of personnel engaged in the operation and maintenance; requisition and distribution of cleaning and operating supplies and equipment; the authorization of allowances for hire of vehicles used in the delivery and collection service, and the conduct of the screen-wagon, pneumatic-tube, and Government-owned motor-vehicle services in cities; the production and distribution of post-route maps and parcel-post zone keys; the general supervision of the Mail Equipment Shops and the manufacture and repair of mail bags, locks, keys, and key chains. He also serves as a member of the Postmaster General's Staff.

(b) *Under Fourth Assistant Postmaster General.* The Under Fourth Assistant Postmaster General will assist the Fourth Assistant Postmaster General in the general supervision and administration of the affairs of the Bureau, aiding in the formulation of plans and policies; act as head of the Bureau during the absences of the Fourth Assistant Postmaster General; and perform such other specific duties as may be assigned.

(c) *Division of Engineering and Research.* The Division of Engineering and Research under the supervision of the Superintendent is charged with the design and construction of buildings in so far as the operation of the post office service is concerned; the lay-out of post office quarters in Federal buildings and leased buildings, including conveyor and other labor-saving equipment for same; general engineering problems affecting the activities of the Postal Service, and the consideration of the practicability of devices and inventions for use in the Postal Service.

(d) *Division of Motor Vehicle Service.* The Division of Motor Vehicle Service, under the supervision of the Superintendent, is charged with the authorization, operation, and maintenance of the Government-owned motor-vehicle service, including the appointment and discipline of the personnel employed in connection therewith; the authorization and operation of the pneumatic-tube service including the appointment and discipline of the personnel employed in connection therewith; requisitions for materials, supplies, and garage equipment and correspondence pertaining thereto; requests for allowances for rent, light, fuel, power, water, telephone service, etc.; the monthly and quarterly reports and correspondence pertaining to the accounting system; the preparation of advertisements inviting proposals for the transportation of the mails in cities by means of screen wagons and pneumatic tubes, and the drafting of orders awarding such service, including the preparation of contracts therefor; the fixing of allowances for the hire of vehicles used in the delivery and collection service; the examination of reports and the preparation of orders making deductions and imposing fines for nonperformance of services and other delinquencies on the part of contractors.

(e) *Division of Topography.* (1) The Division of Topography, under the supervision of the Topographer, is charged with the supervision of the production of post-route and rural-delivery maps; the distribution of post-route and rural-delivery maps; and the conduct of correspondence pertaining thereto.

(2) Post-route, rural-delivery county, and local-center maps shall be prepared by and printed under the supervision of the Topographer, Division of Topography, of the Post Office Department. The maps shall not bear the name or any imprint of the contractor doing the printing.

(3) The Topographer shall issue all maps to the offices of the service and all others entitled thereto upon their request.

(f) *Division of Post Office Quarters.* The Division of Post Office Quarters, under the supervision of the Superintendent, is charged with the selection, lease, and equipment of quarters for presidential post offices and stations thereof (except those located in Federal buildings); the lease and equipment of post office garages, and the fixing of allowances for rent, light, heat, and water at presidential offices and stations thereof.

(g) *Division of Equipment and Supplies.* (1) The Division of Equipment and Supplies, under the supervision of the Superintendent, is charged with the preparation of specifications for equipment, other than that assigned to the Division of Mail Equipment Shops, and supplies for the Postal Service; the requisition, inspection, adjustment, and repair of post-office scales; the custody, distribution, and transportation of such equipment and supplies; the maintenance of a record of expenditures for equipment and supplies by appropriation; and the conduct of all correspondence pertaining thereto.

(2) The Fourth Assistant Postmaster General, Division of Equipment and Supplies, shall issue parcel-post zone keys to be used in connection with the Official

Postal Guide to offices of the service, and to the public upon request.

(h) *Division of Federal Building Operations.* The Division of Federal Building Operations, under the supervision of the Superintendent, is charged with the administration and operation of Government-owned post office buildings; appointment and discipline of personnel engaged in the operation and maintenance; requisition and distribution of cleaning and operating supplies and equipment, including fuel, oils and grease, electric and gas lamps; assignment of space and granting of privileges; joint telephone facilities serving two or more governmental agencies; requisition and distribution of furniture, floor coverings, window shades, awnings; moving into Federal buildings; and safes and their fittings. Correspondence relative to repairs to buildings and fixed equipment, including heating plant, elevators, ventilating equipment, vaults, lock boxes; lighting fixtures (Federal buildings only) interior and exterior painting, seeding and grading, should be addressed to Public Buildings Administration, Federal Works Agency. For further instructions see pamphlet "Instructions and Suggestions for Postmasters in the Operation of Public Buildings Under the Administration of the Post Office Department."

(i) *Division of Mail Equipment Shops.* The Division of Mail Equipment Shops, under the supervision of the Superintendent, is charged with the manufacture and repair of mail bags and other mail containers and attachments, mail locks, keys, chains, tools, dies, and such other equipment for the Postal Service as may be deemed expedient; the preparation of specifications for the articles named, the recommendation of award for purchase; the maintenance of a record of expenditures; the issuance of letter-box locks, mail keys, key chains, etc, to postmasters and other officials entitled thereto, and the maintenance of a record thereof.

(j) *Division of Traffic.* The Division of Traffic, under the supervision of the Traffic Manager, is charged with the preparation of instructions relative to freight, express, drayage, crating, routing and billing shipments of equipment, material, and supplies for the department and Postal Service following carefully instructions appearing in the Manual of Instructions for Postal Personnel, under the heading "Transportation and Drayage of Postal Supplies and Equipment."

§ 1.14 *Chief Inspector*—(a) *Duties.* The Chief Inspector is charged with keeping the Department advised as to the condition and needs of the postal service; with the inspection and rating of post offices, and the certification of the results to the First Assistant Postmaster General; with the inspection, audit, and inventory of finances, valuables, equipment, supplies, and property, and the examination of procedures relating thereto in every bureau or agency of the Postal Establishment in Washington and in the field, and the certification of the results to the Postmaster General or the Assistant Postmaster General in charge of the unit inspected; with the coordination and supervision of plans and arrangements for the handling of the President's mail while he is traveling, and advising with White House officials on matters connected therewith; with all matters relating to depredations upon the mails and losses therein; with the direction of all inquiries for the purpose of determining whether articles of mail matter have been delivered except as provided in § 44.2 of this chapter, with the treatment of all inquiries addressed to the United States Post Office Department by foreign postal administrations or by persons interested, or reported by postal officials and others under §§ 44.1 and 118.1 of this chapter, concerning losses and irregularities in the international mails; with the treatment of all cases involving international mail where some form of return receipt is required which has not been received; with the securing of evidence and the treatment of complaints and correspondence relative to criminal offenses against the postal service; with the presentation of cases to the Department of Justice and the expression of the Department's interest in the prosecution of offenders against the postal laws; with the consideration of claims for rewards for the apprehension and conviction of postal law violators; with the consideration of matters arising from the application of the private express statutes; with the management of the Post Office Inspection Service and of the divisions of his Bureau, including the selection, assignment to duty, and government of the personnel of his Bureau, post office inspectors in charge, assistant post office inspectors in charge, post office inspectors, and clerks in the Inspection Service, the authorization, coordination, and disposition of all investigations by the Inspection Service, and the custody and disposition of all money or property coming into the possession of the Inspection Service or any division of his Bureau; with the operation of the Post Office Department Library; with the printing, numbering, and assignment of travel commissions except those for railway postal clerks; and with the performance of such other duties as may from time to time be required by the Postmaster General. He also serves as a member of the Postmaster General's Staff.

(b) *Assistant Chief Inspector.* The Assistant Chief Inspector shall perform such duties as may be delegated to him by the Chief Inspector, and in the absence of the latter shall act in his stead.

(c) *General Superintendent.* The General Superintendent, Office of the Chief Inspector, under the Chief Inspector and the Assistant Chief Inspector, shall exercise general supervision over the divisions of the Bureau and perform such other duties as may be delegated to him.

The divisions of this Bureau shall perform duties as follows:

(d) *Division of Administrative Services.* The Division of Administrative Services, under the supervision of the Superintendent, is charged with the determination of financial responsibility of postal personnel, sureties, mail contractors, and other persons, firms, and corporations in cases involving loss, theft, rifling, wrong delivery, or other mistreatment of mail, and irregularities in official funds, property, and revenue; with the determination and direction of the disposition to be made of money and property recovered; with the preparation of budgetary estimates and justifications, and the apportionment and accounting for Inspection Service appropriations; with the consideration of contracts, allowances, accounts, travel, and leaves of absence under Inspection Service appropriations; with the procurement and analysis of statistics; with the operation of the cash accounting system of the Inspection Service; and with initial responsibility for the selection, assignment, and reassignment of Bureau personnel.

(e) *Division of Service Investigations.* The Division of Service Investigations, under the supervision of the Superintendent, is charged with consideration of matters relating to the inspection of post offices and other postal units, the loss or other mistreatment of international mail, and the impersonation of postal officers and employees; with the authorization, coordination, and disposition of investigations concerning such matters and of other investigations concerning the personnel, operating needs, revenues, and finances of the Postal Establishment; and with the authorization of supplies and equipment for the Inspection Service.

(f) *Division of Criminal Investigations.* The Division of Criminal Investigations, under the supervision of the Superintendent, is charged with the consideration of matters relating to depredations upon the mails, burglaries, robberies, floods, and other casualties, loss of domestic mail except questions of individual financial responsibility, mailing of fraudulent and other prohibited matter, rewards for services looking to the apprehension and conviction of postal law violators, and expert examination of questioned documents; and with the authorization, coordination, and disposition of investigations concerning such matters.

(g) *Information, requests, submittals.* Inquiries and requests by the public for information concerning the Postal Service or complaints concerning mail matter should be addressed to the Postmaster or to the Post Office Department, Washington 25, D. C.

§ 1.15 *Comptroller, Bureau of Accounts*—(a) *Duties.* To the Comptroller, Bureau of Accounts, are assigned the administrative examination of all postal, money order, and postal note accounts of postmasters at direct and central accounting offices and the accounts of foreign administrations; the prescribing and supervising of the administrative examination of district office accounts at central accounting offices; the administrative examination of the accounts and conducting of physical audits of the cash and accountability of the Philatelic Agent and the Superintendent, Division of Finance and Disbursing Officer; the instructing of postmasters relative to the maintenance of financial records and the preparation and rendition of their accounts; the supervising of the quarterly counts of penalty mail and determining the quantity of penalty

matter procured and mailed by each department, agency, or organization of the Government and the cost of handling such mail; the work of ascertaining the revenues derived from and the cost of carrying and handling the several classes of mail matter and of performing the special postal and nonpostal services; the keeping of administrative appropriation and cost accounts; the maintenance of control accounts of appropriations, apportionments, allotments, obligations, revenues, receipts, and expenditures; the maintenance of records of gross postal receipts, by calendar years, of post offices; the compilation of statistical reports, monthly operating statements, and other financial data for the information of the Postmaster General and other officers of the Post Office Department; the ascertainment of the facts and the preparation of certifications relating to proposed compromise of liabilities to the Department under § 18.54 of this chapter; the general supervision of the administration of the Retirement Act; and, in collaboration with the Office of Budget and Administrative Planning, the conducting of surveys and research necessary to the development of improved cost accounting and control procedures and the formulation of policies with respect to the financial accounting and statistical systems of the postal establishment. (See §§ 135.49, 18.1, 18.2, 18.3, and 18.8.) He also serves as a member of the Postmaster General's Staff.

The divisions of this Bureau shall perform duties as follows:

(b) *Division of Accounts.* The Division of Accounts, under the supervision of the Superintendent, is charged with the administrative examination of accounts rendered by postmasters; the administrative examination of the accounts of the Philatelic Agent and the Superintendent, Division of Finance and Disbursing Officer; the maintenance of control accounts showing the daily transactions and financial accountability of the Philatelic Agent and the Superintendent, Division of Finance and Disbursing Officer; the maintenance of control accounts showing the annual cost of maintaining Federal buildings in which post offices are housed; the keeping of individual accounts, maintained in the Department of the statutory deductions from the basic salaries of employees in the Department and Postal Service for credit to the Civil Service Retirement and Disability Fund; the compilation of statistical data relative to newspapers and other periodical publications admitted to the mails as second-class matter; the maintenance of records showing the quantity of penalty matter procured by each department, agency, or organization of the Government and the quantity of such matter on hand at the close of each fiscal year; the ascertainment, from accounts and reports rendered by postmasters, of the gross postal receipts, by calendar years, of each post office and the compilation of such data; and the ascertainment of the amount withheld, by quarters, from the earnings of employees for Federal tax on salaries and wages.

(c) *Division of Cost Ascertainment.* The Division of Cost Ascertainment, under the supervision of the Superintendent, is charged with the general direction of the work of ascertaining the revenues derived from and the cost of carrying and handling the several classes of mail matter and of performing the special postal and nonpostal services; and the supervision of the quarterly counts of penalty, franked, and matter mailed free of postage and the preparation of reports showing the results thereof.

(d) *Division of Methods and Procedures.* The Division of Methods and Procedures is charged with making detailed investigations in research surveys undertaken by the Office of Budget and Administrative Planning.

(e) *Inquiries and requests for information.* All requests for information shall be addressed to the Comptroller, Bureau of Accounts, Post Office Department, Washington 25, D. C.

(f) *Official records available to the public.* The complete record of the compromise of obligations with the Post Office Department are the only records available to the public. These records are available only from the time a compromise case is received in the Bureau of Accounts until it is referred to the Comptroller General of the United States for approval, and access to these records is restricted to those who establish a direct and proper interest therein.

MISCELLANEOUS

§ 1.16 *Information concerning postal matters.* Members of the public may request information concerning any postal matter by communicating with the bureau or office which has assigned to it the duty of handling the matter regarding which information is desired. No special form is required to be followed in making such requests.

§ 1.17 *Availability of opinions, orders and official records.* (a) There shall be made available for public inspection: (1) All final opinions or orders in the adjudication of cases, except those required for good cause to be held confidential and not cited as precedents.

(2) All postal statements of general or particular applicability and future effect designed to implement, interpret or prescribe law or policy or to describe the organization, procedure or practice requirements of the postal service.

(b) Except as otherwise required by statute, matters of official record shall be made available to persons properly and directly concerned except information held confidential for good cause found.

(c) All matters shall be deemed confidential for good cause found which: (1) Are classified as confidential by regulation or order, (2) are found to be confidential upon specific request being made therefor by any member of the public.

(d) All requests for inspection or information pursuant to this regulation shall be referred to the Solicitor of the Department who after consultation with the bureau or office affected shall recommend to the Postmaster General such action as he deems appropriate. Such requests shall be complied with only upon approval of the Postmaster General.

POSTAL PUBLICATIONS FOR SALE

§ 1.18 *United States Official Postal Guide.* The United States Official Postal Guide is published in two volumes.

(a) Part I (revised biennially in July) contains postal information of interest to the public concerning domestic mail matter and the international money-order business; lists of post offices arranged by States, alphabetically, and by counties; and a list of post offices discontinued during the previous 4 years, and Miscellaneous Lists.

(b) Part II contains postal information of interest to the public and instructions to postal employees concerning the International Postal Service.

(c) Supplements to the United States Official Postal Guide (published quarterly beginning with the October issue following each biennial edition) contain miscellaneous instructions and orders regarding the Postal Service and changes in the service, published for the purpose of keeping Parts I and II corrected to date. The Supplements contain the amendments to the Postal Laws and Regulations issued during the period covered by each Supplement. The amendments are also published in sets.

(d) Prices:

Part I, cloth bound	$1.50
Part II, paper bound	.70
Subscription to Quarterly Supplements (October 1947 to April 1949 inclusive)	1.00

§ 1.19 *Postal Laws and Regulations.* Postal Laws and Regulations contains the acts of Congress and regulations of the Department for the government of the Post Office Department and the Postal Service. Price, $1.50 a copy. Those interested in securing the annual sets of amendments thereto should send their names and addresses to the Superintendent of Documents, Government Printing Office, who will advise them as the sets are published and also the price thereof.

§ 1.20 *Postal Bulletin.* Postal Bulletin issued Tuesday and Thursday of each week (except holidays), contains current orders, instructions, and information relating to the Postal Service. Price $1.50 per year.

§ 1.21 *Cost Ascertainment Report and Appendix to the Cost Ascertainment Report.* Cost Ascertainment Report and Appendix to the Cost Ascertainment Report is issued annually. (Not sold separately.)

§ 1.22 *Report on the Cost Ascertainment System.* Report on the Cost Ascertainment System of the Post Office Department, December 29, 1944, is priced at 20 cents.

§ 1.23 *A Description of United States Postage Stamps.* A description of United States Postage Stamps (July 1, 1847 to May 31, 1947) is priced at 45 cents.

§ 1.24 *Orders.* All orders for the above-listed publications, together with remittances covering subscriptions, should be made payable and addressed to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

OFFICIAL POSTAL MAPS

§ 1.25 *Postal maps.* Postal maps are special-purpose maps published primarily for use of the Postal Service. Postal features are emphasized and the maps are composed to show postal information to the best advantage.

Although postal maps are official publications of the Post Office Department, it is provided by law that they be available for other uses at prices fixed to cover the cost of printing.

§ 1.26 *Post route maps.* Maps of the States, Territories, and island possessions published by the Post Office Department are known as post route maps. A list of these maps, giving the grouping of States, scales, sizes, and prices, is printed below.

Each of these maps shows all post offices within the State, indicates the method and frequency of mail supply and gives the intermediate distances on mail-supply routes. County boundaries are accurately delineated and each county is named. Townships are not shown. The principal drainage features are shown but contour is omitted. The lines of mail-carrying railroads (the only railroads shown) are carefully located, but the indications of other supply services are merely diagrammatic, as no highways are drawn on these maps.

A dated edition of each post route map is published about every 24 months. They are photolithographic copies printed in three colors on paper of a grade suitable for mounting. Mounted maps, however, cannot be supplied.

POST ROUTE MAPS

Title	Scale (miles to the inch)	Sheet size (to nearest inch) width and length	Price of map
Alabama	8	34 x 49	$0.60
Alaska	40	51 x 34	.60

Wyoming	12	42 x 30	.60

§ 1.27 *Rural delivery maps.* Every rural delivery route in the United States is shown either on a county or a local road map on which the roads traveled by rural carriers are plainly indicated. The sites of post offices are shown, and houses, schools, and churches are located from the latest survey data available at the time the map was originally drawn.

It should be noted by those contemplating the use of rural delivery maps for purposes other than that of determining the roads traveled by rural carriers, that no attempt has been made to keep the maps up to date.

Copies furnished are contact prints of the original maps that are revised from time to time as changes in the line of travel are authorized. As it is not possible to keep all originals up to date at all times no assurance can be given that any map purchased will show the latest changes in service unless an "up-to-date map" is specifically requested.

§ 1.28 *County maps.* There are 3,069 counties in the United States. Some counties have as many as 60 rural delivery routes while others have none. Where much of the area of a county is covered by rural delivery service and adequate survey data are available, a county map showing all routes emanating from post offices within the county has been drawn. Such maps are available for 1,605 counties, including all in Connecticut, Delaware, Illinois, Indiana, Iowa and Ohio. See § 1.30 *Index to rural delivery maps.*

§ 1.29 *Local maps.* These maps have been prepared to show the rural delivery routes not included on any county map. Each local map covers the area served from an individual post office. Many of these maps are based on land surveys, but where such basic information was not available the maps were drawn from sketches furnished by postal inspectors, postmasters and other sources. See § 1.30 *Index to rural delivery maps.*

§ 1.30 *Index to Rural Delivery Maps.* To determine which type of map is available for a particular county reference should be made to the County List of the Official Postal Guide, published every two years. One of the following symbols is given at the left of each county name:

(*CM*) This means that a county map only is available. All the rural routes in the county are shown on this one map. Each rural delivery post office is identified by an R (and number of boxes) in the list of offices.

(*1L*) (*2L*) etc. The L means that local maps only are available and the prefixed numeral shows how many for the entire county. The R (and number of boxes) following the name of a post office indicates that it has rural service and that a local map is available.

(*X*) This means that no post office in the county has rural delivery service and, therefore, no map of either type is available.

§ 1.31 *Map scales.* Both county and local maps—with a few exceptions—are drawn to the scale of either 1:62,500 or 1:63,360 (1 inch equals 1 mile).

§ 1.32 *Prices.* Rural delivery maps: County maps 50 cents per copy, local maps 25 cents per copy.

NOTE: All maps are folded for mailing unless unfolded maps are requested.

§ 1.33 *Remittance.* Payment for postal maps must be made in advance by money order, postal note or check addressed to the "Superintendent, Division of Finance, Post Office Department, Washington 25, D. C." Postage stamps cannot be accepted in payment for maps.

PART 2—POST OFFICE INSPECTORS

Sec.

2.1 Duties of Inspectors in Charge.
2.2 Duties of inspectors.
2.3 Postmasters and other personnel subordinate to inspectors.
2.4 Authority of inspectors to open pouches and enter post offices.
2.5 Inspector's commissio as evidence of authority.
2.6 Reports to be held confidential.
2.7 Procedure upon demand of court for records or information.
2.8 Testimony in court.

AUTHORITY: §§ 2.1 to 2.8 are issued under the authority contained in R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 2.1 *Duties of Inspectors in Charge.* (a) Post Office Inspectors in Charge, under direction of the Chief Inspector, are charged with the management of the Post Office Inspection Service within their respective divisions and the supervision of the inspectors and clerks assigned thereto; with the investigation, through correspondence, of complaints and inquiries relative to loss, rifling, damage, wrong delivery, delay, and disposition of international mails reported under §§ 44.1 and 118.1 to 118.12 of this chapter of miscellaneous complaints against postmasters, employees, and the service at post offices of the second, third, and fourth classes, of delay or other mistreatment of ordinary or special delivery ordinary mail in post offices (see §§ 44.1 to 44.11 of this chapter as to complaints concerning registered, insured, and collect-on-delivery mail and concerning delay of ordinary mail in transit) and of such service complaints and inquiries as may be delegated by the Department from time to time; with the preparation of replies to requests from postmasters

at offices of the second, third, and fourth classes for interpretations of the Postal Laws and Regulations and of notices and orders relating to such laws and regulations published in the Manual of Instructions for Postal Personnel, the Official Postal Guide, and the Postal Bulletin, except that requests for interpretations of registry, insured, and collect-on-delivery regulations should be addressed to the Third Assistant Postmaster General, Division of Registered Mails, as to the domestic service, and to the Second Assistant Postmaster General, International Postal Service, as to the international service; with the supervision, under § 6.21 of this chapter of the disposition of accumulations in post offices and in field offices of the Railway Mail Service and Air Mail Service of records not needed in the transaction of current business and without preservation value; with the administrative examination of the traveling expense and other accounts of post office inspectors; and with the consideration and disposition of requests for leave of absence of post office inspectors and clerks under their supervision, as well as of postmasters within their respective divisions.

(b) For the purposes of the Post Office Inspection Service, the country is divided into fifteen field divisions, each of which comprises one or more states and bears the name of the city at which its headquarters is located. A list of these divisions follows:

Atlanta Division (comprising Florida, Georgia, North Carolina, Puerto Rico, South Carolina, and Virgin Islands); Post Office Inspector in Charge, Atlanta, Ga.

Boston Division (comprising Connecticut, Maine, Massachusetts, New Hampshire, the city of Fishers Island, N. Y., Rhode Island, and Vermont); Post Office Inspector in Charge, Boston, Mass.

Chattanooga Division (comprising Alabama, Mississippi, and Tennessee); Post Office Inspector in Charge, Chattanooga, Tenn.

Chicago Division (comprising Illinois, Michigan, and Wisconsin); Post Office Inspector in Charge, Chicago, Ill.

Cincinnati Division (comprising Indiana, Kentucky, and Ohio); Post Office Inspector in Charge, Cincinnati, Ohio.

Denver Division (comprising Arizona, Colorado, New Mexico, Utah and Wyoming); Post Office Inspector in Charge, Denver, Colo.

Fort Worth Division (comprising Louisiana and Texas, except the city of Texarkana, Texas); Post Office Inspector in Charge, Fort Worth, Tex.

Kansas City Division (comprising Kansas, the county of Jackson, Missouri, Nebraska, and Oklahoma); Post Office Inspector in Charge, Kansas City, Mo.

New York Division (comprising New York, except the city of Fishers Island); Post Office Inspector in Charge, New York, N. Y.

Philadelphia Division (comprising New Jersey and Pennsylvania); Post Office Inspector in Charge, Philadelphia, Pa.

St. Louis Division (comprising Arkansas, Iowa, Missouri, except Jackson County and the city of Texarkana, Texas); Post Office Inspector in Charge, St. Louis, Mo.

St. Paul Division (comprising Minnesota, North Dakota, and South Dakota); Post Office Inspector in Charge, St. Paul, Minn.

San Francisco Division (comprising California, Canton Island, Guam, Hawaii Territory, Nevada, and American Samoa); Post Office Inspector in Charge, San Francisco, Calif.

Seattle Division (comprising Alaska Territory, Idaho, Montana, Oregon, and Washington); Post Office Inspector in Charge, Seattle, Wash.

Washington Division (comprising Delaware, District of Columbia, Maryland, Virginia, and West Virginia); Post Office Inspector in Charge, Washington, D. C.

§ 2.2 *Duties of inspectors.* Post-office inspectors are the special representatives of the Postmaster General. They are charged with the investigation of post offices and all matters connected with the Postal Service, and with keeping the department advised as to the condition and needs of the service. Alleged violations of law shall be investigated and reported upon by them, and they shall, when necessary, aid in the prosecution of all criminal offenses.

§ 2.3 *Postmasters and other personnel subordinate to inspectors.* Postmasters, clerks, employees, contractors, and others connected with the postal service, are subordinate to post-office inspectors when acting within the scope of their duty and employment. But no arbitrary power is hereby conferred upon them. They shall not interfere with any officer or employee who is in the proper discharge of his duty further than to examine his methods, system, and accounts, or any complaints which may be made against him. Nor shall they interfere with the mails or the transportation thereof, except as expressly authorized by law and as permitted by the regulations.

§ 2.4 *Authority of inspectors to open pouches and enter post offices.* Inspectors are empowered to open pouches and sacks and examine the mails therein and are authorized to enter and inspect post offices at all times. Inspectors are also empowered, and required upon request of rural carriers, to serve as hearings officials under the provisions of 39 U. S. C. 218.

§ 2.5 *Inspector's commission as evidence of authority.* Inspectors shall exhibit as evidence of their authority the commission issued by the Postmaster General. At the end of each calendar year, or in the event of death, resignation, or removal, the commissions issued to inspectors or to other field inspection personnel shall be transmitted to the inspector in charge of the division to which they are assigned. Commissions issued to all other officers in the service shall be returned through official channels to the Chief Inspector at the end of each calendar year, or in the event of the death, resignation, or removal of the holder. The Chief Inspector and the inspectors in charge shall arrange in their offices to check the returned commissions with the list of those issued and cancel such commissions.

§ 2.6 *Reports to be held confidential.* All records and information in the custody of the Chief Inspector or of his representatives are intended for use in the detection and correction of postal offenses and abuses. Inspectors and other officers and employees having possession of inspectors' reports and inspection records have no control thereof with regard to permitting the use of same for any other than official purposes, except in the discretion of the Postmaster General. Inspectors and other employees are hereby prohibited from presenting such records or information in a State court, whether in answer to a subpena duces tecum or otherwise. Whenever a State court subpena shall have been served upon them, they will appear in court and respectfully decline to present the records or divulge the information called for, basing their refusal upon this regulation.

§ 2.7 *Procedure upon demand of court for records or information.* If records or information are desired for use in a State court or for the use of parties to a suit or habeas corpus proceedings in a Federal court, and if the United States is not a party in interest, employees shall inform the persons interested that they are prohibited by the regulations of the Post Office Department from furnishing official records or information direct; that official records or information may only be furnished by the Postmaster General after the court has made rule upon him for same. Whenever such rule of the court shall have been made, employees shall carefully prepare or procure a copy of the record or statement of information called for and forward the same to the Chief Inspector, whereupon it will be referred through the Solicitor to the Postmaster General, and thereafter under the seal of the Department be transmitted to the judge or the court calling for it, unless it shall be found that circumstances or conditions make it necessary to decline in the interest of public policy to furnish the information.

§ 2.8 *Testimony in court.* With regard to inspectors and other employees testifying on official matters of a confidential nature in a Federal court, each case must be given individual consideration as it arises. The Department will offer every possible assistance to the courts. Nevertheless, the question of disclosing privileged information is a matter entirely in the discretion of the head of the Department, and should an attorney for a private litigant attempt to compel an employee to disclose sources of official information or similar matter deemed to be confidential, the employee shall respectfully decline to answer. Should his reasons be asked by the court, he shall courteously state that the matter is regarded as privileged and therefore cannot be disclosed without specific approval from the Postmaster General.

NOTE: §§ 41.1 to 41.3 as to prohibition against breaking seals, etc. See §§ 41.4 to 41.11 for instructions by which postmasters or other postal employees shall be guided.

PART 3—MISCELLANEOUS PROVISIONS RELATING TO THE DEPARTMENT AND THE POSTAL SERVICE

LOSS OF OR DAMAGE TO GOVERNMENT OR PRIVATE PROPERTY

Sec.

3.4 Loss of or damage to Government property by employee.

3.5 Damage to person or property by postal operations.

SUGGESTION PROGRAM

Sec.
3.6 Cash awards to employees for meritorious suggestions.

AUTHORITY: §§ 3.4 to 3.6 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

LOSS OF OR DAMAGE TO GOVERNMENT OR PRIVATE PROPERTY

§ 3.4 *Loss of or damage to Government property by employee*—(a) *Determination of responsibility.* Whenever Government property of any kind is lost or damaged through the carelessness, negligence, willfulness, or malice of a postal employee, the facts shall be reported by the postmaster to the proper bureau of the Post Office Department for determination as to whether such postal employee shall be held personally responsible for the value of the property so lost, damaged, or destroyed.

(b) *Manner of settlement.* Whenever in pursuance of the preceding paragraph a postal employee is held to be personally responsible for the value of any Government property lost, damaged, or destroyed by him, the postmaster at the post office to which such employee is attached shall withhold from such employee any and all salary or compensation due such employee until he has paid over to the postmaster such amount of money as the department may determine to be the value of the property lost, damaged, or destroyed. The postmaster shall account for such money in his quarterly postal account under the head of miscellaneous receipts.

§ 3.5 *Damage to person or property by postal operations*—(a) *Settlement when not over $500.* When any damage is done to person or property by or through the operation of the Post Office Department in any branch of its service and such damage is found by the Postmaster General upon investigation to be a proper charge against the United States, the Postmaster General is invested with power to adjust and settle any claim for such damage when his award for such damage in any case does not exceed $500 and, this authority shall hereafter be construed as extending to cases caused by the negligence of any officer or employee of the Post Office Department or Postal Service acting within the scope of his employment. (Sec. 4, 42 Stat. 63, as amended; 31 U. S. C. 224c)

NOTE: Under the provisions of the Federal Tort Claims Act, approved August 2, 1946 (60 Stat. 842; 28 U. S. C. 2671 et seq.), claims arising out of the negligent or wrongful act or omission of a postal employee are no longer cognizable under § 3.5 (a).

(b) *Settlement when not over $1,000.* The head of each federal agency, or his designee for the purpose, acting on behalf of the United States, may consider, ascertain, adjust, determine, and settle any claim for money damages of $1,000 or less against the United States for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any employee of the government while acting within the scope of his office or employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred. (62 Stat. 983; 28 U. S. C. 2672)

(c) *Settlement to be final.* Subject to the provisions of this title relating to civil actions on tort claims against the United States, any such award or determination shall be final and conclusive on all officers of the government, except when procured by means of fraud. (62 Stat. 983; 28 U. S. C. 2672)

(d) *Appropriations therefor.* Any award made pursuant to this section, and any award, compromise, or settlement made by the Attorney General pursuant to 28 U. S. C. 2678 (see § 3.5 (m)) shall be paid by the head of the federal agency concerned out of such agency's appropriations therefor, which appropriations are hereby authorized. (62 Stat. 983; 28 U. S. C. 2672)

(e) *Acceptance and release by claimant to be final.* The acceptance by the claimant of any such award, compromise, or settlement shall be final and conclusive on the claimant, and shall constitute a complete release of any claim against the United States and against the employee of the government whose act or omission gave rise to the claim, by reason of the same subject matter. (62 Stat. 983; 28 U. S. C. 2672)

(f) *Annual report to Congress of claims paid.* The head of each federal agency shall report annually to Congress all claims paid by it under paragraphs (b) to (e) of this section, stating the name of each claimant, the amount awarded, and a brief description of the claim. (62 Stat. 983; 28 U. S. C. 2673)

(g) *Liability of United States.* The United States shall be liable, respecting the provisions of this title relating to tort claims, in the same manner and to the same extent as a private individual under like circumstances, but shall not be liable for interest prior to judgment or for punitive damages.

If, however, in any case wherein death was caused, the law of the place where the act or omission complained of occurred provided, or has been construed to provide, for damages only punitive in nature, the United States shall be liable for actual or compensatory damages, measured by the pecuniary injuries resulting from such death to the persons respectively, for whose benefit the action was brought, in lieu thereof. (62 Stat. 983; 28 U. S. C. 2674)

(h) *Disposition by federal agency as prerequisite; evidence.* (1) An action shall not be instituted upon a claim against the United States which has been presented to a federal agency, for money damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of an employee of the government while acting within the scope of his authority, unless such federal agency has made final disposition of the claim.

(2) The claimant, however, may, upon fifteen days written notice, withdraw such claim from consideration of the federal agency and commence action thereon. Action under this section shall not be instituted for any sum in excess of the amount of the claim presented to the federal agency, except where the increased amount is based upon newly discovered evidence not reasonably discoverable at the time of presenting the claim to the federal agency, or upon allegation and proof of intervening facts, relating to the amount of the claim.

(3) Disposition of any claim by the Attorney General or other head of a federal agency shall not be competent evidence of liability or amount of damages. (62 Stat. 983; 28 U. S. C. 2675)

(i) *Judgment as bar.* The judgment in an action under § 18.60 shall constitute a complete bar to any action by the claimant, by reason of the same subject matter, against the employee of the government whose act or omission gave rise to the claim. (62 Stat. 984; 28 U. S. C. 2676)

(j) *Compromise.* The Attorney General, with the approval of the court, may arbitrate, compromise, or settle any claim cognizable under § 18.60, after the commencement of an action thereon. (62 Stat. 984; 28 U. S. C. 2677)

(k) *Limitation of time to present claim.* A tort claim against the United States shall be forever barred unless action is begun thereon within one year after such claim accrues, or unless, if it is a claim not exceeding $1,000, it is presented in writing to the appropriate Federal agency within one year after such claim accrues. If a claim not exceeding $1,000 has been presented in writing to the appropriate Federal agency within that period of time, suit thereon shall not be barred until the expiration of a period of six months after either the date of withdrawal of such claim from the agency or the date of mailing notice by the agency of final disposition of the claim. (62 Stat. 971; 28 U. S. C. 2401b)

(l) *Certain claims not cognizable.* The provisions of this chapter and 28 U. S. C. 1346 shall not apply to * * * Any claim arising out of the loss, miscarriage, or negligent transmission of letters or postal matter. * * * (62 Stat. 984; 28 U. S. C. 2680)

(m) *Attorney fees; penalty.* The court rendering a judgment for the plaintiff pursuant to § 18.60 of this chapter or the head of the Federal agency or his designee making an award pursuant to paragraphs (b) to (e) of this section, or the Attorney General making a disposition pursuant to paragraph (j) of this section, may, as a part of such judgment, award, or settlement, determine and allow reasonable attorney fees, which, if the recovery is $500 or more, shall not exceed 10 per centum of the amount recovered under paragraphs (b) to (e) of this section, or 20 per centum of the amount recovered under § 18.60 of this chapter, to be paid out of but not in addition to the amount of judgment, award, or settlement recovered, to the attorneys representing the claimant.

Any attorney who charges, demands, receives, or collects for services rendered in connection with such claim any amount in excess of that allowed under this section, if recovery be had, shall be fined not more than $2,000 or imprisoned not more than one year, or both. (62 Stat. 984; 28 U. S. C. 2678)

(n) *Investigations and reports of accidents*—(1) *Report to Bureau concerned.*

The postmaster shall investigate and report to the Bureau of the Department concerned all the facts concerning accidents of any kind involving instrumentalities of the Post Office Department, with a recommendation as to the action which should be taken, including his opinion as to the negligence of the employee involved. Such report should be submitted in triplicate. If Government property was damaged through the fault of a private party, the postmaster shall collect the amount of such damage, if possible.

(2) *When report to be made also to inspector in charge.* Where accidents of the character refered to in the preceding paragraph involve injuries to private persons, or where the damage to private property is extensive, e. g., where it is in excess of $100, and the precise amount of such damage is not readily ascertainable or provable, one copy of the report and supporting evidence provided for in the preceding paragraph shall be immediately forwarded to the post office inspector-in-charge of the division in which the office is located for investigation, and the two remaining copies with supporting papers shall be forwarded to the appropriate Bureau of the Department. In accidents occurring in the Railway Mail Service, the reports herein provided for shall be made by the superintendent or other officer having immediate supervision over the employees involved in the accident. It is not in contemplation that incidents occurring in Federal buildings, such as fainting spells, epileptic fits, etc., shall be the basis of requests for immediate investigation. Reports of such incidents shall continue to be made direct to the proper Bureau of the Department, in triplicate.

(3) *Report to show whether copy submitted to inspector in charge.* All reports submitted to the Department shall be endorsed to show whether or not a copy thereof has been submitted to the post office inspector in charge of the division in which the office is located.

(4) *Card record regarding possible claims.* Postmasters shall maintain on cards furnished them for that purpose an office record of written communications received by them from persons or concerns sustaining injuries or damage expressing a desire or an intent to file claim for such injuries or damage, which record shall include the name and address of the complainant, the date the communication is received by the postmaster, the name of counsel (if any) and such other data required by the record form as may be secured by the postmaster.

(5) *Reports to be forwarded by Bureau to Solicitor.* Reports on all accidents in which persons have been injured or private property has been damaged, as well as reports of cases involving questions of the action to be taken against private parties to collect for damage to Government equipment or property, shall be promptly forwarded by the bureau of the department receiving such reports to the Solicitor for review.

(6) *Reports when civil suit against Government results.* Where accidents involving injury to private person or damage to private property result in civil suit against the Government, the facts shall be immediately reported to the Solicitor.

(7) *Accidents; Assignment of Counsel for Postal Employees.* (i) When accidents occurring in line of official duty and involving Government personnel result in court action, Government employees should be defended in all such cases—civil and criminal.

(ii) Where the contemplated court action is set for a date more than two weeks distant, the postmaster or field official should take up with the Department the matter of having counsel assigned. Where court action is set for a date less than two weeks distant, the postmaster or field official should take the matter up direct with the post office inspector in charge or the post office inspector of his district and furnish him all available papers in order that he may immediately present the case to the United States attorney. In such cases, United States attorneys are authorized to provide counsel upon request of an inspector, and the procedure herein prescribed should be followed.

(iii) In all such urgent cases where prior Department approval is not secured, a copy of the letter to the post office inspector in charge or the post office inspector in the district shall be forwarded to the proper Bureau of the Department.

(8) *Determination and recommendation by Solicitor as to settlement.* The Solicitor shall determine whether or not in his opinion responsibility rests upon the Government and compensation be allowable under the provisions of paragraphs (a) to (m) of this section. The Solicitor shall recommend to the Postmaster General the payment of such claims as in his opinion should be paid, pursuant to paragraphs (a) to (m) of this section, not exceeding in the aggregate the amount of the appropriation for this purpose. He shall also keep records of such claims and shall prepare annually for submission to Congress the report required by paragraph (f) of this section.

(9) *When civil suit to be brought by Government.* When in the opinion of the Solicitor the institution of civil suit is warranted against a private person or company, he shall so advise the Chief Inspector, who shall thereupon prepare the request of the Postmaster General upon the Department of Justice that such suit shall be brought, and in case of recovery shall arrange for the proper disposition of the proceeds.

SUGGESTION PROGRAM

§ 3.6 *Cash awards to employees for meritorious suggestions*—(a) *Authorization.* The head of each department is authorized, under such rules and regulations as the President may prescribe, to pay cash awards to civilian officers and employees (or to their estates) who make meritorious suggestions which will result in improvement or economy in the operations of his department and which have been adopted for use and to incur necessary expenses for the honorary recognition of exceptional or meritorious service: *Provided*, That no award shall be paid to any officer or employee for any suggestion which represents a part of the normal requirements of the duties of his position. * * * the amount of any one award shall not exceed $1,000 and the total of cash awards paid during any fiscal year in any department shall not exceed $25,000. Payments may be made from the appropriation for the activity primarily benefiting or may be distributed among appropriations for activities benefiting as the head of the department determines. A cash award shall be in addition to the regular compensation of the recipient and the acceptance of such cash award shall constitute an agreement that the use by the United States of the suggestion for which the award is made shall not form the basis of a further claim of any nature upon the United States by him, his heirs, or assigns.

All other acts or parts of acts in conflict with the provisions of this section are hereby repealed. (Sec. 14, 60 Stat. 809; 5 U. S. C. 116a)

(b) *Conditions.* Any civilian officer or employee of a department (as the word "department" is defined in section 18 of the said act of August 2, 1946) who makes a suggestion, in such form and manner as his department shall require, which is adopted for use in the department on or after August 2, 1946, and, in the judgment of the department head or other duly authorized authority in the department, has resulted or will result in improvement or economy in the operations of the department by way of monetary savings, increased efficiency, conservation of property, improved employee-working conditions, better service to the public, or otherwise, shall be eligible for consideration for a cash award. A former civilian officer or employee (or his estate) shall be similarly eligible for awards for such suggestions made while in the service of the department.

(c) *Amount of award.* Whenever a suggestion is determined to be meritorious and is adopted solely or primarily because it will result or has resulted in the saving of money, the amount of the award shall be based on the amount of the annual estimated saving in the first year of operation in accordance with the following table, unless for special reasons the head of the department shall determine, subject to the limitations prescribed in the said act, that a different amount is justified:

Annual Savings	*Awards*
$1–$1,000	$10 for each $200 of savings with a minimum of $10 for any adopted suggestion.
$1,000–$10,000	$50 for the first $1,000 of savings, and $25 for each additional $1,000 of savings.
$10,000–$100,000	$275 for the first $10,000 of savings, and $50 for each additional $10,000 of savings.
$100,000 or more	$725 for the first $100,000 of savings, and $100 for each additional $100,000 of savings; provided that * * * the maximum award for any one suggestion shall not exceed $1,000.

(d) *Benefits from suggestion as basis of award; dissemination to other departments.* When a suggestion is adopted primarily upon the basis of improvement in the operations or services of the department, the department shall determine the amount of the award commensurate with the benefits anticipated from the suggestion. Whenever the head of a department believes that a suggestion he has adopted would benefit the Government service generally, he may report it to the Director of the Bureau of the Budget for dissemination to all departments.

(e) *Annual report on suggestion program.* At the end of each fiscal year each department shall report to the Director of the Bureau of the Budget the number of employee suggestions submitted, the number of such suggestions adopted, the total amount of cash awards, and the total amount of estimated annual savings.

(f) *Certificates, medals, or other emblems.* A department may provide for the purchase and award of appropriate certificates, medals, or other emblems, in honorary recognition of service which is determined by the head of the department to be exceptional or meritorious.

(g) *Time limit as to adoption of suggestion.* No award shall be paid for any suggestion which is not adopted for use within 5 years from the date the suggestion is received by the department. Any department may, in its discretion, change the designated period of 5 years to a less period of time.

(h) *Ineligible for award.* No award shall be paid to any officer or employee for any suggestion which represents a part of the normal requirements of the duties of his position.

(i) *Limitation of annual total of awards.* The total of cash awards paid during any fiscal year in any department shall not exceed $25,000. Cash awards and expenses for honorary recognition for exceptional or meritorious service may be paid from the appropriation for the activity primarily benefiting or may be distributed among appropriations for activities benefiting as the head of the department determines.

(j) *Acceptance of award to bar any further claim.* A cash award shall be in addition to the regular compensation of the recipient, and the acceptance of such cash award shall constitute an agreement that the use by the United States of the suggestion for which the award is made shall not form the basis of a further claim of any nature upon the United States by him, his heirs, or assigns. (Executive Order 9817, Dec. 31, 1946, effective as of Aug. 2, 1946.)

(k) *Central Suggestion Committee.* The Central Committee on Suggestions and Experiments for the Postal Service, consisting of the Director of Budget and Administrative Planning, the Commissioner of the Budget, and the Commissioner of Administrative Planning, shall review and analyze suggestions forwarded with reports of district committees and shall make recommendations for the adoption of suggestions in appropriate cases. Reports shall be made to the Central Committee on suggestions that pertain to work in the Post Office Department and which are submitted by departmental employees to the heads of bureaus or offices, and adopted, such reports to include a statement as to the commendation given or cash award recommended. Adoption of any suggestion will be upon approval of the head of the bureau or office concerned. After a suggestion has been adopted, for which a cash award is approved, the amount of the award shall be determined by officers in charge of the activity or activities primarily benefiting and the Central Committee, and be submitted to the Postmaster General for his approval. When a recommendation for payment of a cash award is made, the Central Committee shall submit therewith a certification that the amount is within the limitations of the law and that the payment can properly be made from the appropriation or appropriations indicated. The Central Committee shall keep a record from which the Postmaster General will be furnished reports indicating the number and amounts of awards paid, together with the estimated savings or other benefits derived.

(l) *Approval and payment of award.* Upon approval by the Postmaster General awards shall be paid by the bureau or office having jurisdiction over the appropriation concerned. A record of any award or commendation shall be placed in the personnel file of the suggester

---

PART 4—ORDERS, CONTRACTS, AND BONDS

Sec.
4.1 Dating of orders, entries, and papers.
4.2 Bonds and contracts.
4.3 Contracts not assignable.
4.4 Special warranties in contracts.
4.5 Employees interested in mail contracts.

AUTHORITY: §§ 4.1 to 4.5 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 4.1 *Dating of orders, entries, and papers.* Every order, entry, or memorandum whatever, on which any action is to be based, allowance made, or money paid, and every contract, paper, or obligation made by or with the Post Office Department, shall have its true date affixed to it; and every paper relating to contracts or allowances filed in the department shall have the date when it was filed indorsed upon it. (R. S. 402; 5 U. S. C. 376)

§ 4.2 *Bonds and contracts.* To be in name of United States. All bonds taken and contracts entered into by the Post Office Department shall be made to and with the United States of America. (R. S. 403; 5 U. S. C. 377)

§ 4.3 *Contracts not assignable*—(a) *Provisions.* No contract or order, or any interest therein, shall be transferred by the party to whom such contract or order is given to any other party, and any such transfer shall cause the annulment of the contract or order transferred, so far as the United States are concerned. All rights of action, however, for any breach of such contract by the contracting parties, are reserved to the United States. (R. S. 3737; 41 U. S. C. 15)

(b) *Exceptions.* The provisions of paragraph (a) of this section shall not apply in any case in which the moneys due or to become due from the United States or from any agency or department thereof, under a contract providing for payments aggregating $1,000 or more, are assigned to a bank, trust company, or other financing institution, including any Federal lending agency: *Provided,* (1) That in the case of any contract entered into prior to October 9, 1940, no claim shall be assigned without the consent of the head of the department or agency concerned; (2) That in the case of any contract entered into after October 9, 1940, no claim shall be assigned if it arises under a contract which forbids such assignment; (3) That unless otherwise expressly permitted by such contract any such assignment shall cover all amounts payable under such contract and not already paid, shall not be made to more than one party, and shall not be subject to further assignment, except that any such assignment may be made to one party as agent or trustee for two or more parties participating in such financing; (4) That in the event of any such assignment, the assignee thereof shall file written notice of the assignment together with a true copy of the instrument of assignment with (i) the General Accounting Office, (ii) the contracting officer or the head of his department or agency, (iii) the surety or sureties upon the bond or bonds, if any, in connection with such contract, and (iv) the disbursing officer, if any, designated in such contract to make payment. Notwithstanding any law to the contrary governing the validity of assignments, any assignment pursuant to this paragraph and the following paragraph shall constitute a valid assignment for all purposes. (R. S. 3737, as amended; 41 U. S. C. 15)

§ 4.4 *Special warranties in contracts*—(a) *Requirement.* All contracts entered into on behalf of the Post Office Department or the Postal Service shall contain the following covenant:

(b) *Employment of person to secure contract forbidden.* The contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract, or, in its discretion, to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to commissions payable by contractors upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business.

(c) *Contractor must be manufacturer or regular dealer.* No person shall be received as a contractor for furnishing supplies of any kind whatsoever to the Post Office Department or to the Postal Service who is not a manufacturer of or regular dealer in the articles which he offers to supply.

(d) *Antidiscrimination covenant.* All contracts entered into on behalf of the Post Office Department or the Postal Service shall contain the following covenant:

The contractor, in performing the work required by this contract, shall not dis-

criminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor shall include in all subcontracts a provision imposing a like obligation on subcontractors (Executive Order 9346 of May 27, 1943).

(e) *Bidders to be so apprised.* In inviting proposals the attention of bidders shall be directed to these requirements.

§ 4.5 *Employees interested in mail contracts*—(a) *Prohibition.* Whoever, being a person employed in the Postal Service, becomes interested in any contract for carrying the mail, or acts as agent, with or without compensation, for any contractor or person offering to became a contractor in any business before the Post Office Department, shall be fined not more than $5,000 or imprisoned not more than one year, or both. (62 Stat. 703; 18 U. S. C. 440)

(b) *Exception for mail-messenger service.* (1) In the discretion of the Postmaster General, postmasters, assistant postmasters, and clerks at post offices of the third class, and postmasters, assistant postmasters, and clerks at post offices of the fourth class may enter into contracts for the performance of mail-messenger service * * * The total amount payable under such contract to any postmaster, assistant postmaster, or clerk shall not exceed $300 in any one year. Special-delivery messengers at post offices of all classes may enter into contracts for mail-messenger service. (Sec. 1, 39 Stat. 418, as amended; 39 U. S. C. 579)

(2) Post office employees at post offices of all classes not named in the preceding paragraph may also, in the discretion of the Postmaster General, enter into contracts for the performance of mail messenger service provided the total amount paid under such contract shall not exceed $300 in any one year, except that special delivery carriers paid on a fee basis may receive in excess of $300 for mail messenger service in any one year.

PART 6—SUPPLY CONTRACTS: SERVICE PROPERTY: TELEGRAMS

Sec.

6.1 Purchases and contracts for supplies and services.
6.3 Advertisements for proposals.

BIDS: CONTRACTS

6.4 Bidders to be notified of opening of bids.
6.5 Contracts.
6.6 Products of convict labor.
6.7 Signing of contracts.

PURCHASES

6.8 Purchasing and the Purchasing Agent.
6.9 Delivery of supplies by contractor.

PROPERTY

6.12 Postmaster General to contract for envelopes for all Government departments.
6.13 Blank forms and supplies for money-order service.
6.14 Uniform canceling ink.
6.15 Metric postal balances.
6.17 Unserviceable property and waste materials.
6.18 Sale of unsuitable airplanes and aviation material.
6.19 Gifts and bequests for library of Post Office Department.
6.22 Waste paper and twine.

AUTHORITY: §§ 6.1 to 6.22 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 6.1 *Purchases and contracts for supplies and services*—(a) *How made.* (1) Unless otherwise provided in the appropriation concerned or other law, purchases and contracts for supplies or services for the Government may be made or entered into only after advertising a sufficient time previously for proposals, except (i) when the amount involved in any one case does not exceed $100, (ii) when the public exigencies require the immediate delivery of the articles or performance of the service, (iii) when only one source of supply is available and the Government purchasing or contracting officer shall so certify, or (iv) when the services are required to be performed by the contractor in person and are of a technical and professional nature or under Government supervision and paid for on a time basis. Except (i) as authorized by section 29 of the Surplus Property Act of 1944 [58 Stat. 781, as amended; 50 U. S. C., App. 1638], (ii) when otherwise authorized by law, or (iii) when the reasonable value involved in any one case does not exceed $100, sales and contracts of sale by the Government shall be governed by the requirements of this section for advertising.

(2) Exceptions from section 3709, Revised Statutes, in other law in amounts of $100 or less are hereby repealed.

(3) In the case of wholly owned Government corporations, this section shall apply to their administrative transactions only. (R. S. 3709, as amended; 41 U. S. C. 5)

(4) All purchases and contracts for supplies or services shall continue to be made through the Purchasing Agent pursuant to existing law and procedure now established.

(b) *Stipulation forbidding convict labor.* All contracts which shall hereafter be entered into by officers or agents of the United States involving the employment of labor in the States composing the Union, or the Territories of the United States contiguous thereto, shall, unless otherwise provided by law, contain a stipulation forbidding, in the performance of such contracts, the employment of persons undergoing sentences of imprisonment at hard labor which have been imposed by the courts of the several States, Territories, or municipalities having criminal jurisdiction.

§ 6.3 *Advertisements for proposals*—(a) *Publication of.* Advertisements shall be prepared and published prior to the beginning of each fiscal year, or before the expiration of an existing contract, inviting proposals for furnishing supplies.

(b) *Exigency purchases.* Whenever the public exigency requires the immediate purchase of any supplies, or the performance of any work, not covered by contract, such supplies or work shall be obtained in the open market after first inviting several bids, provided there is sufficient opportunity.

(c) *Written authority required for publication.* No advertisement, notice, or proposal for any executive department of the Government, or for any bureau thereof, of for any office therewith connected, shall be published in any newspaper whatever, except in pursuance of a written authority for such publication from the head of such department; and no bill for any such advertising, or publication, shall be paid unless there be presented, with such bill, a copy of such written authority. (R. S. 3828; 44 U. S. C. 324)

(d) *Delegation of authority to authorize publication.* The head of any department may delegate to subordinate officials the authority vested in him by section 3828, Revised Statutes (44 U. S. C. 324), to authorize the publication of advertisements, notices or proposals. (Sec. 12, 60 Stat. 809; 5 U. S. C. 22a)

(e) *Rates for advertising.* All advertisements, notices, proposals for contracts, and all forms of advertising required by law for the several departments of the Government may be paid for at a price not to exceed the commercial rates charged to private individuals, with the usual discounts; such rates to be ascertained from sworn statements to be furnished by the proprietors or publishers of the newspapers proposing so to advertise. But the heads of the several departments may secure lower terms at special rates whenever the public interest requires it. (Sec. 1, 20 Stat. 216; 44 U. S. C. 322)

BIDS: CONTRACTS

§ 6.4 *Bidders to be notified of opening of bids.* Whenever proposals for supplies have been solicited, the parties responding to such solicitation shall be duly notified of the time and place of opening the bids, and be permitted to be present either in person or by attorney, and a record of each bid shall then and there be made. (R. S. 3710; 41 U. S. C. 8)

§ 6.5 *Contracts* (a) *Term of*—(1) *One year limit for some items.* * * * it shall not be lawful for any of the executive departments to make contracts for stationery or other supplies for a longer term than one year from the time the contract is made. (R. S. 3735; 41 U. S. C. 13)

(2) *Certain postal equipment and supplies.* Section 13 of Title 41 shall not apply to, or include mail bags, mail locks and keys, postal cards, postage stamps, newspaper wrappers, or stamped envelopes. (See § 6.12.) (18 Stat. 286; 39 U. S. C. 809)

(3) *Money-order supplies.* All blanks, blank books, and printed or engraved matter * * * for the transaction of the money-order business shall be obtained from the lowest responsible bidders * * * for a period of 4 years. (Sec. 2, 22 Stat. 527, as amended; 39 U. S. C. 715) (See §§ 6.13 and 6.23.)

(4) *Free-delivery service supplies.* The Postmaster General may, if in his judgment the good of the service so requires, make contract for necessary supplies for the free-delivery service for a period not exceeding four years. (Sec. 1, 25 Stat. 844; 39 U. S. C. 164)

(5) *Post route maps.* The Postmaster General may, in his discretion, cause the contract for printing post-route maps to be let for a term of four years. (Sec. 1, 28 Stat. 803; 39 U. S. C. 804)

(6) *Certain enumerated supplies.* The Postmaster General is authorized to con-

tract for a term not exceeding four years, for the supply of any or all articles enumerated under the head of "Supply Division" in the act of April 21, 1902, chapter 563, 32 Stat. 113, when in his judgment, it shall appear to be for the best interests of the service. (Sec. 1, 32 Stat. 114; 39 U. S. C. 803)

(7) *Canceling machines; equipages for city delivery service.* The Postmaster General may, in his discretion, enter into contracts for a period of not exceeding four years for the rental of canceling machines, for the hire of the equipages for the City Delivery Service, for the collection service by means of boxes attached to street cars, and for the steamboat and other equipment necessary for the Detroit River Postal Service, * * * (Sec. 1, 36 Stat. 1333; 39 U. S. C. 802)

(8) *Leasing of quarters for vehicles.* The Postmaster General may, in his disbursement of this appropriation (appropriation for vehicle service), apply a part thereof to the leasing of quarters for the housing of Government-owned automobiles at a reasonable annual rental for a term not exceeding 10 years. (54 Stat. 76) (See §§ 26.2 and 105.5.)

NOTE: Section 6.5 (a) (8) is a provision of the "Act making appropriations for the Post Office Department for the fiscal year ending June 30, 1941." A similar provision has been carried in the appropriation acts for a number of years past.

(b) *Authorization required.* No contract or purchase on behalf of the United States shall be made, unless the same is authorized by law or is under an appropriation adequate to its fulfilment, * * * (R. S. 3732,, as amended; 41 U. S. C. 11)

(c) *Collusion among bidders.* No contract for furnishing supplies to the Post Office Department or the postal service shall be made with any person who has entered, or proposed to enter, into any combination to prevent the making of any bid for furnishing such supplies, or to fix a price or prices therefor, or who has made any agreement, or given or performed, or promised to give or perform, any consideration whatever to induce any other person not to bid for any such contract, or to bid at a specified price or prices thereon; and if any person so offending is a contractor for furnishing such supplies, his contract may be annulled, and the person so offending shall be liable to a fine of not less than one hundred dollars nor more than five thousand dollars, and may be further punished, in the discretion of the court, by imprisonment for not less than three months nor more than one year. (Sec. 2, 37 Stat. 553; 39 U. S. C. 808)

(d) *Purchase of motortruck parts.* Whenever motortruck parts are needed by the Post Office Department in the operation of motortrucks, the Postmaster General is hereby authorized to enter into agreements with truck manufacturers for the purchase of such truck parts at a price not exceeding the truck manufacturer's list price, less regular discounts, without advertising, under such arrangements as in the opinion of the Postmaster General will be most advantageous to the Government. (46 Stat. 838; 39 U. S. C. 829)

NOTE: The annual appropriation acts for vehicle service authorize the purchase and maintenance of tractors and trailers.

(e) *Exchangeable items.* In purchasing motor-propelled or animal-drawn vehicles or tractors, or road, agricultural, manufacturing, or laboratory equipment, or boats, or parts, accessories, tires, or equipment thereof, or any other article or item the exchange of which is authorized by law, the head of any department may exchange or sell similar items and apply the exchange allowances or proceeds of sales in such cases in whole or in part payment therefor: *Provided,* That any transaction carried out under the authority of this section shall be evidenced in writing. (Sec. 203, 57 Stat. 195, as amended; 5 U. S. C. 118d–1)

(f) *Hire of vehicles.* * * * Beginning with the fiscal year 1928, and thereafter, the Postmaster General may hire vehicles from postal employees, not filling supervisory positions, for use in the city delivery and collection service, and in the village delivery and collection service, either under an allowance or on a contract basis. (R. S. 3850, as amended; 39 U. S. C. 52)

§ 6.6 *Products of convict labor.* No contract shall be entered into by the Post Office Department for purchase of material or supplies to be manufactured by convict labor. (Sec. 1, 33 Stat. 435; 5 U. S. C. 367)

§ 6.7 *Signing of contracts.* Contracts made in the Post Office Department for the various classes of mail transportation may, upon order of the Postmaster General, be signed in the place and stead of the Postmaster General by the Assistant Postmaster General who is charged with the supervision of the mail transportation involved, and such officer shall attest his signature to such contracts by the seal of the Post Office Department. (Sec. 3, 19 Stat. 335, as amended; 39 U. S. C. 430)

PURCHASES

§ 6.8 *Purchasing and the Purchasing Agent*—(a) *Authority.* There shall be appointed by the President, by and with the advice and consent of the Senate, a purchasing agent for the Post Office Department, who shall * * * report direct to the Postmaster General; and who shall, under such regulations, not inconsistent with existing law, as the Postmaster General shall prescribe, and subject to his direction and control, have supervision of the purchase of all supplies for the postal service. (Sec. 3, 33 Stat. 440; 5 U. S. C. 366)

(b) *Procedure.* The purchasing agent, in making purchases for supplies necessary for the Post Office Department, shall advertise, as provided by law, and award contracts for such supplies to the lowest responsible bidder in pursuance of existing law. The purchasing agent shall have recorded in a book to be kept for that purpose a true and faithful abstract of all bids made for furnishing supplies to the Post Office Department, giving the name of the party bidding, the terms of the offer, the sum to be paid, and he shall keep on file and preserve all such bids until the end of the contract term to which they relate. Each bidder shall have the right to be present, either in person or by attorney, when the bids are opened, and shall have the right to examine and inspect all bids. All purchases, advertisements, and contracts for supplies for the Post Office Department shall be made by the purchasing agent in the name of the Postmaster General subject to his approval, * * * There shall be separate proposals and separate contracts for each class of material furnished. These records shall be open at all times for the inspection of Congress, and for the inspection of those who may be interested in such contracts made, or to be made, to furnish supplies to the Post Office Department. Sec. 3, 33 Stat. 440; 5 U. S. C. 366)

(c) *Preference to domestic products.* Notwithstanding any other provision of law, and unless the head of the department or independent establishment concerned shall determine it to be inconsistent with the public interest, or the cost to be unreasonable, only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States, shall be acquired for public use. This section shall not apply with respect to articles, materials, or supplies for use outside the United States, or if articles, materials, or supplies of the class or kind to be used or the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality. (Sec. 2, 47 Stat. 1520; 41 U. S. C. 10a)

(d) *Appropriations available for special clothing and equipment.* Appropriations available for the procurement of supplies and material or equipment shall be available for the purchase and maintenance of special clothing and equipment for the protection of personnel in the performance of their assigned tasks. (Sec. 13, 60 Stat. 809; 5 U. S. C. 118g)

(e) *Preparation of specifications.* Specifications for supplies shall be prepared under the direction of the head of the bureau for which the supplies are to be purchased. The Purchasing Agent shall review such specifications carefully, and if he finds them unsatisfactory shall state his objections in writing to the said officer. If, after further consideration, the officer and the Purchasing Agent still disagree, each shall submit a written statement of his position to the Postmaster General through the Committee of Awards.

(f) *Advertisements for proposals.* The Purchasing Agent shall prepare and issue all advertisements for proposals for all supplies. When deemed advisable by the Purchasing Agent proposals shall be opened and examined by a committee composed of the Executive Assistant to the Postmaster General, the Fourth Assistant Postmaster General, and the Purchasing Agent, to be known as the Committee of Awards, which committee shall

make a report suggesting such awards as in their judgment are desirable and proper. The committee, through the Purchasing Agent, shall request the attendance of any officers or employees who may give them information and assistance or with whom they desire to advise.

(g) *Purchase of contract items.* Orders for items under contract shall be drawn by the Purchasing Agent upon requisitions made by the superintendent, director, or chief of the division requiring the supplies, approved by the head of the bureau. The requisition shall state the appropriation to which the purchase is to be charged, the item number, quantity required, description of the article, unit price, cost, and, when practicable, the estimated time the supply on hand will last; also that these supplies are necessary for the public service and that the available balance of the appropriation is adequate for the purchase. If the Purchasing Agent, because of his knowledge of market conditions, or for other than administrative reasons, doubts the advisability of the purchase at the particular time of the material requisitioned, he shall communicate immediately with the bureau officer, stating the reasons which lead him to believe that the purchase should not be made at that time, and in the event of a disagreement each shall submit a written statement of his position to the Postmaster General through the Committee of Awards. The order shall be sent to the contractor by the Purchasing Agent, the triplicate retained on file, and the duplicate attached to the contractor's invoice when prepared for payment.

(h) *Open-market purchases.* Requisitions for articles not under contract shall be made on the Purchasing Agent by the superintendent, director, or chief of the division requiring the supplies, approved by the head of the bureau. The Purchasing Agent, after ascertaining that there is no contract under which the purchase may be made, shall issue proposals and specifications and, when practicable, send them to three or more responsible dealers, so as to reach them at least three days prior to the date fixed for the opening of the bids. If samples are available, they shall accompany the specifications calling for proposals, or a statement shall be made as to where samples may be seen. Bids received by the Purchasing Agent and bidders' samples, if furnished, shall be submitted to the Committee of Awards, or to the officer making the requisition, who shall examine them, recommend an award, mark the accepted samples, and return bids and samples to the Purchasing Agent for his action. If a purchase is made, the order shall be drawn in the manner prescribed in paragraph (g) of this section. The approved bid shall be held by the Purchasing Agent to be attached to the contractor's invoice, and the accepted sample, if any, shall be forwarded to the board of inspection.

(i) *Purchase forms.* Forms prescribed by the Comptroller General shall be used for purchases for the Post Office Department and for the postal service. Two copies of the proper form shall accompany each order sent to the contractor, except where statements are rendered monthly or at other stated periods, in which case the invoice may be made to cover all orders during the period.

(j) *Board of inspection.* A board of inspection, appointed by and acting under the direction of the Postmaster General, shall, except as hereinafter provided, receive and inspect all supplies purchased which are delivered in Washington, reporting their findings in triplicate to the Purchasing Agent. Each copy of the report shall be signed by not less than two members of the board. The Purchasing Agent, after endorsing his action on the report, shall attach the original to the contractor's invoice, retain the duplicate on file, and return the triplicate to the board of inspection. The board shall retain custody of the articles until they are accepted or rejected by the Purchasing Agent. If accepted, the articles shall be turned over to the requisitioning officer, who shall give a receipt therefor. If rejected, they shall be disposed of under direction of the Purchasing Agent: *Provided,* That when inspections in the field are necessary the Purchasing Agent shall request the Postmaster General to designate one or more persons to perform this duty, and they shall report their findings in the same manner as prescribed for inspections made by the board of inspection in Washington. In emergent cases, when the requisitioning officer shows the necessity therefor, the Purchasing Agent may waive the inspection, and in such cases he shall state the reasons for the waiver on the invoice when it is prepared for payment. The Purchasing Agent shall have the right to make an independent inspection, and for this purpose may ask the Postmaster General for any necessary assistance.

(k) *Invoices.* All invoices shall be received by the Purchasing Agent. Those for accepted supplies shall be properly prepared, certified for payment, and transmitted by him to the requisitioning officer, who will enter them on the Postmaster General's journal and then forward the invoice with the journal for payment. A copy of that portion of the journal authorizing payment for purchases shall be sent to the Purchasing Agent for his information.

(l) *Rejected supplies.* If supplies are rejected, the Purchasing Agent shall immediately notify the contractor, the requisitioning officer, and the board of inspection, giving the reasons therefor. If contractors fail to remove supplies within the time specified by the Purchasing Agent, the supplies may be sent to storage by the Purchasing Agent at the contractors' risk and expense.

(m) *Accounts.* The bureau officers shall be responsible for the appropriations under their control and shall keep an accurate account of the expenditures authorized thereunder. The bureau officers shall furnish the Purchasing Agent a statement of the balances of the appropriations under their jurisdiction out of which supplies are purchased as frequently as they are determined. The Purchasing Agent shall keep individual ledger accounts with contractors and such general accounts of expenditures for purchases as he may deem necessary.

(n) *Correspondence.* Correspondence with contractors and others from whom supplies are purchased shall be conducted by the Purchasing Agent. The Purchasing Agent shall also issue any necessary instructions to postmasters regarding inspection of supplies. Correspondence with postmasters and other postal officials in regard to supplies shall be conducted by the officer controlling the appropriation to which the supplies are chargeable.

(o) *Supplies for the Department.* All appropriations for supplies for the Post Office Department shall be under the control of the Chief Clerk and Director of Personnel of the Department, except the appropriation for post-route maps, which shall be under the control of the Fourth Assistant Postmaster General. The regulations hereinbefore prescribed shall govern purchases under these appropriations.

§ 6.9 *Delivery of supplies by contractor.* In making contracts for [postal cards], stamped envelopes, stamped paper, and all other supplies, the Postmaster General may require the contractor, under such regulations as he may prescribe, to make delivery at such points in the United States as he may direct, whenever, in his opinion, any such contract can be made at a saving to the Government. (Sec. 2, 28 Stat. 106; 39 U. S. C. 359) (See §§ 6.5, 6.12, 8.7, and 8.10.)

PROPERTY

§ 6.12 *Postmaster General to contract for envelopes for all Government departments*—(a) *Authority.* The Postmaster General shall contract, for a period not exceeding four years, for all envelopes, stamped or otherwise, designed for sale to the public, or for use by the Post Office Department, the Postal Service, and other executive departments, and all Government bureaus and establishments, and the branches of the service coming under their jurisdiction, and may contract for them to be plain or with such printed matter as may be prescribed by the department making requisition therefor. (34 Stat. 476; 39 U. S. C. 355) (See § 6.5.)

(b) *Envelopes, labels, and other articles bearing penalty indicia.* All envelopes, labels, wrappers, cards, and other articles, bearing the indicia prescribed by law for matter mailed free of postage under the penalty privilege by all executive departments and agencies, all independent establishments of the Government, and all other organizations and persons authorized by law to use the penalty privilege, shall be procured or accounted for through the Postmaster General under such regulations as he shall prescribe. The head of each such department, agency, establishment, or other organization, or each such person, shall submit to the Postmaster General within 60 days after the close of each fiscal year a statement showing the number of envelopes, labels, wrappers, cards, and other articles bearing such indicia on hand at the close of such fiscal year.

This act shall take effect July 1, 1944. (Sec. 1 and 8, 58 Stat. 394, 395; 39 U. S. C. 321c)

§ 6.13 *Blank forms and supplies for money-order service.* [Except as provided in 44 U. S. C. 111, or otherwise provided by law] all blanks, blank books, and printed or engraved matter supplied to postmasters by the Postmaster General or used in his department for the transaction of the money-order business shall be obtained from the lowest responsible bidders for furnishing printed and engraved matter, respectively, under separate advertisements calling for proposals to furnish the same * * * upon such conditions as the Postmaster General may prescribe: *Provided*, That the Director of the Bureau of Engraving and Printing of the Treasury Department shall submit estimates of the cost of furnishing such printed and engraved matter as may be required for use in the money-order business, and shall furnish such printed and engraved matter whenever upon his estimates of cost the expenditure therefor will be less than upon proposals made as above provided for. (Sec. 2, 22 Stat. 527, as amended; 39 U. S. C. 715)

§ 6.14 *Uniform canceling ink.* The Postmaster General may adopt a uniform canceling ink or other appliance for canceling stamps which experiments and tests have proved or may prove to be the most practicable and the best calculated to protect the revenues of the department from the frauds practiced upon it, to be used in all the post offices where stamps are canceled, and he may distribute said canceling ink or other appliance in the same manner as other supplies are distributed to the different post offices in the United States. (Sec. 1, 20 Stat. 240; 39 U. S. C. 367)

§ 6.15 *Metric postal balances.* The Postmaster General shall furnish to the post offices exchanging mails with foreign countries, and to such other offices as he may deem expedient, postal balances denominated in grams of the metric system, fifteen grams of which shall be the equivalent for postal purposes, of one-half ounce avoirdupois, and so on in progression. (R. S. 3880; 39 U. S. C. 810)

§ 6.17 *Unserviceable property and waste materials*—(a) *Procedure for handling.* Unserviceable property and waste materials accumulating in the department proper, the Washington, D. C., post office and the Mail Equipment Shops shall be handled in the following manner: Reports covering unserviceable property and waste materials shall be made to the Chief Clerk and Director of Personnel, describing the property, and when practicable, giving the record number of each piece. The board of inspection, or such special committee as may be designated by the Postmaster General, when so directed, shall make a careful inspection and report to the Postmaster General, with respect to each article, as to whether it should be condemned and sold or otherwise disposed of. If the report of the board or committee is approved by the Postmaster General, the Chief Clerk and Director of Personnel shall dispose of the property as recommended, keeping a record thereof in his files. The property condemned shall be in the custody of the Chief Clerk and Director of Personnel, who shall dispose of same in accordance with the law and Executive orders of the President.

(b) *Waste paper.* The Chief Clerk and Director of Personnel shall dispose of waste paper accumulating in the Washington, D. C., post office and Mail Equipment Shops in accordance with the law and Executive orders of the President.

(c) *In motor-vehicle service.* Unserviceable property and waste materials accumulating in the motor-vehicle service shall be disposed of as outlined in the rules and regulations for conducting Government-owned motor-vehicle service.

(d) *In field service.* Unserviceable property and waste materials not specified in paragraph (c) of this section or in § 6.22, accumulating in the field service, shall be disposed of in the following manner: Whenever sufficient unserviceable property or waste materials accumulate to justify inviting bids for its sale, a list thereof shall be prepared by the postmaster. The postmaster shall appoint a committee of three, to consist of supervisory employees when possible, who shall be required to make a careful inspection of each article and submit a report to the postmaster for approval as to whether it should be condemned or sold or otherwise disposed of. After approval of the report the postmaster shall prepare proposals inviting competitive bids covering unserviceable property and waste materials recommended to be disposed of. Copies of said proposals shall be distributed as widely as possible and mailed to all known dealers in the materials to be sold, etc. As much as possible shall be realized from such sales and the proceeds shall be accounted for as miscellaneous receipts.

(e) *Surplus-property officer.* The Chief Clerk and Director of Personnel of the Post Office Department is the surplus-property officer for the department and entire postal service. All surplus property accumulating in the department or field service shall be reported through proper channels to the Chief Clerk and Director of Personnel, who, under such rules and regulations as the Postmaster General may promulgate, shall issue the necessary instructions relative to the final disposition thereof.

§ 6.18 *Sale of unsuitable airplanes and aviation material.* The Postmaster General may sell under such rules and regulations as he may prescribe any airplanes, parts thereof, field equipment, tools, and other aviation material which have become unsuitable in the postal service or which will deteriorate and become unsuitable before it can be used. The proceeds of such sales shall be covered into the Treasury as "Miscellaneous receipts." (Sec. 1, 41 Stat. 1031; 39 U. S. C. 468)

§ 6.19 *Gifts and bequests for library of Post Office Department*—(a) *Authority to accept.* The Postmaster General is hereby authorized to accept, receive, hold, and administer gifts and bequests of personal property, and loans of personal property other than money, from individuals or others for the benefit of the library of the Post Office Department, its collections, or its services. Gifts or bequests of money shall be deposited in the Treasury of the United States under the title "Library fund of the Post Office Department," and shall be subject to disbursement by the Postmaster General for the purposes in each case specified.

(b) *For tax purposes deemed gift to United States.* For the purpose of Federal income, estate and gift taxes, gifts and bequests accepted by the Postmaster General under the authority of this Act shall be deemed to be a gift or bequest to or for the use of the United States.

(c) *Investment of funds.* The Secretary of the Treasury is authorized, upon request of the Postmaster General, to invest or reinvest the funds, or any part thereof, deposited in the Treasury pursuant to paragraph (a) of this section in securities of the United States Government or in securities guaranteed by the United States Government. The interest accruing from such securities shall be deposited to the credit of the library fund of the Post Office Department. (Secs. 1–3, 60 Stat. 924; 5 U. S. C. 393)

§ 6.22 *Waste paper and twine*—(a) *Preservation and sale of.* Postmasters shall carefully preserve all waste paper, which shall include dead and unclaimed domestic printed matter (see § 43.46 of this chapter), facing slips that have been used (see § 43.2 of this chapter), and all other useless paper and all waste twine, including remnants of twine unfit for use (see § 41.14 of this chapter). As much as possible shall be realized from this waste matter, competitive bids being procured if feasible. All proposals, except as provided for in paragraph (b) of this section, for the sale of such material accumulated in Federal buildings in which post offices are located and in classified stations and branches thereof, and also in post offices and classified stations and branches thereof located in leased quarters, shall be procured and sent to the Fourth Assistant Postmaster General, Division of Federal Building Operations, by the custodians of the Federal buildings and by the postmasters of post offices located in leased quarters. When practicable such waste material should be sold before the expiration of the quarter and the proceeds accounted for as postal funds. (See §§ 7.2 and 17.35 to 17.37 of this chapter.) Form 1096 (Revised) should be used for the purpose of giving and securing a receipt for moneys collected and deposited. Waste paper and twine shall not be sent free in the mails to a purchaser and mail bags shall not be used to store or carry it away. If, after exhausting every resource, a profitable market cannot be found, such waste material shall be disposed of, without expense to the Department if practicable. Undeliverable printed matter such as picture cards, newspapers, magazines, and other periodical publications, falling within the term "waste paper," for which no sale can be effected, may, if suitable for the purpose, be delivered by postmasters, on application therefor, to the proper local municipal authorities for distribution to hospitals, asylums, or

other charitable or reformatory institutions.

NOTE: For a list of dealers in paper stock communicate with the local chamber of commerce or board of trade, or those of nearby cities. Sales should be made in the neighborhood of post offices, if possible.

(b) *Magazines and periodicals.* At offices designated by the First Assistant Postmaster General, and under instructions issued by him, such undeliverable magazines and periodicals as may be deemed suitable shall be segregated from publications subject to disposal as waste, and sold to the highest bidder as magazines and periodicals. Complete records of such sales shall be kept and the funds resulting therefrom shall be deposited by postmasters as part of the postal revenue and accounted for under "Miscellaneous Receipts" of the monthly and quarterly report, with a separate supporting schedule. A quarterly report of the magazine sales shall be transmitted to the Bureau of the First Assistant Postmaster General.

PART 7—POSTAL REVENUES AND OTHER PUBLIC FUNDS: SOURCES AND DISPOSAL OF

SOURCES OF REVENUE

Sec.
7.1 Revenues to be deposited in Treasury or designated depositaries.
7.2 Miscellaneous receipts.

CARE OF PUBLIC FUNDS

7.3 Safety of public money.
7.4 Care of public funds and property.
7.5 Confiscation and transmittal of counterfeit money and securities.
7.8 Postmasters and others to pay over moneys to designated depositaries.
7.9 Deposits.

TEMPORARY DEPOSITS IN BANKS

7.19 Temporary deposits in banks.

DISPOSAL OF FUNDS AND PROPERTY UPON CHANGE OF POSTMASTERS

7.27 Disposal of property upon change of postmasters.
7.28 Disposal of funds upon change of postmasters.

AUTHORITY: §§ 7.1 to 7.28 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

SOURCES OF REVENUE

§ 7.1 *Revenues to be deposited in Treasury or designated depositaries.* Revenues from all sources except so much of the receipts at post offices as may be needed to pay the authorized expenditures thereof, shall be deposited in the Treasury or designated depositaries for the use of the Post Office Department.

NOTE: The revenues of the Postal Service are derived from:

(a) Postage.
(b) Box rents.
(c) Money-order and postal-note fees.
(d) Dead letters and undeliverable matter.
(e) Fines and penalties.
(f) Balances from foreign countries.
(g) Miscellaneous.
(h) Unpaid money orders more than one year old.
(i) Excess of profit accruing from postal-savings deposits or investment of postal-savings funds.

Money-order funds are not part of the postal revenues, although the net proceeds of the money-order business ultimately become part of postal receipts.

§ 7.2 *Miscellaneous receipts.* Unclaimed money in dead letters for which no owner can be found; all money taken from the mail by robbery, theft, or otherwise, which may come into the hands of any agent or employee of the United States, or any other person whatever; all fines and penalties imposed for any violation of the postal laws, except such part as may by law belong to the informer or party prosecuting for the same; and all money derived from the sale of waste paper or other public property of the Post Office Department, shall be deposited in the Treasury, under the direction of the Postmaster General, as part of the postal revenue. And the Postmaster General shall cause to be placed to the credit of the Treasurer of the United States, for the service of the Post Office Department, the net proceeds of the money-order business; and the receipts of the Post Office Department derived from this source during each quarter shall be entered by the bureau of accounts in the Post Office Department in the accounts of such department, under the head of "revenue from money-order business." (R. S. 4050, as amended; 39 U. S. C. 782)

CARE OF PUBLIC FUNDS

§ 7.3 *Safety of public money*—(a) *Provision.* Postmasters shall keep safely without loaning, using, depositing in an unauthorized bank, or exchanging for other funds, all the public money collected by them, or which may come into their possession, until it is ordered by the Postmaster General to be transferred or paid out. All money collected on mail delivered at their respective offices shall be deemed to be public money in the possession of the postmasters within the meaning of this section. (R. S. 3846, as amended; 39 U. S. C. 46)

(b) *Regulations applicable to various funds.* The regulations relative to the care of public funds shall apply to money-order, postal-note, key-deposit, and postal-savings funds as well as postal funds. (See §§ 27.11, 27.12, 76.1, and 76.2.)

§ 7.4 *Care of public funds and property*—(a) *Funds to be segregated.* Postmasters shall exercise all possible care for the protection of the public funds and property in their custody. Public funds shall be kept entirely separate from all other moneys in the possession of the postmaster and shall not be mingled with personal funds.

(b) *Under lock when office is closed.* During business hours money and stamps shall be kept in places inaccessible to the public and concealed from view. Funds and stamps left in a post office at night, or when the office is closed temporarily during the day, shall be kept in locked iron safes or in vaults, if such have been provided; otherwise they shall be kept in strong drawers or other fixed receptacles, which shall be fastened with good locks. Money and stamps shall not be left at night or when the office is closed temporarily during the day in tin or iron boxes even though locked, nor in cash drawers secured by finger-combination locks. Funds and stamps shall not be hidden about the office or elsewhere. The doors and windows of the office shall be made as secure as possible.

(c) *Safes to be completely locked; combinations.* At night or when the office is left without occupants iron safes with combination locks shall be carefully and completely locked with the full combination on the outer doors and on the inner burglar-proof chest, if there is one. Available burglar-proof chests shall be used to their capacity for the safeguarding of money, stamps, and other accountable property in order of greatest value and consistent with the maintenance of individual responsibility. No credit will be allowed for losses from safes fastened only with a "day lock" or "day combination." A postmaster upon taking charge of his office shall immediately change the combination on every safe therein, except that at first-class offices operating under the Two-Division Plan only those safe combinations known to the former postmaster shall be changed; and where an employee knowing the combination of a safe or vault is separated from the service, or where at any time a safe is procured, either new or second-hand, the postmaster shall immediately change the combination. Failure to make such change shall be considered as prima facie evidence of contributory negligence on the part of the postmaster in any case where claim is made for credit for money or other property stolen from such safes which have been opened without resort to violence.

(d) *Furnishing and use of safes in contract stations.* Clerks in charge of contract stations shall provide safes, or in lieu of a safe, strong drawers or other fixed receptacles, which shall be fastened with good locks, in accordance with the terms of their contracts. If a safe has been provided, all funds and stamps, with the exception of a small working supply for the convenience of the public, outside of the usual business hours, shall be placed in the safe at night and the safe carefully and completely locked. Such working supply of stamps and change, not exceeding $10, need not be placed in the safe at night, provided it is kept in a strong drawer or other fixed receptacle securely fastened with a good lock. Whenever during the course of a day's business a considerable amount of funds has accumulated, the greater portion thereof shall be taken from the cash drawers and placed in the safe, or in the fixed receptacle provided in lieu of a safe, instead of leaving it in the cash drawers until closing time.

(e) *Stamp stock and funds not to remain in cabinet.* Stamp stock and funds derived from the sales thereof belonging to the fixed credit of clerks shall not be allowed to remain in stamp cabinets over night, or between Saturday and Monday, or any other time after a tour of duty has ended. If the vault is of a size that will not accommodate the cabinets, an individual stamp drawer or metal box equipped with a lock shall be provided in the vault or in the safe for each clerk, where such receptacle shall be placed at the end of his tour of duty.

§ 7.5 *Confiscation and transmittal of counterfeit money and securities*—(a)

Transmittal to Treasury. Pursuant to 31 CFR 403.2 all United States post offices are authorized to take possession of and deliver to the Treasury Department, through the Secret Service Division, all counterfeit obligations and other securities and coins of the United States or of any foreign government which shall be presented at such post offices. Accordingly, postmasters and postal employees to whom counterfeit currency, coins, obligations, and other securities of the United States or of any foreign government, except counterfeit postage stamps, are presented shall confiscate such counterfeits and shall promptly transmit same, by ordinary mail, to the nearest field office of the Secret Service Division of the Treasury Department (see following list) with a brief statement of facts and, if possible, the name and address of the person presenting the counterfeits or a description thereof. Field offices of the Secret Service Division of the Treasury Department are located in the following cities:

Albuquerque, N. Mex.	Nashville 2, Tenn.
Atlanta, Ga.	Newark 1, N. J.
Baltimore 3, Md.	New Haven 1, Conn.
Birmingham, Ala.	New Orleans 11, La.
Boston 4, Mass.	New York City 8, N. Y.
Buffalo, N. Y.	Oklahoma City, Okla.
Charlotte 1, N. C.	Omaha 1, Nebr.
Chicago 80, Ill.	Philadelphia 6, Pa.
Cincinnati 2, Ohio.	Phoenix, Ariz.
Cleveland 14, Ohio	Pittsburgh 30, Pa.
Columbia, S. C.	Portland 7, Oreg.
Columbus 16, Ohio	Providence, R. I.
Dallas 1, Tex.	Richmond 3, Va.
Denver 1, Colo.	Sacramento, Calif.
Detroit 26, Mich.	St. Louis, Mo.
El Paso, Tex.	St. Paul 1, Minn.
Grand Rapids 1, Mich.	Salt Lake City 10, Utah
Houston 14, Tex.	San Antonio 6, Tex.
Indianapolis, Ind.	San Francisco 1, Calif.
Jackson, Miss.	Scranton 1, Pa.
Jacksonville, Fla.	Seattle 4, Wash.
Kansas City, Mo.	Spokane 5, Wash.
Little Rock, Ark.	Springfield, Ill.
Los Angeles 53, Calif.	Utica 1, N. Y.
Louisville 1, Ky.	Washington 25, D. C.
Memphis 1, Tenn.	
Miami, Fla.	
Milwaukee, Wis.	

Mail should be addressed as follows:

UNITED STATES SECRET SERVICE,
Treasury Department.
---------- (City and State)

(b) *Counterfeit stamps to be transmitted to inspector in charge.* Counterfeit postage stamps shall be confiscated and promptly transmitted to the inspector in charge of the division in which the post office is located with a brief statement of facts and, if possible, the name and address of the person presenting such counterfeit postage stamps. (See §§ 130.24 to 130.26.)

(c) *Receipt form.* A receipt in substantially the following form shall be given to persons from whom counterfeits are confiscated in accordance with the provisions of 31 CFR 403.2:

UNITED STATES POST OFFICE

RECEIPT FOR COUNTERFEITS AND CONTRABAND PROPERTY

---------- ----------, 19--.
(Place) (Date)

Received from ----------
the following counterfeit or contraband property:
---------- Counterfeit ----------
---------- Counterfeit ----------

Signed ----------
(Postmaster)

A duplicate of the receipt shall be retained by the postmaster and filed with the receipt which will be furnished him by the Secret Service Division of the Treasury Department.

§ 7.8 *Postmasters and others to pay over moneys to designated depositaries.* All postmasters and other persons employed in the postal service who collect or receive moneys of any description connected with the business or operations of the postal service shall, as often as provided by law or as directed by the Postmaster General, pay over all such moneys, not otherwise legally expended, to their designated depositaries.

§ 7.9 *Deposits*—(a) *Character of.* Deposits of postal funds may be made in United States currency or coin, Treasury checks or other kinds of Government paper, paid money orders, or paid postal notes. (See paragraph (c) of this section concerning bank checks.)

(b) *Paper that may be cashed; endorsement for deposit.* A postmaster may cash with postal funds disbursing postmaster's checks, pension checks, Post Office Department warrants, Postal Savings System checks, and other kinds of Government paper, provided they are received from responsible persons whose endorsement on said paper the postmaster is willing to guarantee. When a check drawn on the Treasurer of the United States is cashed by a postmaster he shall immediately endorse it to the order of his central accounting postmaster; the Federal Reserve Bank or branch or authorized Government depositary located in his city; or the bank in which he makes temporary deposits of postal funds in accordance with § 7.19, so that it may not be negotiated by any other person.

(c) *Bank drafts used to remit surplus funds.* Such paper, as well as checks and drafts issued by or drawn on national or State banks or trust companies, may be used by postmasters to remit their surplus postal funds, provided they can make satisfactory arrangements with their depositaries to receive them at par. Postmasters will be held liable on their official bonds for any losses of Government funds resulting from fault or negligence on their part.

(d) *What shall not be included in deposits.* Postmasters in making deposits shall not use postage stamps, foreign coins and notes, or mutilated coins and paper, or bank checks and drafts other than those issued by national or State banks or trust companies.

(e) *Money orders used to remit surplus funds.* Money orders paid by district postmasters shall be treated as cash, and such orders shall be used to remit their surplus funds.

TEMPORARY DEPOSITS IN BANKS

§ 7.19 *Temporary deposits in banks*—(a) *When no depositary in locality.* Any postmaster, having public money belonging to the Government, at an office within a city or town where there is no * * * designated depositary, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described. (R. S. 3847, as amended; 39 U. S. C. 47)

(b) *Depositary to be used when available.* In places where a national bank, State bank, or trust company has been designated by the Treasury Department as a depositary of public funds, such bank shall be used by the postmaster to the exclusion of all others in making temporary deposits of postal funds.

NOTE: Designated depositaries are required to pledge collateral with the Treasury Department as security for deposits, and postmasters are thereby protected against loss of such deposits.

DISPOSAL OF FUNDS AND PROPERTY UPON CHANGE OF POSTMASTERS

§ 7.27 *Disposal of property upon change of postmasters*—(a) *Inventories.* Whenever a change of postmasters occurs, inventories shall be made of the public property in the post office. The several classes of property shall be listed separately as follows:

(1) Postage stamps, books of stamps, coils of stamps, special-delivery stamps, special-handling stamps, postage due stamps, stamped envelope, air letter sheets, postal cards, international reply coupons, internal revenue stamps, migratory-bird hunting stamps, and United States savings stamps.

(2) Money-order funds and blank forms; postal-note stock and fixed credit receipts for same; postal-savings funds and accountable stock, including blank certificates; and United States savings bond funds and blank savings bonds.

(3) All other public property including mail keys, mechanical machines and firearm equipment, furniture and equipment belonging to or leased by the United States, post office records, copies of Postal Laws and Regulations and of the Official Postal Guide, postmarking and dating stamps and ink and pads therefor, unused printed forms and blank books, and all other supplies.

(b) *Transfer of all accountable items.* When a change of postmasters occurs, the outgoing postmaster shall deliver to the incoming postmaster all of the accountable items on hand in accordance with the inventories as specified in paragraph (a) (1) of this section, and complete certificates on appropriate forms which will be provided for the purpose. The certificates when completed shall be signed by both outgoing and incoming postmasters, detached and forwarded as indicated on the various forms. Receipts for public property or items not listed on the transfer certificates shall be retained in the files of the post office.

(c) *At third- and fourth-class post offices.* An incoming postmaster at a third- or fourth-class post office shall render to the outgoing postmaster receipt in duplicate on Form 1087 for all

undelivered registered, insured, and c. o. d. articles on hand. The original receipt shall be delivered to the outgoing postmaster and the duplicate retained for the files of the office. Report shall be made to the Third Assistant Postmaster General, Division of Registered Mails, of any irregularities noted in connection with undelivered registered, insured, and c. o. d. articles turned over by the outgoing postmaster. Listing of registered, insured, and c. o. d. mail on Form 1087 is not necessary at first- and second-class offices in connection with receipts between incoming and outgoing postmasters.

(d) *Upon discontinuance of an office.* When an office is discontinued, the above inventories shall be made and the property and supplies delivered to the postmaster designated by the department to receive the same, duplicate receipts being given, which shall be treated as provided in the case of a change of postmasters. Property and supplies shall not be returned to the department, but the postmaster designated to receive the property shall forward mail keys by registered mail to the Fourth Assistant Postmaster General, Division of Mail Equipment Shops, and shall at the same time transmit a letter giving the name of the discontinued office, the county and State in which located, and the numbers stamped on the mail keys which are inclosed.

§ 7.28 *Disposal of funds upon change of postmasters*—(a) *At first-class offices.* When a postmaster at a first-class post office goes out of office, the full amount of postal funds due to the Government, according to his own account, and without waiting to ascertain the exact balance on a final settlement by the General Accounting Office (see § 18.19 of this chapter), shall be deposited with his designated depositary and not transferred nor paid to his successor. At first-class post offices, except central accounting and Washington, D. C., the outgoing postmaster shall turn over to his successor all internal-revenue, migratory-bird hunting, and United States savings stamps supplies on hand and cash sufficient to make up the amount of the fixed credits charged to his office. He shall render a final United States savings bond report showing stock and cash transferred to the incoming postmaster. At central accounting post offices and Washington, D. C., the outgoing postmaster shall render final reports in the savings bond and savings stamp accounts showing stock and cash turned over to his successor.

(b) *At second-, third-, or fourth-class offices.* When a postmaster at a second-, third-, or fourth-class post office goes out of office, he shall turn over to his successor all postage, internal-revenue, migratory-bird hunting, and savings stamp supplies on hand and cash sufficient to make up the amount of the fixed credits charged to his office. He shall also forward to his central accounting postmaster all funds due the Government to balance his final postal account, except that any authorized postal reserve fund may be transferred to the incoming postmaster, and shall render a United States savings bond account showing accountable stock and cash transferred to his successor.

(c) *Key-deposit funds.* Key-deposit funds shall be held by a postmaster in trust (not as a part of the regular funds of the office) and shall be transferred to his successor who shall give him a receipt therefor.

PART 8—POSTAGE STAMPS AND OTHER STAMPED PAPER AND SECURITIES

GENERAL PROVISIONS: POSTAGE STAMPS, ENVELOPES, ETC.

Sec.
- 8.1 Postage stamps, authority to prepare.
- 8.2 Special-delivery and special-handling stamps, authority to issue.
- 8.3 Books and coils of stamps.
- 8.4 Postage-due stamps.
- 8.5 Adoption of improvements in stamps and stamped envelopes.
- 8.6 Living persons not to be portrayed on stamps.
- 8.7 Postage stamps and stamped envelopes.
- 8.8 Unlawful pledging or sale of stamps.
- 8.9 Acceptance of coin or currency.

STAMPED ENVELOPES

- 8.10 Stamped envelopes.
- 8.11 Letter-sheet envelopes.
- 8.12 Distribution of stamped envelopes and postal cards.

SPECIAL-REQUEST ENVELOPES

- 8.13 Special-request envelopes.
- 8.14 Printing on stamped envelopes by Department.
- 8.15 Special-request envelopes rejected by purchaser.

POSTAL CARDS

- 8.16 Postal cards.
- 8.17 Postal cards for circulation in foreign mails.

REQUISITIONS FOR STAMPED PAPER STOCK

- 8.18 Stocking of stamps and stamped paper in post offices.
- 8.19 Requisitions for stamps and stamped paper.
- 8.20 Shipments of stamps and stamped paper to be registered; exception.
- 8.21 Verification of shipments upon receipt.
- 8.22 Error in requisition for stamped envelopes.

ACCOUNTING

- 8.23 Postmaster's stamp account.
- 8.24 Accounting for excess revenue on stamped envelopes.

REDEMPTION OF STAMPED PAPER

- 8.25 Redemption of stamps or stamped paper.
- 8.26 Redemption shipments.

INTERNAL-REVENUE STAMPS

- 8.27 Internal-revenue stamps.

MIGRATORY-BIRD HUNTING STAMPS

- 8.28 Hunting stamp for taking migratory waterfowl.

UNITED STATES SAVINGS BONDS

- 8.29 United States savings bonds and Treasury savings certificates.

UNITED STATES SAVINGS STAMPS

- 8.30 United States Savings stamps.

AUTHORITY: §§ 8.1 to 8.30 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

GENERAL PROVISIONS: POSTAGE STAMPS, ENVELOPES, ETC.

§ 8.1 *Postage stamps, authority to prepare.* The Postmaster General shall prepare postage stamps of suitable denominations which, when attached to mail matter, shall be evidence of the payment of the postage thereon. (R. S. 3914; 39 U. S. C. 351)

§ 8.2 *Special-delivery and special-handling stamps, authority to issue.* The Postmaster General is authorized to provide and issue special-delivery and special-handling stamps of such denominations as he may consider necessary. (Sec. 1, 46 Stat. 1469; 39 U. S. C. 276a)

NOTE: See Manual of Instructions for Postal Personnel or Official Postal Guide for denominations of special-delivery and special-handling stamps; § 53.1 as to special-delivery service and §§ 34.75 to 34.82, inclusive, as to special-handling service.

§ 8.3 *Books and coils of stamps*—(a) *Books.* Books containing postage stamps interleaved with nonadhesive paper, shall be issued and supplied to postmasters, for sale to the public. Such books shall be charged to postmasters and sold to purchasers at their postage value and 1 cent additional for each book.

(b) *Coils.* Postage stamps, of denominations determined by the department, shall be issued in coils of such sizes as may be required to meet the public demand and shall be charged to postmasters and sold to the public at the cost of coiling, in addition to the postage value of the stamps.

NOTE: See Manual of Instructions for Postal Personnel or Official Postal Guide for description and prices of stamp coils.

§ 8.4 *Postage-due stamps.* * * * [Postage-due] stamps [for the collection of postage on insufficiently paid matter] shall be of such special design and denomination as the Postmaster General may prescribe, and * * * shall in no case be sold by the postmaster nor received by him in prepayment of postage. (Sec. 26, 20 Stat. 361, as amended; 39 U. S. C. 275)

§ 8.5 *Adoption of improvements in stamps and stamped envelopes.* The Postmaster General may, from time to time, adopt such improvements in postage stamps and stamped envelopes as he may deem advisable; and when any such improvement is adopted it shall be subject to all the provisions herein respecting postage stamps or stamped envelopes. (R. S. 3917; 39 U. S. C. 360)

§ 8.6 *Living persons not to be portrayed on stamps.* No portrait shall be placed upon any of the bonds, securities, notes, fractional or postal currency of the United States, while the original of such portrait is living. (R. S. 3576; 31 U. S. C. 413)

NOTE: Postage stamps, stamped envelopes, and postal cards are securities of the United States. See 18 U. S. C. 8. See § 130.30 as to penalty for issuing or circulating business or professional cards, etc., in likeness of securities of the United States; §§ 130.23, 130.25, and 130.26 as to offenses in connection with postage stamps, etc.

§ 8.7 *Postage stamps and stamped envelopes*—(a) *Placing on sale.* Postage stamps and stamped envelopes shall be furnished by the Postmaster General to all postmasters, and shall be kept for sale at all post offices; and each post-

master shall be held accountable for all such stamps and envelopes furnished to him. (R. S. 3918; 39 U. S. C. 361)

(b) *Not to be used for official correspondence.* Postage stamps, postal cards, and stamped envelopes furnished for sale to the public shall not be used by postmasters to mail requisitions for supplies to the department nor for official correspondence. When a postmaster's supply of official penalty envelopes is exhausted, he should use a plain, unstamped envelope, indorsed with ink, as prescribed by § 37.9 of this chapter.

(c) *Precaution in handing to purchasers.* To prevent the spread of disease, postmasters and post-office employees who sell postage stamps, shall hand them to purchasers in such manner that the gummed surface will not come in contact with the base of the stamp window.

(d) *Signing of receipts for stamp purchases.* Postmasters, or clerks acting for them, shall sign receipts for money paid them for postage stamps and other stamped paper, provided the receipts are prepared in advance by the purchasers and presented at the time of purchase.

NOTE: The term "stamped paper" applies to adhesive stamps of all kinds, and postal cards, as well as to stamped envelopes.

§ 8.8 *Unlawful pledging or sale of stamps*—(a) *Prohibitions.* Whoever, being a postmaster or Postal Service employee entrusted with the sale or custody of postage stamps, stamped envelopes, or postal cards, uses or disposes of them in the payment of debts, or in the purchase of merchandise or other salable articles, or pledges or hypothecates the same, or sells or disposes of them except for cash; or sells or disposes of postage stamps or postal cards for any larger or less sum than the values indicated on their faces; or sells or disposes of stamped envelopes for a larger or less sum than is charged therefor by the Post Office Department for like quantities; or sells or disposes of postage stamps, stamped envelopes, or postal cards at any point or place outside of the delivery of the office where such postmaster or other person is employed; or for the purpose of increasing the emoluments, or compensation of the postmaster or any employee of a post office or station thereof, or the allowances or facilities provided therefor, induces or attempts to induce any person to purchase at such post office or any station thereof, or from any employee of such post office, postage stamps, stamped envelopes, or postal cards; or sells or disposes of postage stamps, stamped envelopes, or postal cards, otherwise than as provided by law or the regulations of the Post Office Department, shall be fined not more than $500 or imprisoned not more than one year, or both. (62 Stat. 783; 18 U. S. C. 1721)

(b) *Fraction of cent.* When the price of envelopes or wrappers sold includes a fraction of a cent, postmasters shall require payment of the entire cent.

§ 8.9 *Acceptance of coin or currency*—(a) *Foreign or mutilated.* Postmasters shall not accept foreign money or mutilated paper money. (See § 71.4 of this chapter as to acceptance of Canadian money in money-order transactions.)

(b) *Supply of money to make change for purchases.* Postmasters should provide themselves with a sufficient amount of minor coins and bills of small denomination to enable them to make change for purchases of stamped paper. When a postmaster is unable to make change, the purchaser must tender the exact amount of his purchase.

STAMPED ENVELOPES

§ 8.10 *Stamped envelopes*—(a) *Providing and pricing of.* The Postmaster General shall provide suitable letter and newspaper envelopes, with such watermarks or other guards against counterfeits as he may deem expedient, and with postage stamps with such device and of such suitable denominations as he may direct, impressed thereon; and such envelopes shall be known as "stamped envelopes," and shall be sold, as nearly as may be, at the cost of procuring them, with the addition of the value of the postage stamps impressed thereon; * * * (R. S. 3915, as amended; U. S. C. 354)

(b) *Not to be sold at less than cost.* No stamped envelopes or newspaper wrappers shall be sold by the Post Office Department at less (in addition to the legal postage) than the cost, including all salaries, clerk hire, and other expenses connected therewith. (Sec. 14, 19 Stat. 82; 39 U. S. C. 362)

NOTE: The issuance of newspaper wrappers has been discontinued.

§ 8.11 *Letter-sheet envelopes.* The Postmaster General may * * * furnish for public use a letter-sheet envelope, on which postage stamps of the denominations in use on ordinary [stamped] envelopes shall be placed * * * and also * * * furnish for public use a double-letter envelope, on which stamps of the denominations in use may be placed, and with the arrangement for the address [that it may be forwarded and returned] * * * said letter sheet and * * * double envelope to be issued under such regulations as the Postmaster General may prescribe. No money shall be paid for royalty or patent on any of the articles named. (Sec. 32, 20 Stat. 362; 39 U. S. C. 358)

NOTE: No double-letter envelopes are now issued.

§ 8.12 *Distribution of stamped envelopes and postal cards.* An agency shall be maintained at the place of manufacture of stamped envelopes, to oversee their production and attend to their distribution. Subagencies for the distribution of stamped envelopes, and postal cards shall be maintained under the supervision of postmasters at centrally located points to be designated by the Postmaster General.

SPECIAL-REQUEST ENVELOPES

§ 8.13 *Special-request envelopes*—(a) *Requisitions for.* Postmasters shall make requisitions for special-request envelopes, on Forms 3202 (direct and central accounting) and 3202–D (district accounting), promptly upon receiving orders therefor. All orders shall be subject to acceptance by the department.

(b) *Advance deposit by purchaser*—(1) *Requirement.* Postmasters shall require the purchaser to deposit with his order the difference between the schedule and the postage value of the envelopes, and shall collect the postage value when the envelopes are delivered to purchaser. The advance deposits shall be held as trust funds pending delivery of the envelopes. Purchasers shall withdraw special-request envelopes from the post office promptly upon receipt of notice from the postmaster that delivery of order has been made.

(2) *Receipt.* A receipt on Form 3202–A shall be given the purchaser for advance deposits on stamped envelopes.

(3) *Disposition of money.* The postmaster shall be held accountable for advance deposits upon orders for stamped envelopes in the same manner and to the same extent as for other receipts of the post office; but such deposits shall not be transmitted to the postmaster's depositary or central-accounting postmaster before he receives the stamped envelopes from the department. Upon delivery of such envelopes to purchasers, direct and central-accounting postmasters shall include the amount of their postage value and of the advance deposit made for them with proceeds from the sales of other stamp supplies, and remit the same with the next deposit of postal funds.

(c) *Remittance by postmaster.* Upon receipt of special-request and office-request envelopes, district postmasters shall remit the full value thereof to their central-accounting postmasters, using Form 1208 as a remittance letter. Such remittance should be mailed on the same day the envelopes are received, and under no circumstances later than the day following. Cash may be temporarily withdrawn from fixed credit funds to make the remittance pending delivery of the envelopes to the purchaser and collection of the balance due.

§ 8.14 *Printing on stamped envelopes by Department*—(a) *Restrictions.* * * * no stamped envelope or any other envelope furnished or sold by the Government shall contain any lithographing or engraving, nor any printing nor advertisement except that the usual request for return of the letter to the writer may be printed thereon. (R. S. 3915, as amended; 39 U. S. C. 354)

(b) *What may be printed.* No advertisement or special device of any kind nor the names of addressees shall be printed on stamped envelopes by the department. The matter to be printed shall be limited to (1) a request to return after a given number of days; (2) the name of the purchaser (individual, firm, corporation, institution, association, or society); (3) rural-delivery route, post-office box number or street address, or the names of intersecting streets (specifying which corner), the name of a building may be included in the return card if room number and street address are given; (4) the name of post office or branch post office, county and State. Any portion of the foregoing except the name of the post office and State and the local address of the purchaser, if the post office has carrier service, may be omitted, if desired. The name of a branch post office or of an independent station may be substituted for that of the principal post office, at the option of

the purchaser. The form of return-request for the stamped envelopes shall be "After 5 days, return to," the number of days to be not less than 3 nor more than 30. (See §§ 43.43 and 43.44.)

(c) *Name disclosing business.* A name indicating or incidentally disclosing the nature of the purchaser's business or vocation may be printed on stamped envelopes if it be certified by the postmaster in writing on his requisition therefor that such name is used under corporate charter, copartnership agreement, or other articles of organization so designating the concern, or that it is the name under which the purchaser is actually doing business with the public.

(d) *Name and title of officer.* The name and title of an officer of a firm, corporation, institution, association, or society may be printed when so desired; for example, "Joe Doe, treasurer, Washington Educational Association."

(e) *Professional titles.* Such titles as "M. D.," "D. D. S.," "Rev.," "LL. D.," etc., may be printed when they are clearly for purposes of identification and not for advertisement.

(f) *Branch or department of business.* The name of a branch or department of the purchaser's business may be printed only when other branches or departments are located at the same post-office address, making it necessary to include such printing to insure the return of undeliverable letters to the writer, and when such branch or department is shown as a part of the return card, the postmaster shall explain in writing the necessity for including it.

(g) *Only matter necessary for return if undeliverable.* Any matter not needed to secure the return of undeliverable letters to the writer shall not be printed by the department in the return card on stamped envelopes.

(h) *Place of purchase.* Special-request envelopes shall be purchased and delivered only through the post office or branch post office to which the card directs their return.

(i) *No variation from prescribed style.* No variation shall be made in the location of the return card in the upper left corner of the envelope, or in the style or size of type, the color of ink, or the form of request adopted by the department. The name of the post office or branch post office shall be spelled, and the name of State abbreviated, only as they appear in the Official Postal Guide.

(j) *Requisitions to be accompanied with copy for printing.* All requisitions shall be accompanied with a legible copy of the return card desired. If obtainable, a printed letterhead or business card of the purchaser should be attached to his first requisition. The postmaster should preserve and attach to his next requisition for the same printing the slip of paper bearing the printed return card which is furnished with each box of special-request envelopes. (See § 8.15 as to responsibility for errors.)

(k) *No printing on postal cards.* Return cards shall not be printed by the department on newspaper wrappers or postal cards.

(l) *Private printing.* Purchasers may have stamped envelopes printed in any manner they desire by a private printing office and at their own expense, but a space shall be reserved for the postmark. (See § 35.10 as to space for address and § 36.4 as to objectionable matter on envelopes.)

(m) *Return request.* Requisition for 1-cent, 1½-cent, and precanceled envelopes intended for inclosing third-class matter shall include the pledge, "Return postage guaranteed," unless the request line is omitted. When 1-cent envelopes are desired for local use at a post office not having city, village, or rural delivery service, the guarantee pledge will be omitted if the requisition is indorsed "For first-class matter only," or other information given to the effect that the envelopes are to be used for first-class matter at the drop-letter rate.

(n) *Name and address without return request.* If the name and address of the purchaser are desired without a request to return, the words "After ____ days, return to" on Forms 3202 and 3202–D, and on the printer's slip shall be eliminated.

(o) *Office-request envelopes.* Office-request envelopes for general sales shall bear in the upper left corner a request to return, blank lines for the name and local address of the purchaser, and the printed post office address.

§ 8.15 *Special-request envelopes rejected by purchaser*—(a) *Procedure.* When return-card stamped envelopes are rejected by the purchaser because of misprint or error in the card, because of wrong denomination, size, color, quality, or variety of envelopes, or because of defective manufacture, at direct and central accounting post offices, the postmaster shall immediately submit a letter of explanation to the Third Assistant Postmaster General, Division of Stamps, giving the date of the department's invoice, and hold the envelopes in the post office for instructions. If additional envelopes are desired the report shall be accompanied with a new requisition on Form 3202, indorsed "To replace rejected envelopes invoiced (date)." District postmasters shall return such rejected return-card stamped envelopes to their central accounting postmasters with a letter of explanation, including the date of department's invoice. A new requisition on Form 3202–D, indorsed "To replace rejected envelopes invoiced (date)" shall be sent with the report to the central accounting postmaster if replacement is desired. The central accounting postmaster shall submit a report thereof to the department and hold the rejected envelopes for instructions.

(b) *Redemption.* When responsibility for the furnishing or rejected return-card stamped envelopes rests with the department or the contractor, redemption shall be made at the invoiced value of the envelopes. If the error was made by the purchaser, redemption shall be made at postage value only. If the postmaster is responsible for the error he shall be given credit in his account at postage value only, but shall allow the purchaser full value in redemption.

(c) *Mispacked envelopes.* When mispacked return-card stamped envelopes (those bearing the card of another purchaser) are received in a shipment, a report giving date of invoice, description of the mispacked envelopes, and stating whether they are in lieu of or in excess of those invoiced, shall be made by letter to the Third Assistant Postmaster General, Division of Stamps, by direct and central accounting postmasters, who shall hold the mispacked envelopes for instructions. District postmasters who receive mispacked envelopes shall forward them immediately, with a letter of explanation, to their central accounting postmasters, who will make a report thereof to the department and hold the envelopes for instructions.

(d) *Envelopes not to be mailed to stamped envelope agent without authority.* Postmasters shall not send stamped envelopes, printed or unprinted, to the United States stamped envelope agent without authority from the department.

POSTAL CARDS

§ 8.16 *Postal cards*—(a) *Authorization.* To facilitate letter correspondence, and to provide for the transmission in the mails, at a reduced rate of postage, of messages, orders, notices, and other short communications, either printed or written in pencil or ink, the Postmaster General is authorized and directed to furnish and issue to the public, with postage stamps impressed upon them, "postal cards," manufactured of good stiff paper, of such quality, form, and size as he shall deem best adapted for general use; which cards shall be used as a means of postal intercourse, under rules and regulations to be prescribed by the Postmaster General, and when so used shall be transmitted through the mails at a postage charge of one cent each, including the cost of their manufacture. (R. S. 3916; 39 U. S. C. 356)

(b) *Double postal cards.* The Postmaster General may * * * furnish for public use a double postal card, on which shall be placed two one-cent stamps, said card to be so arranged for the address that it may be forwarded and returned, and to be sold for two cents apiece; * * * said * * * double postal card * * * to be issued under such regulations as the Postmaster General may prescribe. (Sec. 32, 20 Stat. 362; 39 U. S. C. 358)

§ 8.17 *Postal cards for circulation in foreign mails*—(a) *Authorization.* The Postmaster General may furnish and issue to the public postal cards with postage stamps impressed upon them, for circulation in the mails exchanged with foreign countries under the provisions of the Universal Postal Union Convention * * * at a postage charge of two cents each, including the cost of their manufacture. (Sec. 1, 21 Stat. 179; 39 U. S. C. 357)

(b) *Double foreign cards.* Single postal cards and postal cards with paid reply shall be prepared and issued to the public for circulation in the mails exchanged with foreign countries in such denominations as may be required to conform to the provisions of the Universal Postal Union Convention and other conventions, such cards to be sold at the face value of the stamps impressed thereon.

REQUISITIONS FOR STAMPED PAPER STOCK

§ 8.18 *Stocking of stamps and stamped paper in post offices*—(a) *Provisions.* Postmasters shall keep on hand a supply of postage stamps of every kind, books of stamps (see § 8.5), postage-due and special-delivery stamps, stamped envelopes, postal cards, and international reply coupons, sufficient to meet the public demands and the legitimate needs of the service.

(b) *Requisitions to maintain supply.* Requisitions shall be made sufficiently in advance so that the stock of stamp supplies will not become exhausted. Requisitions from direct and central accounting post offices should be for three to six months' supply if storage space is available; but care shall be taken not to exceed the amount that can be given adequate protection.

(c) *When requisitions may be made.* Except as may be otherwise provided, postmasters of the first class may make requisition at any time during the quarter; postmasters at second- and third-class district post offices shall make two requisitions and postmasters at fourth-class district post offices shall make one requisition each month to restore the fixed credits. Requisitions for special-request envelopes shall be forwarded on the same day the order is taken from purchaser.

(d) *Invoices.* An itemized invoice shall be furnished with each supply of postage stamps and other stamped paper issued to postmasters, and shall be preserved as a post-office record.

(e) *Date of charge to postmaster.* All stamped paper supplied to direct and central accounting post offices shall be charged to postmasters in the accounts of the Post Office Department in the quarter in which the invoice is dated, even though the stock reaches the postmaster after the close of that quarter.

(f) *Stamped paper not to be loaned.* Stamped paper shall not be loaned by one postmaster to another.

(g) *Temporary purchases from other offices.* If stamp supplies become exhausted, temporary purchases may be made from another post office. Postmasters shall not include such supplies in their quarterly stamp or postal account, and the amount thereof shall not be included in the business of their offices. The selling postmaster shall report such sales to the First Assistant Postmaster General. (See § 137.31.)

(h) *Checks not to be taken from other postmasters.* Postmasters shall not accept checks from other postmasters in payment of stamp stock to be held uncashed until the supplies are replaced.

§ 8.19 *Requisitions for stamps and stamped paper*—(a) *Making of.* Requisitions for postage stamps of all kinds, books of stamps, postage-due, special-delivery, and United States savings stamps, stamped envelopes ("ordinary," "special request," or "office request"), postal cards, and international reply coupons, shall be made by direct and central accounting postmasters on the Third Assistant Postmaster General, Division of Stamps, on Forms 3201, 3201–A, 3201–B, and 3202. Telegraphic requisitions are objectionable. If deemed advisable, the department may furnish more or less stamped paper than the amount for which requisition is made by the postmaster. District postmasters shall draw requisitions on their central-accounting postmasters, using Form 017–FC. (See Manual of Instructions for Postal Personnel for printed envelopes.)

(b) *Signing of.* Requisitions and stamp accounts shall be signed legibly, in writing and with ink, by the postmaster himself when possible, and exactly as his bond is signed. In the absence of the postmaster, or after his death or suspension and pending the appointment of a new postmaster or of an acting postmaster, the postmaster's assistant or bondsman should sign, writing his own name and title in full under those of the postmaster.

(c) *For unusual quantities.* When requisition is made for an unusually large supply of postage stamps or other stamped paper to fill a special order, the postmaster shall give the name and business address of the purchaser, and state where the matter originated and is to be mailed.

(d) *Supplies not furnished postmasters until commissioned.* No postmaster shall be supplied with stamped paper until his commission shall have been duly issued.

§ 8.20 *Shipments of stamps and stamped paper to be registered; exception.* Shipment of postage stamps and other stamped paper shall be made to postmasters by official registered mail, except that original sealed cases of stamped envelopes and postal cards may, when so authorized by the Third Assistant Postmaster General, be sent as ordinary mail.

§ 8.21 *Verification of shipments upon receipt*—(a) *Counting and witnessing.* Packages of stamps, books of stamps, or other stamped paper shall, immediately upon receipt, be opened by the postmaster in the presence of a disinterested witness and the contents counted jointly.

(b) *Shortages and excesses*—(1) *At direct- or central-accounting offices.* If the value of the stamped paper received at direct- or central-accounting post offices is short or in excess of the invoice, the postmaster shall make immediate report of the facts, upon his oath of office, in a letter attested by the witness to the count and addressed to the Third Assistant Postmaster General, Division of Stamps, stating the registry or shipping number and enclosing the invoice. When such reports relate to postal cards or stamped envelopes, the postmaster shall send with his report the end of the packing box. The shipment, with the packing box or wrappers, shall be held by the postmaster for instructions. A requisition for a new supply, if needed, pending investigation of the reported discrepancy, should be fastened to his report.

(2) *At district offices.* If the stamped paper received at a district post office is short or in excess of invoice, a report as outlined in paragraph (b) of this section shall be made by the district postmaster to the central-accounting postmaster who supplied the stock. The district postmaster shall hold the shipment, with the packing box and wrappers, for instructions.

§ 8.22 *Error in requisition for stamped envelopes.* If an error is made by a postmaster in a requisition for ordinary stamped envelopes, credit shall be allowed at postage value only, when the envelopes are returned to the Post Office Department; and the envelopes shall not be returned until permission has been granted by the Third Assistant Postmaster General.

ACCOUNTING

§ 8.23 *Postmaster's stamp account*—(a) *Items included.* Postmasters at direct and central-accounting post offices shall render to the Third Assistant Postmaster General, Division of Stamps, promptly at the close of each quarter, a stamp account, embodying: (1) The amount of stamps and other stamped paper on hand at beginning of the quarter; (2) the amount of stamped paper received during the quarter from the department or by transfer from other postmasters; (3) the amount of stamped paper on hand at close of quarter; (4) the amount of stamped paper redeemed by the department; (5) the amount of stamped paper transferred to other post offices; (6) amount of dead-letter bills; (7) amount of stamped paper sold during the quarter.

(b) *Invoices to be listed.* The postmaster shall list in chronological order in the space provided therefor on his quarterly stamp account the total value of all invoices for postage stamps and other stamped paper received by him.

(c) *Certificate of correctness by postmaster.* The postmaster shall certify to the correctness of his stamp account, and mail it in an official "penalty" envelope addressed plainly, "Third Assistant Postmaster General, Division of Stamps, Washington 25, D. C.," and bearing the words "Stamp account" in large, plain letters in the lower left corner. No papers not relating to the stamp account shall accompany it.

(d) *Postmasters to supply superintendents, clerks, and carriers.* Postmasters shall issue to superintendents and clerks in charge of stations and branches, wholesale and retail stamp clerks, rural carriers, and star-route carriers a sufficient supply of postage stamps and other stamped paper to meet the public demand. Postmasters shall take fixed credit receipts for stamp supplies so issued, and carry the supplies in their records as stock on hand. Money received from the sale of stamped paper to the public shall be used by superintendents, clerks in charge of stations and branches, wholesale and retail stamp clerks, and rural carriers, to purchase additional stamp stock, from the postmaster. Superintendents and clerks in charge of stations and branches, wholesale and retail stamp clerks, rural carriers, and star-route carriers shall replenish their fixed credits each day, except that post office clerks with stocks of less than $100 may replenish their credits whenever the accumulated funds amount to one-fourth of the credit. Requisition shall be submitted as late in the day, or as near the end of a clerk's tour of duty,

as possible and shall include substantially all cash on hand in order that the funds may be given the best possible protection. Inventories of the stamped paper and cash held by employees to whom stamp supplies are entrusted shall be taken by postmasters at irregular intervals, not less frequently than once each month at the main office and classified stations and branches, and once each quarter at contract stations and branches, and the credits shall be adjusted immediately after such inventories. Upon discontinuance of the service of such an employee, stamped paper and cash to the full amount of the credit allowance shall be returned to the postmaster.

(e) *Central-accounting postmasters to supply district postmasters*—(1) *Readjustment of fixed credit.* Central-accounting postmasters may readjust the fixed credits allowed district postmasters, in amounts suitable to the needs of the respective offices in multiples of $50. If the amount of the fixed credit is to be reduced, the district postmaster shall return the excess to the central-accounting postmaster in cash or postage-stamp stock; and if increased, the central-accounting postmaster shall furnish the district postmaster with the amount of the increase in postage-stamp stock. The district postmaster shall sign and forward to the central-accounting postmaster a new fixed-credit receipt for the amount of the new fixed credit and the cenfral-accounting postmaster shall return the old receipt. The amount of all fixed-credit receipts shall be included by the central-accounting postmaster in his records as postage-stamp stock on hand.

(2) *Remittance and purchase of new stock.* All money received by a district postmaster from the sale of postage-stamp stock shall be remitted to the central-accounting postmaster for the purchase of new stock as directed below:

(3) *Fourth-class offices, when to requisition.* Postmasters at fourth-class offices the names of which begin with the letters A to L shall submit their stamp requisitions between the 1st and 15th of each month, and at offices the names of which begin with the letters M to Z between the 16th and last day of each month, except the last month of each quarter.

(4) *Second- and third-class offices, when to requisition.* Postmasters at second- and third-class offices shall submit two stamp requisitions each month—one between the 1st and 15th and the other between the 16th and last day of each month, except the last month in each quarter.

(5) *When not to requisition.* Except in cases of emergency, requisitions shall not be submitted between the 26th and last day, inclusive, of the last month in each quarter.

(6) *Preparation of remittance containing currency or coin.* When currency or coin is included in a remittance the remittance shall be prepared as directed in § 7.9, and dispatched by registered mail.

(f) *Quarterly accounts of district postmasters.* Postmasters at district post offices shall render a quarterly account to their central-accounting postmasters promptly after the close of the quarter. This account shall include a record of stamp transactions for the period covered.

§ 8.24 *Accounting for excess revenue on stamped envelopes*—(a) *Method of determining.* Postmasters shall charge themselves in their quarterly postal accounts with the difference between the invoice value of stamped envelopes and the amount received from their sale. This differences consists of the gain accruing in fractions of a cent from the sale of envelopes singly or in odd lots and may be ascertained, whenever an inventory is taken, by deductng the amount for which the postmaster is accountable to the department or central-accounting postmaster from the amount of cash received from the sale of postage-stamp supplies since the previous inventory.

(b) *At branch offices.* Branch post offices, postal stations, and stamp clerks having a fixed credit for stamp supplies may ascertain this difference by adding the value of stamp supplies and cash on hand at the time of inventory and deducting therefrom the amount of such fixed credit.

(c) *Rural and star route carriers.* Rural and star-route carriers shall account to the postmaster daily for the envelope excess when the stamp fixed credit is replenished.

REDEMPTION OF STAMPED PAPER

§ 8.25 *Redemption of stamps or stamped paper*—(a) *To public.* Postage stamps, or special delivery stamps, whether affixed to envelopes or not, shall not be redeemed from the public or exchanged for other postage stamps, stamped envelopes, air letter sheets, or postal cards, except as provided in paragraph (g). Stamps removed from embossed stamped envelopes, air letter sheets, or postal cards shall not be redeemed or accepted in payment of postage.

(b) *Damaged in post office.* Postage stamps, stamp books, postage-due stamps, special-delivery stamps, special-handling stamps, international reply coupons, stamped envelopes, air letter sheets, postal cards, and internal revenue stamps, damaged in the post office may be returned for redemption and credit, but shall be accompanied with a statement setting forth fully the time when, and manner in which, they were damaged.

(c) *Rate and conditions of redemption to public.* Uncanceled, unserviceable, and spoiled stamped envelopes and air letter sheets in a substantially whole condition, without a printed return card or address thereon, and postal cards without printing thereon, may be redeemed from any responsible person in postage stamps or other stamped paper at the postage value only of the stamped envelopes, 75 percent of the face value of the postal cards, and at 90 percent of thé face value of the air letter sheets.

NOTE: Substantially whole condition of stamped envelopes as defined by the Department means that they shall not be mutilated to any greater extent than that necessary to remove the contents therefrom. Postal cards and air letter sheets are only acceptable in their entire condition as originally sold.

(d) *Printed stamped paper.* Stamped envelopes and air letter sheets bearing a printed return card or address and postal cards with printed matter of the purchaser thereon may be redeemed as provided in the preceding paragraph, but only from the person who purchased them at a post office or whose printing appears thereon, unless special authorization therefor is obtained from the department.

(e) *Matter not redeemable.* Postal cards, stamped envelopes, and air letter sheets received for reply purposes, parts or pieces of cards, and postal cards treated by bronzing, enameling, or other process of coating shall not be redeemed.

(f) *Fraction of cent.* When the redemption value of stamped envelopes, newspaper wrappers, or postal cards includes a fraction of a cent, such fraction shall accrue to the department.

(g) *Errors in sale or purchase.* When, through inadvertence, a postmaster sells damaged or unserviceable postage stamps, international reply coupons, stamped envelopes, air letter sheets, or postal cards, or when a patron through error purchases postage stamps of the wrong denomination, or stamped envelopes of the wrong color, quality, size, or denomination, or postal cards of the wrong size, postmasters may exchange such stamped paper at full value, provided that it is presented for exchange by the original purchaser thereof within a reasonable time after the sale, not to exceed two business days. Errors made by purchasers in ordering special request envelopes shall be adjusted to redemption at postage value, in accordance with § 8.15.

§ 8.26 *Redemption shipments*—(a) *By direct- and central-accounting postmasters.* Postmasters at direct- and central-accounting post offices shall make shipments of stamped envelopes, air letter sheets, postal cards, and international reply coupons redeemed from the public and postage stamps and other stamped paper damaged in transit or made unsalable, after receipt at post offices to the Third Assistant Postmaster General, Division of Stamps, by official registered mail, for credit. Redemption shipments shall be prepared and dispatched as directed in the Manual of Instructions for Postal Personnel.

(b) *By district postmasters.* Stamped paper redeemed by district postmasters or damaged in their possession shall be forwarded to their central-accounting postmasters by official registered mail once every six months, or oftener if necessary, in exchange for other stamped paper.

(c) *Stamped paper found damaged on receipt.* Where any portion of a shipment of stamps or other stamped paper received on requisition is found to be damaged or defective, except misprinted special-request envelopes (see § 8.15), the postmaster shall, if direct or central accounting, submit a report of the facts to the Third Assistant Postmaster General, Division of Stamps, and, unless otherwise instructed, include the unsal-

able stock in the next regular redemption shipment. If additional stock is needed, a requisition shall be submitted on the proper form, indorsed "To replace damaged stamped paper received on invoice of _____." Stamped paper received by district postmasters in unsalable condition shall be returned to the central-accounting postmaster with a statement of the facts, for replacing with new stock.

(d) *Stamped paper damaged in transit.* When a shipment of postage stamps or other stamped paper damaged in transit with loss of contents is received at a direct or central-accounting post office, the postmaster shall make an immediate report of the facts, upon his oath of office, to the Third Assistant Postmaster General, Division of Stamps, stating the registry or shipping number and date of invoice. A requisition for additional stock, if needed, shall be submitted. A district postmaster receiving a shipment damaged in transit with loss of contents shall submit an immediate report to his central-accounting postmaster.

(e) *Stamped paper damaged by fire or otherwise.* Postage stamps or other stamped paper made unfit for use by fire or other unavoidable casualty while in the custody of postmasters shall, in the case of direct and central accounting post offices, be forwarded by official registered mail to the Third Assistant Postmaster General, Division of Stamps, accompanied with an itemized list of the number of each denomination and variety. Postmasters at district accounting post offices shall forward such stock in the same manner to their central-accounting postmasters, who shall furnish other stamped paper of equal value in exchange.

(f) *When value cannot be determined.* When postage stamps or other stamped paper returned by postmasters in accordance with the foregoing paragraph are damaged so the value cannot be determined, a full statement of the facts in connection with the damaged condition of the stock shall accompany the shipment.

(g) *Postmaster not to take credit without authority.* Postmasters shall not take credit for redeemed, damaged, or spoiled stamped paper returned to the department until authorized.

INTERNAL-REVENUE STAMPS

§ 8.27 *Internal-revenue stamps*—(a) *Sale through post offices.* The Commissioner [of Internal Revenue] shall furnish to the Postmaster General without prepayment a suitable quantity of adhesive [internal-revenue] stamps to be distributed to and kept on sale by the various postmasters in the United States in all post offices of the first and second classes and such post offices of the third and fourth classes as are located in county seats. The Postmaster General may require each such postmaster to give additional or increased bond as postmaster for the value of the stamps so furnished, and each such postmaster shall deposit the receipts from the sale of such stamps to the credit of and render accounts to the Postmaster General at such times and in such form as he may by regulations prescribe. The Postmaster General shall at least once monthly transfer all collections from this source to the Treasury as internal-revenue collections. (53 Stat. 201; 26 U. S. C. 1817)

(b) *Provisions for supply and sale.* Postmasters at all post offices of the first and second classes and at such post offices of the third and fourth classes as are located in county seats shall keep on hand for sale a suitable quantity of adhesive internal-revenue stamps sufficient to meet the demands of the public. In the large cities having branches and stations suitable "fixed credits" shall be issued to the superintendent or clerk in charge of stations and branches and accounted for in the same manner that "fixed credits" of postage stamps are issued and accounted for.

(c) *Postal employees not to advise or instruct.* Postmasters and postal employees shall not, in their official capacity, attempt to advise or instruct taxpayers or purchasers of adhesive internal-revenue stamps on matters connected with the administration of the internal revenue laws, but shall limit their activities to selling the stamps to the public at post offices required by law and these regulations to keep them for sale.

(d) *Not to be redeemed from public.* Postmasters shall not redeem, repurchase, or exchange any adhesive internal-revenue stamps from any person, firm, company, bank, or corporation.

(e) *Redemption of unsold damaged stamps or unsalable stamps.* Adhesive internal-revenue stamps furnished to a central-accounting postmaster and to the Postmaster at Washington, D. C., by the Department, which may become damaged or unsalable but which have not been redeemed, purchased, or received in exchange from the public, shall be redeemed at face value by the Department and credits issued therefor, by the Third Assistant Postmaster General, Division of Stamps. Stamps furnished to all other post offices by a central-accounting postmaster on a fixed credit, which may have become damaged or unsalable but which have not been redeemed, purchased, or received in exchange from the public, shall be sent to the central-accounting postmaster in lieu of cash for the purchase of salable stamps.

(f) *Issuance*—(1) *By central accounting postmasters.* Central-accounting postmasters shall issue to the postmaster at all post offices of the first and second classes and to the postmaster at such post offices of the third and fourth classes as are located in county seats within their respective central-accounting jurisdiction a sufficient supply of adhesive internal-revenue stamps in amounts suitable to the needs of the respective offices in multiples of $10: *Provided*, That the amount of the fixed credit furnished to any postmaster under authority of this paragraph shall in no case, without special written authorization of the Third Assistant Postmaster General, exceed the following limitations:

First-class post offices with annual postal receipts of $1,000,000 or more, $5,000.

First-class post offices with annual postal receipts of $500,000 or more, but less than $1,000,000, $3,000.

First-class post offices with annual postal receipts of $200,000 or more, but less than $500,000, $1,000.

First-class post offices with annual postal receipts less than $200,000, $500.

Second-class post offices, $300.

Third-class post offices and fourth-class post offices located in county seats, $100.

(2) *Changes in fixed credits.* Central-accounting postmasters may increase the fixed credits allowed to other postmasters as the needs of the service may require within the limits herein prescribed in the same manner prescribed for postage-stamp stock in § 8.23 (e) (1), but shall not decrease the fixed credit after it has been established at any post office without prior written authority of the Department in each instance.

(3) *By postmasters to superintendents and clerks.* Postmasters shall issue to superintendents and clerks in charge of stations and stamp clerks a sufficient supply of adhesive internal-revenue stamps to meet the public demand and such fixed credits shall be accounted for in the same manner prescribed for postage stamp fixed credits in § 8.23 (d), but shall be issued on a separate receipt and shall under no circumstances become, or be accounted for, as a part of the postal fixed credit of such superintendent or clerk.

(g) *Remittance of funds*—(1) *By postmasters; exceptions.* All money received by a postmaster (except at central-accounting post offices and at Washington, D. C.) from the sale of adhesive internal-revenue stamps shall be remitted to the central-accounting postmaster for the purchase of new stock at least once each month between the fifteenth and twenty-fifth days of the month and at any other time during the month that the cash on hand received from the sale of adhesive internal-revenue stamps shall amount to $500, or, if the fixed credit is less than $1,000, whenever the cash on hand from the sale of such stamps shall amount to one-third of the fixed credit.

(2) *By central-accounting and Washington, D. C., postmasters.* The central-accounting postmaster and the postmaster at Washington, D. C., shall deposit twice monthly to the credit of the Postmaster General, in such manner as the Third Assistant Postmaster General may direct, all cash received from the sale of adhesive internal-revenue stamps.

(h) *Account of internal-revenue transactions.* The postmaster at the central-accounting post office and at Washington, D. C., shall render a monthly account of all internal-revenue stamp transactions to the Third Assistant Postmaster General, Division of Stamps, where such accounts shall be audited and posted, and thereafter with the bank receipts pertaining thereto, transmitted to the General Accounting Office as vouchers to the Postmaster General's quarterly account current of internal-revenue stamp transactions.

(i) *Funds not to be used for other purposes.* Funds received from the sale of adhesive internal-revenue stamps at post offices other than central-accounting offices shall not be diverted or used for any purpose whatever, except to replenish established fixed credits in such

stamps: *Provided*, That funds from current sales at a central-accounting post office may be used to reimburse a postmaster or former postmaster for excess or erroneous deposits made on a previous account, or to adjust discrepancies in fixed credits or pay claims allowed by the Postmaster General under § 9.1, when specifically authorized by the Third Assistant Postmaster General in writing in each instance.

(j) *Safety of funds and stamps.* All postal laws and regulations relating to the safety of public funds and postage stamps, not inconsistent with any specific provision of this section, shall apply to, and be binding upon, all postmasters and employees of the Postal Service in handling, and safeguarding, and accounting for adhesive internal-revenue stamps and funds.

NOTE: Postmasters and postal employees are accountable under their official bonds for all internal-revenue stamps and funds in their custody.

(k) *To be accounted for according to Department instructions.* Internal-revenue stamps shall be supplied to postmasters and accounted for in accordance with detailed instructions of the Third Assistant Postmaster General, who shall prepare and render in the name of the Postmaster General a quarterly account of the transactions of the Department in adhesive internal-revenue stamps and funds to the Comptroller General through the Commissioner of Internal Revenue and a signed duplicate of such account shall, with the various postmaster's monthly accounts and bank receipts, be transmitted to the General Accounting Office, Postal Accounts Division.

MIGRATORY-BIRD HUNTING STAMPS

§ 8.28 *Hunting stamp for taking migratory waterfowl*—(a) *Authorization.* No person over 16 years of age shall take any migratory waterfowl unless at the time of such taking he carries on his person an unexpired Federal migratory-bird hunting stamp validated by his signature written by himself in ink across the face of the stamp prior to his taking such birds; except that no such stamp shall be required for the taking of migratory waterfowl by Federal or State institutions or official agencies, or for propagation, or by the resident, owner, tenant, or share cropper of the property or officially designated agencies of the Department of Agriculture for the killing, under such restrictions as the Secretary of Agriculture may by regulation prescribe, of such waterfowl when found injuring crops or other property. * * * (Sec. 1, 48 Stat. 451, as amended; 16 U. S. C. 718a)

NOTE: Pursuant to Reorganization Plan No. II, these duties of the Secretary of Agriculture were transferred to the Secretary of the Interior.

(b) *Issuance and sale by post offices*—(1) *Provisions.* The stamps required by paragraph (a) of this section shall be issued and sold by the Post Office Depart under regulations prescribed by the Postmaster General: *Provided*, That the stamps shall be sold at all post offices of the first- and second-class and at such others as the Postmaster General shall direct. For each such stamp sold under the provisions of this section there shall be collected by the Post Office Department the sum of $1. No such stamp shall be valid under any circumstances to authorize the taking of migratory waterfowl except in compliance with Federal and State laws and regulations and then only when the person so taking such waterfowl shall himself have written his signature in ink across the face of the stamp prior to such taking. Each such stamp shall expire and be void after the 30th day of June next succeeding its issuance. No stamp sold under paragraph (a) of this section shall be redeemable by said Department in cash or in kind. (Sec. 2, 48 Stat. 451, as amended; 16 U. S. C. 718b)

(2) *Disposal of surplus stamps.* Hereafter all migratory bird hunting stamps provided for in 16 U. S. C. 718–718h not sold at the end of the fiscal year for which issued shall be turned over to the Philatelic Agency and therein placed on sale until disposed of or until the Congress otherwise provides: *Provided*, That such stamps shall be usable as migratory bird hunting stamps only during the fiscal year for which issued. (Sec. 1, 55 Stat. 356; 16 U. S. C. 718i)

(c) *Not transferable.* No person to whom has been sold a migratory-bird hunting stamp, validated as provided in paragraph (a) of this section, shall loan or transfer such stamps to any person during the period of its validity; nor shall any person other than the person validating such stamp use it for any purpose during such period.

(d) *Mutilation, imitation, or counterfeiting.* No person shall alter, mutilate, imitate, or counterfeit any stamp authorized by 16 U. S. C. 718–718h, or imitate or counterfeit any die, plate, or engraving therefor, or make, print, or knowingly use, sell, or have in his possession any such counterfeit, die, plate, or engraving. (Sec. 5, 48 Stat. 452 as amended; 16 U. S. C. 718e)

(e) *Distribution through central-accounting postmasters.* Migratory-bird hunting stamps shall be issued to all central-accounting postmasters for distribution to and sale at all post offices of the first and second classes, and at post offices of the third and fourth classes where there is a demand for such stamps, as directed by the Third Assistant Postmaster General.

(f) *Deposit of funds.* All migratory-bird hunting stamps shall be accounted for and all moneys received from the sale thereof shall be deposited in the Treasury of the United States by postmasters at such times and in such manner as directed by the Third Assistant Postmaster General.

(g) *Accounts.* All accounts of postmasters for migratory-bird hunting stamps and funds from the sale thereof and signed bank receipts covering deposits of such funds shall be sent to the Third Assistant Postmaster General, who shall cause such accounts and receipts to be audited, and who shall after such audit has been completed, render in the name of the Postmaster General, a quarterly account current to the Comptroller General of the United States, on such form as he may approve covering the receipt and disposition of all fees collected by the Post Office Department for migratory-bird hunting stamps. Said account current shall have as supporting vouchers the accounts received from the central-accounting postmasters and their supporting subvouchers.

(h) *Officials and employees accountable for under bond.* All postmasters and postal officials and employees shall be accountable under their official bond for all stamps and funds in their custody under this regulation.

(i) *Correspondence.* All correspondence in connection with the issuance, distribution, and accounting of stamps and funds under this regulation shall be addressed to the Third Assistant Postmaster General, Division of Stamps.

UNITED STATES SAVINGS BONDS

§ 8.29 *United States savings bonds and Treasury saving certificates*—(a) *Issuance*—(1) *Authorization.* The Secretary of the Treasury, with the approval of the President, is authorized to issue, from time to time, through the Postal Service or otherwise, * * * United States savings bonds and United States Treasury saving certificates, * * *

(2) *Savings stamps.* The Secretary of the Treasury may, under such regulations and upon such terms and conditions as he may prescribe, issue, or cause to be issued, stamps, or may provide any other means to evidence payments for or on account of the savings bonds and savings certificates authorized by this section, * * *

(b) *Handling by postal employees.* At the request of the Secretary of the Treasury the Postmaster General, under such regulations as he may prescribe, shall require the employees of the Post Office Department and of the Postal Service to perform, without extra compensation, such fiscal agency services as may be desirable and practicable in connection with the issue, delivery, safekeeping, redemption, or payment of the savings bonds and savings certificates, or in connection with any stamps or other means provided to evidence payments. (Sec. 6, 49 Stat. 21, as amended; 31 U. S. C. 757c)

(c) *Denominations; sale; publicity; requisitions; accountability.* United States savings bonds, issued by the Secretary of the Treasury in denominations of $25, $50, $100, $200, $500, and $1,000 maturity value, and in registered form only, shall be offered for sale at post offices of the first, second, and third classes and at such branches, stations, and fourth-class offices as the Third Assistant Postmaster General shall select and designate for the purpose. Postmasters at designated savings-bond offices shall encourage the sale of savings bonds; they shall post conspicuously one or more placards calling the attention of the public to the advantages and availability of the bonds, shall keep on hand for discriminating distribution a supply of descriptive booklets, and shall maintain, at all times, an adequate supply of bonds for sale to the public. Requisitions for bonds (Form 911) shall be submitted by postmasters at first-class offices to the Third Assistant Postmaster Gen-

eral, Division of Postal Savings, and by postmasters at second- and third-class offices and designated offices of the fourth class to their respective central accounting postmasters. Postmasters will be held accountable for all savings bonds sent them. Postmasters may order bond stock in emergencies by telegram. All telegrams addressed to the Post Office Department concerning savings bonds shall be sent "Official business, collect, Government rate, special bill." Official messages between postmasters concerning savings bonds shall be sent "Official business, Government rate, charge Post Office Department, special bill." Postmasters shall advise the branch of the telegraph company transmitting the message to refer the bill to its Washington, D. C., office for collection.

(d) *Adequate supply to meet public demands.* Central-accounting postmasters shall see that their district accounting postmasters have on hand for sale an adequate supply of bonds to meet local demands. Ordinarily, about a 3 month's supply, but not less than five bonds of each of the three lower denominations, should be furnished district-accounting offices at one time. Shipments of bonds shall be accompanied by an invoice (Form 912), the instructions on which shall be carefully observed. The same procedure shall be followed in shipping bonds to branches and stations, such shipments being limited ordinarily to a month's supply.

(e) *Form to be used in purchasing.* Purchasers of savings bonds shall apply on Form 920, on which shall be stated, by denominations, the number of bonds applied for, the amount of the purchase, and the name and address to be inscribed on the face of the bond. Postmasters will assist in the preparation of this form, being guided, with respect to the form of registration, by the instructions in Treasury Department Circular No. 530, Sixth Revision, or as later amended or revised. Postmasters shall accept lists in lieu of individual Forms 920 from business concerns, schools, or associations applying for bonds to be issued in the name of their employees or members. Postmasters shall keep on hand a supply of Treasury Department forms for use by those who desire to order savings bonds by mail direct from the Treasurer of the United States. Central-accounting postmasters shall requisition mail-order forms from the Third Assistant Postmaster General, Division of Postal Savings. All other postmasters shall requisition them from their respective central-accounting postmasters.

(f) *Instructions for issuing.* In the issuance of bonds postmasters shall strictly observe the instructions in the Manual of Instructions for Postal Personnel. No erasures or alterations are authorized. When an error is made in inscribing on a bond the name and address of the owner or the month and year of issue the bond shall be treated as spoiled and a new bond issued in its stead. (See paragraphs (h) and (i) of this section.) No attempts should be made to correct the error on the original bond. If a minor error is made in inscribing the original registration stub of an issued bond, and the inscription on the bond is correct (without alteration or correction), the error on the stub may be corrected; but, in such cases, the postmaster, if district accounting, shall submit with the original stub (but not attached to it) a signed memorandum showing the corresponding inscription exactly as it appears on the bond and stating that no alteration or correction appears thereon. If direct accounting, the postmaster shall annotate the stub according to wordings authorized by the Department. Postmasters are not authorized to receive any money from applicants for bonds unless the bonds are available for immediate delivery.

(g) *Forms of payment acceptable.* The provisions of §§ 8.9 and 71.4 of this chapter, defining what may be accepted for the purchase of money orders, shall be applicable to the purchase of savings bonds. Government checks not more than one fiscal year old may be accepted from responsible persons whose endorsement thereon the postmaster is willing to guarantee. Personal checks, cashier's checks, bank drafts, or other commercial paper may be accepted at the risk of the postmaster, but delivery of the bonds so purchased shall be withheld until the check or draft has cleared. Postmasters shall observe the procedure outlined in the article concerning the acceptance of checks in payment of savings bonds in the Manual of Instructions for Postal Personnel. If a postmaster is unwilling to accept responsibility for a check or draft presented for the purchase of bonds, he shall inform the patron that the Department does not require the general acceptance of checks, but that the Treasury Department and Federal Reserve banks will accept them in the purchase of savings bonds applied for by mail.

(h) *When error made by postmaster in issuing*—(1) *If bond returned during month of issue.* If a postmaster has made an error in issuing a bond and the error is discovered and the bond returned to the postmaster during the month of issue, the postmaster, on positive identification of the presenting party, shall treat the bond and registration stubs as spoiled and issue a new bond in its stead. Both district and direct accounting postmasters shall forward the spoiled bonds and the corresponding original registration stubs with their monthly reports, Form 904.

(2) *If bond returned after month of issue.* If a bond is returned to the postmaster after the month of issue for correction of the postmaster's error, or if a bond recalled by the Department is returned during or after the month of issue, or if a bond is returned at any time for correction of an error other than the postmaster's, the postmaster shall complete transmittal letter, Form 922, in triplicate, give one copy to the owner of the bond as a receipt, and forward the bond with the original Form 922 to the Third Assistant Postmaster General, Division of Postal Savings.

(3) *If bond issued under pay-roll deduction plan.* If the returned bond was issued under the pay-roll deduction plan of a business concern and the error was made by the group agent, the bond and transmittal letter, Form 922, shall be accompanied with the group agent's signed statement that the error was made by him. The name or date as it should have been shown on the firm's application or list shall be stated. The group agent's employer or an executive official of the organization should endorse the group agent's statement substantially in the form:

I, _____
(Name, official title, and name of concern)
certify that _____
(Name of group agent)
whose signature appears above has been designated group agent in connection with the pay-roll allotment plan (or other plan) in this organization for the purchase of United States savings bonds.

(4) *If bond returned by mail for correction.* If a bond is returned by mail to a postmaster for correction, the envelope in which it was mailed shall be submitted to the Third Assistant Postmaster General, Division of Postal Savings, with the bond and the Third Assistant Postmaster General shall reimburse the owner for the postage and registry fee.

(i) *Bonds spoiled or damaged before or during issue.* Any bonds which may be spoiled or damaged before or in the process of issue shall be invalidated by writing the word "Spoiled" or "Damaged" and the name of the post office across the face of the bond. A similar notation shall be made on the original and duplicate stubs. District postmasters shall forward spoiled or damaged bonds and the corresponding original registration stubs to the central-accounting postmaster for credit. Direct-accounting postmasters shall forward spoiled or damaged bonds and original stubs with monthly reports (Form 904).

(j) *Postmaster accountable under his bond.* Each postmaster is accountable to the department under his official bond for all money received by him from the sale of United States savings bonds, in the same manner that he is accountable for any other money or property of the Government entrusted to his care as postmaster, and, in addition to the purchase price, he may be held accountable for the increase in value of savings bonds issued when deposits or remittances are not made promptly.

(k) *Report of superintendents at branches and stations.* Superintendents at savings-bond branches and stations shall prepare reports on Form 914 for each day in which savings-bond business is transacted and promptly submit them, together with original stubs of sold bonds, original stubs and bonds that have been spoiled, and the proceeds of sales, to their main offices. Postmasters may require the superintendents of branches and stations to submit "No business" reports on Form 914 or Form PS 621–B for days, other than Sundays and holidays, when no savings-bond business is transacted.

(l) *Depositing and remitting of funds, and accounting.* Central-accounting postmasters shall deposit the proceeds of savings-bond sales and savings-bond funds received from other postmasters, except that part represented by canceled savings stamps, with the Treasurer of the United States through Federal Re-

serve banks and branches and United States depositary banks, for credit of the Postmaster General, United States Savings Bond account, using the appropriate symbol number. The postmaster at Washington, D. C., shall deposit surplus savings-bond funds direct with the Treasurer of the United States. Treasury Department Form 5560, in quadruplicate, shall be prepared to cover each deposit. Postmasters at other first-class offices, and postmasters at second-, third-, and fourth-class offices, shall remit savings-bond funds daily to their respective central accounting postmasters, using Form 990, but no remittance of less than $50 need be made except on the last day of the month in closing the account when all savings-bond funds on hand, including canceled savings stamps, shall be disposed of. Postmasters at first-class offices that have not been furnished special perforating equipment for canceling savings stamps or that have such equipment but have been instructed to discontinue its use and postmasters at second-, third-, and fourth-class offices shall remit savings-bond funds represented by canceled savings stamps once each month or oftener according to the volume of business or as may be specifically directed by the central accounting postmaster. To facilitate replacement in the event of loss, postmasters shall keep adequate records of checks or drafts included in remittances or deposits. Central accounting postmasters shall rereceipt for each remittance received from direct and district accounting postmasters on Form 990, and the remittances from direct and district accounting postmasters shall be recorded separately on the daily reports, Forms 940–A and 940–C/A, of the Superintendent of Money Orders and the Auditor. Credit for bonds sold at district offices, as indicated by their remittances, shall not be taken in the savings-bond forms account of the daily reports at central accounting offices until the monthly reports on Forms 904 and 905 are received at which time the stock disposed of at those offices shall be credited in the forms account and the reported bond sales debited in the cash account. The charge for the total of the month's remittances received from district offices as recorded on Forms 940–A and 940–C/A shall be offset by a credit adjustment entry of the amount with the notation "Cash received from district accounting offices transferred to bond sales." Postmasters at first-class offices that are authorized to use special perforating equipment for canceling savings stamps shall send canceled savings stamps representing savings-bond funds to the Register of the Treasury, Chicago Branch, Merchandise Mart, Chicago 54, Ill., by official registered mail, accompanied by certificate of deposit, Treasury Department Form 5560, in quadruplicate, and an advice of shipment, Form 976. (See § 8.30.) Both direct and district accounting postmasters shall carefully observe the instructions in the Manual of Instructions for Postal Personnel concerning the disposition to be made of savings-bond receipts. If a remittance contains currency, coin, or canceled savings stamps, it must be registered and sent by the last authorized registered dispatch for the day. At offices where remittances are regularly made by bank draft or official check, funds accumulated after banking hours may be held until the next day, unless the safeguarding facilities are inadequate, in which case a special registered remittance of accumulated funds shall be made if an authorized registered dispatch is available.

(m) *Loss of bonds or funds.* The loss or destruction of savings bonds or funds shall be immediately reported to the inspector in charge of the division in which the office is located, as provided in § 25.12 of this chapter, and, in addition thereto, reports shall be immediately forwarded to the Third Assistant Postmaster General, Division of Postal Savings (to the central-accounting postmaster in the case of district offices), giving the serial numbers and denominations of the bonds lost or destroyed. The report shall show the date and manner of the loss or destruction and contain a certification of the postmaster to the effect that the bonds referred to have not been sold or issued by him, and that in case of their recovery at any future date they will be immediately returned to the department. (See also §§ 9.1 and 9.2 of this chapter.)

(n) *Filing and retention of applications and stubs.* Postmasters shall record the serial numbers of sold bonds on the purchasers' applications, Form 920, or opposite the respective names on lists of group purchases. The applications, Form 920, shall be filed alphabetically, and where the volume is large, each month's applications may be filed separately. The duplicate stubs shall be filed in numerical sequence. The duplicate stubs shall be retained 1 year from the date the bonds are issued or spoiled, and the applications shall be retained until 6 months after the bonds have matured.

(o) *Reports*—(1) *Of district postmasters.* Immediately after the close of business on the last day of each month district postmasters shall prepare reports on Form 904, in duplicate, showing their savings-bond business for the entire month, and on Form 905, in triplicate, showing by denominations the inclusive serial numbers of bonds sold, spoiled, or damaged during the month covered by the report. They shall retain one copy of both Form 904 and Form 905 and shall forward to their respective central accounting postmasters by ordinary mail one copy of Form 904 and two copies of Form 905, together with the original registration stubs of all bonds sold during the month, and the original stubs and bonds that have been spoiled or damaged. The envelope or label shall be plainly marked "Form 904 for _____ (month)" and no savings-bond funds nor canceled savings stamps shall be included in this dispatch. If no business was transacted during the month, a report on Form 904 shall be submitted showing the stock balances and with the notation "No business transacted" written across the cash account. Central accounting postmasters shall examine the reports on Forms 904 and 905 to see that they correctly reflect the business transacted at each district office as indicated by the original stubs received with the reports and, by reference to the remittance letters on file or the schedule of remittances, Form 989, shall ascertain whether the exact proceeds of bonds reported sold have been received. They shall promptly notify and instruct district postmasters with respect to any overage or shortage in remittances and also with respect to any other consequential errors or discrepancies in the reports. District postmasters who consistently delay their monthly reports or fail to dispose of their savings-bond funds as provided in paragraph (l) of this section shall be reported to the inspector in charge of the district.

(2) *Of direct-accounting postmasters.* Direct-accounting postmasters shall prepare and forward to the Savings Bond Examiners (Postal Section), Merchandise Mart, Chicago 54, Ill., monthly United States savings-bond reports on Form 904 as soon as practicable after the close of the month for which the account is rendered. An abstract (Form 905), in duplicate, shall be prepared showing the quantity and serial numbers of all United States savings bonds sold, spoiled, or damaged during the month covered by the account. An individual abstract shall be submitted for the main office and each branch and station authorized to sell savings bonds. This abstract, together with the original registration stubs listed thereon and all spoiled or damaged bonds, shall be forwarded with the account current (Form 904) by ordinary mail. These accounts and vouchers must not be forwarded by registered mail. A copy of the account current (Form 904) and of each abstract (Form 905) shall be retained.

(3) *Of central - accounting postmasters.* The account current of a central-accounting postmaster shall include all bond stock held at branches, stations, and assigned district offices and shall reflect all business transacted thereat. Amounts due from branches, stations, or district offices on account of sales shall be included in the amount reported as cash on hand. An individual abstract, Form 905, a recapitulation thereof on Form 917, and supporting original registration stubs and spoiled or damaged bonds shall be submitted for the main office, each branch, station, and district office. In addition, central-accounting postmasters shall report on Form 991, by offices, listed alphabetically, the total of the remittances received from other first-class post offices on account of the sale of United States savings bonds. The total of such remittances shall be appropriately debited in their accounts current. The report on Form 991 with monthly schedules of remittances, Form 989, must be submitted as soon as possible after the close of each month, using special envelope, Form 908. It shall not be inclosed with the account current.

(p) *Invoices and credits for shipments by central - accounting postmasters.* Bond stock shipped by central-accounting postmasters to first-class offices when so directed by the Third Assistant Postmaster General shall be invoiced on Form 912 which shall be prepared in quintuplicate—two copies to be forwarded with the monthly account current, Form 904, and the remaining copies to be disposed of in accordance with the instructions

on the form. Central-accounting postmasters shall take credit in their records and on line 22 of the monthly account current for all bond stock shipped to first-class offices and shall submit with the account current in addition to the copies of the invoices, a schedule showing the number of bonds of each denomination shipped and the total value thereof, by offices.

(q) *Safekeeping of bonds.* Postmasters generally will assist owners in arranging with Federal Reserve Banks for the safekeeping of bonds, but shall not act as safekeeping agents. For this purpose they shall keep on hand application forms for safekeeping (Form P. D. 1423).

NOTE: Any bond issued by a postmaster in response to a mail order, according to a list tendered by a business firm, school, or association, or when issued by such concern and submitted to a post office for verification and authentication may be sent by the postmaster if the purchaser so desires, to the Treasurer of the United States or Federal Reserve Bank for safekeeping by official mail. The postmaster should enclose with the bond a statement that it is being forwarded for safekeeping in accordance with the wish of the purchaser. It is not necessary to include completed requests for safekeeping (Form P. D. 1423). This authorization does not apply to bonds purchased through window transactions.

(r) *Certification of bonds for payment*—(1) *Procedure.* United States savings bonds shall not be paid at any post office, but postmasters generally shall assist holders in securing payment at, or before, maturity. Any postmaster may certify to the request for payment on the back of a savings bond, provided he is positive that the person presenting the bond is the person whose name is inscribed on the face of the bond, and there is no evidence thereon of erasure or alteration. Registered owners of savings bonds who are unable to sign their names to requests for payment may sign by mark. In all such cases, however, the signatures shall be witnessed by at least one disinterested witness in addition to the certifying officer. The postmaster shall require positive identification as he will be held fully responsible therefor. The postmaster shall advise the applicant for payment to forward the bond, the request for payment on the back thereof having been properly executed, to the Treasurer of the United States, Washington, D. C., or to any Federal Reserve Bank. Savings bonds shall not be transmitted for payment as official matter, but shall be sent at the expense and risk of the owners, who should be encouraged to send the bonds by registered mail.

(2) *Signature to certification.* For the purpose of certification, the personal signature of the postmaster, the acting postmaster, or the post office inspector in charge of the post office is necessary: *Provided,* That at any post office, classified branch or station, any supervisor, or clerk temporarily in charge of the office, or any clerk or carrier specially designated in writing by the postmaster, may certify to the request for payment. If an official other than the postmaster, acting postmaster, or post office inspector in charge of the post office certifies to the request for payment, he shall certify in the name and title of the postmaster, followed by his own signature and official title. The specially designated clerk or carrier shall sign as "Designated Clerk" or "Designated Carrier."

(s) *Issuance of instructions.* Detailed instructions relative to the United States savings bonds issued to, and sold through, the Postal Service and concerning accounting for the proceeds of such sales shall be issued by the Third Assistant Postmaster General, Division of Postal Savings.

UNITED STATES SAVINGS STAMPS

§ 8.30 *United States Savings stamps*—(a) *Authorization.* The authority of the Postmaster General contained in section 6 of the act of June 25, 1910, as amended, (39 U. S. C. 756), and section 22 (c) of the Second Liberty Bond Act, as amended, to prepare and issue postal-savings cards and postal-savings stamps shall terminate on such date as stamps issued by the Secretary of the Treasury pursuant to the authority contained in section 22 (c) of the Second Liberty Bond Act, as amended, are made available for sale to the public; and, as soon as practicable thereafter, the Board of Trustees of the Postal Savings System shall pay to the Secretary of the Treasury a sum equal to the redemption value of all postal-savings stamps outstanding, and after such payment has been made the obligation to redeem such stamps shall cease to be a liability of the Board of Trustees of the Postal Savings System but shall constitute a public debt obligation of the United States.

NOTE: By agreement between the Postmaster General and the Secretary of the Treasury the liability for outstanding postal-savings stamps of all series, including the so-called Defense Savings stamps and War Savings stamps, and the accountability for unsold savings stamp stock charged to postmasters were transferred to the Treasury Department as of the close of business September 30, 1942.

(b) *Sale through post offices.* Savings stamps furnished by the Secretary of the Treasury in such denominations as he may determine shall be offered for sale at all post offices. Postmasters shall put them on sale at any classified branch or station where there is a demand and may put them on sale at contract branches and stations. Superintendents and clerks in charge of stations and branches, including contract stations and branches, and main office clerks and rural carriers who have been assigned savings-stamp credits shall replenish their fixed credits each day, except that employees with savings-stamp stocks of less than $100 may replenish their credits whenever the accumulated funds amount to one-fourth of the credit.

(c) *Postmasters to encourage purchase of.* Postmasters shall encourage the sale of savings stamps; they shall keep an adequate supply on hand; they shall post conspicuously placards and window displays calling the attention of the public to the availability of the stamps; and shall have on hand, for distribution without cost to stamp purchasers and, in reasonable quantities, to persons engaged in promoting savings-stamp sales, albums, cards, or other devices furnished by or with the approval of the Secretary of the Treasury to which savings stamps may be affixed after purchase. They shall see that proper service is provided at post-office windows so that the public is served without unnecessary delays or inconvenience and, if needed, shall make any extensions of night and Saturday afternoon service; but where additional clerk hire will be involved, the postmaster shall first apply to the First Assistant Postmaster General, Division of Post Office Clerical Service, for the necessary allowance.

(d) *Denominations; requisitions; fixed credits.* Savings stamps in denominations of 10 cents, 25 cents, 50 cents, and $1 are printed in sheets of 100; and $5 stamps, in sheets of 25. The 10-cent and 25-cent stamps are also bound in books which are packaged in lots of 10. Books of 50 10-cent saving stamps sell for $5 and books of 40 25-cent saving stamps, for $10. Postmasters at central accounting offices and Washington, D. C., shall submit requisitions for savings stamps to the Third Assistant Postmaster General, Division of Stamps, using Form PS 311–B. The requisitions shall be for full sheets, and if stamp books are ordered, for lots of 10 or multiples of 10 books. Postmasters at other first-class offices and at offices of the second, third, and fourth classes are granted fixed credits in savings stamps and shall send their requisitions to their respective central accounting postmasters, using the combined remittance letter and requisition, Form PS 311–F/C, ordinarily once a month; but if the fixed credit is for $100 or less, it need not be replenished until the accumulated funds equal one-fourth of the credit. With the approval of their central accounting postmaster, they shall order savings stamps in lots of 10 or multiples of 10, except the $5 stamp which may be ordered as needed. They shall apply to their respective central accounting postmasters direct to increase or decrease savings-stamp credits. Credits in savings stamps shall ordinarily be the equivalent of a 4 months' supply except that no credit shall be for an amount less than $5. They shall be receipted for on Form 3367 and each such receipt shall be modified to show that it covers savings stamps and shall be prepared in duplicate. The office having the fixed credit shall sign both copies, return the original to the central accounting office, and retain the duplicate. Postmasters having fixed credits must have on hand at all times the full amount of their assigned credits either as savings-stamps stock, canceled savings stamps, cash, or other representation of value. Window clerks and superintendents or clerks in charge of branches and stations shall be assigned fixed credits in savings stamps which shall be receipted for on Form 3367–B, suitably modified.

(e) *Opening and counting of stock upon receipt.* Packages of savings stamps shall, on receipt, be opened and counted jointly by the postmaster or his authorized representative and a witness. The postmaster shall subject the stock to such detailed verification as will establish to his satisfaction whether the stock received corresponds with the accompanying invoice. If the quantity does

not agree with the invoice, Form PS 515 or PS 311–F/C, the postmaster shall make immediate report of the discrepancy, with the invoice attached, to the Third Assistant Postmaster General, Division of Stamps, if a central accounting office or Washington, D. C., or to the central-accounting postmaster if on a fixed credit for savings stamps, and hold the shipment intact and carefully preserve the wrapper. In case of shortage the correctness of the report shall be certified by the postmaster on his official oath and attested by the witness.

(f) *Accountability of postmasters.* Postmasters shall be held accountable for all savings stamps sent them for sale and shall retain in their personal custody the supply of savings stamps not in use at the window or shall designate some official or clerk, other than the clerk engaged in window work, who shall be responsible for safeguarding the savings-stamp stock. Savings stamps shall not be loaned or sold by one postmaster to another. They shall, in all cases, be obtained by requisition as provided in paragraph (d) of this section. Upon receipt of savings stamps at a central accounting office or Washington, D. C., the postmaster shall immediately charge himself with the face value thereof, regardless of their condition.

(g) *Damaged stamps.* If savings stamps are received at a central accounting office or at Washington, D. C., in a damaged condition or become damaged by fire or otherwise while in the possession of the postmaster, they shall be sent to the Third Assistant Postmaster General, Division of Stamps, for redemption. An itemized statement of the quantity returned and a full explanation of the cause of the damage shall be prepared in duplicate. The original shall accompany the returned stamps, which shall be counted, prepared for mailing, and dispatched in the presence of a witness; and the duplicate shall be retained by the postmaster, but credit shall not be taken until formal authorization is received from the Third Assistant Postmaster General. If the value of the stamps cannot be ascertained from an examination of them, they shall nevertheless be forwarded, and the postmaster shall be informed of their redemption value if it can be determined. The postmaster at an office having savings stamps on a fixed credit shall return damaged stamps to the central accounting office in exchange for new stock.

(h) *Report of loss or destruction of stamps or funds.* The loss or destruction of savings stamps or savings-stamp funds, including canceled savings stamps, shall be immediately reported to the inspector in charge of the district in which the office is located, as provided, in § 25.12 of this chapter, and to the Third Assistant Postmaster General, Division of Postal Savings, if the loss occurred at a central accounting office or at Washington, D. C., or to the central accounting postmaster in the case of offices having fixed credits. The report shall show the date and manner of the loss or destruction, contain a description of the items involved, and whether the loss was such that it can be established that the stamps will never be presented for redemption. (See also §§ 9.1 and 9.2 of this chapter.) Requisitions to replace savings stamps that have been lost, destroyed, or rendered unserviceable for any other reason shall be made in the usual manner except that the requisition shall be plainly marked "To replace stock lost or damaged."

(i) *Care of stamps and records.* Savings stamps and records shall be kept in good condition and be given the same protection as is required by § 7.4 of this chapter, for postage stamps and postal records.

(j) *Savings-stamp albums.* The savings-stamp albums furnished or approved by the Treasury Department for mounting savings stamps shall be requisitioned by postmasters at first- and second-class offices from the Fourth Assistant Postmaster General, Division of Equipment and Supplies, and by postmaster at third- and fourth-class offices from their designated supply offices. Postmasters shall keep in touch with local committees and organizations promoting savings-stamp sales and maintain an adequate supply of albums.

(k) *Depositing and remitting of funds.* Central accounting postmasters shall deposit the proceeds of savings-stamp sales and savings-stamp funds received from other postmasters, except that part represented by canceled savings stamps, with the Treasurer of the United States through Federal Reserve banks and branches and United States depositary banks, for credit of the Postmaster General, United States Savings Stamp Account, Symbol No. 42030. The postmaster at Washington, D. C., shall deposit surplus savings-stamp funds direct with the Treasurer of the United States. Treasury Department Form 6815, prepared in quadruplicate to cover each deposit, shall be used in connection with such deposits. So far as practicable, postmasters at offices having fixed credits in savings stamps shall dispose of all savings-stamp cash on hand when replenishing fixed credits. To facilitate replacement in the event of loss, postmasters shall keep adequate records of checks and drafts included in remittances or deposits.

(l) *Payment and cancellation of savings stamps.* Savings stamps are transferable and payable to bearer at any post office and at any branch or station authorized to sell them. Postmasters shall not be required to identify the persons presenting the savings stamps for payment as the owners thereof. Savings stamps affixed to stamp albums, savings cards, or other authorized devices may be accepted, in payment for United States Savings bonds, postal-savings certificates, or may be exchanged for cash. They shall be canceled and rendered unfit for further negotiation as soon as practicable after acceptance. The canceling shall be effected by perforating or by imprinting with a canceling stamp and nonwashable black ink. Perforating shall be confined to those offices of the first class that have been authorized to cancel savings stamps with special perforating equipment furnished for the purpose. At stations or branches of an office using such special perforating equipment, redeemed savings stamps may be canceled by rubber stamp before they are transmitted to the main office. Redeemed stamps must be thoroughly canceled, but they should not be so defaced or mutilated as to make verification difficult. Postmasters shall stamp surrendered albums or cards with their post office dating stamp and shall enter the value of the stamps and the purpose for which they were surrendered (bonds or cash) in the upper right-hand corner on the back cover page. Savings stamps exchanged for postal-savings certificates or other savings stamps shall be classified as surrendered for cash. Postage stamps shall not be accepted as savings stamps, and postmasters shall promptly report to the inspector in charge of the division any attempt to cash counterfeit savings stamps. When savings stamps that have been torn, burned, or badly mutilated are presented, the postmaster shall accept at face value of the whole stamp one or more fragments identifiable as constituting clearly more than one-half of the same stamp. If the fragment or fragments are not so identifiable, the holder shall be advised to send them, and if affixed to an album the entire album, to the Treasurer of the United States, Washington 25, D. C. If stamps are presented that have adhered and the holder is unable to separate them and determine their value (which he may do by soaking them in warm water), he shall likewise be advised to forward them to the Treasurer of the United States for redemption.

(m) *Funds and credits for payment of stamps.* Postmasters shall use savings-stamp or savings-bond funds when paying for savings stamps surrendered for cash, but if no such funds are available, any other official funds may be used. If additional funds are needed, postmasters who have been granted a credit with the Treasurer of the United States should draw on that credit and other postmasters should apply to their central accounting postmasters on Form 1847 for an advance of postal funds. Postmasters at central accounting offices and Washington, D. C., shall send canceled savings stamps to the Register of the Treasury, Chicago Branch, as deposits for credit either to the Postmaster General's savings-stamp account, using Treasury Department Form 6815, or to the Postmaster General's savings-bond account, using Treasury Department Form 5560 for this purpose, or both. Postmasters at other first-class offices that are authorized to use special perforating equipment shall send canceled savings stamps to the Register of the Treasury, Chicago Branch, as deposits for credit only to the Postmaster General's savings-bond account, using Treasury Department Form 5560, prepared in quadruplicate to cover each deposit; and at the close of each month shall include with any type of remittance to the central-accounting office redeemed savings stamps in excess of the amount that can be taken into the savings-bond account. Postmasters at other first-class offices and at second-, third-, and fourth-class offices may include canceled savings stamps with any type of remittance to their central accounting office. If the postmaster at a central accounting office or at Washington, D. C., needs ad-

ditional savings-stamp funds to reimburse other official accounts, he shall requisition the amount needed from the Third Assistant Postmaster General, Division of Postal Savings. The requisition should be submitted before the end of the month and should call for an amount sufficient to insure complete reimbursement. Any portion of the amount not needed for reimbursement purposes may be retained for use in the following month.

(n) *Reports.* Postmasters at central accounting offices and Washington, D. C., shall prepare daily reports, Forms 983–A and 983–C/A, in which shall be entered all receipts and disbursements of savings-stamp funds and all transactions in savings-stamp stock, and at the close of the month shall prepare an account current, Form 974, by entering after the several items the total of the business recorded for the corresponding items in the daily records and shall forward it to the Third Assistant Postmaster General, Division of Postal Savings, by ordinary mail. The records and account current of a central accounting postmaster shall include in the stock account the amount of all savings-stamp fixed credits at other offices in his district, branches, and stations. Postmasters at first-class offices that are authorized to send canceled savings stamps to the Register of the Treasury, Chicago Branch, shall submit to the Third Assistant Postmaster General, Division of Postal Savings, a report on Form 979–A showing the total value of savings stamps so disposed of during the month and, separately, the value exchanged for bonds and the value surrendered for cash. Central accounting postmasters, when completing Form 979–A, shall report all the stamp sales of their accounting district, showing the sales of their main office, branches, and stations and those of offices having fixed credits as two separate items. The postmaster at Washington, D. C., shall also complete Form 979–A to show the savings-stamp sales of his main office, branches, and stations.

(o) *Sale by rural carriers.* Postmasters from whose offices rural-delivery service is operated shall extend to rural carriers, on routes where there is a demand for savings stamps, a reasonable credit in such stamps, and rural carriers shall carry for sale to their patrons an adequate supply of such stamps.

(p) *Sales to business houses, institutions, groups.* Postmasters shall sell savings stamps to business houses, schools, institutions, or other organizations that desire to purchase them for resale, but shall not extend any savings-stamp credits outside of the Postal Service. The provisions of §§ 8.9 and 71.4 of this chapter defining what may be accepted for the purchase of money orders, shall be applicable to the purchase of savings stamps. Government checks may be accepted from responsible persons whose endorsement thereon the postmaster is willing to guarantee. Personal checks, cashier's checks, bank drafts, or other commercial paper may be accepted at the risk of the postmaster, but delivery of the stamps so purchased shall be withheld until the check or draft has cleared. Postmasters shall likewise furnish free to any concern purchasing savings stamps for resale a supply of albums in reasonable quantities.

(q) *Telegrams.* All telegrams addressed to the Post Office Department concerning savings stamps shall be sent "Official business, collect, Government rate, special bill." Official messages between postmasters concerning savings stamps shall be sent "Official business, Government rate, charge Post Office Department, special bill." Postmasters shall advise the branch of the telegraph company transmitting the message to refer the bill to its Washington, D. C., office for collection.

(r) *Issuance of instructions.* Detailed instructions relative to savings stamps issued to and sold through the Postal Service and concerning the accounting for the proceeds of such sales shall be issued by the Third Assistant Postmaster General, Division of Postal Savings.

Subchapter B—Estimates, Appropriations, Disbursements, and Accounts

PART 17—DISBURSEMENTS AND ACCOUNTS

POST OFFICE DEPARTMENT DISBURSEMENTS

17.9 Duties and accounts of Superintendent, Division of Finance and Disbursement Officer.
17.13 Post-route and rural-delivery maps.

POSTAL SERVICE DISBURSEMENTS

17.18 Restoration of stolen money or property.
17.19 Recovered moneys.
17.20 Moneys received at Post Office Department.
17.27 When warrant or check may be made payable to assignee.
17.28 Duplicate check or draft for transfer of postal funds.
17.29 Claims for balances due deceased postal employees or creditors.

RECORDS AND ACCOUNTS AT POST OFFICES

17.34 Commissions from public telephones lobbies.

AUTHORITY: §§ 17.9 to 17.34 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

POST OFFICE DEPARTMENT DISBURSEMENTS

§ 17.9 *Duties and accounts of Superintendent, Division of Finance and Disbursing Officer.* (a) The Superintendent, Division of Finance and Disbursing Officer shall prepare his accounts monthly and shall submit the same to the Comptroller, Bureau of Accounts, for administrative examination and transmission to the General Accounting Office. The accounts of the Superintendent, Division of Finance and Disbursing Officer shall be made in triplicate, one copy to be filed in his office and the original and one copy to be furnished the Comptroller, Bureau of Accounts.

(b) The Superintendent, Division of Finance and Disbursing Officer shall properly account for all receipts for post route and rural delivery maps. He shall make refunds to persons from whom excess remittances are received and to those to whom requested maps cannot be furnished, upon vouchers properly certified by the Fourth Assistant Postmaster General, and shall deposit in the Treasury to the credit of the "Service of the Post Office Department on account of Miscellaneous Receipts" funds representing maps which are furnished on a Schedule of Transfers properly certified by the Fourth Assistant Postmaster General.

§ 17.13 *Post-route and rural-delivery maps.*—(a) *Sale to public.* The Postmaster General may authorize the sale to the public of post-route maps and rural-delivery maps or blue prints at the cost of printing and ten per centum thereof added. (Sec. 1, 39 Stat. 1067, as amended; 39 U. S. C. 805)

(b) *Handling of funds from sales.* Application for the purchase of post-route and rural-delivery maps and payment therefor shall be made to the Superintendent, Division of Finance and Bisbursing Officer, who shall deposit the funds received in his checking account with the Treasurer of the United States and forward the order for maps to the Fourth Assistant Postmaster General, Division of Topography. Where remittances are received in excess of the amount required to pay for maps furnished, the Fourth Assistant Postmaster General shall prepare and certify refund vouchers, transmit them to the Superintendent, Division of Finance and Disbursing Officer, by whom the refund shall be made. At the end of each month the Fourth Assistant Postmaster General shall prepare and certify a Schedule of Transfers and forward the same to the Superintendent, Division of Finance and Disbursing Officer, who shall draw a check for the amount stated thereon and deposit the same in the Treasury of the United States.

POSTAL SERVICE DISBURSEMENTS

§ 17.18 *Restoration of stolen money or property.* Whenever the Postmaster General is satisfied that money or property stolen from the mail, or the proceeds thereof, has been received at the department, he may, upon satisfactory evidence as to the owner, deliver the same to him. (R. S. 4058; 39 U. S. C. 790)

§ 17.19 *Recovered moneys.*—(a) *Transmittal to Department.* All moneys received from mail robbers or other offenders against the postal laws, and moneys recovered by suit, or otherwise, on account of moneys taken from the mail or losses therein, shall be forwarded at once to the Chief Inspector, who shall deposit the same daily with the Superintendent, Division of Finance and Disbursing Officer, office of the Third Assistant Postmaster General.

(b) *Payment to owners.* The Chief Inspector shall determine, upon satisfactory evidence, the proper persons or owners to whom the moneys shall be restored, and the Superintendent, Division of Finance and Disbursing Officer, office of the Third Assistant Postmaster General, shall make payments in accordance with the schedule furnished and approved by the Chief Inspector.

§ 17.20 *Moneys received at Post Office Department.* When any money, either coin, currency, or negotiable paper, is received at the Post Office Department, a list shall be prepared by the bureau or office to which it pertains on Form 1044

in quadruplicate; the lists shall be numbered consecutively through each fiscal year commencing with No. 1 on July 1 of each year. The original and two copies of each list shall be transmitted with the funds to the Superintendent, Division of Finance and Disbursing Officer, and one copy shall be sent direct to the Auditor, Bureau of Accounts. The form shall show the name of the bureau or office, date funds were received, case number, name of remitter, purpose and fund to be credited whenever possible, and amount, except those from the office of the Chief Inspector, which shall have attached statements on Form 550 submitted by the inspectors in charge and shall show a summary of the classes of funds and the amount of each. The superintendent shall verify the amount received with the amount as shown on the list, sign one copy as the receipt to the bureau or office, and retain the original and one copy. At the close of each month the superintendent shall total the original schedules by bureaus or offices and enter the amount on Form 1045, prepared in triplicate. The amount of uncollectible checks, if any, shall be entered in the space provided for that purpose on the form. This form properly filled out shall be sent to each bureau or office from which funds are received whether any funds were received during the month or not. Each bureau or office shall have the amounts as stated on Form 1045 verified with their records, and if the amounts agree the triplicate shall be retained and the original and duplicate signed and returned to the Superintendent, Division of Finance and Disbursing Officer.

§ 17.27 *When warrant or check may be made payable to assignee.* A duplicate warrant or check, when issued, shall have the same tenor, force, and effect as the original; except that in case of an assigned warrant or check the duplicate may, on production of due authority in writing from the payee for its issue, be made payable to the assignee.

§ 17.28 *Duplicate check or draft for transfer of postal funds.* The Third Assistant Postmaster General may authorize the issuance of a duplicate of a lost check or draft drawn to effect official transfers of postal, money-order, or postal-savings funds between officers of the Government, or in the case of postal-savings funds between such officers and the depositary banks of the Postal Savings System, upon the submission of an application, affidavit, and certificate of nonpayment of the character prescribed in § 17.26 (b). A bond of indemnity may, however, be required for the protection of the Government if the circumstances make such action advisable.

§ 17.29 *Claims for balances due deceased postal employees or creditors*—(a) *Requirements to effect payment.* Postmasters must not under any circumstances pay to the heirs or executor or administrator of the estate of a deceased employee any balance due as salary to a deceased employee. When there is any balance due as salary or otherwise to a deceased employee of the postal service or creditor of the Post Office Department, the claimant for the amount due, or the executor or administrator of the estate, shall be required to execute Standard Form 1055, Claim Against the United States for Amounts Due in the Case of a Decedent. An executor or administrator must also furnish a certified copy under seal of the court of his appointment, with a showing whether still in force and effect.

(b) *Form of claim.* Upon receipt of a properly executed claim on Standard Form 1055 the responsible administrative officer or postmaster will prepare the proper form of voucher or pay roll on which will be shown the name of the decedent and the amounts due and deductible at the time of death. Each such voucher or pay roll must bear or be accompanied with a certificate by the responsible administrative officer or postmaster to the effect that the amount of the claim is proper for payment and that it has not been paid. The certificate should contain a complete citation to the voucher covering the last payment made to the decedent, showing the date of the payment, the nature of the service, the period covered, the salary rate, and the amount paid. Any other relevant information essential to the proper settlement of the claim should be noted on the voucher or pay roll, or should be set forth in a separate statement to accompany the claim papers.

(c) *Claim for payment of unpaid Government check.* Standard Form 1055 will also be used for making claim for payment of Government checks drawn on the Treasurer of the United States or other authorized Government depository to the order of an individual, but which cannot be paid because of the death of the payee. All unnegotiated Government checks in possession of the claimant should accompany the claim papers. Vouchers or pay rolls are not required to be submitted with claims consisting entirely of unpaid Government checks when such checks accompany the claim papers

(d) *Claims which include savings bond deductions.* In cases of claims which include amounts due on account of United States savings bond deductions, the responsible administrative officer or postmaster will forward with Standard Form 1055, in lieu of the prescribed voucher or pay roll, a properly executed Standard Form 1047, Public Voucher for Refunds, and two memorandum copies thereof. After review and approval by the General Accounting Office, the original of Standard Form 1047 and one memorandum copy thereof will be returned to the respective administrative officer or postmaster for payment of the amount of the United States savings bond deduction refund due the claimant. If a bond is fully paid for from deductions accumulated prior to the death of the employee, pursuant to a duly executed authorization designating a beneficiary or directing that the bond be issued to another person as owner, the bond should be issued and delivered to the designated owner upon proper identification and the obtaining of a receipt therefor. In any case where the accumulated deductions do not equal the purchase price of a bond or in which the existing authorization specifies that the bond is to be issued in the name of the deceased employee as owner or co-owner, the amount is for refund and claim therefor must be filed and approved before payment is made.

(e) *Procedure for handling.* Claims filed for amounts due deceased postal employees or creditors of the postal service and the relevant vouchers or pay rolls will be transmitted to the proper Bureau of the Department for subsequent transmission to the General Accounting Office. Such payments will be made through the Department upon approval and certification of the amount due by the General Accounting Office.

RECORDS AND ACCOUNTS AT POST OFFICES

§ 17.34 *Commissions from public telephones in lobbies.* Postmasters at offices of the first, second, and third classes shall collect commissions on calls through public telephones located in lobbies of post offices, branch post offices, and stations and account for such commissions with the postal revenues in the quarterly postal account.

NOTE: Commissions on telephone calls from pay telephones installed in post offices are not postal revenues, but are covered into the general funds of the Treasury as miscellaneous receipts. For convenience in collecting, postmasters are required to account for these receipts and the General Accounting Office will transfer the funds so collected to the general fund of the Treasury.

PART 18 — SETTLEMENT OF ACCOUNTS: LEGAL PROCEEDINGS: COMPROMISES

Sec.

18.1 Bureau of Accounts, Post Office Department.
18.12 Who may administer oaths in relation to accounts.
18.13 Certified copies of quarterly returns.
18.17 Neglect to render accounts.
18.30 Application of payments made by postmaster after new bond.
18.31 Report of deficiency in accounts of postmaster.
18.32 Report of deficiency in accounts of any officer of United States.

LEGAL PROCEEDINGS

18.33 Legal action under postal laws; courts having jurisdiction.
18.34 Suit to recover wrong or fraudulent payment.
18.35 Furnishing of certified copies in suits against delinquents.
18.36 Duties of United States attorney.
18.37 Supervision by Attorney General.
18.38 Records admissible as evidence.
18.39 Evidence of demand upon delinquent postmaster for payment of balance due.
18.40 Credits in actions by United States; prior disallowance.
18.41 Interest on defaulted balances.
18.42 Delinquents for public money; judgment; continuance.
18.43 Warrant of attachment in postal suits.
18.44 Proceedings in equity when other action fruitless.
18.45 Limitation of liability of sureties.
18.46 Disposal of penalties and forfeitures recovered and fines collected.
18.47 Amounts of fines to be collected only through courts.
18.48 Priority of United States as creditor.
18.49 Liability of executors or others to recognize priority of United States as creditor.
18.50 Priority of surety on bond same as that of United States.

COMPROMISES

Sec.
18.51 Compromise of judgment.
18.52 Compromise or remission of fine, penalty, forfeiture, or liability.
18.53 Submission of proposition of compromise.

CLAIMS AGAINST THE UNITED STATES

18.54 Transfer and assignment of claims on United States.
18.55 When claimant is indebted to United States.
18.56 Application for subpoena of witnesses in claim action.
18.57 Jurisdiction of Court of Claims.
18.58 Departmental claims or other matters referred to Court of Claims.
18.59 Settlement of accounts in Court of Claims.
18.60 Jurisdiction of district courts in cases of claims.
18.61 United States as defendant.
18.62 Time limitation on claims and demands.

AUTHORITY: §§ 18.1 to 18.62 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 18.1 *Bureau of Accounts, Post Office Department.* The administrative examination of the accounts and vouchers of the Postal Service imposed by law on June 30, 1921, upon the Auditor for the Post Office Department shall be performed by a bureau in the Post Office Department to be known as the Bureau of Accounts. The Bureau of Accounts shall be under the direction of a comptroller, who shall be appointed by the President with the advice and consent of the Senate, * * * The comptroller shall perform the administrative duties performed by the Auditor for the Post Office Department, and such other duties in relation thereto as the Postmaster General may direct. (Sec. 304, 42 Stat. 24; 31 U. S. C. 45)

NOTE: Salary increased in accordance with subsequent allocations of the position under the provisions of the Classification Act of 1923 (42 Stat. 1488), the first increase under the Classification Act of 1923 having been confirmed by the 68th Congress (43 Stat. 84). See R. S. 276 and act of July 31, 1894 (28 Stat. 205), relative to the former office of Auditor for the Post Office Department.

§ 18.3 *Accounts of Post Office Department*—(a) *To be kept by General Accounting Office.* The General Accounting Office shall keep and preserve all accounts arising in the Post Office Department or relative thereto and vouchers after settlement. The General Accounting Office shall close the account of the department quarterly, and transmit to the Secretary of the Treasury quarterly statements of its receipts and expenditures. It shall report to the Postmaster General, when required to do so, the manner and form of keeping and stating the accounts of the department, and the official forms of papers to be used in connection with its receipts and expenditures. It shall report to the Postmaster General all delinquencies of postmasters in rendering their accounts and returns, or in paying over money-order funds and other receipts at their offices. The Comptroller General shall register, charge, and countersign all warrants upon the Treasury for receipts or payments issued by the Postmaster General, when warranted by law. (R. S. 277, as amended; 31 U. S. C. 73)

(b) *Examination and audit of accounts and certification of balances.* * * * The Bureau of Accounts in the Post Office Department shall receive and examine all accounts of salaries and incidental expenses of the office of the Postmaster General and of all bureaus and offices under his direction, all postal and money-order accounts of postmasters, all accounts relating to the transportation of mails, and to all other business within the jurisdiction of the Post Office Department. The General Accounting Office shall audit the accounts and certify the balances arising thereon to the Postmaster General for accounts of the postal revenue and expenditures therefrom. (Sec. 7, 28 Stat. 206, as amended; 31 U. S. C. 72)

(c) *Quarterly report to Postmaster General.* The Bureau of Accounts shall state and certify quarterly to the Postmaster General an account of the money paid by postmasters out of the receipts of their offices, and pursuant to appropriations, on account of the expenses of the postal service; designating the heads under which such payments were made. (R. S. 294, as amended; 31 U. S. C. 112)

(d) *Collection of debts due Post Office Department.* The General Accounting Office shall superintend the collection of all debts due the Post Office Department, and all penalties and forfeitures imposed for any violation of the postal laws, and take all such other measures as may be authorized by law to enforce the payment of such debts and the recovery of such penalties and forfeitures. Such office shall also superintend the collection of all penalties and forfeitures arising under other statutes, where such penalties and forfeitures are the consequence of unlawful acts affecting the revenues or property of the Post Office Department. (R. S. 292, as amended; 31 U. S. C. 109)

NOTE: All laws relating to the proper accounting for postal receipts are made applicable to postal-savings funds. (See 39 U. S. C. 762.)

§ 18.12 *Who may administer oaths in relation to accounts.* (a) Any mayor of a city, justice of the peace, or judge of any court of record in the United States, may administer oaths, in relation to the examination and settlement of the accounts of the Post Office Department and Postal Service. (R. S. 298, as amended; 31 U. S. C. 118)

(b) Postal accounts shall be sworn to before a notary public, justice of the peace, or other public officer authorized to administer oaths. (See §§ 18.16 and 18.23.)

§ 18.13 *Certified copies of quarterly returns.* * * * In order to ascertain the amount of the postal receipts of each office, the Postmaster General may require postmasters to furnish the department with certified copies of their quarterly returns to the auditor at such times and for such periods as he may deem necessary in each case. (Sec. 1, 22 Stat. 602)

NOTE: The administrative examination of accounts and vouchers of the Postal Service was transferred to the Bureau of Accounts by the provisions of law quoted in § 18.1.

§ 18.17 *Neglect to render accounts.* Whenever any postmaster neglects to render his accounts for one month after the time, and in the form and manner prescribed by law and the regulations of the Postmaster General, he and his sureties shall forfeit and pay double the amount of the gross receipts at such office during any previous or subsequent equal period of time; and if, at the time of trial, no account has been rendered, they shall be liable to a penalty of such sum as the court and jury shall estimate to be equivalent thereto, to be recovered in an action on the bond. (R. S. 3845; 39 U. S. C. 44)

§ 18.30 *Application of payments made by postmaster after new bond.* Whenever any postmaster is required to execute a new bond, all payments made by him after the execution of such new bond, may, if the Postmaster General or the Comptroller General deem it just, be applied first to discharge any balance which may be due from such postmaster under his old bond. (R. S. 3835, as amended; 39 U. S. C. 36)

§ 18.31 *Report of deficiency in accounts of postmaster.* When a deficiency shall be discovered in the accounts of any postmaster, who after the adjustment of his accounts fails to make good such deficiency, it shall be the duty of the General Accounting Office to notify the Postmaster General of such failure, and upon receiving such notice the Postmaster General shall forthwith deposit a notice in the post office at Washington, District of Columbia, addressed to the sureties respectively upon the bonds of said postmaster, at the office where he or they may reside, if known; but a failure to give or mail such notice shall not discharge such surety or sureties upon such bond. (R. S. 3835, as amended; 39 U. S. C. 37)

§ 18.32 *Report of deficiency in accounts of any officer of United States.* Whenever any deficiency shall be discovered in the accounts of any official of the United States, or of any officer disbursing or chargeable with public money, it shall be the duty of the accounting officers making such discovery to at once notify the head of the department having control over the affairs of said officer of the nature and amount of said deficiency, and it shall be the immediate duty of said head of department to at once notify all obligors upon the bond or bonds of such official of the nature of such deficiency and the amount thereof. Said notification shall be deemed sufficient if mailed at the post office in the city of Washington, District of Columbia, addressed to said sureties respectively and directed to the respective post offices where said obligors may reside, if known; but a failure to give or mail such notice shall not discharge the surety or sureties upon such bond. (Sec. 1, 25 Stat. 387; 6 U. S. C. 4)

LEGAL PROCEEDINGS

§ 18.33 *Legal action under postal laws; courts having jurisdiction.* (a) The district courts shall have original jurisdiction of any civil action arising

under any Act of Congress relating to the postal service. (62 Stat. 932; 28 U. S. C. 1339)

(b) All causes of action arising under the postal laws may be sued, * * * before the justices of the peace, magistrates, or other judicial courts of the several States and Territories having competent jurisdiction by the laws thereof, to the trial of claims and demands of as great value, * * *; and such justices, magistrates, or judiciary shall take cognizance thereof, and proceed to judgment and execution as in other cases. (R. S. 3833; 39 U. S. C. 825)

§ 18.34 *Suit to recover wrong or fraudulent payment.* In all cases where money has been paid out of the funds of the Post Office Department under the pretense that service has been performed therefor, when, in fact, such service has not been performed, or as additional allowance for increased service actually rendered, when the additional allowance exceeds the sum which, according to law, might rightfully have been allowed therefor, and in all other cases where money of the department has been paid to any person in consequence of fraudulent representations, or by the mistake, collusion, or misconduct of any officer or other employee in the Postal Service, the Postmaster General shall cause suit to be brought to recover such wrong or fraudulent payment or excess, with interest thereon. (R. S. 4057; 39 U. S. C. 789)

§ 18.35 *Furnishing of certified copies in suits against delinquents.* In case of delinquency of any postmaster, contractor, or other officer, agent, or employee of the Post Office Department, in which suit is brought, the General Accounting Office shall forward to the Department of Justice certified copies of all papers in said office tending to sustain the claim. (R. S. 296, as amended; 31 U. S. C. 116)

§ 18.36 *Duties of United States attorney.* It shall be the duty of each United States attorney, within his district, to:

(a) Prosecute for all offenses against the United States;

(b) Prosecute or defend, for the Government, all civil actions, suits or proceedings in which the United States is concerned; * * *

(c) Institute and prosecute proceedings for the collection of fines, penalties and forfeitures incurred for violation of any revenue law unless satisfied upon investigation that justice does not require such proceedings;

(d) Make such reports as the Attorney General shall direct. (62 Stat. 910; 28 U. S. C. 507)

§ 18.37 *Supervision by Attorney General.* The Attorney General shall have supervision over all litigation to which the United States or any agency thereof is a party and shall direct all United States attorneys, assistant United States attorneys, and attorneys appointed under 28 U. S. C. 503, in the discharge of their respective duties. (62 Stat. 910; 28 U. S. C. 507)

§ 18.38 *Records admissible as evidence*—(a) *Originals.* Books or records of account or minutes of proceedings of any department or agency of the United States shall be admissible to prove the act, transaction or occurrence as a memorandum of which the same were made or kept.

(b) *Copies.* Properly authenticated copies or transcripts of any books, records, papers or documents of any department or agency of the United States shall be admitted in evidence equally with the originals thereof. (62 Stat. 946; 28 U. S. C. 1733)

§ 18.39 *Evidence of demand upon delinquent postmaster for payment of balance due.* The certificate of the Postmaster General or the General Accounting Office of the mailing to a postmaster of a statement of his account and that payment of the balance stated has not been received shall be sufficient evidence of a demand notwithstanding any allowances or credits subsequently made. A copy of such statement shall be attached to the certificate. (62 Stat. 948; 28 U. S. C. 1743)

§ 18.40 *Credits in actions by United States; prior disallowance.* In an action by the United States against an individual, evidence supporting the defendant's claim for a credit shall not be admitted unless he first proves that such claim has been disallowed, in whole or in part, by the General Accounting Office, or that he has, at the time of the trial, obtained possession of vouchers not previously procurable and has been prevented from presenting such claim to the General Accounting Office by absence from the United States or unavoidable accident. (62 Stat. 972; 28 U. S. C. 2406)

NOTE: See 28 U. S. C. 2406 as to credits on account of claims, etc., in suits against others than postmasters.

§ 18.41 *Interest on defaulted balances.* In all suits for balances due to the Post Office Department, interest thereon shall be recovered, from the time of the default, at the rate of six per centum per year. (R. S. 964; 39 U. S. C. 746)

§ 18.42 *Delinquents for public money; judgment; continuance.* In an action by the United States against any person accountable for public money who fails to pay into the Treasury the sum reported due the United States, upon the adjustment of his account the court shall grant judgment upon motion unless a continuance is granted as specified in this section.

A continuance may be granted if the defendant, in open court and in the presence of the United States attorney, states under oath that he is equitably entitled to credits which have been disallowed by the General Accounting Office prior to the commencement of the action, specifying each particular claim so rejected, and stating that he cannot safely come to trial.

A continuance may also be granted if such an action is commenced on a bond or other sealed instrument and the court requires the original instrument to be produced. (62 Stat. 972; 28 U. S. C. 2407)

§ 18.43 *Warrant of attachment in postal suits*—(a) *When issued.* In all cases where debts are due from defaulting or delinquent postmasters, contractors, or other officers, agents, or employees of the Post Office Department, a warrant of attachment may issue against all real and personal property and legal and equitable rights belonging to such officer, agent, or employee, and his sureties, or either of them, in the following cases:

(1) When such officer, agent, or employee, and his sureties, or either of them, is a nonresident of the district where such officer, agent, or employee was appointed, or has departed from such district for the purpose of permanently residing out of the same, or of defrauding the United States, or of avoiding the service of civil process.

(2) When such officer, agent, or employee, and his sureties, or either of them, has conveyed away, or is about to convey away his property, or any part thereof, or has removed or is about to remove the same or any part thereof from the district wherein it is situate, with intent to defraud the United States. (R. S. 924; 39 U. S. C. 837)

(b) *Execution when property has been removed.* And when any such property has been removed, certified copies of the warrant may be sent to the marshal of the district into which the same has been removed, under which certified copies he may seize said property and convey it to some convenient point within the jurisdiction of the court from which the warrant originally issued. And alias warrants may be issued in such cases upon due application, and the validity of the warrant first issued shall continue until the return day thereof. (R. S. 924; 39 U. S. C. 837)

(c) *Application for.* Application for such warrant of attachment may be made by any district or assistant district attorney, or any other person authorized by the Postmaster General, before the judge, or, in his absence, before the clerk of any court of the United States having original jurisdiction of the cause of action. And such application shall be made upon an affidavit of the applicant, or of some other credible person, stating the existence of either of the grounds of attachments enumerated in paragraphs (a) and (b) of this section, and upon production of legal evidence of the debt. (R. S. 925; 39 U. S. C. 838)

NOTE: See 39 U. S. C. 838 to 846 (old Title 28 U. S. C. 738 to 746) as to proceedings under warrants of attachment.

§ 18.44 *Proceedings in equity when other action fruitless.* When proceedings at law for money due the Post Office Department are fruitless, the Department of Justice may direct the institution of a suit in chancery, in any United States district court, to set aside fraudulent conveyances or trusts, or attach debts due the defendant, or obtain any other proper exercise of the powers of equity to have satisfaction of any judgment against such defendant. (R. S. 382, as amended; 5 U. S. C. 332)

§ 18.45 *Limitation of liability of sureties*—(a) *On bonds of postmasters.* If on the settlement of the account of any postmaster it shall appear that he is indebted to the United States, and suit therefor shall not be instituted within three years after the close of such ac-

count, the sureties on his bond shall not be liable for such indebtedness. (R. S. 3838; 39 U. S. C. 40)

NOTE: Under 39 U. S. C. 40, the 3-year limitation runs from the time the postmaster's account is "closed" by audit and settlement, the word "settlement" in connection with public transactions and accounts being used to describe administrative determination of the amount due. (U. S. *v.* Cash et al. 293 Fed. 584.)

(b) *On bonds of United States officials and others.* If, upon the statement of the account of any official of the United States, or of any officer disbursing or chargeable with public money, by the accounting officers, it shall thereby appear that he is indebted to the United States, and suit therefor shall not be instituted within five years after such statement of said account, the sureties on his bond shall not be liable for such indebtedness. (Sec. 2, 25 Stat. 387, as amended; 6 U. S. C. 5)

§ 18.46 *Disposal of penalties and forfeitures recovered and fines collected.* All penalties and forfeitures imposed for any violation of law affecting the Post Office Department for its revenue or property shall be recoverable, one-half to the use of the person informing and prosecuting for the same, and the other half to be paid into the Treasury for the use of the Post Office Department, unless a different disposal is expressly prescribed. All fines collected for violations of such laws shall be paid into the Treasury for the use of the Post Office Department. (R. S. 4059; 39 U. S. C. 791)

§ 18.47 *Amounts of fines to be collected only through courts.* The amount which might be imposed as a fine for a violation of a criminal statute, if tendered by a person who is charged with a violation of such a statute, shall not be accepted. Fines for such offenses can only be imposed and collected through the courts.

§ 18.48 *Priority of United States as creditor.* Whenever any person indebted to the United States is insolvent, or whenever the estate of any deceased debtor, in the hands of the executors or administrators, is insufficient to pay all the debts due from the deceased, the debts due to the United States shall be first satisfied; and the priority established shall extend as well to cases in which a debtor, not having sufficient property to pay all his debts, makes a voluntary assignment thereof, or in which the estate and effects of an absconding, concealed, or absent debtor are attached by process of law, as to cases in which an act of bankruptcy is committed. (R. S. 3466; 31 U. S. C. 191)

NOTE: After payment of all expenses, taxes, and claims for labor and services rendered, the United States, as between the Government and other claimants, is entitled to priority under 31 U. S. C. 191, in the distribution of any balance of assets. (Opinion of the Solicitor of the Treasury, September 28, 1914.)

11 U. S. C. 104, a portion of the bankruptcy law, in establishing the order of priority in bankruptcy proceedings, prescribes that "debts owing to any person, including the United States, who by the laws of the United States in [is] entitled to priority" are entitled to the next priority after certain costs of administration, wages, taxes, and similar claims.

§ 18.49 *Liability of executors or others to recognize priority of United States as creditor.* Every executor, administrator, or assignee, or other person, who pays, in whole or in part, any debt due by the person or estate for whom or for which he acts before he satisfies and pays the debts due to the United States from such person or estate, shall become answerable in his own person and estate to the extent of such payments for the debts so due to the United States, or for so much thereof as may remain due and unpaid. (R. S. 3467, as amended; 31 U. S. C. 192)

§ 18.50 *Priority of surety on bond same as that of United States.* Whenever the principal in any bond given to the United States is insolvent, or whenever, such principal being deceased, his estate and effects which come to the hands of his executor, administrator, or assignee, are insufficient for the payment of his debts, and, in either of such cases, any surety on the bond, or the executor, administrator, or assignee of such surety pays to the United States the money due upon such bond, such surety, his executor, administrator, or assignee, shall have the like priority for the recovery and receipt of the moneys out of the estate and effects of such insolvent or deceased principal as is secured to the United States; and may bring and maintain a suit upon the bond, in law or equity, in his own name, for the recovery of all moneys paid thereon. (R. S. 3468; 31 U. S. C. 193)

COMPROMISES

§ 18.51 *Compromise of judgment.* Whenever a judgment is obtained for a debt or damages due the Post Office Department, and it satisfactorily appears that such judgment, or so much thereof as remains unpaid, cannot be collected by due process of law, the General Accounting Office may, with the written consent of the Postmaster General, compromise such judgment, and accept in satisfaction less than the full amount thereof. (R. S. 295 as amended; 31 U. S. C. 115)

§ 18.52 *Compromise or remission of fine, penalty, forfeiture, or liability.* (a) In all cases of fine, penalty, forfeiture, or disability, or alleged liability for any sum of money by way of damages or otherwise, under any provision of law in relation to the officers, employees, operations, or business of the postal service, the Postmaster General may prescribe such general rules and modes of proceeding as shall appear to be expedient, for the government of the Bureau of Accounts in the Post Office Department, in ascertaining the fact in each case in which the Comptroller of the Bureau of Accounts shall certify to him that the interests of the department probably require the exercise of his powers over fines, penalties, forfeitures, and liabilities; and upon the fact being ascertained, the General Accounting Office may, with the written consent of the Postmaster General, mitigate or remit such fine, penalty, or forfeiture, remove such disability or compromise, release, or discharge such claim for such sum of money and damages, and on such terms as the Comptroller of the Bureau of Accounts in the Post Office Department shall deem just and expedient. (R. S. 409, as amended; 5 U. S. C. 383)

(b) The provisions of paragraph (a) of this section shall extend in all cases pending on March 4, 1925, or which may thereafter arise to balances due to the United States through accountability for public moneys under any provision of law in relation to the officers, employees, operations, or business of the Postal Service, excepting the class of cases cognizable under section 49 of Title 39. (43 Stat. 1266; 5 U. S. C. 384)

§ 18.53 *Submission of proposition of compromise.* Any proposition of compromise shall be submitted in writing and the amount thereof deposited with the Superintendent, Division of Finance and Disbursing Officer, Bureau of the Third Assistant Postmaster General.

CLAIMS AGAINST THE UNITED STATES

§ 18.54 *Transfer and assignment of claims on United States*—(a) *Requirements.* All transfers and assignments made of any claim upon the United States, or of any part or share thereof, or interest therein, whether absolute or conditional, and whatever may be the consideration therefor, and all powers of attorney, orders, or other authorities for receiving payment of any such claim, or of any part or share thereof, shall be absolutely null and void, unless they are freely made and executed in the presence of at least two attesting witnesses, after the allowance of such a claim, the ascertainment of the amount due, and the issuing of a warrant for the payment thereof. Such transfers, assignments, and powers of attorney, must recite the warrant for payment, and must be acknowledged by the person making them, before an officer having authority to take acknowledgments of deeds, and shall be certified by the officer; and it must appear by the certificate that the officer, at the time of the acknowledgment, read and fully explained the transfer, assignment, or warrant of attorney to the person acknowledging the same. The provisions of this section shall not apply to payments for rent of post-office quarters made by postmasters to duly authorized agents of the lessors. * * * (R. S. 3477, as amended; 31 U. S. C. 203)

(b) *Exceptions.* The provisions of paragraph (a) of this section shall not apply in any case in which the moneys due or to become due from the United States or from any agency or department thereof, under a contract providing for payments aggregating $1,000 or more, are assigned to a bank, trust company, or other financing institution, including any Federal lending agency: *Provided,* (1) That in the case of any contract entered into prior to October 9, 1940, no claim shall be assigned without the consent of the head of the department or agency concerned; (2) That in the case of any contract entered into after October 9, 1940, no claim shall be assigned if

it arises under a contract which forbids such assignment; (3) That unless otherwise expressly permitted by such contract any such assignment shall cover all amounts payable under such contract and not already paid, shall not be made to more than one party, and shall not be subject to further assignment, except that any such assignment may be made to one party as agent or trustee for two or more parties participating in such financing; (4) That in the event of any such assignment, the assignee thereof shall file written notice of the assignment together with a true copy of the instrument of assignment with (i) the General Accounting Office, (ii) the contracting officer or the head of his department or agency, (iii) the surety or sureties upon the bond or bonds, if any, in connection with such contract, and (iv) the disbursing officer, if any, designated in such contract to make payment. Notwithstanding any law to the contrary governing the validity of assignments, any assignment pursuant to this paragraph and the following paragraph shall constitute a valid assignment for all purposes. * * * (R. S. 3477, as amended; 31 U. S. C. 203)

§ 18.55 *When claimant is indebted to United States*—(a) *Amount of debt to be withheld from judgment.* When any final judgment recovered against the United States duly allowed by legal authority shall be presented to the Comptroller General of the United States for payment, and the plaintiff therein shall be indebted to the United States in any manner, whether as principal or surety, it shall be the duty of the Comptroller General of the United States to withhold payment of an amount of such judgment equal to the debt thus due to the United States; and if such plaintiff assents to such set-off, and discharges his judgment or an amount thereof equal to said debt, the Comptroller General of the United States shall execute a discharge of the debt due from the plaintiff to the United States. * * * (18 Stat. 481, as amended; 31 U. S. C. 227)

(b) *When claimant denies indebtedness.* * * * But if such plaintiff denies his indebtedness to the United States, or refuses to consent to the set-off, then the Comptroller General of the United States shall withhold payment of such further amount of such judgment as in his opinion will be sufficient to cover all legal charges and costs in prosecuting the debt of the United States to final judgment. * * * (18 Stat. 481, as amended; 31 U. S. C. 227)

(c) *Legal action to be taken.* * * * And if such debt is not already in suit, it shall be the duty of the Comptroller General of the United States to cause legal proceedings to be immediately commenced to enforce the same, and to cause the same to be prosecuted to final judgment with all reasonable dispatch. * * * (18 Stat. 481, as amended; 31 U. S. C. 227)

(d) *Settlement when judgment rendered against United States.* * * * And if in such action judgment shall be rendered against the United States, or the amount recovered for debt and costs shall be less than the amount so withheld as before provided, the balance shall then be paid over to such plaintiff by such Comptroller General of the United States with 6 per centum interest thereon for the time it has been withheld from the plaintiff. (18 Stat. 481, as amended; 31 U. S. C. 227)

NOTE: The preceding four paragraphs set out the whole of 31 U. S. C. 227.

(e) *Payment of compensation to be withheld from person indebted to United States.* No money shall be paid to any person for his compensation who is in arrears to the United States, until he has accounted for and paid into the Treasury all sums for which he may be liable. In all cases where the pay or salary of any person is withheld in pursuance of this section, the General Accounting Office, if required to do so by the party, his agent or attorney, shall report forthwith to the General Counsel for the Department of the Treasury the balance due; and the General Counsel shall, within sixty days thereafter, order suit to be commenced against such delinquent and his sureties. (R. S. 1766, as amended; 5 U. S. C. 82)

(f) *Pay to be withheld from employee removed for cause.* From and after February 24, 1931, there shall be no withholding or confiscation of the earned pay, salary, or emolument of any civil employee of the United States removed for cause: *Provided*, That if at the time of such removal any such employee is indebted to the United States any salary, pay, or emolument accruing to such employee coming within the provisions of this section shall be applied in whole or in part to the satisfaction of any claim or indebtedness due to the United States. (46 Stat. 1415; 5 U. S. C. 46a)

(g) *When credit disallowed by General Accounting Office for payment of compensation.* * * * whenever upon the statement of the account of any disbursing officer of the United States in the General Accounting Office credit shall have been disallowed for any payment to any person in the executive branch of the Government, otherwise entitled to compensation from the United States or from any agency or instrumentality thereof, such compensation of the payee may be withheld until full reimbursement has been accomplished under such regulations as may be prescribed by the head of the department, branch, or independent establishment (including corporations) under which such payee is entitled to receive compensation. * * * (49 Stat. 1374, as amended; 5 U. S. C. 46b)

§ 18.56 *Application for subpœna of witnesses in claim action.* Any head of a department or bureau in which a claim against the United States is properly pending may apply to any judge or clerk of any court of the United States, in any State, District, or Territory, to issue a subpœna for a witness being within the jurisdiction of such court, to appear at a time and place in the subpœna stated, before any officer authorized to take depositions to be used in the courts of the United States, there to give full and true answers to such written interrogatories and cross-interrogatories as may be submitted with the application, or to be orally examined and cross-examined upon the subject of such claim. (R. S. 184; 5 U. S. C. 94)

NOTE: See 5 U. S. C. 95 as to fees to witnesses; 5 U. S. C. 96 as to penalty for witness refusing to attend in response to subpœna; and § 130.21 and 18 U. S. C. 285 as to penalties for presenting false claims, etc. These provisions apply to claims arising in connection with the departmental service.

§ 18.57 *Jurisdiction of Court of Claims.* (a) The Court of Claims shall have jurisdiction to render judgment upon any claim against the United States:

(1) Founded upon the Constitution; or

(2) Founded upon any act of Congress; or

(3) Founded upon any regulation of an executive department; or

(4) Founded upon any express or implied contract with the United States; or

(5) For liquidated or unliquidated damages in cases not sounding in tort. (62 Stat. 940; 28 U. S. C. 1491)

The Court of Claims shall have jurisdiction to render judgment upon any claim by a disbursing officer of the United States or by his administrator or executor for relief from responsibility for loss, in line of duty, of Government funds, vouchers, records or other papers in his charge. (62 Stat. 941; 28 U. S. C. 1496)

The Court of Claims shall have jurisdiction to render judgment upon any set-off or demand by the United States against any plaintiff in such court. (62 Stat. 942; 28 U. S. C. 1503)

The Court of Claims shall not have jurisdiction of any claim for a pension. (62 Stat. 942; 28 U. S. C. 1501)

(b) The Court of Claims shall have jurisdiction to review by appeal final judgments in the district courts in civil actions based on tort claims brought under § 18.60 (a) if the notice of appeal filed in the district court has affixed thereto the written consent on behalf of all the appellees that the appeal be taken to the Court of Claims. (62 Stat. 942; 28 U. S. C. 1504)

§ 18.58 *Departmental claims or other matters referred to Court of Claims.* The Court of Claims shall have jurisdiction to report to the head of any executive department on any claim or matter involving controverted questions of law or fact and referred by him to such court, and to render judgment if the claim or matter referred is one over which the court has jurisdiction under other acts of Congress. (62 Stat. 941; 28 U. S. C. 1493)

A claim or matter referred to the Court of Claims by the head of an executive department shall be proceeded with as are other cases pending in such court, under its rules.

The court shall report its findings of fact and conclusions of law to the head of the department who referred the claim or matter.

The Secretary of the Treasury may, upon the certificate of the Comptroller General of the United States, direct any claim or matter, of which, by reason of the subject matter or character, the Court of Claims might take jurisdiction on the voluntary action of the claimant, to be transmitted, with all the

vouchers, papers, documents, and proofs pertaining thereto, to such court for trial and adjudication. (62 Stat. 977; 28 U. S. C. 2510)

§ 18.59 *Settlement of accounts in Court of Claims.* The Court of Claims shall have jurisdiction to determine the amount, if any, due the United States by reason of any unsettled account of any officer or agent of, or contractor with, the United States, or a guarantor, surety or personal representative of any such officer, agent or contractor, where:

(a) Claimant or the person he represents has applied to the proper department of the Government for settlement of the account;

(b) Three years have elapsed from the date of such application without settlement; and

(c) No suit upon the same has been brought by the United States. (62 Stat. 941; 28 U. S. C. 1494)

Notice of suit under paragraph (c) of this section shall be given to the Attorney General and to the head of the department requested to settle the account in question.

The judgment of the Court of Claims in such suit, or of the Supreme Court upon review, shall be conclusive upon the parties, and payment of the amount found due shall discharge the obligation.

A right of action shall accrue to the United States upon the judgment, but such right and any right of action on the original indebtedness shall be barred unless an action thereon is brought within three years after judgment. (62 Stat. 977; 28 U. S. C. 2511)

§ 18.60 *Jurisdiction of district courts in cases of claims.* (a) The district courts shall have original jurisdiction, concurrent with the Court of Claims, of: * * *

Any other civil action or claim against the United States, not exceeding $10,000 in amount, founded either upon the Constitution, or any act of Congress, or any regulation of an executive department, or upon any express or implied contract with the United States, or for liquidated or unliquidated damages in cases not sounding in tort.

Subject to the provisions of chapter 173 of this title, the district courts, together with the District Court for the Territory of Alaska, the United States District Court for the District of the Canal Zone and the District Court of the Virgin Islands, shall have exclusive jurisdiction of civil actions on claims against the United States, for money damages, for injury or loss of property, or personal injury or death caused by the negligent or wrongful act or omission of any employee of the Government while acting within the scope of his office or employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred.

The jurisdiction conferred by this section includes jurisdiction of any set-off, counterclaim, or other claim or demand whatever on the part of the United States against any plaintiff commencing an action under this section.

The district courts shall not have jurisdiction under this section of:

(1) Any civil action or claim for a pension;

(2) Any civil action to recover fees, salary, or compensation for official services of officers of the United States. (62 Stat. 933; 28 U. S. C. 1346)

(b) Any action against the United States under paragraph (a) of this section shall be tried by the court without a jury. (62 Stat. 971; 28 U. S. C. 2402)

(c) The courts of appeals shall have jurisdiction of appeals from all final decisions of the district courts of the United States, the District Court for the Territory of Alaska, the United States District Court for the District of the Canal Zone, and the District Court of the Virgin Islands, except where a direct review may be had in the Supreme Court. (62 Stat. 929; 28 U. S. C. 1291)

§ 18.61 *United States as defendant.* (a) Any civil action against the United States under § 18.60 (a) may be prosecuted only in the judicial district where the plaintiff resides.

(b) Any civil action on a tort claim against the United States under § 18.60 (a) may be prosecuted only in the judicial district where the plaintiff resides or wherein the act or omission complained of occurred. (62 Stat. 937; 28 U. S. C. 1402)

§ 18.62 *Time limitation on claims and demands.* (a) Every claim or demand (except a claim or demand by any State, Territory, possession or the District of Columbia) against the United States cognizable by the General Accounting Office under § 18.5 and 31 U. S. C. 236 shall be forever barred unless such claim, bearing the signature and address of the claimant or of an authorized agent or attorney, shall be received in said office within ten full years after the date such claim first accrued: *Provided,* That when a claim of any person serving in the military or naval forces of the United States accrues in time of war, or when war intervenes within five years after its accrual, such claim may be presented within five years after peace is established.

(b) Whenever any claim barred by paragraph (a) of this section shall be received in the General Accounting Office, it shall be returned to the claimant, with a copy of this section, and such action shall be a complete response without further communication. (Secs. 1 and 2, 54 Stat. 1061; 31 U. S. C. 71a)

Subchapter C—Post Offices

PART 24—ESTABLISHMENT AND DISCONTINUANCE OF POST OFFICES; CONDUCT OF OFFICES DURING ABSENCE OF POSTMASTERS

ESTABLISHMENT AND DISCONTINUANCE OF POST OFFICES

Sec.
24.1 Post offices.
24.2 Establishment of branches and stations.
24.3 Characteristics of branches and stations.
24.4 Change of name of post office.
24.5 Discontinuance of post office.
24.6 Summer and winter resort post offices.

ACTING POSTMASTERS

Sec.
24.7 When duties of postmaster assumed before appointment of postmaster or acting postmaster.

AUTHORITY: §§ 24.1 to 24.7 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

ESTABLISHMENT AND DISCONTINUANCE OF POST OFFICES

§ 24.1 *Post offices*—(a) *Establishment.* The Postmaster General shall establish post offices at all such places on post roads established by law as he may deem expedient, and he shall promptly certify such establishment to the General Accounting Office. (R. S. 3829, as amended; 39 U. S. C. 1)

(b) *Conducted without authority.* Whoever, without authority from the Postmaster General, sets up or professes to keep any office or place of business bearing the sign, name, or title of post office, shall be fined not more than $500. (62 Stat. 785; 18 U. S. C. 1729)

§ 24.2 *Establishment of branches and stations*—(a) *Authorization.* The Postmaster General, when the public convenience requires it, may establish within any post-office delivery one or more branch offices [stations or substations] for the receipt and delivery of mail matter and the sale of stamps and envelopes; and he shall prescribe the rules and regulations for the government thereof. But no letter shall be sent for delivery to any branch office contrary to the request of the party to whom it is addressed. (R. S. 3871; 39 U. S. C. 158)

(b) *Limitations.* No station, substation, or branch post office shall be established beyond the corporate limits or boundaries of any city or town which the principal office to which such station, substation, or branch office is attached is located, except in cases of villages, towns, or cities of fifteen hundred or more inhabitants not distant more than five miles as near as may be from the outer boundary or limits of such city or town in which the principal office is located. (29 Stat. 313; 39 U. S. C. 160)

(c) *Contract stations.* The Postmaster General may enter into contracts for the conduct of contract stations for a term not exceeding two years. (Sec. 15, 39 Stat. 163; 39 U. S. C. 161)

(d) *In Hawaii, Puerto Rico, and Virgin Islands.* The Postmaster General shall establish in the islands of Hawaii, in Puerto Rico, and the Virgin Islands under appropriate regulations to be prescribed by him, such branch offices, nonaccounting offices, or stations of Honolulu, San Juan, and Charlotte Amalie, respectively, as in his judgment may be necessary to improve the service and as may be required for the convenience of the public: *Provided, however,* That such branches, nonaccounting offices, and stations shall be conducted under the name of the existing post offices affected so as to maintain the identity of the offices concerned. (41 Stat. 323, as amended; 39 U. S. C. 159)

(e) *Service for United Nations headquarters district.* The appropriate American authorities will exercise, to the extent requested by the Secretary-Gen-

eral of the United Nations, the powers which they possess with respect to the supplying of public services to insure the headquarters district of the United Nations shall be supplied on equitable terms with the necessary public services, including post. In case of any interruption or threatened interruption of any such services, the appropriate American authorities will consider the needs of the United Nations as being of equal importance with the similar needs of essential agencies of the Government of the United States, and will take steps accordingly, to insure that the work of the United Nations is not prejudiced. (Sec. 17 (a) Agreement Between the United Nations and the United States of America, Regarding the Headquarters of the United Nations, confirmed by sec. 1, Public Law 357, 80th Congress.)

§ 24.3 *Characteristics of branches and stations*—(a) *Station designation.* Post office units located within the corporate limits of the municipality in which the post office to which they are attached is situated, shall be known as stations and designated by numbers, letters, or local names. When deemed necessary, numbered stations may also be located outside the corporate limits.

(b) *Branch designation.* Post office units located outside the corporate limits of the municipality in which the post office to which they are attached is situated, shall be known as branches and designated by local names only, and the name of every such branch post office shall be separately entered in its alphabetical order in the list of post offices in the Official Postal Guide.

(c) *Classes of stations and branches.* Stations and branch post offices shall be divided into the following classes:

(1) *Classified.* "Classified," those in charge of classified employees and occupying quarters provided by the Government.

(2) *Contract.* "Contract," those usually located in drug stores or other places of business and operated under contract by persons not in the classified service who are required to furnish quarters and equipment, heat, light, and the necessary clerical assistance. Where the needs of the service require, contract stations may be established in Government buildings provided the required space and equipment is furnished by the proper Federal authority, and the contractor receives no salary, pay, or emolument from any department or office of the Government and provided that the rate of compensation will take into consideration the fact that the contractor is not required to furnish space or equipment.

(3) *Independent.* Stations and branch post offices are "independent" when designated as such for the receipt and dispatch of registered mail direct, without passing through the office to which they are attached.

(d) *Facilities.* All stations and branch post offices shall transact money-order and registry business and shall sell postage supplies except where the purpose of the establishment of the station or branch is such as not to require these facilities, and when specially designated, shall transact postal-savings business.

§ 24.4 *Change of name of post office.* Names of post offices shall be changed only by order of the Postmaster General.

§ 24.5 *Discontinuance of post office*—(a) *Certification to General Accounting Office.* The Postmaster General may discontinue any post office where the safety and security of the Postal Service and revenues are endangered from any cause whatever, or where the efficiency of the service requires such discontinuance, and he shall promptly certify such discontinuance to the General Accounting Office. (R. S. 3864, as amended; 39 U. S. C. 2)

(b) *At county seat.* No post office established at any county seat shall be abolished or discontinued by reason of any consolidation of post offices made by the Postmaster General. This provision shall not apply to the city of Cambridge, Massachusetts, or to Towson, Maryland, or to Clayton, Saint Louis County, Missouri. (29 Stat. 313, as amended; 39 U. S. C. 3)

§ 24.6 *Summer and winter resort post offices*—(a) *Continuance.* Post offices at summer resorts and winter resorts shall be continued as offices, although no mail is received or dispatched during certain seasons.

ACTING POSTMASTERS

§ 24.7 *When duties of postmaster assumed before appointment of postmaster or acting postmaster.* A person who assumes charge of a third- or fourth-class office during a vacancy in the office of postmaster and before appointment of a postmaster or acting postmaster is not bonded and is merely acting for the postmaster, who is responsible under his bond for the conduct of the office until his successor has been duly appointed and has taken possession of the office. The accounts rendered during the services of such person should be signed in the name of the former postmaster by the person acting in his stead, as "A. B. postmaster, deceased (or removed, resigned, as the case may be), by (name of person conducting the office)." The compensation as postmaster may be withheld by such person from the receipts of the office. Where the receipts of the office are insufficient to pay the compensation of the person who assumed charge during the vacancy, the amount payable as compensation should be obtained through a written claim to the Postal Accounts Division of the General Accounting Office over the signature of the person entitled to payment.

PART 25—GENERAL PROVISIONS RELATING TO POST OFFICES

Sec.

25.1 Post offices to be open as directed by Postmaster General.
25.2 Change of site of post office.
25.3 Care of post offices.
25.4 Display of advertisements in post offices.
25.5 Post office hours.
25.6 Sunday service.
25.7 Holidays.
25.11 Extraneous activities by postmaster.
25.13 Pension vouchers.
25.14 Postmasters to give personal attention to offices.
25.17 Employment of clerks by postmasters at fourth-class offices.

AUTHORITY: §§ 25.1 to 25.17 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 25.1 *Post offices to be open as directed by Postmaster General.* Every postmaster shall keep an office in which one or more persons shall be on duty during such hours of each day as the Postmaster General may direct, for the purpose of receiving, delivering, making up, and forwarding all mail matter received thereat. (R. S. 3839; 39 U. S. C. 4)

§ 25.2 *Change of site of post office*—(a) *Application for authority.* Application for authority to change the site or location of a post office shall be made to the Fourth Assistant Postmaster General, Division of Post Office Quarters, when the office is of the first, second, or third class, and to the First Assistant Postmaster General, Division of Postmasters, when of the fourth class. The site of an office should not be changed without authority. If it is so changed, the postmaster shall be required to provide for the exchange and carrying of the mails without additional expense to the Post Office Department.

(b) *Particulars required with application.* The postmaster shall state in his application the distance and direction of the proposed new site from the one occupied, and whether the cost of transportation of mails will be increased or decreased, and shall furnish a map or diagram of the city, town, or village, showing the present and proposed locations with respect to the principal places of business, and at a fourth-class post office, if the distance is one-fourth of a mile or more, shall furnish a petition signed by a majority of the patrons of his office that the change is satisfactory to them. In the case of first, second, and third class post offices the postmaster shall also forward a diagram of the present and proposed quarters upon which is accurately indicated the dimensions of each and the space therein to be used for post office purposes exclusively. At such offices the postmasters shall also state the amount that will be required for rent and for light and fuel per year for the proposed new quarters. Where post offices are located on railroads the application shall show the distance between the proposed site and the railroad station by the nearest route open to public travel, and shall state whether mails are handled by railroad employees or a department mail messenger.

(c) *Railway Mail Service to be advised.* Postmasters at post offices located on railroads shall also advise the general superintendent, Railway Mail Service, in advance of a change in site of the office, giving the distance between the railroad station and the new site, and stating whether mails are handled between post office and station by employees of the railroad or of the Post Office Department. Where mails are handled by railroad employees the local

railroad agent or other representative shall also be advised before change of site is made.

§ 25.3 *Care of post offices.* (a) Post offices shall not be allowed to become resorts for loungers or disorderly persons, or the scene of disputes or controversies. Smoking may be prohibited in the lobbies. Whenever necessary, postmasters should call on the civil authorities to preserve order, and if they refuse or fail to do so, the office may be closed.

(b) Post offices shall be kept at all times in a clean and orderly condition.

(c) No post office, or branch, or station of any post office shall be located in a room where intoxicating liquor is sold to be consumed on the premises or in any room directly connected therewith.

§ 25.4 *Display of advertisements in post offices*—(a) *Prohibitions.* Advertisements, circulars, placards, handbills, cards, or notices relating to any private business, and pictures, cartoons, or other documents of a political character, or concerning any election, or designed to influence an election in favor of any candidate, shall not be placed upon the walls or elsewhere, for public exhibition, within post offices or the lobbies thereof, or on any portion of the post office premises.

(b) *Bulletin board for official notices.* Postmasters may, for the convenience of the public, allow bulletin boards to be placed in the post office, or may set apart some convenient place where notices of public assemblies, judicial sales, and other like announcements, whether printed or written, may be displayed; but these privileges shall be afforded without discrimination as to party or sect.

(c) *Posting of weather reports.* Postmasters shall post in a conspicuous place Weather Bureau reports received at their offices. (See §§ 34.17 and 90.0.)

(d) *Bulletin boards in employee swing rooms.* Postmasters may permit bulletin boards to be placed in the employees' swing rooms on which may be posted notices unobjectionable to the postmaster relating to the activities of employees' organizations, and such boards shall be equally available to all organizations. Such boards shall be erected according to specifications prepared by the postmaster, the expense thereof to be borne by the interested employees or organizations of employees.

(e) *Restrictions of postings in workrooms and lobbies.* The bulletin boards in the post-office workrooms and lobbies shall, except as stated in paragraph (b) of this section, be used only for the display of official notices, and no notices such as described in paragraph (d) of this section shall be posted thereon.

§ 25.5 *Post office hours*—(a) On business days. Post offices shall maintain window service for the delivery of mail and the sale of stamps every business day during the hours when the principal business houses are open. Any postmasters desiring specific instructions as to general-delivery and stamp-window hours should write to the First Assistant Postmaster General, stating the time of arrival and departure of mails and the hours observed by the principal business houses.

(b) *Registry service.* Offices of the first class and classified stations and branches thereof shall maintain window service for the registration of mail and the delivery of registered mail until 6 p. m., and offices of other classes shall maintain such service during the hours observed by the principal business houses.

(c) *Money-order service*—(1) *At first- and second-class offices.* Post offices of the first class shall maintain window service for the transaction of money-order business with the public from 9 a. m. to 5 p. m.; offices of the second class from 8 a. m. to 6 p. m.; and stations and branches of offices of the first and second class from 8 a. m. to 6 p. m. Additional time shall be allowed by the postmaster if necessary.

(2) *At third- and fourth-class offices.* Third- and fourth-class offices shall maintain window service for money-order business with the public during the hours observed for the transaction of postal business; and, as a general rule, window service for the transaction of money-order business shall be maintained during the period postage stamps and stamped paper are sold.

(d) *Postal-saving service.* Every post office designated as a postal-savings depositary shall remain open for the receipt and withdrawal of deposits every week day during the hours prescribed for the transaction of money-order business and at such other times as the business of the office may require or as the Postmaster General shall direct.

(e) *Window service during distribution of mails.* Service to the public at post-office windows shall not be suspended on account of the distribution of mails during the regular hours of service at such windows if the clerical force is sufficient to attend to both distribution and delivery at the same time.

(f) *Authority required for closing.* Post offices shall not be closed during business hours unless special authority has been obtained from the First Assistant Postmaster General.

(g) *Night service.* Postmasters shall not maintain night service, either at the main office or stations, where such service involves any additional expense, without authority from the First Assistant Postmaster General.

(h) *Lobbies open.* Lobbies of post offices may remain open at the postmaster's discretion when no one is on duty if the screen work extends to the ceiling and if all doors, windows, and wickets connecting the lobby with the working portion of the office are securely locked and police protection is adequate.

§ 25.6 *Sunday service*—(a) *At first- and second-class offices*—(1) *Limitation.* Post offices of the first and second classes shall not be open on Sundays for the purpose of delivering mail to the general public, but this provision shall not prevent the prompt delivery of special-delivery mail. (Sec. 1, 37 Stat. 543; 39 U. S. C. 5)

(2) *Clerks and carriers on duty.* Postmasters at first- and second-class post offices shall not require more clerks and carriers to be on duty on Sundays than are requisite to collect and prepare mail for dispatch and to make such distribution of incoming mail as is necessary to meet the requirements of the law as to special-delivery mail and to perform such distribution as may be necessary to prevent congestion or an accumulation of mail that would prevent prompt deliveries on Monday. Renters of lock boxes may be permitted to obtain on Sundays such mail as may be distributed into their boxes during the process of necessary distribution.

(3) *Lobbies open.* When the distribution of mail to lock boxes is necessary lobbies may be left open for such length of time thereafter as is safe and expedient.

(b) *At third- and fourth-class offices*—(1) *Limitation.* At third- and fourth-class post offices it is not necessary for the postmaster or any clerks to be officially employed on Sundays unless mail arrives during the time between the Saturday closing hour and 6 p. m. Sunday. If such mail does arrive and the public convenience requires its delivery on Sundays, window service may be accorded the public not more than once nor for more than 1 hour, and the time of such service to patrons shall not be during that of church service.

(2) *Special delivery and certain optional service.* Special-delivery mail at third- and fourth-class post offices shall be delivered on Sunday if such mail arrives between the closing hour on Saturday and 6 p. m. on Sunday. If window service is accorded the public at such an office on Sunday, the sale of postage stamps, the registration of mail, the delivery of registered mail and the issuance and payment of money orders is left to the option of the postmaster.

§ 25.7 *Holidays*—(a) *Days designated as.* * * * holidays [in the Postal Service] shall be New Year's Day (January 1); Washington's Birthday (February 22); Memorial Day (May 30); Independence Day (July 4); the first Monday in September, known as Labor Day; Armistice Day (November 11); Thanksgiving Day (fourth Thursday of November); and Christmas (December 25). All days, other than the holidays enumerated herein, set aside by the President of the United States as holidays to be observed by the other departments of the Government throughout the United States shall be construed as applicable to the Postal Service in the same manner and to the same extent as the executive departments. (E. O. 9636, October 3, 1945, 28 Stat. 96, Sec. 1, 39 Stat. 416, as amended, 52 Stat. 351, 55 Stat. 862; 5 U. S. C. 87, 87a, 87b, 39 U. S. C. 119)

(b) *Service on.* On the holidays specified above, post offices shall render window service such length of time as may be necessary to meet the reasonable postal requirements of the public. Mails shall be made up and dispatched on such holidays as on other weekdays.

(c) *When fall on Sunday.* When any of the holidays mentioned in the first paragraph falls on Sunday, the following Monday shall be observed.

NOTE: See 21 Comp. Gen. 901.

§ 25.11 *Extraneous activities by postmaster*—(a) *Advertising.* Postmasters shall not use their official signatures for advertising purposes, or stamp their own or any other advertisement upon mail matter passing through their offices.

(b) *Testimonials.* No postmaster or other postal officer or employee in his official capacity shall, without special authority from the Postmaster General, give any indorsement to a private enterprise or business institution; and no postmaster shall give official indorsements of patrons of his office, or testimonials, or guaranties as to their honesty, reliability, etc.

(c) *Lottery agent.* Postmasters and other employees in the Postal Service shall not act as agents for any lottery or send or deliver any mail matter relating thereto.

(d) *Other business at offices of fourth class.* Postmasters at post offices of the fourth class may transact other business in the same room in which the post office is located; but such business shall be kept separate and distinct from that of the post office.

§ 25.13 *Pension vouchers*—(a) *Administration of oath*—(1) *General.* All United States officers on March 1, 1889, authorized to administer oaths are hereby required and directed to administer any and all oaths required to be made by pensioners and their witnesses in the execution of their vouchers for their pensions free of charge. (25 Stat. 782; 38 U. S. C. 59)

NOTE: By the act of March 5, 1874 (18 Stat. 19), authority to administer certain oaths was given to "any officer, civil or military, holding a commission under the United States." All presidental postmasters hold commissions under the United States and are therefore included in paragraph 1 of this section.

(2) *By fourth-class postmasters.* * * * Fourth-class postmasters of the United States are hereby required, empowered, and authorized to administer any and all oaths required to be made by pensioners and their witnesses in the execution of their vouchers with like effect and force as officers having a seal; and such postmaster shall affix the stamp of his office to his signature to such vouchers, and he is authorized to charge and receive for each voucher not exceeding twenty-five cents, to be paid by the pensioner. (28 Stat. 499; 38 U. S. C. 60)

(3) *By rural carriers.* * * * Rural free delivery carriers of the United States are hereby required, empowered, and authorized to administer any and all oaths required to be made by pensioners and their witnesses in the execution of their vouchers, with like effect and force as officers having a seal, and they are authorized to charge and receive for each voucher not exceeding twenty-five cents, to be paid by the pensioner. (Sec. 2, 36 Stat. 843, 38 U. S. C. 61)

(b) *Definition of terms.* A pensioner within the meaning of said laws and as referred to throughout this section may be any person to whom pension is due and payable from the United States and who is required to execute and present a voucher for the payment thereof, whether such person be in fact a pensioner, the wife of a pensioner, the guardian of a pensioner or of his wife or minor children, or a payee of pension as reimbursement on account of expenses of last sickness and burial of a pensioner. The term "voucher" applies not only to the form commonly so designated but to any and all sworn statements required in connection with such form.

(c) *Fees for execution*—(1) *Charge of.* A fourth-class postmaster or rural carrier may demand and receive but one fee for each voucher as prescribed by the laws, whether the voucher should include one or several papers or involve the administration of an oath to one or several persons, but he is entitled to the fee if called upon to authenticate any one of the papers necessary to complete a voucher where the others are required to be or have been executed elsewhere; and he cannot refuse to authenticate a voucher or any paper necessary to its completion if the lawful fee be tendered. The laws do not empower postmasters or rural carriers to administer oaths in any other matters relating to pensions within the jurisdiction of the Administrator of Veterans' Affairs or any other Federal officer.

(d) *Form of oath.* Persons having religious scruples against taking an oath may affirm. No particular set of words need be employed in administering the oath or taking the affirmation. It will be sufficient, in substance, to charge the persons swearing or affirming: "You do solemnly swear (or affirm) that the statements contained in the voucher signed by you are to your knowledge true."

(e) *Exhibition of certificate.* In all cases where the voucher form calls for statements of possession and exhibition of the pension certificate, it must be exhibited to the postmaster or rural carrier at the execution of each and every voucher for the payment of any pension. When the certificate is lost or cannot for any other reason be exhibited, the voucher may be executed only upon the exhibition to the postmaster or rural carrier of a permit duly issued by the Administrator of Veterans' Affairs, and such permit must be securely attached to the voucher.

(f) *Title in signature.* Postmasters should add after their names, when signed to vouchers, the word "Postmaster." Rural carriers shall attach their signatures to vouchers written in the same manner as signed to their official bonds, adding thereafter the words "Rural Carrier No. —," the name of the post office and the State.

(g) *Limitations on who can execute.* Neither acting postmasters, assistant postmasters, temporary nor substitute rural carriers are qualified by paragraphs 1 and 2 of this section to authenticate pension vouchers. Vouchers authenticated by any such officials will not be accepted.

(h) *Stamp impression.* Postmasters and rural carriers shall place on each voucher in the place marked "L. S." a clear, distinct, and legible impression of the postmarking stamp, showing the date, name of the post office, and the State. Vouchers authenticated by postmasters and rural carriers without using a postmarking stamp or with unsatisfactory impressions of the postmarking stamp will not be accepted.

(i) *Penalty for false authentication.* To authenticate a voucher prior to the fourth day of the month in which the pension is payable and post-date the jurat to make it appear that the voucher was executed on any other than the actual date of execution; or to authenticate a voucher without the pensioner being present and duly sworn, or in the absence of witnesses where witnesses are required; or to willfully aid or assist in the making or in any wise procure the making or presentation of any false or fraudulent affidavit, declaration, certificate, voucher, or paper, or writing concerning any claim for pension, renders the offender liable to a fine not exceeding $500, or to imprisonment for a term of not more than three years.

NOTE: See 38 U. S. C. 126.

(j) *Inquiries concerning execution.* Inquiries concerning the execution of pension vouchers should be addressed to the Administrator of Veterans' Affairs, Washington, D. C. (25 Stat. 782, 28 Stat. 499, Sec. 2, 36 Stat. 843; 38 U. S. C. 59, 60, 61)

§ 25.14 *Postmasters to give personal attention to offices.* (a) Postmasters at offices of the first, second, and third classes must devote not less than 8 hours during the business portion of the day to the business of their offices. The fact that postmasters are available this number of hours is not sufficient but they should actually perform duties appropriate to their positions. They should not engage in any business or activity which in any way interferes with the proper discharge of their duties as postmasters and must not engage in any business which involves soliciting or canvassing of their patrons.

(b) At offices of the fourth class, postmasters shall personally make a daily check of the finances of the offices and see that all financial records are completed each day. Their hours of service should be during the usual business hours of the day and when the principal mail is received and dispatched.

NOTE: Detailed instructions concerning all the duties and methods of supervision by postmasters are not practicable herein, but good postal service and adequate protection of the revenues require that postmasters personally perform such duties as are outlined in chapter II of the Manual of Instructions for Postal Personnel.

§ 25.17 *Employment of clerks by postmasters at fourth-class offices.* The postmaster at an office of the fourth class may employ as clerks without expense to the department, in addition to the required assistant, such competent members of his family or other persons, whether of legal age or not, as he may desire to have assist him. All persons eligible and competent who are regularly employed or likely to be called upon to handle mail or perform other official work in such a post office shall take the oath of office (Form 9005), which oath shall be filed in the post office.

PART 26—LEASES, ALLOWANCES, AND SUPPLIES FOR POST OFFICES

Sec.
26.1 Allowances for rent, light, fuel, and water.
26.2 Leasing of premises.
26.3 Applications for canceling machines and allowances for purchase of other items.
26.4 Expenditures to be made only as authorized.
26.5 Applications for allowances for labor and service items.
26.6 No allowances for expenses in making payments or collections.
26.7 Requisitions for operating supplies.

AUTHORITY: §§ 26.1 to 26.7 (except for authority cited in text), issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 26.1 *Allowances for rent, light, fuel, and water*—(a) *Authorization.* Such amounts as may be necessary may be allowed by the Postmaster General at post offices of the first, second, and third classes for rent, light, and fuel.

(b) *Applications for.* Applications for allowances for rent, light, fuel, and water at offices of the first, second, and third classes shall be addressed to the Fourth Assistant Postmaster General, Division of Post Office Quarters. The amount needed for each item shall be specified.

(c) *Expenditures not to exceed amount authorized.* Expenditures for rent, light, fuel, and water shall not be made unless authorized; and the amount allowed for each item shall not be exceeded. Credit shall only be allowed for the amount actually disbursed, and vouchers therefor shall accompany the quarterly postal account. (See § 18.15.)

(d) *Subletting of space.* When the rental for an entire room or store for the use of the post office is paid by the Post Office Department, no portion thereof shall be sublet without the consent of the Fourth Assistant Postmaster General. If any such premises are sublet, the rental received therefor shall be accounted for as part of the revenues of the office. (See §§ 17.34 and 17.36.)

(e) *Allowances at fourth-class offices.* (1) After July 1, 1928, postmasters of the fourth class shall be paid as allowances for rent, fuel, light, and equipment an amount equal to 15 per centum of the compensation earned in each quarter, such allowances to be paid at the end of each quarter at the same time and in the same manner as their regular compensation. (45 Stat. 724; 39 U. S. C. 60a)

NOTE: See Public Law 271, 78th Congress (58 Stat. 130).

(2) Postmasters at offices of the fourth class shall be paid as an allowance for rent, fuel, light, and equipment an amount equal to 15 percent of the compensation actually allowable and payable for each quarter, as provided in the law of June 4, 1926.

§ 26.2 *Leasing of premises*—(a) *Authorization.* The Postmaster General may, in the disbursement of the appropriation for rent, light, and fuel for first-, second-, and third-class post offices, apply a part thereof to the purpose of leasing premises for the use of post offices of the first, second, and third classes at a reasonable annual rental, to be paid quarterly for a term not exceeding 20 years. (Sec. 1, 41 Stat. 578; 39 U. S. C. 11)

(b) *Monthly payment of rental.* The Postmaster General may make monthly payment of rental for post-office premises under lease. (43 Stat. 1105; 39 U. S. C. 12)

NOTE: Leases for quarters for the housing of Government-owned automobiles (garages) are limited to a term of not exceeding 10 years. (See act of February 14, 1923, 42 Stat. 1248, and succeeding appropriation acts.)

(c) *Without contract.* The Postmaster General in his discretion may rent quarters for postal purposes without entering into a formal written contract in any case where the amount of the rental does not exceed $1,000 per annum. (R. S. 3709, as amended; 39 U. S. C. 14)

(d) *Limitations.* No appropriation shall be obligated or expended for the rent of any building or part of a building to be occupied for Government purposes at a rental in excess of the per annum rate of 15 per centum of the fair market value of the rented premises at date of the lease under which the premises are to be occupied by the Government nor for alterations, improvements, and repairs of the rented premises in excess of 25 per centum of the amount of the rent for the first year of the rental term, or for the rental term if less than one year: *Provided*, That the provisions of this section shall not apply to leases made prior to June 30, 1932, except when renewals thereof are made after such date, * * *. *Provided further*, That the provisions of this section as applicable to rentals, shall apply only where the rental to be paid shall exceed $2,000 per annum. (Sec. 322, 47 Stat. 412, as amended; 40 U. S. C. 278a)

(e) *No rent to be paid when building unfit for use.* Whenever any building or part of a building under lease becomes unfit for use as a post office, no rent shall be paid until the same shall be put in a satisfactory condition by the owner thereof for occupation as a post office, or the lease may be canceled, at the option of the Postmaster General. (Sec. 1, 23 Stat. 386, as amended; 39 U. S. C. 10)

(f) *Requests for additional equipment.* Where under the terms of a lease for post-office quarters the lessor is required to provide equipment or to make repairs to building, fixtures, or equipment the postmaster shall submit to the Fourth Assistant Postmaster General, Division of Post Office Quarters, all requests for such equipment or repairs and shall not make demands direct upon the lessor.

(g) *Correspondence relative to leases.* All correspondence relative to the leasing of premises for post offices shall be addressed to the Fourth Assistant Postmaster General, Division of Post Office Quarters.

§ 26.3 *Applications for canceling machines and allowances for purchase of other items.* Applications for canceling machines at first- and second-class offices and allowances covering the purchase of miscellaneous items at such offices shall be addressed to the Fourth Assistant Postmaster General, Division of Equipment and Supplies. No supplies are to be purchased locally except in case of extreme emergency or where prior authority for such action has been received.

NOTE: There is no objection to postmasters procuring canceling machines at their own expense.

§ 26.4 *Expenditures to be made only as authorized.* Authorization for expenditures shall specify the allowance for each item and the period covered. Allowances may be made at an annual rate. Credit shall be allowed only for expenditures authorized and for the amount actually disbursed, and vouchers therefor shall accompany the quarterly postal account.

§ 26.5 *Applications for allowances for labor and service items.* Applications for allowances for labor incident to cleaning post office and station quarters, and for telephones, laundering towels, and other service items, shall be addressed to the First Assistant Postmaster General, Division of Post Office Service.

§ 26.6 *No allowances for expenses in making payments or collections.* No allowance shall be made to any postmaster for expenses incurred in paying authorized expenditures by money order, check, or otherwise, or in depositing or collecting moneys due the Post Office Department.

§ 26.7 *Requisitions for operating supplies*—(a) *Instructions.* Requisitions for operating supplies, including money-order forms and postal-savings certificates, shall be made on such forms and submitted in such manner as may be prescribed by the Fourth Assistant Postmaster General, Division of Equipment and Supplies, through the medium of the Official Postal Guide and through general orders issued from time to time.

(b) *Prohibition against placing devices in post offices for test.* Postmasters shall not permit any person or firm to leave or install in post offices or upon post-office premises, for test, approval, or otherwise, any machine, invention, or device, on any pretext whatsoever, without first obtaining specific written authority from the Department: *Provided*, That this provision shall not be construed as prohibiting a postmaster, unless he shall be otherwise directed by the Department, from utilizing in his office any typewriter, adding machine, or other office appliance or article purchased at his own expense.

PART 27—LETTER, CALL, AND LOCK BOXES, AND KEY DEPOSITS

LETTER, CALL, AND LOCK BOXES

Sec.
27.1 Letter drops at offices of third and fourth classes.
27.2 Furnishing of equipment.
27.3 Equipment purchase or replacement upon change of postmaster.
27.4 Key or automatic keyless boxes required.
27.5 Lock boxes provided by patrons.
27.6 Box-rent rates.
27.7 Rent of boxes.
27.8 Account for receipts from box rents.
27.9 Record of box holders.
27.10 Names of box holders not to be disclosed.

KEY DEPOSITS

Sec.
27.11 Box keys.
27.12 Key-deposit funds.

AUTHORITY: §§ 27.1 to 27.12 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

LETTER, CALL, AND LOCK BOXES

§ 27.1 *Letter drops at offices of third and fourth classes.* At third- and fourth-class post offices a slot shall be cut in the outer door of the post office for the deposit of mail. In the event the providing of a slot in the door is not feasible, a letter box shall be provided, so constructed that it will be accessible to the public at all hours, and the mail therein be properly protected.

§ 27.2 *Furnishing of equipment*—(a) *At offices of second and third classes.* At post offices of the second and third classes, where the equipment is not provided for by the Post Office Department, it shall be furnished by the postmaster.

(b) *At offices of fourth class.* Postmasters at offices of the fourth class shall furnish at their own expense such equipment as may be necessary to meet the public demands.

§ 27.3 *Equipment purchase or replacement upon change of postmaster.* Postmasters are not required to purchase the equipment or their predecessors. A retiring postmaster should not remove his equipment to the detriment of the public service, when such equipment is not purchased by his successor, until the latter has had a reasonable time in which to obtain and install other equipment. Where the equipment of a predecessor is used at offices of the second or third classes and is not included in a lease to the Post Office Department, and at offices of the fourth class, the postmaster shall pay from his personal funds a reasonable rental for such equipment, the amount to be agreed upon between the parties interested.

§ 27.4 *Key or automatic keyless boxes required.* Nonautomatic keyless boxes shall not be installed or used in a post office. Postmasters should provide lock boxes of the key or automatic keyless types.

§ 27.5 *Lock boxes provided by patrons*—(a) *Authorization.* Postmasters may allow box holders who desire to do so to provide lock boxes or drawers for their own use, at their own expense, which lock boxes or drawers, upon their erection in any post office, shall become the property of the United States, and be subject to the direction and control of the Post Office Department, and shall pay a rental at least equal to that of other boxes in the same office, or, if there be no other boxes in such office, of boxes in other offices of the same class, which rental shall be accounted for as other box rents. (See §§ 27.7 and 27.8 of this chapter.) (R. S. 4052; 39 U. S. C. 785)

(b) *Conditions.* The erection of lock boxes and drawers by the patrons of post offices shall be permitted only in cases where it will not result in damage to the other equipment or necessitate such a rearrangement thereof as to make the change detrimental to the service. Applications for authority to erect private boxes or drawers shall be submitted to the Third Assistant Postmaster General, Division of Finance.

(c) *Patrons not to be required to furnish own lock boxes.* Postmasters shall not require the patrons of the office to furnish their own lock boxes or drawers or to contribute in anywise, beyond the payment of the regular rental for the use of a box, toward the purchase or maintenance of an equipment of lock, call, or delivery boxes.

§ 27.6 *Box-rent rates*—(a) *Schedule.* Box rents shall be collected in accordance with the following schedule, no change in existing rates to be made by postmasters without authority from the Third Assistant Postmaster General, Division of Finance:

Gross receipts of post office	Rate per quarter						
	Call boxes		Lock boxes and drawers				
	No. 1	No. 2	No. 1	No. 2	No. 3	No. 4	No. 5
Less than $500	$0.10	$0.15	$0.20	$0.25	$0.35	$0.45	$0.60
$500 and less than $1,900	.15	.20	.25	.35	.45	.60	.75
$1,900 and less than $5,000	.20	.25	.35	.45	.60	.75	1.00
$5,000 and less than $10,000	.25	.35	.45	.60	.75	1.00	1.50
$10,000 and less than $40,000	.35	.45	.60	.75	1.00	1.50	2.00
$40,000 and less than $100,000	.45	.60	.75	1.00	1.50	2.00	3.00
$100,000 and less than $300,000	.60	.75	1.00	1.50	2.00	3.00	4.00
$300,000 and less than $1,000,000	.75	1.00	1.50	2.00	3.00	4.00	5.00
$1,000,000 and less than $5,000,000	1.00	1.50	2.00	3.00	4.00	5.00	6.00
$5,000,000 and less than $15,000,000	1.50	2.00	3.00	4.00	5.00	6.00	7.00
$15,000,000 and upward	2.00	3.00	4.00	5.00	6.00	7.00	8.00

No. 1. Less than 225 cubic inches in capacity.
No. 2. Capacity 225 cubic inches and less than 500 cubic inches.
No. 3. Capacity 500 cubic inches and less than 900 cubic inches.
No. 4. Capacity 900 cubic inches and less than 3,000 cubic inches.
No. 5. Capacity 3,000 cubic inches and upward.

(b) *Patrons not to be required to rent boxes.* Patrons shall not be required to rent either lock or call boxes or lock drawers.

§ 27.7 *Rent of boxes*—(a) *No service until rent paid.* No box at any post office shall be assigned to the use of any person until the rent thereof has been paid for at least one quarter in advance, for which the postmaster shall give a receipt. (R. S. 3901; 39 U. S. C. 279)

(b) *Rent collected quarterly.* Box rents shall be collected at the beginning of each quarter for the entire quarter, but no longer. Ten days before the last day of each quarter, postmasters shall place a notice in each rented box that the rent is due and payable on or before the last day of the quarter. If a box holder fails to renew his right to his box on or before the last day of a quarter the box shall then be closed and offered for rent, and the mail placed in the general delivery, unless deliverable by carrier. (See §§ 43.22 and 43.23.)

(c) *Payment of rent by Federal Government agencies.* Agencies of the Federal Government through their proper officers shall be permitted to pay the rental on post office boxes for not more than one full fiscal year in advance, or for the remaining one, two, or three quarters of such fiscal year. Box rentals accepted in advance under the foregoing provisions shall be placed with other trust funds and shall be withdrawn therefrom and placed with other box rent receipts at the beginning of the quarter to which applicable. In the case of boxes rented to agencies of the Federal Government and paid for in advance, postmasters shall give notice fifteen days in advance of the expiration of the period for which rental has been paid. If a Government agency surrenders a box, any advance rental fees on hand shall be refunded upon presentation of receipt by proper official.

(d) *When box rented after beginning of quarter.* When a box is rented after the beginning of the quarter the rent to be collected shall be computed by multiplying the number of days remaining in the quarter, including the day on which the box is rented, by the rate and dividing the product by the total number of days in the quarter. A box taken or in use at the beginning of a quarter shall not be rented for a shorter period than one quarter. When a box is surrendered during a quarter no portion of the rental shall be returned, and such box shall not be rerented until the beginning of the following quarter. Boxes shall not be assigned or transferred to others by box holders.

(e) *Removal or change of box equipment.* When boxes are removed during a quarter, and no others substituted in their places, a pro rata amount of the rent paid shall be refunded. When box equipments are changed during a quarter or the equipment is destroyed, boxes bearing the same numbers, if possible, in the new outfit shall be assigned to box holders without payment of additional rental.

(f) *Boxes out of order.* Lock boxes which cannot be properly locked shall not be rented until repaired; and when a box gets out of repair another one shall be assigned in lieu thereof.

(g) *When rented to minors.* Boxes shall not be rented to minors or persons of unsound mind when their parents or guardians, properly entitled to control their mail, object thereto.

(h) *Not rented for improper purposes.* A box shall not be rented to any person whom the postmaster has good reason to believe will use it for the purpose of deception, for immoral or improper purposes (see § 36.2), or for the conduct of a fraudulent or lottery business (see §§ 36.1 and 36.6). When it is found that a box is being used for any of these purposes, or that the safety of the mail is endan-

gered by its continued use, the postmaster shall report the facts to the department, which reserves the right to close such box and not refund any portion of the rent paid therefor.

(i) *Not rerented to persons who misuse.* Boxes shall not be rerented to persons who do not take proper care thereof or who disregard the rules concerning their use. (R. S. 3901; 39 U. S. C. 279)

§ 27.8 *Account for receipts from box rents*—(a) *At all offices.* Postmasters at all offices, including those where the box equipment is furnished by the postmaster, shall enter in their quarterly accounts the amount of all rents collected for boxes assigned for that quarter as part of the receipts of the office, and in case of retirement from office during a quarter the amount of all box rents collected shall be reported.

(b) *Debit in account of rental quarter.* Box rents shall be debited in the account covering the quarter to which the rental applies, irrespective of the date of collection.

§ 27.9 *Record of box holders*—(a) *How kept.* Postmasters shall keep in their offices and deliver to their successors a list of box holders, with the number of the box assigned to each, the time during which it has been used, the payments therefor, and the quarter for which rent is prepaid.

(b) *Forms.* This record shall be kept at offices of the first, second, and third classes as indicated in the "Box and key register," and at offices of the fourth class in cashbook 1550 C/F. The stubs of box-rent receipts shall be preserved at all offices.

(c) *When not furnished to postmaster by predecessor.* When no record is turned over to a postmaster by his predecessor, he shall require box holders to produce receipts or other satisfactory evidence of payment of rent, and allow the use of the boxes for the remainder of the period for which payment has been made.

§ 27.10 *Names of box holders not to be disclosed.* Postmasters shall not disclose the names of box holders to any person other than the clerks of their respective post offices and post-office inspectors.

KEY DEPOSITS

§ 27.11 *Box keys*—(a) *Deposits for.* (1) Postmasters at post offices located in Federal buildings, and in premises leased by the Government where equipment is furnished by the lessor, and in buildings where lock box equipment is furnished by the Department, shall collect a deposit of 22 cents for each key issued to a renter of a lock box or drawer unless otherwise instructed by the Third Assistant Postmaster General.

(2) When specially authorized by the Third Assistant Postmaster General, other postmasters than those at offices named in the preceding paragraph may also collect deposits to secure the return of keys.

(b) *Return of.* Renters of lock boxes and drawers to whom keys are issued shall be required to return them, whether a deposit has been made therefor or not, whenever the box or drawer is surrendered.

(c) *Only regular type to be used.* Postmasters shall not permit renters of lock boxes and drawers to use any keys except those regularly issued though the post office.

§ 27.12 *Key-deposit funds*—(a) *Liability for.* Postmasters shall be held responsible under their official bonds for the safe-keeping of, and due accounting for, all moneys received as deposits for keys.

(b) *Use of.* Key-deposit funds are trust funds and shall be held for the redemption of outstanding keys. When forfeited such funds may be used, after permission has been secured from the Third Assistant Postmaster General, to replace keys that have been lost or illegally withheld.

(c) *Payments from.* No postmaster shall be permitted to expend from the key funds of his post office any amount in payment of bills demanded for keys unless such bills contain an itemized statement showing the number and kind of keys furnished for which payment is demanded.

Subchapter D—Domestic Mail Matter

PART 34—CLASSIFICATION AND RATES OF POSTAGE

GENERAL PROVISIONS

Sec.
34.1 Classification of mail matter.
34.2 Domestic rates and conditions.
34.3 Prepayment of postage required.
34.4 Double postage, when charged.

MATTER OF THE FIRST CLASS; DESCRIPTION

34.5 First-class matter.
34.6 Postal cards.
34.7 Private mailing cards ("post cards").

RATES OF POSTAGE

34.8 Rates of postage on first-class matter.
34.9 Business reply cards and envelopes.
34.11 Rate of postage on postal cards and post cards.
34.12 Insufficiently prepaid first-class matter.
34.13 Insufficiently prepaid drop letters.
34.14 Letters of soldiers, sailors, and marines.
34.15 Free mailing of absentee ballots for armed forces.
34.16 Double postage on ship letters.
34.17 Weather Bureau reports.
34.18 Mutilated money.

MATTER OF THE SECOND CLASS; GENERAL DESCRIPTION

34.19 Second-class matter; definition.
34.20 Conditions for admission as second-class matter.
34.21 Periodical publications of societies and institutions; admission as second-class matter.
34.22 Periodicals of State departments of agriculture.
34.23 Foreign periodicals.

GENERAL PROVISIONS AS TO ADMISSION OF PUBLICATIONS AS SECOND-CLASS MATTER

34.24 Regularity of issue.
34.25 Known office of publication.
34.26 Legitimate list of subscribers.
34.27 Advertising publications.

SECOND-CLASS APPLICATION FEES

34.28 Fees for entry as second-class matter.

APPLICATIONS FOR SECOND-CLASS MAIL PRIVILEGES

Sec.
34.29 Application for entry as second-class matter.
34.30 Conditional acceptance as second-class matter.
34.31 Indicia on second-class matter.
34.32 Decision as to admissibility as second-class matter.
34.33 Procedure in changes of publication.
34.34 Department record.
34.35 Post office record.
34.36 False evidence to secure second-class entry.
34.37 Cancellation of entry.

SWORN OWNERSHIP AND CIRCULATION STATEMENTS; MARKING OF PAID EDITORIAL MATTER

34.38 Filing and publication of annual sworn statement of ownership.
34.39 Paid reading matter to be marked "advertisement."

SECOND-CLASS POSTAGE RATES OUTSIDE COUNTY OF PUBLICATION

34.40 Postage rates on second-class matter.

SECOND-CLASS POSTAGE RATES WITHIN COUNTY OF PUBLICATION

34.41 Free-in-county matter, and rates on second-class matter at letter-carrier offices.

TRANSIENT SECOND-CLASS POSTAGE RATES

34.42 Transient second-class postage rates.

POSTAGE RATES ON ADVERTISEMENT PROOF SHEETS, BACK NUMBERS, REPRINTS, AND INCOMPLETE COPIES

34.43 Sheets or portions sent in proof of insertion of advertisement.
34.44 Back numbers, reprints, and incomplete copies.

COLLECTING AND ACCOUNTING FOR SECOND-CLASS POSTAGE AND SEPARATING FOR MAILING

34.45 Collection of postage on second-class matter.
34.46 Filing of copy of each issue of second-class publication mailed.
34.47 Mailing requirements for second-class matter.
34.48 Publications sent by printer to publisher.
34.49 Free-in-county matter to be mailed separately.
34.50 Separations for delivery at letter-carrier post office.

SAMPLE COPIES OF SECOND-CLASS PUBLICATIONS

34.52 Sample copies mailed as second-class matter.

SUPPLEMENTS TO SECOND-CLASS PUBLICATIONS

34.53 Supplements to second-class matter.
34.54 Acceptability as supplements.

PARTS AND SECTIONS OF SECOND-CLASS PUBLICATIONS

34.55 Publications prepared in parts or sections.

ADDITIONS TO AND INCLOSURES WITH SECOND-CLASS PUBLICATIONS

34.56 Permissible writing, printing, or other additions on second-class matter.
34.57 Bills, receipts, or orders with second-class matter.
34.58 Examination of second-class matter at mailing office.
34.59 Detention of matter not entitled to second-class rate.

SECOND-CLASS MAILING PRIVILEGES FOR NEWS AGENTS

34.60 News agents.
34.61 Mailing of publications by news agents.

ADDRESSING AND PREPARING COPIES FOR MAILING

Sec.
34.62 Wrapping and folding of publications.

UNDELIVERABLE SECOND-CLASS MATTER

34.63 Undeliverable second-class matter.

CONTROLLED CIRCULATION PUBLICATIONS

34.64 Publications issued regularly and circulated free or mainly free.

MATTER OF THE THIRD CLASS; DESCRIPTION; POSTAGE RATES

34.65 Third-class matter.
34.66 Pound rate for bulk mailings of third-class matter.
34.67 Circulars.
34.68 Printed matter; definition.
34.69 Typewritten matter; facsimile copies.
34.70 Letters for the blind.
34.71 Transient copies of Congressional Record.

PERMISSIBLE ADDITIONS ON THIRD-CLASS MATTER

34.72 Permissible additions on third-class matter.

MATTER OF THE FOURTH CLASS: PARCEL POST; DESCRIPTION

34.73 Fourth-class matter.
34.74 Excess size.

RATES OF POSTAGE ON FOURTH-CLASS MATTER

34.75 Pound basis of postage rates on fourth-class matter.
34.76 Fourth-class postage rates by zones.
34.77 Postage rates on individually addressed catalogs.
34.78 Special handling of fourth-class matter.
34.79 Authority to reclassify articles, weights, rates, zones, and other conditions of mailability.
34.80 Fourth-class rates to Alaska, Hawaiian Islands, and Canal Zone.
34.81 Fourth-class rates to naval vessels.
34.82 Rate of postage on shipments of gold.
34.83 Rates of postage on library books.
34.84 Rates of postage on other books.

PERMISSIBLE ADDITIONS ON FOURTH-CLASS MATTER

34.85 Permissible additions on fourth-class matter.

AIR MAIL

34.86 Postage rates for air mail (except postal cards) weighing eight ounces or less.
34.87 Postage rates for postal and post cards sent by air mail.
34.88 Postage rates for air parcel post.
34.89 Definition of "domestic air mail."
34.90 Official penalty or franked matter.
34.91 Air-mail stamps and envelopes.
34.92 Prepayment of postage.

MISCELLANEOUS PROVISIONS

34.93 Supplies for parcel post system.
34.94 Customs declarations required in parcels addressed to Navy No. 214.
34.95 Mailing of cigarettes and tobacco products to A. P. O.'s 124 and 125 prohibited.

AUTHORITY: §§ 34.1 to 34.95 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

GENERAL PROVISIONS

§ 34.1 *Classification of mail matter.* Mailable matter shall be divided into four classes:

First, written matter;

Second, periodical publications;

Third, miscellaneous printed matter and other mailable matter [not exceeding eight ounces] not in the first, second, or fourth classes;

Fourth, merchandise and other mailable matter weighing * * * [more] than eight ounces and not in any other class. (Sec. 7, 20 Stat. 358, as amended; 39 U. S. C. 221)

§ 34.2 *Domestic rates and conditions*—(a) *Where applicable.* The domestic rates of postage and conditions shall apply to mail addressed for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States, and to that for transmission to or from the United States or its possessions and officers or members of crews of United States naval vessels; and to any other places where the United States Mail Service may be in operation, including bases in foreign countries and other places outside the continental United States served by Navy or Army post offices.

(b) *Definitions.* The term "United States" shall include Alaska and Hawaii. The term "possessions of the United States" shall include Puerto Rico, the Virgin Islands of the United States, Guam, Tutuila and Manua Islands of the Samoan group east of longitude 171° (west of Greenwich), and the Canal Zone.

NOTE: The islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco are embraced in the term "Canal Zone." The Virgin Islands of the United States embrace St. Thomas, St. John, St. Croix, and adjacent islands, formerly known as the Danish West Indies.

§ 34.3 *Prepayment of postage required.* Postage on all mail matter must be prepaid by stamps at the time of mailing, unless [herein] otherwise provided for * * * (R. S. 3896; 39 U. S. C. 271)

§ 34.4 *Double postage, when charged.* If any mail matter, on which by law the postage is required to be prepaid at the mailing office, shall by inadvertence reach its destination without any prepayment, double the prepaid rates shall be charged and collected on delivery. (R. S. 3898; 39 U. S. C. 274)

MATTER OF THE FIRST CLASS; DESCRIPTION

§ 34.5 *First-class matter.* (a) Mailable matter of the first class shall embrace letters, postal cards, and all matters wholly or partly in writing, except as [hereinafter] provided * * *. (Sec. 8, 20 Stat. 358; 39 U. S. C. 222)

(b) Typewriting shall continue to be classed as handwriting as provided by this chapter. (See § 34.69.) (Sec. 1, 46 Stat. 526; 39 U. S. C. 221a)

(c) All matter sealed or otherwise closed against inspection shall be treated as first-class matter. (See § 35.6.)

(d) Bills or statements of account produced by any photographic or mechanical process when mailed in quantities of less than 20 identical pieces shall be treated as first-class matter. (See § 34.65.)

§ 34.6 *Postal cards*—(a) *Additions permitted.* Postal cards issued by the Post Office Department may bear written, printed, or other additions as follows:

(1) The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., but the space to the right for the address only.

(2) Addresses upon postal cards may be either written, printed, or affixed thereto, at the option of the sender. (Sec. 15, 19 Stat. 82; 39 U. S. C. 248)

(3) Very thin sheets of paper may be attached to the card on condition that they completely adhere thereto.

(4) Advertisements, illustrations, or writing may appear on the back of the card and on the left third of the face.

(b) *No unauthorized additions.* A postal card bearing additional matter other than as above authorized shall not be accepted for mailing as a postal card.

§ 34.7 *Private mailing cards ("post cards")*—(a) *Authorization.* It shall be lawful to transmit by mail, at the postage rate of 1 cent apiece, payable by stamps to be affixed by the sender, and under such regulations as the Postmaster General may prescribe, written messages on private mailing cards, such cards to be sent openly in the mails, to be no larger than the size fixed by the convention of the Universal Postal Union, and to be approximately of the same form, quality, and weight as the stamped postal card in general use in the United States * * * (30 Stat. 419, as amended; 39 U. S. C. 281)

(b) *Specifications.* Private mailing cards ("post cards") in the domestic mails shall conform to the following conditions:

(1) A "post card" shall be an unfolded piece of cardboard not exceeding approximately $3\frac{9}{16}$ by $5\frac{9}{16}$ inches nor less than $2\frac{3}{4}$ by 4 inches.

(2) It shall in form and in the quality and weight of paper be substantially like the Government postal card.

(3) It may be of any color not interfering with a legible address and postmark.

(4) It may or may not, at the option of the sender, bear near the top of the face the words "Post Card."

(5) The face of the card may be divided by a vertical line; the left half to be used for a message, etc., but that to the right for the address only.

(6) Very thin sheets of paper may be attached to the card, and then only on condition that they completely adhere thereto.

(7) Advertisements and illustrations may appear on the back of the card and on the left half of the face.

(c) *Place for stamp and address.* Post cards should bear in the upper right corner of the face an oblong diagram containing the words "Place postage stamp here" and at the bottom of the space to the right of the vertical dividing line the words "This space for the address."

(d) *Double or reply post cards*—(1) *Postage rate.* Double or reply post cards, each portion of which conforms in size, quality, etc., to the foregoing conditions, when sent for bona fide reply purposes only, are subject to 1 cent postage, to be prepaid on the initial portion. The reply half, when detached and mailed, is also subject to 1 cent postage. The postage

on the reply half need not be affixed thereto until it is detached from the initial half and mailed for return.

(2) *Directions for use.* If the initial half is not detached when the reply half is mailed for return, the card is subject to the letter rates of postage if wholly or partly in writing or bearing the words "Post Card," "Private Mailing Card," or similar words. Double cards must be so prepared that the address on the reply portion is on the inside when the double card is mailed. When both the original address of the double card and the address on the reply half are exposed it causes confusion in the mails and such folded cards are not mailable unless inclosed in envelopes or wrappers. The reply half may be prepared in the form of a business reply card. Double cards used primarily to send statements of account or similar matter are not acceptable at the 1-cent post-card rate, but are subject to postage at the letter rates.

(e) *Rates of postage on cards which do not conform.* Cards which do not conform to the prescribed conditions shall, if they bear a message wholly or partly in writing, or if they bear the words "Post Card" or "Private Mailing Card," be charged with postage at the letter rate. If they do not bear the words "Post Card" or "Private Mailing Card" and are entirely in print, they shall be charged with postage at the third-class rate.

(f) *Bearing particles of glass, sand, tinsel, and similar substances.* Cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances shall not be accepted for mailing, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails.

(g) *Inclosed in envelopes.* Cards mailed under cover of sealed envelopes (transparent or otherwise) shall be charged with postage at the first-class rate, and, if in unsealed envelopes, according to the character of the message. The postage stamps shall be affixed to the envelopes covering the cards. Stamps affixed to matter inclosed in envelopes shall not be recognized in payment of postage thereon.

RATES OF POSTAGE

§ 34.8 *Rates of postage on first-class matter*—(a) *Exception for drop letters.* The rate of postage on all mail matter of the first class (except postal cards and private mailing or post cards) shall be 3 cents for each ounce or fraction thereof: *Provided,* That drop letters shall be charged at the rate of 1 cent for each ounce or fraction thereof when mailed for local delivery at post offices where free delivery by carrier is not established, and when they are not collected or delivered by rural or star-route carriers. * * * (Sec. 9, 20 Stat. 358, as amended; 39 U. S. C., 280)

(b) *Letters for delivery by rural or star-route carriers.* Postage on first-class matter deposited at a post office for local delivery to patrons thereof by rural or star-route carriers and on that deposited by such patrons in rural or star-route boxes for local delivery to other patrons of the same post office, including those served by rural or star-route carriers, shall be charged at the rate of 3 cents for each ounce or fraction thereof.

(c) *Letters sent in bulk to another post office.* Letters, bills, statements, etc., prepared at a central office of a concern rendering service at some other place, presented for local delivery at the post office of such latter place, shall be accepted at the 1-cent or 3-cent drop letter rate; whichever is applicable for local matter at the particular post office. The stamps used in the payment of postage on such matter or others in lieu thereof should be purchased at the post office where the matter is deposited for mailing. (See § 91.1.)

NOTE: A drop letter is one addressed for delivery from the office at which it is posted.

§ 34.9 *Business reply cards and envelopes*—(a) *Authorization.* Under such regulations as the Postmaster General may prescribe, it shall be lawful to accept for transmission in the mails without prepayment of postage business reply cards and letters in business reply envelopes, which have been sent out in the quantity and under the conditions he may establish, postage thereon at the regular rate, together with an additional postage charge of not more than 2 cents on each such card and letter, to be collected on delivery. (Sec. 2, 45 Stat. 940; 39 U. S. C. 303)

(b) *Rates of postage.* The postage on business reply cards when collected on delivery as provided in this section shall be 2 cents each, and the postage on letters in business reply envelopes shall be the regular first-class rate plus 1 cent additional for each letter. When such cards and envelopes are prepared for return by air mail, the regular air mail rate plus 1 cent additional shall be collected on delivery.

(c) *Application for permit.* Persons desiring to send out or distribute business reply cards and envelopes for return under this section shall make application therefor on Form 3614 to the postmaster at the office to which the cards or envelopes are to be returned, who, except as otherwise instructed, shall transmit it to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, and await the receipt of a permit and instructions as to procedure. No fee is required to accompany such application.

(d) *Specifications.* Business reply cards shall conform in size, form, and quality of paper stock to the conditions prescribed in § 34.7 (b) for private mailing or post cards. Such cards and also business reply envelopes, which must be furnished by the user without cost to the Department, shall bear on the address side in the manner prescribed in the permit the printed name and address of the person or concern to whom they are to be returned, together with the permit number and such other information as may be required.

(e) *Treatment at office where mailed for return.* Business reply cards and envelopes deposited in the mails at any post office for return to the person or concern who sent them out under the provisions of this section shall be postmarked and promptly dispatched in accordance with the address thereon.

(f) *Collection of postage at office to which returned.* When business reply cards an denvelopes are returned to the office of origin, they shall be delivered to the person for whom they are intended upon payment of the postage chargeable thereon as prescribed in paragraph (b) of this section. Postage-due stamps representing the amount collected on the cards and envelopes so returned and delivered shall be affixed to one or more of the cards or envelopes or to a piece of paper attached thereto and canceled, stamps of the highest denominations available being used for such purpose.

(g) *Quantity and manner.* Business reply cards and envelopes may be distributed in any quantity and in any manner desired except for the purpose of locating delinquent debtors.

(h) *Various forms of.* The cards may be prepared either as reply portions of double post cards or folded cards or may be enclosed with other matter, as also may the envelopes.

(i) *Domestic use only.* Business reply cards and envelopes will be accepted for return mailing at all post offices in the United States and its possessions, except the Canal Zone. They should not be sent to any foreign countries, including Canada, Cuba, Mexico, and the Republic of Panama, as they cannot be returned from any foreign country without prepayment of postage.

(j) *Specifications and conditions.* Business reply cards must conform to the conditions prescribed for post cards or private mailing cards, and, therefore, may not be smaller than 2¾ inches by 4 inches (a size somewhat larger is preferable) nor larger than approximately 3Ⅿ inches by 5Ⅿ inches. They may be printed in two or more colors. The law authorizing the use of business reply cards and envelopes does not contemplate that they shall be attached to parcels of merchandise or other matter either for the purposes of carrying messages or merely as address tags or labels without prepayment of postage. They may be used to transmit communications only, as that term is commonly understood. Business reply cards or envelopes may not be used to return parcels of merchandise or other articles without prepayment of the required postage on both the cards (or envelopes) and the parcels.

(k) *Labels.* Business reply labels may be printed in newspapers, etc., to be cut out and affixed to plain envelopes, or to cards conforming to the foregoing conditions. The prescribed business reply indicia may also be printed on gummed labels for use in the same manner.

(l) *Printed form of address side.* The address side of such cards, envelopes, and labels shall be printed in one of the forms shown below and include the name and complete address of the person or concern to whom they are to be returned, the permit number, the name of the post office issuing the permit, and the other prescribed indicia. When Form B is used the name of the permit holder may be inserted if desired after the words "Postage will be paid by." A space of at least 1⅛ inches shall be left for postmarking at the top of the card or envelope. No

extraneous matter may appear on the address side. However, when Form A is used, the word "From" together with blank lines for the insertion of the name and address of the sender, may be placed in the upper left corner of the address side, but such lines should not extend into the space within 3½ inches from the right end, which must be reserved for the postmark and indicia.

(m) *Small boxes or cartons.* Small boxes or cartons may be distributed by opticians, dental laboratories, and others to their customers for use in returning eyeglasses or spectacles, dentures, etc., for repair or replacement. The boxes and cartons in such cases will bear the inscription, "Business reply box" and "First-class mail," but otherwise will bear the same indicia as those prescribed for business reply cards and envelopes.

(n) *Collection of postage; handling.* Postmasters must see that the proper postage is collected on all business reply cards and envelopes before delivering them to the addressees. Such cards or letters must not be placed in direct packages or sacks made up for individuals or concerns.

(o) *Permits to distribute.* Permits to distribute business reply cards and envelopes are issued with the understanding that the permit holder guarantees to pay the postage on all that are returned.

(p) *Distribution for return to branches or agencies elsewhere.* (1) When large concerns having branches or dealers throughout the country desire to distribute business reply cards and envelopes from their main office to be returned to such dealers or branches, the distribution may be made under permits obtained at each of the offices to which the cards or envelopes are to be returned, or under one permit issued at the post office where the main office is located.

(2) When the distribution is made under a permit issued at the post office where the main office of the person or concern is located, it shall be with the understanding that the person or concern distributing the cards or envelopes guarantees that the postage will be paid on all such cards or envelopes returned in the event any of the branches or agents refuse to accept delivery and pay the postage due thereon.

(3) Postmasters shall promptly report to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, any refusal to pay the postage due by any person or concern to whom such business reply cards or envelopes are addressed, giving the permit number.

(q) *Return by air mail.* (1) Business reply cards and envelopes may be prepared for return via air mail, the regular air-mail rate (see §§ 34.86 to 34.88) plus 1 cent additional to be collected upon delivery.

(2) Such cards and envelopes must bear, in addition to the prescribed indicia, the words "Via air mail," which should be printed in bold letters on the right portion of the address side above the name of the addressee and adjacent to the heavy short lines along the right edge of the address side. The form of business reply card or envelope (Form A) which includes the amount of postage to be collected, should be used and the proper amount at the air-mail rate plus 1 cent should be shown, as, for example:

7c.—POSTAGE WILL BE PAID BY—

(3) In order that business reply cards and envelopes intended for return by air mail may be readily identified, the red and blue parallelograms forming a part of the distinctive design, which has been approved for air-mail envelopes, should be placed around the edges of cards and envelopes. Assurance cannot be given that business reply cards and envelopes will receive air-mail treatment unless they are of the distinctive air-mail design, thus enabling them to be readily identified.

§ 34.11 *Rate of postage on postal cards and post cards.* The rate of postage on postal cards (including the cost of manufacture) and private mailing or post cards (conforming to the condition prescribed by * * * [§ 34.7 (a)]) shall be 1 cent each. (Sec. 9, 20 Stat. 358, as amended; 39 U. S. C., 1946, Sup., 280)

§ 34.12 *Insufficiently prepaid first-class matter.* All mail matter of the first class upon which one full rate of postage has been prepaid shall be forwarded to its destination, charged with the unpaid rate, to be collected on delivery; * * *. If the postage is short paid one rate, the additional charge shall be * * * (3) cents, or the deficient postage. If it is short more than one rate, the deficient postage and an additional charge of 1 cent for each [short-paid] ounce or fraction thereof shall be collected. (Sec. 26, 20 Stat. 361, as amended; 39 U. S. C. 275)

§ 34.13 *Insufficiently prepaid drop letters.* In adjoining cities and in those adjacent districts of dense population having two or more post offices within a distance of three miles of each other, any letter mailed at one of such cities and/or offices and addressed to an adjoining city or to a locality within the delivery of another of such offices, which shall have been inadvertently prepaid at the drop or local letter rate of postage only, may be forwarded to its destination through the proper office, charged with the amount of the deficient postage, to be collected on delivery. (R. S. 3937, as amended; 39 U. S. C. 407)

§ 34.14 *Letters of soldiers, sailors, and marines*—(a) *Transmission of unpaid.* * * * The Postmaster General may * * * provide, by regulation, for transmitting unpaid and duly certified letters of soldiers, sailors, and marines in the service of the United States to their destination, to be paid on delivery. (Sec. 9, 20 Stat. 358, as amended; 39 U. S. C. 280)

(b) *How marked.* Letters sent by soldiers, sailors, and marines in the United States service, located in the United States or any of its possessions or other places where the United States domestic mail service is in operation, addressed to places in the United States or any of its possessions, when indorsed "Soldier's letter," "Sailor's letter," or "Marine's letter," and signed thereunder either with facsimile hand stamp or in writing, with his official designation, by a field or staff officer, post or detachment commander, to whose command the soldier belongs, or by a surgeon or chaplain at a hospital where he may be; and in the Navy and Marine service by any commissioned officer attached to the vessel or officer commanding a hospital or detachment ashore, may be dispatched to destination without prepayment of postage, and only the single rate of postage shall be collected on delivery.

(c) *Free-mailing privilege for U. S. Public Health officers.* Under the provisions of section 212 of Public Law 410, approved July 1, 1944, commissioned officers of the United States Public Health Service while (1) in active service in time of war, (2) in active service performed while detailed for duty in the Army, Navy, or Coast Guard, (3) in active service outside the continental limits of the United States, or in Alaska, in time of war, or (4) in active service performed while the Service is part of the military forces of the United States pursuant to Executive order of the President, shall be entitled to the free-mailing privilege as provided by law in the case of commissioned officers of the Army.

(d) *Questions about privilege.* Should question arise as to the application of this free-mailing privilege in any instance, the facts should be reported to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, for instructions.

§ 34.15 *Free mailing of absentee ballots for armed forces*—(a) *Application cards.* (1) In order to afford an opportunity for persons to whom 50 U. S. C. ch. 14, subchapter II, is applicable to vote for Federal, State, and local officials and to utilize State absentee balloting procedures to the greatest extent possible, the Secretary of the Army, the Secretary of the Navy, the Secretary of the Treasury, and the Administrator of the War Shipping Administration, as may be appropriate, shall cause to be printed an adequate number of post cards for use in accordance with the provisions of this title and shall, wherever practicable and compatible with military or merchant-marine operations, cause such post cards to be made available to each person absent from the place of his residence and serving in the armed forces of the United States or in the merchant marine of the United States, or who is a civilian outside the United States officially attached to and serving with the armed forces of the United States, for use for any general election at which electors for President and Vice President or Senators and Representatives in Congress are to be voted for, such cards to be made available outside of the United States not later than August 15 prior to the election, and within the United States not later than September 15 prior to the election. The post cards referred to shall also, wherever practicable and compatible with military or merchant-marine operations, be made available to such persons at appropriate times for use in general elections other than those referred to above and in primary and special elections. (Sec. 209 (a), 60 Stat 99, as amended, 50 U. S. C. 329)

(2) In lieu of and interchangeably with the post cards referred to the Secretaries of the Army, Navy, and Treasury and the

Administrator of the War Shipping Administration may continue to make available, and the persons to whom this title is applicable may continue to use, post cards provided under 50 U. S. C. 323 prior to its amendment until the existing supply thereof is exhausted. (Sec. 209 (d), 60 Stat. 101 as amended, 50 U. S. C. 329)

(b) *Free mailing of balloting material.* Official post cards, ballots, voting instructions, and envelopes referred to in this act, whether transmitted individually or in bulk, shall be free of postage, including air-mail postage, in the United States mails: *Provided*, That in order to be entitled to free air-mail postage under this act, a State balloting unit, composed of ballot, voting instructions, and envelope or envelopes, must not exceed in weight the total of one ounce. (Sec. 402, 60 Stat. 102; 50 U. S. C. 352)

(c) *How marked.* (1) * * * so that the envelope in which the ballot is sent to a person to whom this title is applicable, and the envelope supplied for the return of the ballot, may be identified by the Post Office Department and other authorities as carrying an election ballot, * * * there [shall] be printed across the face of each such envelope two parallel horizontal red bars, each one-quarter inch wide, extending from one side of the envelope to the other side, with an intervening space of one-quarter inch, the top bar to be one-and-one-quarter inches from the top of the envelope, and with the words "Official Election Balloting Material—Via Air Mail," or similar language as prescribed in State law, between the bars; * * * there [shall] be printed in the upper right corner of each such envelope, in a box, the words, "Free of U. S. Postage, Including Air Mail"; and * * * all printing on the face of each such envelope [shall] be in red. * * * also * * * there [shall] be printed in red in the upper left corner of each State ballot envelope an appropriate inscription or blanks for return address of sender (State or local election officials, or voter, as the case may be). (Sec. 204 (a), 60 Stat. 97, 50 U. S. C. 324)

(2) Upon the * * * [address] side of the post card shall be printed in red the following:

Name and complete military, naval, or merchant marine address

---

Free of U. S. Postage including air mail

OFFICIAL ELECTION BALLOTING MATERIAL—
VIA AIR MAIL

Secretary of State of _____
(Home State)

_____
(Capital city of home State)

_____
(Home State)

(Sec. 209 (c), 60 Stat. 100; 50 U. S. C. 329c)

(d) *Movement to be expedited.* The Secretary of the Army, the Secretary of the Navy, the Secretary of the Treasury, the Postmaster General, the Administrator of the War Shipping Administration and other appropriate authorities shall, so far as practicable and compatible with military or merchant-marine operations, take all reasonable measures to facilitate transmission, delivery, and return of post cards, ballots, envelopes, and instructions for voting procedure, mailed to and by persons to whom this title is applicable pursuant to the laws of the several States, whether transmitted by air or by regular mail. Ballots executed outside the United States shall be returned by air, whenever practicable and compatible with military or merchant-marine operations. (Sec. 210 (b), 60 Stat. 101, as amended; 50 U. S. C. 330b)

NOTE: The Department of War was designated the Department of the Army, and the title "Secretary of War" was changed to "Secretary of the Army" by sec. 205 (a) of Public Law 253, approved July 26, 1947; which law also established the Office of Secretary of Defense, the Department of the Air Force, and the Office of Secretary of the Air Force.

§ 34.16 *Double postage on ship letters*—(a) *Authorization.* All letters conveyed by vessels not regularly employed in carrying the mail shall, if for delivery within the United States, be charged with double postage, to cover the fee paid to the vessel. (R. S. 3913; 39 U. S. C 298)

(b) *Rates of postage.* Ship letters shall be charged double rate of postage, to be collected at the office of delivery; but no additional charge shall be made on any such letter which has been prepaid by United States stamps at double the rate of postage.

(c) *If water route wholly a post road, or otherwise.* Letters and packages carried in a private ship or vessel from one port to another in the United States, if the whole of the water be a post road by law, shall be charged only with single postage. If only a part of the voyage be over water declared to be a post road, such letters and packages shall be charged with double the rate of postage. (See § 90.1)

(d) *Printed matter.* Printed matter delivered to a post office by the master of a vessel arriving from a foreign port and not regularly engaged in carrying the mail, which is wholly unpaid, shall be charged with double the third-class rate of domestic postage, to be collected on delivery, and dispatched to its destination.

§ 34.17 *Weather Bureau reports.* Weather Bureau reports shall be treated as letter mail, whether sent by officers of the service under penalty envelopes or by private persons and prepaid by stamps.

§ 34.18 *Mutilated money.* Mutilated coin and paper currency belonging to individuals shall not be transmitted to the Treasurer of the United States for redemption except as mail matter of the first class, upon which the regular postage shall be prepaid.

MATTER OF THE SECOND CLASS; GENERAL DESCRIPTION

§ 34.19 *Second-class matter; definition.* Mailable matter of the second class shall embrace all newspapers and other periodical publications which are issued at stated intervals, and as frequently as four times a year and are within the conditions named in §§ 34.20 and 34.58. (Sec. 10, 20 Stat. 359; 39 U. S. C. 224)

§ 34.20 *Conditions for admission as second-class matter.* Except as otherwise provided by law, the conditions upon which a publication shall be admitted to the second class are as follows:

First. It must regularly be issued at stated intervals, as frequently as four times a year, and bear a date of issue, and be numbered consecutively.

Second. It must be issued from a known office of publication.

Third. It must be formed of printed paper sheets, without board, cloth, leather, or other substantial binding, such as distinguish printed books for preservation from periodical publications: *Provided*, That publications produced by the stencil, mimeograph, or hectograph process or in imitation of typewriting shall not be regarded as printed within the meaning of this clause.

Fourth. It must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, arts, or some special industry, and having a legitimate list of subscribers. Nothing herein contained shall be so construed as to admit to the second-class rate regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates. (Sec. 14, 20 Stat. 359, as amended; 39 U. S. C. 226)

§ 34.21 *Periodical publications of societies and institutions; admission as second-class matter.* All periodical publications issued from a known place of publication at stated intervals, and as frequently as four times a year, by or under the auspices of a benevolent or

fraternal society or order organized under the lodge system and having a bona fide membership of not less than one thousand persons, or by a regularly incorporated institution of learning, or by a regularly established State institution of learning supported in whole or in part by public taxation, or by or under the auspices of a trades union, and all publications of strictly professional, literary, historical, or scientific societies, including the bulletins issued by State boards of health, by State conservation and fish and game agencies or departments, and by State boards or departments of public charities and corrections, shall be admitted to the mails as second-class matter, and the postage thereon shall be the same as on other second-class matter; and such periodical publications, issued by or under the auspices of benevolent or fraternal societies or orders or trades-unions, or by strictly professional, literary, historical, or scientific societies, shall have the right to carry advertising matter, whether such matter pertains to such benevolent or fraternal societies or orders, trades-unions, strictly professional, literary, historical, or scientific societies, or to other persons, institutions, or concerns; but such periodical publications, hereby permitted to carry advertising matter, must not be designed or published primarily for advertising purposes, and shall be originated and published to further the objects and purposes of such benevolent or fraternal societies or orders, trades-unions, or other societies, respectively; and all such periodicals shall be formed of printed paper sheets, without board, cloth, leather, or other substantial binding, such as distinguish printed books for preservation from periodical publications. The circulation through the mails of periodical publications issued by, or under the auspices of, benevolent or fraternal societies or orders, or trades-unions, or by strictly professional, literary, historical, or scientific societies, as second-class mail matter, shall be limited to copies mailed to such members as pay therefor, either as a part of their dues or assessments, or otherwise, not less than fifty per centum of the regular subscription price; to other bona fide subscribers; to exchanges, and ten per centum of such circulation as sample copies. When such members pay therefor as a part of their dues or assessments, individual subscriptions or receipts shall not be required. The office of publication of any such periodical publication shall be fixed by the association or body by which it is published, or by its executive board, and such publication shall be printed at such place and entered at the nearest post office thereto. (Sec. 1, 37 Stat. 550, as amended; 39 U. S. C. 229)

NOTE: Under this law a publication is not required to have subscribers, except in the case of publications of the societies, orders, or trades-unions, included therein, which carry advertisements in the interest of other persons or concerns than such societies, orders, or unions. The circulation through the mails at the pound rates of postage of publications of the societies, orders, or trades-unions referred to, whose members do not pay therefor, the publications being for free circulation, is restricted to the membership and to exchanges. Publications of such societies, orders, or trades-unions, not meeting the requirements of the proviso placing a limitation on circulation, and publications of institutions of learning, State boards of health, State conservation and fish and game agencies or departments, and State boards or departments of public charities and corrections, carrying advertisements, including the name of the printer, pertaining to other persons or concerns than such societies, orders, or trades-unions, institutions of learning, or State boards, agencies, or departments are not entitled to the privileges of the law.

See § 34.29 as to applications for entry; § 34.36 as to penalty for submitting false evidence to secure second-class entry.

§ 34.22 *Periodicals of State departments of agriculture.* All periodical publications issued from a known place of publication at stated intervals as frequently as four times a year by State departments of agriculture shall be admitted to the mails as second-class mail matter: *Provided,* That such matter shall be published only for the purpose of furthering the objects of such departments: *And provided further,* That such publications shall not contain any advertising matter of any kind. (31 Stat. 660; 39 U. S. C. 230)

§ 34.23 *Foreign periodicals.* Foreign newspapers and other periodicals of the same general character as those admitted to the second class in the United States may, under the direction of the Postmaster General, on application of the publishers thereof or their agents, be transmitted through the mails at the same rates as if published in the United States. Nothing herein contained shall be so construed as to allow the transmission through the mails of any publication which violates any copyright granted by the United States. (Sec. 15, 20 Stat. 359; 39 U. S. C. 227)

GENERAL PROVISIONS AS TO ADMISSION OF PUBLICATIONS AS SECOND-CLASS MATTER

§ 34.24 *Regularity of issue*—(a) *Requirement.* A publication shall be regularly issued at stated intervals to maintain its second-class status. (See §§ 34.19 to 34.22.) When an issue is omitted for unavoidable cause, the first succeeding issue shall bear only the serial number following consecutively that of the last preceding issue, and shall not bear a double number.

(b) *Suspension of school publications during vacation.* Publications of colleges and schools shall not lose their second-class mail privileges by suspension of issue during vacation. Publications which regularly omit certain issues or suspend issuance during certain periods shall show that fact in connection with the statement of the frequency of issue as, for example, "Monthly except July and August," "Monthly during school or college year," or "Weekly during school year except holiday or examination periods."

(c) *Extra editions or issues.* Extra editions or issues of a publication admitted as second-class matter manifestly issued for the purpose of communicating additional news and imparting information germane to the publication but received too late for insertion in the regular editions or issues shall be accepted at the second-class rates, provided they are not issued for advertising purposes.

§ 34.25 *Known office of publication*—(a) *Definition.* A known office of publication (see § 34.20) or a known place of publication (see §§ 34.21 and 34.22) is a public office where the business of the newspaper or periodical is transacted during the usual business hours, and such office shall be shown by the publication itself.

(b) *Street and number.* In towns having letter-carrier service the street and number of the publication office shall be shown.

(c) *Mailed only at office where entered.* Newspapers and periodicals may have more than one office for the transaction of business, but shall be mailed by the publisher as second-class matter at the pound rates of postage only at the post office or post offices where entered. The name of the post office of original entry shall precede the names of any other offices of the publication and shall be given equal prominence in all printed notices relative to the offices of publication.

(d) *When not a post office.* When a publication is issued at a place that is not a post office the post office at which it is entered shall be shown in the publication.

§ 34.26 *Legitimate list of subscribers*—(a) *To consist of.* A "legitimate list of subscribers" to a newspaper or periodical may include the following classes of subscribers:

(1) Such persons as have subscribed for the publication for a definite time, and have paid, or promised to pay, not less than 50 percent of the regular advertised annual subscription price.

(2) News agents and newsboys purchasing copies for resale.

(3) Purchasers of copies over the publisher's counter.

(4) The receivers of bona fide gift copies, duly accepted, given for their benefit and not to promote the interests of the donor, provided the number of such copies is only incidental to the total number of copies circulated to subscribers. Persons to whom copies are sent free by the publishers may not be so included. (See § 34.42 (b).)

(5) Other publishers to whom exchanges are mailed, one copy for another.

(6) Advertisers receiving one copy each in proof of the insertion of their advertisements.

(b) *Information required in application.* For consideration by the Department in determining whether a publication has a "legitimate list of subscribers," or whether it otherwise conforms to the requirements of the law, the publisher shall furnish the information called for in the required application form. (See § 34.29.)

(c) *Subscription price and methods*—(1) *Nominal rate subscriptions.* The methods of a publisher in fixing the price of his publication or in inducing subscriptions by the giving of premiums, prizes, or other considerations, or by clubbing his paper with other papers, or by giving commissions upon subscriptions obtained by agents, shall be carefully examined for the purpose of determining what effect the methods have upon the legitimacy of the subscription list and upon the question of the primary design of the publication. Persons whose subscriptions are

obtained at a nominal rate shall not be included as a part of the "legitimate list of subscribers" required by the law. Subscriptions shall be regarded as at a nominal rate when obtained in connection with the methods or offers effecting a reduction of the regular advertised annual subscription price to the extent and under the conditions set forth in subparagraphs (2) and (3) of this paragraph:

(2) *Reductions in subscription price.* Subscriptions obtained at a reduction to the subscriber of more than 50 percent of the regular advertised annual subscription price for a single subscription whether the reduction is a direct discount or one that is effected through a rebate, premium offer, clubbing arrangement with other publications, or otherwise, and whether full payment is made at one time or in installments. The value of the premium shall be considered to be the actual cost to the publisher, the recognized retail value, or the value represented to the subscriber, whichever is highest.

(3) *Agents or clubbing offers.* Subscriptions obtained through agents or agencies on commission or in connection with clubbing arrangements with other publications in cases where the amount received by the publisher, after deducting the amount allowed or paid as commission, or as a rebate, or through other arrangement, is less than 30 percent of the amount at the regular advertised annual subscription price of the publication. Contracts which a publisher desires to enter into with a person or concern who will obtain for the publisher subscriptions through soliciting agents should first be submitted to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, together with all of the conditions, facts, and circumstances pertaining thereto, in order that it may be determined whether subscriptions obtained in connection therewith will be in harmony with the requirements of the law governing second-class matter.

(d) *Expired subscriptions.* The right of publishers to extend in good faith credit on subscriptions is recognized and will not be abridged, and although all subscriptions are regarded as expiring with the period for which they were obtained, nevertheless, when publishers make proper effort to obtain renewals within a reasonable period, copies of their publications shall be accepted for mailing as to subscribers at the usual second-class rates of postage for a period of one year from the date of expiration, except in the case of subscriptions for less than one year. Copies sent to persons after one year from the date of the expiration of their subscriptions, or, in the case of subscriptions for less than one year, copies sent after the date of the expiration thereof, unless such subscriptions are expressly renewed for a definite time, together with an actual payment of the subscription price or a promise of payment, shall not be accepted as subscribers' copies but shall be accepted as other than subscribers' copies at the rates shown in § 34.42.

§ 34.27 *Advertising publications*—(a) *Determination.* The question of whether a publication is designed primarily for advertising purposes or for free circulation or for circulation at nominal rates is one of fact and shall be determined in each case from the evidence.

(b) *Definition of "primarily."* The word "primarily" is intended to indicate the chief or principal object of a publication.

(c) *Examples.* Among regular publications designed primarily for advertising purposes within the meaning of the law (see § 34.20) shall be included:

(1) Those owned and controlled by one or several individuals or business concerns and conducted as an auxiliary to and essentially for the advancement of the main business or calling of those who own or control them;

(2) Those which, having a few or no genuine or paid-up subscriptions, insert advertisements free on the condition that the advertiser will pay for a number of papers which are sent to persons whose names are given to the publisher;

(3) Those which do advertising principally and whose columns are filled with editorial puffs of firms or individuals advertising in the publication, or who buy a certain number of copies for distribution;

(4) Publications devoted largely to advertising and having a nominal list of bona fide subscribers but whose circulation is mainly gratuitous.

(d) *Nominal rate.* A publication the subscriptiton price of which is low and from the subscription list of which the publisher does not regularly exclude expired subscriptions (see § 34.26) with the same care and accuracy as is exercised by a publisher whose rate is evidently more than nominal, or where the subscription price does not appear to be a material consideration in the business of the publisher, shall be considered as circulated at a nominal rate within the meaning of the law.

(e) *Legitimate list of subscribers.* In order to conform to the requirement of the law that a publication must have a legitimate list of subscribers and not come within the prohibition of the statute against publications designed primarily for free circulation, the circulation of a publication entered as second-class matter under the provisions of § 34.20, shall consist principally of copies supplied, by mail or otherwise, to persons who have themselves subscribed and paid or promised to pay for the publication. (See § 34.26.) Publications which are designed primarily for free circulation shall not be accepted for mailing at the second-class pound rates of postage. All copies of a publication printed and circulated through the mails or otherwise, and at whatever rate of postage, shall be considered in determining whether the circulation conforms to the requirements of the law for second-class matter. When an extraordinary number of copies of a publication are paid for by advertisers or other persons, or, under some other arrangement, are supplied persons not ordering the copies, such copies being free to the recipients, consideration shall be given the question as to whether the publication is designed primarily for advertising purposes or for free circulation and therefore not entitled to the second-class mailing privilege.

(f) *Copies paid for by advertisers.* When an extraordinary number of copies over the usual circulation are presented for mailing as to subscribers, the postmaster shall request the publisher to submit a statement showing in what manner the claimed extra subscriptions were obtained and if paid for by others than the persons to whom the copies are sent, who paid for them, the amount paid, the purpose for which the copies are sent, and whether the person paying for the copies is an advertiser in the publication, together with such additional information as there may be concerning the arrangement under which the copies are being circulated. Postage at the transient second-class rate shall be charged on all copies paid for by an advertiser, or other interested party for advertising purposes. (See § 34.42.) When a postmaster is in doubt as to whether any particular copies of a publication are entitled to be mailed at the second-class pound rates he shall require a deposit of money sufficient to cover postage thereon at the transient second-class rate and hold such deposit pending submission of all the facts, together with a copy of the publication, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, for instructions.

SECOND-CLASS APPLICATION FEES

§ 34.28 *Fees for entry as second-class matter*—(a) *To accompany application.* Each application for entry of a publication as second-class matter shall be accompanied with a fee of $100: *Provided,* That the fee to accompany applications for entry as second-class matter of publications having a circulation of not more than 2,000 copies shall be $25; and of publications having a circulation of not more than 5,000 copies shall be $50: *Provided further,* That one-half of all fees collected under this section shall be returnable to the applicant upon the failure of the applicant's publication to obtain entry under the provisions of this section; each request for reentry of a publication as second-class matter on account of a change in title, frequency of issue, office of publication, or for other reason, and each request for additional entry of a publication as second-class matter shall be accompanied with a fee of $10; each application for registry of a news agent shall be accompanied with a fee of $20. (47 Stat. 647, as amended; 39 U. S. C. 226a)

NOTE: The amount of the fee to be collected with each application for original second-class entry is usually determined by the total number of copies printed and circulated as shown by the application. The fee is not based merely on the number of copies circulated as to subscribers or on the number sent through the mails.

(b) *Accounting for fees.* Postmasters at offices at which publications are already entered as second-class matter and who, therefore, have the necessary forms, shall issue a receipt on Form 3539 at the time of collection for the amount of each application fee collected under the provisions of paragraph (a) of this section. Form 3539 shall be indorsed "application fee for original second-class

entry," or "application fee for second-class reentry," or "application fee for second-class additional entry," or "application fee for news agent registry," as the case may be. The total amount of such fees shall be accounted for in division 1, page 2, and in the certificate opposite the heading Second-class application fees of the quarterly newspaper and periodical statement (Form 3551) and also in item 20 in the quarterly postal account. (See § 34.51.)

(c) *Fees held in trust.* Postmasters at offices where there are no publications already entered as second-class matter shall hold each application fee received under the provisions of paragraph (a) of this section in trust pending the receipt of instructions from the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

(d) *Fees not counted in fixing compensation.* In determining the compensation and allowances at post offices, credit shall not be allowed for the application fees received under the provisions of this section.

(e) *Return of fees.* No postmaster shall return to an applicant any part of a fee which was paid pursuant to the provisions of paragraph (a) of this section without the specific authorization of the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail. When a postmaster receives an authorization to refund one-half of a fee as provided by paragraph (a) of this section, he shall pay the amount of the authorized refund out of the postal receipts in his possession and shall follow the instructions on Form 3533, which will be furnished to the postmaster by the Third Assistant Postmaster General with the refund authorization.

APPLICATIONS FOR SECOND-CLASS MAIL PRIVILEGES

§ 34.29 *Application for entry as second-class matter*—(a) *Method of filing.* Before a publication can be admitted to the mails at the second-class postage rates, the postmaster shall require the publisher or his duly authorized representative to file an application on the proper form for its entry as second-class matter, accompanied with the proper fee as prescribed by § 34.28, and two copies of the issue of the publication nearest to the date of the application.

(b) *Newspaper or periodical.* Application for entry as second-class matter of a newspaper or periodical publication under the provisions of § 34.20 shall be made on Form 3501, and shall be filed at the post office of the place where the known office of publication is located.

(c) *Society or institutional publication.* Application for entry as second-class matter of a periodical publication under the provisions of §§ 34.21 and 34.22 shall be made on Form 3501–B, and shall be filed at the post office of the place where the known place of publication is located.

(d) *Foreign publication.* Application for entry as second-class matter of foreign newspapers and periodicals under the provisions of § 34.23 shall be made on Form 3501–A, and shall be filed at the post office at which the copies of the publications are to be mailed.

(e) *Additional entry at another post office.* An application for additional second-class entry shall be filed at the post office of original entry, accompanied with the fee of $10 prescribed by § 34.28. Such application shall show the approximate number and weight of the copies to be mailed at the office of additional entry and the territory to be served from such office. All copies for delivery at the office of original entry shall be mailed at that office and all copies for delivery at the office of additional entry shall be mailed at the latter office, and postage paid thereon at the rate applicable to copies so mailed. The postmaster shall transmit the application to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

(f) *Mailings before entry.* Postmasters shall not, except as provided in § 34.33, accept a publication for mailing at the second-class rates of postage until authorized by the Department to do so. On all copies of a publication mailed before the application for its entry as second-class matter has been filed postage at the third- or fourth-class rates, whichever is applicable according to the physical characteristics of the publication, shall be prepaid by means of stamps affixed, or in money under permit as provided by § 34.66 or § 35.4 of this chapter.

(g) *Application to carry to other post offices and to trains.* Application to deliver copies of a second-class publication at the publisher's expense and risk to other post offices and trains, after the copies have been weighed and postage collected thereon at the post office of second-class entry, shall be filed by the publisher with the postmaster at the office of entry. The postmaster shall forward the application to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

§ 34.30 *Conditional acceptance as second-class matter.* When an application for second-class entry has been filed as provided in § 34.29, the postmaster shall issue to the publisher on Form 3503 a permit conditionally accepting the publication for mailing in the manner in which second-class matter is mailed (see § 34.62), and require a deposit of money sufficient to cover postage at the regular third- or fourth-class rates, or the rate for books provided by § 34.65 (b), whichever is applicable, according to the physical characteristics of the publication, computed on each separately addressed copy or package of unaddressed copies offered for mailing pending consideration of the application. Such deposit shall not be accounted for in the quarterly postal account nor in the quarterly newspaper and periodical statement (Form 3551), but shall be held in trust until the postmaster is advised as to its disposition. If the publication is admitted as second-class matter, the excess of the deposits over the second-class rates of postage shall be refunded. If postage is prepaid on copies by stamps affixed or in money under the permit system, or if copies are mailed at the bulk third-class rate under the provisions of § 34.66, while the application is pending, no refund of any portion of the postage so prepaid shall be made when admission of the publication as second-class matter is authorized. If the publication is not admitted, the entire deposit shall be converted into postage stamps of a high denomination. The stamps shall be affixed to a sheet of paper, canceled, and sent by registered mail to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail. The stamps so used shall be accounted for as sold.

§ 34.31 *Indicia on second-class matter*—(a) *Particulars required.* The following indicia shall be conspicuously printed on one or more of the first five pages, preferably on the first page, of each copy of publications entered as second-class matter:

(1) Title of the publication, which shall always be shown on the first page.
(2) Date of issue.
(3) Frequency of issue.
(4) Serial number.
(5) Known office or place of publication.
(6) Subscription price, if required by law.
(7) Notice of entry reading as follows:

Entered as second-class matter at the post office at ----------.

(b) *Insertion of notice before entry.* The insertion in a publication before entry of a notice that it is entered as second-class matter shall be regarded as submitting "false evidence relative to the publication for the purpose of securing admission thereof to the second class of mail matter." (See §§ 34.36 and 34.61.) Pending action on an application for admission of a publication as second-class matter, there may be printed on the copies the words "Application for entry as second-class matter is pending."

§ 34.32 *Decision as to admissibility as second-class matter.* The Third Assistant Postmaster General shall decide upon the admissibility of publications as second-class matter, and, upon being satisfied that a publication is entitled to admission, shall authorize the postmaster at the proper office to accept mailings thereof at the second-class rates of postage.

§ 34.33 *Procedure in changes of publication*—(a) *Change of title or frequency.* In case of a change in title or frequency of issue of a publication entered as second-class matter, the publisher shall submit to the postmaster at the office of original entry an application on Form 3510 for reentry under the new title or the new frequency, accompanied with the fee of $10 prescribed by § 34.28 and two copies of the publication issued after the change. The postmaster shall send the application and one copy of the publication issued after the change to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, and, pending instructions from the Department, shall, if the required fee has been paid, accept the publication for mailing at the second-class rates of postage. No mailings after such a change has been made in a publication shall be accepted at the second-class rates of postage until the required fee has been paid.

(b) *Removal of office.* In case of the removal to another post office of the known office of publication or the known

place of publication of a publication entered as second-class matter, the publisher shall submit to the postmaster at the new office an application on Form 3510 for reentry at the new office, accompanied with the fee of $10 prescribed by § 34.28, and two copies of the publication issued at the new office. The postmaster shall send the application and one copy of the publication issued after the change in location, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, and, pending instructions from the Department, shall, if the required fee has been paid, accept the publication for mailing at the second-class rates of postage. No mailings of the publication shall be accepted at the new office at the second-class rates of postage until the required fee has been paid.

(c) *Discontinuances.* When a publication entered as second-class matter is discontinued, the postmaster shall promptly report the fact to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

§ 34.34 *Department record.* The Third Assistant Postmaster General shall keep a record of publications admitted to the second-class rates of postage showing the date of entry.

§ 34.35 *Post office record.* Postmasters shall keep a record of all publications of the second class mailed at their post offices.

§ 34.36 *False evidence to secure second-class entry*—(a) *Penalty.* Whoever knowingly submits to any postmaster or to the Post Office Department or any officer of the Postal Service, any false evidence relative to any publication for the purpose of securing the admission thereof at the second-class rate, for transportation in the mails, shall be fined not more than five hundred dollars. (Sec. 13, 62 Stat. 783; 18 U. S. C. 1722)

(b) *Report of suspected false evidence.* When a postmaster has reason to believe that a publisher has submitted to him, or to any postmaster, or to the Post Office Department, any false statement or evidence as to his publication to secure its transmission as second-class matter, he shall report the fact, with the evidence in his possession substantiating it, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

§ 34.37 *Cancellation of entry.* (a) When any publication has been accorded second-class mail privileges, the same shall not be suspended or annulled until a hearing shall have been granted to the parties interested. (Sec. 1, 31 Stat. 1107; 39 U. S. C. 232)

(b) Before revocation, annulment, or suspension of any second-class entry, the Third Assistant Postmaster General shall fully advise the publisher of the facts which may warrant such action and he shall be accorded an opportunity to demonstrate or achieve compliance with all the lawful requirements within a reasonable time limit specified by the Third Assistant Postmaster General.

SWORN OWNERSHIP AND CIRCULATION STATEMENTS; MARKING OF PAID EDITORIAL MATTER

§ 34.38 *Filing and publication of annual sworn statement of ownership*—(a) *Particulars required.* It shall be the duty of the editor, publisher, business manager, or owner of every newspaper, magazine, periodical, or other publication to file with the Postmaster General and the postmaster at the office at which said publication is entered, not later than the 1st day of October of each year, on blanks furnished by the Post Office Department, a sworn statement setting forth the names and post-office addresses of the editor and managing editor, publisher, business managers, and owners, and in addition, the stockholders, if the publication be owned by a corporation; and also the names of known bondholders, mortgagees, or other security holders; and also, in the case of daily and weekly, semiweekly, triweekly newspapers, there shall be included in such statement the average of the number of copies of each issue of such publication sold or distributed to paid subscribers during the preceding 12 months: *Provided,* That the provisions of this paragraph shall not apply to religious, fraternal, temperance, and scientific, or other similar publications: *Provided further,* That it shall not be necessary to include in such statement the names of persons owning less than 1 per centum of the total amount of stock, bonds, mortgages, or other securities. A copy of such sworn statement shall be published in the second issue of such newspaper, magazine, or other publication printed next after the filing of such statement. Any such publication shall be denied the privileges of the mail if it shall fail to comply with the provisions of this paragraph within ten days after notice by registered letter of such failure. (Sec. 2, 37 Stat. 553, as amended; 39 U. S. C. 233)

(b) *Form and method of filing.* The statement required by this section shall be made in duplicate, on Form 3526, and both copies delivered to the postmaster at the office of original second-class entry of the publication. The postmaster shall forward one copy to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, and retain the other in the files of the post office. To enable publishers to file such statement promptly, postmasters shall furnish them copies of Form 3526 at least 10 days prior to the 1st day of October of each year.

(c) *Copy of publication containing statement.* Postmasters shall obtain for the files of their offices a copy of the issue of each publication at their respective offices in which the required sworn statement is published. A copy of the issue shall not be forwarded to the Department.

(d) *Report of failure to file and publish statement.* Postmasters shall give prompt and careful attention to the making and filing by publishers of the statements required by this section and promptly report to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, the failure of any publisher to file such statement or to publish it in the second issue of the publication printed next after it has been filed, but in no case shall a publication be denied the privileges of the mail except upon departmental instructions.

(e) *Where exemption is claimed.* Where exemption is claimed from compliance with the provisions of this section, the postmaster shall request from the publisher a statement showing the reasons why such exemption is claimed and forward it to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, together with a copy of the publication.

§ 34.39 *Paid reading matter to be marked "advertisement."* All editorial or other reading matter published in any such newspaper, magazine, or periodical for the publication of which money or other valuable consideration is paid, accepted, or promised shall be plainly marked "advertisement." Any editor or publisher printing editorial or other reading matter for which compensation is paid, accepted, or promised without so marking the same, shall upon conviction in any court having jurisdictiton be fined not less than $50 nor more than $500. (Sec. 2, 37 Stat. 554, as amended; 39 U. S. C. 234)

CROSS REFERENCE: See § 34.40 (a) (2) as to postage rates on advertisements; § 34.46 (b) as to marking advertisements for postage computation.

SECOND-CLASS POSTAGE RATES OUTSIDE COUNTY OF PUBLICATION

§ 34.40 *Postage rates on second-class matter*—(a) *Reading and advertising portions.* In the case of publications entered as second-class matter (including sample copies to the extent of 10 per centum of the weight of copies mailed to subscribers during the calendar year) when sent by the publisher thereof from the post office of publication or other post office, or when sent by news agents to actual subscribers thereto, or to other news agents for the purpose of sale:

(1) The rate of postage on that portion of any such publication devoted to matter other than advertisements shall be 1½ cents per pound, or fraction thereof;

(2) On that portion of any such publication devoted to advertisements the rates per pound or fraction thereof for delivery within the eight postal zones established for fourth-class matter shall be as follows:

For the first and second zones, 1½ cents.
For the third zone, 2 cents.
For the fourth zone, 3 cents.
For the fifth zone, 4 cents.
For the sixth zone, 5 cents.
For the seventh zone, 6 cents.
For the eighth zone, * * * 7 cents.

* * * * *

(3) Where the space devoted to advertisements does not exceed 5 per centum of the total space, the rate of postage shall be the same as if the whole of such publication was devoted to matter other than advertisements. (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

(b) *Where weight to one zone not over one pound.* Where the total weight of any one edition or issue of any such publication mailed to any one zone does not

exceed one pound, the rate of postage shall be 1 cent. (Sec. 1104, 40 Stat. 328, as amended; 39 U. S. C. 288)

(c) *Rates related to entire bulk for any one zone.* The zone rates provided in section 283 of this title shall relate to the entire bulk mailed to any one zone and not to individually addressed packages. (Sec. 1105, 40 Stat. 328, as amended; 39 U. S. C. 289)

(d) *Publications of certain nonprofit organizations*—(1) *Special postage rate.* The rate of postage on newspapers or periodicals maintained by and in the interests of religious, educational, scientific, philanthropic, agricultural, labor, or fraternal organizations or associations, not organized for profit and none of the net income of which inures to the benefit of any private stockholder or individual, shall be 1½ cents per pound or fraction thereof, and the publisher of any such newspaper or periodical, before being entitled to such rate, shall furnish to the Postmaster General, at such times and under such conditions as the Postmaster General may prescribe, satisfactory evidence that none of the net income of such organization or association inures to the benefit of any private stockholder or individual. (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

(2) *Mailings at special rate to be accepted only when authorized.* No publication shall be accepted for mailing at the special postage rate provided in paragraph (d) (1) of this section until the publisher has furnished the evidence prescribed in that paragraph and the postmaster has been authorized by the Third Assistant Postmaster General to accept the publication at such postage rate. The publisher shall submit such evidence to the postmaster, who shall forward it to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail. Pending consideration by the department of the evidence submitted, the publication may, if already entered as second-class matter, be accepted under deposits of money to cover postage at the rates set forth in paragraph (a) of this section, such deposits to be treated and disposed of in the manner prescribed in § 34.30.

(e) *Rates affected by number of copies to pound.* * * * in the case of publications entered as second-class matter where the number of individual addressed copies or packages to the pound is more than thirty-two and not in excess of forty-eight, the rates of postage thereon shall be double the rates prescribed in (a) and (d) (1) of this section; where the number of individual addressed copies or packages to the pound is more than forty-eight and not exceeding sixty-four, the rates of postage shall be three times the regular rates, and for each additional 16 individually-addressed copies or packages or fractional part of such number of copies or packages there may be to the pound the rates of postage shall be correspondingly increased over the regular rates. (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

(f) *Foreign countries.* (1) The pound rates of postage provided by paragraphs (a), (b), and (d) of this section apply to copies for the following-named foreign countries: Argentina, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Spanish Guinea, Guatemala, Haiti, Mexico, Morocco (Spanish Zone), Nicaragua, Panama, Paraguay, Peru, Republic of Honduras, Republic of the Philippines, Rio de Oro, Salvador (El), Spain, Uruguay, and Venezuela, the eighth zone rate being applicable to advertising portions of publications subject to the zone rates.

(2) For the postage rates applicable to copies for other foreign countries, except Canda and Newfoundland, see the current United States Official Postal Guide, Part II.

(g) *Canada and Newfoundland (including Labrador).* (1) On daily newspapers issued as frequently as six times a week and mailed to bona fide subscribers in Canada and Newfoundland (including Labrador) by publishers or registered news agents the pound rates applicable outside the county of publication apply, the eighth zone rate being applicable to advertising portions of publications subject to the zone rate. On publications issued less frequently than six times a week the rate is 1 cent for each 4 ounces or fraction thereof, calculated on the weight of each package. Separately addressed copies intended for delivery from the same post office may be enclosed under one wrapper addressed to such post office, the postage being affixed to or indicated on the outside wrapper.

(2) Copies of the Sunday issues of daily newspapers sent to subscribers in Canada and Newfoundland who do not subscribe for the weekday issues and copies of such issues sent to news agents in excess of the number regularly sent during the weekdays are subject to the rate of 1 cent for each 4 ounces or fraction of 4 ounces.

(h) *Daily newspapers deposited at letter-carrier offices.* The rate of postage on daily newspapers and on the periodicals and newspapers provided for in * * * [§ 34.40 (a)] when deposited in a letter-carrier office for delivery by its carriers, shall be the same as otherwise provided by law [§ 34.41 (a)], and nothing herein shall affect existing law as to free circulation and existing rates on second-class mail matter within the county of publication. * * * (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

NOTE: The rates of postage on copies mailed for local delivery at letter-carrier offices and on copies addressed for delivery within the county of publication, the provision for free circulation within the county of publication, and the headquarters per copy rates are contained in § 34.41.

SECOND-CLASS POSTAGE RATES WITHIN COUNTY OF PUBLICATION

§ 34.41 *Free-in-county matter, and rates on second-class matter at letter-carrier offices*—(a) *Authorization.* Publications of the second class, one copy to each actual subscriber residing in the county where the same are printed, in whole or in part, and published, shall go free through the mails; but the same shall not be delivered at letter-carrier offices, or distributed by carriers, unless postage is paid thereon at * * * [the cent-a-pound rate]. The rate of postage on newspapers, excepting weeklies, and periodicals not exceeding two ounces in weight, when the same are deposited in a letter-carrier office for delivery by its carriers, shall be uniform at one cent each; periodicals weighing more than two ounces shall be subject, when delivered by such carriers, to a postage of two cents each, and these rates shall be prepaid by stamps affixed [except as provided in § 35.4]. * * * (Sec. 25, 20 Stat. 361, as amended; 39 U. S. C. 286)

(b) *When mailed to another office where publisher's headquarters are located.* * * * Copies of a publication, other than a weekly, hereafter [act of June 28, 1932], admitted to the second class of mail matter, when mailed by the publisher or registered news agent at a post office where it is entered, for delivery by letter carriers at a different post office within the delivery limits of which the headquarters or general business offices of the publisher are located, shall be chargeable with postage at the rate that would be applicable if the copies were mailed at the latter office, unless the postage chargeable at the pound rates from the office of mailing is higher, in which case such higher rates shall apply, but this provision shall not be applicable to publications already entered as second-class matter which retain their entry at the post office where now entered. (Sec. 25, 20 Stat. 361, as amended; 39 U. S. C. 286)

(c) *Publications sent by publishers or news agents.* * * * publications of the second class [mailed for delivery within the county of publication] when sent by the publisher thereof, and from the office of publication, including sample copies, or when sent from a news agency to actual subscribers thereto, or to other news agents, shall * * * be entitled to transmission through the mails at 1 cent a pound or a fraction thereof * * * [except as otherwise provided in the preceding and following paragraphs of this section]. (Sec. 1, 23 Stat. 387)

(d) *Conditions for free-in-county mailing.* The right of a publisher to mail his publication free of postage, including delivery by rural or star route carriers, under the provisions of this section, shall depend upon the existence of the three following conditions:

First. The addressee shall be an actual subscriber.

Second. The residence of the subscriber shall actually be within the county in which the publication is printed in whole or in part and published.

Third. The publication shall be addressed for delivery from a post office (or rural route emanating from such post office) not having letter-carrier service.

(e) *Subscriber must live within county.* The fact that the post office at which a person receives his mail is located outside of the county in which he resides, or the fact that the post office at which a publication is entered is located in an adjoining county from that in which it is printed in whole or in part and published shall not subject to postage copies of a publication otherwise entitled to free county circulation; but copies addressed to subscribers who do not reside in the county

where the publication is printed in whole or in part and published shall not be accepted for mailing free, even though addressed for delivery from a post office in such county.

(f) *If mailed at noncarrier office.* Second-class matter mailed at a post office in the county of publication where letter-carrier service is not established, if addressed to a letter-carrier office in the same county, shall be charged with postage at the cent-a-pound rate.

(g) *If mailed at carrier office.* Publications of the second class mailed by the publishers thereof or news agents at a letter-carrier office for distribution through the boxes or general delivery thereof, or addressed to another letter-carrier office in the same county, or for delivery on rural or star routes emanating from such letter-carrier offices, shall be charged with postage at the rate of 1 cent a pound.

(h) *Weekly newspapers mailed at carrier offices.* Weekly newspapers mailed by the publishers thereof or news agents at a letter-carrier office, for local delivery by carriers or otherwise, shall be charged with postage at the rate of 1 cent a pound.

(i) *Newspapers other than weeklies; periodicals not over 2 ounces.* Newspapers other than weeklies (without regard to weight) and periodicals not exceeding 2 ounces in weight, mailed by publishers or news agents for local delivery by letter carriers, shall be charged with postage at the rate of 1 cent each.

(j) *Periodicals over 2 ounces.* Periodicals exceeding 2 ounces in weight, mailed by publishers or news agents for local delivery by letter carriers, shall be charged with postage at the rate of 2 cents each.

(k) *Definition of "newspaper."* A "newspaper" shall be held to be a publication regularly issued at stated intervals of not longer than one week and having the characteristics of second-class matter prescribed by law.

(l) *Definition of "periodical."* A "periodical" shall be held to be a publication regularly issued at stated intervals less frequently than weekly and having the characteristics of second-class matter prescribed by law.

(m) *Publications mailed under additional entry.* Publications of the second class mailed by news agents, or by publishers under additional entry, at a post office outside the county of publication shall be charged with postage at the rates set forth in § 34.40 except as prescribed in paragraphs (i) and (j) of this section.

TRANSIENT SECOND-CLASS POSTAGE RATES

§ 34.42 *Transient second-class postage rates*—(a) *When applicable.* The rate of postage on publications entered as second-class matter, when sent by others than the publisher or news agent, shall be 1 cent for each 2 ounces or fraction thereof, except when the postage at the rates prescribed for fourth-class matter is lower, in which case the latter rates shall apply: *Provided*, That these rates shall also apply to sample copies of publications entered as second-class matter mailed in excess of the quantity entitled by law to be sent at the pound rates, and to copies mailed by publishers to other than subscribers or to persons who are not properly includable in the legitimate list of subscribers required by law. (23 Stat. 210, as amended; 39 U. S. C. 287)

NOTE: These rates are to be computed on each individually addressed copy, or package of unaddressed copies, and not on the bulk weight of individually addressed copies, including those intended for delivery to boxholders, or packages of unaddressed copies.

(b) *Publications sent by publisher to others than subscribers.* Publications of the second class sent by publishers to others than subscribers, or to persons whose subscriptions are at a nominal rate, and copies mailed by them in pursuance of a contract, agreement, or understanding with an advertiser, or other interested party for advertising purposes, shall not be accepted as subscribers' copies, but may be accepted as other than subscribers' copies at the rates shown in paragraph (a) of this section.

POSTAGE RATES ON ADVERTISEMENT PROOF SHEETS, BACK NUMBERS, REPRINTS, AND INCOMPLETE COPIES

§ 34.43 *Sheets or portions sent in proof of insertion of advertisement*—(a) *Rates applicable.* Single sheets or portions thereof from any publication entered as second-class matter, sent by a publisher to an advertiser or the latter's agent on account of and in proof of the insertion of an advertisement, shall, under such rules and regulations as may be prescribed by the Postmaster General, be received and transmitted through the mails at the zone rates of postage applicable under the law to the advertising portions of such second-class matter. (42 Stat. 1434; 39 U. S. C. 284)

(b) *Enveloping and marking.* Single sheets or portions of sheets sent to advertisers to prove the insertion of advertisements presented for mailing at the second-class zone rates of postage shall be enclosed in unsealed envelopes or wrappers bearing in the upper left corner the name and address of the publication and the printed inscription "Advertiser's proof copy," and in the upper right corner a notice of entry as second-class matter, and shall be presented for mailing separately from complete copies.

(c) *Weighing.* Such matters shall be weighed separately, fractions of pounds being computed as full pounds in all cases, postage collected, and the weight entered separately in column 6 of receipt Form 3539. (See § 34.47 (h).)

§ 34.44 *Back numbers, reprints, and incomplete copies.* (a) Unbound back numbers of a publication may be mailed at the second-class rates so long as the publication continues to be published as second-class matter. Copies printed from the original type, plates, or matrix may, in the case of daily publications, if printed within one week after the date of issue, and, in the case of other publications, if so printed before the following issue is printed, be mailed as second-class matter as back numbers. Copies printed subsequent to the periods mentioned shall be treated as reprints.

(b) Bound back numbers and unbound reprints shall be treated as books or as miscellaneous printed matter according to their physical characteristics and shall be charged with postage at the applicable third- or fourth-class rates.

(c) *Incomplete copies.* Partial or incomplete copies of publications of the second class shall not be regarded as second-class matter, and postage thereon shall be prepaid at the third- or fourth-class rate, whichever is applicable, except as provided in § 34.43.

COLLECTING AND ACCOUNTING FOR SECOND-CLASS POSTAGE AND SEPARATING FOR MAILING

§ 34.45 *Collection of postage on second-class matter*—(a) *At time of mailing.* Upon the receipt of newspapers and periodical publications at the office of mailing, they shall be weighed in bulk, and postage paid thereon. (Sec. 6, 18 Stat. 233; 39 U. S. C. 282)

(b) *Authority for.* * * * all postage on second-class matter mailed shall be collected and accounted for under such regulations as the Postmaster General may prescribe: *Provided*, That this shall in no manner be construed so as to repeal existing law requiring prepayment of postage upon second-class mail matter. (Sec. 6, 18 Stat. 233, as amended; 39 U. S. C. 285)

(c) *In money before dispatch.* The postage on all second-class matter mailed at the pound rates shall be collected in money before the matter is dispatched.

(d) *Manner of; receipts.* Whenever publications of the second class are presented for mailing by the publishers thereof or a news agent, the postmaster, after weighing the copies, as provided in § 34.47, and after making the examination of the copies provided for by §§ 34.58 and 34.61, shall collect the correct amount of postage thereon, and give the publisher a receipt on Form 3539 showing the weight of the matter mailed and the amount collected. When specially authorized by the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, the postmaster may give this receipt to the publisher at the end of the mailing of each issue of the publication or at stated periods.

(e) *Advance deposits.* Postmasters may receive from publishers a deposit of money in advance, for which a receipt on Form 3544 shall be given, sufficient to pay for more than a single mailing. The deposit shall be charged with the correct amount of each mailing; but if the amount on hand is not sufficient at any time to cover the postage due on the entire mailing the excess shall be held until an additional deposit is made. Credit for postage shall never be allowed. An outgoing postmaster shall transfer such deposits to his successor who shall give him a receipt therefor. (See §§ 8.31, 9.8, and 17.32.)

(f) *Not to be registered, insured, or sent c. o. d.* Second-class matter mailed at the second-class pound rates shall be accepted only as ordinary mail and shall not be registered or sent as insured or c. o. d. mail since the pieces are not accepted and handled individually at the mailing office but only in bulk.

§ 34.46 *Filing of copy of each issue of second-class publication mailed*—(a)

Requirement. With the first mailing of each issue of each such [second-class] publication the publisher shall file with the postmaster a copy of such issue together with a statement containing such information as the Postmaster General may prescribe for determining the postage chargeable thereon. (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

(b) *Marking.* The copy of the publication filed with the postmaster as required by paragraph (a) of this section shall be marked by the publisher to show the portion devoted to advertisements and that to matter other than advertisements, and the percentage of each shall be indorsed on the first page of such copy by the publisher.

(c) *Definition of "advertisements."* The term "advertisements" as used herein and in § 34.40 (a) (2), includes display, classified, and all other forms of advertisements and all editorial or other reading matter for the publication of which money or other valuable consideration is paid, accepted, or promised. Where the publisher has not been, and is not to be, compensated for the publication of editorial or other reading matter, such matter will take the rate of postage for other than advertising. In all cases where the publisher has been or is to be compensated in any form whatever the advertising rate of postage will be charged. Articles, items, and notices in the form of reading matter inserted in accordance with a custom or understanding, explicit or tacit, that a "reader" is to be given the advertiser or his products in the publication in which the display advertisement appears are advertising within the meaning of the law. Display advertising is obvious in its character and must be charged with postage at the advertising mailing rate. When a newspaper or periodical advertises its own services or issues, or any other business of the publisher, in the form of either display advertisements, or editorial or reading matter, this is advertising within the meaning of the law and shall be charged the advertising mailing rate therefor. (See § 34.39.)

(d) *Statement of news agent.* When a news agent presents for mailing second-class matter subject to the zone rates of postage, he shall submit to the postmaster a statement showing the percent of the space in such matter devoted to advertisements and the percent devoted to other than advertisements. Publishers should furnish this information to news agents purchasing copies of their publications in order that such agents may be able to prepare the statements required.

§ 34.47 *Mailing requirements for second-class matter*—(a) *Authority.* * * * The Postmaster General may require publishers to separate or make up to zones, in such a manner as he may direct, all mail matter of the second class when offered for mailing. (Sec. 5, 18 Stat. 232, as amended; 39 U. S. C. 283)

(b) *Brought to post office.* Second-class matter shall be brought for mailing to the post office, or such other place as is designated to receive it, and there weighed in bulk.

(c) *How prepared.* It shall be inclosed in United States mail sacks, or other suitable receptacles, and shall be separated to routes, States, and cities, in such manner as may be prescribed by the department. The sacks or bundles shall be marked to show the route, State, or city and State, and also the zone when the copies are required to be separated by zones.

(d) *Separate sacks or bundles.* Publishers shall make separate sacks or bundles of (1) sample copies to places within county of publication subject to postage at the rate of 1 cent a pound; (2) sample copies to places outside county of publication; (3) subscribers' copies entitled to free county circulation; (4) subscribers' copies to places within county of publication subject to postage at the rate of 1 cent a pound; (5) subscribers' copies to places outside county of publication. Such mail matter, when so presented, shall be weighed separately.

(e) *Separation by zones.* In the case of sample copies of a publication carrying advertisements subject to the zone rates of postage as prescribed in § 34.40, the publisher shall arrange and present separately by zones the sacks or bundles of such sample copies addressed to places outside the county of publication. The publisher shall also arrange and present, by zones, copies addressed to subscribers outside the county of publication, except when such zone separation would interfere with their routing as required by paragraph (c) of this section, or the publisher prefers not to separate the copies, in which case they may be presented under the provisions of paragraph (f) of this section without being separated by zones.

(f) *When separation by zones is not practicable; semiannual statement.* When it is not practicable because of the large quantity or other reasons to separate the subscribers' copies by zones without disarranging or interfering with their routing as required by paragraph (c) of this section, or when the publisher prefers not to do so, separation by zones shall not be required of the subscribers' copies subject to zone rates addressed to places outside the county of publication, but in such case the publisher shall present to the postmaster semiannually on April 1 and October 1, or more frequently when regarded necessary or the publisher so desires, a statement on Form 3539–A showing the total number of copies, the advertising portions of which are subject to the zone rates which, according to a careful analysis by the publisher of his subscription records at the time of the submission of the statement, are to be mailed to subscribers outside the county of publication, and the percentum of this number to be addressed to each zone. The percentages given in the publisher's statement on Form 3539–A (which shall be retained in the files of the post office) shall until a new statement is due or required be applied by the postmaster to the total weight of the subscriber's copies of each mailing subject to zone rates in order to ascertain the weight of and compute the postage on the portion devoted to advertisements going to the respective zones and the portion devoted to other than advertisements going to all zones. The postmaster shall make periodic tests of the publisher's subscription list or records to determine the accuracy of the percentages given by the publisher on Form 3539–A. In case a postmaster desires information with respect to the manner of making such test, or if it should appear impracticable in any case to use the foregoing method in its entirety, he should address the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, for instructions.

(g) *Copies of previous and current issues combined.* When a reasonable number of copies of previous issues are included in a mailing of a current issue, they may be accepted and charged with postage on the basis of the percentages of advertisements and matter other than advertisements contained in the current issue, the issue forming the bulk of the mailing presented being regarded as the current issue. When such copies are presented under the provisions of paragraph (f) of this section without being separated by zones, they shall be weighed with the copies of the current issue and charged with postage at the zone rates applicable to the latter.

(h) *Fractions in weight.* In weighing second-class matter, fractions shall be treated as full pounds in all cases.

(i) *When copies for same post office to be tied or sacked.* Individually addressed copies of a publication intended for subscribers at the same post office shall, if there are more than 5, be securely wrapper or tied in one package; or, if there are more than 30 pieces and weighing 15 pounds or more, be placed in a separate sack addressed to such office. Sacks containing less than that amount of mail (except bulky matter) shall not be made up, except where a direct sack is necessary materially to advance the mail, but the mail shall be securely tied in bundles, properly labeled, and be included in sacks with other mail.

(j) *Newspapers.* For the purpose of distribution, dispatch, transit handling, and delivery, "newspapers" are publications which are commonly and popularly understood to be newspapers of which the leading and major feature is the dissemination of timely news of interest to the general public, whether published daily or weekly. This definition does not include trade papers, periodicals, papers devoted to certain classes, orders, or directed to specific ends.

If in doubt as to what is meant by a newspaper in any given case, postmasters should refer the matter to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, for decision.

Postmasters are directed to notify all publishers whose mailings of newspapers are not delivered to the post office or train in sufficient time to connect with the intended dispatch. Such notice shall be given each time that a failure occurs so that the publisher may know when his dispatch of newspapers leaves the city of publication. Postmasters should further communicate to publishers all errors made by the latter in making up "club packages," "directs," and also their failure to keep current all changes of address; and the Railway Mail Service

should likewise notify publishers of errors made in "R. P. O. sacks."

Newspapers shall be made up in sacks by themselves, containing no other class of mail and plainly labeled "Newspapers." When the quantity is not sufficient to make up separate sacks, they shall be dispatched in pouches with first-class mail. In no case shall newspapers for dispatch to R. P. O. trains or terminals and to first-class offices, be mixed in sacks with other classes of mail except that of the first class. Sacks labeled "Newspapers" shall be dispatched with and as expeditiously as first-class mail. Such sacks shall be segregated promptly at receiving offices and the contents distributed so that the earliest possible delivery may be made.

Other instructions are contained in Form 5296, Instructions to Publishers in the Preparation of Second-Class Matter for Mailing and Dispatch.

§ 34.48 *Publications sent by printer to publisher.* Publications entered as second-class matter shall not be accepted for mailing at the second-class rates of postage until issued from a known office of publication or a known place of publication. (See § 34.25.) When sent by a printer to a publisher they shall be prepaid at the third- or fourth-class rate, whichever is applicable, according to the physical characteristics of the publication and the weight of the package or parcel.

§ 34.49 *Free-in-county matter to be mailed separately.* All copies of a publication entitled to free county circulation shall be presented for mailing separately from those on which postage is to be paid, and when not so presented postage shall be charged on the whole at the pound rates. Free county matter shall be weighed and recorded in the post-office records separately from that which is mailed at the pound rates.

CROSS REFERENCE: See § 34.51 as to statement of free county mailings.

§ 34.50 *Separations for delivery at letter-carrier post offices.* Copies of newspapers and periodicals, excepting weeklies, which are subject to the per copy rates of postage prescribed in § 34.41 by reason of being addressed for local delivery by the city or village letter carriers at the post office of second-class entry shall be separated by the publisher from the copies addressed for delivery through the post office boxes or general delivery, and for delivery by rural or star route carriers of the post office. If this separation is not made by the publisher, each copy which is subject to the per copy rates and which does not have the correct amount of postage affixed to or indicated thereon shall be placed in the boxes or in the general delivery for delivery therefrom.

SAMPLE COPIES OF SECOND-CLASS PUBLICATIONS

§ 34.52 *Sample copies mailed as second-class matter*—(a) *Conditions.* Sample copies, to be acceptable for mailing by publishers at the office of entry at the second-class pound rates, shall be copies sent to persons for the purpose of inducing them to subscribe for, advertise in, or become agents for the publication.

(b) *Complete and regular issues.* Only complete and unaltered copies of regular issues or editions as sent to subscribers shall be mailable as sample copies.

(c) *Wrapping and marking.* Sample copies shall be plainly marked as such on the address side of the exposed part of the publication or package or wrapper. Several sample copies may be inclosed in a single wrapper to one address or may be sent in one wrapper addressed to the post office, with each paper therein properly folded, addressed to some patron of the office, and marked "Sample copy."

(d) *Frequency.* Copies addressed to the same person in excess of three times in any one calendar year shall not be accepted as sample copies.

(e) *Limit within year.* Sample copies shall be accepted for mailing at the pound rates to the extent of not exceeding 10 percent of the total weight of copies mailed to subscribers during the calendar year. Such sample copies may be mailed at any time during the year, based on an estimate of the probable mailings to subscribers during the year, obtained from the best information available. If a publisher offers copies for mailing as sample copies in excess of the limits stated in this paragraph or in paragraph (d) of this section, the postmaster shall require postage on the excess copies at the rates shown in § 34.42. Mailings of a publication (including sample copies) pending consideration of the application for admission thereof as second-class matter shall be accepted as provided in § 34.30.

(f) *When not mailable as sample copies.* Copies mailed by a publisher for advertising purposes under arrangements with advertisers or others, and copies mailed by a publisher acting as an agent for an advertiser or purchaser shall not be accepted as sample copies. Copies marked "Sample copy," but not mailable as such, and copies paid for by advertisers, or paid for by others for advertising purposes, mailed by a publisher, shall be subject to the rates shown in § 34.42, and such mailings shall not be regarded as affecting the second-class status of the publication, except that the regular mailing of large numbers of such copies may be taken to show that the publication is "designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates."

(g) *Not free-in-county.* Sample copies shall not be admitted to the mail as free county matter. (See § 34.41.)

(h) *Addressed to box holder.* Sample copies may be mailed to box holders with each copy addressed in the simplified manner shown in § 35.10 (e).

SUPPLEMENTS TO SECOND-CLASS PUBLICATIONS

§ 34.53 *Supplements to second-class matter.* Publishers of matter of the second class may without subjecting it to extra postage, fold within their regular issues a supplement; but in all cases the added matter must be germane to the publication which it supplements, that is to say, matter supplied in order to complete that to which it is added or supplemented, but omitted from the regular issue for want of space, time, or greater convenience, which supplement must in every case be issued with the publication. (Sec. 16, 20 Stat. 359; 39 U. S. C. 228)

§ 34.54 *Acceptability as supplements*—(a) *Must bear full name of publication.* Supplements shall in all cases bear the full name of the publication with which they are folded, preceded by the words "Supplement to," and also the date corresponding to the regular issue.

(b) *Folded with regular issue.* Supplements shall be folded with the regular issues they purport to supplement. If mailed otherwise, postage shall be prepaid at the third- or fourth-class rate, according to their physical characteristics.

(c) *Legal notices.* Publications of statutes, ordinances, proceedings of public or deliberative assemblies, boards, or conventions, advertisements of tax rates, or other notices or advertisements required by law to be published, whether gratuitously or for compensation, may be mailed as supplemental matter.

(d) *Maps, diagrams, and illustrations.* Maps, diagrams, illustrations, and similar inserts which form a necessary part of a publication, shall be admitted, either loose or attached, as a part of the publication itself, without the words "Supplement to ------."

(e) *No orders, bills, or receipts.* Supplements shall not be combined with orders for subscriptions, or bills, or receipts for subscriptions. (See § 34.57.)

(f) *Independent publications.* A publication entirely distinct from and independent of the regular issue, but complete in itself, especially if it is not germane to the regular issue nor connected therewith, shall not be accepted as a supplement.

(g) *Circulars, handbills, posters, and other special advertisements.* Circulars, handbills, show bills, posters, and other special advertisements shall not be accepted as supplements. Advertising sheets consisting entirely of advertisements, or of a combination of literary or pictorial matter and advertisements, issued by business houses and furnished to publishers for the purpose of being circulated with second-class publications, shall not be accepted as supplements or covers to such publications when mailed at the second-class rates of postage.

(h) *Matter printed outside publication office.* Matter printed elsewhere than at the office of publication, to be used as supplements to various newspapers for the purpose of securing circulation of advertisements of private business, or covers to such publications, when mailed at the second-class rates of postage, shall not be accepted as supplements, even though containing literary matter.

PARTS AND SECTIONS OF SECOND-CLASS PUBLICATIONS

§ 34.55 *Publications prepared in parts or sections.* (a) The regular pages of publications may be prepared in parts or sections. When so prepared, each part or section shall show the same title and date of issue, and bear appropriate designations such as "Part 1" or "Section 1," and "Part 2" or "Section 2," and a statement shall be printed on the first page of the first part or section showing the number of parts or sections in which

the issue is published. Enclosures prohibited by § 34.54 shall not be prepared as parts or sections.

(b) Parts or sections which are obtained by publishers for insertion in copies of their publications must be paid for by the publishers at a rate which is not nominal. Contracts which publishers desire to enter into with producers of parts or sections should be submitted to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, for approval. Such parts or sections must be identified with the issues with which they are inserted by title, date of issue, and part or section designation.

ADDITIONS TO AND INCLOSURES WITH SECOND-CLASS PUBLICATIONS

§ 34.56 *Permissible writing, printing, or other additions on second-class matter*—(a) *Authorization.* Mailable matter of the second class shall contain no writing, print, or sign thereon or therein in addition to the original print, except as herein provided, to wit: the name and address of the person to whom the matter shall be sent, index figures of subscription book, either printed or written, the printed title of the publication and the place of its publication, the printed or written name and address without addition of advertisement of the publisher or sender, or both, and written or printed words or figures, or both, indicating the date on which the subscription to such matter will end, the correction of any typographical error, a mark except by written or printed words, to designate a word or passage to which it is desired to call attention; the words "Sample copy" when the matter is sent as such, the words "Marked copy" when the matter contains a marked item or article, and publishers or news agents may inclose in their publications bills, receipts, and orders for subscriptions thereto, but the same shall be in such form as to convey no other information than the name, place of publication, subscription price of the publication to which they refer and the subscription due thereon. * * * (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(b) *Return postage pledge.* A pledge to pay the postage for the return of undeliverable copies (see §§ 34.63 and 43.48) may be printed on wrappers of second-class matter.

(c) *Exchange and similar requests on wrappers prohibited.* The words "Please exchange" and similar requests and directions relative to delivery inconsistent with these regulations shall not be permitted on the wrappers of matter mailed at the second-class rates of postage. (See § 35.10.)

(d) *Number of copies in package.* The number of copies inclosed may be indicated upon the wrapper or face of a package.

(e) *Printed illustrations or photos attached.* Printed illustrations, including photographs, not in the nature of advertisements, may be pasted to the pages of a publication admitted to the mails as second-class matter.

(f) *Coupons, order forms, and other matter for detachment.* Coupons, order forms, and other matter intended for detachment and subsequent use may be included in permanently attached advertisements, or elsewhere, in newspapers and periodicals, provided they constitute only an incidental feature of such publications and are not of such character, or used to such extent, as to destroy the statutory characteristics of second-class publications, or to bring them within the prohibition of the law denying the second-class rates of postage to publications "designed primarily for advertising purposes," or to give to them the characteristics of books or third-class matter. Coupons and other matter consisting of not more than one-half of one page shall be regarded as an incidental feature.

§ 34.57 *Bills, receipts, or orders with second-class matter*—(a) *Form permitted.* Bills or receipts printed or written in substantially the following form may be inclosed with second-class matter:

NEW YORK, N. Y., ----------, 19--
Office of ---------- ----------,
The ---------- Weekly,
37 Park Row. P. O. Box 4295.
---------- ---------- to the ----------
Weekly, Dr.
---------- ----------, subscription, in advance.
Received payment for the -------- Weekly
from -------- to --------

(b) *What may be included.* (1) A bill or receipt for subscription may include the names of more than one publication and their regular prices, provided they are all published by the same individual or company, or sent by the same news agent, and may also include any period of subscription or any number of shipments to a news agent.

(2) Orders for subscription may indicate the term or period for which the subscription is ordered. The written or printed words or figures, or both, to indicate when the subscription will end may be placed upon the matter itself, or the wrapper, or upon the bills, receipts, or orders which may be inclosed therewith.

(c) *Subscription blanks with coin receptacles.* Subscription blanks, otherwise conforming to these requirements, may be mailed with second-class publications at the regular second-class rates of postage, although printed on cardboard and arranged with a receptacle for coin, or when printed on envelopes. Envelopes, including business reply envelopes and business reply cards, are permissible inclosures in copies of publications mailed at the second-class pound rates only when they are prepared with a subscription order form printed thereon and when they do not convey information in excess of that authorized by § 34.56 (a). Such subscription order forms may show only the title of the publication, place of publication, subscription price, and the amount of the subscription due thereon.

(d) *Combination subscription order forms.* A combination subscription order form for two or more publications is a permissible inclosure, provided each of the publications has second-class entry, the publications are published by the same publishers and the order form does not contain information in excess of that authorized by § 34.56 (a).

§ 34.58 *Examination of second-class matter at mailing office*—(a) *Authorization.* Matter of the second class may be examined at the office of mailing, and if found to contain matter which is subject to a higher rate of postage, such matter shall be charged with postage at the rate to which the inclosed matter is subject. Nothing herein contained shall be so construed as to prohibit the insertion in periodicals of advertisements attached permanently to the same. (Sec. 12, 20 Stat. 359; 39 U. S. C. 225)

(b) *Advertisements.* All advertisements in periodicals shall be permanently attached thereto.

(c) *For violations of laws and regulations.* Postmasters shall carefully examine mailings of publications entered at their offices as second-class matter to ascertain whether the publishers are complying with the law and these regulations.

(d) *When character of publication in doubt.* Every postmaster having reason to believe that a publication passing in the mails as matter of the second class is not entitled to the second-class mailing privileges shall report the matter promptly, with any evidence or facts in his possession tending to support such belief, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

§ 34.59 *Detention of matter not entitled to second-class rate*—(a) *Demand for proper postage.* When the postmaster at the office of mailing finds that a publisher or news agent has deposited matter for mailing at the second-class rates of postage which, in his judgment, is chargeable with a higher rate by reason of illegal inclosures or additions, he shall detain the same, notify the sender, and demand of him proper postage, to be prepaid by stamps affixed to each separately addressed piece.

(b) *Receipt of deposit for proper postage and report to department.* When the decision of the postmaster is questioned, he shall on receipt of a deposit of postage at the higher rate, dispatch the package as second-class matter, and submit to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, a sample of the objectionable matter, with a full statement of the facts in the case. If the publication is held to be entitled to the second-class rates, the excess of the deposit over the second-class rates shall be refunded. If the decision of the postmaster is sustained, the full amount of the deposit shall be converted into postage stamps of a high denomination. The stamps shall be affixed to a sheet of paper, canceled, and sent by registered mail, with a report of the facts, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

SECOND-CLASS MAILING PRIVILEGES FOR NEWS AGENTS

§ 34.60 *News agents*—(a) *Definition.* The term "news agent" shall embrace persons, including newsboys, engaged in business as news dealers or sellers of publications of the second class. A person who restricts himself to advancing the interests of a single publication, or the

publications of one publisher, shall not be regarded as a "news agent" within the meaning of the law, but as a local agent of the publisher and not entitled to a "news agent's" mailing privileges.

(b) *Application for registration.* When a person, firm, or corporation desires to mail second-class matter as a news agent at the second-class pound rates of postage, an application for the privilege, accompanied with the fee of $20 prescribed by § 34.28, shall be submitted to the postmaster on Form 3501–C. The application shall be sent by the postmaster to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

(c) *Registration.* If upon examination of the application it is found that the applicant is entitled to exercise the privileges of a news agent, he shall be duly registered as such and the postmaster authorized to accept from him, at the applicable second-class postage rates, mailings of publications entered as second-class matter, so long as he complies with the law and these regulations.

§ 34.61 *Mailing of publications by news agents*—(a) *Information required.* When periodical publications are presented by a news agency or agent for mailing at the second-class rates of postage, postmasters shall require such agency or agent to furnish satisfactory evidence that the publications offered are entitled to such rates, and have been duly entered at the office of publication, and are being sent to actual subscribers, or to other news agents for the purpose of sale.

(b) *Printed notice evidence of entry.* A printed notice of entry shall be regarded as sufficient evidence that a publication is entitled to pass in the mails at the second-class rates of postage. Postmasters may refuse to accept at second-class rates publications which do not bear such a notice. (See § 34.32.)

(c) *Addressed to other agents.* Satisfactory evidence shall also be furnished that the persons to whom bulk packages are sent from a news agency are also news agents, and the addresses upon such bulk packages should show this fact.

(d) *Not to be remailed without prepayment of postage.* A news agent shall not be permitted to take packages of newspapers or periodicals out of a post office, write an address on each copy, and return them to the office for mailing or delivery without additional prepayment of postage, except in the case of publications entitled to pass free in the county to actual subscribers thereto. (See § 34.41.)

(e) *Packages not to be opened.* Postmasters shall not open packages addressed to news agents and distribute any of the papers or periodicals therein, through the post office or otherwise.

(f) *When subject to transient second-class rates.* Unsold second-class matter returned by news agents to either publishers or other news agents, and copies sent by news agents to other news agents, except for the purpose of sale, or to persons not subscribers to such agency, shall be subject to the transient second-class rates of postage prescribed by § 34.42, except when the postage at the second-class pound rates is higher, in which case the latter rates shall apply.

(g) *Return of portions of unsold publications.* When news agents desire to return to publishers merely the head or small portions of each publication as evidence that the copy has not been sold, such portions shall be rated as third- or fourth-class matter, according to weight. (See §§ 34.65 and 34.73.)

ADDRESSING AND PREPARING COPIES FOR MAILING

§ 34.62 *Wrapping and folding of publications*—(a) *Requirements.* No newspapers shall be received to be conveyed by mail unless they are sufficiently dried and inclosed in proper wrappers. (R. S. 3883; 39 U. S. C. 252)

(b) *Wrappers.* Newspapers and periodicals shall be wrapped in such manner that the wrappers can be removed and replaced without destroying them or injuring their inclosures. When envelopes are used as wrappers they shall bear in the upper left corner of the address side the name and address of the publication, and in the upper right corner, a notice of its entry as second-class matter.

(c) *Manner of.* All publications should be properly folded for separation and delivery. They should be addressed in a legible hand or plain type not smaller than 10 point. When several unwrapped copies for subscribers at the same post office are sent under one wrapper, each copy should bear the name and post-office address of the subscriber. Postmasters shall request publishers and news agents to fold their publications to a size not larger than 9 by 12 inches when practicable.

(d) *When not addressed or wrapped properly.* Publications which are illegibly addressed and those which are not wrapped and folded in accordance with these regulations shall be held until all other matter is distributed.

UNDELIVERABLE SECOND-CLASS MATTER

§ 34.63 *Undeliverable second-class matter*—(a) *Notification of publisher; return; postage charge.* When copies of any publication of the second class, mailed by a publisher at the pound rate or free in the county of publication, are undeliverable at the address thereon, the postmaster at the office of destination shall promptly notify the publisher of the fact, giving the reason therefor, and copies received five weeks after the mailing of the notice to the publisher, and in no instance until two successive issues thereof have been published, shall, under such regulations as the Postmaster General may prescribe, be separately returned to the publisher thereof charged with postage at the third-class rate: *Provided*, That there shall be a postage charge of 2 cents for such notice regarding undeliverable copies, which shall be collected from the publisher upon delivery of the notice; except that where the undeliverable copies bear the pledge of the sender to pay the return postage no notice shall be sent to the publisher but the copies received during the period specified in this paragraph shall be returned charged with postage due at the rate of 1 cent for each two ounces or fraction thereof, with a minimum charge of 2 cents, and indorsed to show the reason they are undeliverable and the new address of the addressee, if known. (36 Stat. 366, as amended; 39 U. S. C. 277)

(b) *Notice to publisher.* The notice to the publisher that copies of his publication are for any reason undeliverable at the address thereon shall be made in duplicate, on Form 3578, the original to be retained by the postmaster as a record of notices furnished and the duplicate, charged with 2 cents postage due, sent to the publisher. Such notice shall not be sent when copies of a publication are undeliverable at the address thereon because of the temporary absence of the addressee.

(c) *Return of publication in lieu of sending notice.* When the copies of a publication bear the pledge of the sender to pay return postage, no notice on Form 3578 shall be sent to the publisher, except in case of local change of address, and the copies received during the period specified in paragraph (a) of this section shall be returned to the publisher charged with postage due at the rate of 1 cent for each two ounces or fraction thereof, with a minimum charge of 2 cents, and the copies shall be indorsed to show the reason they are undeliverable together with the new address of the addressee, if known. (See § 43.48)

(d) *Conditions for return to publisher.* Copies of all publications received after five weeks from the date of mailing the notice on Form 3578, or the return of the first copy of the publication as prescribed in paragraph (c) of this section, but in no instance until two successive issues thereof have been published, which are undeliverable at the address thereon, including local change of address, shall be returned to the publishers under label Form 3579, charged with postage due at the third-class rate. This label shall be pasted on the outside of the publication or its wrapper in such manner as not to cover or obscure the original address or the subscription number thereon. Lines shall be lightly drawn through the original address. The postmaster shall enter in the place provided therefor the amount of postage due at the third-class rate and the date of the notice sent to the publisher.

(e) *When publisher refuses to pay postage due.* If the publisher refuses to pay the postage due on the notice on Form 3578 or the postage due on undeliverable copies of his publication returned to him under Form 3579, the postmaster shall immediately obtain the publisher's statement of his reasons for such refusal and make a full report of the matter to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

(f) *Disposal of undeliverable matter not returned.* The copy which forms the basis for sending the notice on Form 3578 and copies received similarly addressed for the period of five weeks thereafter, or in the event that during the five weeks' period two issues have not been published, then copies received until two issues have been published, shall, if undeliverable at the post office of address, be disposed of as waste (see §§ 7.25 and 43.46), unless there be on file a forward-

ing order of the addressee, or unless there appears on the face of the publication or wrapper a pledge of the publisher to pay postage for its return, in which events the copies shall be forwarded or returned. (See § 43.12 and paragraph (c) of this section, as the case may be.) If the postage for forwarding such matter is not furnished, the copies shall be disposed of as waste.

(g) *Postage rates for return or forwarding.* When second-class matter is forwarded to the addressee under the provisions of § 43.12, the rate is that applicable to transient second-class matter (see § 34.42); the rate of postage applicable to such matter when returned to the publisher under the provisions of this section is the third-class rate or the rate prescribed in paragraph (c) of this section, as the case may be. Notice on Form 3578 shall be sent promptly, whether or not the copies bear a guarantee of return or forwarding postage, except as provided in paragraph (c), of this section.

(h) *Canadian matter.* Undeliverable Canadian second-class matter shall be given the same treatment as domestic matter of that class.

CONTROLLED CIRCULATION PUBLICATIONS

§ 34.64 *Publications issued regularly and circulated free or mainly free*—(a) *Postage rate.* Publications containing twenty-four pages or more issued at regular intervals of four or more times a year, 25 per centum or more of whose pages are devoted to text or reading matter and not more than 75 per centum to advertising matter, which are circulated free or mainly free, may, upon authorization by the Postmaster General and under such regulations as he may prescribe, be accepted for mailing at the postage rate of 10 cents a pound or fraction thereof, computed on the entire bulk mailed at one time, but not less than 1 cent per piece, provided the copies of such publications are presented for mailing made up according to States, cities, and routes as directed by the Postmaster General: *Provided,* That publications owned and controlled by one or several individuals or business concerns and conducted as an auxiliary to and essentially for the advancement of the main business or calling of those who own or control them shall not be accepted under this section. (62 Stat. 1260; 39 U. S. C. 291b)

(b) *Applications.* Application to mail copies of a publication under the provisions of paragraph (a) of this section shall be submitted in writing by the publisher through the postmaster at the office where the matter is to be mailed. The application shall set forth the name of the publication, its frequency of issue, where published, and the name of the publisher, and be accompanied with two copies of the issue nearest to the date of the application. The postmaster shall transmit the application and one copy of the publication to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, and pending action thereon shall accept copies of the publication for mailing under deposits of money sufficient to cover postage at the third- or fourth-class rates. Such deposits shall be held in trust and otherwise treated as provided in § 34.30, with respect to second-class matter, until further instructions are received from the Third Assistant Postmaster General.

(c) *Indicia.* The following indicia shall be conspicuously printed on one or more of the first five pages, preferably on the first page, of each copy of a publication accepted under this section:

(1) Title of the publication, which shall always be shown on the first or cover page.
(2) Date of issue.
(3) Frequency of issue.
(4) Serial number.
(5) Office of publication.
(6) Subscription price, if any.
(7) Notice of authority for acceptance under this section, as follows:

"Acceptance under section 34.64, P. L. and R., authorized." Pending action on an application for acceptance of a publication hereunder there may be printed on the copies the words:

"Application is pending for acceptance under section 34.64, P. L. and R."

(d) *Marked copy to show percentage of reading matter.* With the first mailing of each issue of such publication the publisher shall file with the postmaster a copy thereof marked to show the matter therein devoted to other than advertising, or at least up to 25 per centum of the entire publication, that is, to text or reading matter, and endorsed on the first page to show such percentage. Advertising in the form of textual or reading matter shall not be included in such percentage. The postmaster shall check the copy to see that it contains at least 25 per centum of text that is not advertising, and that the publication otherwise conforms to the requirements.

(e) *Preparation for dispatch.* Such publication shall be properly prepared and addressed and placed in United States mail sacks or other suitable receptacles and separated to States, cities, and routes, in the same general manner as prescribed for second-class matter, and shall be brought for mailing to the post office or such other place as is designated to receive it. Copies not so prepared and presented shall be charged with postage at the third- or fourth-class rates. Individually addressed copies intended for the same post office shall, if there be more than five, be securely wrapped or tied in one bundle; or, if there are more than 30 pieces, be placed in a separate sack addressed to such office. Sacks containing less than that amount (except bulky matter) shall not be made up except where a direct sack is necessary materially to advance the mail, but the mail shall be securely tied in bundles, properly labeled, and be included in sacks with other mail.

(f) *Payment of postage.* The postage on a publication mailed under this section shall be prepaid, preferably in money in the manner prescribed by § 35.4 of this chapter insofar as applicable, or by means of precanceled postage stamps. When a publisher already has a permit to mail matter of any class without stamps affixed as nonmetered mail under the provisions of § 35.4 of this chapter, or a permit for the privilege of using precanceled postage stamps, he may also mail under such permits copies of a publication when its acceptance under this regulation is authorized. When such publications are enclosed in envelopes or wrappers, the inscription "Sec. 34.64, P. L. & R." must be conspicuously printed in the upper right corner of the envelopes or wrappers over the permit indicia prescribed by § 35.4 of this chapter, the amount of postage paid being omitted from the indicia when the publishers so desire, or over the precanceled postage stamps, according to the manner in which the postage is paid. When the copies are mailed without wrappers, the foregoing inscription should be conspicuously printed on the cover to the right and above the address, sufficient space being left for the address and any necessary postal endorsements.

(g) *When not issued regularly.* When a publication accorded the privileges of this section is not regularly issued 4 or more times a year, or when the copies of an issue do not contain 25 per centum or more of text, the postmaster shall so report to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail.

MATTER OF THE THIRD CLASS; DESCRIPTION; POSTAGE RATES

§ 34.65 *Third-class matter*—(a) *Definition.* Mail matter of the third class shall include books, circulars, and other matter wholly in print (except newspapers and other periodicals entered as second-class matter), proof sheets, corrected proof sheets, and manuscript copy accompanying same, merchandise (including farm and factory products) and all other mailable matter not included in the first or second class, or in the fourth class as defined in § 34.73, but bills or statements of account produced by any photographic or mechanical process shall not be accepted as mail matter of the third class unless presented in quantities of twenty or more identical copies. When such bills or statements are not identical or are presented in quantities of less than twenty identical copies, they shall be subject to postage at the first-class rate. (Sec. 206, 43 Stat. 1067, as amended; 39 U. S. C. 235)

NOTE: Third-class matter does not include any matter exceeding 8 ounces in weight.

(b) *Rate of postage.* (1) The rate of postage on third-class matter shall be 2 cents for the first two ounces or fraction thereof, and 1 cent for each additional ounce or fraction thereof up to and including eight ounces in weight, except that the rate of postage on books and catalogs of twenty-four pages or more, seeds, cuttings, bulbs, roots, scions, and plants not exceeding eight ounces in weight shall be 1½ cents for each two ounces or fraction thereof: *Provided,* That upon payment of a fee of $10 for each calendar year or portion thereof and under such regulations as the Postmaster General may establish for the collection of the lawful revenue and for facilitating the handling of such matter in the mails, it shall be lawful to accept for transmission in the mails, separately addressed identical pieces of third-class matter in quantities of not less than twenty pounds, or of not less than two hundred pieces, subject to pound rates of

postage applicable to the entire bulk mailed at one time: *Provided further*, That the rate of postage on third-class matter mailed in bulk under the foregoing provision shall be 14 cents for each pound or fraction thereof with a minimum charge per piece of 1 cent, except that in the case of books and catalogs of twenty-four pages or more, seeds, cuttings, bulbs, roots, scions, and plants the rate shall be 10 cents for each pound or fraction thereof with a minimum charge per piece of 1 cent: *And provided further*, That pieces or packages of such size or form as to prevent ready facing and tying in bundles and requiring individual distributing throughout shall be subject to a minimum charge of 3 cents each. (Sec. 202, 62 Stat. 1260; 39 U. S. C. 290a)

(2) *Minimum postage charge on third-class matter when applicable.* The minimum postage charge of three cents required by law on third-class matter of such form or size as to prevent ready facing, typing and handling in the mails applies to bulk mailings of third-class matter as well as regular matter of the third class. In any instance where the regular postage or the bulk rate of postage per piece exceeds three cents, the minimum charge will not be applicable. Large circulars, folders, etc., of third-class matter when folded flat to a size of 9 by 12 inches or less will be acceptable at the regular or bulk third-class rate. For small articles if they have flat surfaces and are either four inches long (parallel with line of address) or three inches wide (perpendicular to line of address) the regular or bulk third-class rate will be chargeable. In other words, the three-cent minimum charge will apply if the piece is less than four inches long and also less than three inches wide. The three-cent minimum charge will apply to all round, cylindrical, or other irregularly shaped pieces or packages, as well as those forming a hump or which are otherwise so uneven as to prevent stacking or tying in packages including articles in bags or which are addressed by means of tags.

(c) *Articles of odd size or form.* Among the articles to which the 3-cent minimum charge shall apply are those exceeding 9 inches in width, or 12 inches in length, or less than 3 inches in width and 4 inches in length; round, cylindrical, or other irregular shaped pieces or packages, and those with contents forming a hump or which are otherwise so uneven as to prevent stacking or tying in packages; also articles in bags or addressed by means of tags.

(d) *Books, students' work books.* Books, permanently bound for preservation consisting wholly of reading matter or reading matter with incidental blank spaces for student's notations and containing no advertising matter other than incidental announcements of books and when in parcels not exceeding seventy pounds in weight, may be sent at the postage rate of 8 cents for the first pound or fraction thereof and 4 cents for each additional pound or fraction thereof. (Sec. 204, 62 Stat. 1260; 39 U. S. C. 292a)

(e) *Hotel and steamship room keys.* (1) On hotel and steamship room keys with metal or fiber tags securely attached thereto, there being indelibly stamped upon such tags explicit post-office address and instructions directing that key and tag be returned to the hotel or steamship of their origin, postage shall be charged at the rate of 5 cents for each two ounces or fraction thereof if postage be collected on delivery. (44 Stat. 890; 39 U. S. C. 302)

(2) When hotel or steamship room keys conforming to the conditions prescribed in paragraph (e) of this section are presented for mailing or deposited in the mails without prepayment of any postage, they shall be dispatched to the post office of address and delivered to the hotel or steamship of origin in accordance with the instructions on the tags attached to the keys on payment of postage thereon at the rate of 5 cents for each 2 ounces or fraction thereof. Postage-due stamps representing the amount of postage collected shall be affixed to the tags in accordance with the general procedure governing the collection of postage due set forth in §§ 43.8 and 43.11.

§ 34.66 *Pound rate for bulk mailings of third-class matter*—(a) *Authorization.* * * * Upon payment of a fee of $10 for each calendar year or portion thereof and under such regulations as the Postmaster General may establish for the collection of the lawful revenue and for facilitating the handling of such matter in the mails, it shall be lawful to accept for transmission in the mails separately addressed identical pieces of third-class matter in quantities of not less than twenty pounds, or of not less than two hundred pieces subject to pound rates of postage applicable to the entire bulk mailed at one time. * * * (Sec. 202, 62 Stat. 1260; 39 U. S. C. 290a)

(b) *Method of paying postage.* The postage on bulk mailings of third-class matter mailed under the provisions of this section must be prepaid in money as metered, nonmetered, or with precanceled stamps, or the matter enclosed in Government precanceled stamped envelopes.

(c) *Application for privilege*—(1) *Procedure.* Persons desiring the privilege of mailing third-class matter in bulk under the provisions of this section shall make application therefor to the postmaster, who shall transmit it to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, except when otherwise instructed by that office, and await the receipt of a permit and instructions as to procedure. Until such authority and instructions are received, no postmaster shall accept third-class matter for mailing under the provisions of this section.

(2) *Fee.* A fee of $10 for each calendar year or portion thereof is required for the privilege of making bulk mailings of separately addressed identical pieces of third-class matter in quantities of not less than 20 pounds or of not less than 200 pieces, regardless of whether the matter is mailed without stamps affixed as metered or nonmetered mail or the postage thereon is paid by precanceled stamps affixed. In addition, each application for a permit to mail third-class matter without stamps affixed as nonmetered mail under the provisions of this section shall be accompanied with the fee of $10 prescribed by § 35.4 (f) of this chapter. Both fees shall be accounted for in the manner prescribed in that paragraph.

(3) *Letter shops, etc.* In the case of printing firms, letter shops, etc., which print, prepare and mail or which merely address and mail third-class matter at bulk rates under their permits for others, a $10 fee will be required each calendar year for each customer for whom such a mailing is made.

If a firm makes bulk mailings of third-class matter for its branches, that is, if it prepares and presents the matter for mailing at one post office for all of the branches under one permit, only one $10 bulk mailing fee will be required annually. However, if each branch holds a permit and presents its own third-class matter for mailing in bulk, it will be necessary for each branch (individual permit holder) to pay an annual $10 bulk mailing fee.

(d) *Indicia.* (1) There shall be printed in the upper right corner of the address side of each separately addressed piece of third-class matter mailed under the provisions of this section without stamps affixed the words "U. S. Postage Paid," the name of the post office and State where mailed, and such other information as may be required in instructions issued by the Third Assistant Postmaster General. Matter mailed without stamps affixed under the provisions of this section shall not be postmarked.

(2) When the postage on third-class matter, mailed under the provisions of this section is paid by means of precanceled stamps, each separately addressed piece shall bear such printed indicia as may be prescribed by the Third Assistant Postmaster General to show that the matter is being so mailed.

(3) In the upper left corner of the address side of such matter should be placed the name and complete address of the sender.

(e) *Statement to accompany mailing.* Each mailing of third-class matter under the provisions of this section shall be accompanied with a statement on a form provided therefor, signed by the sender, showing such information as may be required. To facilitate the handling of such matter the mailer shall separate and securely "tie out" all mailings under this section, whether without stamps affixed or under precanceled stamps, into direct packages for post offices whenever there are as many as 10 pieces for any post office in any mailing, and the mailer shall separate and securely "tie out" the pieces or packages into properly labeled State packages whenever there are as many as 10 pieces or packages for any State. Mailers shall also make separations of such mail for post office stations and branches if the name of a post-office station or post-office branch forms a part of the address. Any mailings offered without the separations being made as outlined shall be refused.

(f) *Computation of postage.* (1) Postage on the entire quantity, except when prepaid by means of precanceled stamps, shall be paid at or before the time the matter is presented either in money or at the option of the postmaster and at

his risk by check drawn to his order. Such postage shall be collected at the rate of 14 cents a pound or 10 cents a pound, according to the character of the particular matter (see § 34.65), and shall be computed on each pound or fraction thereof unless the postage at the pound rate amounts to less than 1 cent for each piece, in which event postage at the latter rate shall be collected.

(2) *Postage paid by precanceled postage stamps or meter impressions.* When third-class matter is mailed at bulk rates and postage is paid by means of precanceled stamps or meter impressions the postage value affixed to each piece must be sufficient to prepay fully the amount chargeable thereon. Therefore, when postage on each piece computed at the bulk rate by the pound is not exactly equivalent to the denomination of a postage stamp or meter unit or combinations thereof, it will be necessary to affix to each piece a precanceled stamp or stamps or meter impression or impressions of the next higher denomination. The following table is provided for convenience in computing postage in such cases:

14 Cents a Pound Matter

Circulars, miscellaneous printed matter and merchandise.

Weight of each piece not exceeding (*ounces*)	*Amount of postage required on each piece if paid with precanceled stamps or meter impressions* (*cents*)
1⅛ (1.143)	1
1⅝ (1.714)	1½
2¼ (2.286)	2
2¾ (2.857)	2½
3⅜ (3.429)	3
4 (4.000)	3½
4½ (4.571)	4
5⅛ (5.143)	4½
5⅝ (5.714)	5
6¼ (6.286)	5½
6¾ (6.858)	6
7⅜ (7.429)	6½
8 (8.000)	7

(Intermediate weights require next higher rate)

10 Cents a Pound Matter

Books (including catalogs), of 24 pages or more, seeds, cuttings, bulbs, roots, scions and plants.

Weight of each piece not exceeding (*ounces*)	*Amount of postage required on each piece if paid with precanceled stamps or meter impressions* (*cents*)
1½ (1.6)	1
2⅜ (2.4)	1½
3⅛ (3.2)	2
4 (4.0)	2½
4¾ (4.8)	3
5½ (5.6)	3½
6⅜ (6.4)	4
7⅛ (7.2)	4½
8 (8.0)	5

(Intermediate weights require next higher rate)

NOTE: The fractional weights in column one are provided for use in readily ascertaining the per piece rate chargeable and can be used in most instances. In weighing a piece to determine the postage required, it will be necessary to estimate the fractional position of the poise in those cases where the scale does not balance at a marked one-half ounce unit. The weights by decimal fractions shown in parentheses are the actual maximum weights of individual pieces which may be accepted at the postage value listed opposite. These figures should be used in any instance where the scale weight for a single piece closely approximates one of the fractions shown in column one. Individual weights computed to the decimal fractions shown will, of course, have to be arrived at by determining the average weight of a single piece based upon the total weight of a number of pieces selected from the mailing.

(g) *Examination and verification of mailings.* (1) Except when the postage on third-class matter mailed under the provisions of this section is paid by means of precanceled stamps affixed, the mailings shall be examined, counted, weighed, and verified and receipts (Form 3603) issued therefor in the manner prescribed for matter mailed without stamps affixed under the provisions of § 35.4 insofar as they may be applicable, and in accordance with such further instructions as may be issued by the Third Assistant Postmaster General.

(2) When the postage on matter mailed under the provisions of this section is paid by means of precanceled stamps, each mailing shall be carefully examined to see that the proper amount of postage is affixed.

(h) *Accounting for postage.* The postage on mailings without stamps affixed under the provisions of this section shall be accounted for in the manner prescribed by § 35.4 (n) of this chapter.

(i) *Not to be registered, insured, or sent c. o. d.* Matter mailed under the provisions of this section shall be accepted only as ordinary mail, and cannot be registered or sent as insured or c. o. d. mail, since the pieces are not accepted and handled individually at the mailing office, but only in bulk.

§ 34.67 *Circulars — (a) Definition.* The term "circular" is defined to be a printed letter, which, according to internal evidence, is being sent in identical terms to several persons. A circular shall not lose its character as such, when the date and the name of the addressee and of the sender shall be written therein, nor by the correction of mere typographical errors in writing. (Sec. 18, 20 Stat. 360; 39 U. S. C. 236)

(b) *Written additions.* When a name (except that of the addressee or sender), date (other than that of the circular), or anything else is handwritten or typewritten in the body of a circular for any other reason than to correct a genuine typographical error, postage shall be charged at the first-class rate. (See § 34.8.)

§ 34.68 *Printed matter; definition.* "Printed matter" is defined to be the reproduction upon paper, by any process except that of handwriting, of any words, letters, characters, figures, or images, or of any combination thereof, not having the character of an actual and personal correspondence. (Sec. 19, 20 Stat. 360; 19 U. S. C. 237)

§ 34.69 *Typewritten matter; facsimile copies.* Typewriting and carbon and letter-press copies shall be accepted for mailing only as first-class matter. (See § 34.5.) Facsimile copies of handwriting or typewriting, produced by a mechanical process such as the printing press, mimeograph, multigraph, etc., shall be treated as matter of the third or fourth class according to weight, provided they are presented for mailing at the post-office windows, or other depositories designated by postmasters, in a minimum number of 20 identical unsealed copies. If mailed elsewhere, or in less number, payment of the first-class rate of postage shall be required.

§ 34.70 *Letters for the blind.* * * * All letters written in point print or raised characters or on sound-reproduction records used by the blind, when unsealed, shall be transmitted through the mails as third-class matter. (33 Stat. 313, as amended; 39 U. S. C. 331)

§ 34.71 *Transient copies of Congressional Record.* The postage, on each copy of the daily Congressional Record mailed from the city of Washington as transient matter shall be one cent. (Sec. 13, 18 Stat. 237, 39 U. S. C. 290)

PERMISSIBLE ADDITIONS ON THIRD-CLASS MATTER

§ 34.72 *Permissible additions on third-class matter—(a) Authority for.* * * * Upon matter of the third * * * [class] or upon the wrapper or envelope inclosing the same or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address, preceded by the word "From," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book or printed matter of such * * * [class] a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope or the tag or label attached thereto may be printed any matter mailable as third-class matter. * * * but there must be left on the address side * * * a space sufficient for a legible address and necessary stamps. * * * (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(b) *"Please do not open until Christmas."* * * * There may be placed on third- * * * class mail matter, or on the package, wrapper, or envelope inclosing the same, or on a tag or label attached thereto, either in writing or otherwise, the words "Please do not open until Christmas," or words to that effect. * * * (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(c) *Same as on fourth-class.* The written additions permissible on fourth-class matter are likewise permissible on matter of the third class.

(d) *Designation of contents; inscriptions.* It shall be permissible to place on third-class matter, or on a card inclosed therewith, a written designation of contents, a serial number, and such simple inscriptions as "Merry Christmas," "Happy New Year," "Dear Sir," "My Dear Friend," "Sincerely yours," "With best wishes."

(e) *Imprints by hand stamp.* Imprints by hand stamp upon printed matter of the third class shall not affect its classification except when the added print is in itself personal, or converts that to which it is added into a personal

communication; in the latter case, however, the mailing at one time at the post office window or other depository designated by the postmaster of not less than 20 identical unsealed copies shall be sufficient evidence of impersonal character to entitle such matter to the third-class rate of postage.

(f) *Hand-stamped, marked, or punched dates on cards.* Printed cards which do not conform to the requirements for post cards bearing a hand-stamped, marked, or punched date, giving information as to when the sender will call or deliver something, or when some event will occur, or some article was received, etc., mailed in a less number than 20 identical copies, shall be charged with postage at the letter rate; but when not less than 20 identical unsealed copies are mailed at the same time they shall be accepted at the third-class rate.

(g) *Corrections in proof sheets.* Include the alteration of the text and insertion of new matter, as well as the correction of typographical and other errors; include also marginal instructions to the printer necessary to the correction of the matter or its proper appearance in print. Part of an article may be entirely rewritten if that is necessary for correction. Corrections should be upon the margin of or attached to the proof sheets. Manuscript of one article may not be enclosed with proof sheets or corrected proof sheets of another except at the first-class rate.

CROSS REFERENCE: See § 34.67 as to definition of circular and additions thereto.

MATTER OF THE FOURTH CLASS: PARCEL POST; DESCRIPTION

§ 34.73 *Fourth-class matter*—(a) *Definition.* (1) Mail matter of the fourth class shall weigh in excess of 8 ounces, and shall include books, circulars, and other matter wholly in print (except newspapers and other periodicals entered as second-class matter), proof sheets, corrected proof sheets and manuscript copy accompanying same, merchandise (including farm and factory products), and all other mailable matter not included in the first or second class, or in the third class as defined in § 34.65, not exceeding 70 pounds in weight, nor greater in size than 100 inches in length and girth combined, nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter and not of a character perishable within a period reasonably required for transportation and delivery. (R. S. 3879, as amended; 39 U. S. C. 240)

(2) Such official matter exceeding 4 pounds in weight as is not mailable free under the penalty privilege shall be embraced in mail of the fourth class.

NOTE: The orders of the Postmaster General modifying the fourth-class limits of weight and size, rate, and classification, issued in pursuance of the authority contained in 39 U. S. C. 247 (see § 34.79), are as follows: Order No. 7349 of July 25, 1913, increasing the weight limit of fourth class from 11 pounds to 20 pounds in the first and second zones and reducing the rates of postage in these zones, effective August 15, 1913; Order No. 7705 of December 6, 1913, extending the classification of articles mailable as parcel post to include books, effective March 16, 1914; Order No. 7706 of December 6, 1913, increasing the limit of weight of fourth class for delivery within the first and second zones from 20 to 50 pounds and in the third, fourth, fifth, sixth, seventh, and eighth zones from 11 to 20 pounds, and reducing the rates of postage in the third, fourth, fifth, and sixth zones, effective January 1, 1914; Order No. 9005 of July 10, 1915, increasing the limit of size of parcels of fourth class from 72 inches to 84 inches in length and girth combined, effective July 10, 1915; Order No. 1140 of February 26, 1918, increasing weight limit from 50 pounds in first and second zones and 20 pounds in the third zone to 70 pounds, and in all other zones from 20 to 50 pounds, effective March 15, 1918; Order No. 3880 of February 4, 1926, extending the classification of articles mailable as fourth-class to embrace such official matter exceeding 4 pounds in weight as is not mailable free under the penalty privilege; Order No. 1416 of July 14, 1931, increasing the limit of weight of fourth-class matter in the fourth, fifth, sixth, seventh, and eighth zones from 50 to 70 pounds, and increasing the limit of size from 84 to 100 inches in length and girth combined; Order No. 2388, April 7, 1932, modifying the rates of postage in the eight zones, effective October 1, 1932.

(b) *Units of area; zones.* For fourth-class mail matter the United States and its several Territories and possessions shall be divided into units of area thirty minutes square, identical with a quarter of the area formed by the intersecting parallels of latitude and meridians of longitude, represented on appropriate postal maps or plans, and such units of area shall be the basis of eight postal zones, as follows:

(1) *First zone.* The first zone shall include all territory within such quadrangle, in conjunction with every contiguous quadrangle, representing an area having a mean radial distance of approximately fifty miles from the center of any given unit of area.

(2) *Second zone.* The second zone shall include all units of area outside the first zone lying in whole or in part within a radius of approximately one hundred and fifty miles from the center of a given unit of area.

(3) *Third zone.* The third zone shall include all units of area outside the second zone lying in whole or in part within a radius of approximately three hundred miles from the center of a given unit of area.

(4) *Fourth zone.* The fourth zone shall include all units of area outside the third zone lying in whole or in part within a radius of approximately six hundred miles from the center of a given unit of area.

(5) *Fifth zone.* The fifth zone shall include all units of area outside the fourth zone lying in whole or in part within a radius of approximately one thousand miles from the center of a given unit of area.

(6) *Sixth zone.* The sixth zone shall include all units of area outside the fifth zone lying in whole or in part within a radius of approximately one thousand four hundred miles from the center of a given unit of area.

(7) *Seventh zone.* The seventh zone shall include all units of area outside the sixth zone lying in whole or in part within a radius of approximately one thousand eight hundred miles from the center of a given unit of area.

(8) *Eighth zone.* The eighth zone shall include all units of area outside the seventh zone. (Sec. 8, 37 Stat. 557; 39 U. S. C. 292)

§ 34.74 *Excess size*—(a) *Not acceptable.* If a parcel of fourth-class matter exceeds the size, in length and girth combined, or the weight, prescribed in § 34.73 (a), it shall not be accepted for mailing.

(b) *How measured.* In measuring a parcel the greatest distance in a straight line between its ends, but not around the parcel lengthwise, shall be taken as the length, while the distance around it at its thickest part shall be taken as the girth. For example, a parcel 10 inches wide, 5 inches high, and 35 inches long has a girth of 30 inches, its length and girth combined being 65 inches.

RATES OF POSTAGE ON FOURTH-CLASS MATTER

§ 34.75 *Pound basis of postage rates on fourth-class matter.* On fourth-class matter (limit of weight over eight ounces to seventy pounds) the rate of postage except as herein provided for catalogs (limit of weight over eight ounces up to and including ten pounds), books, and library books, shall be by the pound as hereinafter provided, the postage in all cases to be prepaid by stamps affixed thereto or as otherwise prescribed by the Postmaster General. (Sec. 204 (a), 62 Stat. 1260; 39 U. S. C. 292a)

§ 34.76 *Fourth-class postage rates by zones.* The rate of postage on matter of the fourth class shall be as follows:

(a) *Local.* On all matter mailed at the post office from which a rural route starts, for delivery on such route, or mailed at any point on such route for delivery at any other point thereon, or at the office from which the route starts, or on any rural route starting therefrom, and on all matter mailed at a city-carrier office, or at any point within its delivery limits, for delivery by carriers from that office, or at any office for local delivery, the postage shall be 10 cents for the first pound or fraction thereof, 1 cent for each additional pound or fraction thereof up to and including ten pounds, and ¾ cent for each pound or fraction thereof exceeding ten pounds.

(b) *First and second zones.* For delivery within the first and second zones, except as provided for in paragraph (1), and except when the distance by the shortest regular mail route from the office of origin to the office of delivery is three hundred miles or more in which case the rates of postage shall be the same as for delivery within the third zone, 12 cents for the first pound or fraction thereof, 2⅒ cents for each additional pound or fraction thereof up to and including ten pounds, and 2 cents for each pound or fraction thereof exceeding ten pounds.

(c) *Third zone.* For delivery within the third zone, 13 cents for the first pound or fraction thereof, 4½ cents for each additional pound or fraction thereof up to and including ten pounds, and 2⅘ cents for each pound or fraction thereof exceeding ten pounds.

(d) *Fourth zone.* For delivery within the fourth zone, 14 cents for the first pound or fraction thereof, 4½ cents for each additional pound or fraction there-

of up to and including ten pounds, and 4¼ cents for each pound or fraction thereof exceeding ten pounds.

(e) *Fifth zone.* For delivery within the fifth zone, 15 cents for the first pound or fraction thereof, 6 cents for each additional pound or fraction thereof up to and including ten pounds, and 5½ cents for each pound or fraction thereof exceeding ten pounds.

(f) *Sixth zone.* For delivery within the sixth zone, 16 cents for the first pound or fraction thereof, 9½ cents for each additional pound or fraction thereof up to and including ten pounds, and 7¼ cents for each pound or fraction thereof exceeding ten pounds.

(g) *Seventh zone.* For delivery within the seventh zone, 17 cents for the first pound or fraction thereof, 9½ cents for each additional pound or fraction thereof up to and including ten pounds, and 9¼ cents for each pound or fraction thereof exceeding ten pounds.

(h) *Eighth zone.* For delivery within the eighth zone, 18 cents for the first pound or fraction thereof, 11½ cents for each additional pound or fraction thereof up to and including ten pounds, and 11¼ cents for each pound or fraction thereof exceeding ten pounds.

(i) *Parcels over 84 inches.* On parcels measuring more than 84 inches but not more than one hundred inches in length and girth combined the minimum postage charge shall be the zone charge applicable to a ten-pound parcel. (Sec. 204 (b), 62 Stat. 1260; 39 U. S. C. 292a)

(j) *Table of rates.* In accordance with the foregoing, postage shall be charged on matter of the fourth class mailed for delivery within the several zones indicated in subparagraphs (a) to (i) hereof as follows:

POSTAGE RATES

Weight in pounds	Local	Zones 1 2 (Up to 150 miles)	3 (150–300 miles)	4 (300–600 miles)	5 (600–1,000 miles)	6 (1,000–1,400 miles)	7 (1,400–1,800 miles)	8 (Over 1,800 miles)

§ 34.77 *Postage rates on individually addressed catalogs* — (a) *Parcel-post zone basis.* Catalogs and similar printed advertising matter in bound form weighing more than eight ounces but not exceeding ten pounds shall be subject to postage rates based on the eight parcel-post zones as follows:

(1) When mailed at the post office from which a rural route starts, for delivery on such route, or mailed at any point on such route for delivery at any other point thereon, or at the office from which the route starts, or on any rural route starting therefrom, and when mailed at a city-carrier office, or at any point within its delivery limits, for delivery by carriers from that office, or at any office for local delivery, the postage shall be 7½ cents for the first pound or fraction thereof and 1 cent for each additional pound.

(2) For delivery within the first and second zones, except as provided for in paragraph (1), and except when the distance by the shortest regular mail route from the office of origin to the office of delivery is three hundred miles or more in which case the rates of postage shall be the same as for delivery within the third zone, 8 cents for the first pound or fraction thereof and 1½ cents for each additional pound or fraction thereof.

(3) For delivery within the third zone, 9 cents for the first pound or fraction thereof and 2 cents for each additional pound or fraction thereof.

(4) For delivery within the fourth zone, 10 cents for the first pound or fraction thereof and 2½ cents for each additional pound or fraction thereof.

(5) For delivery within the fifth zone, 12 cents for the first pound or fraction thereof and 3 cents for each additional pound or fraction thereof.

(6) For delivery within the sixth zone, 13 cents for the first pound or fraction thereof and 4 cents for each additional pound or fraction thereof.

(7) For delivery within the seventh zone, 14 cents for the first pound or fraction thereof and 5 cents for each additional pound or fraction thereof.

(8) For delivery within the eighth zone, 15 cents for the first pound or fraction thereof and 6 cents for each additional pound or fraction thereof. (Sec. 204 (c), 62 Stat. 1260; 39 U. S. C. 292a)

(b) *Table of rates.* In accordance with the foregoing, postage shall be

charged on catalogs and similar printed advertising matter of the fourth class in bound form having 24 or more pages and weighing more than 8 ounces but not exceeding 10 pounds, and individually addressed, as follows:

Pounds	Zones							
	Local	First and second	Third	Fourth	Fifth	Sixth	Seventh	Eighth
	Cents	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*
1	7½	8	9	10	12	13	14	15
2	8½	9½	11	12½	15	17	19	21
3	9½	11	13	15	18	21	24	27
4	10½	12½	15	17½	21	25	29	33
5	11½	14	17	20	24	29	34	39
6	12½	15½	19	22½	27	33	39	45
7	13½	17	21	25	30	37	44	51
8	14½	18½	23	27½	33	41	49	57
9	15½	20	25	30	36	45	54	63
10	16½	21½	27	32½	39	49	59	69

(c) *Exception.* In the first or second zone, where the distance by the shortest regular practicable mail route is 300 miles or more, the rate is the same as for the third zone.

§ 34.78 *Special handling of fourth-class matter.*—(a) *Special-handling stamps.* To procure the most expeditious handling and transportation practicable of mail matter of the fourth class, special-handling stamps shall be affixed thereto, in addition to the regular postage, in accordance with the following schedule: Matter weighing not more than two pounds, 15 cents; matter weighing more than two, but not more than ten pounds, 20 cents; matter weighing more than ten pounds, 25 cents: *Provided,* That, under such regulations as the Postmaster General may prescribe, ordinary stamps of equivalent value may be accepted in lieu of the special-handling stamps herein specified. (Sec. 204 (f), 62 Stat. 1260; 39 U. S. C. 292a)

(b) *Dispatch of special-handling mail; baby chicks.* Fourth-class mail matter with the required special-handling stamps affixed thereto, other than baby chicks, shall be dispatched and handled in transit in the same manner as special-delivery mail (see § 53.6), but the dispatch and handling of baby chicks shall, so far as may be practicable, be confined to the routes (rail, electric, or star) which will involve the least exposure to severe weather conditions in transit and in transfer at connecting points.

(c) *Endorsement.* All fourth-class mail on which the special-handling charge is prepaid, whether by means of special-handling postage stamps or ordinary postage stamps, shall be endorsed "Special Handling," preferably in the space immediately below the postage stamps and above the address. Postmasters shall request mailers to place the endorsement on the articles involved, but if any such articles not so endorsed are deposited in the mails, the required endorsement shall be placed thereon by the postmaster or other postal employee.

§ 34.79 *Authority to reclassify articles, weights, rates, zones, and other conditions of mailability.* The classification of articles mailable, as well as the weight limit, the rates of postage, zone or zones, and other conditions of mailability under sections 240, 293, and 294 of this title [fourth-class matter], if the Postmaster General shall find on experience that they or any of them are such as to prevent the shipment of articles desirable, or to permanently render the cost of the service greater than the receipts of the revenue therefrom, he is hereby directed, subject to the consent of the Interstate Commerce Commission after investigation, to re-form from time to time such classifications, weight limit, rates, zone or zones or conditions, or either, in order to promote the service to the public or to insure the receipt of revenue from such service adequate to pay the cost thereof. (Sec. 207, 43 Stat. 1067, as amended; 39 U. S. C. 247)

§ 34.80 *Fourth-class rates to Alaska, Hawaiian Islands, and Canal Zone.* The eighth-zone rates of postage shall apply to fourth-class mail transported between Alaska and the United States proper or its possessions; between the Hawaiian Islands and the United States proper or its possessions; between Alaska and the Hawaiian Islands; between the Canal Zone and the United States (including Alaska and Hawaii) or its other possessions. (See § 34.2.)

§ 34.81 *Fourth-class rates to naval vessels.* The eighth-zone rate of postage shall apply to parcels of fourth-class mail, subject to the pound rates, exchanged between the United States, or any of its possessions, and United States naval vessels stationed in foreign waters where the foreign port appears as part of the address. When such vessels are stationed in a port of the United States or any of its possessions, or mail intended for them is addressed in care of a continental fleet post office, the rates applicable to or from the post office at such port shall be charged.

§ 34.82 *Rate of postage on shipments of gold.* The rate of postage on gold coin, gold bullion, and gold dust offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, shall be 2 cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust shall be inclosed in sealed packages not exceeding 50 pounds in weight and sent by registered mail.

§ 34.83 *Rates of postage on library books.*—(a) *Provisions.* Books, consisting wholly of reading matter and containing no advertising matter other than incidental announcements of books, when sent by public libraries, organizations, or associations not organized for profit and none of the net income of which inures to the benefit of any private stockholder or individual, as a service to county or other unit libraries or as a loan to readers or when returned by the latter libraries or readers to such public libraries, organizations, or associations shall be charged with postage at the rate of 4 cents for the first pound or fraction thereof and 1 cent for each additional pound or fraction thereof, except, that the rates now or hereafter prescribed for third- or fourth-class matter shall apply in every case where such rate is lower than the rate prescribed in this subsection for books under this classification: *Provided,* That this rate shall apply only to such books as are addressed for local delivery, for delivery in the first, second, or third zone, or within the State in which mailed. Public libraries, organizations, or associations before being entitled to the foregoing rates shall furnish to the Postmaster General, under such regulations as he may prescribe, satisfactory evidence that none of their net income inures to the benefit of any private stockholder or individual. (Sec. 204 (e), 62 Stat. 1260; 39 U. S. C. 292a)

(b) *Request to mail at library book rate.* When any public library, organization, or association desires to mail books to county or other unit libraries or as a loan to readers at the rate of postage provided in this section, such library, organization, or association shall first submit to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, through the postmaster at the office where it is desired to mail the books, a request for such privilege, together with satisfactory evidence, such as its articles of incorporation, constitution, by-laws, etc., to establish that the library, organization, or association is not organized for profit and none of its net income inures to the benefit of any private stockholder or individual. No books shall be accepted for mailing under the provisions of this section until such evidence has been furnished and the Third Assistant Postmaster General has approved the request of the applicant.

(c) *Definition; indorsement.* Books mailed under the provisions of this section shall consist wholly of reading matter and contain no advertising matter other than incidental announcements of books. Parcels of such books when mailed by or returned to an authorized library, organization, or association, shall bear over the return card of the sender in the upper left corner of the address side, an indorsement reading "Contents: Library Books. Mailed under § 34.83, P. L. and R."

(d) *Further conditions.* Books to be entitled to be mailed by an authorized library, organization, or association at the reduced rates prescribed in this section shall be sent as a service to a county or other unit library or as a loan to readers. Books may be returned to an authorized library, organization, or association at the rates prescribed in this section only by a county or other unit library, or by a reader to whom the books have been sent as a loan.

§ 34.84 *Rates of postage on other books.*—(a) *Computation of.* Books,

permanently bound for preservation consisting wholly of reading matter or reading matter with incidental blank spaces for student's notations and containing no advertising matter other than incidental announcements of books and when in parcels not exceeding seventy pounds in weight, may be sent at the postage rate of 8 cents for the first pound or fraction thereof and 4 cents for each additional pound or fraction thereof. (Sec. 204 (d), 62 Stat. 1260; 39 U. S. C. 292a)

(b) *Definition of "book."* A book, within the contemplation of paragraph (a), shall be a volume permanently bound in cloth or paper having 24 or more pages, of which at least 22 are printed, and with the exception of textbooks containing incidental spaces for students' notations, shall not contain ruled or blank pages intended for records or memoranda purposes.

(c) *Students' work books.* The provision for the acceptance at the rate stated in paragraph (a) of books with incidental blank spaces applies only to textbooks which are intended for students and which do not have more than one-half, preferably less than half, of the total number of pages prepared with blank spaces or ruled lines for the insertion of students' notations. This rate does not apply after such notations are made in the books.

(d) *Indorsement.* All parcels of books mailed at this rate should be indorsed by the mailers "Book" or "Books."

(e) *No special permit necessary.* No special permit is necessary to mail books at this rate. Books mailed at this rate are subject to the same rate when forwarded to the addressee or returned to the sender.

(f) *Rate not applicable to foreign mailings.* The special book rate applies to books for delivery in the United States and its possessions but does not apply to books mailed to foreign countries.

(g) *Inclosures*—(1) *What are permissible.* The following are permissible inclosures with books mailed at this rate:

A reply envelope, post card, a single order form, and a single sheet not larger than approximately the size of a page, relating exclusively to the book with which inclosed. An invoice showing the price, etc., of the book may also be inclosed, as provided in § 34.85.

(2) *Loose inclosures.* Since the law provides that books mailed at the special pound rate may contain incidental announcements of books, such announcements, whether appearing in the books themselves or in the form of loose circular inclosures not weighing in excess of one and one-third ounces, will be permissible in addition to the inclosures described in the preceding paragraph, without affecting the postage chargeable at that rate, such postage, of course, to be computed on the full weight of each parcel. However, loose inclosures of this kind weighing in excess of one and one-third ounces and other circulars or printed matter such as folders, pamphlets, calendars, catalogs, etc., which would not otherwise be permissible, may be inclosed in parcels of books, provided a permit is obtained and postage on such inclosures is paid at the third-class rate of 1½ cents for each two ounces or fraction thereof in addition to the regular postage on the books themselves. In authorizing these inclosures, it is contemplated that they shall be merely incidental, in no case exceeding eight ounces. The wrapper of the parcel in such case should bear a printed or hand stamped indorsement in the following form:

Additional Postage at the Third-Class Rate Paid for Inclosures.
New York, N. Y., Permit No. 1.

(3) *Permit necessary to mail inclosures.* Each patron desiring to mail such inclosures with books should obtain a permit from his postmaster for this privilege, the permits being numbered consecutively, for which no fee shall be charged, unless it is desired to mail the matter under a nonmetered permit under § 35.4 and the patron has no such permit, in which event the regular $10 application fee and $10 annual fee (§ 34.66) will be necessary.

(4) *Further permissible additions.* The permissible additions to and enclosures with fourth-class matter as set forth in § 34.85 shall also be permissible in the case of books mailed under the provisions of paragraph (a).

PERMISSIBLE ADDITIONS ON FOURTH-CLASS MATTER

§ 34.85 *Permissible additions on fourth-class matter*—(a) *Authority for.* * * * Upon matter of the * * * (fourth class) or upon the wrapper or envelope inclosing the same or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address, preceded by the word "From," and * * * any marks, numbers, names, or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps. (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(b) *"Please do not open until Christmas."* * * * There may be placed on * * * fourth-class mail matter, or on the package, wrapper, or envelope inclosing the same, or on a tag or label attached thereto, either in writing or otherwise, the words "Please do not open until Christmas," or words to that effect. (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(c) *Further additions.* The written additions permissible on third-class matter are likewise permissible on matter of the fourth class. (See § 34.72.)

(d) *Tag or label.* The tag or label, with the printing or writing authorized thereon; may be attached to the whole parcel or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the parcel.

(e) *Inscriptions.* Inscriptions such as "Merry Christmas," "Happy New Year," "With best wishes," and the like, may be placed on matter of the fourth class or on a card inclosed therewith.

(f) *Inclosure of invoice.* There may be inclosed with matter of the fourth class an invoice showing, in writing or printing, the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating, "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman or of the person by whom the articles were packed or checked.

AIR MAIL

§ 34.86 *Postage rates for air mail (except postal cards) weighing eight ounces or less.* The rate of postage on domestic air mail [as defined in Public Law 730, Seventy-ninth Congress (see § 34.89)] weighing eight ounces or less [except in the case of postal cards and private mailing or post cards] shall be 6 cents for each ounce or fraction thereof: *Provided*, That the rate of postage on air mail of the first class weighing in excess of eight ounces shall be the rate provided for air parcels but in no case shall be less than 3 cents an ounce or fraction thereof. (Sec. 3, Pub. Law 819, approved June 29, 1948, 62 Stat. 1097, 39 U. S. C. 436 as amended by sec. 201, Pub. Law 900, approved July 3, 1948, 62 Stat. 1260, 39 U. S. C. 463a)

NOTE: See Decision B-78348 of Comptroller General, dated August 9, 1948.

§ 34.87 *Postage rates for postal and post cards sent by air mail.* The rate of postage on postal cards and private mailing or post cards (conforming to the conditions prescribed by the act entitled "An act to amend the postal laws relating to use of postal cards," approved May 19, 1898, see § 34.7, when sent by air mail, shall be 4 cents each. (Sec. 201, 62 Stat. 1260; 39 U. S. C. 463a)

§ 34.88 *Postage rates for air parcel post*—(a) *Law.* The rate of postage on mailable matter exceeding eight ounces in weight, but not weighing more than seventy pounds nor measuring more than one hundred inches in length and girth combined, when carried by air and including other transportation to and from air-mail routes, shall, except as otherwise herein provided, be determined on the basis of the eight postal zones established for fourth-class matter, as follows:

(1) *First or second zones.* For delivery within the first or second zones, 55 cents for the first pound, or fraction of a pound in excess of eight ounces, plus 4 cents for each additional pound or fraction thereof.

(2) *Third zone.* For delivery within the third zone, 60 cents for the first pound, or fraction of a pound in excess of eight ounces, plus 8 cents for each additional pound or fraction thereof.

(3) *Fourth zone.* For delivery within the fourth zone, 65 cents for the first pound, or fraction of a pound in excess of eight ounces, plus 14 cents for each additional pound or fraction thereof.

(4) *Fifth zone.* For delivery within the fifth zone, 70 cents for the first pound, or fraction of a pound in excess of eight ounces, plus 24 cents for each additional pound or fraction thereof.

(5) *Sixth zone.* For delivery within the sixth zone, 75 cents for the first pound, or fraction of a pound in excess

of eight ounces, plus 33 cents for each additional pound or fraction thereof.

(6) *Seventh zone.* For delivery within the seventh zone, 75 cents for the first pound, or fraction of a pound in excess of eight ounces, plus 45 cents for each additional pound or fraction thereof.

(7) *Eighth zone.* For delivery within the eighth zone, which, with respect to air parcel post, shall include all offices located in continental United States beyond the seventh zone, 80 cents for the first pound or fraction thereof over eight ounces, plus 65 cents for each additional pound or fraction thereof.

(8) *Territories and possessions.* For air parcels exchanged between offices in continental United States and offices in Territories and possessions of the United States, in either direction, and between offices within such Territories and possessions, the applicable zone rate shown in subparagraphs (1) to (6) of this paragraph shall apply to and including the seventh zone: *Provided*, That for offices falling in the eighth zone the rate of postage for air parcels weighing in excess of eight ounces shall be 80 cents for each pound or fraction thereof.

(9) *Surcharge for size.* Mailable matter of light weight in relation to size shall be subject to such surcharge as may be determined by the Postmaster General to be warranted by reason of the extra space and care required in handling and transporting such mail matter.

(10) *Rules and regulations for transportation.* The Postmaster General is authorized and directed to make such rules and regulations, not inconsistent with the Civil Aeronautics Act of 1938 (52 Stat. 973), as amended, or any order, rule, or regulation made by the Civil Aeronautics Board thereunder, as may be necessary for the safe and expeditious transportation by air of mail matter weighing in excess of eight ounces.

(11) *Adjustment of rates and requirements.* The Postmaster General is further authorized and directed for the period of two years, notwithstanding the provisions of subparagraphs (1) to (9) of this paragraph to adjust from time to time the weight limit, size, rate of postage, zone or zones or conditions, or either, in order to promote the service to the public and assure the receipt of revenue from such service adequate to pay the cost thereof. (Sec. 1, 62 Stat. 1097, 39 U. S. C. 475)

(b) *Regulations*—(1) *Conditions.* The zone rates prescribed for parcels carried by air (including other transportation to and from air-mail routes) shall apply to mailable matter of any class weighing over 8 ounces but not more than 70 pounds nor exceeding 100 inches in length and girth combined, including written and other matter of the first class, whether sealed or unsealed, except that in the case of mail of the first class the rate shall not be less than 3 cents an ounce or fraction thereof.

(2) *Domestic.* The rate of 6 cents an ounce or fraction of an ounce will apply to all domestic air mail weighing up to and including 8 ounces, regardless of distance or zone; the zone rates prescribed by Public Law 819 will apply to such mail weighing over 8 ounces, fractions of a pound being charged as a full pound (provided that on air mail of the first class the rate shall not be less than 3 cents an ounce or fraction thereof).

(3) *Zone basis.* The air-zone rates provided by this law shall be based on the eight postal zones applicable to fourth-class (parcel post) mail, such zones being described in § 34.73.

(4) *Rate tables.* The zone rates for parcels carried by air are shown in the following tables:

AIR PARCEL-POST ZONE RATES

Zones	First pound over 8 ounces	Additional pounds
	Cents	*Cents*
1 and 2	55	4
3	60	8
4	65	14
5	70	24

69 pounds	3.27	6.04	10.17	17.02	23.19	31.35	45.00
70 pounds	3.31	6.12	10.31	17.26	23.52	31.80	45.65

(5) *Exceptions.* The rate of 80 cents for the first pound (over 8 ounces to 1 pound) and 80 cents for each additional pound or fraction thereof shall be charged on parcels transported by air as follows:

(i) Between any point in continental United States and any point in its Territories and possessions falling in the eighth delivery zone, namely, Hawaii, Alaska, Guam, etc.

(ii) Between or within Territories and possessions of the United States where the eighth zone is applicable.

(iii) Between continental United States or its Territories and possessions and the Canal Zone.

(iv) Between United States or its Territories and possessions and overseas A. P. O.'s and Fleet Post Offices, as well as naval vessels and commands afloat addressed in care of Fleet Post Offices, New York, N. Y., or San Francisco, Calif.

(v) Between United States or its Territories and possessions and United States naval vessels stationed in foreign waters if foreign port is used as part of address.

In the case of first-class matter weighing 8 ounces transported by air, the rate of 3 cents an ounce or fraction is applicable to parcels of the weights and in the zones indicated below:

Zones 1 and 2: All parcels weighing over 1 pound 3 ounces.

Zone 3: All parcels weighing over 1 pound 6 ounces.

Zone 4: All parcels weighing over 1 pound 10 ounces.

Zone 5: Parcels weighing over 1 pound 15 ounces, but not more than 2 pounds. All parcels weighing over 2 pounds 7 ounces.

Zone 6: Parcels weighing over 2 pounds 15 ounces, but not over 3 pounds. Parcels weighing over 3 pounds 10 ounces, but not over 4 pounds. All parcels weighing over 4 pounds 5 ounces.

Zone 7: Parcels weighing over 10 pounds 15 ounces, but not over 11 pounds. Parcels weighing over 11 pounds 14 ounces, but not over 12 pounds. Parcels weighing over 12 pounds 13 ounces, but not over 13 pounds. Parcels weighing over 13 pounds 12 ounces, but over 14 pounds. Parcels weighing over 14 pounds 11 ounces, but not over 15 pounds. Parcels weighing over 15 pounds 10 ounces, but not over 16 pounds. Parcels weighing over 16 pounds 9 ounces, but not over 17 pounds. Parcels weighing over 17 pounds 8 ounces, but not over 18 pounds. Parcels weighing over 18 pounds 7 ounces, but not over 19 pounds. Parcels weighing over 19 pounds 6 ounces, but not over 20 pounds. Parcels weighing over 20 pounds 5 ounces, but not over 21 pounds. Parcels weighing over 21 pounds 4 ounces, but not over 22 pounds. Parcels weighing over 22 pounds 3 ounces, but not over 23 pounds. Parcels weighing over 23 pounds 2 ounces, but not over 24 pounds. All parcels weighing over 24 pounds 1 ounce.

Parcels weighing less than 10 pounds but exceeding 84 inches in length and girth combined shall be subject to the 10-pound rate.

(6) *Special delivery; inclusion of writing or printing in parcels.* Parcels on which postage is prepaid at the rates prescribed by Public Law 819 are entitled to the most expeditious handling, transportation (by surface or air), and delivery practicable, but not special delivery. If special delivery at the office of address is desired the regular special delivery fees according to the class of matter are applicable. The rate of postage or fees otherwise chargeable on air parcels will not be affected by the inclusion of such written, printed or other matter as lawfully may be enclosed in mail of the second, third or fourth class sent by surface transportation.

(7) *Marking of parcels.* All parcels sent via Air Parcel Post should be prominently endorsed "Via Air Mail," or "Via Air Parcel Post," not only on the address side but on each end and side. When available, printed labels bearing these words should be affixed to parcels. All parcels must bear the name and address of the sender.

(8) *Forwarding or return.* Air parcel post undeliverable as addressed, whether prepaid at zone rate or 3 cents an ounce rate, is subject to forwarding and return postage. If it bears pledge to pay such postage without instructions as to whether by air or surface, it shall be sent by air, properly rated up. If sender requests forwarding or return by surface, it shall be rated and transmitted accordingly. This also applies to registered, insured, and c. o. d. matter sent via air parcel post, which is accepted with the understanding that forwarding and return postage is guaranteed. In case of other than registered, insured, and c. o. d. matter, if air parcels bear no pledge to pay forwarding or return postage, they should be held and sender notified with information as to amount required for both surface and air transportation.

(9) *Domestic registered, insured, and c. o. d.* Domestic registered, insured, and c. o. d. mail may be sent by air parcel post upon payment of the prescribed fees, which are in addition to the air zone postage, and surcharges when required on registered mail. All domestic registered mail sent by air parcel post must be securely sealed and postage must be prepaid thereon at the zone rates but in no case less than 3 cents an ounce or fraction thereof. First-class matter sent c. o. d. by air parcel post must also be sealed and be prepaid at the zone rates but not less than 3 cents an ounce or fraction thereof. Indemnity for insured mail sent at the air zone rates will be payable only for fourth-class matter. All domestic registered, insured, and c. o. d. mail prepaid at the air parcel post rates will be accepted with the understanding that the senders guarantee any return or forwarding postage which may be necessary.

(10) *Matter acceptable for air mail.* Any mailable matter, except that liable to damage from freezing, may be sent by air mail at the applicable rates of postage including sealed parcels not exceeding 70 pounds in weight and not exceeding 100 inches in length and girth combined. This includes harmless live animals, queen bees and cut flowers. Day-old chicks, day-old ducks, etc., and honey bees are prohibited.

§ 34.89 *Definition of "domestic air mail"*—(a) *Proviso.* As used in this part, "domestic air mail" shall embrace all mailable matter being transported as mail by air within the continental United States, within any Territory or possession of the United States, within any geographical area which is a protectorate of the United States, or between any of the aforesaid: *Provided*, That with respect to mail transported under authority of 39 U. S. C. 488a, the postage rate of 5 cents for each ounce or fraction of an ounce shall be applicable only to mail of the first class, and for all other classes the rates shall be as prescribed by 39 U. S. C. 488a. (Sec. 2, 60 Stat. 1062; 39 U. S. C. 462a)

(b) *Alaska.* Paragraph (a) of this section relates to mail carried by aircraft to, from, or within Alaska and authorizes the Postmaster General to fix the postage rate thereon. Accordingly the rate of 6 cents for each ounce or fraction thereof on air mail weighing eight ounces or less, and the zone rate for air mail exceeding eight ounces in weight, shall be applicable to all classes of mail carried to, from, or within that territory which the sender designates for transportation by air, except that postage at the eighth zone rate of 80 cents for the first pound or fraction thereof in excess of eight ounces and 80 cents for each additional pound or fraction thereof shall be chargeable on parcels transported by air between points within Alaska and points outside of that Territory to which the domestic rates and conditions are applicable. Mail of any class on which postage at the regular rates only is prepaid and which is not designated by the sender for transmission by air when carried to, from, or within Alaska shall continue to be handled as heretofore, that is, transported by surface means except where otherwise specifically directed.

§ 34.90 *Official penalty or franked matter.* Official matter in penalty or franked envelopes may not be sent free by air mail, but shall be chargeable with postage at the air-mail rate, except in the case of urgent official communications of the Post Office Department only, when their prompt dispatch is desirable.

§ 34.91 *Air-mail stamps and envelopes.* Special air-mail stamps should be used for the payment of postage on air mail, but ordinary postage stamps may be used. Air-mail stamps may not be used on other than air mail. All mail intended to be carried by airplane should be plainly marked "Via air mail" in the space immediately below the stamps and above the address. Envelopes of distinctive design approved by the department for air mail may be used for air mail only.

§ 34.92 *Prepayment of postage.* The postage on air mail should be fully prepaid in order to expedite its handling, and postmasters shall make every effort to have patrons prepay the full amount of such matter. Nevertheless, shortpaid mail weighing 8 ounces or less intended to be carried by airplaines shall, if it bears at least one full rate (that is, 6 cents), be rated with the deficiency and dispatched as intended by the sender. The amount shall be collected upon delivery of the matter.

MISCELLANEOUS PROVISIONS

§ 34.93 *Supplies for parcel post system.* The Postmaster General may provide by purchase, rental, or otherwise, such equipment and supplies, including vehicles, maps, stamps, directories, and printed instructions, as may be necessary, to carry out the provisions of this chapter with reference to fourth-class mail matter, and appoint and compensate such employees as may be required. (Sec. 8, 37 Stat. 558, as amended; 39 U. S. C. 242)

§ 34.94 *Customs declarations required on parcels addressed to Navy No. 214.* (a) The French Government will assess duties and taxes on various articles imported into French Morocco through the mails by Navy personnel (including dependents and civilian employees) in French Morocco, such mail being handled through Navy 214. No parcel addressed for delivery through Navy 214, c/o Fleet Post Office, New York, New York, will be accepted for mailing unless it is accompanied with Form 2966 listing the nature

of the articles enclosed and value of contents.

(b) Sealed first-class packages, and sealed air mail packages, containing merchandise must have Form 2976 (C 1) affixed or be endorsed for opening for customs purposes. Customs declaration Form 2976–A, or an invoice properly completed by the sender, must also be enclosed therein. Customs inspection will not be made while the mail is in Navy mail service channels, but after its delivery to the addressee or his representative. Articles prohibited importation into French territory are also prohibited entry into French Morocco through Navy mail service channels.

§ 34.95 *Mailing of cigarettes and tobacco products to A. P. O.'s 124 and 125 prohibited.* The transmission of cigarettes and tobacco products for delivery through A. P. O.'s 124 and 125, which are located in England, c/o Postmaster, New York, N. Y., has been prohibited. Postmasters are, therefore, directed to question the mailers as to the contents of parcels addressed for delivery through the A. P. O.'s above mentioned, and shall refuse to accept for mailing any containing cigarettes or other tobacco products.

PART 35—PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER

RECEIPTS OR CERTIFICATES OF MAILING

Sec.
35.1 Receipt or certificate of mailing.

LIMIT OF WEIGHT AND SIZE OF MAIL MATTER

35.2 Limit of weight and size of mail matter.
35.3 When weight limit not applicable.

MAILING OF MATTER WITHOUT POSTAGE STAMPS AFFIXED

35.4 Mailing of matter without stamps affixed.

USE OF PRECANCELED GOVERNMENT-STAMPED ENVELOPES AND PRECANCELED STAMPS

35.5 Precanceled Government-stamped envelopes and postal cards.

MISCELLANEOUS PROVISIONS

35.6 Wrapping of packages to permit examination.
35.7 Higher class matter inclosed with lower class.
35.8 Attachment of first-class letter to matter of other class.
35.9 Overcharges on mail matter.
35.10 Address of mail matter.
35.11 Weight limit of fourth-class matter to one addressee.

MATTER LIABLE TO DAMAGE THE MAILS OR INJURE THE PERSON; PREPARATION AND PACKING WHERE ADMISSIBLE; PLANT QUARANTINE

35.12 Matter liable to damage mail or injure person.
35.13 Nonmailable articles and compositions.
35.14 Inflammable substances.
35.15 Mailable nonintoxicating, noninflammable, and noninjurious matter.
35.16 Motion-picture films.
35.17 Diseased tissues and other specimens.
35.18 Special packing of certain matter.
35.19 Perishable articles.
35.20 Meats and meat products.
35.21 Dead bodies of wild animals or birds.
35.22 Bees.
35.23 Other live insects; dried insects and reptiles.
35.24 Live day-old chicks.
35.25 Harmless live creatures.
35.26 Insurance and c. o. d. of fowl, bees, and animals.
35.27 Plant quarantine.
35.28 Terminal inspection of plans and plant products by States.

AUTHORITY: §§ 35.1 to 35.28 (except for authority cited in text) issued under R. S. 161, 396, 3921, sec. 24, 20 Stat. 361, sec. 2, 33 Stat. 440, secs. 12, 13, 39 Stat. 162, sec. 5, 41 Stat. 583, secs. 304, 309, 42 Stat. 24, 25, sec. 206, 43 Stat. 1067, sec. 6, 45 Stat. 941, 46 Stat. 264, 526, 62 Stat. 781; 5 U. S. C. 22, 369, 18 U. S. C. 1716, 39 U. S. C. 250, 273, 291, 291a, 295, 365, 370.

RECEIPTS OR CERTIFICATES OF MAILING

§ 35.1 *Receipt or certificate of mailing.* Upon request and the payment of the fee prescribed therefor a receipt or certificate, as evidence of mailing only, and as many additional copies thereof as may be desired, shall be issued to the sender of any domestic ordinary mail of any class, and as many additional receipts or certificates, as evidence of mailing only, as may be desired for registered, insured, and collect-on-delivery mail, in accordance with the provisions of § 63.18, but such receipt or certificate of mailing for ordinary mail shall not include any reference to the postage paid.

LIMIT OF WEIGHT AND SIZE OF MAIL MATTER

§ 35.2 *Limit of weight and size of mail matter*—(a) *Provisions.* * * * [The weight (of mail matter) is hereby declared to be not exceeding 4 pounds for each package thereof except in case of single books weighing in excess of that amount (fourth-class mail matter not exceeding 70 pounds in weight, nor greater in size than 100 inches in length and girth combined), and] except for books and documents published or circulated by order of Congress * * * when mailed by the Superintendent of Public Documents or under the franking privilege. (Sec. 3, 58 Stat. 394; 39 U. S. C. 321e)

NOTE: The words inserted within parentheses in above paragraph placing books in fourth-class matter and increasing the weight limits and size of fourth-class or parcel-post matter, are based upon orders of the Postmaster General issued in pursuance of the authority conferred upon him by law. (See § 34.79.)

(b) *First-class matter.* The limit of weight of mail matter of the first class shall be the same as is applicable to mail of the fourth class. (See § 34.73.) (Sec. 11, 39 Stat. 162; 39 U. S. C. 223)

(c) *Matter for the blind.* Parcels of books, pamphlets, and other reading matter for the blind, either in raised characters or in the form of sound-reproduction records, when mailed free of postage under the conditions prescribed in § 37.22 of this chapter, shall not exceed fifteen pounds in weight.

(d) *Refusal of matter over weight limit.* Postmasters shall decline to accept for mailing packages offered to them weighing in excess of the limit provided by law, whether such packages are presented as free matter by officers of the Government, under the penalty label (see § 37.14), or under prepaid postage, except as provided herein and in the following section.

(e) *Air mail.* Mail carried by airplane shall not exceed 70 pounds in weight and shall not exceed 100 inches in length and girth combined.

No limit of size is prescribed for mail other than that of the fourth class (see § 34.73) air mail, and post cards (see § 3.47).

§ 35.3 *When weight limit not applicable*—(a) *Second-class matter.* Mail matter of the second class prepaid at either the publishers' second-class pound rates or the transient second-class rate shall be accepted for mailing regardless of the weight thereof.

(b) *Public documents.* Books and documents published or circulated by order of Congress when mailed by the Superintendent of Public Documents or under the franking privilege shall be accepted for mailing at any post office, without regard to their weight and whether wrapped separately or not.

(c) *Official matter.* Official matter weighing more than 4 pounds, but not exceeding the limit of weight prescribed by § 35.2 may be accepted for mailing only when postage is prepaid thereon. (For further information with respect to the acceptance of official matter see § 37.14.)

(d) *Matter relating to postal service.* The weight of official matter relating to the postal service, including postal supplies and equipment, sent in the mails from any post office shall not exceed the maximum weight limit for fourth-class mail (see § 34.73) except in special cases where specific instructions are issued.

(e) *Postage stamps and stamped paper; copyright matter.* Packages of postage stamps, stamped envelopes, newspaper wrappers, postal cards, internal-revenue stamps, and copyright matter in its simplest mailable form addressed to the Register of Copyrights, Washington, D. C., shall be accepted at any post office regardless of the weight thereof. (See §§ 37.14 and 37.21.)

MAILING OF MATTER WITHOUT POSTAGE STAMPS AFFIXED

§ 35.4 *Mailing of matter without stamps affixed*—(a) *First-class matter.* The Postmaster General, under such regulations as he may prescribe for the collection of such postage, is hereby authorized to accept for delivery and deliver, without postage stamps affixed thereto, mail matter of the first class on which the postage has been fully prepaid at the rate provided by law: *Provided*, That such first-class matter on which the postage is paid in connection with a metered device set by the postmaster for a given number of impressions paid for at the time of setting and which automatically locks upon the exhaustion of such impressions may, if through inadvertence it is not fully prepaid but is prepaid at least * * * [one full rate], be accorded the same treatment as is provided for such short-paid first-class matter mailed with postage stamps affixed. (Sec. 5, 41 Stat. 583, as amended; 39 U. S. C. 273)

(b) *Third-class matter*—(1) *Bulk mailings.* * * * Under such regulations as the Postmaster General may establish for the collection of the lawful revenue and for facilitating the handling

of such matter in the mails, it shall be lawful to accept for transmission in the mails, without postage stamps affixed, separately addressed identical pieces of third-class matter in quantities of not less than twenty pounds, or of not less than two hundred pieces subject to pound rates of postage applicable to the entire bulk mailed at one time. * * * (Sec. 206, 43 Stat. 1067, as amended; 39 U. S. C. 291)

(2) *Metered mailings.* (i) Metered permit matter of the third class, except bulk mailings of such matter under the provisions of section 291 of this title, may be mailed in such quantities as the Postmaster General may prescribe. (Sec. 5, 41 Stat. 583, as amended; 39 U. S. C. 291a)

(ii) Metered third-class matter without stamps affixed, except bulk mailings under the provisions of § 34.66 of this chapter, may be accepted for mailing in any quantity, irrespective of whether the pieces are identical.

(c) *Fourth-class matter.* (1) On fourth-class matter * * * postage * * * shall * * * be prepaid by stamps affixed thereto or as otherwise prescribed by the Postmaster General. (Sec. 8, 37 Stat. 557, as amended; 39 U. S. C. 293)

(2) Metered fourth-class matter mailed without stamps affixed—that is, such matter on which the required indicia are printed by means of a device having recording mechanism set by the postmaster for a given number of impressions or amount of postage and which automatically locks when such impressions or amounts have been exhausted—may be accepted for mailing in any quantity, irrespective of whether the pieces are identical, and bulk mailings of large quantities of nonidentical parcels of fourth-class matter may be accepted without stamps affixed, under conditions prescribed by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(d) *Bulk mailings of second- and fourth-class matter; mailings of currency and securities by Treasury Department.* Under such regulations as the Postmaster General may establish for the collection of the lawful revenue and for facilitating the handling of such matter in the mails it shall be lawful to accept for transmission in the mails, without postage stamps affixed, quantities not less than 300 identical pieces * * * of second-class matter and 250 identical pieces of fourth-class matter, and packages of money and securities mailed under postage at the first- or fourth-class rate by the Treasury Department: *Provided*, That postage shall be fully prepaid thereon at the rate required by law for a single piece of such matter. (Sec. 2, 33 Stat. 440, as amended; 39 U. S. C. 295)

NOTE: The omitted portion of the law quoted above relating to third-class mailings appears to be superseded by § 34.66 and par. (b) of this section.

(e) *Permit for nonmetered mailing—*(1) *Provisions.* Each application for a permit to mail matter without stamps affixed as provided by 39 U. S. C. 221a, 273 and 291a and paragraph (d) of this section, and the regulations made pursuant thereto by the Postmaster General, shall be accompanied with a fee of $10: *Provided*, That no fee shall be required to accompany applications for permits to mail matter without stamps affixed as metered mail. (47 Stat. 647; 39 U. S. C. 273a)

(2) *Fee.* Each application for a permit to mail matter of any class without stamps affixed as nonmetered mail shall be accompanied with the fee of $10 prescribed by subparagraph (1) of this paragraph.

(3) *When postmaster previously authorized to issue permits.* When the fee is collected, postmasters who have already been authorized by the Third Assistant Postmaster General to do so, may issue the permit and accept nonmetered matter for mailing without stamps affixed thereunder. A receipt shall be issued promptly on Form 3603 for the $10 fee, which shall be endorsed "Nonmetered Application Fee." The total amount of such fees shall be accounted for separately in the quarterly postal account under account No. 21, nonmetered application fees. (See paragraph (n) of this section.) Each such application shall be endorsed by the postmaster to show the permit number assigned, the date issued, and the quarter in which the $10 fee is accounted for. The applications shall be retained in the files of the post office permanently.

(4) *When postmaster not previously authorized to issue permits.* Postmasters who have not been authorized to issue permits and accept nonmetered matter for mailing without stamps affixed shall send the first application, endorsed to show that the $10 has been collected, to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail. The $10 shall not be sent with the application but shall be held in trust pending receipt of authority and instructions from the Third Assistant.

(5) *Fees not affecting compensation and allowances.* In determining the compensation and allowances at post offices, credit shall not be allowed for the application fees received under the provisions of this paragraph and § 34.66 (b) (2) of this chapter.

(f) *Postmaster to apply for authority to receive mailings.* Postmasters at whose offices patrons desire to avail themselves of the privilege of this section shall apply to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, for authority to receive such mailings and instructions as to procedure. Until such authority and instructions are received no postmaster shall receive matter of any class for mailing under this section without stamps affixed. Only such second-class matter may be accepted under the provisions of this section as is chargeable with the transient second-class rate of postage (see § 34.42) or the per copy rates prescribed by § 34.41 (b) (i), and (j) of this chapter. Controlled circulation publications chargeable with the rate of postage prescribed by § 34.64 of this chapter may be accepted under the provisions of this section.

(g) *Application for mailing privilege.* Persons desiring the privilege of mailing matter of any class without stamps affixed, under the provisions of this section, shall make application therefor on Form 3612 to the postmaster, who shall after he has been properly authorized, as provided in the foregoing paragraph, issue a permit on the prescribed form (3601 for nonmetered matter of the second, third, and fourth classes, 3601–A for metered matter of any class, and 3601–B for nonmetered first-class matter), which shall contain the regulations, so far as they affect the sender of such matter, and those regulations shall in every case be strictly complied with, or the postmaster shall refuse so to receive the matter in the mails. Such permit shall be issued in triplicate, the original to be handed to the prospective mailer, the duplicate to be given to the superintendent of mails or superintendent of second-class matter, as the case may be, and the triplicate sent to the cashier.

(h) *Indicia.* In the upper right corner of the address side of the envelope, wrapper, address label, or tag of each separately addressed piece of such matter shall be printed by means of a printing press or other device a statement showing the amount of postage paid on the piece, the word "Paid," the name of the post office and State where mailed, the permit number, and, in the case of first-class matter, such other information as may be required, all in the form and in the size of type prescribed in instructions issued by the Third Assistant Postmaster General. Matter mailed without stamps affixed under the provisions of this section shall not be postmarked.

(i) *Statement to accompany mailings; separations required.* Except as otherwise provided in instructions issued by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, each mailing shall be accompanied with a statement on a form provided therefor, signed by the sender, and showing such information as may be required. To facilitate the handling of such matter in the mails, the mailer shall comply with all reasonable requests of the postmaster for the separation thereof into States, cities, etc. Postage on the entire quantity shall be paid at or before the time the matter is presented for mailing, either in money or, at the option of the postmaster and at his risk, by check drawn to his order. When the mailing of matter of the second, third, or fourth class extends over two or more consecutive days, and the number of pieces presented on the last day to complete the mailing is less than that prescribed, such number shall be accepted and an indorsement made on receipt Form 3603, as follows:

This is the remainder of mailing of _____ (Give _____ date of preceding mailing)

(j) *Receipts*—(1) *For nonmetered mailings.* A receipt (Form 3603) for each mailing of nonmetered matter shall be issued by the postmaster to the sender. This receipt shall show the class of matter mailed, the permit number, the total number of pieces in the mailing, the amount of postage chargeable on a single

piece, and the total amount paid. Such receipt shall be issued in triplicate by manifold process; the original to be delivered to the mailer, the duplicate to be sent with the quarterly postal account at the end of the quarter as stated in paragraph (n), and the triplicate retained in the post office.

(2) *For collection when setting meter.* A receipt on Form 3603–A for the amount collected at the time of setting a meter device shall be issued in triplicate as above indicated instead of a receipt for each mailing as presented.

(k) *Procedure for acceptance of metered and nonmetered matter.* Postmasters shall follow such special instructions as may be given by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, with respect to the procedure governing the acceptance of metered and nonmetered permit matter for mailing and the accounting for the postage thereon.

(l) *Verification of mailer's statement of mailing.* Postmasters shall require each mailing of nonmetered matter to be verified with the statement on Form 3602 referred to in paragraph (i) of this section in the manner prescribed by the instructions on the front cover of receipt book (Form 3603 L or S) after which the employees making such verification shall indorse that fact on the back of Form 3602, and promptly make a record of the mailing on Form 3609. At third- or fourth-class offices the same employees shall sign each copy of the receipt, which is issued in triplicate. Such verification shall be done by two employees in all instances at offices of the first and second classes and at all other offices where two or more employees, including the postmaster, are on duty, but when only one is available this duty may be performed by him. In all cases the employees concerned shall be given due notice that the performance of this duty in a careless or perfunctory manner will result in the administering of severe disciplinary action. At the larger offices, the superintendent of mails, or the employee in charge of the mailing division, shall be held responsible for the strict enforcement of this regulation.

(m) *Monthly statement of mailing furnished to mailer.* At the expiration of each month, or as soon thereafter as possible, the postmaster (or Superintendent of Postal Finance at two-division plan offices) shall send to every permit holder desiring the same, a statement of mailings (Form 3613). In the event that there have been no mailings, a statement to that effect may be sent.

(n) *Quarterly statement of postage collected.* At the close of each quarter the postmaster shall send with the quarterly postal account the duplicate receipts on Form 3603 and Form 3603–A and a certificate (Form 3604 for presidential offices, or Form 3605 for fourth-class offices, showing the total amount of postage collected during the quarter on matter mailed under the provisions of this section, and the total amount of "nonmetered application fees," which amount shall be charged in separate items in the quarterly postal account.

(o) *Matter mailed by U. S. Treasury.* The envelope, wrapper, or label of matter mailed by the United States Treasury Department under the provisions of this section shall bear in the upper right corner the words "_____ cents paid, Washington, D. C.," followed by the permit number.

(p) *Employment security and veterans' readjustment allowance mail*—(1) *Provisions for.* * * * the Social Security Board is hereby authorized to certify to the Secretary of the Treasury for payments to the Postmaster General for postage, out of the amount herein appropriated, such amounts as may be necessary and at such intervals as shall be determined by the Board, under a procedure to be prescribed and agreed upon by and between the Board and the Postmaster General, for the transmission of official mail matter heretofore transmitted free, pursuant to the provisions of section 13 of the act entitled "An act to provide for the establishment of a national employment system and for cooperation with the States in the promotion of such system, and for other purposes," approved June 6, 1933 (29 U. S. C. 491), and for the transmission of official mail matter in connection with the unemployment compensation administration of States receiving grants out of the funds herein appropriated; the Postmaster General is hereby authorized and directed to extend to the States receiving such grants the privilege of transmission without prepayment of postage of official mail of the class upon which the Board is hereinabove authorized to certify amounts for payments of postage (54 Stat. 589).

(2) *Indicia.* The envelope, wrapper, or label of matter mailed by State Employment Security offices cooperating with the Social Security Board shall, under the provisions of this section, bear in the upper left corner the name and address of the agency by which it is mailed over the words "Official Business" and in the upper right corner the words "Employment Security Mail—United States Postage Accounted for under act of Congress (§ 35.4 (p) (1), P. L. & R.)."

NOTE: Pursuant to the enactment of the Servicemen's Readjustment Act of 1944 (Public 346, 78th Cong.), the arrangement in effect with respect to the collection of postage on State employment security mail was extended to veterans' readjustment allowance mail.

USE OF PRECANCELED GOVERNMENT-STAMPED ENVELOPES AND PRECANCELED STAMPS

§ 35.5 *Precanceled Government-stamped envelopes and postal cards*—(a) *Authorization.* The Postmaster General is authorized, under such regulations as he may prescribe, to issue a permit to persons using Government-stamped envelopes and to persons using Government postal cards to deface the postage stamps thereon in connection with the placing on the envelopes and postal cards of the name of the post office and State of mailing, together with such other indicia as may be prescribed. (46 Stat. 264; 39 U. S. C. 370.) * * * When practicable postage stamps may be furnished to postmasters precanceled by printing on them the name of the post office at which they are to be used—under such regulations as the Postmaster General may prescribe. (R. S. 3921, as amended; 39 U. S. C. 365)

(b) *Postmaster to apply for authority to issue permits.* Postmasters at whose offices patrons desire to avail themselves of the privilege of this section shall apply to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, for authority to issue permits therefor and instructions as to the procedure. Until such authority and instructions are received no postmaster shall issue permits for the privilege of using Government stamped envelopes and Government postal cards precanceled by the mailer.

(c) *Application for privilege.* Persons desiring the privilege of using Government stamped envelopes and Government postal cards precanceled by themselves shall make application therefor to the postmaster, who shall follow the instructions as to procedure given by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(d) *Indicia.* The name of the post office and State, the permit number, and, in the case of first-class mail, the date of mailing, together with such order indicia as may be required, shall be placed on the envelopes and cards by the mailer in such form as may be prescribed. The return card of the mailer should appear in the upper left corner of the address side of the envelopes.

(e) *Mailer to face and separate mailings.* To facilitate the handling of matter mailed in Government stamped envelopes and Government postal cards precanceled by the mailer, persons and concerns accorded this privilege will be expected to face their mailings, and also to separate them according to States and cities when in sufficient quantity to make it advantageous to the mailer and the Postal Service to do so.

(f) *Permit issued only on authorization of Department.* Precanceled postage stamps may be used only by persons or concerns to whom they have been furnished by a postmaster after special authority in each case has been obtained from the Department. Any person desiring to use such stamps should file an application with the postmaster at the post office of mailing, showing:

(1) The class and character of the matter to be mailed.

(2) The approximate total number of pieces to be mailed.

(3) Business in which applicant is engaged.

The application, together with the postmaster's recommendation thereon, shall be forwarded to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, except where otherwise specifically authorized. All applications for permits from persons or concerns engaged in the selling, trading, or collection of precanceled stamps must be submitted to the Department.

(g) *Issuance of permit; conditions.* On receipt of the Department's authorization the postmaster will issue a permit to the applicant and furnish precanceled stamps and accept mailings bearing them under the following conditions:

(1) The name of the post office and States shall be printed between two parallel heavy black lines across the face of

each stamp, ink furnished by the Department to be used for that purpose.

(2) Stamps may be precanceled only under the supervision of the postmaster or a sworn employee of the post office.

(3) Precanceled stamps are good for the payment of postage on matter of the third and fourth classes, and second-class matter mailed at the transient rate or the rates applicable at city delivery offices, and, when specially authorized, on first-class matter, presented at the office where precanceled. Precanceled stamps above the 6-cent denomination may be used only in accordance with special instructions issued by the Third Assistant Postmaster General.

(4) The date of mailing in connection with lines similar to those used in a cancellation postmark shall be placed by the mailer on each piece of first-class matter.

(5) Any number of pieces may be mailed at one time, regardless of whether they are identical, except in the case of third-class matter mailed under § 34.66, when each mailing must consist of not less than 20 pounds or 200 pieces and be accompanied with a statement of mailing on Form 3602–PC.

(6) Matter bearing precanceled stamps shall be presented in such manner as to permit of easy examination and facilitate its handling in the mails. It is expected that the mailer will comply with all reasonable requests of the postmaster for the separation of the matter into States, cities, etc.

(7) Precanceled postage stamps may not be used for the payment of postage on matter mailed in boxes, cases, bags, or other containers specially designed to be reused for mailing purposes.

(h) *Provisions of law; penalties.* If two or more persons conspire either to commit any offense against the United States, or to defraud the United States, or any agency thereof in any manner or for any purpose, and one or more of such persons do any act to effect the object of the conspiracy, each shall be fined not more than $10,000 or imprisoned not more than five years, or both.

If, however, the offense, the commission of which is the object of the conspiracy, is a misdemeanor only, the punishment for such conspiracy shall not exceed the maximum punishment provided for such misdemeanor. (62 Stat. 701; 18 U. S. C. 371)

(i) *Withdrawal of permit.* The permit to use precanceled postage stamps, issued to any person or concern, will be withdrawn by the Department if such person or concern should not comply strictly with the foregoing conditions, or should sell precanceled stamps either before or after they have been used. This includes the sale of such stamps affixed to wrappers of parcels returned to the sender and disposed of as waste paper.

(j) *Report of irregularities.* Postmasters should carefully observe the use of precanceled stamps and promptly report to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, any irregularity in connection with the use of such stamps coming to their attention, whether occurring at their offices or elsewhere.

NOTE: For conditions under which mailers may affix precanceled stamps to first-class matter apply to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

MISCELLANEOUS PROVISIONS

§ 35.6 *Wrapping of packages to permit examination*—(a) *First class otherwise.* The Postmaster General may prescribe, by regulation, the manner of wrapping and securing for the mails all packages of matter not charged with first-class postage, so that the contents of such packages may be easily examined; and no package the contents of which cannot be easily examined shall pass in the mails, or be delivered at a less rate than for matter of the first class. (Sec. 24, 20 Stat. 361; 39 U. S. C. 250)

(b) *Second- and third-class matter.* Matter of the second and third classes should be inclosed in an unsealed envelope or wrapped in such manner that the contents of the package can be easily examined. (See § 34.62.) Unfolded cards and double advertising cards with detachable parts for reply may be mailed without cover. In all cases the matter should be prepared in such form as to facilitate its handling in the mails.

(c) *Fourth-class matter.* Parcels of fourth-class matter shall not be accepted for mailing unless packed so as to assure safe shipment and permit the contents to be easily examined. (See § 35.18.) Such matter inclosed in boxes to which the lids are mailed or screwed may be accepted for mailing at the fourth-class rates of postage if, with reasonable effort, the lids can be removed by the use of a chisel, screw driver, or other suitable instrument for the purpose of permitting examination of the contents. When a postmaster to whom is presented for mailing a bag which is sewed up is satisfied from an examination of it that it contains only fourth-class mail, he shall accept it at the fourth-class rates of postage and mark it "Examined at mailing office; contains only fourth-class mail."

(d) *Two or more pieces mailed as single parcel.* Two or more pieces or packages of fourth-class matter shall, in order to be mailable as a single parcel, be of approximately the same size or shape or constitute parts of one article, and be securely tied, wrapped, or otherwise firmly fastened together.

(e) *Seeds and other articles in sealed transparent envelopes.* Seeds or other articles not prohibited, which are liable from their form or nature to loss or damage unless specially protected, shall, if not labeled as is provided in paragraph (f), be put up in sealed envelopes made of material sufficiently transparent to show the contents clearly without opening, and accepted as third- or fourth-class mail, according to the weight of the parcels.

(f) *Proprietary articles; farm and factory products.* Proprietary articles of merchandise not in themselves unmailable (see §§ 34.73, 35.13, and 36.2), such as fancy soaps, tobacco, harmless medicinal preparations, fruits, nuts, and other farm and factory products, put up in fixed quantities by the manufacturer, producer, or shipper, for sale by himself and others, which may be sealed in such manner as properly to protect the articles, but to allow examination of such package in its simplest mercantile form, shall be accepted for mailing at the third- or fourth-class rates of postage, according to the weight of the parcels, provided the parcels are labeled in printing to show the specific nature and quantity of contents, together with the name of the manufacturer, producer, or shipper.

(g) *Merchandise in sealed parcels; printed inscription required.* Articles of merchandise or other articles embraced in mail of the third or fourth class (except circulars and miscellaneous printed matter in parcels weighing 8 ounces or less), which are not in themselves unmailable (see §§ 34.73, 35.13, and 36.2), when inclosed in sealed parcels labeled in printing to show the nature of contents as, for example, "Contents: Merchandise—fourth-class mail," together with the printed inscription "Postmaster: This parcel may be opened for postal inspection if necessary," in connection with the printed, hand-stamped, or written name and address of the sender, shall be accepted for mailing at the third- or fourth-class rates of postage, according to the weight of the parcels.

(h) *Parcels closed against inspection.* When any matter offered for mailing is sealed against inspection, except as provided in paragraphs (e) and (f) of this section, or contains or bears writing not permissible (see §§ 34.56, 34.72, and 34.85), it shall be charged with postage at the first-class rate and treated as first-class matter (see §§ 34.12 and 42.16). When in doubt as to classification, postmasters shall submit samples to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(i) *Examination.* Postmasters shall examine parcels when presented for mailing to ascertain that the postage is fully prepaid. (See §§ 34.56, 34.58, 34.59, 34.72 and 34.85.)

(j) *Window envelopes.* So-called "window" envelopes, having an opening or a transparent panel in the front, through which the address upon the inclosure is disclosed, may be accepted for mailing under conditions prescribed by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, if domestic ordinary mail is concerned, or by the Division of Registered Mails, if domestic registered mail is concerned. (See Manual of Instructions for Postal Personnel, or Official Postal Guide.)

§ 35.7 *Higher class matter inclosed with lower class*—(a) *Treatment and penalty.* Matter of the second, third, or fourth class containing any writing or printing in addition to the original matter, other than as authorized by law, shall not be admitted to the mails, nor delivered, except upon payment of postage for matter of the first class, deducting therefrom any amount which may have been prepaid by stamps affixed, unless by direction of the Postmaster General such postage shall be remitted.

Whoever knowingly conceals or incloses any matter of a higher class in that of a lower class, and deposits the same for conveyance by mail, at a less rate than would be charged for such higher class matter, shall be fined not

more than $100.00. (62 Stat. 784; 18 U. S. C. 1723)

(b) *Report of violations to Department.* When the postmaster at the office of mailing is satisfied that the sender of a piece of mail matter has knowingly concealed or inclosed matter of a higher class in that of a lower, in violation of this section, he shall report the case to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, on Form 3595, giving all the facts and circumstances, including the name of the sender, if known, addressee, office and date of mailing, and a description of the package and of the matter inclosed or concealed therein.

(c) *When violation noted at office of address.* When the postmaster at the office of address is satisfied that there has been a violation of this section, he shall deliver the package to the addressee on payment of the proper postage and report the facts to the Third Assistant Postmaster General, on Form 3595, as above set forth. If the proper postage is not paid, the package shall be retained by the postmaster to be used as evidence, and he should be able to establish its identity.

§ 35.8 *Attachment of first-class letter to matter of other class.* When the sender desires that a parcel of third- or fourth-class matter on which the postage is fully prepaid at the rate for the respective class, or a package of second-class matter prepaid at the rates prescribed in § 34.42 (a), or at publishers' second-class rates, be accompanied with a communication, or other matter of the first class, which is not a permissible inclosure at the lower rate, the communication may be placed in an envelope, and after the full amount of postage at the first-class rate is affixed to the envelope it may be tied to or otherwise securely attached to the outside of the parcel or package in such manner as to prevent its separation therefrom and not to interfere with the address thereon. The envelope shall be addressed to correspond with the address on the parcel. Combination envelopes or containers having separate portions for a letter and matter of a lower class may be used for mailing together two classes of matter. Parcels or packages with which communications are mailed in this manner shall be treated as second-, third-, or fourth-class matter, as the case may be. When second-class matter accompanied with a communication under the provisions of this section is prepaid at publishers' second-class rates, a notice of entry as second-class matter shall be placed in the upper right corner of the address side of the package. Properly prepaid third-class matter inclosed in unsealed envelopes indorsed "Third class" may be mailed with fully prepaid packages of second-, third-, or fourth-class matter under these conditions.

§ 35.9 *Overcharges on mail matter*—(a) *Refunds.* Whenever it shall be shown to the satisfaction of the Postmaster General that any postage is paid on any mail matter for which service is not rendered, or is collected in excess of the lawful rate, he may, in his discretion, authorize the postmaster at the office where paid to refund the proper amount out of the postal receipts in the possession of the postmaster. (Sec. 2, 33 Stat. 1091; 39 U. S. C. 300)

(b) *Application for refund.* Applications for refunds under the provisions of this section should be addressed to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, if they relate to refunds on domestic ordinary mail of the first, third, and fourth classes; or to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, if they relate to refunds on second-class matter; or to the Third Assistant Postmaster General, Division of Registered Mail, if they relate to refunds on domestic registered, insured, or c. o. d. mail. Applications for refunds shall be combined with a full statement of facts, and, when possible, the envelope or wrapper in which the matter was mailed. Postmasters shall not make refunds under this section until instructed by the Department.

§ 35.10 *Address of mail matter*—(a) *Inclusions.* (1) * * * In all cases directions for transmission, delivery, forwarding, or return shall be deemed part of the address; * * *. (Sec. 1, 25 Stat. 1, as amended; 39 U. S. C. 249)

(2) The words "personal," or "to be called for," and return requests and other directions as to delivery, forwarding, or return, shall be deemed part of the address, and permissible.

(b) *Space for address.* (1) Space must be left on the address side of all mail for a complete and legible address and for all directions permissible thereon, for postage stamps, postmarking, rating, and any words necessary for forwarding or return. Not less than 3½ inches of clear space should be left for such purposes at the right end of the address side of all envelopes, folders, or wrappers of mail matter, but a plain narrow border not exceeding approximately five-thirty-seconds of an inch in width may be placed around the outer edges thereof.

(2) Write plainly the name of the person addressed, street and number, number of rural route, or post office box and the name of the post office, including postal delivery zone number, if any and State in full. Do not use lead pencil. Use abbreviations only when they cannot be misunderstood.

(c) *Return card required on fourth-class matter.* A parcel of fourth-class matter shall not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From." When a parcel of fourth-class matter which does not bear the name and address of the sender is deposited for mailing, and the sender is known or can be ascertained from the contents of the parcel, it shall be returned to him with the information that his name and address must be placed on it. If the sender is not known, or cannot be ascertained, the parcel shall be marked "Sender unknown" and dispatched.

(d) *Completeness and arrangement of address.* All mail shall bear a complete, definite, and legible address, and, when intended for delivery at a letter-carrier office, the address should include the street and number or post-office box number of the addressee, and the postal delivery zone number. The address should be placed in the lower right portion of the face or address side of envelopes, cards, or wrappers, the postage stamps or permit indicia (see §§ 34.66 and 35.4) indicating amount of postage paid being placed in the upper right corner, and the return card of the sender in the upper left corner of the side used for the address. Unaddressed matter and matter bearing dual addresses shall not be accepted for mailing. Names of more than one post office shall not appear in the address on any mail.

(e) *Addressed to "box holder"*—(1) *Requirements.* When it is desired to send a piece of advertising or other matter (see § 34.52 (h)) as ordinary mail to (1) every rural or star-route box holder served from any post office having rural or star-route delivery, or (2) every post-office box holder at post offices, not having city letter carrier service, the name, box, and route numbers or local street address may be omitted from the matter, provided each piece is definitely addressed in the following manner, respectively:

(1) Rural or star-route box holder,

_____
(Post office and State)

(2) Post-office box holder,

_____
(Post office and State)

Provided further, That postage at the proper rate is fully prepaid on the matter, preferably in money under permit in accordance with §§ 34.66 or 35.4, or by means of precanceled stamps under the conditions governing their use, and all the pieces for the same post office are put up by the mailer, so far as may be practicable, in packages of 50, each package to be labeled, preferably by means of a facing slip, as follows, according to the distribution desired:

(1) For distribution to rural or star-route box holders,

_____
(Post office and State)

(2) For distribution to post-office box holders,

_____
(Post office and State)

(2) *Name of post office and State or "local."* It is preferable that the names of the post office and State be included in the address on each piece of matter mailed under this regulation, but, when the sender so desires, such names may also be omitted, provided the word "Local" be used in lieu thereof; provided further, the packages in which the pieces are put up and labeled as prescribed in the preceding subparagraph (a) are securely tied or otherwise prepared so that there will be no likelihood of the packages breaking open and the pieces scattered in the mails.

(3) *Number of boxes.* The total number of boxes served by rural and star-route carriers from each office having rural or star-route delivery service, irrespective of the number of routes served from the respective post offices, shall be

shown in the county list of post offices in the Official Postal Guide. The number of post-office box holders at offices not having city letter-carrier service shall also be shown in such list.

(f) *Addressed to "occupant" or "householder."* When it is desired to reach all families in a house-to-house manner through the medium of advertising or other matter, this may be accomplished by addressing the matter to the occupants of particular houses or premises in places having city or village letter-carrier service, without addressing the occupants by name, by using the following form of address:

Occupant,
1001 Main Street,

(Post office and State)

or

Householder,
Main Street,
Local.

(g) *Return card.* The sender's name and complete address shall be placed on all window envelopes, on all fourth-class mail and on all registered mail and should be placed on all other mail, in the upper left corner of the address side.

(h) *Postal delivery zone numbering system.* (1) The postal delivery zone numbering method of addressing mail is applicable only at the post offices named in this article.

(2) The purpose of the system is to permit the distribution of incoming mail by inexperienced clerks who do not have a thorough working knowledge of primary distribution schemes.

(3) In addressing mail, the postal delivery zone number should appear in the address immediately after the name of the city.

(4) The number indicates the main post office unit, station, or branch from which delivery is made.

(5) The success of this plan depends not only upon the cooperation of mailers and addressees, but upon the interest and enthusiasm of postmasters at all post offices in continuing a vigorous campaign through newspapers, radio, chambers of commerce, business houses, churches, schools, and other institutions.

(6) All patrons at the offices named in this article have been requested to notify their correspondents of their postal delivery zone numbers, and to include the numbers in addresses, on letterheads, and in return card requests.

(7) Postmasters and employees are requested to instruct post office patrons in the use of the Postal Delivery Zone Numbering System.

(8) It is desired that postmasters of offices where the plan is not applicable, cooperate by requesting their patrons, including business houses, organizations, and publishers of magazines, newspapers, and periodicals to include the postal delivery zone numbers in the addresses on all matter mailed to the post offices where the system is applicable.

(9) Patrons should obtain the delivery zone number from their correspondents in the offices listed below. Large firms such as publishers who have mailing lists may forward them to the offices listed, where they will be corrected without charge by including the delivery zone number.

(10) At post offices where the volume warrants and where it is practicable to do so without causing radical changes and requiring additional equipment, separation should be made of letters bearing postal delivery zone numbers from unzoned letters in outgoing dispatches. Zoned letters should be tied out under labels indicating that the package contains letters bearing zone numbers. At any office where the volume warrants, separate pouches of zoned and unzoned letters should be made up. For the purpose of uniformity, all post offices dispatching packages of letters containing mail bearing zone numbers should conspicuously label such packages "Zoned." First- and second-class offices in the vicinity of large post offices using the zone number system should make separate tie-outs of zoned and unzoned letter packages to such offices when the volume warrants.

§ 35.11 *Weight limit of fourth-class matter to one addressee.* When more than 200 pounds of parcel post, other than perishable matter, is offered for mailing by one sender to one addressee on the same day, and the delivery thereof to destination will involve its transportation over a star route, the postmaster shall apply to the Second Assistant Postmaster General, Surface Postal Transport, for special authorization before accepting such shipment.

MATTER LIABLE TO DAMAGE THE MAILS OR INJURE THE PERSON; PREPARATION AND PACKING WHERE ADMISSIBLE; PLANT QUARANTINE

§ 35.12 *Matter liable to damage mail or injure person*—(a) *Determination of.* The Second Assistant Postmaster General shall determine, subject to the laws and regulations, what matter shall be absolutely excluded from the mails, as liable to destroy, deface, or otherwise damage the contents of the mail bags or harm the person of anyone engaged in the Postal Service (see §§ 34.73 and 35.13), and what precautions shall be observed as to preparation and packing where such matter is admitted to the mails. (See § 35.6 and §§ 35.13 to 35.19.)

(b) *Submission of questions.* Postmasters shall submit questions of this character to the Second Assistant Postmaster General, Surface Postal Transport, with a full statement of the facts necessary to a proper decision.

(c) *Report to Department of improper admission of matter.* General superintendents shall report to the Second Assistant Postmaster General, Surface Postal Transport, if, in their judgment, any matter is admitted to the mails which should be excluded therefrom. Such report shall be accompanied with a statement of any injury to the mails caused by the admission of such matter, and the reasons which lead them to anticipate any damage from the continued admission thereof.

(d) *Sample of doubtful matter.* Inquiries regarding doubtful matter shall, where possible, be accompanied with a sample of the same.

§ 35.13 *Nonmailable articles and compositions*—(a) *Provisions of law.* All kinds of poison, and all articles and compositions containing poison, and all poisonous animals, insects, reptiles, and all explosives, inflammable materials, infernal machines, and mechanical, chemical, or other devices or compositions which may ignite or explode, and all disease germs or scabs, and all other natural or artificial articles, compositions, or material which may kill or injure another, or injure the mails or other property, whether or not sealed as first-class matter, are nonmailable matter and shall not be conveyed in the mails or delivered from any post office or station thereof, nor by any letter carrier.

The Postmaster General may permit the transmission in the mails, under such rules and regulations as he shall prescribe as to preparation and packing, of any such articles which are not outward-

ly or of their own force dangerous or injurious to life, health, or property.

The transmission in the mails of poisonous drugs and medicines may be limited by the Postmaster General to shipments of such articles from the manufacturer thereof or dealer therein to licensed physicians, surgeons, dentists, pharmacists, druggists, cosmetologists, barbers, and veterinarians, under such rules and regulations as he shall prescribe.

All spirituous, vinous, malted, fermented, or other intoxicating liquors of any kind are nonmailable and shall not be deposited in or carried through the mails.

Whoever knowingly deposits for mailing or delivery, or knowingly causes to be delivered by mail, according to the direction thereon, or at any place at which it is directed to be delivered by the person to whom it is addressed, anything declared nonmailable by this section, unless in accordance with the rules and regulations authorized to be prescribed by the Postmaster General, shall be fined not more than $1,000 or imprisoned not more than two years, or both.

Whoever knowingly deposits for mailing or delivery, or knowingly causes to be delivered by mail, according to the direction thereon or at any place to which it is directed to be delivered by the person to whom it is addressed, anything declared nonmailable by this section, whether or not transmitted in accordance with the rules and regulations authorized to be prescribed by the Postmaster General, with intent to kill or injure another, or injure the mails or other property, shall be fined not more than $10,000 or imprisoned not more than ten years, or both. (62 Stat. 781; 18 U. S. C. 1716)

(b) *Intoxicating liquors, poisons, explosives, and other nonmailable materials*—(1) *Characteristics.* Spirituous, vinous, malted, fermented, or other intoxicating liquors of any kind, poisons of every kind, and articles, preparations, compounds, and mixtures which are poison (except as prescribed in § 35.15), and poisonous animals, insects, and reptiles, corrosive materials, fireworks, matches, except as prescribed in § 35.14 (f), and explosives of every kind, and inflammable materials liable to cause fire by self-ignition through friction, through absorption of moisture, or through spontaneous chemical changes, and infernal machines, and mechanical, chemical, or other devices or compositions which may ignite or explode, and disease germs or scabs (except as prescribed in § 35.17, and other natural or artificial articles, compositions, or materials of whatever kind which may kill or in any wise hurt, harm, or injure a person or damage, deface, or otherwise injure the mail or other property, live animals, insects, birds or fowls (except as prescribed in §§ 35.22 to 35.26, inclusive), fresh hides or pelts, or any articles exhaling bad odor, whether sealed as first-class matter or not, shall not be admitted to the mails.

(2) *Definition of "intoxicating."* Beverages containing not more than 3.2 percent of alcohol by weight, when addressed for delivery within any State, Territory, or District of the United States, the laws of which do not prohibit the manufacture or sale therein of beverages containing an alcoholic content of not more than 3.2 percent by weight, do not come within the term "intoxicating" as used in this section.

(3) *Sale of intoxicating liquors to Indians prohibited.* Any person who shall sell, give away, dispose of, exchange, or barter any malt, spirituous, or vinous liquor, including beer, ale, and wine, or any ardent or other intoxicating liquor of any kind whatsoever, or any essence, extract, bitters, preparation, compound, composition, or any article whatsoever, under any name, label, or brand, which produces intoxication to any Indian to whom an allotment of land has been made while the title to the same shall be held in trust by the Government, or to any Indian who is a ward of the Government under charge of any Indian superintendent or agent, or to any Indian, including mixed bloods, over whom the Government, through its departments, exercises guardianship, and any person who shall introduce or attempt to introduce any malt, spirituous, or vinous liquor, including beer, ale, and wine, or any ardent or intoxicating liquor of any kind whatsoever into the Indian country, which term shall include any Indian allotment while the title to the same shall be held in trust by the Government, or while the same shall remain inalienable by the allottee without the consent of the United States, shall be punished for the first offense by imprisonment for not more than one year, and by a fine of not more than $500, and for the second offense and each offense thereafter by imprisonment for not more than five years, and by a fine of not more than $2,000: *Provided, however,* That the person convicted shall be committed until fine and costs are paid: *And provided further,* That first offenses under this section may be prosecuted by information, but no person convicted of a first offense under this section shall be sentenced to imprisonment in a penitentiary or required to perform hard labor. It shall be a sufficient defense to any charge of introducing or attempting to introduce ardent spirits, ale, beer, wine, or intoxicating liquors into the Indian country that the acts charged were done under authority, in writing, from the War Department or any officer duly authorized thereunto by the War Department. All complaints for the arrest of any person or persons made for violation of any of the provisions of this section shall be made in the county where the offense shall have been committed, or if committed upon or within any reservation not included in any county, then in any county adjoining such reservation; but in all cases such arrests shall be made before any United States court commissioner residing in such adjoining county, or before any magistrate or judicial officer authorized by the laws of the State in which such reservation is located to issue warrants for the arrest and examination of offenders by section 3041 of Title 18. And all persons so arrested shall, unless discharged upon examination, be held to answer and stand trial before the court of the United States having jurisdiction of the offense. (R. S. 2139, as amended; 25 U. S. C. 241)

(4) *Liquors not to be mailed to Indian wards.* Beer, lager beer, ale, porter, wine, or other liquors, regardless of alcoholic content, may not be mailed to Indian wards anywhere or into any present Indian reservation or to those parts of opened Indian reservations which are still reserved for Government or tribal use or which are held in trust for individual Indians prior to their request for fee patents for such lands.

§ 35.14 *Inflammable substances*—(a) *When mailable.* Inflammable liquids and substances having a flash point by the closed cup test between 80° and 20° F., such as paints, varnishes, automobile tire-repair outfits containing rubber cement, etc., that are not liable to cause fire by self-ignition through friction, through absorption of moisture, or through spontaneous chemical changes, and are not poisonous or explosive or unmailable for reasons other than their inflammability, shall be accepted for transmission in the domestic mails except the Air Mail Service when in quantities of not more than 4 ounces and when contained in tightly closed metal boxes or cans and packed in strong papier-mâché tubes or in boxes made of good quality double-faced corrugated pasteboard. The word "inflammable" and the proper name of the article shall be plainly marked on the outside of the package. Articles having a flash point by the closed cup test below 20° F. are held to be explosive and shall not be accepted for mailing.

(b) *Packing and marking.* Substances mentioned in the preceding paragraph (a) when in larger quantities shall be accepted for transmission in the domestic mails except the Air Mail Service, when in tight and strong metal containers inclosed in tight and strong outside wooden or fiber board boxes or cases: *Provided,* That the maximum quantity of any inflammable liquid packed in one outside container shall not exceed 5 gallons and the containers shall not be entirely filled—not less than 2 percent of their capacity to be left vacant. The proper name of the inflammable substance contained therein shall be plainly marked on the outside of the package and caution labels (red for liquid and yellow for solids) shall be attached thereto by the shipper. These caution labels shall be diamond shaped, each side 4 inches long, with the wording printed in black letters inside of a black-lined border measuring 3½ inches on each side. The wording on the red labels shall be:

Notice to postal employees. Caution. Do not drop. Keep away from fires, stoves, radiators, lighted matches, lanterns, and direct sunlight. Any leaking package shall be removed to a safe place. This is to certify that the contents of this package are properly described by name and are packed and marked and are in proper condition for transportation according to the regulations prescribed by the Post Office Department.

(Shipper's name)

The wording on the yellow labels shall be:

Notice to postal employees. Caution. Do not drop. Keep fire and lights away. Sweep

up and remove carefully contents of broken packages. This is to certify that the contents of this package are properly described by name and are packed and marked and are in proper condition for transportation according to the regulations prescribed by the Post Office Department.

(Shipper's name)

All such parcels shall be handled outside of mail bags.

(c) *Specifications of containers.* Substances mentioned in the preceding paragraphs (a) and (b) shall be accepted for transmission in the domestic mails except the Air Mail Service, when in quantities not exceeding 1 gallon in any one outside container in inside containers of glass or earthenware cushioned with cells of air at least three-fourths of an inch deep formed by extended tips of each compartment or partition, or with excelsior or other effective cushioning material, or in fiberboard cans at least 0.120 of an inch thick with metal top and bottom, the top being of the friction type which must be fastened on with six equally spaced single indentations at least 0.050 of an inch deep, or six double indentations equally spaced, the indentations being 0.034 of an inch deep on each of the opposite sides of the friction ring. The interior of the fiberboard container must be so lined or treated as to prevent penetration by the material with which the can is filled. The fiberboard can requires no cushioning.

The inside containers, whether of glass, earthenware or fiberboard must then be enclosed in a wooden, solid fiberboard or double-faced corrugated fiberboard box testing at least 200 pounds per squire inch, all seams to be sealed with kraft 2½-inch gummed paper tape. When the quantity in any one parcel exceeds 4 ounces the parcel must bear the proper red caution label and shall be handled outside of mail bags.

(d) *In overseas mails.* (1) Inflammable liquids having a flash point by the closed cup test of 80° F. or lower; inflammable solids which are liable, under conditions incident to transportation, to cause fires through friction, through absorption of moisture, or through spontaneous chemical changes; oxidizing materials such as chlorates, permanganates, peroxides; or nitrates, which yield oxygen readily to stimulate the combustion of organic matter; poisonous articles or substances; are prohibited in the overseas mails.

(2) Combustible liquids having a flash point by the closed cup test of 150° or lower, but above 80° F. shall be accepted for transmission in the overseas mails when in quantities not exceeding 1 quart (except in the case of paint, enamel, lacquer, stain, shellac, varnish, aluminum, bronze, gold, wood filler liquid and lacquer base liquid, and thinning, reducing and removing compounds, and driers liquid therefor, when the quantity shall be less than 1 gallon). (See Official Postal Guide, Part II, as to packing.)

(e) *Nitrate of soda and nitrate of potassium.* Nitrate of soda and nitrate of potassium in packages not exceeding 25 pounds shall be accepted for transmission in the domestic mail when prepared as provided in paragraph (b) of this section or when packed in strong cotton bags lined with two thicknesses of kraft paper, cemented together with asphaltum and cemented to the outside cotton bags. Care shall be taken to avoid any of the product getting on the outside of the parcels, and the package shall be capable of withstanding a drop of 4 feet without any escaping of contents. Each package shall bear the yellow caution label referred to in paragraph (b) of this section.

(f) *Matches.* (1) Safety matches (strike-only-on-box-or-book variety) shall be accepted for transmission in the domestic mails when packed in tightly closed metal containers, or in strong containers of other nonfragile material having a securely glued inside lining consisting of either aluminum foil 0.0004 inch thick, or long fiber asbestos paper 0.006 inch thick. The aluminum foil or asbestos lined containers must be completely filled with safety matches and the flaps reinforced with strong gummed paper tape.

(2) Pull-and-light types of safety matches tested and approved by the proper Government agency, shall be accepted for transmission in the domestic mails when packed in completely filled, tightly closed strong cardboard containers. A small number of cards of these matches may be accepted for mailing in a strong securely fastened mailing envelope.

(3) No matches of any kind shall be accepted in the mails for transmission between continental United States and the overseas possessions and Territories of the United States, including Alaska, or for transmission between any such possession or Territory and any other such possession or Territory.

NOTE: For detailed instructions for packing see Manual of Instructions for Postal Personnel and Official Postal Guide.

(g) *Mercury.* Mercury in quantities not exceeding 15 pounds shall be accepted for transmission in the domestic mails when in a tightly closed container of glass or earthenware, securely cushioned in a double-faced corrugated fiberboard box. This box shall then be cushioned in a larger double-faced corrugated fiberboard box, tightly closed and securely fastened. Both fiberboard boxes must be of at least 175-pound test board. Mercury in small quantities such as contained in switches used to make and break an electric current may also be packed in approved mailing tubes when the glass tube of mercury is completely surrounded with at least one-half inch of soft cushioning material.

(h) *Certain proprietary products used as disinfectants and germicides such as CN, Creolin, Lysol, and Saponated Solution Cresol Compound which contain 5% or more of cresylic acid prohibited in the mails.* (1) In view of reported widespread mailing of disinfectants, germicides and deodorants containing 5% or more of cresylic acid, (CN Creolin, Lysol, and saponated solution cresol compound which contain 5% or more of cresylic acid) postmasters will bring this matter to attention of mail order concerns, and others with a view to prohibiting further mailings (see exception in subparagraph (2)) which are in violation of § 35.13.

(2) As an exceptiton to subparagraph (1), mail order concerns which stocked these preparations through misunderstanding as to mailability thereof may be permitted to continue mailings properly packaged addressed to individuals, but not to manufacturers or dealers, until March 31, 1949, after which date all further mailings are prohibited.

(3) Also included as non-mailable matter but not limited are creolin, creosote, coal tar (creosote oil; liquid pitch oil), cresol, and solutions thereof or other preparations containing 5% or more of cresylic acid.

§ 35.15 *Mailable nonintoxicating, noninflammable, and noninjurious matter*—(a) *Conditions.* Liquids not spirituous, vinous, malted, fermented, or otherwise intoxicating, and not liable to explosion or spontaneous combustion or ignition by shock or jar, and not inflammable, fruits or vegetable matter liable to decomposition, comb honey, soft soap, pastes or confections, ointments, salves, and articles of similar consistency, shall be admitted to the mails for transmission in the domestic mails when inclosed in packages in conformity with the conditions prescribed in §§ 35.18 and 35.19.

(b) *Medicines.* Medicines which are not outwardly or of their own force dangerous or injurious to life, health, or property, and not in themselves unmailable (see §§ 34.73 and 36.2), shall be admitted to the mails for transmission in the domestic mails when inclosed in packages in conformity with the conditions prescribed in § 35.18: *Provided,* That the term "medicines" shall not be construed to mean poisons: *Provided further,* That the article mailed bears the label or superscription of the manufacturer thereof or dealer therein, or of the licensed physician, surgeon, dentist, pharmacist, druggist, or veterinarian preparing or prescribing the same.

(c) *Insecticides, fungicides, and germicides.* Insecticides, fungicides, and germicides not outwardly or of their own force dangerous or injurious to life, health, or property, and not in themselves unmailable (see §§ 34.73 and 36.2), shall be admitted to the mails for transmission in the domestic mails when securely packed for safe transmission: *Provided,* That the container of the article mailed is plainly labeled to show its contents, is also marked "Poisonous Composition," and bears the label or superscription of the manufacturer thereof. (See § 35.18 (d) (7) as to packing.)

(d) *Preparations not mailable.* Poisonous preparations, such as raticides, for the extermination of rodents and other destructive mammals are not included in the above classification and are not mailable.

(e) *Poisonous drugs and anesthetic agents.* Poisonous drugs and medicines and anesthetic agents which are not outwardly or of their own force dangerous or injurious to life, health, or property, and not otherwise unmailable (see §§ 34.73 and 36.2), when securely packed for safe transmission shall be admitted to the mails for transmission in the do-

mestic mails when sent by the manufacturer thereof or dealer therein to licensed physicians, surgeons, dentists, pharmacists, druggists, cosmetologists, barbers, and veterinarians, when addressed as such: *Provided*, That the container of the article mailed is plainly labeled to show its contents, is marked "Poison," and bears the label or superscription of the manufacturer thereof.

(f) *Lightweight (premium) knives; packing of.* (1) Lightweight knives usually weighing between ½ and 4 ounces with blades not over 10 inches in length nor 1½ inches in width may be accepted for mailing if packed in the following manner:

(2) When blade is not over 3¼ inches in length and ¾ inch in width, a close fitting sheath of 0.018 chipboard or equivalent material longer than blade shall be used together with kraft envelope or equivalent testing not less than 60 points (Mullen or Cady Tester), and not more than ½ inch longer than the knife.

(3) When blade is over 3¼ inches in length but not over 6 inches and not over 1 inch in width, a close fitting sheath of 0.022 kraftboard or equivalent material longer than blade shall be used together with kraft envelope or equivalent testing not less than 60 points and not more than ½ inch longer than knife.

(4) When blade is over 6 inches in length but not over 10 inches and not over 1½ inches in width, a close fitting sheath of 0.028 kraftboard or equivalent material longer than blade shall be used together with kraft envelope or equivalent testing not less than 64 points and not more than ½ inch longer than knife.

(5) The sheaths previously mentioned must be of such a snug fit that they can be removed only with some effort. A sheath that slides off readily is not approved unless it is affixed to the knife blade by means of cement or glue or is securely taped to the knife handle. The envelopes must be securely sealed.

(6) Kitchen Set with 2 knives with blades not over 6 inches in length securely fastened by good quality cellulose tape or equivalent to a die cut card of 0.036 chipboard or equivalent larger than the knives and enclosed in a close fitting fiber carton of 0.024 kraftboard or equivalent securely fastened.

(7) Carving set composed of knife and fork taped together with blade not over 9 inches in length with close fitting sheaths of 0.018 chipboard protecting both blade and tines and enclosed in a close fitting fiber carton of 0.034 kraftboard or equivalent securely fastened.

(8) More substantial packing is required for larger knives. They should be cushioned in a strong fiberboard, wooden or metal box with the blades properly encased so that they cannot cut through their covering.

(g) *Fire extinguishers and other cylinders containing compressed gas or acid not mailable with exceptions as noted herein.* (1) Any cylinder or fire extinguisher containing more than 10 ounces of carbon dioxide liquefied, or requiring a caution label under I. C. C. regulations (except as provided in paragraph (b) herein) is nonmailable.

(2) Fire extinguishers of the soda-acid type containing the acid charge (usually 4-ounces of surfuric acid with sodium bicarbonate) are nonmailable by reason of the acid, regardless of the manner in which it is packed.

(3) The small cylinders of compressed gas which are mailable and specifications therefor are as follows:

(i) Compressed gas (any material or mixture having in the container either an absolute pressure exceeding 40 pounds per square inch at 70° F. or an absolute pressure exceeding 104 pounds per square inch at 130° F., or both), of the nonexplosive, noninflammable, nonpoisonous types in nonshattering steel containers complying with Interstate Commerce Commission specifications therefor, and filled and charged in accordance with I. C. C. regulations, may be admitted to the mails if individually cushioned in suitable, securely fastened outside boxes such as double-faced corrugated fiberboard boxes testing not less than 175 pounds per square inch (Mullen or Cady tester) for cartons not over 5 pounds in weight and testing not less than 200 pounds for heavier cartons, with an inner liner of the same material or the equivalent in other suitable cushioning material, said cylinders to have release mechanism properly protected against damage or accidental discharge in the postal service, with following further specifications as to size of cylinder, safety devices and labeling. These parcels shall be handled as inside matter.

(ii) Sparklet type containing not over 8½ grams (3/10 ounce) of carbon dioxide liquefied, helium, or other gas approved for mailing. Safety device not required. The words "Compressed Gas" and proper name of article shall be plainly marked on the outside of the parcel.

(iii) Fire extinguisher or tire inflator type not exceeding 2 inches in outside diameter nor 12 inches in length and containing not to exceed 10 ounces of carbon dioxide liquefied gas or other gas approved for mailing and equipped with a frangible disk type safety device approved by the Bureau of Explosives both as to type and location which will fracture before pressure in the cylinder reaches 3,000 pounds per square inch and release the contents, and which will prevent explosion of the charged cylinder when placed in a fire. The words "Compressed Gas" and proper name of the article contained therein shall be plainly marked on the outside of the parcel. Limit one cylinder to a parcel.

(iv) Hand fire extinguisher type not exceeding 32-fluid-ounce capacity filled to not over 90-percent capacity at 70° F.; charged with a gas approved for mailing to not over 170 pounds per square inch at 70° F., and equipped with a safety device approved by the Bureau of Explosives which will prevent explosion of the charged cylinder when placed in a fire. Approved fire extinguishing agent must be used. The words "Compressed Gas" and proper name of article shall be plainly marked on the outside of the parcel. Limit one cylinder to a parcel.

(h) *Flexible phonograph records.* Flexible vinyl type records not in excess of seven in number nor more than 16 inches in diameter may be mailed if packed in a good quality, heavy-kraft envelope with a pad of double-faced corrugated fiber-board testing not less than 200 pounds per square inch (Mullen or Cody Tester) with cross dimensions the same or slightly larger than the diameter of the records, on top and bottom of the records, the corrugations in the pads to run at right angles to each other. The flap end of the envelope shall be reinforced with a strip of three inch kraft gummed paper tape of good quality extending at least two inches on each side of the front of the envelope.

These envelopes shall not be marked "Fragile", and shall be handled inside of mail bags.

Larger quantities of these flexible records shall be cushioned in good quality corrugated folders or cartons securely fastened.

§ 35.16 *Motion-picture films*—(a) *Packing and marking.* Motion-picture films shall be packed in spark-proof metal boxes or cans, complying with specification No. 32 of the Interstate Commerce Commission regulations for the shipment of dangerous articles. Case and cover shall be lined throughout with hard fiberboard at least one-eighth inch thick. Each outside metal case shall be plainly and permanently marked in the metal by embossing the following symbol, consisting of a rectangle and the following mark:

I. C. C.—32 A

The letters and figures in this symbol shall be at least one-half inch high, and the final letter may be either A, B, C, D, E, F, or G.

(b) *Further packing provisions.* Motion-picture films may also be packed in outside wooden boxes complying with Specification No. 15C of the Interstate Commerce Commission regulations for the transportation of dangerous articles, provided each reel is placed in a tightly closed inside metal container. Marking on boxes to indicate compliance with the specification is

I. C. C.—15C***

the stars being replaced by figures indicating the maximum gross weight for which the box is authorized. The letters and figures in this symbol shall be at least one-half inch high. Boxes marked I. C. C.—19 as previously authorized may be accepted if made prior to October 1, 1930.

(c) *Short films.* Short motion-picture films (not exceeding 25 feet in length) shall be accepted when placed in tightly closed metal cans and in outside containers of corrugated strawboard or other suitable material. Motion-picture films not exceeding 1,000 feet in length shall be accepted for mailing when placed in tightly closed metal cans lined with asbestos, in outside fiberboard or corrugated fiberboard containers, securely sealed, without the yellow caution label, to be dispatched inside of mail bags. Such films also shall be accepted for mailing when placed in tightly closed metal cans without lining, in outside fiberboard or corrugated fiberboard con-

tainers, securely sealed, with the yellow caution label, to be dispatched outside of mail bags.

(d) *Use of fiberboard boxes.* Motion-picture films referred to in paragraphs (a), (b), and (c) of this section may also be packed in one-piece fiberboard boxes complying with I. C. C. Specification 12B (paragraph 30 (b)) when each film is in a tightly closed metal-film-reel can or strong cardboard or fiberboard box with cover held in place by adhesive tape or paper, containing not over 2,000 feet (approximately) of film; cans or boxes to be adequately braced in center of box by fiberboard, at least 175-pound test, extending full depth of box. Gross weight not over 65 pounds. Closing of box must be effected by coating entire contact surfaces of flaps with efficient adhesive; stitched closure not authorized. Boxes that have been filled, shipped, and opened are not authorized for reuse.

(e) *Noninflammable films.* Noninflammable motion-picture films shall be accepted without other restriction when packed in sufficiently strong containers; each outside container shall be plainly marked "Motion-picture films—Not dangerous."

(f) *Pyroxylin plastics; packing of.* Pyroxylin plastics (celluloid, fiberoid, pyralin, viscoloid, zylonite, etc.) in sheets, rolls, or tubes, shall be packed in strong spark-proof wooden boxes, or sheet pyroxylin may also be packed flat in double-faced corrugated strawboard packages, provided that the total thickness of sheet material in one package does not exceed one-half inch in thickness. The pyroxylin plastic shall be wrapped in paper and the box shall not be less than two thicknesses of double-faced corrugated strawboard at all points. When material is in rolls, it shall be placed in fiber or strawboard cylinders with walls not less than 0.045 inch thick, for a net weight of 6 pounds or less or 0.115 inch thick for a net weight of 15 pounds or less, and the cylinders shall be lined with single-faced corrugated strawboard two-tenths inch thick.

(g) *Inflammable films or pyroxylin plastics; caution label.* All packages containing inflammable motion-picture films (except short lengths) or pyroxylin plastics (except manufactured articles) shall have attached thereto by the shipper a diamond-shaped yellow label, each side 4 inches long, with the wording printed in black letters inside of a black line border measuring 3½ inches on each side, reading as follows:

Caution. Keep away from fire, heat, and open-flame lights. Sweep up and remove carefully contents of broken packages. This is to certify that the contents of this package are properly described by name and are packed and marked and are in proper condition for transportation, according to the regulations prescribed by the Post Office Department.

(Shipper's name)

All such parcels shall be handled outside of mail bags.

(h) *Examination of shipments.* Postmasters shall exercise special care in accepting motion-picture films and pyroxylin plastics for shipment and see that containers are in good condition and have attached thereto the required caution label.

(i) *Address labels.* The address labels shall be plain, with the name of the shipper shown in the upper left corner less conspicuously than the name and address of the addressee, which shall appear on the lower half of the label, and all old labels and postage stamps shall be removed.

(j) *Size and weight limit.* Packages of motion-picture films shall not exceed the size and weight limit for parcel-post mail.

(k) *Loading of motion-picture film.* Motion-picture films with yellow caution label and other material with approved caution label shall be loaded in cars occupied by a postal or railroad employee and in a place that will permit of their ready removal in case of fire. They shall not be loaded in cars nor stored in stations or offices in contact with steam pipes or other sources of heat. Motion-picture films with yellow caution label may be accepted for transmission in the domestic air-mail service to be carried in the regular mail compartment outside of mail bags.

§ 35.17 *Diseased tissues and other specimens*—(a) *When mailable*—(1) *Conditions.* Specimens of diseased tissues, blood, serum, and cultures of pathogenic microorganisms may be admitted to the mail for transmission to United States, State, municipal, or other laboratories in possession of permits referred to in paragraph (b) of this section only when enclosed in mailing cases constructed in accordance with this regulation, provided that bacteriologic or unfixed pathologic specimens of plague and cholera shall not be admitted to the mails except when prepared as hereinafter specifically provided.

(2) *Pathologic specimens of plague and cholera.* Pathologic specimens of plague and cholera which have been immersed for at least 72 hours in four times their volume of 4 percent formaldehyde gas in water, or other fluid of equal or superior disinfecting power for a period sufficient to fix or harden the central portions of the specimen, may be admitted to the mails if packed in the same manner as herein prescribed for other unfixed pathologic tissues (paragraph (c) (1), (2), (3) of this section).

(3) *Cultures and infectious material.* Cultures and infectious material of plague, cholera, anthrax, undulant fever and tularaemia may be admitted to the mails if enclosed in stout glass tubes sealed by fusion of the glass and packed in a larger stout glass container with a layer of absorbent cotton soaked in 4 percent formaldehyde surrounding the inner container. The outer glass container shall be closed with a rubber stopper or cork of good quality or by fusion of the glass. This double glass container shall then be packed in accordance with the provisions of paragraph (c) (2) and (3) of this section.

(b) *Permit from Postmaster General before delivery.* No package containing diseased tissue, blood, serum, or cultures of pathogenic microorganisms shall be delivered to any representative of any of the said laboratories until a permit shall have first been issued by the Postmaster General, certifying that said laboratory has been found to be entitled, in accordance with the requirements of this regulation, to receive such specimens.

(c) *Specimens of sputum or other infectious materials*—(1) *Packing.* Specimens of sputum, feces, pus, unfixed diseased tissue, or other infectious material fluid in nature or shipped with nondisinfecting fluid shall be placed in stout glass containers of suitable size (but not more than 3 inches in diameter) closed with a metal cover with a rubber, cork, or paraffined paper leakproof washer or with a cork or rubber stopper of good quality or by fusing the glass, provided that large fixed specimens of diseased tissue may be prepared for shipment outside of mail bags when packed in accordance with the provisions of subparagraph (2).

(2) *Specifications of container.* The aforesaid glass container shall then be placed in (i) a cylindrical sheet-metal box, with soldered joints, closed by a metal screw cover, or (ii) a paraffin impregnated heavy cardboard container with ends made of metal, or a suitable substitute for metal and/or cardboard. A sleeve type of closure may be employed provided that the overlap is at least one-third the length of the cylinder and in any case at least two inches. The closure shall be sealed with tape. Or, (iii) a one-piece bored wooden cylinder at least three-sixteenths of an inch thick in its thinnest part with a threaded screw top.

The screw top covers shall be provided with rubber or felt washers and shall be threaded with sufficient screw threads to require at least one and one-half full turns before they will come off.

The vial or test tube in the above containers shall be completely and evenly surrounded by absorbent cotton or other suitable absorbent in quantity sufficient to absorb the contents of the glass container, should it be broken.

(3) *Sheet-metal box to be enclosed.* The sheet-metal box with its contents shall then be enclosed in a closely fitting wooden or papier-mâché box or tube, at least three-sixteenths of an inch thick in its thinnest part or in a sheet-metal box or tube of sufficient strength to resist rough handling and support the weight of the mails piled in bags. This tube shall be tightly closed with a screw-top cover with sufficient screw threads to require at least one and one-half full turns before it will come off.

(4) *Further provisions for mailing.* Cultures in solid media, blood, serum, spinal fluid, fixed and completely disinfected diseased tissue and infectious materials on swabs shall be transmitted in a stout glass container of suitable size (but not more than 3 inches in diameter) closed with a metal cover with a rubber, cork, or paraffined paper washer or with a stopper of rubber, paraffined cork, or cotton, the last sealed with paraffin or covered with a tightly fitting rubber cap. The tube shall then be packed in a single wooden or papier-maché cylindrical box or tube, at least three-sixteenths of an inch thick in its thinnest part or in a sheet-metal box or tube, of sufficient strength to resist rough handling and

support the weight of the mails piled in bags. The glass container in this box or tube shall be completely and evenly surrounded by absorbent cotton or other suitable absorbent packing material. Cultures in media that are fluid at the ordinary temperature (below 45° C. or 113° F.) may be mailed if packed in stout glass vials closed by fusing the glass and enclosed as in subparagraphs (2) and (3).

(5) *Blood specimens.* Specimens of blood dried on glass microscopic slides for the diagnosis of malaria or typhoid fever by the Widal test or of other conditions shall be sent in any strong mailing case which is not liable to breakage or loss of the specimen in transit.

(6) *Large shipments of pathological specimens.* Large pathological specimens of fixed diseased tissue and shipments of large numbers of small specimens may be prepared for shipment outside of mail bags. Small specimens of sputum, blood, serum, spinal fluid, pus, feces, fixed or unfixed diseased tissue or other material fluid in nature or shipped with fluid, forming part of such a shipment shall be placed in stout glass containers as in subparagraph (1) of this paragraph and individually evenly wrapped in absorbent cotton or other suitable absorbent material in sufficient quantity to absorb all the fluid in case of breakage. Large specimens of fixed diseased tissue shall be placed in securely sealed glass containers or in securely closed (hermetically sealed or screw-top or approved patent-top) metal containers with the necessary preservative fluid. The container shall be surrounded by sawdust or other suitable absorbent material to protect against breakage or leakage. Small and large specimens so prepared shall be shipped in a strong securely closed box marked "Fragile—Liquid. This Side Up," or with similar inscription, and be transported outside of mail bags.

(d) *Indorsement on packages.* Upon the outside of every package of diseased tissue, blood, serum, or cultures of pathogenic microoganisms admitted to the mails shall be written or printed the words "Specimen for bacteriological examination. This package shall be pouched with letter mail." Except that large specimens or shipments prepared under paragraph (c) (6) of this section, shall be marked "Specimen for bacteriologic examination."

§ 35.18 *Special packing of certain matter*—(a) *Requirements.* Admissible articles which, from their form or nature, might damage other mail matter or equipment or injure the person of any postal employee shall be accepted when packed in accordance with the following conditions:

(b) *When fragile.* In case of articles liable to break, the inner bag, box, envelope, or wrapping shall be surrounded by sawdust, excelsior, cotton, or other similar substance.

(c) *Liquids and oils for local delivery.* Admissible liquids and oils (see § 35.13) in packages not exceeding the limit of weight of fourth-class matter (see § 34.-73) shall be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in strong and securely closed containers, provided it is not necessary to transport them over steam or electric railways.

(d) *Liquids and oils for nonlocal delivery*—(1) *Conditions.* Admissible liquids and oils, pastes, salves, or other articles easily liquefiable shall be accepted for mailing, regardless of distance, when they conform to the following conditions:

(2) *In bottles of 4 ounces or less.* When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in absorbent material and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated fiberboard or solid fiberboard or wood. The corners of the container shall fit tightly and be reinforced with tape, so as to prevent the escape of any liquid if the inside container should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Such parcels shall be indorsed "Fragile—Liquid," and be dispatched inside of mail bags. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the subparagraphs (3) and (4) of this paragraph:

(3) *In bottles of more than 4 and not more than 16 ounces.* When in glass bottles holding more than 4 and not more than 16 ounces, the bottle shall be very strong and shall be inclosed in a block or tube of metal, wood, papier-mâché or similar material, and there shall be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mâché, shall be of sufficient strength to afford proper protection to contents, and withstand handling in the mails, and shall be rendered watertight by an application on the inside of paraffin or other suitable substance, and shall be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover of the block or tube shall be provided with a washer so that no liquid could escape if the bottle should be broken. Such bottles may also be packed in strong and tight receptacles of wood, metal, or solid fiberboard or waterproof double-faced corrugated fiberboard if surrounded with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should be broken. Parcels prepared in this manner shall be indorsed "Fragile—Liquid" and be dispatched inside of mail bags.

(4) *In bottles of more than 16 ounces.* Mailable liquids, in quantities of more than 16 ounces, when in securely sealed glass bottles, shall be accepted for mailing when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages shall be marked "Fragile—Liquid. This Side Up," or with similar inscription, and be transported outside of mail bags.

(5) *In metal containers.* Mailable liquids in securely closed (hermetically sealed or screw top or approved patented top) metal containers, when in quantities of less than 1 gallon and inclosed in double-faced corrugated fiberboard or solid fiberboard or wooden boxes for shipment inside of mail bags, shall be accepted for mailing, but when in friction-top cans the tops shall be securely soldered on or so fastened by effective indentations at not less than six places, or the cans be surrounded with sawdust, bran, or other suitable absorbent material in sufficient quantity to absorb all the liquid if the top of the can should come off. Such parcels shall be marked "Fragile—Liquid."

(6) *To be marked "Fragile."* Mailable liquids in tightly closed metal containers in quantities of 1 gallon or more shall be accepted for mailing when suitably boxed or crated to be dispatched outside of mail bags and labeled "Fragile—Liquid. This Side Up," but when in extra strong metal containers, such as heavy milk cans, the boxing or crating may be omitted.

(7) *Insecticides, fungicides, and germicides.* Insecticides, fungicides, and germicides, when accepted for mailing, must be in inside containers of metal, glass or fiber cans or boxes and in outside containers of metal, wood, or fiberboard, tightly closed and securely fastened. When in liquid form, the inside container must not only be surrounded with sufficient absorbent material to absorb all the liquid should the container be broken but packed in cushioning material. (Excelsior is not considered as absorbent.) When in solid or powdered form, the inside container must be surrounded with cushioning material.

(e) *Pastes and salves.* Pastes, salves, etc., not easily liquefiable shall be accepted for mailing when inclosed in watertight containers and cushioned in a double-faced corrugated fiberboard or solid fiberboard or wooden box.

(f) *Samples to be submitted.* Manufacturers or dealers intending to transmit articles in considerable quantities should submit to the postmaster at the mailing office for approval a specimen parcel showing the manner of packing.

(g) *Sharp instruments or tools.* Sharp-pointed or sharp-edged instruments or tools shall be capped or incased so that they cannot cut through their covering. Blades shall be bound so that they will remain firmly attached to each other or within their handles or sockets. Plowshares, stove castings, pieces of machinery, etc., shall have all points, edges, and corners thoroughly protected with excelsior or similar material and be wrapped in burlap, cloth, or tough paper, or be properly boxed to prevent damage to mail or equipment, when intended for other than local delivery.

(h) *Powders.* Ink powders, pepper, snuff, or other similar powders not explosive, or any similar pulverized dry substance not poisonous, shall be accepted when inclosed in the manner prescribed herein for liquids, or when inclosed in cases made of metal, wood, papier-mâché, or similar material, in such manner as to render impossible the escape of any of the contents.

(i) *Candles, confections, yeast cakes, soaps.* Candles, confectionery, yeast cakes, soap in hard cakes, etc., shall be

inclosed in boxes and so wrapped as to prevent damage to other mail matter.

(j) *Hides and pelts.* Mailable hides and pelts which are thoroughly dried or cured (§§ 35.13 and 35.21) shall be so wrapped as to prevent grease soaking through the package and damaging other mail matter.

(k) *Ammunition; guns.* Cartridges and loaded shells shall not be accepted for mailing. (See § 35.13.) Unloaded guns, other than firearms that can be concealed on the person (see § 36.12) may be sent in the mails, but the postmaster shall carefully examine such packages and shall receive them only when sure they are harmless. In no case shall a loaded firearm be accepted for mailing.

(l) *Fragile articles.* Fragile articles, such as millinery, toys, musical instruments, etc., and articles consisting wholly or in part of glass, or contained in glass, shall be securely packed and cushioned in strong double-faced corrugated fiberboard or solid fiberboard or wooden boxes and the parcel stamped or labeled "Fragile." Parcels so labeled shall be handled with the greatest possible care. Parcels which do not contain fragile articles shall not be marked "Fragile."

§ 35.19 *Perishable articles*—(a) *Acceptance and marking.* Postmasters and other employees shall endorse all parcels containing perishable articles with the word "Perishable" on the wrapper directly above the name of the addressee. Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

(b) *When acceptable.* Butter, lard, and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries, and articles of a similar nature, which decay quickly, shall be accepted for mailing to any office which in the ordinary course of mail they can reach without spoiling, when inclosed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents and prevent the escape of anything therefrom. Such parcels shall be labeled "Perishable," and, if necessary for safe shipment, shall be transported outside of mail bags. Berries, fruits, and vegetables shall not be accepted for mailing unless they are in good dry shipping condition.

(c) *Eggs*—(1) *Containers.* Eggs shall be accepted for mailing when packed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents. Such packages shall be transported outside of mail bags. All parcels containing eggs shall be plainly marked "Eggs." When necessary, they should be marked "This side up."

(2) *For hatching.* Eggs for hatching shall be accepted for mailing, when each egg is wrapped separately and surrounded with excelsior, woodwool, or other suitable material and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiberboard, or corrugated pasteboard. Such parcels shall be labeled "Eggs for hatching," "Keep from heat and cold," "Please handle with care," or other suitable words, and shall be handled outside of mail sacks.

§ 35.20 *Meats and meat products*—(a) *When acceptable.* Fresh, salted, dried, smoked, or cured meats and other meat products may be admitted to the mails and may be transported, regardless of distance, from one State or Territory or the District of Columbia, to another State or Territory or the District of Columbia when the provisions of the act of March 4, 1907, as amended and extended, and the regulations promulgated thereunder by the Department of Agriculture have been complied with: *Provided, however,* That fresh meat in any form shall be accepted for mailing only to post offices to which, in the ordinary course of mail, it can be sent without spoiling. (See § 35.19.)

(b) *Regulations of Department of Agriculture.* The regulations promulgated by the Department of Agriculture, referred to in paragraph (a) of this section, provide as follows:

(1) *Certificate required before transport.* No carrier or other person shall transport or receive for transportation from one State or Territory or the District of Columbia to another State or Territory or the District of Columbia, or to any place under the jurisdiction of the United States, or to a foreign country, any article derived wholly or in part from cattle, sheep, swine, or goats unless and until a certificate is made and furnished to him in one of the following forms prescribed for the purpose showing that such meat or meat-food product has been either inspected and passed or exempted from inspection according to act of Congress of March 4, 1907, as amended and extended.

(2) *Certificate of inspection.* When any meat or product which has been inspected and passed and bears the inspection legend is offered to any carrier for transportation from one State or Territory or the District of Columbia, to or through another State or Territory or the District of Columbia, or to any place under the jurisdiction of the United States, or to a foreign country, the carrier shall require, and the shipper shall make and deliver to the carrier, a certificate in the following form:

Date _____, 19____
Name of common carrier _____
Shipper _____
Point of shipment _____
Consignee _____
Destination _____

I hereby certify that the following described meat or meat-food products which are offered for shipment in interstate or foreign commerce, have been U. S. inspected and passed by Department of Agriculture, are so marked, and at this date are sound, healthful, wholesome, and fit for human food.

Kind of product	*Amount and weight*
_____	_____
_____	_____

_____
(Signature of shipper)

_____
(Address of shipper)

The signature of the shipper or of his agent shall be written in full. This certificate may be stamped upon or incorporated in any form which is ordinarily used in the transportation of meat and products. Certificates of this form or copies thereof need not be forwarded to the Meat Inspection Division at Washington.

(3) *Certificate of exemption by retail butchers or dealers.* When any meat or product which has not been inspected and passed under these regulations is offered for transportation from one State or Territory or the District of Columbia to or through another State or Territory or the District of Columbia, or to any place under the jurisdiction of the United States, or to a foreign country, by any retail butcher or retail dealer who holds a certificate of exemption issued by the Secretary of Agriculture, the carrier shall require, and such retail butcher or retail dealer shall make and deliver to the carrier, a certificate in duplicate in the following form:

Date _____, 19____
Name of common carrier _____
Shipper _____
Point of shipment _____
Consignee _____
Destination _____
Number of exemption certificate _____

I hereby certify that I am a retail butcher or a retail dealer in meat or meat-food products; that the following-described meat or meat-food products are offered for shipment in interstate or foreign commerce under a certificate of exemption issued to me by the United States Department of Agriculture, and that at this date they are sound, healthful, wholesome, and fit for human food, and contain no preservative or coloring matter or other substance prohibited by the Federal meat inspection regulations.

Kind of product	*Amount and weight*
_____	_____
_____	_____

_____
(Signature of shipper)

_____
(Address of shipper)

The signature of the shipper or of his agent shall be written in full, and each certificate shall show the exemption number of the shipper. This certificate shall be separate and apart from any waybill, bill of lading, or other form ordinarily used in the transportation of meat. The duplicate certificate shall be forwarded immediately by the initial carrier (Postmaster) to the Chief of Meat Inspection Division, Washington 25, D. C.

(4) *Certificate of exemption as to animals slaughtered on farms.* When cattle, sheep, swine, or goats have been slaughtered by a farmer on the farm and any meat or product derived therefrom which has been marked by him with his name and address is offered to a carrier for transportation from one State or Territory or the District of Columbia to or through another State or Territory or the District of Columbia, or to any place under the jurisdiction of the United States, or to a foreign country, the carrier may so transport such meat or product which is identified as derived from any of such animals slaughtered by a farmer on the farm.

The carrier shall require, and the shipper shall make and deliver to the carrier, a certificate in duplicate in the following form:

Date _____, 19____.
Name of common carrier _____
Shipper _____
Point of shipment _____
Consignee _____
Destination _____

I hereby certify that the following-described uninspected meat or meat-food products are from animals slaughtered by a farmer on the farm, and are offered for transportation in interstate or foreign commerce as exempted from inspection according to the Meat Inspection Act of March 4, 1907, as amended and extended, and that at this date they are sound, healthful, wholesome, and fit for human food, and contain no preservative or coloring matter or other substance prohibited by the Federal Meat Inspection Regulations.

Kind of product	Amount and weight
_____	_____
_____	_____

_____
(Signature of shipper)

_____
(Address of shipper)

The signature of the shipper or of his agent shall be written in full. This certificate shall be separate and apart from any waybill, bill of lading, or other form ordinarily used in the transportation of meat. The duplicate certificate shall be forwarded immediately by the initial carrier (Postmaster) to the Chief of Meat Inspection Division, Washington 25, D. C.

NOTE: The exemption set forth in paragraphs (b) (4) and (5) of this section, applying to animals slaughtered by any farmer on a farm and to retail butchers and retail dealers in meat-food products do not apply to meat or meat-food products of horses slaughtered or handled by farmers or retail butchers or dealers. See paragraph (g) of this section.

(c) *Parcel unaccompanied with proper certificate not to be accepted.* Postmasters shall not accept for mailing any parcel containing any carcass, part of carcass, or meat-food product of cattle, sheep, swine, or goats offered for transportation from one State or Territory or the District of Columbia to another State or Territory or the District of Columbia, or for foreign shipment, unless and until the person offering the parcel for mailing shall furnish the certificate applicable in the particular case under the requirements of the regulations issued by the Department of Agriculture embodied in the preceding paragraph.

(d) *Instructions for making out certificate.* In making out of the certificate the sender or shipper shall give the United States mails as the carrier, the post office of mailing as the point of shipment, the name of the addressee as the consignee, and the post office of address as the destination.

(e) *Duplicate certificates required.* Paragraphs (b) (4) (5) of this section require the certificate to be made in duplicate. Postmasters shall promptly send the duplicates to the Chief of Meat Inspection Division, Washington 25, D. C. The originals required by these paragraphs, as well as the certificate required by paragraph (b) (3), shall be retained in the files of the post office for one year.

(f) *Forms to be furnished by sender.* The required certificates shall be prepared by the sender or shipper. (Form 3583–B for retail butcher shipments and Form 3583–F for farmer's shipments may be used.)

(g) *Horse meat and products thereof.* Under the act of July 24, 1919, providing for the inspection of horse meat and products thereof and the regulations promulgated in connection therewith by the Department of Agriculture, horse meat and food products thereof may be accepted for mailing from one State or Territory or the District of Columbia to another State, Territory, or the District of Columbia, or to any place under the jurisdiction of the United States, or to any foreign country, only when labeled or marked "Horse meat" or "Horse-meat products" and each shipment is accompanied with a certificate in the form indicated in paragraph (b) (3) of this section, changed to read "Horse meat or horse-meat products" instead of "Meat or meat-food products."

NOTE: The regulations of the Department of Agriculture provide that the domestic meat labels for horse meat or meat-food products thereof shall be printed on paper light green in color. The legend composing the body of each label shall be as follows: "The horse meat or meat-food product thereof contained herein has been United States inspected and passed by the Department of Agriculture," and in lieu of the phrase "domestic meat label" there shall be printed thereon the phrase "domestic horse meat or horse-meat product."

§ 35.21 *Dead bodies of wild animals or birds*—(a) *When mailable.* Postmasters shall not accept for mailing any parcel containing the dead bodies, or parts thereof, of any wild animals or birds, or the eggs of any such birds, which have been killed or taken or are offered for shipment contrary to any law of the United States or of any State, Territory, District of Columbia, or foreign country or State, Province, or other subdivision thereof: *Provided, however,* That the foregoing shall not be construed to prevent the acceptance for mailing of the dead bodies, or parts thereof, of any wild animals or birds, or the eggs of any wild birds, killed or taken during the season when the same may be lawfully killed or taken and the shipment of which is not prohibited by law in the State, Territory, District, or foreign country, in which the same are killed or taken or offered for shipment.

(b) *Marking.* Parcels containing the dead bodies of any wild animals, or birds, or parts thereof (except furs, hides, or skins of such animals, for which provision is hereinafter made), or the eggs of such birds, may be admitted to the mails only when plainly and clearly marked, labeled, or tagged on the outside thereof with the names and addresses of the shipper and consignee (addressee), and with an accurate statement showing by number and kind the contents thereof: *Provided, however,* That fresh game in any form may be accepted for transmission only to post offices to which, in the ordinary course of mail, it can be sent without spoiling. (See § 35.19)

(c) *Furs, hides, or skins of wild animals.* Parcels containing furs, hides, or skins of wild animals may be accepted for mailing only when properly dried, and plainly and clearly marked, labeled, or tagged on the outside thereof with the names and addresses of the shipper and consignee (addressee), together with such other indorsement, if any, as may be required by the game laws of the State, Territory, or District in which mailed.

NOTE: Sections 43, 44 of revised title 18, United States Code, make it unlawful to ship the dead bodies, or parts thereof, of any wild animals or birds, or the eggs of any such birds, contrary to the laws of the United States or of any State, Territory, District, or foreign country, and prescribe how parcels containing the same lawfully shipped shall be marked or labeled.

§ 35.22 *Bees*—(a) *Queen bees.* Queen bees and their attendant bees, when accompanied with a copy of a certificate of the current year from a State or Government apiary inspector to the effect that the apiary from which said queen bees are shipped is free from disease or by a copy of a statement by the beekeeper made before a notary public or other officer having a seal that the honey used in making the candy used in the queen mailing cage has been diluted and boiled in a closed vessel may be sent in the mails when so put up as to render it practically impossible that the package shall be broken in transit, or the persons handling the same be injured, or the mail bags or their contents soiled.

(b) *Honey bees.* Honey bees in quantities may be sent in the mails under the same conditions as are prescribed for queen bees and their attendant bees when delivery can be made to the addressee within a period of 5 days. If the cages are wooden, the material of which they are constructed shall not be less than three-eighths of an inch thick and the saw cuts therein or space between slats shall not be over one-eighth of an inch wide; if wire screen is used for the sides of the cages the screen may be of one thickness. Semiliquid food consisting of sugar sirup inclosed in a tin can with small holes in the bottom of the can to permit of a proper leakage of the food supply may be placed in the cages. The food can shall be securely suspended in the cage with the top of the can wedged against the top of the cage. Cleats approximately 1 inch high shall be securely fastened on the bottom of the cages to prevent the escape therefrom of any sirup that the bees may fail to consume. Each cage shall be provided with a suitable handle and be marked on the top with the words "This side up." Such parcels shall be transported outside of mail bags.

§ 35.23 *Other live insects; dried insects and reptiles.* Other live nonpoisonous or disease-conveying insects when addressed to the Bureau of Entomology and Plant Quarantine, U. S. Department of Agriculture, or to departments or divisions of entomology in State agriculture colleges, or experiment stations, or to persons holding official entomology positions, or when accompanied by a permit issued by the Bureau of Entomology and Plant Quarantine, U. S. Department of Agriculture, authorizing their interstate movement; and dried insects and reptiles may be sent in the mails when so put up as to render it practically impossible that the package shall be broken in transit, or

the persons handling the same be injured, or the mail bags or their contents soiled.

§ 35.24 *Live day-old chicks.* Live day-old chicks, day-old ducks, day-old geese, day-old guinea fowl, and day-old turkeys shall be accepted for mailing when the package in which they are contained is properly prepared and can be delivered to the addressee within 72 hours from the time they are hatched. Shipments of day-old chicks and other live day-old poultry shall not be forwarded to the addressee from the office of original address nor returned to the sender if delivery cannot be made to either the addressee or sender within the 72-hour period from the time of hatching.

§ 35.25 *Harmless live creatures.* Baby alligators not exceeding 20 inches in length, baby terrapin, baby turtles, bloodworms, chameleons, earthworms, frogs, goldfish packed in moss, hellgrammites, horned toads, hydras, leeches, lizards, meal worms, newts, planaria, salamanders, shellfish, snails, soft crabs, soft crawfish and tadpoles may be sent in the mails to points they may reasonably be expected to reach in good condition. They shall be properly prepared for safe transmission, and containers shall be labeled "Perishable" and the nature of the contents marked thereon.

§ 35.26 *Insurance and c. o. d. of fowl, bees, and animals.* Live day-old chicks, day-old ducks, day-old geese, day-old guinea fowl, day-old turkeys, queen bees and their attendant bees, honey bees, and harmless live animals, mailed under the conditions set forth in the preceding paragraphs of this section, may be accepted for insurance or collection-on-delivery, and indemnity in connection therewith will be paid in accordance with the provisions of §§ 64.37 to 64.40, inclusive, and § 119.1.

§ 35.27 *Plant quarantine*—(a) *Mailing restricted by.* When any State, Territory, or District of the United States, or any portion thereof, is quarantined by order of the Secretary of Agriculture, with respect to a plant disease or insect infestation, under the provisions of the plant quarantine act of August 20, 1912 (37 Stat. 315; 7 U. S. C. 154), or acts amendatory thereof, the acceptance for mailing from such quarantined State, Territory, or District, or any portion thereof, into or through any other State, Territory, or District, of any class of nursery stock, plants, or plant products, covered by such quarantine order, shall be subject to the restrictions of that order.

(b) *Nursery stock; certificate of inspection.* Nursery stock, including all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery or premises from which such nursery stock is shipped has been inspected within a year and found free from injurious insects and plant diseases, and the parcel containing such nursery stock is plainly marked to show the nature of the contents and the name and address of the sender.

§ 35.28 *Terminal inspection of plants and plant products by States*—(a) *Operation of*—(1) *Postal procedure.* When any State shall provide for terminal inspection of plants and plant products, and shall establish and maintain, at the sole expense of the State, such inspection at one or more places therein, the proper officials of said State may submit to the Secretary of Agriculture a list of plants and plant products and the plant pests transmitted thereby, that in the opinion of said officials should be subject to terminal inspection in order to prevent the introduction or dissemination in said State of pests injurious to agriculture. Upon his approval of said list, in whole or in part, the Secretary of Agriculture shall transmit the same to the Postmaster General, and thereafter all packages containing any plants or plant products named in said approved lists shall, upon payment of postage therefor, be forwarded by the postmaster at the destination of said package to the proper State official at the nearest place where inspection is maintained. If the plants or plant products (including seed) are found upon inspection to be free from injurious pests and not in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, or if infected shall be disinfected by said official, they shall upon payment of postage therefor be returned to the postmaster at the place of inspection to be forward[ed] to the person to whom they are addressed; but if found to be infected with injurious pests and incapable of satisfactory disinfection or in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, the State inspector shall so notify the postmaster at the place of inspection who shall promptly notify the sender of said plants or plant products that they will be returned to him upon his request and at his expense, or in default of such request that they will be turned over to the State authorities for destruction. (38 Stat. 1113, as amended; 7 U. S. C. 166)

(2) *Marking of packages.* It shall be unlawful for any person, firm, or corporation to deposit in the United States mails any package containing any plant or plant product addressed to any place within a State maintaining inspection thereof, as herein defined, without plainly marking the package so that its contents may be readily ascertained by an inspection of the outside thereof. Whoever shall fail to so mark said packages shall be punished by a fine of not more than $100. (38 Stat. 1113, as amended; 7 U. S. C. 166)

(3) *Regulations.* The Postmaster General is hereby authorized and directed to make all needful rules and regulations for carrying out the purposes hereof. (38 Stat. 1113, as amended; 7 U. S. C. 166)

(b) *Instructions to postmasters.* (1) When the Secretary of Agriculture furnishes the Postmaster General a list of plants and plant products subject to terminal inspection under the provisions of the preceding paragraph, appropriate instructions in regard thereto shall be issued to postmasters by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(2) Any State which has established terminal inspection under the provisions of paragraph (a) of this section should submit through the United States Department of Agriculture a list of plants and plant products and the plant pests transmitted thereby, the shipment of which to or within the State is prohibited or regulated by State plant-quarantine laws or plant-quarantine regulations pertaining to injurious pests. Upon receipt of notice from the Secretary of Agriculture of the approval of such list of plants or plant products by the United States Department of Agriculture, appropriate instructions shall be issued to postmasters by the Third Assistant Postmaster General, Division of Letter and Miscelaneous Mail, to prevent the acceptance of such plants or plant products when presented for mailing in violation of State plant-quarantine laws or regulations pertaining to injurious pests.

(c) *Postage for forwarding package to place of inspection and return.* When a package containing plants or plant products subject to terminal inspection is received at the post office of address, the postmaster shall at once notify the addressee of the required amount of postage for forwarding it to the place of inspection and return. Upon payment of the required amount, the postmaster shall affix to the parcel stamps sufficient to cover the postage from his office to the place of inspection, and place in an official envelope, to be attached to the parcel and addressed to the postmaster at the place of inspection, the stamps representing the amount of postage furnished by the addressee for its return. The postmaster shall then indorse on the wrapper of the parcel the words—

Forward to _____ for inspection,
(Give post office of inspection)

and transmit the parcel to the postmaster at the place of inspection.

(d) *Treatment of parcel at post office of inspection*—(1) *Procedure.* On receipt of the parcel at the post office of inspection the postmaster shall deliver it to the proper State official, and if such official shall return it to him marked to show that it has been inspected and passed, the postmaster shall affix to the parcel the postage furnished for returning it to the post office of address and promptly transmit it to that office. It shall then be delivered to the addressee.

(2) *Disposition of infected products.* If the State official to whom a parcel containing plants or plant products has been sent for inspection shall inform the postmaster at the place of inspection that such plants or plant products are infected with injurious pests and incapable of satisfactory disinfection, or are in violation of a plant-quarantine law or plant-quarantine regulation of the

United States Department of Agriculture or of the State of destination pertaining to such injurious pests, the postmaster shall promptly notify the sender that the parcel is undeliverable, giving the reason therefor, together with the name and address of the addressee, and stating the amount of postage required for its return, and that if the postage is not promptly furnished the parcel will be turned over to the State authorities for destruction. After the sending of such notice the postmaster shall wait the length of time prescribed in § 43.48 (h) of this chapter, when, if postage be not received by that time, he shall inform the State authorities that the parcel may be destroyed by them.

(e) *Return of unused postage stamps.* When a parcel containing plants or plant products is returned to the sender or destroyed under the provisions of the preceding paragraph, the postage stamps representing the amount of postage furnished by the addressee for the return of such parcel from the post office of inspection to the office of address shall be sent by the postmaster at the former office to the addressee, together with a letter of information as to the disposition of the parcel.

(f) *State inspector to be notified if addressee fails to furnish postage.* If the addressee, after having been notified, as prescribed in paragraph (c) of this section, fails to furnish the required postage for sending the parcel to the place of inspection and return, the postmaster shall so notify the State inspector at that place and advise him of the amount of postage required for sending the parcel to him. If such official furnishes the postage the postmaster shall, after affixing the necessary stamps, indorse on the wrapper of the parcel the words:

Forward to _____ for inspection,
(Give post office of inspection)

together with the words "Postage paid by State," and transmit it to the postmaster at the place of inspection. If the State inspector shall return the parcel to the postmaster at the point of inspection, marked to show that it has been inspected and passed, and having postage properly prepaid, it shall be transmitted to the office of address and delivered to addressee. Should the State inspector fail to furnish the postage for sending the parcel to him for inspection, the parcel shall be treated as other undeliverable fourth-class matter, as prescribed in § 43.48.

(g) *Parcel addressed in care of State plant inspector.* When desired, in order to simplify and expedite the handling of parcels of plant material subject to terminal inspection, the addressee may have the parcels addressed to himself in care of a State plant inspector at an inspection point and arrange with the inspector, to have the latter forward the parcels to the addressee, after inspection and passing, upon payment of the forwarding postage which shall be furnished to the inspector by the addressee, or the addressee may have the sender place a pledge to pay the forwarding postage on the parcels, in which case they shall, after being inspected and passed, be forwarded, rated with the forwarding postage, such postage to be collected upon delivery as provided by § 43.12 (d) of this chapter. In following the latter procedure the parcels shall be labeled as follows:

Shipped for (or on a/c)
W. H. Jones.
Garfield, Utah.
From:
John Doe Nurseries,
Shenandoah, Iowa.
Forwarding Postage Guaranteed
Contents:
_____
_____
To:
W. H. Jones,
% State Plant Inspector,
Salt Lake City, Utah.

When forwarding parcels under the foregoing arrangement, the inspector shall first cross out "% State Plant Inspector," and the name of the post office at the point of inspection appearing in the original address, and insert the name of the post office to which the parcels are to be forwarded for delivery to the addressee upon payment of forwarding postage.

Part 36—Unmailable Matter

Sec.
36.1 Unmailable matter; definition and classification.
36.2 Obscene matter unmailable; scope and penalty.
36.3 Threat to harm the President.
36.4 Libelous or indecent matter on wrapper, envelope, or postal card.
36.5 Disloyal matter.
36.6 Lottery and related matter.
36.7 Postmaster not to give opinion on questionable matter.
36.8 Green goods, fraudulent, and fictitious matter.
36.9 Delivery of mail to persons or concerns conducting lotteries or fraudulent enterprises.
36.10 Fictitious matter.
36.11 Matter concerning procurement of divorce in foreign country.
36.12 Mailing of pistols, revolvers, and other firearms.
36.13 Mailing of dentures.

Authority: §§ 36.1 to 36.13 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 36.1 *Unmailable matter; definition and classification.* Unmailable matter shall include all matter which is by law, regulation, or treaty stipulation prohibited from being transmitted in the mails, or which by reason of illegible, incorrect, or insufficient address it is found impossible to forward to destination and is classified as follows:

(a) Matter which is insufficiently prepaid to entitle it to be dispatched in the mail.

(b) Matter without address or so incorrectly, insufficiently, or illegibly addressed that it cannot be transmitted to its destination.

(c) Matter which from its harmful nature is forbidden in the mails. (See §§ 35.13 to 35.18, inclusive.)

(d) Matter so damaged in transit that it cannot be forwarded to its destination, matter of value found loose in the mails without address so that the destination cannot be known, and all matter recovered after depredations in the mails, which shall be forwarded to the department for disposition. (See §§ 43.48, 45.5, and 20.5.)

(e) Packages exceeding the limit of weight or size allowed. (See §§ 34.73, 35.2, and 35.3.)

(f) Obscene matter. (See § 36.2.)

(g) Libelous and indecent matter on outside of mail. (See § 36.4.)

(h) Treasonable matter. (See § 36.5.)

(i) Lottery matter. (See § 36.6.)

(j) Fraudulent matter. (See § 36.8.)

(k) Publications which violate copyrights granted by the United States. (See § 34.23.)

(l) Firearms capable of being concealed on the person. (See § 36.12.)

(m) Mail matter addressed to foreign countries, posted in violation of law or treaty stipulations. (See § 43.48.)

(n) Matter soliciting the procurement of divorces in foreign countries. (See § 36.11.)

§ 36.2 *Obscene matter unmailable; scope and penalty.* Every obscene, lewd, lascivious, or filthy book, pamphlet, picture, paper, letter, writing, print, or other publication of an indecent character; and:

Every article or thing designed, adapted, or intended for preventing conception or producing abortion, or for any indecent or immoral use; and

Every article, instrument, substance, drugs, medicine, or thing which is advertised or described in a manner calculated to lead another to use or apply it for preventing conception or producing abortion, or for any indecent or immoral purpose; and

Every written or printed card, letter, circular, book, pamphlet, advertisement, or notice of any kind giving information, directly or indirectly, where, or how, or from whom, or by what means any of such mentioned matters, articles, or things may be obtained or made, or where or by whom any act or operation of any kind for the procuring or producing of abortion will be done or performed, or how or by what means conception may be prevented or abortion produced, whether sealed or unsealed; and

Every letter, packet, or package, or other mail matter containing any filthy, vile, or indecent thing, device, or substance; and

Every paper, writing, advertisement, or representation that any article, instrument, substance, drug, medicine, or thing may, or can, be used or applied for preventing conception or producing abortion, or for any indecent or immoral purpose; and

Every description calculated to induce or incite a person to so use or apply any such article, instrument, substance, drug, medicine, or thing

Is declared to be nonmailable matter and shall not be conveyed in the mails or delivered from any post office or by any letter carrier.

Whoever knowingly deposits for mailing or delivery, anything declared by this section to be nonmailable, or knowingly takes the same from the mails for the purpose of circulating or disposing thereof, or of aiding in the circulation or disposition thereof, shall be fined not more than $5,000 or imprisoned not more than five years, or both.

The term "indecent", as used in this section includes matter of a character tending to incite arson, murder, or assassination. (62 Stat. 769; 18 U. S. C. 1461)

§ 36.3 *Threat to harm the President.* Whoever knowingly and willfully deposits for conveyance in the mail or for delivery from any post office or by any letter carrier any letter, paper, writing, print, missive, or document containing any threat to take the life of or to inflict bodily harm upon the President of the United States, or knowingly and willfully otherwise makes any such threat against the President, shall be fined not more than $1,000 or imprisoned not more than five years, or both. (62 Stat. 740; 18 U. S. C. 871)

§ 36.4 *Libelous or indecent matter on wrapper, envelope, or postal card.* (a) All matter otherwise mailable by law, upon the envelope or outside cover or wrapper of which, and all postal cards upon which, any delineations, epithets, terms, or language of an indecent, lewd, lascivious, or obscene character are written or printed or otherwise impressed or apparent, are nonmailable matter, and shall not be conveyed in the mails nor delivered from any post office nor by any letter carrier, and shall be withdrawn from the mails under such regulations as the Postmaster General shall prescribe.

Whoever knowingly deposits for mailing or delivery, anything declared by this section to be nonmailable matter, or knowingly takes the same from the mails for the purpose of circulating or disposing of or aiding in the circulation or disposition of the same, shall be fined not more than $5,000 or imprisoned not more than five years, or both. (62 Stat. 769; 18 U. S. C. 1463)

(b) All matter otherwise mailable by law, upon the envelope or outside cover or wrapper of which, or any postal card upon which is written or printed or otherwise impressed or apparent any delineation, epithet, term, or language of libelous, scurrilous, defamatory, or threatening character, or calculated by the terms or manner or style of display and obviously intended to reflect injuriously upon the character or conduct of another, is nonmailable matter, and shall not be conveyed in the mails nor delivered from any post office nor by any letter carrier, and shall be withdrawn from the mails under such regulations as the Postmaster General shall prescribe.

Whoever knowingly deposits for mailing or delivery, anything declared by this section to be nonmailable matter, or knowingly takes the same from the mails for the purpose of circulating or disposing of or aiding in the circulation or disposition of the same, shall be fined not more than $1,000 or imprisoned not more than one year, or both. (62 Stat. 782; 18 U. S. C. 1718)

§ 36.5 *Disloyal matter.* (a) Every letter, writing, circular, postal card, picture, print, engraving, photograph, newspaper, pamphlet, book, or other publication, matter or thing, in violation of sections 18 U. S. C. 499, 506, 793, 794, 915, 954, 956, 957, 960, 964, 1017, 1542, 1543, 1544 or 2388 or which contains any matter advocating or urging treason, insurrection, or forcible resistance to any law of the United States is nonmailable and shall not be conveyed in the mails or delivered from any post office or by any letter carrier.

(b) Whoever uses or attempts to use the mails or Postal Service of the United States for the transmission of any matter declared by this section to be nonmailable, shall be fined not more than $5,000 or imprisoned not more than ten years or both.

(c) No person other than a duly authorized employee of the Dead Letter Office, or other person upon a search warrant authorized by law, shall open any letter not addressed to himself. (62 Stat. 782; 18 U. S. C. 1717)

NOTE: Paragraph (a) above relates to mail matter of any class which is in violation of any of the provisions of the act of June 15, 1917 (40 Stat. 217; 50 U. S. C. 31–42), and when the United States is at war applies specifically to all matter which is intended to interfere with the operation or success of the military or naval forces of the United States or to promote the success of its enemies, or which is intended to cause insubordination, disloyalty, mutiny, or refusal of duty, in the military or naval forces of the United States, or which is intended to obstruct the recruiting or enlistment service of the United States. (See 40 Stat. 217; 50 U. S. C. 31–42.)

§ 36.6 *Lottery and related matter—*(a) *Mailing prohibited.* Whoever knowingly deposits in the mail, or sends or delivers by mail:

Any letter, package, postal card, or circular concerning any lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance;

Any lottery ticket or part thereof, or paper, certificate, or instrument purporting to be or to represent a ticket, chance, share, or interest in or dependent upon the event of a lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance;

Any check, draft, bill, money, postal note, or money order, for the purchase of any ticket or part thereof, or of any share or chance in any such lottery, gift enterprise, or scheme;

Any newspaper, circular, pamphlet, or publication of any kind containing any advertisement of any lottery, gift enterprise, or scheme of any kind offering prizes dependent in whole or in part upon lot or chance, or containing any list of the prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes

Shall be fined not more than $1,000 or imprisoned not more than two years, or both; and for any subsequent offense shall be imprisoned not more than five years. (62 Stat. 762; 18 U. S. C. 1302)

(b) *Postmaster or employee as lottery agent.* Whoever, being a postmaster or other persons employed in the Postal Service, acts as agent for any lottery office, or under color of purchase or otherwise, vends lottery tickets, or knowingly sends by mail or delivers any letter, package, postal card, circular, or pamphlet advertising any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any ticket, certificate, or instrument representing any chance, share, or interest in or dependent upon the event of any lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes awarded by means of any such scheme, shall be fined not more than $100 or imprisoned not more than one year, or both. (62 Stat. 763; 18 U. S. C. 1303)

§ 36.7 *Postmaster not to give opinion on questionable matter—*(a) *Matter to be withheld.* The postmaster shall not give opinions to the public, and when in doubt as to the mailability of any matter under §§ 36.2, 36.4 to 36.6, inclusive, 36.8, 36.10, and 36.11, he shall withhold the same from dispatch or delivery and submit the question with sample of the matter to the Solicitor for the Post Office Department for instructions.

(b) *Firearms.* (1) Where there is doubt as to the mailability of unloaded firearms under § 36.12 the parcel shall be withheld from dispatch or delivery and the question, with a complete statement of the facts, submitted to the Solicitor for the Post Office Department for instructions.

(2) Where parcels containing firearms are found in the mails obviously in violation of § 36.12, the facts shall be reported to the inspector in charge of the division in which the office of mailing is located.

§ 36.8 *Green goods, fraudulent, and fictitious matter.* All matter the deposit of which in the mails is made punishable by 18 U. S. C. 1341 and 1342 (formerly 18 U. S. C. 338 and 339), [see § 130.52,] is hereby declared nonmailable; but nothing [herein] contained * * * shall be so construed as to authorize any person other than an employee of the Dead Letter Office, duly authorized thereto, to open any letter not addressed to himself. (Sec. 4, 25 Stat. 874; 39 U. S. C. 256)

§ 36.9 *Delivery of mail to persons or concerns conducting lotteries or fraudulent enterprises—*(a) *Statutory provisions.* The Postmaster General may, upon evidence satisfactory to him that any person or company is engaged in conducting any lottery, gift enterprise, or scheme for the distribution of money, or of any real or personal property by lot, chance, or drawing of any kind, or that any person or company is conducting any other scheme or device for obtaining money or property of any kind through the mails by means of false or fraudulent pretenses, representations, or promises, instruct postmasters at any post office at which registered letters or any other letters or mail matter arrive directed to any such person or company, or to the agent or representative of any such person or company, whether such agent or representative is acting as an individual or as a firm, bank, corporation, or association of any kind, to return all such mail matter to the postmaster at the office at which it was originally mailed, with the word "Fraudulent" plainly written or stamped upon the outside thereof; and all such mail matter so returned to such postmasters shall be by them returned to the writers thereof, under such regulations as the Postmaster

General may prescribe. Nothing contained in this section shall be so construed as to authorize any postmaster or other person to open any letter not addressed to himself. The public advertisement by such person or company so conducting such lottery, gift enterprise, scheme, or device, that remittances for the same may be made by mail to any other person, firm, bank, corporation, or association named therein shall be held to be prima facie evidence of the existence of said agency by all the parties named therein; but the Postmaster General shall not be precluded from ascertaining the existence of such agency in any other legal way satisfactory to himself. (R. S. 3929, as amended; 39 U. S. C. 259)

(b) *Where and when the law to be enforced.* This law shall be enforced at offices of delivery and then only upon the specific order of the Postmaster General. When mail is returned to senders under fraud orders, there shall be plainly written or stamped on the outside thereof the words: "Fraudulent: Mail to this address returned by order of Postmaster General."

§ 36.10 *Fictitious matter*—(a) *Treatment of.* The Postmaster General may, upon evidence satisfactory to him, that any person is using any fictitious, false, or assumed name, title, or address in conducting, promoting, or carrying on or assisting therein, by means of the postoffice establishment of the United States, any business scheme or device in violation of the provisions of 18 U. S. C. 1341 and 1342 (formerly 18 U. S. C. 338 and 339, [see §§ 36.8 and 130.5] instruct any postmaster at any post office at which such letters, cards, or packets, addressed to such fictitious, false, or assumed name or address arrive to notify the party claiming or receiving such letters, cards, or packets to appear at the post office and be identified; and if the party so notified fails to appear and be identified, or if it shall satisfactorily appear that such letters, cards, or packets are addressed to a fictitious, false, or assumed name or address, such letters, postal cards, or packages shall be forwarded to the Dead Letter Office as fictitious matter. (Sec. 3, 25 Stat. 873; 39 U. S. C. 255)

(b) *Delivery only from post office.* Whenever the Postmaster General is satisfied that letters or packets sent in the mails are addressed to places not the residence or business address of the persons for whom they are intended, to enable such persons to escape identification, he may direct postmasters to deliver such letters only from the post office upon identification of persons addressed. (Sec. 5, 25 Stat. 874; 39 U. S. C. 257)

§ 36.11 *Matter concerning procurement of divorce in foreign country.* Every written or printed card, circular, letter, book, pamphlet, advertisement, or notice of any kind, giving or offering to give information concerning where or how or through whom a divorce may be secured in a foreign country, and designed to solicit business in connection with the procurement thereof, is nonmailable matter and shall not be conveyed in the mails or delivered from any post office or by any letter carrier.

Whoever knowingly deposits, for mailing or delivery, anything declared by this section to be nonmailable, or knowingly takes the same from the mails for the purpose of circulating or disposing thereof, shall be fined not more than $5,000 or imprisoned for not more than one year, or both. (62 Stat. 782; 18 U. S. C. 1714)

§ 36.12 *Mailing of pistols, revolvers, and other firearms*—(a) *Restrictions and penalty.* Pistols, revolvers, and other firearms capable of being concealed on the person are nonmailable and shall not be deposited in or carried by the mails or delivered by any postmaster, letter carrier, or other person in the Postal Service. Such articles may be conveyed in the mails, under such regulations as the Postmaster General shall prescribe, for use in connection with their official duty, to officers of the Army, Navy, Coast Guard, Marine Corps, or Officers' Reserve Corps; to officers of the National Guard or Militia of a State, Territory, or District; to officers of the United States or of a State, Territory, or District whose official duty is to serve warrants of arrest or commitments; to employees of the Postal Service; to officers and employees of enforcement agencies of the United States; and to watchmen engaged in guarding the property of the United States, a State, Territory, or District. Such articles also may be conveyed in the mails to manufacturers of firearms or bona fide dealers therein in customary trade shipments, including such articles for repairs or replacement of parts, from one to the other, under such regulations as the Postmaster General shall prescribe.

Whoever knowingly deposits for mailing or delivery, or knowingly causes to be delivered by mail according to the direction thereon, or at any place to which it is directed to be delivered by the person to whom it is addressed, any pistol, revolver, or firearm declared nonmailable by this section, shall be fined not more than $1,000 or imprisoned not more than two years, or both. (62 Stat. 782; 18 U. S. C. 1715)

(b) *Conditions of mailing.* Pistols, revolvers, and other firearms capable of being concealed on the person shall be treated as nonmailable matter unless the conditions hereinafter prescribed have been complied with by the sender and addressee of such articles.

(c) *Parcels to be marked.* All parcels containing unloaded firearms capable of being concealed on the person shall be plainly marked by the sender:

FIREARMS

For _____
(State excepted class)
Postmasters see § 36.12, P. L. and R.

the word "Firearms" to be in bold gothic (block) letters not less than 36 point (about one-half inch high and of corresponding width). The particular class of persons to which the addressee belongs authorized by the law to receive firearms through the mails shall be indicated by inserting on the blank line under "Firearms" words descriptive of his official position or business such as "Army officer," "Manufacturer," "Bona fide dealer," etc., as the case may be.

(d) *For officers of armed forces.* Except as provided in paragraph (j) hereof, parcels containing unloaded firearms properly prepared for mailing addressed for delivery to any officer of the Army, Navy, Coast Guard, Marine Corps, or Officers' Reserve Corps, or to any officer of the National Guard or Militia of any State, Territory, or District of the United States may be accepted for mailing, provided there be filed with the postmaster at the time of mailing by the sender or his agent an affidavit of the addressee of such parcel, setting forth that he is such an officer and that the contents of the parcel are intended for his use in connection with his official duty, and provided further that such affidavit shall bear a certificate signed by his commanding officer stating that the firearm is for the use of the addressee in connection with his official duty.

(e) *For officers and employees of enforcement agencies.* Except as provided in paragraph (j) hereof, parcels containing unloaded firearms properly prepared for mailing, addressed for delivery to officers of the United States or of the several States, Territories, and Districts whose official duty is to serve process of warrants of arrest or mittimus of commitment, and to officers and employees of enforcement agencies of the United States, may be accepted for mailing provided there be filed with the postmaster at the time of mailing by the sender or his agent an affidavit of the addressee of such parcel, setting forth that he is such an officer or employee, and that the contents of the parcel are intended for his use in connection with his official duty, and provided further that such affidavit shall bear a certificate stating that the firearm is intended for the use of the addressee in connection with his official duty. In the case of a Federal officer or employee such certificate shall be signed by a judge of the Federal court for the judicial district in which the addressee's official services are rendered; and in the case of a State officer the certificate shall be signed by a judge of a court of record for the jurisdiction in which the addressee's official services are rendered.

(f) *For watchmen.* Except as provided in paragraph (j) of this section parcels containing unloaded firearms properly prepared for mailing, addressed for delivery to watchmen engaged in guarding the property of the United States, the several States, Territories, and Districts, may be accepted for mailing provided there be filed with the postmaster at the time of mailing by the sender or his agent an affidavit of the addressee of such parcel, setting forth that he is such a watchman and that its contents are intended for his use in connection with his official duty, and provided further that such affidavit shall bear a certificate signed by the chief clerk of the department, bureau, or independent branch of the Government of either the United States, the State, Territory, or District by which such watchman is employed, stating that the firearms are for the use of the addressee in connection with his official duty.

(g) *Filing of affidavit and certificate.* The affidavit and certificate required by paragraphs (d), (e), and (f) of this section shall be retained in the files of the mailing post office for a period of not less than three years.

(h) *Identification of addressee.* The postmaster at the office of delivery shall require the addressee of any parcel covered by paragraphs (d), (e), and (f) of this section to call at the post office and establish his identity as such addressee to the satisfaction of the postmaster. The parcel may then be delivered. A receipt therefor shall be taken and retained in the files of the delivering post office for a period of not less than three years.

(i) *Between manufacturers and dealers.* Parcels containing unloaded firearms properly prepared for mailing may be conveyed in the mails to manufacturers of firearms or bona fide dealers therein in customary trade shipments, including such articles for repairs or replacement of parts, from one to the other. At the time such parcels are presented for mailing there shall be filed with the postmaster a statement signed by the sender that he is a manufacturer of firearms or that he is a bona fide dealer therein and that the parcels are customary trade shipments or contain such articles for repairs or replacement of parts and that to the best of his knowledge and belief the addressees are manufacturers of firearms or bona fide dealers therein. If satisfied that the sender is a manufacturer of firearms or a bona fide dealer therein, the postmaster shall accept the parcel for mailing. Before making delivery of any such parcel the postmaster at the office of address shall satisfy himself that the addressee is a manufacturer of firearms or a bona fide dealer therein.

(j) *Official shipments.* Parcels containing unloaded firearms properly prepared for mailing, addressed for delivery to officers of the Army, Navy, Coast Guard, Marine Corps, or Officers' Reserve Corps; to officers of the National Guard or Militia of the several States, Territories, and Districts; to officers of the United States or of the several States, Territories, and Districts whose official duty is to serve process of warrants of arrest or mittimus of commitment; to employees of the Postal Service; to officers and employees of enforcement agencies of the United States; and to watchmen engaged in guarding the property of the United States, the several States, Territories, and Districts for use in connection with their official duty, may be accepted for mailing when offered by an authorized agent of the Federal Government: *Provided*, That such parcels shall bear plainly written or printed the official title and address of the sender together with the words "Official shipment." The postmaster before making delivery of any such parcel shall satisfy himself as to the identity of the addressee.

§ 36.13 *Mailing of dentures.* Whoever transports by mail or otherwise to or within the District of Columbia, the Canal Zone or any Possession of the United States or uses the mails or any instrumentality of interstate commerce for the purpose of sending or bringing into any State or Territory any set of artificial teeth or prosthetic dental appliance or other denture, constructed from any cast or impression made by any person other than, or without the authorization or prescription of, a person licensed to practice dentistry under the laws of the place into which such denture is sent or brought, where such laws prohibit:

(a) the taking of impressions or casts of the human mouth or teeth by a person not licensed under such laws to practice dentistry;

(b) the construction or supply of dentures by a person other than, or without the authorization or prescription of, a person licensed under such laws to practice dentistry; or

(c) the construction or supply of dentures from impressions or casts made by a person not licensed under such laws to practice dentistry

Shall be fined not more than $1,000 or imprisoned not more than one year, or both. (62 Stat. 786; 18 U. S. C. 1821)

PART 37—FREE MATTER IN THE MAILS

MATTER TO BE FRANKED

Sec.
37.1 Congressional documents.
37.2 Congressional Record.
37.3 Seeds and agricultural reports.

AUTHORITY: §§ 37.1 to 37.26 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

MATTER TO BE FRANKED

§ 37.1 *Congressional documents.* The Vice President of the United States, and Senators, Representatives, Delegates, and Resident Commissioners in Congress, the Secretary of the Senate, and Clerk of the House of Representatives may send and receive through the mail all public documents printed by order of Congress; and the name of the Vice President, Senator, Representative, Delegate, Resident Commissioner, Secretary of the Senate, and Clerk of the House shall be written thereon [except as provided in sec. 162 of Title 44, U. S. C.], with the proper designation of the office he holds; and the provisions of this section shall apply to each of the persons named herein until the 30th day of June following the expiration of their respective terms of office. (Sec. 85, 28 Stat. 622, as amended; 39 U. S. C. 326)

§ 37.2 *Congressional Record.* The Congressional Record, or any part thereof, or speeches or reports therein contained, shall, under the frank of a Member of Congress, or Delegate, or Resident Commissioner from Puerto Rico * * *, written by himself except as provided in section 185 of Title 44, be carried in the mail free of postage, under such regulations as the Postmaster General may prescribe. (Sec. 5, 18 Stat. 343, as amended; 39 U. S. C. 325)

§ 37.3 *Seeds and agricultural reports.* Seeds transmitted by the Secretary of Agriculture, or by any Member of Congress or Delegate receiving seeds for distribution from said Department, together with agricultural reports emanating from that Department, and so transmitted, shall, under such regulations as the Postmaster General shall prescribe, pass through the mails free of charge. And the provisions of this section shall apply to ex-Members of Congress and ex-Delegates for the period of nine months after the expiration of their terms as Members and Delegates. (Sec. 7, 18 Stat. 343, as amended; 39 U. S. C. 329)

§ 37.4 *Official correspondence of Members of Congress*—(a) *Free under frank.* The Vice President, Members and Members-elect of, Delegates and Delegates-elect to Congress, and the Resident Commissioner from Puerto Rico * * *, shall have the privilege of sending free through the mails, and under their frank, any mail matter to any Government official or to any person, correspondence, not exceeding four ounces in weight, upon official or departmental business [until the first day of December following the expiration of their respective terms of office]. Sec. 7, 33 Stat. 441, as amended; 39 U. S. C. 327)

(b) *Letters over 4 ounces*—(1) *To Government officials.* Letters which exceed 4 ounces in weight to be entitled to free transmission shall in every case be addressed, upon official business, to a Government official, whose title shall be given in the superscription of the letter, either with or without his name. The term "any Government official" shall include only officers of the United States,

Senators, Members, and Delegates in Congress.

(2) *To other than Government officials.* When letters to other than Government officials, weighing over 4 ounces, are mailed without postage thereon, they shall be held for postage and treated in accordance with the provisions of § 42.16.

(c) *Name of person franking to appear on envelope.* The name of the Senator, Representative, or Delegate, written or impressed, shall appear on the envelope of the letter, in connection with the initials of his office, and be preceded by the word "Free."

(d) *Forgery or misuse of frank.* When any person is suspected of being guilty or known to be guilty of forging or misusing the frank of any Senator, Representative, or Delegate, the fact shall be promptly reported to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail. No letter bearing the frank of the Vice President, Member, Member-elect, Delegate, or Delegate-elect shall be detained on the mere suspicion that the frank is forged or misused.

NOTE: This section does not affect §§ 37.1 and 37.2, relating to the franking of public documents, the Congressional Record, and seeds.

§ 37.5 *Franking privilege to widows of former Presidents.* All mail matter sent by the post by Edith Bolling Wilson, widow of the late Woodrow Wilson, under her written autograph signature or facsimile thereof; and by Grace G. Coolidge, widow of the late Calvin Coolidge, under her written autograph signature or facsimile thereof, and by Anna Eleanor Roosevelt, widow of the late Franklin Delano Roosevelt, under her written autograph signature or facsimile thereof, will be conveyed free of postage during the natural life of each, respectively. (43 Stat. 1359, 48 Stat. 1395, 59 Stat. 707)

§ 37.6 *Use of franking privilege*—(a) *Regulations.* No matter shall be admitted to the mails under an authorized frank unless admissible as ordinary mail matter.

(b) *Inscription.* To entitle matter to free carriage it shall bear the word "Free" and the signature, either written or printed facsimile, of the person entitled to frank it, together with his official designation, if any, on the address side of the package.

(c) *Forwarding of franked matter.* All franked matter shall be forwarded like any other, but when once delivered to the addressee may not be remailed unless properly franked again. A bulk package of franked articles may be sent by a person entitled to the franking privilege, to one addressee, who, on receiving and opening the package, may, on behalf of such person, place addresses on the franked articles and remail them for carriage and delivery to the respective addresses.

NOTE: This section relates to matter entitled to free carriage under §§ 37.1 and 37.2; see § 114.1 as to franked matter in foreign mails.

§ 37.7 *Lending of frank prohibited.* It shall be unlawful for any person entitled under the law to the use of a frank to lend said frank or permit its use by any committee, organization, or association, or permit its use by any person for the benefit or use of any committee, organization, or association. This provision shall not apply to any committee composed of Members of Congress. (34 Stat. 477; 39 U. S. C. 335)

§ 37.8 *Free mailing privilege for Pan American diplomatic representatives*—(a) *Authorization.* Under such regulations as the Postmaster General shall prescribe correspondence of the members of the Diplomatic Corps of the countries of the Pan American Postal Union stationed in the United States may be reciprocally transmitted in the domestic mails free of postage, * * *. The same privilege shall be accorded consuls of such countries stationed in the United States, and vice consuls when they are discharging the functions of such consuls, for the exchange of official correspondence among themselves, and for that which they direct to the Government of the United States. (45 Stat. 1177; 39 U. S. C. 336)

(b) *Correspondence which may be mailed free.* The matter that may be sent free of postage in the domestic mails under the provisions of this section shall embrace all correspondence of the members of the Diplomatic Corps of the Pan American countries and Spain; and it likewise shall embrace the official correspondence exchanged between the consulates of such of these countries as have put this provision into effect in their own countries, that which they address to the Government of the United States (see current Official Postal Guide for list of these countries), and that exchanged with their respective embassies and legations, whenever reciprocity exists. These provisions shall not apply to merchandise (fourth-class or parcel-post matter), or to articles other than written or printed correspondence within the usual meaning of that term. Such correspondence shall not exceed 4 pounds in weight. (See § 35.2)

(c) *Indicia*—(1) *Diplomatic Corps mail.* The envelopes, labels, etc., covering correspondence of the Diplomatic Corps mailed under the provisions of this section, shall show in the upper left corner of the address side the name of the ambassador or the minister, or the name of the embassy or legation, as the case may be, together with the post-office address, while in the upper right corner of the address side shall appear the inscription "Diplomatic mail" over the word "Free."

(2) *Consular mail.* The official correspondence of consulates mailed under the provisions of this section shall show over the words "Official correspondence" in the upper left corner of the address side the name and address of the consul or consulate, as the case may be, as well as the name of the country represented, while in the upper right corner of the address side shall appear the inscription "Consular mail" over the word "Free."

OFFICIAL MATTER

§ 37.9 *Official or penalty envelopes*—(a) *Who may use; indorsement.* It shall be lawful to transmit through the mail, free of postage, any letters, packages, or other matters relating exclusively to the business of the Government of the United States; official mail matter of all officers of the United States Government, not including Members of Congress; all official mail matter of the Smithsonian Institution; all official mail matter of the Pan American Union [and the Pan American Sanitary Bureau] * * *; the envelopes of such matter in all cases to bear appropriate indorsement containing the proper designation of the office from which, or officer from whom, the same is transmitted with the statement of the penalty for their misuse. Every such letter or package to entitle it to pass free, shall bear over the words "Official business" an indorsement showing also the name of the department, and if from a bureau, office, or officer, the names of the department and bureau, office, or officer, as the case may be, whence transmitted * * * [with a statement of the penalty for their misuse.] (Secs. 5 and 6, 19 Stat. 335, as amended; 39 U. S. C. 321)

(b) *Superintendent of Documents.* All official correspondence of the superintendent of documents * * * shall be entitled to free transmission by mail * * * [under the penalty clause]. (Sec. 65, 28 Stat. 611; 39 U. S. C. 323)

(c) *Congressional directory.* * * * Official correspondence concerning the [Congressional] directory may be had in penalty envelopes under the direction of the Joint Committee [on Printing]. * * * (Sec. 73, 28 Stat. 617, as amended; 44 U. S. C. 149)

(d) *Legislative counsel.* The legislative counsel shall have the same privilege of free transmission of official mail matter as other officers of the United States Government. (Sec. 1303 (c), (d), 40 Stat. 1141, as amended; 2 U. S. C. 277)

(e) *Return penalty envelopes.* * * * Any department or office authorized to use the penalty envelopes may inclose them with return address to any person or persons from or through whom official information is desired, the same to be used only to cover such official information, and indorsements relating thereto. * * * (See § 37.17 (b).) Secs. 5 and 6, 19 Stat. 335, as amended; 39 U. S. C. 321)

(f) *Restriction on use of penalty envelopes.* * * * [The privilege of using penalty envelopes] shall not extend or apply to officers who receive a fixed allowance as compensation for their services, including expenses of postages. (Secs. 5 and 6, 19 Stat. 335, as amended; 39 U. S. C. 321)

(g) *Unauthorized use of official envelope.* Whoever makes use of any official envelope, label, or indorsement authorized by law, to avoid the payment of postage or registry fee on his private letter, packet, package, or other matter in the mail, shall be fined not more than $300. (62 Stat. 783; 18 U. S. C. 1719)

§ 37.10 *Restriction on message with public documents.* No report, document, or publication of any kind distributed by or from an executive department or bureau of the Government shall contain any notice that the same is sent with "the compliments" of an officer of the

Government, or with any special notice that it is so sent, except that notice that it has been sent, with a request for an acknowledgment of its receipt, may be given. (Sec. 73, 28 Stat. 620; 44 U. S. C. 218)

§ 37.11 *Census mail matter.* All mail matter, of whatever class, * * * relating to the census and addressed to the Census Office, or to any official thereof, and indorsed "Official business, Census Office," shall be transmitted free of postage, * * * and so marked: *Provided*, That if any person shall make use of such endorsement to avoid the payment of postage * * * on his or her private letter, package, or other matter in the mail, the person so offending shall be guilty of a misdemeanor and subject to a fine of $300, to be prosecuted in any court of competent jurisdiction. (Sec. 14, 46 Stat. 25; 39 U. S. C. 337)

§ 37.12 *Immigration and Naturalization Service.* (a) All mail matter of whatever class, relating to naturalization, including duplicate papers required by law or regulation to be sent to the [Immigration and Naturalization] Service by clerks of [State or Federal] courts addressed to the Department of Justice or the [Immigration and Naturalization Service], or any official thereof, and endorsed "Official Business," shall be transmitted free of postage * * * and so marked. (Sec. 343, 54 Stat. 1163; 8 U. S. C. 743)

(b) If any person shall use the endorsement "Official Business" authorized by * * * [above paragraph] to avoid payment of postage * * * on a private letter, package, or other matter in the mail, such person shall be guilty of a misdemeanor and subject to a fine of $300, to be prosecuted in any court of competent jurisdiction. (Sec. 346, 54 Stat. 1167; 8 U. S. C. 746)

§ 37.13 *Selective Service.* Correspondence necessary in the execution of this [Selective Service] Act may be carried in official penalty envelopes. (Sec. 10 (c), 54 Stat. 893, as amended; 50 U. S. C. 310 (c))

§ 37.14 *Four-pound limit on official penalty packages*—(a) *Statute.* No article or package of official matter, or number of articles or packages of official matter constituting in fact a single shipment, exceeding four pounds in weight shall be admitted to the mails under the penalty privilege, except (1) stamped paper and supplies sold or used by the postal service; and (2) books and documents published or circulated by order of Congress when mailed by the Superintendent of Public Documents or under the franking privilege. (Sec. 303, 62 Stat. 1048, 39 U. S. C. 321k)

(b) *Exceptions.* Official matter not within the provisions of paragraph (a) of this section which is over four pounds in weight, if otherwise mailable, whether sealed or unsealed, including written matter, shall, if such matter does not exceed the limit of weight or size prescribed for fourth-class matter, be accepted for mailing upon the payment of postage at fourth-class rates. (Sec. 304, 62 Stat. 1048; 39 U. S. C. 321l)

(c) *Transportation by most economical means.* Shipments of official matter shall be sent by the most economical means of transportation practicable, and the Postmaster General may refuse to accept any such matter for shipment by mail when in his judgment it is in the public interest that it be forwarded by other means at less expense. (Sec. 304, 62 Stat. 1048; 39 U. S. C. 321l)

§ 37.15 *Restrictions on character of penalty mail.* No article, package, or other matter, except postage stamps, stamped envelopes, newspaper wrappers, postal cards, and internal-revenue stamps, shall be admitted to the mails under a penalty privilege, unless such article, package, or other matter, except postage stamps, stamped envelopes, newspaper wrappers, postal cards, and internal-revenue stamps would be entitled to admission to the mails under laws requiring payment of postage. (34 Stat. 477; 39 U. S. C. 333)

§ 37.16 *Mailing by Government departments under penalty privilege; quarterly reports thereof to Postmaster General*—(a) *Provisions of law.* No executive department or independent establishment of the Government shall transmit through the mail, free of postage, any book, report, periodical, bulletin, pamphlet, list, or other article or document (except official letter correspondence, including such enclosures as are reasonably related to the subject matter of the correspondence; informational releases in connection with the decennial census of the United States, mail concerning the sale of Government securities, and all forms and blanks and copies of statutes, rules, regulations, and instructions and administrative orders and interpretations necessary in the administration of such departments and establishments), unless a request therefor has been previously received by such department or independent establishment; or such transmission is required by law; or such document is transmitted to inform the recipient thereof of the adoption, amendment, or interpretation of a statute, rule, regulation, or order to which he is subject. The head of each independent establishment and executive department (other than the Post Office Department) shall certify to the Postmaster General at the end of each quarter that nothing was transmitted through the mail free of postage by the independent establishment or department in violation of the provisions of this section: *Provided*, That nothing herein shall be construed to prohibit the mailing free of postage of lists of agricultural bulletins, lists of public documents which are offered for sale by the Superintendent of Public Documents, or of announcements of publications of maps, atlases, statistical, and other reports offered for sale by the Federal Power Commission as authorized by 16 U. S. C. 825k: *Provided further*, That this prohibition shall not apply to the transmission of such books, reports, periodicals, bulletins, pamphlets, lists, articles, or documents to educational institutions or public libraries, or to Federal, State, or other public authorities. (Sec. 6, 53 Stat. 683, as amended; 39 U. S. C. 321b)

(b) *Form of reports and certificates.* The quarterly reports and certificates required by paragraph (a) of this section shall, for the purpose of uniformity, be submitted in such form as the Postmaster General may prescribe and shall cover all matter mailed free of postage at Washington, D. C., by the executive departments and independent establishments of the Government and also all matter so mailed by their branches and officials at other post offices.

§ 37.17 *Use of penalty envelopes and labels*—(a) *Restrictions.* Correspondence of persons not officers writing to the executive departments or to officers of the United States concerning the business of the writers with the Government shall not be accepted for mailing free in penalty envelopes. Officers authorized to use such envelopes shall not furnish them for use to bidders, or to contractors with the Government, or to enable private persons or concerns to send free reports, etc., which they are required by law to make.

(b) *Return penalty envelopes.* Officers desiring official information from or through persons not officers may furnish penalty envelopes or labels to cover the same only with return address printed or written thereon. Where the information is to be forwarded periodically or on more than one occasion the envelopes or labels bearing printed return address may be furnished in quantities for the transmission of such information.

(c) *Officer not entitled to use of after resignation.* The right of an officer of the United States to use the penalty envelope shall cease immediately upon his going out of office; and he shall not be permitted to use such envelopes in transmitting papers connected with the settlement of his accounts or other business pertaining to the office he has vacated, except as he may receive them with requests for official information, with return address thereon, from a department or officer of the Government.

(d) *Penalty matter not to be stopped on suspicion.* Postmasters shall not stop census matter or any mail matter in an official penalty envelope or under a penalty label upon the mere suspicion that the penalty envelope, label, or census indorsement is being used to cover private matter; but if they have good reason to believe that any person is using official envelopes or labels in violation of law, they shall promptly report the matter to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

REPORTS AND BULLETINS OF AGRICULTURAL COLLEGES AND EXPERIMENT STATIONS

§ 37.18 *Reports of certain agricultural colleges*—(a) *When mailed free.* * * * An annual report by the president of each of said [Government aided] colleges shall be made to the Secretary of Agriculture, as well as to the Secretary of the Interior, regarding the condition and progress of each college, including statistical information * * *, one copy of which shall be transmitted by mail free to all other colleges further endowed under * * * [7 U. S. C. 322 to 328] (relating to agricultural and

mechanical colleges). (Sec. 3, 26 Stat. 418; 7 U. S. C. 325)

(b) *How mailed.* Postmasters at offices where colleges are established under the provisions of the act of July 2, 1862 (7 U. S. C., ch. 13), shall receive from the officers thereof the reports referred to addressed, one copy each, to other such colleges and to the Secretary of the Interior and the Secretary of Agriculture, and affix to each a penalty label or official envelope of the post office, and forward them free.

§ 37.19 *Agricultural extension work*—(a) *Free mailing.* All correspondence, bulletins, and reports for the furtherance of the purposes of 7 U. S. C. 341 to 348 may be transmitted in the mails of the United States free of charge for postage, under such regulations as the Postmaster General, from time to time, may prescribe, by such college officer or other person connected with the extension department of such college as the Secretary of Agriculture may designate to the Postmaster General. (38 Stat. 438; 39 U. S. C. 330)

(b) *Character of work.* * * * There may be inaugurated in connection with the college or colleges in each State receiving the benefits of the provisions of sections 7 U. S. C. 301 to 308, 321–328 agricultural extension work which shall be carried on in cooperation with the United States Department of Agriculture. * * * Cooperative agricultural extension work shall consist of the giving of instruction and practical demonstrations in agriculture and home economics to persons not attending or resident in said colleges in the several communities, and imparting to such persons information on said subjects through field demonstrations, publications, and otherwise. * * * (Secs. 1 and 2, 38 Stat. 372; 7 U. S. C. 341 and 342)

(c) *Authorization for postmaster to accept mailings.* Upon designation to the Postmaster General by the Secretary of Agriculture of a college officer or other person connected with the extension department of a State agricultural college receiving the benefits of the act of July 2, 1862 (7 U. S. C., ch. 13), and the acts supplementary thereto, by whom the correspondence, bulletins, and reports mentioned in paragraph (a) of this section are to be transmitted, the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, shall authorize the postmaster at the post office where the extension department of such college is located to accept from the officer or person so designated such correspondence, bulletins, and reports for free transmission in the mails.

(d) *Indicia.* In the upper left corner of the envelope or wrapper containing such correspondence, bulletins, or reports shall be printed over the words "Free—Cooperative Agricultural Extension Work—Acts of May 8 and June 30, 1914," the name of the agricultural college and the name of the post office at which the mater is to be accepted free, followed by the name and title of the college officer or person designated to transmit such matter, and in the upper right corner the words "Penalty for private use to avoid payment of postage, $300." The designated college officer or person shall not furnish such envelopes for use as return envelopes by individuals or concerns from whom replies are requested.

(e) *Restrictions.* Only such correspondence, bulletins, and reports as are for the furtherance of the purposes of the act of May 8, 1914, set forth in paragraph (b) of this section, and are mailed at the authorized post office by the college officer or other person duly designated may be transmitted free under the provisions of this section. All such correspondence, etc., to be entitled to free transmission, shall be conducted under the name of such designated college officer or person. Correspondence with autograph signature may be mailed sealed, but all other matter shall be presented unsealed.

(f) *When in doubt as to mailability free.* When in doubt as to whether any particular matter presented for mailing under the provisions of this section is entitled to be transmitted free, the postmaster shall submit a sample to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, and pending decision may dispatch the matter if the sender makes a deposit to cover the postage at the proper rate. The deposit shall be refunded if the matter is held to be entitled to free transmission.

§ 37.20 *Bulletins and reports of certain agricultural experiment stations*—(a) *Free mailing.* Bulletins or reports of progress published at agricultural experiment stations established under the provisions of the act of March 2, 1887, in connection with colleges endowed under provisions of the act of July 2, 1862, one copy of which shall be sent to each newspaper in the States or Territories in which they are respectively located, and to such individuals actually engaged in farming as may request the same, and the annual reports of said stations shall be transmitted in the mails of the United States free of charge for postage, under such regulations as the Postmaster General may from time to time prescribe. (Sec. 4, 24 Stat. 441; 7 U. S. C. 365)

(b) *Application for free mailing privilege.* An agricultural experiment station which claims the privilege of transmitting free through the mails, under the provisions of this section, bulletins, reports of progress, or annual reports, shall make application to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, through the postmaster at the office where such station is located, stating the date of the establishment of the station, its proper name or designation, its official organization, and the names of its officers, the name of the university, college, school, or institution to which it is attached, if any, the legislation of the State or Territory providing for its establishment, and any other granting it the benefits of the acts of Congress referred to in this section, and whether any other such station in the same State or Territory is considered, or claims to be, also entitled to the privilege; and also the place where such station is located and the name of the post office where the bulletins and reports will be mailed. The application shall be signed by the officer in charge of the station.

(c) *Admission of.* If such privilege is allowed, the postmaster shall be instructed to admit such bulletins and reports to the mails free of postage.

(d) *Restrictions; manner of mailing.* Only bulletins or reports issued after an experiment station has become entitled to the privileges of this section may be transmitted free; and they may be inclosed in envelopes or wrappers, sealed or unsealed. On the exterior of every envelope, wrapper, or package and over the words "Free—Annual Report, or Bulletin or Report of Progress," shall be printed the name of the station and the name of the post office at which the matter is to be accepted free, followed by the name and title of the officer in charge of the station, and in the upper right corner the words "Penalty for private use to avoid payment of postage, $300." The designation of the bulletin or report inclosed may be shown in lieu of the words "Annual Report, or Bulletin or Report of Progress" following the word "Free." There may also be written or printed upon the envelope or wrapper a request that the postmaster at the office of delivery notify the mailing station of the change of address of the addressee, or other reason for inability to deliver the same, and upon a bulk package a request to the postmaster to open and distribute the matter therein, in accordance with the addresses thereon.

(e) *Bulletins of Department of Agriculture mailed with station bulletins.* Bulletins published by the United States Department of Agriculture, and entitled to be mailed free under the penalty envelope of that department, may also be adopted and mailed by agricultural experiment stations, with such of their own publications as are entitled to free transmission in the mails, under the same regulations; and any bulletins or reports mailable free by any agricultural experiment station under these regulations may be so mailed by any other station entitled to such privilege.

(f) *Station reports containing extraneous matter.* If annual reports of an agricultural experiment station are printed by State authority, and consist in part of matter relating to the land-grant college to which such station is attached, then said report entire may be mailed free by the director of the station, provided, in his judgment, the whole consists of useful information of an agricultural character. But the reports of State agricultural departments or boards may not be adopted by agricultural experiment stations in order to secure free circulation of such State reports.

(g) *To whom may be mailed.* The bulletins and reports of progress issued by agricultural experiment stations may be sent free only to the newspapers and persons stated in this section. The annual reports may be sent free to any address.

PUBLICATIONS FOR COPYRIGHT

§ 37.21 *Copyright matter*—(a) *Character.* Copyright may also be had of the works of an author, of which copies are not reproduced for sale, by the deposit, with claim of copyright, of one complete

copy of such work if it be a lecture or similar production or a dramatic, musical, or dramatico-musical composition; of a title and description, with one print taken from each scene or act, if the work be a motion-picture photoplay; of a photographic print if the work be a photograph; of a title and description, with not less than two prints taken from different sections of a complete motion picture, if the work be a motion picture other than a photoplay; or of a photograph or other identifying reproduction thereof, if it be a work of art or a plastic work or drawing. But the privilege of registration of copyright secured hereunder shall not exempt the copyright proprietor from the deposit of copies, under paragraph (b) of this section and 17 U. S. C. 14, where the work is later reproduced in copies for sale. (61 Stat. 652; 17 U. S. C. 12)

(b) *Mailing of copy to Copyright Office.* After copyright has been secured by publication of the work with the notice of copyright as provided in 17 U. S. C. 10, there shall be promptly deposited in the copyright office or in the mail addressed to the Register of Copyrights, Washington, District of Columbia, two complete copies of the best edition thereof then published, or if the work is by an author who is a citizen or subject of a foreign state or nation and has been published in a foreign country, one complete copy of the best edition then published in such foreign country, which copies or copy, if the work be a book or periodical, shall have been produced in accordance with the manufacturing provisions specified in 17 U. S. C. 16; or if such work be a contribution to a periodical, for which contribution special registration is requested, one copy of the issue or issues containing such contribution; or if the work is not reproduced in copies for sale there shall be deposited the copy, print, photograph, or other identifying reproduction provided by paragraph (a) of this section, such copies or copy, print, photograph, or other reproduction to be accompanied in each case by a claim of copyright. No action or proceeding shall be maintained for infringement of copyright in any work until the provisions of this title with respect to the deposit of copies and registration of such work shall have been complied with. (61 Stat. 652; 17 U. S. C. 13)

CROSS REFERENCE: Sec. 16 of Title 17 U. S. C. 16, prescribes that books and periodicals entitled to copyright, except works in raised characters for the use of the blind or books of foreign origin in a language or languages other than English, shall be produced within the limits of the United States in respect of the following features:

(a) Setting of type.

(b) Preparation of plates, including setting of type therefor.

(c) Printing of text and illustrations, except where subjects represented are located in a foreign country and illustrate a scientific work or reproduce a work of art.

(d) Binding.

(c) *Affidavit to accompany copies.* In the case of the book the copies so deposited shall be accompanied by an affidavit under the official seal of any officer authorized to administer oaths within the United States, duly made by the person claiming copyright or by his duly authorized agent or representative residing in the United States, or by the printer who has printed the book, setting forth that the copies deposited have been printed from type set within the limits of the United States or from plates made within the limits of the United States from type set therein; or, if the text be produced by lithographic process, or photoengraving process, that such process was wholly performed within the limits of the United States and that the printing of the text and binding of the said book have also been performed within the limits of the United States. Such affidavit shall state also the place where and the establishment or establishments in which such type was set or plates were made or lithographic process, or photoengraving process or printing and binding were performed and the date of the completion of the printing of the book or the date of publication. (61 Stat. 652; 17 U. S. C. 17)

(d) *Making false affidavit.* Any person who, for the purpose of obtaining registration of a claim to copyright, shall knowingly make a false affidavit as to his having complied with the above conditions shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $1,000, and all of his rights and privileges under said copyright shall thereafter be forfeited. (61 Stat. 652; 17 U. S. C. 18)

NOTE: The "affidavit" above referred to should set forth that the text of the book deposited has been printed from type set or plates made in the United States, or produced by lithographic or photo-engraving process wholly performed therein; that the printing and binding were done therein; and also gives the names of the places (establishments) where the printing and binding were performed, and the date of completion of publication of the book.

(e) *Postmaster to give receipt.* The postmaster to whom are delivered the articles deposited as provided in paragraphs (a) and (b) of this section shall, if requested, give a receipt therefor and shall mail them to their destination without cost to the copyright claimant. (61 Stat. 652; 17 U. S. C. 15)

(f) *Dispatch under penalty label.* A postmaster to whom are delivered with a claim for registration of copyright copies of a lecture or similar production, a dramatic or musical composition, a photographic print of a photograph, a photograph or other identifying reproduction of a work of art or a plastic work or drawing, a book (accompanied with the affidavit prescribed by paragraph (c) of this section), or a periodical publication, shall dispatch the same under a penalty envelope or label of his office to the Register of Copyrights, Washington 25, D. C.; and, when requested, shall give a receipt therefor on a form furnished by the sender.

(g) *Copyright fee may accompany matter.* When persons presenting copyright matter for transmission free of postage to the Register of Copyrights, Washington 25, D. C., desire to have such matter and the fee for copyright registration mailed together, this may be done, provided the remittance for such fee is inclosed in an envelope addressed to the Register of Copyrights, Washington 25, D. C., and postage is prepaid thereon at the letter rate, in which case the postmaster, after properly canceling the stamps affixed to the envelope containing such fee, shall inclose it in the penalty envelope in which the copyright matter is transmitted to the Register of Copyrights, or it may be inclosed in a penalty envelope attached as a label to the parcel containing the copyright matter.

(h) *Registry fee.* Matter for copyright shall not be dispatched by registered mail without the prepayment of the registry fee. When so dispatched, the sender is entitled to the usual registry receipt in addition to the receipt provided for in paragraph (e) of this section.

NOTE: No indemnity is payable for such mail unless both postage and registry fee are paid. (See § 63.5 (a))

READING MATTER FOR THE BLIND

§ 37.22 *Reading matter for the blind—*(a) *Free mailing.* (1) Books, pamphlets, and other reading matter published either in raised characters, whether prepared by hand or printed or in the form of sound-reproduction records for the use of the blind, in packages not exceeding the weight prescribed by the Postmaster General, and containing no advertising or other matter whatever, unsealed, and when sent by public institutions for the blind, or by any public libraries, as a loan to blind readers, or when returned by the latter to such institutions or public libraries shall be transmitted in the United States mails free of postage and under such regulations as the Postmaster General may prescribe. (33 Stat. 313, as amended; 39 U. S. C. 331)

(2) The weight of parcels acceptable free of postage under the preceding paragraph shall not exceed 15 pounds.

NOTE: The provisions of law embodied in §§ 34.70, 37.23, and 37.24 (a) were reenacted by the act of May 16, 1938.

(b) *Limitations and requirements.* (1) Reading matter in raised characters, or in the form of sound-reproduction records for the use of the blind, to be entitled to transmission in the mails free of postage, shall not contain any advertising matter, and shall in every case be sent by or returned to a public library or public institution for the blind.

(2) When mailed by a public library or public institution for the blind, the matter shall be sent as a loan to a blind reader. Such matter may be mailed for return to a public library or public institution for the blind only by a blind reader.

(c) *Wrapping.* The matter shall be wrapped so that it may be easily examined.

(d) *Superscription.* On the upper-left corner of the envelope or wrapper containing the matter the name and address of the sender shall appear, and on the upper-right corner the word "Free" over the words "Reading Matter for the Blind," or "Sound-Reproduction Records for the Blind."

NOTE: Letters written in point print or raised characters or on sound-reproduction

records used by the blind are not included in the reading matter entitled, under the provisions of this section, to free transmission in the mails. (See § 34.70.)

§ 37.23 *Periodicals for the blind without subscription charge*—(a) *Free mailing.* * * * Magazines, periodicals, and other regularly issued publications in such raised characters, whether prepared by hand or printed, or on sound-reproduction records (for the use of the blind), which contain no advertisements and for which no subscription fee is charged, shall be transmitted in the United States mails free of postage and under such regulations as the Postmaster General may prescribe. (33 Stat. 313, as amended; 39 U. S. C. 331)

(b) *Mailed by publisher.* Before a publication may be mailed free of postage, under the provisions of the above paragraph, it shall be entered as free matter at the post office at which the publisher desires to mail it. To obtain such entry the publisher shall file with the local postmaster a written application therefor, accompanied with a copy of the publication. The application shall show: (1) The name of the publication; (2) the periods of its issue; (3) whether it contains advertisements; (4) whether a subscription fee is charged. Upon receipt of such application the postmaster shall forward it, together with a copy of the publication, to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail. Pending consideration of the application by the Department, the postmaster shall accept the publication for mailing under a deposit of money to cover the postage at the rate which otherwise would be chargeable. If the publication is admitted as free matter, the deposit shall be returned to the publisher; otherwise it shall be converted into ordinary postage stamps and sent to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, in the manner prescribed by § 34.30 of this chapter.

(c) *Indicia.* On the first page of a publication entered as free matter shall be printed, in ordinary type, the following: (1) Name of publication; (2) place where published; (3) date of issue; (4) frequency of issue; (5) the words "Entered at the post office at _____ under section 37.23, P. L. and R., as free matter for use of the blind." In the case of a publication on sound-reproduction records, such indicia may be printed on labels and affixed to the records.

§ 37.24 *Volumes of Holy Scriptures for the blind*—(a) *Postage rate.* * * * Volumes of the Holy Scriptures, or any part thereof, published either in raised characters, whether prepared by hand or printed, or in the form of sound-reproduction records for the use of the blind, which do not contain advertisements (1) when furnished by an organization, institution, or association not conducted for private profit, to a blind person without charge, shall be transmitted in the United States mails free of postage; (2) when furnished by an organization, institution, or association not conducted for private profit to a blind person at a price not greater than the cost price thereof, shall be transmitted in the United States mails at the postage rate of 1 cent for each pound or fraction thereof; under such regulations as the Postmaster General may prescribe. (33 Stat. 313, as amended; 39 U. S. C. 331)

(b) *Application.* When any organization, institution, or association not conducted for private profit desires to mail volumes of the Holy Scriptures (the Bible), or any part thereof, to blind persons under the conditions mentioned in this section, a written application for such privilege accompanied with satisfactory evidence that the organization, institution, or association is not conducted for private profit and that the volumes when mailed free of postage will be sent without charge to a blind person or when mailed at the rate of postage of 1 cent for each pound or fraction of a pound will be furnished to a blind person at a price not exceeding the cost of the volumes, shall be submitted through the postmaster at the office where it is desired to mail the matter, to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(c) *Wrapping and indorsement.* Volumes of the Holy Scriptures or parts thereof to be mailed free of postage or at the postage rate of 1 cent a pound to a blind person by an organization, institution, or association under the provisions of this section shall be properly wrapped in such manner that the matter can be easily examined, and shall bear in the upper left corner of the address side of the envelope, wrapper, or address label, the name and address of the sender over the words "Holy Scriptures for the Blind, act of June 7, 1924; § 37.24, Postal Laws and Regulations," and in the upper right corner the word "Free," when the volumes are furnished without charge. If the volumes are being furnished to a blind person at a price not exceeding the cost thereof, stamps to cover postage at the rate of 1 cent for each pound or fraction of a pound shall be affixed to the upper right corner of the address side of the envelope, wrapper, or address label.

(d) *Not to be accepted until authorized.* Postmasters shall not accept any matter for mailing free or at the rate of 1 cent a pound under the provisions of this section until authorized so to do by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

§ 37.25 *Periodicals for the blind having subscription charge*—(a) *Postage rate.* Magazines, periodicals, and other regularly issued publications in raised characters, whether prepared by hand or printed, or on sound-reproduction records (for the use of the blind), which contain no advertisements, when furnished by an organization, institution, or association not conducted for private profit, to a blind person, at a price not greater than the cost price thereof, shall be transmitted in the United States mails at the postage rate of 1 cent for each pound or fraction thereof, under such regulations as the Postmaster General may prescribe. (50 Stat. 66; 39 U. S. C. 293c)

(b) *Application.* Any organization, institution, or association desiring to mail a publication to blind persons at the rate of 1 cent a pound under the conditions mentioned in this section shall submit, through the postmaster at the office where it is desired to mail the matter, to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, a written application for such privilege accompanied with satisfactory evidence that the organization, institution, or association is not conducted for private profit and that the copies of the publication will be furnished to a blind person at a price not exceeding the cost price thereof.

(c) *Preparation for mailing.* Matter to be mailed under the provisions of this section shall be properly wrapped in such manner that it can be easily examined and shall bear the words "Periodicals for the blind, act of April 15, 1937," below the name and address of the sender which must appear in the upper left corner of the address side of the envelope, wrapper, or address label, the postage stamps to cover postage at the rate of 1 cent for each pound or fraction of a pound to be placed in the upper right corner.

§ 37.26 *Reproducers and sound-reproduction records for the blind*—(a) *Postage rate.* Reproducers for sound-reproduction records for the blind or parts thereof which are the property of the United States Government, when shipped for repair purposes by an organization, institution, public library, or association for the blind not conducted for private profit, or by a blind person to an agency not conducted for private profit, or from such an agency to an organization, institution, public library, or association for the blind not conducted for private profit, or to a blind person, may be transmitted through the mails at the rate of 1 cent per pound or fraction thereof; under such regulations as the Postmaster General may prescribe. (33 Stat. 313, as amended; 39 U. S. C. 331)

(b) *Authority to extend privilege.* The Postmaster General may in his discretion extend this rate of 1 cent per pound or fraction thereof to reproducers for sound-reproduction records for the blind, or parts thereof, and, when mailed to be repaired or being returned after repair, to Braille writers and other appliances for the blind, or parts thereof, which are the property of State governments or subdivisions thereof, or of public libraries, or of private agencies for the blind not conducted for private profit, or of blind individuals, under such regulations as he may prescribe. (33 Stat. 313, as amended; 39 U. S. C. 331)

(c) *Evidence required.* Organizations, institutions, libraries, or other agencies desiring to send or receive reproducers for sound-reproduction records or parts thereof, and Braille writers and other appliances for the blind, or parts thereof, at the rate prescribed in paragraph (a) of this section shall furnish satisfactory evidence that they are not conducted for private profit.

(d) *Preparation for mailing.* Parcels, not exceeding the limit of weight prescribed for fourth-class matter, containing reproducers or parts thereof, and

Braille writers and other appliances for the blind, or parts thereof, to be acceptable for mailing under this section must be sent for repair purposes only or returned after repair, shall be securely packed or wrapped, and shall bear the words:

Appliance for the Blind
Sent for Repair
Act of October 14, 1941

below the name and address of the sender which must appear in the upper left corner of the address side of the envelope, wrapper, or address label, the postage stamps to cover postage at the rate of 1 cent for each pound or fraction of a pound to be placed in the upper right corner.

Subchapter E—Treatment of Mail Matter in Post Offices: Loss or Improper Treatment: Undeliverable Mail Matter

PART 41—THE PRIVACY AND SAFEGUARDING OF THE MAILS

Sec.
41.1 Privacy of matter under seal.
41.2 Examination of unsealed matter.
41.3 Employees forbidden to place mail in clothing.
41.4 Giving information about mail matter.
41.5 Acknowledgment by postmasters of letters of inquiry.
41.6 Furnishing of information about number of routes and boxes.
41.7 Furnishing of lists of names and addresses of patrons.
41.8 Correction of mailing lists.
41.9 Testimony by order of court.
41.10 Furnishing of records or copies thereof.
41.11 Deposition of postmaster.
41.12 Surrender of mail upon service of legal process.
41.13 Access to mails.
41.14 Examination of waste paper.
41.15 Mail received unsealed or in bad order.
41.16 Service to and from infected places.

AUTHORITY: §§ 41.1 to 41.16 issued under the authority contained in R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

§ 41.1 *Privacy of matter under seal*—(a) *Inviolability of.* No person in the postal service, except those employed for that purpose in dead letter branches, shall break, or permit to be broken, the seal of any letter or other matter while in the custody of the Postal Service. Neither postmasters, inspectors, employees of the Post Office Department, nor officers of the law, without legal warrant therefor, have authority to open under any pretext a sealed letter while in the mails, not even though it may contain improper or criminal matter, or furnish evidence for the conviction of offenders. (See § 36.8)

(b) *Seal not to be broken.* The seal of letters or packages suspected to contain unmailable matter shall not be broken to ascertain that fact.

§ 41.2 *Examination of unsealed matter.* Postal cards, post cards, and circulars unsealed and all other unsealed matter may, when suspected to contain unmailable matter, be examined for the purpose of ascertaining their character.

§ 41.3 *Employees forbidden to place mail in clothing.* No person employed in the postal service shall place or carry in his pockets or other part of his clothing any mail which is in the custody of the postal service.

§ 41.4 *Giving information about mail matter*—(a) *Restriction.* Postmasters and others in the postal service shall not give to unauthorized persons information concerning mail matter. They shall furnish such information to post-office inspectors and may furnish it also to the sender, the addressee, or the authorized representative of either, when satisfactory identification had been established and the request is limited to information proper for the applicant to receive. Postmasters may give to officers of the law, upon proper identification, to aid in the apprehension of fugitives from justice, information regarding the addresses, return cards, or postmarks on mail matter, but shall not withhold such mail from the addressees or delay its delivery. If the information so given to such officers relates to a violation of the postal laws, the postmaster shall report his action immediately to the inspector in charge of the division in which his office is located.

(b) *Exception for official request.* Upon official request of a representative of another executive department, agency, or independent establishment of the Federal Government and the presentation of proper credentials, postmasters may, when practicable, furnish for official use information regarding the addresses, return cards, or postmarks on mail matter, provided the labor involved in complying with the request does not interefere with postal business, or result in material cost. Such mail shall not be withheld from the addressee nor delayed in delivery. When a postmaster is in doubt as to the advisability of complying with such a request, or material cost is involved, he should write to the First Assistant Postmaster General for instructions, except that in cases involving registered, insured, or collect-on-delivery mail he should submit the question to the Third Assistant Postmaster General, Division of Registered Mail.

§ 41.5 *Acknowledgment by postmasters of letters of inquiry.* Postmasters shall acknowledge the receipt of letters of inquiry or request addressed to them in their official capacity, using the penalty envelope when postage is not furnished, and if the information requested is such that it would be improper or impracticable to give, the reason for declining to do so shall be stated.

§ 41.6 *Furnishing of information about number of routes and boxes.* Postmasters shall furnish, upon request, information as to the number of rural routes at their offices and the number of boxes served by each carrier; and the number of post-office boxes in use at their offices, after satisfying themselves that such information is not to be used for any improper or unlawful purpose. (See § 35.10; also § 52.13 as to rural carriers.)

§ 41.7 *Furnishing of lists of names and addresses of patrons.* Postmasters and others in the postal service shall not furnish lists of names of patrons receiving mail at their offices, and, except as provided in paragraph (d) of this section and in accordance with the provisions of § 59.3 of this chapter, shall not give information as to the post-office addresses of former patrons.

§ 41.8 *Correction of mailing lists*—(a) *Official lists.* Postmasters shall not compile but shall correct, free of charge, as frequently as requested, mailing lists used officially by Members of Congress and Federal departments and bureaus.

(b) *Other than official lists.* Mailing lists submitted by State departments, municipalities, religious, fraternal, and recognized charitable organizations, and mailing lists used by the concerns submitting them for correction for the solicitation of business by mail in connection with sales work, shall be corrected as frequently as requested at the expense of the owners, including return postage.

(c) *Charge for.* Except as provided in paragraph (a) of this section, a minimum charge of 25 cents, payable in advance by cash, money order, or postal note, shall be made at all post offices for the correction of any mailing list bearing less than 25 names, and for any list of 25 names or more a charge of 1 cent for each name submitted (likewise payable in advance) shall be made, plus the postage for the return of such list. Furthermore, all lists submitted, whether for correction of address or elimination of duplicates, are to be considered mailing lists. At first-, second-, and third-class offices the amount received for mailing-list corrections shall be accounted for in the quarterly reports to the Comptroller under the heading "Miscellaneous receipts." At fourth-class offices, postmasters shall make no accounting of moneys so received, the proceeds received being payable to the employee performing the work.

(d) *Allowable corrections.* Corrections shall consist of crossing off the names of persons to whom mail cannot be delivered or forwarded, the correction of incorrect street names, the correction of incorrect local street, rural, or post-office box numbers; the correction of initials where apparently there has been a bona fide intention to write a name known to the owner of the list, and the indication of the head of the family, if known, when two or more names are shown for the same address. These lists are to be submitted by mail only and are not to be accepted by postmasters in any other manner except in cases of local firms having large mailing lists for correction. When a list of names is submitted in card form, and two or more names are shown for the same address, the card showing the name of the head of the family shall be endorsed "Head." If more than one family resides at the same address, the head of each family shall be shown by endorsing the cards involved "Head 1," and "Head 2," and the cards containing the names of members of each family shall be endorsed "1" and "2," respectively. The same general procedure shall be followed when mailing lists are submitted in sheet form. The new addresses of persons who have removed to the delivery of other post offices shall be furnished when reliable permanent forwarding orders are on file. New names shall not be added to a list.

§ 41.9 *Testimony by order of court.* A postmaster or other postal employee summoned as a witness shall obey the summons and go into court, but shall refuse to testify in regard to mail matter, money orders, or postal savings accounts, at the same time exhibiting this part. He shall then testify if so directed by the court.

§ 41.10 *Furnishing of records or copies thereof.* Papers in the files of the department or records in post offices, or copies thereof, shall not be furnished on the application of persons, except in the discretion of the department in cases where a suit has been commenced and is pending involving the substance of the paper, document, or record itself, and then only upon the proper subpoena duces tecum issued by a court of record: *Provided*, That the Solicitor for the Post Office Department may, upon evidence satisfactory to him that the sanctity of the mail will not be violated, authorize copies of records covering the mailing or delivery of registered, insured, or collect-on-delivery mail to be furnished the sender or addressee, or the legal representative of either. In no case shall copies be furnished of the official bonds of officers connected with the service, except in case of suits relating to said bonds, or the execution thereof, or criminal prosecutions thereunder.

In cases of suits between postal employees and private parties or concerns, subpoena duces tecum calling for presentation of time records of employees shall be complied with, provided that the postal service is in no way involved in the litigation and that the performance of postal functions is not in issue.

§ 41.11 *Deposition of postmaster.* Where, in a pending suit, a commission has been issued for the taking of his deposition, a postmaster may on behalf of either the sender or of the addressee of mail delivered through his office, but not on behalf of third parties, give testimony in answer to interrogatories relating to the delivery and receipting for such mail.

§ 41.12 *Surrender of mail upon service of legal process.* Postmasters and other postal employees shall not surrender mail matter upon the service of process of attachment, warrant, garnishment, or other legal process. A postmaster or other employee served with such process shall make answer to the court from which it issues, setting forth his official character and the fact that the matter in dispute came into his hands by virtue of his official authority. If, after such answer, the court directs the delivery, the postmaster shall request the suspension of the order until he can communicate with the Solicitor in the case of ordinary domestic mail, the Third Assistant Postmaster General, Division of Registered Mails, in the case of domestic registered, insured, or collect-on-delivery mail, and the Second Assistant Postmaster General, International Postal Service, in the case of foreign mail. When a warrant has been issued, such process should be submitted for advice with respect thereto.

§ 41.13 *Access to mails*—(a) *Who may have.* Postmasters shall not permit to have access to any mail matter in the post office any persons except duly sworn assistants, clerks, letter carriers, mail handlers, post-office inspectors, and those mail contractors and carriers who, under the terms of the contract, are required to perform duties necessitating their personal presence in the post office.

(b) *Unauthorized persons to be excluded from mail room.* Mails shall not be made up or handled within reach of unauthorized persons, and such persons shall be excluded from the room appropriated to the use of the post office while the mails are being opened or made up.

(c) *By former postmasters.* A former postmaster shall not be permitted to have access to or handle mail unless he takes the oath of office anew.

(d) *Credentials of post office inspectors required.* Postmasters shall require post-office inspectors to exhibit their commissions before being admitted to the post office, in order to avoid imposture, unless such officers are personally known to them. (See § 3.4.)

§ 41.14 *Examination of waste paper.* The postmaster shall cause the waste paper accumulating in his office to be examined as it is collected and before it is disposed of, in order to prevent the loss of letters or other mail matter or of money, stamp stock, or other valuables.

§ 41.15 *Mail received unsealed or in bad order*—(a) *First-class matter.* Mail matter of the first class deposited in or received at any post office unsealed or in a mutilated or otherwise bad condition shall be stamped or marked with the words "Received unsealed" or "Received in bad condition," as the case may be, and shall be officially sealed and postmarked before being forwarded or delivered.

(b) *Parcels.* When a parcel in bad order is received in a post office or by a railway postal clerk, there shall be attached thereto a tag bearing the words "Bad Order" in conspicuous type and appropriate instructions. The employee first discovering the damage shall postmark this tag and attach it to the parcel to be transmitted to the office of address and shall make a report of the essential facts on Form 5257, attaching thereto the pouch or sack label, to be sent to the general superintendent, Railway Mail Service, of the division in which the office discovering the damaged package is located. However, when a parcel is received at the office of address in a damaged condition without a "Bad-order" tag attached, postmasters will prepare Form 5257, but will not attach a "Bad-order" tag to the parcel.

§ 41.16 *Service to and from infected places*—(a) *Refusal of mail from.* A postmaster shall refuse to receive into his office mail matter brought to it by persons who are inmates of or messengers from houses containing cases of contagious diseases, such as smallpox, yellow fever, etc., when ordered to do so by a board of health, or other local authority having jurisdiction of matters affecting the public health. If there be no such organization or official, the postmaster should be governed by the advice of one or more reputable physicians.

(b) *Delivery of mail to.* Mail matter arriving at an office addressed to the inmates of such houses may be sent to them by the hands of some responsible person known to the postmaster.

(c) *When declaration served by health authorities.* When a board of health serves upon a postmaster a certified copy of a declaration or order duly made that mail matter from any other post office is liable to communicate a contagious disease prevailing at the time, he shall refuse to receive such mail matter from any carrier or messenger. He shall deliver to the carrier or messenger a copy of such order or declaration and shall report the facts at once to the First Assistant Postmaster General and the general superintendent of the Division of the Railway Mail Service in which his office is located. If there be no board of health, the same action may be taken by the postmaster upon the declaration of a regular county or city medical society, or if there be none, upon the advice of a physician reputable in his profession. The mail so returned shall be held until the prohibition is removed, and shall after being properly fumigated under the directions of the medical authorities be dispatched to its destination. (See § 52.47 as to rural service.)

(d) *Contagion in building containing post office.* If a case of smallpox, yellow fever, or other contagious disease occurs in the family of a postmaster occupying a building in which the postoffice is kept, the postmaster shall notify his inspector in charge of the facts and ask for instructions.

(e) *Infected supplies.* When blanks, books, and other office supplies of a post office have been exposed to infection, so as to render them liable to communicate smallpox or other contagious disease, permission to burn them shall be secured from the Fourth Assistant Postmaster General, Division of Equipment and Supplies. Permission to burn stamp supplies which have likewise been exposed to such infection shall be secured from the Third Assistant Postmaster General, Division of Stamps. The postage stamps, due stamps, stamped envelopes, postal cards, and international reply coupons shall be counted in the presence of two disinterested witnesses and an itemized statement of the quantity, denomination, and value sworn to and attested by the witnesses, forwarded, together with the letter authorizing said destruction of stamp supplies to the Third Assistant Postmaster General, Division of Stamps.

PART 42—TREATMENT OF DOMESTIC MAIL MATTER AT POST OFFICES OF MAILING AND AT POST OFFICES IN TRANSIT

RECEIPT OF MATTER AT MAILING OFFICES

Sec.
42.1 Time for closing mails.
42.2 Receipt of mail at railway stations.
42.3 Diversion of mail.
42.4 Postage to be rated up on weight of matter when mailed.
42.5 Receipt of ship and steamboat matter.
42.6 Where second-, third-, and fourth-class matter may be mailed.
42.7 Defaced stamps.
42.8 Imitations of or adhesives resembling postage stamps.

CANCELING AND POSTMARKING AT MAILING OFFICES

Sec.
42.9 Defacement of stamps by post office of mailing; precanceled stamps.
42.10 Postmarking.
42.11 Special canceling stamps or post marking dies for advertising purposes.
42.12 Supervision of postmarking devices and equipment.
42.13 Postmarking stamps.

SHORT-PAID AND UNMAILABLE MATTER AT MAILING OFFICES

42.14 Unpaid letters.
42.15 Unpaid letters accompanied with money insufficient for one full rate.
42.16 Treatment of unpaid or insufficiently paid matter.
42.17 Misdirected matter.
42.18 Nonmailable matter; obscene, scurrilous, disloyal, and lottery matter.
42.19 Matter "held for postage," misdirected, of excess weight or size, or damaged.
42.20 Frequency of returns of unmailable matter to dead-letter branches.
42.21 Disposal of destructive unmailable matter.

WITHDRAWAL AND RECALL OF MAIL MATTER AT MAILING OFFICES

42.22 Withdrawal of mail by sender before dispatch.
42.23 Recall of mail by sender after dispatch.
42.50 Withdrawal or detention of mail in transit.

AUTHORITY: §§ 42.1 to 42.50 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25, 539; 5 U. S. C. 22, 369, 39 U. S. C. 368.

RECEIPT OF MATTER AT MAILING OFFICES

§ 42.1 *Time for closing mails*—(a) *Authority to prescribe.* All letters brought to any post office half an hour before the time for the departure of the mail shall be forwarded therein; but at offices where, in the opinion of the Postmaster General, more time for making up the mail is required, he may prescribe accordingly, not exceeding one hour. (R. S. 3840; 39 U. S. C. 6)

(b) *Limitations.* Mails at first-class post offices shall be closed not more than one hour, and at all other offices not more than half an hour, before the schedule time of departure of trains, unless such departure is between the hours of 9 p. m. and 5 a. m., when they may be closed at 9 p. m. At fourth-class offices day mails shall not be closed until it becomes necessary, allowing a reasonable time for delivery at the train or to the carriers on star routes.

(c) *Exemptions.* This regulation shall not apply to the post office at New York City, and any office may be exempted therefrom by special order. (R. S. 3840; 39 U. S. C. 6)

§ 42.2 *Receipt of mail at railway stations.* Postmasters may, for the convenience of the public, erect boxes at railway stations for the reception of mail matter and cancel the stamps on said matter at the station, either personally or by a sworn employee.

§ 42.3 *Diversion of mail*—(a) *Soliciting forbidden.* Postmasters shall not solicit the mailing of matter at their offices by persons living or doing business within the delivery of another post office.

(b) *Fourth-class matter shipped by freight or express to be deposited in mails.* When matter entitled to transmission in the mails at the fourth-class rates of postage is shipped by freight or express, without solicitation by the postmaster, and not primarily for the purpose of increasing his compensation, to be deposited in the mails at a given post office, such office of mailing is construed to be the office of origin, and the mail shall not be considered as diverted.

§ 42.4 *Postage to be rated up on weight of matter when mailed.* When matter is received for mailing, its weight shall be ascertained and postage thereon rated up. A decided down weight is necessary to subject matter to an additional rate of postage. (See §§ 34.12 to 34.14, inclusive, 42.16, and 53.5.)

§ 42.5 *Receipt of ship and steamboat matter*—(a) *Rating up with postage due.* All ship and steamboat letters and printed matter delivered into post offices by masters of vessels shall be rated with the postage due thereon, as provided in § 34.16, and indorsed "Postage due, — cents," and dispatched to destinations.

(b) *Marking.* Letters brought by steamboats shall be marked 'Steamboat,' at the time of receiving them

(c) *Account to be kept.* Postmasters shall keep an account of both ship and steamboat letters received, the postage chargeable thereon, and the fees paid therefor.

(d) *Unpaid letters from steamboat routes.* When wholly unpaid letters are delivered into a terminal post office by a postal clerk on a steamboat route, they shall be treated in all respects as other unpaid letters. (See § 42.16.)

§ 42.6 *Where second-, third-, and fourth-class matter may be mailed.* (a) Parcels of fourth-class matter shall be mailed at a post office or branch or station thereof, or delivered to a rural or other carrier duly authorized to receive such matter. Parcels of third-class matter may be deposited in mail boxes.

(b) Parcels collected on star routes shall be deposited in the next post office at which the carrier arrives and postage charged at the rate from that office.

(c) Second-, third-, and fourth-class matter shall not be accepted at a railway post office nor by a railway postal clerk, nor be deposited in a depot letter box from which collections are made by such clerks.

§ 42.7 *Defaced stamps*—(a) *Not acceptable; perforation for identification permitted.* United States postage stamps, to be acceptable for postage, shall be without defacement, provided that for the purpose of identification only, and not for advertising, it shall be permissible puncture or perforate letters, numerals, or other marks or devices in United States postage and special-delivery stamps. The punctures or perforations shall not exceed one-thirty second of an inch in diameter, and the whole space occupied by the identifying device shall not exceed one-half inch square. The puncturing or perforating shall be done in such manner as to leave the stamps easily recognizable as genuine and not previously used. Stamps on which ink or other coloring substance has been used in connection with such puncturing or perforating shall not be accepted for postage.

(b) *Overlapping stamps.* When postage or special-delivery stamps are so affixed to mailable matter that one overlies another, concealing part of its surface, the stamp thus covered shall not be taken into account in prepayment.

(c) *Treatment of matter bearing previously used stamps.* When matter bearing previously used stamps is deposited for mailing (except as provided in § 43.12 of this chapter as to forwarding mail), it shall be treated as "held for postage." (See § 42.16.) Upon receipt of stamps to pay postage they shall be affixed and canceled and the mail forwarded to addressee. A report of each instance where previously used stamps have apparently been wilfully reused for payment of postage shall be submitted to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, accompanied, when practicable, with the envelope or wrapper bearing the stamps in question. (See § 130.23.)

(d) *Stamps not good for postage.* Mutilated or defaced postage stamps, fractional parts of stamps, postage-due stamps, stamps cut from embossed stamped envelopes, newspaper wrappers, or postal cards, or stamps other than postage stamps shall not be accepted or counted in prepayment of postage, and matter bearing such stamps shall be treated as "held for postage," except when bearing special-delivery stamps, as to which see § 53.5 of this chapter.

§ 42.8 *Imitations of or adhesives resembling postage stamps.* Matter bearing imitations of postage stamps or adhesive stamps in form and design resembling postage stamps, shall not be accepted for mailing, and if deposited in the mail shall be returned to the sender, if known, or, if unknown, shall be sent to the First Assistant Postmaster General, with a statement of the facts connected therewith.

CANCELING AND POSTMARKING AT MAILING OFFICES

§ 42.9 *Defacement of stamps by post office of mailing; precanceled stamps*—(a) *Authorization.* Postage stamps affixed to all mail matter or to stamped envelopes in which the same is inclosed shall, when deposited for mailing or delivery, be defaced by the postmaster at the mailing office in such manner as the Postmaster General may direct. When practicable postage stamps may be furnished to postmasters precanceled by printing on them the name of the post office at which they are to be used, under such regulations as the Postmaster General may prescribe. (R. S. 3921, as amended; 39 U. S. C. 365)

(b) *When mail forwarded without stamps canceled.* If any mail matter shall be forwarded without the stamps or envelopes being so defaced, the postmaster at the office of delivery shall deface them, and report the delinquent postmaster to the Postmaster General. (R. S. 3921, as amended; 39 U. S. C. 366)

(c) *Report of failures to cancel stamps.* Report of failures to cancel stamps shall be made to the Third Assistant Postmaster General, Division of Finance.

(d) *Canceling ink prescribed.* Postmasters shall cancel stamps on mail matter by the use of black canceling ink furnished by the department and shall thoroughly and completely deface the stamps.

§ 42.10 *Postmarking*—(a) *Method.* All mail matter deposited in any post office for mailing to domestic destinations (except that of the second class mailed by publishers and news agents without stamps affixed, matter mailed without postage stamps affixed under the provisions of §§ 34.66 and 35.4 of this chapter, matter bearing precanceled stamps, and registered letters and other sealed registered articles which §§ 114.8 (b), and 59.1 (b) of this chapter, stipulate shall be postmarked only on the back) shall be postmarked on the address side, the postmark to show the post-office name in full and the State name in full or abbreviated. All first-class mail, all insured, all c. o. d. mail, and all mail addressed to foreign countries (except second-class matter mailed by publishers and news agents, without stamps affixed, for dispatch to those countries to which domestic conditions apply) shall show, in addition to the post office and State names, the date of mailing. All mail of the first class when dispatched from a post office having an hour-dating stamp shall show the names of post office and State and the date and (unless mailed under the provisions of §§ 35.4 and 35.5 of this chapter) the hour of mailing. Special-delivery mail of all classes, all "special handling" parcels, and all parcels of motion-picture films accepted for mailing at any post office shall be postmarked or otherwise indorsed to how the post office and State and the date and hour of mailing.

(b) *Improper date or erasure of date prohibited.* The willful impression on any mail matter of a postmark bearing any other date than that on which such matter is mailed or of a backstamp bearing a date other than that on which the mail is received at the post office backstamping it or the erasure of any date of a postmark or backstamp, whether for purpose of fraud or deception or to conceal a delay or detention of mail matter or any other official error or delinquency, may subject the offender to dismissal from the service.

§ 42.11 *Special canceling stamps or postmarking dies for advertising purposes.* The Postmaster General may, under such rules and regulations as he may prescribe, grant permission for the use in first- and second-class post offices of special canceling stamps or postmarking dies for advertising purposes in the following cases only: First, where the event to be advertised is for some national purpose for which Congress has made an appropriation; second, where the event to be advertised is of general public interest and importance and is to endure for a definite period of time and is not to be conducted for private gain or profit. Such permit shall not be for a longer period than 6 months and the duration of the event to be advertised. Nothing in this section shall be construed to authorize the expenditure of any postal funds or appropriation either for the purchase of special canceling stamps or postmarking dies or for adapting canceling machines for the use of such stamps or dies or for installing the same, but all expense shall be prepaid by the permittee. Any permission granted under this section shall be revocable in the event the Government shall find it expedient or necessary to use special canceling stamps or postmarking dies for its own purposes (Secs. 1 and 2, 42 Stat. 539; 39 U. S. C. 368).

§ 42.12 *Supervision of postmarking devices and equipment*—(a) *Features under First Assistant Postmaster General.* The supervision of, and issuance of instructions pertaining to, postmarking devices or equipment used by the postal service, insofar as the name of the office or station, date, and hour shown therein are concerned, shall be the responsibility of the First Assistant Postmaster General.

(b) *Features under Third Assistant Postmaster General.* The supervision of, and issuance of instructions pertaining to, the cancellation portion of any postmarking device or equipment used by the postal service or the public, including postage meters, and the inclusion in impressions made by such device or equipment of any advertisements, slogans, pictures, and insignia, imprinted at the same time as the postmark, shall be the responsibility of the Third Assistant Postmaster General.

(c) *Requisition and distribution of canceling dies.* The requisition of, the charge and payment for, and the distribution of canceling dies containing any approved advertisements, slogans, pictures, and insignia used by the postal service shall be the responsibility of the Fourth Assistant Postmaster General. The canceling dies shall be retained in the custody of the postal service.

(d) *Slogans in postage meter impressions.* Slogans that are not objectionable or misleading in themselves, or are not of a scurrilous or defamatory nature or otherwise objectionable, may be printed in connection with postage meter impressions, provided the slogans do not occupy space required at the right end of mail matter for the name and address, permit indicia, postal endorsements, etc. Such approved slogans shall not be arranged in the form of a circle resembling a postmark, nor include figures, dates, or words such as "Insured," "Special," etc., in the form or arrangement in which such matter appears in prescribed postmarks or other postal endorsements. Slogans shall not be so large as to be confused with the indicia, address, or return card on mail matter.

(e) *Dies for postage meters.* Dies for printing advertisements, slogans, pictures, or insignia in connection with the postage indicia on metered matter mailed under the provisions of § 35.4 of this chapter, shall be obtained from the manufacturers of the meter devices.

§ 42.13 *Postmarking stamps*—(a) *Change of dies to show time of dispatch.* The type of postmarking stamps shall be carefully adjusted at the beginning of each day, and where type is furnished to indicate the hour of dispatch or receipt of mail the type shall be changed punctually at the specified period. At offices of the first class the time of postmarking first-class mail shall be changed each hour and half hour and kept one-half hour in advance. For instance, at 1 p. m. the time indicated in the postmark should be 1:30 p. m., and at 1:30 p. m. the time in the postmark should show 2 p. m., etc. At offices other than those of the first class, immediately following a dispatch of mail the postmarking stamp shall be changed to show the time of the next dispatch, except that mail deposited after the last dispatch of the day, but before the closing of the office, shall be postmarked as of that date. Mail deposited after the closing of the office shall be post-marked as of the time of the first dispatch of the following day.

(b) *Broken.* Postmarking stamps and type shall be kept clean. Broken stamps shall be returned to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, except where the wooden handle only is broken, in which case that office shall be requested to furnish a new handle.

(c) *Special stamps not permitted.* Postmasters shall not use any postmarking stamps but those furnished by the Post Office Department. Nothing herein shall be construed to prohibit postmasters from purchasing or renting canceling machines from their personal funds, subject to the approval of the department: *Provided*, That no allowance shall be made for the purchase or rental of such machines in the event the office becomes entitled to a canceling machine under the rules of the department.

(d) *Record of date and time changes.* At all third- and fourth-class post offices a clear and distinct impression of the postmarking stamp shall be made immediately after each change in either date or hour, including Sunday where mail is made up for dispatch on that day. Such record of postmarks shall show every change made in the postmarking stamps and shall be kept in chronological order in suitable record books or on loose sheets to be supplied by postmasters.

SHORT-PAID AND UNMAILABLE MATTER AT MAILING OFFICES

§ 42.14 *Unpaid letters.* All domestic letters deposited in any post office for mailing, on which the postage is wholly unpaid or paid less than one full rate as required by law, except letters lawfully free, and duly certified letters of soldiers, sailors, and marines in the service of the United States, shall be sent by the postmaster * * * to a post office designated by the Postmaster General, to be treated in the same manner as other undelivered letters (unless the deficient postage is furnished, as provided in § 42.16). * * * (R. S. 3937, as amended; 39 U. S. C. 407)

§ 42.15 *Unpaid letters accompanied with money insufficient for one full rate*—(a) *Mailed by same person.* When a number of letters are deposited in a letter box wholly unpaid by stamps affixed, and a sum of money is found in

such box which is not sufficient to pay one full rate of postage on all of said letters, they shall, if mailed by the same person, and he is known and resides within the delivery of the mailing office, be returned to him, together with the money.

(b) *Mailed by different persons.* When such letters are mailed by different persons they shall be notified that the letters are held for postage. If this cannot be done, then the letters shall be treated as "held for postage" and disposed of as provided in the following section, and the money treated as money found loose in the mails and disposed of as provided in § 45.7 of this chapter.

§ 42.16 *Treatment of unpaid or insufficiently paid matter*—(a) *Postmarking and rating up.* When any letter or matter of the first class wholly unpaid or prepaid at less than one full rate, or any matter of the second or third class of obvious value, such as sheet music, pictures, photographs, or pamphlets likely to be of use or value to the addressee, or any parcel of the fourth class not fully prepaid but otherwise mailable, shall be deposited in any post office for delivery in the United States, it shall be postmarked with date of receipt, rated up, and the amount of deficient postage noted thereon. (See § 42.7.)

(b) *If sender known.* When the matter described in the preceding paragraph bears the card or address of the sender, or if he be known to or can be conveniently located by the postmaster, and is within the delivery of the office, it shall be at once returned to him for the required postage. The stamps originally affixed to such matter shall, when it is again presented for mailing, be accepted in payment of postage to the amount of their face value. If the sender be not within the delivery limits of the office, he shall be, if known, notified that the matter is held for postage, and if the postage be not furnished within two weeks the addressee shall be notified, as provided in the following paragraph.

(c) *If sender not known.* When the postage is not furnished by the sender of such matter or he is not known or cannot be conveniently located, the matter shall be indorsed "Held for postage" and the addressee notified by next mail, by an official card (Form 3548) or otherwise, of such detention and the amount of postage required.

(d) *Time of holding.* After the addressee of unpaid or insufficiently paid matter held for postage has been notified of the amount of postage due thereon, such matter shall be held not longer than two weeks, unless the office of address be so remote from the office of mailing that the postage could not be received from the addressee within that time, in which case the matter shall be held not longer than four weeks, except that six weeks may be allowed for the notice to be dispatched and returned between any post office in the Territory of Hawaii and any other United States post office outside the Territories of Hawaii and Alaska, and 90 days for such service between any post office in the Territory of Alaska and any other United States post office not in the same Territory, also, six weeks for such service between any post office in the Canal Zone and any post office in the United States.

(e) *If addressee pays required postage.* If within the prescribed time the required postage is received, stamps of the value thereof shall be affixed to the matter in such manner as to cover a part of the words "Held for postage" and the matter dispatched. If Canal Zone stamps are furnished in response to such notices sent from the United States to the Canal Zone, they should be affixed and the matter dispatched without question as to the stamps.

(f) *If sender subsequently pays postage.* If the sender of any insufficiently paid letter or other matter shall pay the postage, after dispatch of notice to addressee, it shall be indorsed "Postage subsequently paid by sender," the necessary stamps affixed and canceled, and the matter dispatched.

(g) *When to be marked "Unclaimed."* If the amount of unpaid or insufficiently paid postage on any matter of the first class is not received from the addressee at the expiration of two weeks from the date of mailing of the notice, except as provided in paragraph (d) of this section, and prepayment shall not have been made by the sender, such matter shall be marked "Unclaimed" and disposed of as provided in §§ 45.3, 45.5, and 45.6 of this chapter.

CROSS REFERENCE: See §§ 42.7 and 130.23 as to matter bearing stamps not good for postage thereon; § 53.5 as to matter bearing special-delivery stamps, but without proper postage; § 43.6 as to treatment of unpaid or insufficiently paid matter at offices of delivery; §§ 43.12 and 43.42 as to payment of new postage on second-, third-, and fourth-class matter before forwarding or return; § 114.2 as to the treatment of foreign mail matter unpaid; § 43.46 as to matter without value; and Subchapter G of this chapter as to registered matter.

(h) *Matter for local delivery and sender unknown.* When matter wholly unpaid or insufficiently prepaid is deposited at any city delivery post office for local delivery and the sender is unknown, notice of detention need not be sent, but such matter shall be delivered to the addressee by the carrier, and the deficient postage collected by means of postage-due stamps affixed. (See § 43.11.) If the addressee refuses to pay the postage, the matter shall be treated as prescribed by paragraph (g) of this section. (See §§ 45.2 and 45.6.)

§ 42.17 *Misdirected matter*—(a) *Correction of address.* Postmasters and others in the Postal Service shall not attempt to correct post-office addresses on mail matter except as provided in this section and §§ 43.12 and 43.14 of this chapter.

(b) *Not to be dispatched unless destination obvious.* Mail that is misdirected as to post-office name, unless addressed to a known county and State, shall not be dispatched except upon reasonable assurance as to its destination (in which case it shall be indorsed to show by what post office the address is supplied), but shall be returned to the sender, if his name and address are known, with the words stamped or written thereon, "Returned for better direction," together with such information as the mailing office may have as to the correct post-office name. The stamps originally affixed to such matter will, when it is again presented for mailing, be accepted in payment of postage to the amount of their face value.

(c) *When sender unknown and address uncertain.* If the name of the sender is not known and the post-office address cannot be supplied with reasonable certainty at the mailing office, the matter shall be disposed of as unmailable. (See § 42.19.)

(d) *Addressed to known county and State.* Mail not addressed to a post office but to a known county and State shall be dispatched in the mails without change of address. (See § 107.25 (b) (7).)

§ 42.18 *Nonmailable matter; obscene, scurrilous, disloyal, and lottery matter*—(a) *Withdrawal and disposal.* (1) Domestic obscene, scurrilous, disloyal, and lottery matter of any class which has been withheld from dispatch under the provisions of § 36.7 of this chapter and declared nonmailable by the Solicitor under the provisions of §§ 36.2 to 36.6 of this chapter, inclusive, shall be withdrawn from the mails and the sender thereof shall be immediately notified that such matter is nonmailable; and it shall be held for a period of 10 days in the custody of the postmaster, at the end of which time it shall be sent to the proper dead letter branch for disposition.

(2) Obscene and scurrilous matter obviously nonmailable under the provisions of §§ 36.2, 36.3, or 36.4 of this chapter shall, when deposited in a post office, be withdrawn from the mails and sent to the Post Office Inspector-in-Charge of the Division in which the office of mailing is located with a statement of the facts connected therewith. Domestic lottery matter obviously nonmailable under § 36.6 of this chapter shall be sent to the Post Office Inspector-in-Charge of the Division in which the office of mailing is located for disposition, and foreign lottery matter shall be forwarded daily to the Post Office Inspector-in-Charge of the Division in which the office of address is located.

(3) Matter declared nonmailable by the provisions of § 36.8 of this chapter (§ 130.52) shall be sent to proper dead letter branch for disposition. Letters found by a dead letter branch to contain counterfeit money and spurious coins shall be sent to the First Assistant Postmaster General with a statement of the facts connected therewith.

(b) *Refusal of.* Postmasters shall exclude from the mails all nonmailable matter, and when it is known at the time any matter is offered for mailing that it is nonmailable under any statute the postmaster shall decline to receive it.

§ 42.19 *Matter "held for postage," misdirected, of excess weight or size, or damage*—(a) *Disposition of.* The following unmailable matter, when of the first class, shall, if deposited in a post office having a dead letter branch, be treated in the dead letter branch of that office. Such matter posted in a post office not having a dead letter branch shall be sent to the central-accounting post

office and such matter posted in the Territory of Alaska shall be sent to the dead letter branch at the Seattle, Wash., post office; and when of the third or fourth class to the postmaster at the proper division headquarters of the Railway Mail Service.

(1) "Held for postage" matter which cannot be returned to sender and has not been prepaid by addressee, as provided in § 42.16.

(2) Misdirected matter which cannot be dispatched to the addressee nor returned to the sender, as provided in § 42.17.

(3) Excess of weight and size matter, or those packages of domestic matter which exceed the weight or size limited by law. (See §§ 34.74, 35.2, and 35.3.)

(4) Mutilated or damaged matter other than merchandise found loose in the mails, or that which when deposited in the post office is, or before dispatch may become, so damaged that it cannot be forwarded to destination and cannot be returned to the sender. (See § 41.14.)

(b) *Exceptions.* "Held for postage" and misdirected printed matter (nixies) of no obvious value, and samples of merchandise sent for advertising purposes and articles of like character having no salable value, may be disposed of as waste paper or destroyed, as provided in § 43.46 respecting unclaimed printed matter of like character upon which postage-due stamps have not been affixed. Before such matter is disposed of all postage stamps thereon shall be canceled and each piece carefully examined, and if any is found to contain other matter of a higher class it shall be disposed of in accordance with paragraph (a), of this section.

§ 42.20 *Frequency of returns of unmailable matter to dead-letter branches.* At post offices of the first class daily, and at all other post offices weekly, returns shall be made to the proper dead letter branches, or to post offices at division headquarters of the Railway Mail Service, as prescribed in § 42.19 of this chapter, of all unmailable matter deposited therein, except articles of merchandise found loose in the mails, as provided in §§ 45.3, 45.5, 45.6, 45.7, and 45.9 of this chapter, unless other disposition thereof is directed.

§ 42.21 *Disposal of destructive unmailable matter.* When any article of destructive mail matter, except matter absolutely excluded from the mail (see §§ 34.73 and 35.13) is received for forwarding or deposited in the post office, the postmaster shall hold it and notify the sender, whether he live within the delivery of the post office or not, that it can not be transported by mail. If the sender is not known, the postmaster shall notify the addressee of the detention of the package, that it can not be transmitted in the mails and that he must provide some other means for its being forwarded at his own expense outside the mails. If the package is not taken from the post office by or for either the sender or addressee within 30 days, the postmaster shall report the facts to the First Assistant Postmaster General, and await instructions. Intoxicating liquors, poisons, explosives, and articles harmful and dangerous to handle absolutely excluded from the mails under § 35.13 of this chapter shall not be delivered, but shall be held intact and report thereof made to the inspector in charge of the division in which the office of mailing is located. Instructions as to the disposition of such matter will be issued by the inspector in charge.

WITHDRAWAL AND RECALL OF MAIL MATTER AT MAILING OFFICES

§ 42.22 *Withdrawal of mail by sender before dispatch*—(a) *Conditions.* After mail matter has been deposited in a post office it shall not be withdrawn except by the sender, or, in case of a minor child, by the parent or guardian duly authorized to control the correspondence of the writer. Mail deposited by a person adjudicated of unsound mind may be withdrawn by duly appointed guardian.

(b) *Care in permitting.* When request is made for the withdrawal of any mail matter, the postmaster shall ascertain whether the person making the request is entitled to such matter. The applicant should be required, if necessary, to exhibit a written address in the same hand as that upon the matter sought to be withdrawn, and such description of the matter, or other evidence, as will identify the same and satisfy the postmaster that the applicant is entitled to withdraw it.

(c) *Original postage valid.* When matter withdrawn from the mails before dispatch is again presented for mailing, the stamps originally affixed thereto shall be accepted in payment of postage to the amount of their face value.

§ 42.23 *Recall of mail by sender after dispatch*—(a) *Application for.* When the sender of any article of unregistered matter desires its return after it has been dispatched from the mailing office, application therefor shall be made on Form 1509 to the postmaster at the office of mailing. (See § 107.32 as to return of matter by railway postal clerks; § 115.1 as to recall of foreign matter; § 59.68 as to recall of registered matter.) The requirement that the application for the recall of mail matter shall be made through the mailing office will not apply to official mail, but postmasters at offices of destination receiving requests by telegraph, telephone, or mail from executive departments at Washington, D. C., or their regional disbursing officers shall comply promptly therewith and take special care to prevent delivery of Government checks subject to recall.

(b) *Request to be telegraphed.* When application has been made in due form for the recall of an article of mail matter the postmaster shall telegraph a request to the postmaster at the office of address, or to a railway postal clerk in whose custody the matter is known at the time to be, for the return of such matter to his office, carefully describing the same so as to identify it and prevent the return of any other matter. All such telegraphic requests shall bear the proper signature and title of the sender of the message. If air mail is being recalled, the telegram should include; as additional means of identification, the air-mail trip involved, and if the originating office does not have direct air-mail contact, the city and train should be shown to which the mail was dispatched for initial plane connection.

CROSS REFERENCE: Telegrams sent in such cases must be paid for at the regular commercial rates and not at the rates established for official business.

(c) *Return of matter.* On receipt of a request for the return of any article of mail matter the postmaster or railway postal clerk to whom such request is addressed shall return such matter in a penalty envelope to the mailing postmaster, who shall deliver it to the sender upon payment of all expenses and the regular rate of postage on the matter returned (except first-class matter, which is returned without additional charge for returning), and on the envelope or cover thereof postage-due stamps of the proper value shall be placed and canceled. (See § 43.8.) If the mail to which the application relates has been delivered, that fact shall be reported to the mailing postmaster, who shall inform the sender. Under no circumstances shall the addressee be informed that mail has been intercepted or that recall thereof has been requested by the sender.

(d) *Filing of application, receipt, and container.* All applications for the recall of any article of mail matter, together with the proofs submitted therewith, the sender's receipt for such matter, and the envelope or wrapper in which it was enclosed, shall be filed at the mailing office.

§ 42.50 *Withdrawal or detention of mail in transit*—(a) *Misdirected, destructive, and unmailable matter.* Misdirected matter or matter which is liable to injure the person or damage the mails, unless prepared for mailing as prescribed in § 35.18 of this chapter, and all matter which is manifestly obscene, etc., and matter which contains on the outside cover or wrapper, or postal cards, bearing scurrilous or libelous language, etc., and matter which relates to lotteries or similar enterprises, or to fraudulent schemes, which was dispatched from the post office of mailing contrary to the provisions of § 42.18, shall be detained and withdrawn from the mails by any postmaster into whose hands the same may come in transit and treated as though it were originally deposited at his office. (See § 42.21.)

(b) *Publications containing lottery matter.* Newspapers and other publications in transit which contain lottery advertisements or lists of prizes drawn at a lottery shall be held and a report made to the Solicitor for the Post Office Department for instructions.

(c) *Matter not to be withdrawn.* Any matter, except as above provided, which should have been detained at the office of mailing as "held for postage," "excess of weight or size," shall not be stopped in transit. (See §§ 42.16 and 42.19.)

(d) *Misdirected first-class matter.* Misdirected matter of the first class, if it bear the card or request of the sender, shall be withdrawn and returned to him with the words written or stamped thereon, "Returned for better direction." (See § 42.17.)

(e) *Matter addressed to office of same name in other State.* All mail matter

received at a post office addressed to other post offices of the same name in other States shall be endorsed with the word "Missent," also with the postmark of the office, and forwarded by next mail to its destination.

(f) *Postage-due matter not to be stopped in transit.* Matter inadvertently dispatched without prepayment of postage thereon, or which is insufficiently prepaid, shall not be stopped in transit or rated up at intermediate offices.

PART 43—TREATMENT OF DOMESTIC MAIL MATTER AT RECEIVING POST OFFICES

MATTER INSUFFICIENTLY PAID AND COLLECTION OF POSTAGE DUE

Sec.
43.6 Rating up of postage and search for matter improperly rated.
43.7 Underpaid matter addressed to Government departments at Washington, D. C.
43.8 Collection of postage due.
43.9 Underpaid mail addressed to postmasters.
43.10 Double postage.
43.11 Postage-due stamps.

FORWARDING OF MAIL

43.12 Forwarding of mail.
43.13 Forwarding requests.
43.14 Forwarding of misdirected matter when address supplied.
43.15 Letters under cover to postmasters.
43.16 Forwarding of matter bearing postage-due stamps.

UNDELIVERABLE AND UNMAILABLE MATTER AT RECEIVING POST OFFICES

43.17 Nonmailable matter which reaches office of delivery.
41.18 Matter for fictitious addresses.

DELIVERY OF MAIL

43.19 Delivery from office of address; exceptions.
43.20 Delivery of ordinary mail.
43.21 Retention of mail at request of addressee.
43.22 Delivery of mail at city delivery offices.
43.23 General delivery service.
43.24 Use of post office boxes.
43.25 Delivery of mail addressed to firm or corporation.
43.26 Mail addressed to public officials or officials and employees of firms.
43.27 Pension letters.
43.28 Mail of husbands and wives.
43.29 Mail addressed to minors.
43.30 Mail for persons adjudicated of unsound mind.
43.31 Mail addressed to deceased persons.
43.32 When business transferred or corporation dissolved
43.33 Court orders affecting delivery of mail.
43.34 When more than one business has same name.
43.35 Disputes over mail matter.
43.36 Packages of second-class matter.
43.37 Letters "Opened by mistake."
43.38 Valuable letters received from dead-letter branch.
43.39 Return of unclaimed card and request letters.
43.40 Delivery of certain nonmailable matter reaching office of destination.
43.41 Advertising of nondelivered letters.

RETURN AND DISPOSAL OF UNCLAIMED MATTER

43.42 Period of detention of undelivered matter in post office.
43.43 Return of undelivered letters.
43.44 Return of card letters.
43.45 Undeliverable postal and post cards.
43.46 Disposal of unclaimed printed matter.
43.47 Disposal of undeliverable perishable matter.
43.48 Return of second-, third-, and fourth-class matter.
43.49 Reason for nondelivery to be endorsed on articles.
43.50 Return of matter bearing postage-due stamps.

AUTHORITY: §§ 43.6 to 43.50 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

MATTER INSUFFICIENTLY PAID AND COLLECTION OF POSTAGE DUE

§ 43.6 *Rating up of postage and search for matter improperly rated*—(a) *Authority for.* Postmasters at the office of delivery may remove the wrappers and envelopes from mail matter not charged with letter postage, when it can be done without destroying them, for the purpose of ascertaining whether there is upon or connected with any such matter anything which would authorize or require the charge of a higher rate of postage thereon. (R. S. 3882; 39 U. S. C. 251)

(b) *Examination for matter underpaid.* On opening the mail postmasters shall look over the letters and examine packages and parcels to ascertain whether the postage thereon has been sufficiently prepaid, and shall rate up at double the prepaid rate (see §§ 34.3 and 43.10) the amount found to be due on all matter, not free, dispatched inadvertently without any prepayment. All partly but not fully prepaid first-class matter which is short paid more than one full rate shall be rated with the deficient postage plus an additional charge of 1 cent for each short-paid ounce or fraction thereof. (See § 34.12.) All other partly but not fully prepaid matter shall be rated with the deficient postage at the single rate according to its class and weight. The amount due shall be noted in writing or handstamped on each letter or parcel.

(c) *Matter bearing wrong stamps.* Mail inadvertently dispatched with postage-due stamps affixed, but no others, such stamps representing the full amount of postage, shall be delivered to the addressee without additional charge. If such stamps do not represent the full amount of postage, the deficient postage at the single rate only shall be collected from the addressee. In all such cases the office of mailing shall be reported to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail.

(d) *Second-class matter containing illegal inclosures.* Matter of the second class without evidence of prepayment of postage by stamps affixed containing illegal inclosures of any character or containing or bearing additions not authorized by § 34.56, or which the postmaster believes was not entitled to the pound rates, shall be delivered without exacting additional postage, but a report of the facts should be made to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, including therein the name, date, and place of entry of the publication, and, where practicable, submitting the copy thereof containing the illegal inclosure or unauthorized addition. (See §§ 34.58 and 84.59.) (R. S. 3882; 39 U. S. C. 251)

§ 43.7 *Underpaid matter addressed to Government departments at Washington, D. C.* * * * Any part paid letter or packet addressed to any of the departments or bureaus, [the executive departments or bureaus thereof and Public Printer] may be delivered free, but where there is good reason to believe the omission to prepay the full postage thereon was intentional such letter or packet shall be returned to the sender. * * * (Secs. 5 and 6, 19 Stat. 335, 336, as amended; 39 U. S. C. 321)

NOTE: This exemption from the payment of deficient postage on matter addressed to the executive departments or bureaus thereof before delivery applies only at the Washington, D. C., post office.

§ 43.8 *Collection of postage due*—(a) *Method.* (1) No mail matter shall be delivered until the postage due thereon has been paid. (R. S. 3900; 39 U. S. C. 272)

(2) * * * Postmasters, before delivery * * * [any matter of the first class upon which one full rate has been prepaid] or any article of mail matter upon which prepayment in full has not been made, shall affix, or cause to be affixed, and canceled as ordinary stamps are canceled, one or more stamps equivalent in value to the amount of postage due on such article of mail matter. * * * (Sec. 26, 20 Stat. 361, as amended; 39 U. S. C. 275)

(b) *Payable in cash.* Postmasters shall not accept postage stamps in payment of postage remaining due on mail matter. The amount due shall invariably be paid in cash.

(c) *Objection by addressee and appeal to department.* If the addressee objects to the payment of the additional postage, he may deposit the amount thereof with the postmaster, who shall give a receipt therefor, and submit to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, a full statement of the facts and the reason for the charge. If the charge be made because the matter is closed against inspection, the addressee may deposit the deficient postage and require the package to be sent unopened to the Third Assistant Postmaster General for his decision whether it be so wrapped as to require it to be rated as matter of the first class; and the postmaster shall promptly transmit it accordingly, under penalty envelope, with proper letter of advice. Should it be held that the matter was prepaid at the proper rate, or if for any reason it appears proper not to insist on the payment of such additional postage, the postmaster will be directed to refund the deposit. (See § 35.9.)

§ 43.9 *Underpaid mail addressed to postmasters.* When insufficiently prepaid matter is addressed to a postmaster he need not pay the additional necessary postage if the matter is not taken out of the office, but it shall be treated as "refused" matter; where, however, such matter is taken out of the office the deficient postage shall be paid.

§ 43.10 *Double postage*—(a) *How charged.* Double rate of postage shall be charged only on matter reaching its destination with no evidence of any prepayment whatever.

(b) *When not to be charged.* When it is apparent from the envelope or wrapper of mail that a stamp has been on it and has been wholly or partially lost off, the postmaster may assume the matter to have been prepaid, but the evidence that the stamp has been affixed shall be from the blank in the impression of the canceling stamp. In such case matter of the first class shall be presumed to have been prepaid one full rate only. (See § 34.12.)

§ 43.11 *Postage-due stamps*—(a) *On what matter used.* Postage-due stamps shall be used for the collection of postage at the office of destination on unpaid or part-paid matter of the first, third, and fourth classes, and of the second class when mailed by others than publishers or news agents, and on undeliverable second-class matter returned to the publisher under the provisions of § 34.63 of this chapter.

(b) *When to be affixed*—(1) *At other than city delivery post offices.* Postmasters at other than city-delivery post offices shall not affix postage-due stamps to part-paid or unpaid matter of any class until the delivery thereof has been requested unless it is addressed for delivery on a rural route (see § 1013). No postmaster shall affix postage-due stamps to part-paid or unpaid matter of the third or fourth class unless there is good reason to believe that the delivery thereof can be effected, as in the case of matter returned to the sender under his pledge guaranteeing the payment of return postage. Postage-due stamps shall not be affixed to matter forwarded by request of addressee, returned to writer, or sent to a dead letter branch, or to post offices at division headquarters of the Railway Mail Service.

(2) *At city-delivery post offices.* At city-delivery post offices postage-due stamps shall be affixed to all part-paid or unpaid mail of the first and second classes received for delivery unless a forwarding order is on file, in which case first-class mail prepaid at least one full rate shall be forwarded without affixing due stamps. In cases where postage due is required on matter which is to be delivered through lock boxes or general delivery, the due stamps shall not be affixed until the deficient postage has been paid.

(c) *When no postage-due stamps on hand.* When postmasters have no postage-due stamps on hand they shall collect the amount of postage due, and as soon as they obtain such stamps an amount equal to the postage collected shall be affixed to a sheet of paper, canceled, and forwarded to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, with a statement of the facts.

(d) *Matter received accompanied with postage-due bill.* When matter is received at any post office, returned to writer, or forwarded from another office on which postage-due stamps have been affixed and canceled, and which is accompanied with a postage-due bill, as provided in § 43.16, such bill shall be returned to the postmaster from whom it is received, accompanied with uncanceled postage-due stamps in the amount named thereon. Upon the delivery of such matter the proper postage shall be collected.

FORWARDING OF MAIL

§ 43.12 *Forwarding of mail*—(a) *First-class matter.* Prepaid letters shall be forwarded from one post office to another, at the request of the party addressed, without additional charge for postage. (R. S. 3940; 39 U. S. C. 410)

(b) *Perishable matter; other matter of second, third, and fourth classes bearing sender's pledge.* Under such regulations as the Postmaster General may prescribe, fourth-class matter of obvious value which is of a perishable nature may be forwarded to the addressee at another post office charged with the amount of the forwarding postage * * *. Other undeliverable matter of the second, third, and fourth classes may be forwarded to the addressee or to such other person as the sender may direct, at another post office, charged with the amount of the forwarding postage * * * when it bears the sender's pledge that the postage for forwarding will be paid, such postage to be collected on delivery, but when the sender refuses to furnish such postage in accordance with his pledge, the acceptance from him of further matter bearing such pledge may be refused. (Sec. 4, 30 Stat. 444, as amended; 39 U. S. C. 276)

(c) *Matter which may be forwarded without additional postage charge.* Mail which can be forwarded without additional charge for postage includes letters prepaid at one full rate, parcels fully prepaid at the first-class rate, postal cards, postcards, and official matter.

(d) *Matter on which additional postage is charged for forwarding.* Additional postage shall be charged on mail of the second, third, and fourth classes every time it is forwarded. Such postage shall be charged on each individually addressed piece, and shall not be computed on the bulk weight of a number of pieces for the same addressee. Mail of these classes which bears the pledge of the sender that postage for its forwarding will be paid (see § 43.48 as to pledge) may be forwarded to the addressee or such other person as the sender may direct in connection with his pledge, at another post office, charged with the amount of the forwarding postage. Fourth-class matter of obvious value which is of a perishable nature may also be forwarded to the addressee charged with the forwarding postage, even though it does not bear such pledge. When mail charged with the forwarding postage is forwarded as provided in this section, such postage shall be collected on delivery by means of postage-due stamps. Other mail of the second, third, and fourth classes may be forwarded to the addressee only, but not unless the addressee, or some one for him, shall have first prepaid the forwarding postage, in which case the necessary stamps shall be affixed and canceled by the forwarding postmaster. In each case the postage for forwarding mail of the third or fourth class shall be computed at the same rate as would be chargeable if the matter were originally mailed at the forwarding office. Matter of the second class when forwarded shall be charged with postage at the transient second-class rate. (See § 34.42.) Before matter is forwarded as herein provided, the postmaster shall make the necessary change in the address thereon, including the name of the new addressee when the sender requests in connection with his pledge to pay the forwarding postage that the matter be sent to some person other than the original addressee.

(e) *Card notice of forwarding.* When the sender of ordinary mail of the third and fourth classes desires to be notified in cases where the matter is incorrectly addressed because of removal of the addressee, he may indicate that fact on the matter itself in such manner as may be prescribed by the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, in which case the postmaster at the office of address shall furnish the desired information, including the new address of the addressee, if known, on card Form 3547, for which a postage charge of 2 cents shall be collected upon delivery of the card notice to the sender of such mail.

NOTE: This regulation applies only to third and fourth class matter sent out in the regular course of business for purposes other than obtaining the address of the person to whom the matter is sent.

(f) *Mail addressed to discontinued post office.* Mail of the second, third, and fourth classes addressed to a discontinued post office may, when the office to which such mail is ordered sent by the department is not convenient for the addressees, be transmitted to such office as they may designate, without additional charge.

(g) *Change of address because of change in postal service.* Patrons of any office who, on account of the establishment of or a change in rural-delivery service, receive their mail from the rural carrier of another office may have their mail of the second, third, and fourth classes sent to the latter office for delivery by the rural carrier without a new prepayment of postage, provided they first file with the postmaster at the former office a written request to that effect. This is not construed as "forwarding" within the meaning of the law.

(h) *Notice to addressee who has filed forwarding order.* When mail of the second, third, or fourth class, except such as may be forwarded charged with the forwarding postage to be collected on delivery as provided in paragraphs (b) and (d) of this section, is received addressed to a person who has filed a forwarding order, notice shall be sent advising him that the matter will be forwarded on receipt of postage therefor.

(i) *Delivery to addressee after notice has been sent.* Mail of the second, third, or fourth class, the addressee of which has been notified of the amount of postage required for forwarding, may be delivered to the addressee at the office from which the notice emanated, without payment of the forwarding charge, provided he shall first revoke his order for forwarding, thus relieving the postmaster of sending notices that are to be inoperative; or, if he does not revoke his forwarding order, the matter may be de-

livered to him on payment of 1 cent for each card notice sent him.

(j) *Mail addressed to persons in United States service.* All mail, whatever its class, addressed to persons in the United States service (civil, military, or naval), serving in the United States or any of its possessions, or en route to or from the United States or any of its possessions, whose change of address is caused by official orders, shall be transmitted as rapidly as possible until it reaches the addressee; the actual location of the addressee for the time being shall be considered as the original destination of the piece of mail matter. Such transmission shall not be considered as "forwarding" in the sense in which that word is used in the Postal Service, and no additional postage shall be required therefor. To assure prompt delivery, mail matter sent to persons in the United States service should include in the address the complete designation of the organization, company, and regiment, vessel, or other branch of the service to which the addressee belongs, and the postage thereon should be fully prepaid. This provision for the free transmission from one post office to another of all mail for persons in the United States service shall not apply to mail (other than that of the first class) for the members of the families of such persons.

(k) *Matter erroneously delivered or addressed.* Any erroneously delivered article of mail on being returned to the post office, and any matter proper to be forwarded free, addressed to the care of another, and returned by him redirected, may be forwarded as if it had not passed from the post office. Matter which has been opened inadvertently upon misdelivery may be forwarded. Unopened letters properly readdressed for forwarding may be deposited in the post office originally addressed, or a letter box of such office.

NOTE: A change of street number to secure delivery at the office of address is not regarded as "forwarding" and does not subject matter to additional postage.

§ 43.13 *Forwarding requests*—(a) *When disregarded.* Requests to forward mail, unless made in writing or by telegram, and those made by any other person than the addressee or his lawful agent or the person in whose care the matter is addressed, except by the sender of matter of the second, third, or fourth class, as provided in § 43.12, shall be disregarded; the husband of an addressee will be presumed her agent when she has not directed her mail to be withheld from his control.

(b) *Unlimited requests.* Unlimited requests for the forwarding of mail to other post offices shall be observed for a period of 2 years, unless revoked, except that such requests affecting general-delivery mail at city delivery post offices shall expire at the end of 30 days unless renewed.

(c) *Reforwarding permitted.* The direction may be changed and matter reforwarded upon request as many times as may be necessary to reach the addressee.

(d) *Matter to be expedited.* Matter entitled thereto shall be promptly forwarded.

(e) *Record of changes of address.* At city delivery offices the city carriers shall record only changes of address (local changes and forwarding orders) of patrons, and the records of permanent removal shall be retained and observed for 2 years. (See § 50.6.)

(f) *Forwarding on trial.* Letters shall not be forwarded on trial. A postmaster at whose office a letter cannot be delivered may forward such letter to another office if he has special reason to believe it can be delivered therefrom.

§ 43.14 *Forwarding of misdirected matter when address supplied*—(a) *Without additional postage.* The address on all misdirected ordinary matter which bears as a part of the address the name of a street, hotel, or other local identifying address, showing that it is intended for delivery at a certain other post office, may be corrected and the matter transmitted to its proper destination without payment of additional postage, provided it is reasonably certain that the matter can be delivered at such other office, and the amount of postage originally prepaid is sufficient to cover the charge from the office of mailing to the one to which it is sent. This course shall be followed only where the address itself bears a local identifying address or other tangible evidence clearly showing that the matter is misdirected. In all other cases mail plainly addressed to an office, but undeliverable thereat, shall be disposed of as provided in §§ 43.42 to 43.50, inclusive, and § 34.63.

(b) *Postmark and indorsement.* Each piece of obviously misdirected mail transmitted to another office in accordance with the foregoing shall bear the postmark of the office where the address is corrected, with its current date, below or following the words "Deficiency in address supplied by" or some other stamp or indorsement giving like information.

§ 43.15 *Letters under cover to postmasters.* Postmasters shall forward all matter of the first class on which one full rate of postage is prepaid which may be received under cover from any other post office with or without request to mail the same. Before forwarding they shall cancel the stamps and indorse in writing or stamp on such matter the following:

Received at _____ _____, under cover from the post office at _____ _____.

When the name of the mailing office does not appear, the indorsement shall be made as indicated, leaving the last two spaces blank. The foregoing shall not apply to matter received for mailing under the provisions of § 91.1 (b) of this chapter, or to philatelic covers submitted by collectors or others.

§ 43.16 *Forwarding of matter bearing postage-due stamps*—(a) *With postage-due bill.* When at a city delivery office matter to which postage-due stamps have been affixed and canceled is forwarded to another post office within the United States, a numbered postage-due bill, stating amount due and name of the person from whom it is to be collected, shall be attached to and sent with the matter.

(b) *To foreign countries.* When domestic mail on which postage-due stamps have been affixed is forwarded to foreign countries, the postage-due bill indorsed "Foreign letters forwarded", shall be attached to the "dead-letter bill" and sent to the central-accounting postmaster. (See § 45.6.)

UNDELIVERABLE AND UNMAILABLE MATTER AT RECEIVING POST OFFICES

§ 43.17 *Nonmailable matter which reaches office of delivery*—(a) *To be held subject to order.* All matter declared nonmailable by section 334 of Title 18, which shall reach the office of delivery, shall be held by the postmaster at the said office, subject to the order of the Postmaster General. (Sec. 21, 20 Stat. 360, as amended; 39 U. S. C. 243)

(b) *Treatment of.* All matter received at offices of delivery which is manifestly obscene, etc. (see § 36.2), and matter which contains on the outside cover or wrapper, or posal cards, bearing scurrilous or defamatory language, etc., and matter which relates to lotteries or similar enterprises, or to fraudulent schemes, which was through inadvertence dispatched from the mailing office contrary to the provisions of § 42.18 of this chapter shall be withdrawn from the mails and treated as provided in said section.

§ 43.18 *Matter for fictitious addresses*—(a) *Not to be delivered.* Ordinary mail matter addressed to fictitious persons or firms, to initials, or to no particular person or firm, unless directed to be delivered at a designated place, as a post-office box, street and number, or to the care of a certain person or firm within the delivery of the post office, shall not be delivered and shall be sent to the proper dead-letter branch, or to post offices at division headquarters of the Railway Mail Service, as prescribed by § 45.2, unless the envelope contains the card of the sender or a request to return, in which case such letters or packages shall be returned accordingly.

(b) *Suspected fictitious address to be reported.* Whenever a postmaster has reason to believe that a street or number, designated place, box, or address in care of another is being used by anyone for conducting, under a fictitious address, correspondence forbidden circulation in the mails, he shall promptly report the fact and the reason for his belief to the Solicitor for the Post Office Deparment and await his instructions, giving notice at the same time at the place where such mail matter has been received that, pending instructions from the Post Office Department, the claimant of such matter must call at the general delivery to receive it upon establishing his identity. (See §§ 36.1 and 36.10.)

(c) *"Santa Claus" letters.* Postmasters may deliver all letters on which postage has been fully prepaid, arriving at their respective post offices, during the month of December of each year, which are addressed plainly and unmistakably to "Santa Claus," without any other terms or expressions identifying the person for whom such letters are intended, to responsible charitable in-

stitutions or reputable individuals in the town or city of address who may desire to use them exclusively for philanthropic purposes. Letters of the character described addressed for local delivery, on which the postage is wholly unpaid or paid less than one full rate, also may be delivered to such institutions or individuals upon the payment of the postage with which they are chargeable. In the event that these letters are requested by more than one institution or individual, the postmaster shall distribute them in such proportion as he may deem proper.

When no voluntary request is presented, postmasters shall forward without delay all "Santa Claus" letters to the proper dead letter branch in accordance with § 42.14 of this chapter.

DELIVERY OF MAIL

§ 43.19 *Delivery from office of address; exceptions*—(a) *Delivery in transit when permitted.* Mail shall be delivered from the post office to which it is addressed. When the dividing line of delivery service of two post offices is the middle of a street and mail for a patron located on either side of that street is addressed to either office, delivery will be effected from the office of address. Mail shall not be withdrawn for delivery in transit, except as provided herein and in §§ 116.1 to 116.26, inclusive, relating to matter liable to customs duties.

(b) *Addressed to discontinued office.* Mail addressed to a discontinued post office shall be delivered from the office to which mail is sent by order of the department. (See § 43.12)

(c) *When delayed by casualties.* A postmaster at whose office mail matter in transit is lying delayed by flood or other casualty which has made the mail route impassable may deliver such matter to the parties addressed upon their personal or written applications and identification, or may deliver all of the mail for a particular office to which mail cannot be regularly carried on account of such casualties upon the personal application of the postmaster or a sworn employee of such office.

(d) *To members of Army and Navy in active service.* Mail addressed to officers and soldiers of the United States Army and State militia in the field and officers, sailors, and marines of the United States Navy in active service may be forwarded and delivered, in accordance with instructions from the proper military and naval authorities.

(e) *To representatives of foreign governments.* Mail matter addressed to any ambassador or other diplomatic representative of a foreign government may, on his request, be delivered from any post office through which it may be passing, the postmaster being sure of his identity.

(f) *To post office inspectors.* Mail matter addressed to a post-office inspector shall be delivered to him upon his request from any post office through which it may be passing, or by any railway postal clerk when assured of the inspector's identity by inspecting his commission.

(g) *In transit to intermediate post office.* Ordinary mail matter in transit to an intermediate post office which is supplied by closed pouch by rural carrier may be delivered from the distributing office on Sundays and holidays or in an emergency, when the office is open to the public, upon addressee's personal or written application, with satisfactory identification.

(h) *In transit to special-supply office.* Ordinary mail matter in transit to a post office receiving special supply may be delivered from the distributing office upon addressee's personal or written application with satisfactory identification.

CROSS REFERENCE: See § 60.10 (n), as to registered, insured, and collect-on-delivery mail.

(i) *In transit to star route office.* Ordinary mail in transit to a post office located on a star route may in cases of emergency be delivered from the distributing office upon personal or written application of the addressee, with satisfactory identification.

(j) *Matter carried out of mail and delivered by star or rural carrier.* Mail matter of patrons of a post office shall, at their request, be delivered to a star or rural carrier to be carried out of the mail and handed to them on his route before he passes another post office.

(k) *To post office employees or their families.* Mail matter addressed to a post-office employee or to any member of his family, coming into his hands in the course of distribution and separation for delivery, shall not be withdrawn from the mails by such employee without first being submitted to the postmaster or a duly designated supervisor in charge of the work to which the employee is assigned.

CROSS REFERENCE: See § 114.15 (d), regarding delivery of mail from foreign countries by postmasters at ports of arrival.

§ 43.20 *Delivery of ordinary mail*—(a) *To person addressed or to his order.* Mail matter should be delivered to the person addressed or in accordance with his written order. Ordinary letters bearing the word "Personal" in connection with the address shall be delivered as other mail for the addressee is delivered.

(b) *Delivery upon verbal request through third person.* When the addressee habitually sends for or receives his mail through his clerk, servant, agent, or some member of his family, and recognizes or acquiesces in such delivery, no written order need be required. When a person requests delivery to him of the mail of another, claiming that the addressee has verbally given him authority to receive it, the postmaster, if he doubts the authority, may require it to be in writing, signed and filed in his office.

(c) *Identification of addressee.* When a postmaster is in doubt as to the identity of the person claiming to be the addressee, he may require proof, and shall exercise great care to make proper delivery, especially where mail matter appears to be of value.

(d) *Where two patrons have same name.* Where two or more persons of the same name receive mail at the same office, the postmaster shall advise them to adopt some address or means by which their mail may be distinguished. The postmaster may deliver such matter according to his best judgment.

(e) *Mail addressed to several persons.* Mail matter addressed to several persons may be delivered to any one of them.

(f) *Mail addressed "in care of."* Mail matter addressed to a person in care of another shall be delivered to the addressee, if he so directs, rather than to the person in whose care it is addressed. In the absence of such direction, it shall be delivered to the first of the two persons who may call for it. (See § 43.36.)

(g) *Delivery to agent of several persons*—(1) *In general.* Any number of citizens may employ an agent and give him a written order on the postmaster for their mail; and when such order is presented to the postmaster, the mail for such persons and also mail addressed in care of any such persons shall be delivered to the designated agent.

(2) *Application for delivery to agent.* All persons or firms who receive mail as agents for other persons or firms not *bona fide* occupants of premises to which mail is addressed, may be required by the local postmaster to file with him, for identification purposes, a written application of the addressee for such delivery of mail. A signed copy of the application shall be kept on file by the agent. Forms of application may be obtained from the local postmaster.

(h) *Mail addressed to persons at educational or public institutions.* Mail matter addressed to students at educational institutions and mail matter addressed to inmates of public or private institutions shall be delivered in accordance with the order of the addressee unless the addressee is a minor or has been adjudicated of unsound mind. In the absence of an order, such mail shall be delivered as though addressed to the institution. Where the addressee is a minor or has been adjudicated of unsound mind, his mail should be delivered in accordance with § 43.29 or § 43.30, whichever is applicable.

(i) *Disputes.* In case of dispute where two or more persons claim the same mail and the postmaster is in doubt as to his duty, he should proceed in accordance with § 43.35.

§ 43.21 *Retention of mail at request of addressee.* Ordinary mail, except that of the first class bearing the return cards of the senders, may be retained at the office of address at the request of the addressee for a period of 60 days. If the request is for a longer period, the postmaster shall submit the question to the First Assistant Postmaster General with a statement as to whether it would be practicable to comply with such request. First-class mail bearing return cards shall not be held at the request of the addressee beyond the time indicated in such cards. (See § 43.44.)

§ 43.22 *Delivery of mail at city delivery offices*—(a) *In general.* All mail addressed to residences and business houses within the city delivery limits of a city or town shall, as far as possible, be delivered by letter carriers. Mail addressed to street and number shall be delivered by letter carriers unless the

addressee directs otherwise. If a patron so directs, all of his mail, however addressed, shall be delivered by carrier or through his post-office box; otherwise it shall be delivered as addressed.

(b) *Use of city directories.* At letter-carrier offices where a city directory is available it shall be used when necessary to ascertain the addresses of persons to whom letters are directed.

(c) *Mail entitled to directory service.* (1) At letter carrier offices having directory facilities directory service shall be given to certain mail which cannot be delivered due to lack of address or indefinite address, or which fails of delivery at the address given. Such service should be centralized at the main office or the point of centralized distribution. The following mail is entitled to directory service:

(2) Registered, insured, c. o. d., special delivery mail of all classes, special handling parcels, and foreign mail except circulars.

(3) All first-class mail from out of town which cannot be properly endorsed "Removed—Left no address."

(4) Transient second-, third-, and fourth-class matter of obvious value (the sender's guarantee to furnish return postage does not entitle to directory service matter of this class which is not otherwise "of obvious value").

(5) Letters from out of town, with or without return cards and not specifically addressed, should be given directory service, and if specific addresses cannot be supplied, should be given general delivery service.

(6) Letters from out of town without return cards and specifically addressed which cannot be supplied with correct addresses by directory service, should be held in the directory section for 1 week, and if unclaimed, treated as dead letters.

(7) Letters from out of town bearing return cards and specifically addressed which cannot be delivered as addressed or cannot be properly endorsed "Removed—Left no address," should be given directory service, and if correct address cannot be supplied, should be returned promptly to the senders.

(8) Letters of local origin without return cards should be given directory service, and if correct addresses cannot be supplied, should be held in the directory section 1 week and then disposed of as dead letters.

(9) Indefinitely addressed first-class matter or other matter of obvious value, apparently intended for delivery on a rural route, shall be examined by an experienced employee having a wide knowledge of rural patrons. If addressee is not known, the mail shall be given directory service, provided a directory listing rural patrons is available. When directory service is not given, the mail shall be examined by each rural carrier before being treated as undeliverable. The carrier, if unable to effect delivery, shall appropriately endorse it as evidence of his examination. At large cities where rural routes emanate from different stations, the examination shall be made only at the station indicated by the local address shown on the matter.

(d) *Mail not entitled to directory service.* (1) Letters of local origin bearing return cards, with or without specific address, shall be returned at once without directory service when they are undeliverable as addressed or a change of address is not on file.

(2) Letters of local origin, without return cards and specifically addressed, properly endorsed "Removed—Left no address," shall be held in the directory section 1 week and then disposed of as dead letters without directory service and without general delivery service.

(3) Letters from out of town bearing return cards and specifically addressed which are properly endorsed "Removed—Left no address," should be returned promptly to the senders without directory service.

§ 43.23 *General delivery service*—(a) *Use of.* Mail bearing as a part of its address the indorsement, "Transient," "To be called for," "General delivery," or other words indicating that it is intended for a transient person, shall be placed in the general-delivery case to be delivered upon application and proper identification, except as hereinafter provided. (See § 43.18.)

(b) *At offices having city or village delivery.* At city and village delivery offices, persons supposed to be residents who call at the general delivery for mail shall be requested to furnish in writing their names and addresses (Form 1527) together with their reasons for desiring to use the general delivery instead of carrier service. Minors shall be required to furnish the same information, as well as the names of their parents or guardians, whose written consent shall accompany the application. (See § 43.29.) The general-delivery privilege shall not be extended to patrons whose mail can be delivered regularly by city or village carrier, except in cases where the reasons assigned are wholly satisfactory to the postmaster.

(c) *At offices not having city or village delivery.* Postmasters at offices not having city or village delivery service may notify the parents of minors in all instances where it appears that such minors are using the general-delivery or post-office boxes for receiving mail under objectionable circumstances.

(d) *Undelivered matter.* Mail with or without sender's return request that is not addressed as indicated in paragraph 1, nor to a post-office box, street, or rural-route number, shall be placed in the general-delivery case when the address cannot be supplied in the directory section (see § 43.22), unless it is addressed in care of a person whose address is known to the distributing clerks or carriers at an office not equipped with a directory.

§ 43.24 *Use of post office boxes*—(a) *Restrictions.* The use of a box shall be restricted to the renter thereof, the members of his household, and those connected with him in business.

(b) *By members of household.* Mail addressed to the members of the household of a box holder, including visitors, servants, and transient and temporary boarders, or in his care, and mail for confidential or official employees may be placed in his box.

(c) *By firm.* A firm renting a box may have placed therein all mail matter addressed to its name and to any of its official employees. By the consent of all the members of a firm any member thereof may have mail addressed to himself or members of his family deposited in the box assigned to the firm's use.

(d) *By corporation, association, or society.* When a box is rented by a corporation, association, or society, mail for its officials may be placed therein.

(e) *By college or public institution.* Mail matter addressed to the students and employees at a college, seminary, or school, who board therein, or to inmates and employees of any public institution, may be placed in the box rented by such college, school, or institution, if consistent with the usage and rules thereof.

(f) *By hotel or boarding house.* Mail addressed to guests or transient boarders at a hotel or boarding house should be placed in the box assigned to such hotel or house, or the proprietor thereof.

(1) Managers of hotels and officers of clubs, boards of trade, and exchanges, should not hold unclaimed mail addressed to their care longer than 10 days, except at the request of the person addressed, and should redirect it for forwarding if the present address is known; otherwise, such mail should be returned to the post office.

(2) With a view to obtaining a more satisfactory and uniform handling of mail at the larger hotels catering to transients, the following instructions should be observed:

(i) An inspection of hotel mail should be made by a post-office employee at least every 10 days. Care should be taken in examining mail to see that all of it is addressed to the hotel inspected.

(ii) Ordinary letters and parcels that have been held for 10 days should be withdrawn, unless the addressee requests that it be held longer.

(iii) No mail should be returned to the post office until reviewed by the hotel clerk, who may hold the mail for future delivery if he has reasons to believe that such future delivery may be effected.

(iv) Mail which cannot be delivered or forwarded by the larger hotels catering mainly to transients, and that which is not retained at the request of the addressee, should be endorsed "Not at hotel" and returned to the post office by the hotel. Such mail should not be accorded directory service. Change of address orders which guests file through the post office or with the carrier should be turned over to the hotel. A supply of Forms 22 and 22–B should be furnished the hotels to be handed to departing guests.

(v) In the case of smaller hotels and those classed as family or apartment hotels, lodging houses, etc., served by city carrier, the handling and forwarding of mail should be the same as that for other patrons on the route.

(vi) Before delivery of registered, insured, or c. o. d. mail to a hotel, it should be ascertained, if practicable, if the addressed has left the hotel and furnished a forwarding order. Such an order, when vouched for by the hotel, may per-

mit forwarding or return of the article before removal from the Postal Service without additional charge for registry, insurance, or c. o. d. fee.

(vii) The hotel should keep a record of registered, insured, and c. o. d. mail which shall show date of receipt, original registration, insurance, or c. o. d. number (except in the case of parcels insured at the minimum fee), name of the post office and State of origin, exact address borne by the article, condition of article if other than good, manner of disposition, and the date of disposal. If an article is delivered, the addressee should be required to sign for it at the time he receives it from the hotel. If the article is forwarded or returned, the complete new address should be recorded by the hotel.

(viii) The hotel record should be checked by hotel employees at frequent intervals with the registered, insured, and c. o. d. mail on hand to secure prompt disposition of such matter and prevent its being stored in the hotel safe or vault and forgotten.

(ix) Registered mail should be kept in a safe; parcels in a vault or safe place. Dated cards bearing addressees' names should be kept in the general-letter case, marked "registered," "insured," "c. o. d." or "parcels," as the case may be. The cards should be withdrawn when delivery is effected.

(x) Mail to be forwarded or returned as registered, insured, or c. o. d. should not be deposited in the ordinary mail. It should be turned over to a postal employee for treatment in accordance with current instructions on the subject.

(xi) In checking for lost mail, different records maintained for all classes of mail should be gone through before signature is taken for nondelivery on claim voucher.

(xii) Complaints or inquiries involving domestic or international registered, insured, or c. o. d. mail should be made at the post office.

(xiii) A complete record should be made by the hotel, if possible, of ordinary parcels received daily and their disposition, showing when forwarded, whether by mail or otherwise, or returned to the sender.

(xiv) Some hotels notify senders of all uncalled for packages after they have been on hand for 10 to 20 days, advising the sender that the parcel is on hand and requesting advice as to its disposition. This keeps their parcel post down to a minimum, resulting in fewer losses and inquiries.

(xv) As changes frequently occur in the personnel of large hotels, it is essential that close touch be kept with the management in the interest of uniform and efficient cooperation. A competent hotel employee is usually in charge of the mail desk, and the procedure to be followed should be explained to him fully, as well as the responsibility involved.

(xvi) The successful operation of this system of handling and checking hotel mail will depend on careful supervision in general by the post office employees concerned. Obviously good judgment will be needed to direct the greater amount of attention to the larger hostelries catering to transients.

(g) *Mail addressed to box number.* Mail addressed merely to the number of a box may be delivered to the holder thereof as long as no improper or unlawful business is conducted in this manner.

(h) *Matter without postage not to be put in box.* Bills and circulars shall not be placed in boxes by postmasters for themselves or anyone else without payment of regular postage thereon.

(i) *Handing out mail from lock boxes.* Postmasters may hand out mail from lock boxes or drawers when the holder or such person as may be authorized to take the mail has forgotten the key or cannot open the box.

§ 43.25 *Delivery of mail addressed to firm or corporation*—(a) *Use of business name.* A person being engaged in a legitimate business and having adopted a business name may when duly identified, receive his mail, registered or ordinary, by that name as well as by his proper name.

(b) *Mail addressed to firm.* Mail matter addressed to a firm may be delivered to any member thereof. Postmasters shall not decide disputes between members of an existing firm as to delivery of its mail. Where the mail has previously been delivered through a box or general delivery such delivery shall be continued; if through carrier the mail shall be handed to any member of the firm.

(c) *Mail addressed to corporation.* Mail matter addressed to a corporation shall be delivered to the agent or officer conducting its correspondence or to the person authorized to receive it.

§ 43.26 *Mail addressed to public officials or officials and employees of firms*—(a) *To public official.* Mail matter addressed to a public official by his official title shall be delivered to the person actually holding the office designated in the address.

(b) *To officer or employee of firm.* Mail matter addressed to an employee or to an officer of a corporation or other firm by his official title (e. g., John Doe, President, John Doe Corporation) shall be delivered in accordance with the order of the corporation or firm.

(c) *To place of employment.* Mail matter addressed personally to the addressee at his place of employment (e. g., Mr. John Doe, Richard Roe Corporation) shall be delivered in accordance with the employee's order. In the absence of an order, such mail may be delivered as though addressed to the employer, unless the employer refuses to receive it.

§ 43.27 *Pension letters*—(a) *Transmission by mail.* Pensions, compensation, insurance, or other allowances or benefits provided for by laws administered by the Veterans' Administration shall be paid by checks drawn, pursuant to certification by the Administrator of Veterans' Affairs, by the Division of Disbursement of, the Treasury Department in such form as to protect the United States against loss without separate vouchers or receipts, and payable by the Treasurer of the United States, except in any case in which the Administrator of Veterans' Affairs may consider a voucher necessary for the protection of the Government. Such checks shall be transmitted by mail to the payee thereof at his last-known address, and the envelope or cover thereof may bear an appropriate notice of the prohibition hereafter set forth in this section.

(b) *Prohibitions from delivery of letters bearing notice thereof.* Postmasters, delivery clerks, letter carriers, and all other postal employees are prohibited from delivering any mail addressed by the United States bearing such notice and containing any such check (except that in the case of checks in payment of allowances and benefits other than pensions, compensation, or insurance, the prohibition shall apply only insofar as the Administrator of Veterans' Affairs deems it necessary to protect the United States against loss), to any person whomsoever, if the addressee has died or removed, or in the case of a widow believed by the postal employee intrusted with the delivery of such mail to have remarried (unless such mail is addressed by the United States in the name which the widow shall have acquired by remarriage); and the postmaster in every such case shall forthwith return such mail with a statement of the reasons for so doing, and if because of death or remarriage, the date thereof, if known. (Sec. 3, 37 Stat. 312, as amended; 38 U. S. C. 50)

NOTE: The word "mail" as used in the law refers to letters containing checks in payment of pension drawn without separate vouchers or receipts, and the word "removed" has reference to removals beyond the delivery of the post office to which the mail is addressed and not to changes of residence or address within the delivery of such office. A temporary absence is not a removal within the meaning of the law.

(c) *Facts about addressee to be ascertained before delivery.* Before delivering a letter the envelope of which bears instructions referring to the act of June 3, 1936 (a provision of which act constitutes paragraph 1 of this regulation), the postal employee intrusted with the delivery of such letter shall ascertain that the addressee is living, has not removed from the delivery of the post office addressed, has not reenlisted in the military or naval service of the United States, is not under guardianship, and, if a widow, has not remarried.

(d) *When and how to be delivered.* If the addressee has not died, reenlisted, removed, or, if a widow, remarried, the letters bearing instructions under the act of June 3, 1936, may be delivered to the addressee, or without his or her written order, to any member of his or her family or household, his or her clerk, servant, or agent who has been in the habit of receiving the addressee's ordinary mail with his or her knowledge and consent, or to any responsible person who presents the addressee's written order, except that in no case shall such mail be delivered to a claim agent, attorney, or broker. Such letters shall not be forwarded to another post office. The postmaster of any office to which such a letter has been inadvertently forwarded shall not effect delivery thereof but shall immediately return such letter to the post office of original address, such return to

be made in post office penalty envelope together with a memorandum referring to the instructions printed on the Treasury Department envelope.

(e) *Letters not bearing instructions.* Letters from the Veterans' Administration, including those from the Disbursing Officer of that office, not bearing such instructions, addressed to a pensioner, a claimant for pension, or a payee of the pension (in whole or in part) of another person, may be delivered to the addressee, to his or her guardian, to the person in whose care they may be addressed, if a responsible person, or to a member of the addressee's family or household, or other person to whom other mail for the pensioner is delivered. They may also be forwarded at the addressee's request. They shall not be delivered to or placed in the box of an attorney, claim agent, or broker, even upon the addressee's written or verbal order or request. They shall not be held for delivery beyond the period given in the card request; and if the addressee has died, they shall be returned immediately with a statement of that fact and the date of death, if known.

NOTE: A payee of the pension of another person may be the wife (not widow) of a pensioner, the guardian of such wife of the pensioner, or his child or children.

§ 43.28 *Mail of husbands and wives.* Neither husband nor wife can control the delivery of matter addressed to the other. When so instructed, a postmaster shall refuse to deliver mail to the husband which is addressed to the wife, or mail to the wife which is addressed to the husband. In the absence of instructions to the contrary the wife's mail should be placed with the husband's and delivered to him with his own, unless they be known to live separately.

§ 43.29 *Mail addressed to minors*—(a) *Control of delivery.* Mail matter addressed to minor children should generally be delivered in accordance with the directions of their father, or, if he be dead, of their mother, unless the minors be under guardianship, in which event their mail shall be delivered as the guardian may direct. If deemed necessary the postmaster may require the directions to be in writing.

(b) *When to be delivered direct.* (1) In the absence of directions from a parent or guardian or one authorized to control the correspondence of a minor, mail matter addressed to such minor shall be delivered to him or her.

(2) Mail matter addressed to a minor who is not dependent upon a parent for maintenance and support, and does not reside with a parent or guardian or with some one in whose charge he may have been placed, shall be delivered to the minor, or in accordance with his instructions.

(c) *When addressee deceased.* Mail matter addressed to a deceased minor who up to the time of decease resided with parents or guardian may be delivered to the parent or guardian; but if the minor left a husband or widow, delivery may be made to him or her.

(d) *At educational institutions.* At colleges and similar institutions, where students have been placed under the charge of the principal by their parents or guardians, and where the rules of the institution provide that the principal shall have control of mail matter addressed to such students as are minors, such mail shall be delivered in accordance with the order of the principal. If, however, the principal has not authority from the parent or guardian to control the mail of the children placed under his care (which authority is understood by an acceptance of the rules, that being one), such mail shall not be delivered to the principal against the wishes of the scholar.

§ 43.30 *Mail for persons adjudicated of unsound mind.* Mail addressed to a person who has been adjudicated of unsound mind shall be delivered in accordance with the directions of his duly appointed guardian. In the absence of such directions, it should be delivered as addressed.

§ 43.31 *Mail addressed to deceased persons*—(a) *Persons entitled to delivery.* Mail matter other than pension mail addressed to a deceased person shall be delivered to the executor or administrator of his estate; if there be none, delivery may be made to the surviving husband or wife unless there be other claimants. If a person other than the executor, administrator or surviving spouse claims the right to receive mail of a deceased person, the postmaster shall report the facts with a written statement from the claimant to the Solicitor and await his instructions. If there are conflicting claims for such mail, the postmaster should proceed as provided in § 43.35.

(b) *When there is no claimant.* When there is no executor, administrator, surviving husband or wife, and no other claimant establishes his right to receive the mail of a deceased person, the mail should be marked "deceased" and returned to the sender; or if the sender is unknown, the mail should be sent to the proper dead letter branch, with the return of unclaimed matter, with a statement of the facts. (See § 45.2.)

§ 43.32 *When business transferred or corporation dissolved*—(a) *Dissolution.* Mail matter for a dissolved corporation shall be delivered to the receiver or other legal representative authorized to settle its affairs.

(b) *Assignment, receivership, or bankruptcy.* When the business of a firm, corporation or individual has passed into the hands of an assignee, receiver, or trustee in bankruptcy, the mail matter of such firm shall be delivered to the assignee, receiver, or trustee in the following cases:

(1) Where a copy of the assignment is filed with the postmaster and it authorizes the assignee to receive the mail.

(2) Where a copy of the Order of Court authorizing the receiver or trustee to receive the mail is filed with the postmaster.

(3) Where the members of the firm or the officers of the corporation to whom the mail is addressed consent that the receiver or trustee shall receive it, or fail to object when notified that the receiver or trustee has claimed it.

(c) *Sale or dissolution of a business.* When a business is sold or dissolved no change should be made in the manner of delivering the mail in the absence of directions by either of the parties. If the parties give conflicting directions regarding the delivery of mail or it is manifestly improper to continue to deliver it in the same manner as before, the postmaster shall deliver the mail to the party entitled to receive it under the agreement of sale or dissolution.

(d) *Reference to the Solicitor.* If the postmaster is in doubt as to the party properly entitled to receive the mail under this section, he shall request instructions from the Solicitor in the manner provided in § 43.35.

§ 43.33 *Court orders affecting delivery of mail.* When mail matter is claimed by different persons and suit is instituted between them to determined their rights thereto, any order of the court affecting the delivery of the mail shall be obeyed.

§ 43.34 *When more than one business has same name.* Attempts to secure the mail of an established house, firm, or corporation through the adoption of a similar name shall not be recognized. When disputes arise between individuals, firms, or corporations as to the use of a name or designation, matter addressed to a street, number, or building shall be delivered according to such address. When not so addressed, the mail shall be delivered to the firm or corporation which first adopted the name of the address at that place, except when a dispute exists as to the right of that firm or corporation to receive mail under the name in question.

§ 43.35 *Disputes over mail matter*—(a) *Withholding delivery of mail in dispute.* Whenever a dispute arises as to which patron is entitled to the delivery of any mail, the postmaster shall retain the disputed mail until the proper disposition of the mail is determined.

(b) *Receiver for mail.* When patrons make conflicting claims to mail matter and no other agreement can be reached as to its proper delivery, the postmaster shall request the parties to agree on a receiver for the disputed mail.

(c) *Reference to the Solicitor.* When patrons disputing the right to receive the same mail matter do not agree upon a receiver, the parties shall be required to submit to the postmaster written statements as to the grounds of their claims. Such statements shall be supported when possible by the documents or copies of documents (e. g., contracts, assignments, court orders) upon which the parties rely. If after receipt of the statements of the parties, the postmaster is in doubt as to the proper disposition of the mail, he shall submit the statements of the parties together with a full report of his own to the Solicitor. On the basis of the papers submitted, the Solicitor will determine the proper disposition of the disputed mail.

§ 43.36 *Packages of second-class matter*—(a) *Delivery of separate copies.* When bulk packages of second-class matter are received at any post office, addressed thereto, they shall be opened and the separate copies of the publication contained in such packages shall

be delivered according to the addresses thereon. (See §§ 34.45 to 34.47, and 34.62.)

(b) *For club subscribers, names to be written on separate copies.* When a package of second-class matter, intended for a club of actual subscribers at any except a letter-carrier office, is addressed to one of the members of such club, the addressee may call at the post office and write addresses on the single copies, which shall be delivered without payment of additional postage (see § 34.62); but the package cannot be taken away from the post office and the copies returned again for delivery or transmission in the mails unless additional postage is paid at the rate for transient matter of the second class (see §§ 34.45 to 34.47).

§ 43.37 *Letters "Opened by mistake"*—(a) *Treatment of.* When a letter intended for one person is delivered to another of the same name and returned by him, the postmaster shall reseal the letter in the presence of the person who opened it and request him to write upon it the words "Opened by me through mistake," and sign his name; the letter shall then be replaced in the post office. If the person who opens the letter is unable to sign his name, the postmaster shall make the indorsement and have the person sign by "mark" in presence of a witness.

(b) *Considered as sealed matter.* A letter opened by mistake shall be treated until its proper delivery as though it were sealed. Postmasters shall not examine the contents of such letters, but shall confine themselves to the information upon the envelope or wrapper.

§ 43.38 *Valuable letters received from dead-letter branch*—(a) *Treatment in delivery.* When dead letters containing money or other valuable matter are received from a dead letter branch, for delivery to the owners, diligent effort shall be made to deliver them to the proper persons. Such letters shall be treated as if under seal, and postmasters and their employees shall maintain the strictest secrecy as to their contents. No exchange shall be made for other funds of any money therein contained.

(b) *Disposal if undeliverable.* If letters received from a dead letter branch, containing money or other valuable matter cannot be delivered, after holding them 30 days from date of receipt, the reason for nondelivery shall be endorsed on the circular which accompanies each letter, and they shall be returned to the dead letter branch. Such letters shall be entered on one list, which shall be sent in duplicate, giving the record letter, number, and book. The package shall be endorsed "Dead registered matter from_____" (here add name of post office), and be addressed to the proper dead letter branch. (See § 60.19 as to manner of sending registered matter to a dead letter branch; § 45.1 as to points where undelivered matter should be sent.)

(c) *Registry of.* Letters containing articles of value, not money, shall not be registered on return unless they were received registered. No other letters shall be sent in the same package.

(d) *Not to be forwarded without permission.* Dead letters containing money or other valuable matter received from a dead letter branch for delivery shall not be forwarded to another post office without special permission of that branch. If the whereabouts of the owner be known, the letter shall be returned immediately to that branch, as provided in paragraph (b) with full information.

(e) *When received registered from dead letter branch.* Mail matter received under registered cover from a dead letter branch shall be handled as registered matter until finally disposed of, regardless of whether or not the piece of mail matter transmitted was registered when originally deposited in the mails. Postmasters of offices failing to do this will be held personally responsible for losses resulting therefrom.

§ 43.39 *Return of unclaimed card and request letters*—(a) *Collection of postage due.* Unclaimed card and request letters, prepaid one full rate but not wholly prepaid, shall, when returned to the office of mailing, be delivered to the sender, and the amount of postage due thereon collected. (See § 43.44.)

(b) *When bearing card of hotel or institution.* Unclaimed letters bearing the card of a hotel, school, college, or other public institution returned to the office of mailing in accordance with a special request thereon shall be presented to the hotel, school, college, or other institution, and if the writer or his address is unknown such letters shall be treated as other undeliverable matter.

§ 43.40 *Delivery of certain nonmailable matter reaching office of destination*—(a) *Authorization.* * * * If any matter excluded from the mails (§§ 34.73 and 35.2), except that declared nonmailable by 18 U. S. C. 1717 (see §§ 36.2 and 43.17) shall, by inadvertence, reach the office of destination, the same shall be delivered in accordance with its address. The party addressed shall furnish the name and address of the sender to the postmaster at the office of delivery, who shall immediately report the facts to the Postmaster General. If the person addressed refuse to give the required information, the postmaster shall hold the package subject to the order of the Postmaster General. * * * (Sec. 21, 20 Stat. 360, as amended; 39 U. S. C. 243)

(b) *What may or may not be delivered; reports.* All improperly wrapped mailable matter, all matter not absolutely excluded from the mail, but which from its form and nature is liable to destroy, deface, or otherwise damage the contents of mail bags, or harm the person of anyone engaged in the Postal Service (see §§ 35.13, 35.19, and 35.22 to 35.26, inclusive), all matter in excess of the weight prescribed by law (see § 35.2), upon which postage is paid for its full weight, and all matter exceeding the size prescribed by law (see §§ 34.73 and 34.74), which inadvertently reaches the office of address, shall be delivered under the provisions of the preceding statute. In such cases reports shall be made, giving the date and office of mailing and the names and addresses of the sender and addressee, reports concerning matter liable to injure or destroy being sent to the Second Assistant Postmaster General, Surface Postal Transport, and reports relative to matter exceeding the limit of weight or size to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail. Intoxicating liquors, poisons, explosives, and articles harmful and dangerous to handle absolutely excluded from the mails under § 35.13 of this chapter shall not be delivered, but shall be held intact and report thereof made to the inspector in charge of the division in which the office of mailing is located. Instructions as to the disposition of such matter will be issued by the inspector in charge.

§ 43.41 *Advertising of nondelivered letters*—(a) *Method.* The Postmaster General may direct the publication of the list of nondelivered letters at any post office by written list posted in some public place, or, when he shall deem it for the public interest, he may direct the publication of such list in the daily or weekly newspaper regularly published within the post-office delivery which has the largest circulation within such delivery, and where no daily paper is published within the post-office delivery, such list may be published in the daily newspaper of any adjoining delivery having the largest circulation within the delivery of the post office publishing the list; and in case of dispute as to the circulation of competing newspapers, the postmaster shall receive evidence and decide upon the fact. Such list shall be published as frequently as the Postmaster General may deem proper, but not oftener than once a week. (R. S. 3930; 39 U. S. C. 401)

(b) *Letters addressed to foreign-born persons.* The list of nondelivered letters addressed to foreign-born persons may be published in a newspaper printed in the language most used by them, which shall be selected in the manner prescribed in paragraph (a) of this section. (R. S. 3931; 39 U. S. C. 402)

(c) *Posting of list.* Every postmaster shall post, in a conspicuous place in his office, a copy of each list of nondelivered letters immediately after its publication. (R. S. 3933; 39 U. S. C. 403)

(d) *Payment for publishing.* The compensation for publishing the list of nondelivered letters shall in no case exceed one cent for each letter so published. (R. S. 3934; 39 U. S. C. 404)

(e) *Additional charge on advertised letters.* All letters published as nondelivered shall be charged with one cent in addition to the regular postage, to be accounted for as part of the postal revenue. (R. S. 3935; 39 U. S. C. 405)

(f) *Matter not to be advertised.* Unclaimed domestic and foreign matter shall not be advertised.

RETURN AND DISPOSAL OF UNCLAIMED MATTER

§ 43.42 *Period of detention of undelivered matter in post office.* The Postmaster General may regulate the period during which undelivered letters and parcels of the first class shall remain in any post office and when they shall be returned to the Dead Letter Office; * * *. (R. S. 3936, as amended; 39 U. S. C. 406)

§ 43.43 *Return of undelivered letters*—(a) *Bearing return card.* When the writer of any letter on which the

postage is prepaid shall indorse on the outside thereof his name and address, such letter shall not be advertised, but, after remaining uncalled for at the office to which it is directed the time the writer may direct or the Postmaster General prescribe, shall be returned to the writer without additional charge for postage, and if not then delivered, shall be treated as a dead letter. (R. S. 3939, as amended; 39 U. S. C. 409)

(b) *Limitations.* The writer's card request for the holding of a letter for a period shorter than 3 days or longer than 30 days shall be disregarded, except that a special-delivery letter bearing the specific request that it be returned to the writer if immediate delivery cannot be effected shall be so returned.

(c) *Holding time changed by sender.* The sender of a letter bearing a specific return request may by subsequent written instruction to the postmaster at the office of delivery lengthen or shorten the time originally allowed for delivery, but no letter shall be returned in less than 3 days (except as provided in § 42.23 as to the recall of mail) nor held for delivery more than 30 days.

(d) *Addressee's request for retention not valid.* Mail matter of the first class bearing the sender's return request shall be returned at the expiration of the time specified in the request, regardless of instructions from the addressee for the retention of his mail. Such matter placed in a patron's rented post office box shall not be returned, except such as is in a box when it is declared vacant.

(e) *When sender's return request to be disregarded.* First-class, ordinary mail, specifically addressed to street and number, building, rural route, or post-office box, bearing the sender's return request, which cannot be delivered as addressed shall be given directory service; and if addresses, the correctness of which is reasonably certain, are not found, such mail shall be returned at once to the senders without regard to the number of days specified or implied by the return cards thereon. Such mail shall not be placed in the general delivery nor held to await call. Undeliverable mail received at fourth-class offices addressed to a person in care of another person not bearing a specific address such as street and number, building, rural route, or post office box, shall be retained in compliance with the return card the same as general delivery mail.

§ 43.44 *Return of card letters*—(a) *When time not specified.* Ordinary mail of the first class (except that described in § 43.43 (e) and postal cards and post cards), bearing the name and address of the sender without a request specifying a number of days, which after proper service remains undelivered shall not be advertised but shall be returned to the sender at the expiration of:

(1) Five days if intended for delivery by village or rural carrier.

(2) Ten days if intended for general delivery service at an office having city carrier service.

(3) Fifteen days from offices not having city carrier service unless intended for delivery by village or rural carrier.

(b) *Official mail.* Unclaimed official mail sent under penalty envelope or label or the frank of a Member of Congress and unclaimed reports and bulletins sent out from State agricultural colleges (in accordance with § 37.18) and from agricultural experiment stations (as provided in § 37.20 (c)) shall be returned to the office of mailing if it is known. If the office of origin cannot be ascertained, such mail shall be returned to the post office at Washington, D. C.

(c) *Drop letters.* A request upon a drop letter for its return to the writer at another post office shall not be complied with unless the letter is prepaid with one full rate of postage.

(d) *Letters of hotels and institutions.* An unclaimed letter bearing the card of a hotel, school, or college, or other public institution printed upon the envelope as an advertisement shall not be returned unless the card includes a printed or written request for return.

(e) *Letters opened inadvertently.* If a prepaid letter bearing a return card is opened inadvertently or upon a wrong delivery and is undeliverable, it shall be returned to the writer without additional charge. (See § 43.37.)

(f) *Short-paid letters.* An undelivered letter or other matter of the first class bearing a return card and prepaid one full rate, but not wholly prepaid, shall be returned to the mailing office to be delivered to the sender upon his payment of the postage due.

(g) *Indorsement of reason.* Every piece of domestic first-class mail returned in accordance with the sender's return card shall bear on its face an indorsement of the reason for its return, as prescribed by § 43.49, and shall also be indorsed "Returned to writer," and bear a postmark showing the date of return and the name of the post office from which returned. The original address shall be canceled, but shall not be obliterated or rendered illegible.

(h) *Mail from White House or Congress.* Undeliverable mail bearing the card of the White House, the Speaker's room (House of Representatives), the United States Senate, or of the House of Representatives, with or without postage stamps affixed, shall be returned direct to the Washington, D. C., post office.

§ 43.45 *Undeliverable postal and post cards*—(a) *Those which may be returned to sender.* Unpaid, misdirected, unmailable, and unclaimed domestic postal cards and post cards, whether single or double and whether addressed for local delivery or otherwise, shall be returned to the sender only when they bear his return card in the upper left corner of the address side, together with a pledge to pay return postage. Such cards bearing the sender's return card and pledge to pay return postage shall be returned charged with postage due at the rate of 1 cent each, to be collected on delivery, as provided in § 43.48. This applies regardless of whether in the case of double cards postage has been prepaid on the reply portion. Care shall be taken in indorsing and returning double cards not to deface or destroy the unused half.

(b) *Disposal of others.* All other undeliverable domestic cards, except those bearing printed or circular matter, shall be held for reclamation 2 weeks and then, if not delivered, shall be destroyed or disposed of as waste by postmasters, except that such as are obviously obscene or scurrilous under the provisions of §§ 36.2 and 36.3 or 36.4 of this chapter shall be sent to the Post Office Inspector-in-Charge of the Division in which the office of mailing is located with a statement of the facts connected therewith (see § 42.18), and those that bear uncanceled postage stamps shall be sent to the proper dead letter branch. Before being disposed of as waste, the written communications on undeliverable cards shall be canceled or mutilated so as to prevent the improper use of the correspondence. Undeliverable domestic cards bearing printed or circular matter which are not returnable under the provisions of paragraph (a) of this section shall be disposed of at once by postmasters as waste.

§ 43.46 *Disposal of unclaimed printed matter*—(a) *Authority for.* The Postmaster General may provide, by regulations, for disposing of printed and mailable matter which may remain in any post office, or in the department, not called for by the party addressed; but if the publisher of any refused or uncalled-for newspaper or other periodical shall pay the postage due thereon, such newspaper or other periodical shall be excepted from the operation of such regulations. (R. S. 4061; 39 U. S. C. 411)

(b) *Matter without value to be treated as waste paper.* Domestic printed matter, obviously without value, including printed single postal cards, and post cards, and double post cards not having postage prepaid on reply portion, which are not returnable under the conditions prescribed in § 43.45 (a), shall not be sent to a dead letter branch when unclaimed, except that upon which postage is due, but shall be disposed of as waste paper, and the proceeds accounted for as other postal revenue. (See § 7.24.)

NOTE: Printed matter of obvious value means such as sheet music, pictures, photographs, books, or pamphlets likely to be of any special use or value to the addressee.

§ 43.47 *Disposal of undeliverable perishable matter*—(a) *By sale.* Under such regulations as the Postmaster General may prescribe, undeliverable parcels containing perishable matter may be sold and the amount realized, less a commission of 10 per centum, but in no case less than 15 cents, shall be remitted to the sender or other rightful owner. (Sec. 1, 46 Stat. 264; 39 U. S. C. 261)

(b) *When may be sold*—(1) *Procedure.* Undeliverable parcels containing live day-old poultry, dressed poultry, fresh meats, fish, vegetables, fruits, berries, cut flowers, nursery stock, eggs, hides and pelts, or other perishable articles, may, when there is insufficient time to forward them to the addressee at a new address or return them to the sender before the contents would spoil (72 hours from time of hatching with respect to live day-old poultry—see § 35.24) be disposed of by postmasters by sale through competitive bidding. Postal employees are strictly forbidden to submit bids at such sales nor shall bids be accepted from or on behalf of the original addressee of

such perishable article or articles. The amount realized, less a commission of 10 percent, but in no case less than 15 cents, shall be remitted to the sender or other rightful owner, or the net amount realized may be delivered at any time within 2 weeks to the sender, original addressee, or such other person as may be the rightful owner, or on his written order, and a receipt obtained therefor. In case of doubt as to the rightful owner of the proceeds, instructions shall be obtained from the Department. If at the expiration of that period the net proceeds remain unclaimed, such money shall be deposited with other postal funds and accounted for as miscellaneous receipts.

(2) *Postage-due stamps for commission retained.* Postage-due stamps representing the amount retained as a commission for the sale of the articles—that is, 10 percent of the proceeds, but in no case less than 15 cents—shall be affixed to the parcel or to a tag or sheet of paper attached to the article, canceled and delivered with the matter to the purchaser.

(c) *When cannot be sold.* In case articles of a perishable nature, with the exception of hides and pelts, cannot be sold through competitive bidding they may be delivered to the proper local municipal authority to be distributed to hospitals, asylums, or other charitable or reformatory institutions. If there is no such municipal authority, the matter may be delivered to any charitable institution or organization making application therefor; otherwise it shall be destroyed.

(d) *Destruction when offensive or injurious.* Perishable matter shall be delivered as promptly as possible, but if such matter cannot be delivered or sold and becomes offensive and injurious to health, postmasters may destroy it, or the injurious or offensive portion thereof. Under no circumstances shall such perishable matter be sent to a dead letter branch or to post offices at division headquarters of the Railway Mail Service.

(e) *Record of undeliverable perishable matter.* Postmasters shall keep a complete record of the receipt and disposition made of each piece of undeliverable perishable matter, in order that they may furnish at any time statistical information showing the number of perishable parcels sold, the proceeds therefrom, the amount retained by the Postal Service as commission, and the class of each parcel involved—that is, whether ordinary, insured, or c. o. d.

(f) *Samples of merchandise.* Undeliverable samples of merchandise sent for advertising purposes, such as tooth paste, shaving soap or cream, toilet soap, hair tonic, needles, lead pencils, polishes, paints, or articles of a like character having a salable value, shall be sent to post offices at division headquarters of the Railway Mail Service (except Cleveland, Ohio, and Pittsburgh, Pa.). They shall be listed on Form 1522 as one item, giving the number of articles and the name and address of each sender. Those of no salable value shall be destroyed and no record kept of their disposal.

(g) *Insured and c. o. d.* When the matter is insured or c. o. d., appropriate office record shall be made showing the full particulars of the parcel and, if sold, the amount obtained, disposition made thereof, and the necessity for the sale. The postmaster at the office of mailing or of address, as may be appropriate, or both, if the matter is disposed of in transit, shall be advised in detail of the action taken and the reason for such action, and they shall make proper notation on their office records. In the event of the filing of claim for indemnity covering any such insured or c. o. d. parcel, postmasters shall see that a full statement of the facts accompanies the claim papers for transmission to the duly designated paying postmaster or the department as may be appropriate.

§ 43.48 *Return of second-, third-, and fourth-class matter*—(a) *Charged with return postage.* Under such regulations as the Postmaster General may prescribe, fourth-class matter of obvious value which is of a perishable nature may * * * when * * * undeliverable to the addressee * * * be returned to the sender charged with the return postage. Other undeliverable matter of the second, third, and fourth classes * * * may be returned to the sender charged with the return postage, when it bears the sender's pledge that the postage for * * * return will be paid, such postage to be collected on delivery, but when the sender refuses to furnish such postage in accordance with his pledge, the acceptance from him of further matter bearing such pledge may be refused. (Sec. 4, 30 Stat. 344, as amended; 39 U. S. C. 276)

(b) *Not returned until postage fully prepaid.* Except as provided in paragraph (a) of this section, and § 34.63 (a) second-, third-, and fourth-class mail matter [except that of the second, third, and fourth classes bearing the sender's pledge to pay the return postage] shall not be returned to sender or remailed until the postage has been fully prepaid on the same. In all cases where undelivered matter of the second class is of obvious value [and does not bear the sender's pledge to pay the return postage], the sender, if known, shall be notified of the fact of nondelivery, and be given the opportunity of prepaying the return postage. In all cases when undelivered mail matter of the third and fourth classes is of obvious value [and does not bear the sender's pledge to pay the return postage and is not perishable], the sender, if known, shall be given the opportunity of prepaying the return postage or accepting delivery to himself or upon his order, at the office where it is held, upon the payment of 1 cent postage for each card notice given him, under such regulations as the Postmaster General may prescribe. (Sec. 4, 30 Stat. 444, as amended; 39 U. S. C. 278)

(c) *Matter bearing sender's pledge and perishable matter of obvious value*—(1) *Collection of postage due.* Undeliverable matter of the second, third, and fourth classes which bears the pledge of the sender that postage for its return will be paid, and undeliverable fourth-class matter of obvious value which is of a perishable nature, shall be returned to the sender rated with the postage chargeable for its return, such postage to be collected by means of postage-due stamps on delivery of the matter to the sender. Such matter as has first been forwarded from the office of the original address under the provisions of § 43.12 (d), without prepayment of the forwarding postage, is chargeable, when returned to the sender, with the postage for such forwarding, in addition to that required for its return, both to be collected on delivery of the matter as herein provided.

(2) *Manner in which sender's pledge should be indicated.* When the sender of matter of the second, third, or fourth class desires, in case it is undeliverable as originally addressed, that it be forwarded to the addressee or to some other designated person at another post office or that it be returned to the sender and the forwarding or return postage, or both, collected on delivery, he shall place on the matter an appropriate pledge that such postage will be paid. The pledge shall be placed immediately under the sender's return card, which the matter shall bear in every case, in the upper left corner of the address side, or on one of the outside covers of unwrapped copies of second-class publications. When the sender refuses to pay the forwarding or return postage in accordance with his pledge, report of all the facts shall be made to the Third Assistant Postmaster General, Division of Newspaper and Periodical Mail, in the case of second-class matter, and in the case of other classes to the Division of Letter and Miscellaneous Mail, but acceptance of further matter bearing such pledge shall not be refused until specific instructions to do so are received.

(d) *Rates of postage for return.* The rates of postage for the return of matter of the second class bearing the pledge of the sender to pay return postage are provided in § 34.63 of this chapter; of the third class, 2 cents for the first 2 ounces or fraction thereof and 1 cent for each additional ounce or fraction thereof, except that the rate on books, catalogues, seeds, cuttings, bulbs, roots, scions, and plants is 1½ cents for each 2 ounces or fraction thereof, up to and including 8 ounces; and of the fourth class, the rates prescribed in §§ 34.75 to 34.84 of this chapter, inclusive. In every case postage shall be computed on each separately addressed piece.

(e) *Matter not bearing sender's pledge.* The rate of postage for the return of second-class publications not bearing the pledge of the sender to pay return postage is the transient second-class rate (see § 34.42), except as provided in § 34.63 (e) of this chapter. Matter of the second, third, and fourth classes which does not bear the pledge of the sender to pay return postage, except perishable matter of the fourth class of obvious value, shall not be returned until the postage for such return shall have been prepaid. When such matter of obvious value bearing no pledge, except perishable fourth-class matter, is undeliverable, the postmaster shall notify the sender of that fact by card notice (Form 3540) and give him an opportunity to furnish the return postage or, in the case of third- and fourth-class matter, to withdraw the matter, if he so prefers, from the mails (either himself or

through some person authorized by him) at the office where it is held, upon payment of 1 cent postage for each card notice sent him. When postage shall have been furnished for the return of matter as herein provided, the postmaster shall affix the necessary stamps to each separately addressed piece, cancel the stamps, make the necessary change in address, and promptly return the matter. If the sender prefers to withdraw the matter and pay 1 cent postage for each notice furnished him, the stamp representing such postage shall be affixed to the matter itself when withdrawn, and be canceled by the postmaster.

NOTE: There is no provision of law by which the sender of undeliverable second-class matter may withdraw it in this manner from the mails at the office of address.

(f) *At letter-carrier offices.* Under the foregoing provisions undeliverable matter of the third and fourth classes addressed for local delivery at the office of mailing shall not be returned to the sender by letter carrier, or by rural carrier, without a new payment of postage on each piece at the rate chargeable thereon, as stated in paragraph (d) of this section.

(g) *At terminal offices.* Undeliverable "nixie" matter of the second, third, and fourth classes of obvious value received at a terminal office from railway postal clerks shall at once be returned to the sender, if known, without additional charge for postage. Such matter shall be properly indorsed to show the reason for its return. If the sender is unknown or the matter is not of obvious value, it shall be treated as if the office receiving it were the post office of original address.

(h) *Period of holding.* When a notice concerning undeliverable matter of the second, third, or fourth class, of obvious value, has been sent as provided in this section, the postmaster shall hold such matter not longer than 2 weeks, unless the office of mailing be so remote from the office of address than a response could not be received from the sender within that time, in which case the matter shall be held not exceeding 4 weeks; except that 6 weeks may be allowed for the notice to be dispatched and returned between any post office in the Territory of Hawaii and any other United States post office outside the Territories of Hawaii and Alaska, and 90 days for such service between any post office in the Territory of Alaska and any other United States post office not in the same Territory.

(i) *Definition of "obvious value."* Matter of obvious value within the meaning of this section is such as the postmaster may so regard, all registered, insured, and c. o. d. matter, and such as bears the pledge of the sender that postage for its forwarding and return will be furnished. Copies of second-class publications shall ordinarily be considered as being of obvious value only when they bear the pledge of the sender to pay return or forwarding and return postage.

(j) *Undeliverable third- and fourth-class matter which cannot be returned.* Undeliverable matter of the third and fourth classes of obvious value which cannot be returned to the sender under the provisions of this section shall be sent to the post office at the headquarters of the division of the Railway Mail Service (except Cleveland, Ohio, and Pittsburgh, Pa.) that includes the State, Territory, or part of a State in which the office of detention is located, except that such matter detained at offices in the lower peninsula of Michigan shall be sent to the postmaster at Chicago, Ill.

NOTE: Matter detained at post offices in Pennsylvania will be sent to the dead parcel post branch at New York; and such matter detained at post offices in Ohio shall be sent to the dead parcel post branch at Cincinnati.

(k) *Matter for foreign countries posted in violation of law or treaty.* Mail matter addressed to foreign countries, posted in violation of law or treaty stipulation and bearing a return address, shall be returned at once without charge to the sender with reason for return properly endorsed thereon. All such matter without return address, except that of the first class in letter form, shall be listed on Form 1522 and dispatched to the proper dead parcel post branch, where it shall be treated and finally disposed of in the same manner as ordinary domestic matter: *Provided, however,* That matter of foreign address which is found to be undeliverable and of obvious value shall be held in the dead parcel post branch 6 months awaiting reclamation. (Sec. 4, 30 Stat. 444, as amended; 39 U. S. C. 276, 278)

CROSS REFERENCE: See §§ 42.16 and 42.17 as to return of matter to sender before dispatch where postage is unpaid, or the matter is misdirected, without payment of new postage; § 43.12 (note) as to sending local matter redirected to new address without new postage; § 114.2 as to insufficiently prepaid matter addressed to foreign countries; § 45.15 (e), for postage charges on parcels returned by dead parcel post branches.

§ 43.49 *Reason for nondelivery to be endorsed on articles.* (a) Upon every undelivered article of mail matter shall be endorsed or stamped the reason for nondelivery, using a term that is applicable and easily understood, such as: "Moved—no address," "Unknown at address," "No such number," "No such street," "Refused," "Deceased," "Firm dissolved—no order," "In dispute," "House quarantined," or such other term as clearly explains the failure of delivery; and when no other reason can be ascertained the matter should be endorsed "Unclaimed." At offices having city or village delivery service, mail properly distributed to a carrier, but which he is unable to deliver, shall be endorsed by the carrier with the correct reason for nondelivery and the endorsement shall include the initials of the carrier and the number of the route served by him. In endorsing or stamping undelivered matter the original address or postmark shall not be defaced or obscured.

(b) Mail the further handling of which is to be at the office to which addressed should be treated as directed in paragraph (a) of this section except that initials of the carrier and the number of his route may be omitted.

§ 43.50 *Return of matter bearing postage-due stamps.* When at letter-carrier post offices matter to which postage-due stamps have been affixed is returned to sender, the provisions of § 43.16 relating to postage-due bill shall be observed.

PART 44—LOSS, RIFLING, DAMAGE, OR OTHER MISTREATMENT OF MAIL MATTER; INQUIRIES, COMPLAINTS, AND INVESTIGATIONS; REQUESTS FOR AND FAILURE TO RECEIVE RETURN RECEIPTS; AND COLLECTIONS FROM POSTAL EMPLOYEES AND MAIL CONTRACTORS

Sec.

44.1 Complaints, of loss, rifling, damage, or other mistreatment of mail.
44.2 Complaints on domestic registered mail.
44.3 Inquiries on insured mail exchanged with Canal Zone.
44.4 Report of loss or rifling of domestic mail, except registered.
44.5 Preliminary inquiries as to loss or rifling.
44.6 Inquiries on insured and ordinary Canal Zone mail.
44.7 Report of damage of domestic insured or c. o. d. mail.
44.8 Report of missending, delay, or damage of ordinary mail.
44.9 Wrong delivery or tampering with domestic mail, except registered.
44.10 Domestic parcels devoid of contents.
44.11 Report of damage of mail or equipment in R. M. S.
44.12 Investigation of losses and irregularities by Chief Inspector.

AUTHORITY: §§ 44.1 to 44.12 issued under R. S. 161, 396, 3926 (as amended), sec. 8, 37 Stat. 558 (as amended), secs. 304, 309, 42 Stat. 24, 25, sec. 3, 47 Stat. 340, 45 Stat. 1177, 48 Stat. 992; 5 U. S. C. 24, 25, 39 U. S. C. 244, 246a, 246d, 381, 384a.

§ 44.1 *Complaints of loss, rifling, damage, or other mistreatment of mail—*(a) *Handling of.* Postmasters and other postal officers shall report in the manner outlined in this chapter and in §§ 118.1 to 118.12, of this chapter, every complaint made to them, and they shall encourage the filing of and accept complaints of the loss, rifling, damage, or other mistreatment of mail matter, regardless of class, kind or contents. Complaints of delay and damage to, wrong delivery of, and tampering with mail shall be disposed of by correspondence, but complaints of the loss or rifling of mail matter shall be reported on Form 1510, which, except in case of firm mailers to whom the forms have been supplied in quantities, shall be executed by postal employees. Instances not mentioned herein or in §§ 118.1 to 118.12, of this chapter, shall be reported by letter to the bureau of the department having jurisdiction of the subject involved. (See §§ 1.9 to 1.16, inclusive.)

(b) *Unauthorized settlements and concealments of knowledge forbidden.* Postmasters and other postal officers shall not make, nor attempt to make settlements in whole or in part direct with patrons of the Postal Service on account of loss, rifling, damage, or other mistreatment of mail matter unless specially authorized to do so. They shall not conceal from the department or its representatives entitled to the information any known facts or circumstances concerning a depredation upon or loss of mail matter. They shall take no action which may forewarn persons who may have had access to lost or rifled mail or

may be suspected of committing depredations that irregularities have been reported or made the subject of inquiries.

(c) *Inquiries not to be addressed by postmasters to Canal Zone.* Postmasters (except postmasters at United States exchange offices when specifically authorized) shall refrain from addressing inquiries to postmasters or other postal officers in the Canal Zone regarding the alleged loss, rifling, damage, wrong delivery, or other improper treatment of mail matter by postal employees.

(d) *Extraordinary loss or damage.* All cases of extraordinary loss or destruction of mail matter, as well as any accident, occurrence, or depredation of consequence requiring the immediate attention of inspectors, shall be reported promptly by telegram, if possible, to the inspector in charge of the proper division. (See § 25.12 as to the burglary of a post office.) Also an immediate report by letter shall be made to the same inspector in charge, giving, if possible, all the facts and circumstances connected with the irregularity. Full particulars regarding registered mail lost or rifled shall be reported, and if the loss includes the mail key the number shall be given. (See § 99.32.) The inspector in charge shall, when the circumstances warrant, report the matter to the Chief Inspector by telegraph.

§ 44.2 *Complaints on domestic registered mail*—(a) *Delay.* Complaints concerning the delay of domestic registered mail, including that exchanged with the Canal Zone, shall be reported to the Third Assistant Postmaster General, Division of Registered Mails. These reports shall be made by letter, and the envelope or wrapper shall be submitted if possible.

(b) *Loss, rifling, damage, or wrong delivery*—(1) *Report, to whom.* Loss, rifling, damage, or wrong delivery of, and tampering with domestic registered mail (see subparagraph (3) of this paragraph as to Canal Zone) shall be reported to the inspector in charge of the division in which the irregularity occurred if known; otherwise to the inspector in charge of the division in which the office of mailing is located. Where it is apparent in a case of wrong delivery that no loss is involved, report shall be made to the Third Assistant Postmaster General, Division of Registered Mails, rather than to the inspector in charge.

(2) *Report, how.* Complaints of loss or rifling of domestic registered mail at all classes of offices shall be reported on Form 1510 in duplicate. At offices of the first and second classes claims for indemnity for domestic registered mail shall be made on Form 565, in addition to the report on Form 1510, and at such offices complaints of other than loss or rifling, where indemnity is not claimed, shall be reported by letter. (See paragraphs (a) and (b) (1).) Offices of the third and fourth classes will report complaints, other than loss or rifling and any claims for indemnity, by letter. The inspector in charge will issue necessary instructions on receipt of claims by letter from offices of the third and fourth classes. Whenever available, the envelope or wrapper shall be submitted, and in cases of damage, the damaged contents and packing material shall be retained, if practicable, until the investigation is completed.

(3) *Canal Zone.* Where Canal Zone is involved, the procedure prescribed in § 118.1 or § 118.2 of this chapter (registered), as the case may be, shall be followed. (See also note under § 118.1.)

§ 44.3 *Inquiries on insured mail exchanged with Canal Zone.* Inquiries concerning insured mail exchanged with the Canal Zone shall be executed on Form 3812, and at the same time, if prima facie loss or rifling is indicated, Form 1510 shall be executed. Form 3812 shall be transmitted to the Third Assistant Postmaster General, Division of Registered Mails, and Part II of Form 1510, endorsed to show the date of reference of Form 3812 to the foregoing official, shall be sent to the inspector in charge of the division of origin or destination. When Form 1510 is executed, Form 3812 shall be completed to show to what inspector in charge Form 1510 is sent. The Third Assistant Postmaster General, Division of Registered Mails, shall notify the Chief Inspector when loss, rifling, or wrong delivery in the United States Postal Service is disclosed in instances not previously reported to inspectors in charge.

§ 44.4 *Report of loss or rifling of domestic mail, except registered.* Loss or rifling of domestic mail (see § 44.2 (b) (2) as to registered mail, and § 44.6 as to Canal Zone), shall be reported on Form 1510, in duplicate, to the inspector in charge of the division in which the article was mailed: *Provided,* That where loss or rifling occurred while an article was being forwarded or returned, the office which forwarded or returned it shall make report to the inspector in charge of the division in which that office is located: *Provided further,* That if the loss or rifling occurred at the office of address, that office shall make report to the inspector in charge of the division in which it is located, indicating whether individual responsibility has been fixed. Indemnity applications required by §§ 64.37 to 64.38 shall be made independent of the foregoing action. Complaints filed at the office of address shall be transmitted to the office of mailing for insertion of any missing information and reference to the inspector in charge.

§ 44.5 *Preliminary inquiries as to loss or rifling.* Before concluding (unless the sender initially produces written evidence from the addressee) that a loss or rifling of an ordinary or minimum fee insured article (including ordinary or minimum fee insured mail sent special delivery) is involved, inquiries shall be made directly of the addressee to determine whether the article has been received. In the case of registered, insured (except minimum fee), or c. o. d. mail, inquiries shall be made of the postmaster at the address office to determine, in all instances of loss or rifling, whether there is any record of the article, whether the article has been delivered intact, is on hand, or has been forwarded or returned. Inquiries shall be made for all classes of mail to determine whether the article is held at the mailing office, or missent when probable.

§ 44.6 *Inquiries on insured and ordinary Canal Zone mail.* Where Canal Zone is involved, the procedure prescribed by § 44.3 (insured) or §§ 118.9 and 118.10 (ordinary) of this chapter, as the case may be, shall be followed. (See also note under § 118.1.)

§ 44.7 *Report of damage of domestic insured or c. o. d. mail.* Damage of domestic insured or c. o. d. mail for which indemnity is claimed shall be reported on Form 3812, as directed in §§ 64.37 to 64.40 of this chapter, accompanied with the wrapper or cover wherever practicable.

§ 44.8 *Report of missending, delay, or damage of ordinary mail.* Missending, delay, or damage of ordinary mail, including air mail and special-delivery mail, while in transit, shall be reported to the general superintendent, Railway Mail Service, of the division in which the irregularity occurred, if known; otherwise to the general superintendent, Railway Mail Service, of the division in which the mailing office is located. Complaints of delay or other mistreatment of such mail in post offices shall be reported to the inspector in charge of the division in which the office is located. Reports shall be made by letter, and the envelope or wrapper submitted therewith, if possible.

§ 44.9 *Wrong delivery or tampering with domestic mail, except registered.* Wrong delivery of or tampering with domestic mail, except registered (see § 44.2 (b) (2)), shall be reported by letter, to the inspector in charge of the division in which the irregularity occurred, if known; otherwise to the inspector in charge of the division in which the mailing office is located. Where it is apparent in a case of wrong delivery of insured or c. o. d. mail that no loss is involved, report shall be made to the Third Assistant Postmaster General, Division of Registered Mails, rather than to the inspector in charge. The envelope or wrapper shall be submitted whenever available. Indemnity applications required by §§ 64.37 to 64.38 of this chapter shall be made independent of the foregoing action.

§ 44.10 *Domestic parcels devoid of contents*—(a) *Treatment of.* When domestic parcels (except registered) entirely, rather than but partially, devoid of contents, are observed in transit, whether in the Railway Mail Service, in post offices, or elsewhere, the postal employees making such discovery shall completely execute Form 5258 in duplicate. Railway Mail Service employees shall endorse each Form 5258 with the name of the post office to which they are due to send articles found loose in the mails. The original Form 5258, together with the wrapper or container, shall be forwarded to the postmaster at the mailing office. The duplicate Form 5258, with the sack or pouch label, shall be forwarded at the same time to the inspector in charge of the division in which the condition of the parcel was first observed.

(b) *Search and record.* The postmaster at the office of mailing shall, upon receipt of Form 5258, obtain sufficient in-

formation from the sender of the parcel to permit the completion of Form 1510. Parts II and III of Form 1510, with Form 5258 attached, shall be referred to the postmaster at the office in which the empty parcel wrapper was found, or, in case of the finding of the wrapper in the Railway Mail Service, to the office named at the bottom of Form 5258. The postmaster receiving the Forms 1510 and 5258 under such conditions shall search his office for the parcel's contents and return the forms with an endorsement showing the result of his search, together with any recovered articles, to the postmaster at the office of mailing, who will restore any recovered articles to their rightful owner, and file the Form 5258. In the case of an ordinary parcel, the wrapper or container shall be returned to the sender, but when an insured or c. o. d. parcel is involved, the postmaster shall notify the sender in writing that the wrapper or container will be held at the post office unless the sender makes objection thereto; if objection is made, the wrapper or container shall be relinquished. A copy of the notice to the sender shall be filed with the Form 5258 and appropriate information as to the disposition of the wrapper or container entered on the mailing record.

(c) *Disposition of wrappers or containers.* Wrappers or containers of insured or c. o. d. parcels retained in accordance with the foregoing may be treated as waste paper after the expiration of six months, or such longer period as may be found advisable in exceptional cases, unless claim for indemnity or complaint is filed, in which event they shall be preserved until the claim or complaint receives final action. Wrappers or containers of ordinary parcels not delivered to the sender for any reason may be immediately treated as waste paper.

§ 44.11 *Report of damage of mail or equipment in R. M. S.* Damage of mail sacks or pouches and contents in the exchange of mail by railway postal clerks shall be reported to the district superintendent, Railway Mail Service, in charge of the line on which the damage occurred. The report shall contain a description (name and address of addressee, name and address of sender, and office of mailing) of any registered mail or ordinary mail of the third or fourth class damaged. If registered mail is damaged, report shall also be made to the proper inspector in charge with full description.

§ 44.12 *Investigation of losses and irregularities by Chief Inspector.* The loss, rifling, damage, wrong delivery of, or depredation upon registered or other mail, and the failure to collect or remit c. o. d. funds shall be investigated by the Chief Inspector, who shall ascertain the facts.

(a) *Collection for losses.* When the Chief Inspector finds that the facts ascertained in connection with such investigation establish the responsibility, by reason of fault or negligence, of a postal employee or mail contractor or an agent or employee thereof, the Chief Inspector shall demand the amount of the loss from such employee or contractor.

(b) *Report to administrative officer; disciplinary action.* The Chief Inspector in such cases shall communicate the facts to the officer having charge of the employee or service with information of any collection made or contemplated, for consideration of the advisability of imposing fine or of taking other disciplinary or corrective measures. The amount of the fine or the character of disciplinary action taken or proposed to be taken shall upon request be reported to the Chief Inspector by such officer.

(c) *Receipt for collection.* When collection is made under the provisions of this section a receipt shall be given on a form furnished by the department showing the amount, the case number, a description of the mail, and the grounds on which the collection is based.

(d) *Right of protest.* If after payment the propriety of the collection is questioned, the matter may be taken up by the person from whom the collection was made through his superior officers, but this shall be done within 30 days from the date of the collection. Any statement which it is desired to submit shall be forwarded promptly through official channels to the office having the employee or service in charge for transmission to the Chief Inspector; at the same time the officer with whom it is originally filed shall immediately notify the Chief Inspector that a statement has been submitted. Unless the Chief Inspector sustains the propriety of the collection, the money shall be returned. This information shall be printed on the receipt mentioned in paragraph (c).

(e) *Institution of suit.* If full recovery is not made and the Chief Inspector determines that further proceedings should be had, he shall present the facts to the Solicitor for the Post Office Department for advice as to the advisability of suit by the United States for recovery of the amount involved. Upon receipt of the reply of the Solicitor the Chief Inspector shall, if he deem proper, prepare the request of the Post Office Department upon the Department of Justice for suit.

(f) *Disbursement of collections.* All amounts recovered under the provisions of this section shall be paid to the United States and to the senders or owners of the mail as their interests shall appear.

(g) *Payment of indemnity.* If the facts ascertained by the Chief Inspector establish an irregularity for which indemnity may be payable and recovery cannot be made without materially delaying the settlement of the indemnity claim, he shall transmit the papers to the officer charged with consideration of such claims for certification or rejection.

PART 45—DEAD MAIL MATTER

WHERE TO BE SENT

Sec.
45.1 Forwarding of undeliverable and unmailable matter not returned to senders.

MAKING RETURNS FROM POST OFFICES

45.2 Classification of dead matter.
45.3 Unclaimed matter.
45.5 Valuable matter found loose in mails and post offices.
45.6 Returns of unmailable matter.
45.7 Make-up and transmission of unmailable matter.

TREATMENT

Sec.
45.8 Return of undelivered letters, authority for.
45.9 Return of undelivered matter to senders by dead letter or dead parcel post branches.
45.10 Opening of letters to effect proper disposition.

DISPOSITION OF VALUABLE INCLOSURES AND LETTERS CONTAINING THEM

45.11 Disposal of letters containing valuables.
45.12 Recording and filing of dead matter containing valuables.
45.13 Third- and fourth-class matter containing valuables, and letters containing merchandise.

DISPOSITION OF LETTERS WITHOUT VALUABLE ENCLOSURES: PRINTED AND UNMAILABLE MATTER

45.14 Disposition of letters not containing valuables.
45.15 Disposition of undeliverable printed matter obviously without value.
45.16 Disposition of seized or detained matter.

AUTHORITY: §§ 45.1 to 45.16 issued under R. S. 161, 396, 3895, 3936, 3938 (as amended), secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369, 39 U. S. C. 258, 406, 408.

WHERE TO BE SENT

§ 45.1 *Forwarding of undeliverable and unmailable matter not returned to senders*—(a) *Provisions.* Undeliverable and unmailable matter which is not returned to senders from post offices (except that for which other treatment is provided), shall be forwarded by postmasters and other employees of the Postal Service in the following manner.

(b) *In Hawaii, Virgin Islands, and Puerto Rico.* Such matter reaching any post office in the Territory of Hawaii shall be forwarded to the post office at Honolulu; in the Virgin Islands of the United States and in Puerto Rico, to the post office at San Juan.

(c) *First-class matter except parcels at first-class rate.* Such matter of the first class, except first-class parcels and parcel-post matter charged with postage at the first-class rate (see §35.6), reaching any central-accounting post office or other post office of the first class in a salary grade of $5,650 or above shall be treated in the dead-letter branch of that office. Such matter of the first class, except first-class parcels and parcel-post matter charged with postage at the first-class rate, reaching post offices of the first class below the salary grade of $5,650 (except central-accounting office) and all second-, third-, and fourth-class offices shall be sent to the central-accounting post office.

(d) *Third- and fourth-class and parcels at first-class rate.* Undeliverable matter of the third and fourth classes, of obvious value, and undeliverable first-class parcels and parcel-post matter charged with postage at the first-class rate (see § 35.6), which cannot be returned to the sender, shall be sent to the proper dead parcel-post branch, except that any such matter having postage-due stamps affixed for which credit is claimed shall first be sent to the central-accounting post office for adjustment of the claim.

MAKING RETURNS FROM POST OFFICES

§ 45.2 *Classification of dead matter.* Dead matter, or that of the first class and obscene, scurrilous, or lottery matter of any class, which is to be sent from the post office of address to a dead-letter branch and that of the third and fourth classes which is to be sent to post offices at division headquarters of the Railway Mail Service, shall be made up as follows:

(a) *Unclaimed matter.* That which is not called for and cannot be delivered or returned as provided in §§ 42.16 and 43.44 to 43.48 of this chapter, other than matter of the second class, treated as waste paper, as provided in §§ 43.47 and 34.63 of this chapter.

(b) *Refused matter.* That which for any reason the parties addressed decline to receive, other than matter of the second class and printed matter, treated as waste paper, as provided in §§ 43.46 and 34.63 of this chapter.

(c) *Fictitious matter.* That which is addressed to fictitious or assumed names or to initials, or in any manner so that the person or persons for whom it is intended cannot be identified. (See § 43.18.)

(d) *Illegible matter.* That which having reached the office of destination is so illegibly or imperfectly addressed that it cannot be ascertained for whom it was intended.

(e) *Hotel matter.* That which has been delivered at a hotel or public institution, or to a consul, agent, or other public officer, or individual who is in the habit of receiving mail for transient persons, and which has been returned to the post office from such hotel, etc., as unclaimed. (See §§ 43.44 and 45.6.)

(f) *Obscene and scurrilous matter.* That which inadvertently reaches the office of delivery, but of which delivery is forbidden by §§ 36.2 to 36.4 of this chapter. (See § 43.17.)

(g) *Lottery matter.* Circulars or other matter concerning lotteries, gift concerts, or similar enterprises offering prizes, which are unmailable under the provisions of § 36.6 of this chapter. (See § 43.17.)

§ 45.3 *Unclaimed matter*—(a) *Retention and disposition.* Unclaimed mail matter shall be held at post offices of the fourth class for 1 month and at all other offices (except as hereinafter provided) 2 weeks and then if undelivered shall be sent to the proper dead-letter or dead parcel-post branch if of domestic origin and of the first class, third class and of obvious value, or fourth class, in regular returns to be made once a week. At the expiration of the proper period for retention, first-class post offices shall treat unclaimed and unmailable first-class matter daily.

(b) *Matter not bearing sender's return request.* With the exception of postal cards and post cards, city carriers' returns of first class ordinary mail matter of domestic origin which do not bear the senders' return requests, and also noncard letters, addressed simply to a city delivery office but without local street or other address and without the words "General delivery," "Transient," or other indication that the addressee is a transient patron, shall be given directory service, and if addresses, the correctness of which is reasonably certain, are not found shall be held one week and sent to the proper dead letter branch in regular periodical returns. All letters on hand at the time of the return shall be included therein.

(c) *General delivery matter.* At letter-carrier offices ordinary, first-class, noncard letters, or parcels of domestic origin specifically addressed to the general delivery or bearing the word "Transient" or other indication that the addressee will call at the general delivery for his mail shall, if not delivered at the expiration of 10 days, be sent to the proper dead letter branch in regular periodical returns.

(d) *In Hawaii, Puerto Rico, and Virgin Islands.* Postmasters in the Territory of Hawaii shall transmit to the postmaster at Honolulu, and postmasters in Puerto Rico and the Virgin Islands of the United States to the postmaster at San Juan, all matter and reports required by these regulations to be sent to a dead letter branch and to the post offices at division headquarters of the Railway Mail Service.

(e) *Where to forward unclaimed matter.* Postmasters at all first-class offices below the salary grade of $5,650 (except central-accounting offices), and at all second-, third-, and fourth-class offices shall transmit to the central-accounting office all matter and reports required by these regulations to be sent to a dead-letter branch. All central-accounting offices and other first-class offices in a salary grade of $5,650 or above shall send such matter to the inquiry section or designated dead-letter employee of their offices. Postmasters in the Territory of Alaska shall forward all matter and reports required by these regulations to the postmaster at Seattle, Wash.

(f) *Quarterly report of dead-letter work.* Promptly at the close of each quarter postmasters at post offices which are designated as dead letter branches shall submit a report of the dead letter work at their offices on Form 4913, to the First Assistant Postmaster General.

§ 45.5 *Valuable matter found loose in mails and post offices*—(a) *Treatment of.* (1) Postmasters at all central-accounting post offices and at other offices of the first class in a salary grade of $5,650 or above receiving money or uncanceled postage stamps found loose in the mails shall, if they be unclaimed, retain the same for 1 month, and shall keep a complete record of such matter, with full particulars, such as may enable the rightful owners to identify and receive their property without loss of time. These postmasters may deliver such matter to the proper claimants, and take receipts therefor upon blanks provided for the purpose. They shall make every effort to match or identify money or articles found with losses or deficiencies in registered, insured, collect-on-delivery, or ordinary mail coming to their knowledge, and, if possible, deliver the same to the proper owners at the same time as the letters or packages from which they have become separated, or as soon thereafter as possible. Any article of merchandise found loose in the mails and unclaimed at the end of 2 months shall be disposed of by postmasters at division headquarters of the Railway Mail Service by public sale. A suitable record shall be kept thereof, and the net proceeds shall be accounted for as part of the postal revenues under the head "Miscellaneous Receipts" of the monthly and quarterly report with a separate supporting schedule.

(2) Money or uncanceled postage stamps found loose in the mails at all first-class post offices below the salary grade of $5,650 (except central-accounting offices), and at all second-, third-, and fourth-class offices, shall be forwarded weekly to the proper central-accounting postmaster and shall then be retained for 1 month awaiting reclamation. At the end of that period, if not reclaimed, the money shall be deposited as part of the postal revenue and accounted for under the head of "Miscellaneous Receipts" of the monthly and quarterly report with a separate supporting schedule, and the postage stamps shall be destroyed by burning under proper supervision, in the presence of a witness.

(b) *Returns of articles except money and stamps.* Postmasters at other offices shall make weekly returns to postmasters at division headquarters of the Railway Mail Service of all articles except money and uncanceled postage stamps, which were found loose in the mails and forwarded to them from the Railway Mail Service or other sources. All such matter on hand at the time of such return shall be included therein.

(c) *Returns of money and stamps.* Postmasters at all first-class post offices below the salary grade of $5,650 (except central-accounting offices), and at all second-, third-, and fourth-class offices receiving money or uncanceled postage stamps found loose in the mails from the Railway Mail Service or other sources shall make weekly returns thereof to the central-accounting office and include therein all such matter on hand at the time of making the returns. Each article of this matter shall be enclosed in a separate envelope or wrapper, endorsed with a description of the article and a statement of when and where found. Such packages shall be numbered and described on Form 1522. Stamps may be transmitted in bulk, but the list shall show the total number of each denomination and the total value of the entire return. Dispatches shall be made by official registered mail when the value thereof is $1 or more.

(d) *Returns of merchandise.* All articles of merchandise found loose in the mails shall be sent to the proper dead parcel post branch as shown in the Manual of Instructions for Postal Personnel.

§ 45.6 *Returns of unmailable matter.* Unmailable matter shall not be held to be advertised. All central-accounting and other offices of the first class in a salary grade of $5,650 or above shall treat daily unmailable first-class matter and such matter reaching all other post offices shall be forwarded weekly to the proper central-accounting postmaster. Unmailable matter of the second, third, and fourth classes shall be forwarded to the proper dead parcel post branch. All

unmailable matter received through the mails and on hand at the time of return (see § 43.17) shall be included in the dispatches, except that which is to be disposed of otherwise. (See § 42.19.)

§ 45.7 *Make-up and transmission of unmailable matter*—(a) *List or statement to accompany.* Each return of unmailable parcels shall be accompanied with a list of such matter on Form 1522, the full name and address on each parcel to be given as nearly as possible; but matter of the first class shall be accompanied with a statement only of the number of pieces transmitted and sent separate from matter of the third and fourth classes.

(b) *Reason for sending.* Every piece of unmailable matter sent to a dead letter branch, or to post offices at division headquarters of the Railway Mail Service, shall have plainly written or stamped upon it the specific reason therefor as provided in §§ 43.49 and 114.26, and shall also bear the name of the post office and the date on which it was so sent, care being taken in endorsing or stamping such matter not to deface the original postmark or address.

(c) *Preparation of returns.* Returns of unmailable matter shall be securely fastened in one package, with list enclosed, addressed "Postmaster, Dead Letter Branch, ----------," or "Postmaster, Dead Parcel Post Branch, ----------," as may be proper, and plainly endorsed "Return of unmailable matter from ----------" (here add the name of the post office). All matter shall be included in the same return.

(d) *Duplicates.* Duplicates of all lists and statements shall be retained by postmasters.

(e) *Separate from ordinary matter.* Unmailable matter shall not be sent with returns of ordinary unclaimed matter.

CROSS REFERENCE: See §§ 60.17 and 60.20 as to unclaimed registered matter; § 43.38 as to delivery of valuable letters received from dead letter branches.

TREATMENT

§ 45.8 *Return of undelivered letters, authority for.* The Postmaster General * * * may make regulations for * * * return (of undelivered letters) from the dead letter office to the writers when they cannot be delivered to the parties addressed. When letters and parcels of the first class are returned from the dead letter office to the writers, a fee of 5 cents shall be collected at the time of delivery, and in addition a charge shall be made of the minimum registry fee for the return of all ordinary dead letters containing $1 or more in cash, and parcels of the first class apparently valued at $1 or more, under such rules and regulations as the Postmaster General may prescribe. (R. S. 3936, as amended; 39 U. S. C. 406)

§ 45.9 *Return of undelivered matter to senders by dead letter or dead parcel post branches*—(a) *Conditions.* All matter unclaimed by the addressees and undelivered matter of every character reaching a dead letter or dead parcel post branch shall, as far as circumstances and conditions permit, be returned to senders, except such as is obviously of no value or is unmailable under any provision of law, which shall be disposed of as the First Assistant Postmaster General may direct. All registered matter shall be returned to the senders upon payment of any postage due thereon required to be paid before transmission.

(b) *Fee for return.* The fee of 5 cents for the return of ordinary letters and parcels of the first class to writers which do not bear the card address of the sender shall be collected by means of postage-due stamps to be affixed by postmasters to such letters and parcels before delivery, and the amount to be charged shall be indicated on official or penalty envelops before dispatch to post offices from a dead letter branch. In addition to the fee of 5 cents charged for the return, all ordinary letters and parcels of the first class dispatched under official registered mail to postmasters for delivery to the rightful owners shall be charged with the minimum registry fee for such service, which shall be collected by means of postage-due stamps. The total amount of the collection shall be indicated upon the proper receipt form prior to dispatch. Postmasters at all dead letter branches shall keep a record of the number of all letters returned to the writers subject to the collection of a fee of 5 cents for return and in addition the number of letters containing $1 or more in cash and valuable first class parcels returned subject to the collection of the minimum registry fee, together with the total amount to be collected. These data shall be entered on Forms 4911 and 4913.

§ 45.10 *Opening of letters to effect proper disposition.* When necessary to open letters for the purpose of making proper disposition of them, they shall be opened only by clerks or employees designated for that purpose by the postmasters at dead letter branches. Every letter containing a valuable inclosure shall be indorsed with the name of the person opening it and a brief memorandum of the character of the inclosure. When a letter is found to contain money, a record of the address thereon and the amount shall be immediately made by the person who opens it, and the record and all such letters, together with all other letters containing inclosures of value, shall be delivered at the close of each day to the clerk designated to receive them.

DISPOSITION OF VALUABLE INCLOSURES AND LETTERS CONTAINING THEM

§ 45.11 *Disposal of letters containing valuables*—(a) *Authority for.* All letters of domestic origin which cannot be delivered by postmasters shall be sent to the Post Office Department or to a post office designated by the Postmaster General and such as contained inclosures of value, other than correspondence, shall be recorded. If the sender or addressee cannot be identified, such letters shall be held for a period of one year awaiting reclamation. If within one year they have not been claimed, they shall be disposed of as the Postmaster General may direct. All other undeliverable letters shall be disposed of without record and not held for reclamation. (R. S. 3938; 39 U. S. C. 408)

(b) *Government securities not reclaimed.* Unregistered Government bonds, Government-bond coupons, and other securities of the United States (with the exception of postage stamps, savings stamps, and thrift stamps) and all other negotiable paper or intangible property susceptible of being converted into cash, which may be found in unclaimed letters or be found loose in the mails, shall, if not reclaimed after the expiration of one year, be converted into cash, and the proceeds deposited with other postal funds as miscellaneous postal receipts.

(c) *War savings securities.* Any war savings securities, either registered or unregistered, which shall be found in unclaimed letters or be found loose in the mails, in railway postal cars, in letter boxes, or on post-office premises shall, if affixed to a certificate or card on which the name of a person has been inscribed, be transmitted to the Secretary of the Treasury, Division of Loans and Currency, Washington, D. C., for disposition, and where the securities are not affixed to a certificate or card or folder on which the name of a person is inscribed, such securities shall be delivered to the Third Assistant Postmaster General, Division of Finance, for redemption, the proceeds of which shall be disposed of as miscellaneous receipts of the Postal Service.

§ 45.12 *Recording and filing of dead matter containing valuables*—(a) *Provision for.* Suitable record shall be kept of all articles containing money, negotiable paper, notes, drafts, money orders, wills, checks, deeds, and other valuable and important papers, valuable personal photographs or pictures, and more than 5 cents in postage stamps. Such of the matter as cannot be restored to proper claimants shall be filed for reclamation.

(b) *Treatment of money.* Money enclosed in a letter which cannot be restored to the owner shall be kept in such letter during the year allowed for reclamation. Before such letters are filed a record in ink shall be made on the envelope or cover showing the amount of money contained therein. A permanent book record shall be kept to show the amounts contained in all letters filed, withdrawn from file or delivery to owners, or (at branches) for deposit as part of the postal revenues, and the amount of such money on hand at close of business each day. After the expiration of the time allowed for reclamation the branches shall remove unclaimed money letters from the files, strip the money from the letters and deposit at least once a month as part of the postal revenues, and account for it under the head "Miscellaneous Receipts," of the monthly and quarterly report, with a separate supporting schedule. The letters and correspondence shall be destroyed and any valuable enclosure found therein, except money, disposed of as the First Assistant Postmaster General may direct. Each employee through whose hands such matter passes shall receipt and account for it. Unclaimed postage stamps after expiration of time for reclamation shall be destroyed under proper supervision by burning in the presence of a witness, and a record kept of their value.

§ 45.13 *Third- and fourth-class matter containing valuables, and letters containing merchandise*—(a) *Records.* Records shall be kept of the addresses and contents of valuable third- and fourth-class matter received in dead parcel post branches: *Provided, however,* That it shall not be deemed necessary to open and examine the contents of parcels bearing the names and addresses of both senders and addressees; and when such parcels or inclosures cannot be delivered or restored to senders they shall be held in the file awaiting reclamation for the following periods from date of recording. All matter from the ordinary mails shall be held 60 days; all mail matter including that of the first class not in the form of a letter addressed to foreign countries, posted in violation of law and treaty stipulations that is found upon examination to contain merchandise or other valuable inclosures shall be held 6 months; and all insured and c. o. d. matter shall be held 6 months, after which claims for reclamation may not be allowed: *Provided, however,* That ordinary, insured, or c. o. d. articles which the records show to be undeliverable to the addressees, and which bear written or printed instructions of senders that they are to be treated as abandoned if undeliverable to the addressees, may be disposed of immediately upon receipt in dead parcel post branches, or at post offices especially designated by the First Assistant Postmaster General. The treatment prescribed in the foregoing provision shall also apply to parcels of domestic origin and foreign address, including ordinary, registered, insured, and c. o. d. which have been returned to this administration as undeliverable to the addresses and which bear written or printed instructions of the senders that they are to be treated as abandoned if undeliverable to the addressees, and those whose contents are obviously of no value which the records show to have been refused by the senders.

(b) *Disposition.* All articles remaining unclaimed at the expiration of the time prescribed shall be disposed of under such conditions as the Postmaster General may direct. Postal employees are strictly forbidden to submit bids at auction sales of unclaimed merchandise.

(c) *Account of proceeds of sales.* An account shall be kept of the proceeds of sales of dead matter and the net amount realized deposited by postmasters as part of the postal revenues and accounted for under the head "Miscellaneous Receipts," of the monthly and quarterly report, with a separate supporting schedule.

(d) *Packages containing liquids or injurious matter to be destroyed.* Packages reaching post offices at division headquarters of the Railway Mail Service containing medicine, perishable articles, liquids, or articles of a like character liable to injure other matter with which they come in contact, or to attract rodents or vermin, shall be destroyed as soon as it is ascertained that they cannot be restored to the owners, but a suitable record shall be kept of all articles thus destroyed.

(e) *Postage on returned parcels.* A parcel of fourth-class mail returned to the sender from a post office at division headquarters of the Railway Mail Service shall be charged with postage at the zone rate from such division headquarters, together with an additional charge for postage at the zone rate from the post office where the matter was originally detained to such division headquarters.

DISPOSITION OF LETTERS WITHOUT VALUABLE ENCLOSURES: PRINTED AND UNMAILABLE MATTER

§ 45.14 *Disposition of letters not containing valuables*—(a) *Return to senders when possible.* Letters without valuable enclosures shall be returned to the writers, so far as possible, subject to a charge of 5 cents each and a record shall be kept thereof in accordance with § 45.9 (b).

(b) *When not returned to senders.* Letters containing personal correspondence only not returned to the writers shall be mutilated by tearing across two ways and shall be sold as waste paper. Undeliverable advertising matter mailed under first-class postage shall be sold as waste paper without mutilation.

§ 45.15 *Disposition of undeliverable printed matter obviously without value.* Undeliverable printed matter obviously without value shall be sold as waste paper. Undeliverable magazines and other periodicals not disposed of in accordance with § 7.25 of this chapter, illustrated papers, and picture cards, not classed as merchandise and appropriate in character, may be disposed of to such hospitals, asylums, and other charitable and reformatory institutions as the First Assistant Postmaster General may direct.

§ 45.16 *Disposition of seized or detained matter*—(a) *Authority for.* All letters, packets, or other matter which may be seized or detained for violation of law shall be returned to the owner or sender of the same or otherwise disposed of as the Postmaster General may direct. (R. S. 3895; 39 U. S. C. 258)

(b) *Third- and fourth-class matter.* All domestic matter of the third or fourth class received by dead letter branches, or post offices at division headquarters of the Railway Mail Service, which is unmailable under §§ 36.1 to 36.6, inclusive, shall be destroyed or otherwise disposed of under the direction of the superintendents or the postmasters, except when it can be ascertained therefrom by whom it was deposited in the mails, in which case the matter shall be held and the fact reported to the Chief Inspector, or unless on submission to the Postmaster General he shall direct its preservation as evidence or other disposition.

(c) *Sealed matter which is nonmailable.* Sealed matter declared nonmailable by law and received by dead letter branches, or post offices at division headquarters of the Railway Mail Service shall be disposed of in accordance with the order of the Postmaster General.

(d) *Matter forbidden delivery under fraud orders; fictitious matter.* All mail matter the delivery of which is forbidden by order of the Postmaster General under §§ 36.9 and 36.10 of this chapter, which is received by dead letter branches, or post offices at division headquarters of the Railway Mail Service, shall be treated in accordance with such order. (R. S. 3895; 39 U. S. C. 258)

Subchapter F—Delivery Service

PART 50—CITY DELIVERY

ESTABLISHMENT AND SUPERVISION

Sec.
50.1 City Delivery Service.
50.2 Limits and frequency of service.

DELIVERY AND COLLECTION OF MAIL BY CARRIERS

50.10 Prohibitions in delivery of mail.
50.11 Delivery where vicious dogs are kept.
50.12 Collection of postage due.
50.13 Preference to first-class matter in collections from boxes.
50.14 Carriers to receive matter for mailing.
50.15 Carrier not to return mail to sender.
50.16 Return of undelivered mail to office; exception.

LETTER BOXES

50.17 Street letter boxes.
50.18 Mailing chutes and receiving boxes.
50.19 Location of letter boxes.
50.20 Collection time cards on letter boxes.
50.21 Care of street letter boxes.
50.23 Private mail receptacles.
50.24 Police protection of letter boxes.
50.25 Apartment house mail receptacles.

AUTHORITY: §§ 50.1 to 50.25 (except for authority cited in text) issued under R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369.

ESTABLISHMENT AND SUPERVISION

§ 50.1 *City Delivery Service.* (a) Letter carriers shall be employed for the free delivery of mail matter, as frequently as the public business may require, at every incorporated city, village, or borough containing a population of fifty thousand within its corporate limits, and may be so employed at every place containing a population of not less than ten thousand, within its corporate limits, according to the last general census, taken by authority of State or United States law, or at any post office which produced a gross revenue, for the preceding fiscal year, of not less than ten thousand dollars. This section shall not affect the existence of the free delivery in places where it was established prior to January 3, 1887. In offices where the free delivery shall be established, such free delivery shall not be abolished by reason of decrease below 10,000 in population or $10,000 in gross postal revenue, except in the discretion of the Postmaster General. (Sec. 1, 24 Stat. 355; 39 U. S. C. 151)

(b) When two or more post offices situated within the corporate limits of any city, village, or borough are consolidated by authority of the Postmaster General, and the said offices together produced a gross revenue for the preceding fiscal year of not less than ten thousand dollars, letter carriers may be employed for the free delivery of mail matter in like manner as if any one of such post offices had produced such revenue in said fiscal year. (36 Stat. 911; 39 U. S. C. 152)

(c) All mail addressed to residences and business houses within the city delivery limits of a city or town shall, as far as possible, be delivered by carriers unless addressees direct otherwise. If a patron

so directs, all of his mail however addressed shall be delivered by carrier or through his post office box; otherwise it shall be delivered as addressed. Heavy or bulky packages of any class shall be delivered as addressed if facilities are available.

(d) City delivery service may be established at any city having postal receipts of at least $10,000 for the preceding fiscal year and having a population of 2,500 or more residing within territory possessing good continuous sidewalks, improved streets, house numbers, street lights and signs, and mail receptacles or door slots. The territory must also be 50 percent improved with houses.

(e) (1) Specific authority must be obtained from the First Assistant Postmaster General for the extension of city delivery limits. The territory to which it is proposed to extend service must generally meet the requirements for establishment of service as outlined above.
